COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
INTERNAL SECURITY

Offices receiving copies of this letter are instructed to immediately establish a control file, captioned as above, and to assign responsibility for following and coordinating this new counterintelligence program to an experienced and imaginative Special Agent well versed in investigations relating to black nationalist, hate-type organizations. The field office control file used under this program may be maintained in a pending inactive status until such time as a specific operation or technique is placed under consideration for implementation.

The purpose of this new counterintelligence endeavor is to expose, disrupt, misdirect, discredit, or otherwise neutralize the activities of black nationalist, hate-type organizations and groupings, their leadership, spokesmen, membership, and supporters, and to counter their propensity for violence and civil disorder. The activities of all such groups of intelligence interest to this Bureau must be followed on a continuous basis so we will be in a position to promptly take advantage of all opportunities for counterintelligence and to inspire action in instances where circumstances warrant. The pernicious background of such groups, their duplicity, and devious maneuvers must be exposed to public scrutiny where such publicity will have a neutralizing effect. Efforts of the various groups

to consolidate their forces or to recruit new or youthful adherents must be frustrated. No opportunity should be missed to exploit through counterintelligence techniques the organizational and personal conflicts of the leaderships of the groups and where possible an effort should be made to capitalize upon existing conflicts between competing black nationalist organizations. When an opportunity is apparent to disrupt or neutralize black nationalist, hate-type organizations through the cooperation of established local news media contacts or through such contact with sources available to the Seat of Government, in every instance careful attention must be given to the proposal to insure the targeted group is disrupted, ridiculed, or discredited through the publicity and not merely publicized. Consideration should be given to techniques to preclude violence-prone or rabble-rouser leaders of hate groups from spreading their philosophy publicly or through various mass communication media.

Many individuals currently active in black nationalist organizations have backgrounds of immorality, subversive activity, and criminal records. Through your investigation of key agitators, you should endeavor to establish their unsavory backgrounds. Be alert to determine evidence of misappropriation of funds or other types of personal misconduct on the part of militant nationalist leaders so any practical or warranted counter-intelligence may be instituted.

Intensified attention under this program should be afforded to the activities of such groups as the Student Nonviolent Coordinating Committee, the Southern Christian Leadership Conference, Revolutionary Action Movement, the Deacons for Defense and Justice, Congress of Racial Equality, and the Nation of Islam. Particular emphasis should be given to extremists who direct the activities and policies of revolutionary or militant groups such as Stokely Carmichael, H. "Rap" Brown, Elijah Mohammad, and Maxwell Stanford.

At this time the Bureau is setting up no requirement for status letters to be periodically submitted under this program. It will be incumbent upon you to insure the program is being afforded necessary and continuing attention and that no opportunities will be overlooked for counterintelligence action.

This program should not be confused with the program entitled "Communist Party, USA, Counterintelligence Program, Internal Security - C," (Bufile 100-3-104), which is directed

9

against the Communist Party and related organizations, or the program entitled "Counterintelligence Program, Internal Security, Disruption of Hate Groups," (Bufile 157-9), which is directed against Klan and hate-type groups primarily consisting of white memberships.

All Special Agent personnel responsible for the investigation of black nationalist, hate-type organizations and their memberships should be alerted to our counterintelligence interest and each investigative Agent has a responsibility to call to the attention of the counterintelligence coordinator suggestions and possibilities for implementing the program. You are also cautioned that the nature of this new endeavor is such that under no circumstances should the existence of the program be made known outside the Bureau and appropriate within-office security should be afforded to sensitive operations and techniques considered under the program.

No counterintelligence action under this program may be initiated by the field without specific prior Bureau authorization.

You are urged to take an enthusiastic and imaginative approach to this new counterintelligence endeavor and the Bureau will be pleased to entertain any suggestions or techniques you may recommend.

SUBJECT: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
INTERNAL SECURITY

Re Bureau airtel to Albany dated 8/25/67.

The following suggestions are presented for general consideration:

I. RAM

This division during the summer of 1967 has had the opportunity to observe an attempt by an extremist Negro group (RAM) to affect the peace of a city. Some of the steps taken against RAM may be of possible use elsewhere under the current program. It is pointed out that in a fast moving series of situations, the police may have to "play it by ear," which may reduce Bureau control of the action taken. Actions herein set out were carried out by either the Intelligence Unit or the Civil Disobedience Unit (CDU) of the Philadelphia PD, the largest role being played by CDU.

In September 1966, [redacted] of RAM returned to his native city, Philadelphia, [redacted] that he was going underground to "cool it" and to throw off any police attention. He settled in the heart of the Negro ghetto with his common-law wife and two children.

Heads of the Intelligence Unit

This tactic worked. The police had forgotten [redacted] and had no prior experience with or knowledge of RAM. The SA contacting the Intelligence Unit secured spot-check coverage of [redacted] by Negro officers as a personal favor after explaining RAM and [redacted] position in it to police officials.

When activity started with the appearance of known Negro extremists native to Philadelphia at the [redacted] residence, a full-time surveillance by police went into effect. Police disruptive action was also initiated.

Cars stopping at [redacted] residence were checked as to license numbers. When they left the residence area they were subject to car stops by uniformed police. The occupants were identified. They then became the target for harassment. As an example, the following case is cited:

[redacted] He was located passing out RAM literature at a local school. He was interrogated. He was arrested as a narcotic user on the basis of alleged needle marks. He was fingerprinted and photographed. He was subsequently released by a magistrate.

Any excuse for arrest was promptly implemented by arrest. Any possibility of neutralizing a RAM activist was exercised.

[redacted] was arrested for defacing private property when he painted "Black Guard" on a private building. His companion was also arrested. A charge of carrying a concealed deadly weapon, a switch-blade knife, was pushed against the companion. His probation officer was contacted, his parole revoked, and he was returned to prison for several years.

When surveillance reflected the arrival of a new group in town, they were brought in for investigation and their residence searched.

Certain addresses used by [redacted] as mail drops in Philadelphia had been determined to be the addresses of known Negro extremists. When a young Negro was arrested for passing out RAM printed flyers and was charged with inciting to riot these addresses appeared in his statements to the police. Search warrants were secured. While the search of the first four only eliminated their use as mail drops, the fifth contained RAM and Communist literature and a duplicating machine with a RAM leaflet on the plate. Three persons were arrested at this last address.

5

Legal searches of the home of [redacted] and other RAM members produced a volume of literature of such a nature that the District Attorney authorized the arrest of [redacted] and five other RAM members. They are still in prison.

Other RAM people were arrested and released on bail, but were re-arrested several times until they could no longer make bail.

The above local actions appear for the present to have curtailed the activities of this [redacted] group. It was apparently a highly frustrating experience for the persons involved.

[redacted] was advised that he was again under arrest and that his wife and sister were also under arrest, he lay down on the floor of his residence, beat the floor with his fists and cried.

[redacted] has been returned to New York to answer charges growing out of a RAM plot in that city to kill moderate civil rights leaders. Most of the RAM activists are still in jail in Philadelphia at this time.

The above action by local police units is cited as an example of an effective disruptive counterintelligence technique. In other cities where close police cooperation exists, it may be possible to suggest similar operations and to supply to police officers interested in such a violence-prone organization not only information concerning it but ideas relative to its vital or weak sections and profitable points of attack.

[redacted]

6

[redacted]

III. Future Action Planned by Philadelphia

1. Pursuant to Bureau instructions, this office will commence interviewing RAM members. About a dozen are presently incarcerated in Philadelphia and these will be the first interviewed.

2. Philadelphia is presently reviewing and analysing a list of names and addresses compiled from three private address books taken from [redacted] at the times of his three arrests since he returned to Philadelphia. Selective interviews will be made and the analysis may lead to other counterintelligence suggestions.

3. [redacted] and most RAM activists in Philadelphia appear to be in prison. Philadelphia will have to evaluate the situation more fully to determine the extent of vitality remaining in RAM in this area before it will be in a position to advance further suggestions under this program.

(CATHOLIC WAR VETERANS)

PURPOSE: BLACK NATIONALIST - HATE GROUPS

Attached is a copy of the pamphlet "A Time of Challenge," which was prepared as a counterintelligence tactic to oppose the influence of extremists of the right and left in riots and civil disorders. Also attached for approval is a letter to 26 field offices where there has been racial unrest to alert them to the availability of this pamphlet.

BACKGROUND:

My memorandum of 7/25/67, approved by the Director, authorized us to assist the Catholic War Veterans, on a confidential basis, in preparing the cover and format of the pamphlet "A Time of Challenge." The pamphlet consists of public statements by the Director, retired Supreme Court Justice Whittaker, and John Cardinal Krol, Archbishop of Philadelphia, discrediting extremist organizations and civil disobedience. The pamphlet also contains an article by Dennis M. Higgins of the "Philadelphia Inquirer," which accurately dissects organizations leading civil disobedience.

Our Philadelphia Office, through discreet contact with the National Commander of the Catholic War Veterans, has arranged for this pamphlet to be printed in quantity under the sponsorship of the Veterans organization. The Catholic War Veterans intends to give the pamphlet widespread circulation throughout the country and has volunteered to mail the pamphlet at its own expense to any organization or individual specified by the FBI.

Memorandum to Mr. W. C. Sullivan
RE: COMMUNIST PARTY, USA
100-3-104-37

PROPOSAL:

My memorandum 7/25/67 authorized anonymous confidential dissemination of this pamphlet, through established sources, to expose and discredit organizations involved in civil disobedience. Attached for approval is a letter to 26 field offices where civil unrest has occurred advising that this pamphlet is available for distribution. These offices are being advised they may propose sending the pamphlet to responsible individuals or organizations and cautioned against proposing sending it to rabble rousers or persons or groups of unsavory reputation since that would serve no purpose.

In the past, through discreet cooperation with the Catholic War Veterans, we arranged for the preparation and widespread circulation of a pamphlet exposing the communist-controlled youth group, the W. E. B. DuBois Clubs of America. At that time, the Crime Records Division was successful in having an announcement regarding the pamphlet exposing the DuBois Clubs inserted in a column by Walter Winchell, which greatly facilitated broad circulation of the pamphlet. We should again endeavor to publicize the current pamphlet through our news media contacts.

Additional copies of the current pamphlet may be obtained for Seat of Government use or for release to established sources on a confidential basis from the Internal Security Section of the Domestic Intelligence Division.

RECOMMENDATIONS:

1. It is recommended that the attached letter to 26 field offices where there have been instances of civil disobedience be approved to alert these offices to the availability of the current pamphlet.

2. It is also recommended that this memorandum be routed to the Crime Records Division so that the availability of this pamphlet through the Catholic War Veterans, 2 Massachusetts Avenue, Northwest, Washington, D. C., zip code 20001, may be referred for publication through appropriate news media sources.

The Philadelphia Office has arranged, through its established contact with the CWV, for copies of this pamphlet to be mailed by the CWV to any individual or group who is in a position to use it effectively to counteract civil disobedience and racial unrest. Each recipient office should submit to the Bureau, with a copy for Philadelphia, the name and address of any individual or group within its field office territory it is felt may make effective use of the pamphlet. Recipient offices should not consider sending the pamphlet to activist groups or persons of unsavory reputation since it is an informative book for responsible individuals to alert them to the nature of extremist groups on the right and the left. Philadelphia is authorized to arrange for the mailing of the pamphlet by the CWV to individuals and groups specified by other offices.

Additionally, recipient offices who feel they may make effective use of additional copies of the pamphlet through confidential dissemination to established sources or anonymous circulation may submit their requests to the Bureau. Any dissemination of the pamphlet must be accomplished on a selective basis where there is reason to believe it will be read and acted upon.

The Bureau and the Philadelphia Office should be advised of any pertinent tangible results obtained through the circulation of this pamphlet.

Flint Shoppers Are Met by Klansmen Handing Out Pamphlets

Ku Klux Klan Stages Series of Flint Parades

By MICHAEL MAHARRY
Detroit News Staff Writer

FLINT—Ku Klux Klansmen replete in white satin robes and hoods, appeared publicly in Michigan for the first time in decades when they marched through Flint's downtown section Saturday.

It was a short march, confined to the sidewalks, with smiling Klansmen passing out literature and happily posing for photographers on Saginaw Street.

There were no incidents and the estimated 60 marchers were under heavy police surveillance while they [illegible] and won public attention for about a half hour.

After their downtown parade the Klansmen, the majority coming from the Detroit and Flint areas, then entered waiting automobiles and drove to shopping centers in the city's far northwest and southwest sections for another 30 minutes of marching.

THE MARCHERS were led by John H. (Jack) Davis, grand dragon of the Michigan Realm of the United Klan of America; Donald Stapleton, a KKK leader in the southwest Detroit area, and Bobby Tipton, leader of the organization's Flint chapter.

Stapleton, who refused to reveal the number of Klansmen in Michigan, said Saturday's march was held in order "to recruit new members."

Tipton and Stapleton, who each hold the title of exalted cyclops, wore red satin robes in contrast to their fellow Klansmen, garbed in white. Davis wore a green satin robe. None of the participants were masked.

MANY SPECTATORS in the streets smiled, and some said they thought it was a gag when the Klansmen began passing out literature explaining the purposes of the KKK and how to join it.

Also circulated were pamphlets, such as "The Ugly Truth About Martin Luther King," and the KKK's official newspaper "The Fiery Cross."

Several cars and a small truck, bearing such signs as

18

preserve Christianity," "Wake Up Americans" and "KKK—Yesterday, Today and Forever" followed the Klansmen while they walked.

With a population of 210,000, including about 40,000 Negroes, Flint is the largest city in the country with a Negro chief executive.

Floyd J. McCree, 44, was elected to the largely ceremonial post of mayor last November by his fellow city commissioners. Flint has a city manager-city commission form of government.

After the marches, McCree said he did not think they had had any adverse effects on the racial climate of the community.

"The intelligent people in this community are doing everything possible to improve the lot of all our citizens," McCree said, "and a march like this will only inspire them to work harder."

FROM : SAC, WFO (157-1292) (P)

SUBJECT: COUNTERINTELLIGENCE PROGRAM

Re Bureau letter 8/25/67.

Prior to the institution of this program, the WFO had received information in August 1967 from a Nation of Islam source, that Muhammad's Mosque #4, (MM#4), Washington, D. C. planned on starting a regular daily grade school at the Mosque. The Attendance Department of the District of Columbia Board of Education was advised of these contemplated plans.

The Attendance Department on 10/11/67 advised that on 9/27/67, two representatives of that department visited MM#4 and found a regular daily grade school in operation; the Minister of the Mosque advised that about 150 students attended the school. He was advised that under District of Columbia regulations he would have to register with the Board of Education for the operation of such a school. This registration consists of filling in a rather lengthy detailed form. The Minister was also given a number of background cards to be filled in for each student attending the school. When and if these forms are filled in, they will be made available to the WFO.

The Attendance Department was not satisfied with the health and safety factors in regard to the school, and notified the District of Columbia Zoning Board of these conditions. The Zoning Board indicated that it would look into this situation and this would

NOTE: As a counterintelligence move against the Nation of Islam, Washington, D. C., the Attendance Department of the District of Columbia Board of Education has been advised of the fact that Temple 4, NOI, Washington, D. C., planned to start a regular daily grade school at the Temple. This action resulted in the Attendance Department visiting the Temple at which time the school was found to be operating. This Department was not satisfied with the health and safety factors and has now notified the D. C. Zoning Board of conditions found. This Board is looking into the situation. To qualify as a nonprofit organization, which the school claims to be, a certificate is required from the D. C. Tax Division, which certificate has not been obtained by the Temple. The school's revenues are then subject to taxation until such time as the certificate is obtained.

The Bureau feels that this incident affords an excellent opportunity to exploit this situation by counterintelligence action that will discredit and disrupt the NOI nationally and in Dallas and possible completely neutralize the NOI in Dallas. Accordingly, you should immediately conduct all logical investigation to verify and determine the complete details surrounding these allegations. Your investigation should be coordinated with your White Slave Traffic Act Intensification Program to determine if any Federal violation exists. Results of your investigation as to the NOI should be submitted under the NOI caption in letterhead memorandum form suitable for dissemination to reach the Bureau by December 28, 1967.

MUHAMMAD'S TEMPLE OF ISLAM IN DALLAS

On July 1, 1960, sources advised that a Nation of Islam (NOI) group had existed at Fort Worth, Texas, since January, 1957, and a group had existed in Dallas, Texas, since September, 1959.

These sources advised on June 1, 1962, that since July 25, 1960, the Islam believers of both Fort Worth and Dallas, Texas, have been meeting together as a merged group known as "Muhammad's Temple of Islam in Dallas." This group obtained temple status on March 19, 1961.

The purpose of the Muhammad's Temple of Islam in Dallas is to follow the teachings of Islam as handed down by Elijah Muhammad, national leader. Muhammad's Temple of Islam in Dallas is affiliated with NOI national headquarters at Chicago, Illinois, and adheres to the teachings of Muhammad.

On May 5, 1967, above sources stated above information remains unchanged.

[redacted]

37

APPENDIX

1

NATION OF ISLAM, Formerly Referred to as The Muslim Cult of Islam, also known as Muhammad's Temples of Islam

In January, 1957, a source advised Elijah Muhammad has described his organization on a nationwide basis as the "Nation of Islam" and "Muhammad's Temples of Islam."

On May 5, 1967, a second source advised Elijah Muhammad is the national leader of the Nation of Islam (NOI); Muhammad's Temple of Islam No. 2, 5335 South Greenwood Avenue, Chicago, Illinois, is the national headquarters of the NOI; and in mid-1960 Muhammad and other NOI officials, when referrin to Muhammad's organization on a nationwide basis, commenced using either "Mosque" or "Temple" when mentioning one of "Muhammad's Temples of Islam."

The NOI is an all-Negro organization which was originally organized in 1930 in Detroit, Michigan. Muhammad claims to have been selected by Allah, the Supreme Being, to lead the so-called Negro race out of slavery in the wilderness of North America by establishing an independent black nation in the United States. Members following Muhammad's teachings and his interpretation of the "Koran" believe there is no such thing as a Negro; the so-called Negroes are slaves of the white race, referred to as "white devils," in the United States; and the white race, because of its exploitation of the so-called Negroes, must and will be destroyed in the approaching "War of Armageddon."

In the past, officials and members of the NOI, including Muhammad have refused to register under the provisions of the Selective Service Acts and have declared that members owe no allegiance to the United States.

On May 5, 1958, the first source advised Muhammad had, upon advice of legal counsel, tempered his personal statements and instructions to his ministers concerning the principles of his organization in order to avoid possible prosecution by the United States Government; however, he did not indicate any fundamental changes in the teachings of his organization.

33

2

NATION OF ISLAM, Formerly Referred to as
The Muslim Cult of Islam, also known
as Muhammad's Temples of Islam

On May 2, 1966, a third source advised Muhammad had, in early July, 1958, decided to de-emphasize the religious aspects of the teachings of Islam and to stress the economic benefits to be derived by those Negroes who joined the NOI. This policy change, according to Muhammad, would help him acquire additional followers and create more interest in his programs.

APPENDIX

MUSLIM GIRLS TRAINING

On May 19, 1960, a source advised the Muslim Girls Training (MGT) is a group within the Nation Of Islam (NOI) and is composed of all female members of the NOI. The MGT is similar in structure to the Fruit of Islam (FOI), which is composed of male members of the NOI, in that the MGT has officers similar to military organizations to whom other female members are accountable. MGT members receive instructions in homemaking, hygiene, calisthenics, and other subjects such as Muslim history, and the English language. There also exists a Junior MGT, which is composed of female members of the NOI who are between the ages of 15 and 19 and who are afforded military-type drill.

Since 1957, various officers and "sisters" of the MGT have, at meetings of the MGT, used the term MGT so that it also means General Civilization Class. General Civilization Class refers to classes conducted within the MGT.

The above refers to activities of the MGT at Muhammad's Temple of Islam No. 2, 5335 South Greenwood, Chicago, Illinois.

On May 4, 1967, another source advised that, in theory, the MGT exists in all Temples of the NOI and is patterned after the MGT at Muhammad's Temple of Islam No. 2, Chicago.

Re Bulet to Albany, 8/25/67.

In connection with captioned program, the Boston Division is submitting the following suggestion:

Boston SNCC has been promoting the idea of forming a United Front in Boston made up of representatives of all Negro organizations in the Greater Boston area. This United Front in turn would elect representatives to form a National United Front with representatives from other cities. Through this means, the Student Non-Violent Coordinating Committee claims black power would be concentrated into its greatest strength.

STOKELY CARMICHAEL visited Boston on 1/25/68 to address a meeting of representatives of Negro organizations which had met to consider the United Front idea. The idea has met with opposition generally because of the fact that CARMICHAEL's name is associated with it. To counteract this, SNCC will attempt to have the idea supported in the Boston area by organizations known to be more moderate, such as National Association for Advancement of Colored People, Urban League, and Exodus. The Bureau has been advised of the above by separate communication.

It is suggested that efforts being made by CARMICHAEL to form a United Front be exposed in a news article which would also include the facts that CARMICHAEL has traveled in and out of Boston using assumed names and evasive tactics in a typical criminal type of activity. The fact that CARMICHAEL has held secret meetings in Boston to set up plans for some activity in Boston during the summer of 1968 would also be brought out.

If approved, it is proposed to present the idea to [redacted] and would completely protect the Bureau's interest. He has, in the past, indicated a willingness to assist the Bureau in any way in a proposal of this type and to accept complete responsibility for it.

In the past the Globe has given strong support to negro complaints against discrimination, segregation, and poor housing. This newspaper also was a vigorous supporter of the negro complaint of "de facto" segregation in the Boston Public School System. For this reason it is read by a much larger percentage of negroes in the Roxbury area than any other Boston paper. Although the Globe has in the past published some articles which have been anti-Bureau in tone, this paper has always been cooperative with the Boston Office. It is believed the type of article suggested would get the most exposure and be read by the greater majority of negroes in the Metropolitan Boston area if it appears in the Globe. There is no question but what the Bureau's interests will be safeguarded.

It is also suggested that certain portions of Bureau airtel to Albany dated 1/19/68 entitled, "Foreign Influences in the Black Nationalist Movement"(racial intelligence section) concerning foreign travel of STOKELY CARMICHAEL be released for inclusion in the proposed article. Further that the current [redacted] It is believed exposure of such facts would inform all responsible groups of the extent of CARMICHAEL's travel and contacts and would tend to alienate them from SNCC activities. It is believed it would also be a deterrent for any activity which militant groups may have planned for Boston for the summer of 1968.

40

The Bureau might also wish to consider a release of a similar type on a national level through Bureau sources.

Since a third organizational meeting of the United Front is to be held soon on an as yet unscheduled date, it is requested that the Bureau give consideration to this proposal as soon as possible. It is believed that the sooner such an article could be released, the better effect it would have, since at this time, representatives of certain organizations in Boston are sitting on the fence with respect to joining the United Front.

In the event of Bureau approval, the Bureau's interest will be completely protected.

Such questions could include efforts of NOI members to stop a car in the Sumner Traffic Tunnel, Boston, Mass., on 6/14/64 under the impression that the occupant was MALCOLM X and for the purpose of assassinating him. Another subject could be the beating of LEON PHILLIPS, aka LEON AMEER, NOI member from New Haven, Conn., in the lobby of the Sherry-Biltmore Hotel, Boston, Mass., on 12/25/64. PHILLIPS subsequently died in his hotel room on 3/13/65. The hatred this group bears for the white man could be explored as well as questions on local administration of the Temples and their methods of financing themselves by sales of Muhammad Speaks and donations. Still another subject could be the escapades of ELIJAH MUHAMMAD with respect to his secretaries.

It is believed that this program, properly developed, could portray the NOI in its true light. It is noted that the Providence, R. I., area has a Negro population estimated at about 20,000 persons.

The incidents described above have had extensive local and considerable state-wide publicity, not only in the press, but in the radio and television media. It is suggested that public information readily available to Jacksonville be reviewed. Purpose of the review is to determine if a factual chronological history of the developments leading up to the burning of stores in Gainesville and the burning of [redacted] house can be set out in a brief or paper. If such a paper can be prepared, Bureau should be advised of the facts of this matter and the feasibility of the preparation of such a paper. Jacksonville should request Bureau authority and/or suggestions to utilize such a paper in connection with a counterintelligence action against hate groups. It would appear that the facts of this matter clearly indicate that militant black nationalist groups are not satisfied with equal justice under the law and will resort to acts of violence even against duly constituted law enforcement officials such as judges, and will commit violent acts against law-abiding businessmen and citizens.

Re Bureau letter, 8/25/67.

The following information in regard to the Nation of Islam is set forth for consideration by the Bureau:

It is noted that the Nation of Islam (NOI) requests $12.00 weekly dues from each member in the NYC area. Each member is also requested to purchase 150 copies of "Muhammed Speaks" newspaper per week from the local Mosque at a price of $24.00. If the member is able to sell all 150 copies at 20 cents each, he is able to net $6.00 for himself. Thus, each participating NOI member must turn in approximately $96.00 in paper money plus $48.00 per month in dues to Mosque #7, NYC. This represents a total of $144.00 from each member. With approximately 500 people in NOI contributing dues and paper money each week, the NYC Mosque is able to take in approximately $72,000.00 each month.

Add to this the regular collections which are taken up each Sunday, Wednesday and Friday nights, plus the Saviors' Day collection for which each member is expected to contribute $100.00. In addition, the restaurants, bazaars and bakeries all contribute money to the Mosque. Admittedly, a good portion of this money eventually finds its way to ELIJAH MUHAMMAD in Chicago; however, it is felt that the leaders of the NYC Mosque take care of themselves before any funds are sent to MUHAMMAD.

Three of the leading officers of the NYC Mosque who are also on the Security Index of the NYO are as follows:

[redacted] he is reported to have made the statement that if he caught any "spies" in the NOI, he personally would kill them. [redacted] Prior to his NOI affiliation, [redacted] articulate speaker who constantly condemns Christians and Jews and speaks disrespectfully of the U.S. flag. He has stated that all white people are to be destroyed.

[redacted]

Another $1,000,000.00 was to be raised outside NYC.

[redacted]

It is felt that an effort should be made to enlighten the NOI membership as to how well their leaders live on the hard-earned cash of the followers. If it can be pointed out to the membership that they are being swindled by these men, it would undoubtedly cause the NOI leaders a great deal of concern and might even shake the foundation of the organization. It could cause the leaders to feel less secure when the membership has some knowledge of the economic benefits the leaders receive in the form of automobiles, homes, and other benefits.

53

To date, the NYO has been unable to make a penetration into the top leadership of the NOI in NY, as far as informant development is concerned. Some penetration of the top leadership might occur when their economic security is jeopardized; when funds and salaries are diminished and the NOI itself is threatened. Efforts must be made to shake the confidence of the membership in their leaders.

The information that ample NOI funds are available to the leaders of the NOI must be made known to individual NOI members.

In order to make this information known to the members, the NYO has prepared the following:

A large comic-book type publication made up to ridicule the leaders. This book depicts [redacted] living the good life, having good homes, big cars and wearing fine suits. It is felt that this type publication would be an effective method of securing initial interest and would appeal to a wide, a generally uneducated audience.

The publication would be mailed in unmarked envelopes, purchased locally and would be sent to 36 members of the NOI who are on the Security Index of the NYO. It would also be mailed to a selective number of 237 other individuals in the NYC area whose names have appeared on membership records of the NOI. These latter individuals reportedly joined the organization in 1963 and 1964 and in all probability many of them are still members or have close friends in the organization.

When the membership receives the publication, it can reasonably be assumed that it will cause some of them to start thinking and begin asking questions concerning the leadership. They may become disenchanted in the organization, cause others to be disillusioned and perhaps future membership might also be reduced.

54

It is also to be noted that [redacted] of the leading NOI officials in the NY area. When this publication is disseminated to the membership, it could cause these above three individuals to feel that their literature was made up by some other NOI leaders in the NY area who desire to get rid of these three individuals and takeover the NOI in NY for themselves. In other words, it is hoped that the dissemination of this publication will result in internal strife, distrust and disorder within the NOI itself.

Therefore, Bureau authority is requested to place the above described counter-intelligence device into effect. If approved, the Bureau is requested to have made up at the Bureau 273 comic-book type publications which can be anonymously mailed to the membership. The actual size of these publications is being left to the discretion of the Bureau.

The NYO will insure that steps will be taken so that this mailing cannot be traced as originating from the FBI.

The Bureau will be advised of any tangible results which might occur from this action and recommendations will also be forwarded for appropriate follow-up counter intelligence action.

Enclosed for the Bureau is one copy of a sample comic book type publication.

SUBJECT: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST-HATE GROUPS
RACIAL INTELLIGENCE

PURPOSE:

To expand the Counterintelligence Program designed to neutralize militant black nationalist groups from 23 to 41 field divisions so as to cover the great majority of black nationalist activity in this country.

BACKGROUND:

By letter dated August 25, 1967, 23 field offices were advised of a new Counterintelligence Program designed to neutralize militant black nationalists and prevent violence on their part. Goals of this program are to prevent the coalition of militant black nationalist groups, prevent the rise of a leader who might unify and electrify these violence-prone elements, prevent these militants from gaining respectability and prevent the growth of these groups among America's youth.

CURRENT DEVELOPMENTS:

In view of the tremendous increase in black nationalist activity, and the approach of summer, this program should be expanded and these goals should be reiterated to the field. Attached airtel also instructs the field to submit periodic progress letters to stimulate thinking in this area.

REC 18

Attached airtel also reminds the field that counterintelligence suggestions to expose these militants or neutralize them must be approved by the Bureau.

6 MAR 11 1968

ACTION:

That attached airtel expanding this program, defining goals and instructing periodic progress letters be submitted be sent Albany and the other listed field offices.

RE: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST-HATE GROUPS

BACKGROUND

By letter dated 8/25/67 the following offices were advised of the beginning of a Counterintelligence Program against militant Black Nationalist-Hate Groups:

Albany	Memphis
Atlanta	Newark
Baltimore	New Orleans
Boston	New York
Buffalo	Philadelphia
Charlotte	Phoenix
Chicago	Pittsburgh
Cincinnati	Richmond
Cleveland	St. Louis
Detroit	San Francisco
Jackson	Washington Field
Los Angeles	

Each of the above offices was to designate a Special Agent to coordinate this program. Replies to this letter indicated an interest in counterintelligence against militant black nationalist groups that foment violence and several offices outlined procedures which had been effective in the past. For example, Washington Field Office had furnished information about a new Nation of Islam (NOI) grade school to appropriate authorities in the District of Columbia who investigated to determine if the school conformed to District regulations for private schools. In the process WFO obtained background information on the parents of each pupil.

The Revolutionary Action Movement (RAM), a pro-Chinese communist group, was active in Philadelphia, Pa., in the summer of 1967. The Philadelphia Office alerted local police, who then put RAM leaders under close scrutiny. They were arrested on every possible charge until they could no longer make bail. As a result, RAM leaders spent most of the summer in jail and no violence traceable to RAM took place.

The Counterintelligence Program is now being expanded to include 41 offices. Each of the offices added to this program should designate an Agent familiar with black

66

nationalist activity, and interested in counterintelligence, to coordinate this program. This Agent will be responsible for the periodic progress letters being requested, but each Agent working this type of case should participate in the formulation of counterintelligence operations.

GOALS

For maximum effectiveness of the Counterintelligence Program, and to prevent wasted effort, long-range goals are being set.

1. Prevent the coalition of militant black nationalist groups. In unity there is strength; a truism that is no less valid for all its triteness. An effective coalition of black nationalist groups might be the first step toward a real "Mau Mau" in America, the beginning of a true black revolution.

2. Prevent the rise of a "messiah" who could unify, and electrify, the militant black nationalist movement. Malcolm X might have been such a "messiah;" he is the martyr of the movement today. Martin Luther King, Stokely Carmichael and Elijah Muhammed all aspire to this position. Elijah Muhammed is less of a threat because of his age. King could be a very real contender for this position should he abandon his supposed "obedience" to "white, liberal doctrines" (nonviolence) and embrace black nationalism. Carmichael has the necessary charisma to be a real threat in this way.

3. Prevent violence on the part of black nationalist groups. This is of primary importance, and is, of course, a goal of our investigative activity; it should also be a goal of the Counterintelligence Program. Through counterintelligence it should be possible to pinpoint potential troublemakers and neutralize them before they exercise their potential for violence.

4. Prevent militant black nationalist groups and leaders from gaining respectability, by discrediting them to three separate segments of the community. The goal of discrediting black nationalistsmust be handled tactically in three ways. You must discredit these groups and individuals to, first, the responsible Negro community. Second, they must be discredited to the white community,

67

both the responsible community and to "liberals" who have vestiges of sympathy for militant black nationalist simply because they are Negroes. Third, these groups must be discredited in the eyes of Negro radicals, the followers of the movement. This last area requires entirely different tactics from the first two. Publicity about violent tendencies and radical statements merely enhances black nationalists to the last group; it adds "respectability" in a different way.

5. A final goal should be to prevent the long-range growth of militant black nationalist organizations, especially among youth. Specific tactics to prevent these groups from converting young people must be developed.

Besides these five goals counterintelligence is a valuable part of our regular investigative program as it often produces positive information.

TARGETS

Primary targets of the Counterintelligence Program, Black Nationalist-Hate Groups, should be the most violent and radical groups and their leaders. We should emphasize those leaders and organizations that are nationwide in scope and are most capable of disrupting this country. These targets should include the radical and violence-prone leaders, members, and followers of the:

Student Nonviolent Coordinating Committee (SNCC)
Southern Christian Leadership Conference (SCLC)
Revolutionary Action Movement (RAM)
Nation of Islam (NOI)

Offices handling these cases and those of Stokely Carmichael of SNCC, H. Rap Brown of SNCC, Martin Luther King of SCLC, Maxwell Stanford of RAM, and Elijah Muhammed of NOI, should be alert for counterintelligence suggestions.

INSTRUCTIONS

Within 30 days of the date of this letter each office should:

1. Advise the Bureau of the identity of the Special Agent assigned to coordinate this program.

68

2. Submit a very succinct summary of the black nationalist movement in the field office territory. Include name, number of members and degree of activity of each black nationalist group. Also state your estimate of each groups propensity for violence. This is for target evaluation only, not for record purposes. Second, list Rabble-Rouser Index subjects who are militant black nationalists and any other militant black nationalist leaders who might be future targets of counterintelligence action because of their propensity for violence. Include a minimum of background information on each person listed; a few descriptive sentences should suffice.

3. List those organizations and individuals you consider of such potential danger as to be considered for current counterintelligence action. Briefly justify each target.

4. Submit any suggestion you have for overall counterintelligence action or the administration of this program. Suggestions for action against any specific target should be submitted by separate letter.

5. Submit, by separate letter, suggestions for counterintelligence action against the targets previously listed as field-wide. These should not be general, such as "publicize Stokely Carmichael's travel to communist countries," but should be specific as to target, what is to be done, what contacts are to be used, and all other information needed for the Bureau to approve a counterintelligence operation.

Thereafter, on a ninety-day-basis, each office is to submit a progress letter summarizing counterintelligence operations proposed during the period, operations effected, and tangible results. Any changes in the overall black nationalist movement should be summarized in this letter. This should include new organizations, new leaders, and any changes in data listed under number two above. Suggestions for counterintelligence operations should not be set out in this progress letter. Use the following captions:

1. Operations Under Consideration, 2. Operations Being Effected, 3. Tangible Results, and 4. Developments of Counterintelligence Interest. These 90-day progress letters are due at the Bureau the first day of March, June, September, and December, excepting March, 1968.

Airtel to SAC, Albany
RE: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST-HATE GROUPS

The effectiveness of counterintelligence depends on the quality and quantity of positive information available regarding the target and on the imagination and initiative of Agents working the program. The response of the field to the Counterintelligence Program against the Communist Party, USA, indicates that a superb job can be done by the field on counterintelligence.

Counterintelligence operations must be approved by the Bureau. Because of the nature of this program each operation must be designed to protect the Bureau's interest so that there is no possibility of embarrassment to the Bureau. Beyond this the Bureau will give every possible consideration to your proposals.

It is the opinion of this office, substantiated by the agent who followed the matter in Gainesville, that any counterintelligence in the form of publicity at this time could possibly incite further action on the part of [redacted] and their followers rather than tend to suppress their activities. Both [redacted] have gloried in the publicity and attention given to them in the past by the press media. Further publicity at this time, even though derogatory, could give them cause to feel important or consider themselves to be martyrs.

This matter will be closely followed for the possibility of developing an appropriate technique which might be effective in the future.

RACIAL INTELLIGENCE

The Southern Christian Leadership Conference (SCLC) has recently opened an office in Baltimore, Maryland, in connection with the proposed march on Washington by SCLC. A racial source of this office has advised that prominently displayed in the office are photographs of MARTIN LUTHER KING, MUHAMMED ALI [redacted] CASIUS CLAY. Copies of the publication "Muhammed Speaks" and other literature of the National of Islam (NOI) are available in this office. Additionally, there is indication that a representative of the NOI in Baltimore has been in contact with SCLC representatives here.

It is recalled that in 1966, KING and ELIJAH MUHAMMED were not able to resolve their differences at a widely publized meeting of the two.

At the present time, the SCLC is making very poor progress in either getting organized, finding sufficient people with funds to back the project, and in general finding enough residents in Baltimore to go along with the idea of such a march. Again according to our source, the leaders of the SCLC here are talking of picking a particular area of the City of Baltimore and concentrating on that area to gain support with the thought that thereafter to spread to other parts of the city.

Sources have advised this office that the presence of literature and photographs connected with the NOI, along with KING, have raised the question as to where all the money is going to in connection with this and other projects.

Attached to this airtel is a sketch of a suggested leaflet. It is requested that this be considered by the Bureau and that a refinement of this sketch be made with either a photograph or possibly a caricature and that a sample copy be furnished to this office. It is specifically noted that this office does not desire to use this leaflet at the present time; but, if the SCLC does make any headway in a particular section in Baltimore City then this office would make a recommendation of anonymous distribution of this leaflet in quantity.

(WASHINGTON SPRING PROJECT)

ReBAairtel 3/8/68.

For the information of Atlanta and Chicago referenced airtel pointed out that the Southern Christian Leadership Conference (SCLC) recently opened an office in Baltimore, Maryland, in connection with Martin Luther King's Washington Spring Project. Baltimore advised that photographs of Martin Luther King and Muhammod Ali (Cassius Clay) are displayed in this office and literature of the Nation of Islam (NOI) is available at the SCLC office. The NOI newspaper, "Muhammed Speaks," is also available at the office. Baltimore suggested that a cartoon concerning the unusual alliance of the SCLC and the NOI be circulated in Baltimore if the campaign for the Washington Spring Project takes hold in Baltimore. The Bureau is holding this suggestion in abeyance at this time.

MAILED 6
MAR 14 1968
COMM-FBI

Because of the past conflict between Martin Luther King and the NOI, Baltimore is requested to consider the possibility of alerting a newspaper source to this situation. If a newspaper publicized the apparent alliance between King and the NOI, a militant, black nationalist group, it might prove embarrassing to King. Of course, the publicity should not be in a Negro newspaper that might only publicize the Washington Spring Project to King's advantage.

Atlanta is requested to comment on this suggestion and advise the above offices and the Bureau by return airtel. Advise what King's reaction might possibly be to this publicity. Chicago is requested to advise of any possible NOI reaction by return airtel, and thereafter, Baltimore should expeditiously submit recommendations for alerting a completely cooperative and reliable newspaper source who would publicize this situation as outlined above. Since the Washington Spring Project is scheduled to begin April 22, 1968, each office should promptly reply.

No counterintelligence action should be taken without Bureau authority. The Bureau appreciates Baltimore submitting this suggestion and recognizing the counterintelligence potential in this situation.

Re Bureau airtel to all offices dated 3/4/68.

The following is being submitted pursuant to Bureau instructions set forth in referenced airtel:

I. [redacted] has been assigned to coordinate the Black Nationalist-Hate Groups Counterintelligence Program.

II. The Black Nationalist movement in the Memphis Division is found in the following three main areas:

1. Nation of Islam (NOI)

2. Student Nonviolent Coordinating Committee (SNCC)

3. Black Organizing Power (BOP) -
Afro-American Brotherhood - Invaders

The Nation of Islam (NOI), established Memphis, Tennessee, in the Summer of 1960, has approximately 15 members. There has been no overt black nationalist activity on the part of the members of the local NOI Mosque and members have been cautioned not to violate laws and to stay away from the militant black power advocates. It is not believed that as presently constituted local NOI members have any propensity for violence.

The Student Nonviolent Coordinating Committee (SNCC) has an established chapter at Nashville, Tennessee, which was organized at Fisk University in October, 1960. The exact number of members of this chapter is unknown. At least 25 members have been identified and it is believed that the actual membership of the SNCC chapter at Nashville, Tennessee, is several times this number. This group is believed to have a great propensity for violence, based on the fact that members have been in the forefront of anti-Vietnam protests and anti-draft protests in Nashville, Tennessee. In April, 1967, leaders and members of the SNCC chapter at Nashville, Tennessee, were the ringleaders in the 3-day riot which occurred at Nashville, Tennessee. Various leaders and members of this SNCC chapter have advocated violence in various statements made by them during the past year.

Black Organizing Power (BOP) - Afro-American Brotherhood - Invaders is a Memphis-located subsidiary of SNCC. It is known by any one of the abovementioned names, but it has been described by its acknowledged [redacted] This organization, commonly referred to as BOP, has a governing body of 9 Negro males and one Negro female, and its membership or following is estimated to be between 50 and 100 Negroes. This organization has a younger group of Negroes going under the name "Invaders" which is composed of high school students and/or high school dropouts or recently graduated students.

This organization known as BOP is believed to have a great propensity for violence based on statements and actions of the known leaders.

The following persons listed on the Rabble Rouser Index of the Memphis Office are considered to be militant black nationalists:

[redacted]

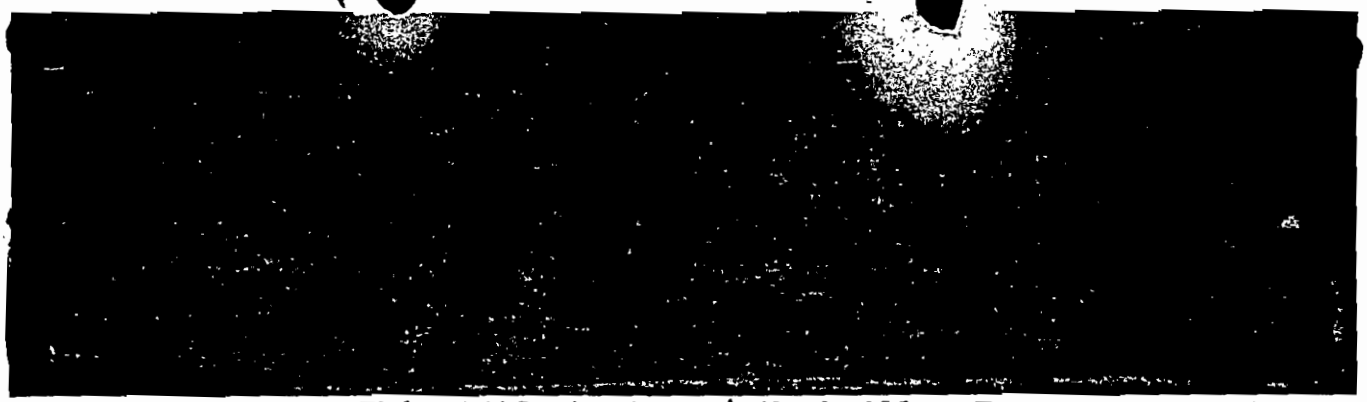
[redacted]

made numerous statements during the past year and a half indicating he believes in the use of violence in order to obtain Negro equality.

III. The following organizations and individuals are believed to be of such potential danger as to be considered for current counterintelligence action:

1. Student Nonviolent Coordinating Committee (SNCC) (Nashville, Tennessee, Chapter)

[redacted]



This SNCC chapter at Nashville, Tennessee, distributed a pamphlet in early part of November, 1966, which announced that the purpose of the SNCC chapter at Nashville, Tennessee, was to stimulate and foster the growth of local protest movements. They have evolved into an anti-draft, anti-Vietnam and anti-white group and state they are followers of former SNCC Chairman STOKELY CARMICHAEL and H. RAP BROWN, current SNCC Chairman.

The above listed members of the SNCC chapter at Nashville, Tennessee, have all made statements indicating a propensity for violence and all took part in the race riot which occurred in April, 1967, at Nashville, Tennessee.

2. Black Organizing Power (BOP) - Afro-American Brotherhood - Invaders

a)

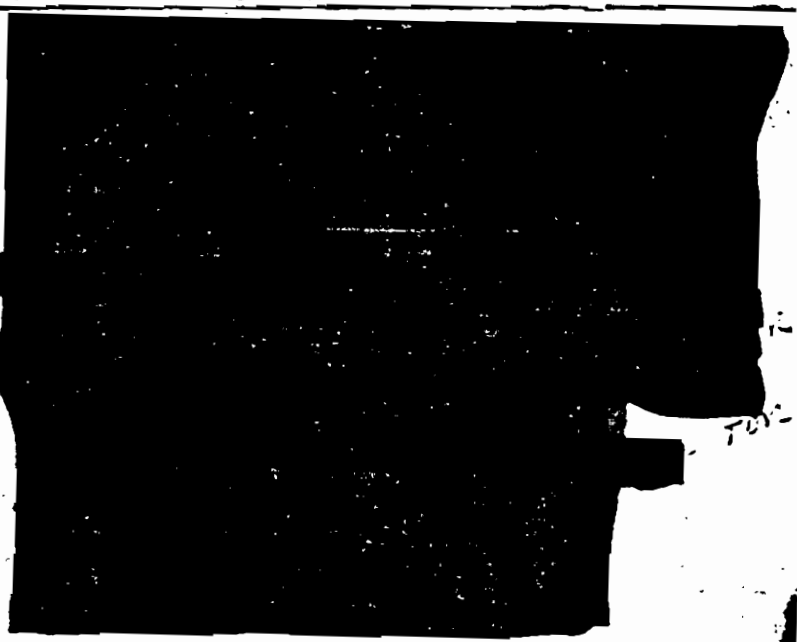
b)

c)

d)

e)

f)



The above-listed ten individuals are the self-admitted governing body of the SNCC-affiliated organization at Memphis, Tennessee, known as Black Organizing Power (BOP) - Afro-American Brotherhood - Invaders. All claim to be followers of H. RAP BROWN and STOKELY CARMICHAEL, and all have made statements that violence is the only answer to the Negroes' problems.

IV. It is believed that one of the most effective counterintelligence actions which can be taken against black power advocates is a continuing interview program of the known leaders and members of any black power group. There is evidence in the Memphis Division that within the past two months interviews of leaders and members of the BOP organization has caused a disruption in the recruiting of new members and has created suspicion against those members who have not been interviewed.

V. Suggestions for counterintelligence action will be submitted by separate letter by the Memphis Division in the near future.

RACIAL INTELLIGENCE

ReBuairtel 3/4/68;
HOlet 3/14/68.

The following specific proposal is being made for possible field-wide counterintelligence action:

In view of the recent report published by the National Advisory Commission on Civil Disorder, which tended to absolve the Negro rioters from any large blame in the past riots and disorders, it is felt that a poll by a legitimate (or non-legitimate) organization, either a true poll or a false poll, should be published, and given nation-wide "bulletin-type coverage" in all news media. This poll could indicate that less than 1% of the Negro community is in favor of violence, civil disorder, etc., to realize their goals, and more than 99% of the Negro community realize that law and order and respect of the rights of others is the only method to achieve their end results.

It is felt that the percentage of Negroes which advocate civil disorder would be very small and if other pollsters did not believe the percentages as promulgated by the "bulletin", they would possibly embark on their own polls and each successive poll would tend to firm up the realization that very few Negro citizens really desire riots, looting, burning, etc.

It is the opinion of Houston that the report by the National Advisory Commission on Civil Disorder in effect gave the "go-ahead" to rioters and civil disorder and a counter-attack emphasizing that the large majority of Negroes oppose this type technique should somewhat counteract the apparent license given the Negro community to embark on future riots and civil disorder.

[redacted] no specific violence. The group's activities are confined to weekly meetings, open only to Negroes, on Wednesdays, Fridays and Sundays; to distribution or sale of the NOI publication, "Muhammad Speaks"; and to occasional social functions to complement raising of funds for rent, utilities and the like. The effect of [redacted] has indicated no specific local and current propensity or potential for violence even among his hard core devotees. In fact this group has never participated in a demonstration or situation conducive to tension or violence.

The very limited local growth potential of Mosque #30, its weak thrust, unacceptance and insignificant impact, demonstrated over the years in the Negro community of Kansas City, Missouri, are such that no counterintelligence action to reduce its present indicated ineffectuality is suggestible as practicable at this time.

According to knowledgeable agents and sources, there is no known or indicated person in the Kansas City Division who appears to meet current criteria for listing as a Rabble-Rouser, or, as a militant black nationalist, warranting current designation as a target for counter-intelligence action.

There are undoubtedly persons in the Kansas City Division more susceptible than others to a philosophy of black nationalism should it appear in any significant group form or by individual, extremist, or militant advocacy in the future; there are undoubtedly persons, such as [redacted] whose potential for a propensity to violence might become abruptly significant under changing conditions. Constant coverage is afforded that contingency.

3. Consequently, since no person or group, to date, has been known to espouse otherwise, a black nationalist

95

philosophy, or its implementation by current activity, no known person or organization is being designated such a potential present danger as to warrant current counter-intelligence action, UACB.

For the Bureau's information, significantly active membership groups in the Kansas City Division (primarily and predominantly Negro civil rights groups) are, in order of size, (1) NAACP (numerous branches in various communities); (2) the Council for United Action (CUA), Kansas City, Missouri, which claims membership or affiliation with 77 loosely-knit neighborhood area groups; leadership and support, to date, has been primarily Negro clergymen; (3) The Congress of Racial Equality (CORE) chapter, Kansas City, Missouri, is indicated to have approximately 40 occasionally active members, including several whites. Numerous liaison sources in these groups, including their chairmen, have neither espoused or condoned violence, nor indicated a propensity for violence or raising of tensions conducive to violence. On many occasions, public and private, their leaders have reportedly been critical of or decried violence as a solution to Negro problems. Their leaders, as well as Negroes prominent in civic, civil rights, political and religious areas, particularly in the sensitive Kansas City, Missouri area, vie for factional, organizational and community image leadership. In fact, their quiet competition behind the scenes, to avoid appearance of disunity, has occasionally served to clear the air somewhat in open public meetings on Negro community problems, though their separate organizational tactics and disunity remain.

The Kansas City Division is keenly aware of a generally inarticulated feeling of depression, hopelessness and distrust of whites, even among some so-called Negro leaders and particularly among distressed and deprived Negroes in the few larger urban ghettos; and realizes the potential this situation presents for creations of tensions toward possible violence by irresponsible persons and any potential extremists. However, predominantly responsible Negro and white leaders, public and private, in the larger urban areas, for example Greater Kansas City, undoubtedly feel, and the fact appears to

96

be, that considerable understanding and progress exists in moving forward on Negro community problems compared with comparable U. S. urban areas elsewhere. That situation, to date, has possibly discouraged the appearance so far of extremist and black nationalist elements. The leading current concern and question is the "Open Housing Ordinance" - (passed unanimously by the Kansas City, Missouri City Council July, 1967) - "Referendum Vote", scheduled in Kansas City, Missouri, 4/30/68; the effects of this vote will be followed closely.

The Kansas City Division is fully aware that abrupt changes may occur, not only nationally but locally, and is constantly alert for any change and potential danger that may warrant possible counterintelligence action.

4. In view of the above-described situation, to date, in the Kansas City Division, no suggestions or comments for action against any specific target are being submitted, or with regard for over-all counterintelligence action or administration of captioned program, except as follows:

In the absence of (1) any specifically recommended local counterintelligence target in the Kansas City Division, or of (2) future appearance, prospective visit, or activity of a field-wide personage target, or the formation of a field-wide group target, the comments or suggestions of the Kansas City Division may seem somewhat general:

(1) Prevent, restrict and/or discredit, where possible, the appearance of field-wide targets locally, by and through favorable Negro and other contacts, the press, TV, and radio media.

(2) Prepare for future contingencies by encouraging public and private expressions of favorable Negro leader-figure contacts.

(3) Create some unity of opposition to militant and dangerous targets among prominent and favorable local Negro leaders and groups, including trustworthy liberals.

(4) Induce leaders and groups to ignore rather than feed the vain and publicity-hungry tendencies of local black nationalists; neutralize black nationalist activity with a counter and productive activity toward solution of Negro problems.

(5) Delicately utilize, where practicable, Negro school and church teachers and persons influential with Negro youth both in and out of school; mobilize favorable influence in all areas affecting Negro life, including programs in poverty, welfare, recreation, education, training, employment, neighborhood and home life, ghetto sources, police community relations activity ("store fronts in ghettos").

Above objectives, more easily stated than attained, are obviously restricted to a potential reservoir of possible FBI contacts, an understanding of their complex community personalities, their positions, and their inter-relationships personally and organizationally. For example, MARTIN LUTHER KING (and his non-violence) is undoubtedly considered by some Negro leaders and possibly by a majority of Negroes in the Kansas City area as the leading spokesman for American Negroes. The overall complexity of numerous active organizations and their members, public and private, in race relations and problems, presents a major problem of communication and points up the lack of an authoritative central and responsible Communication source or sources.

5. Separate letter is being submitted with comments or suggestions as to counterintelligence action against field-wide targets, insofar as the Kansas City Division is concerned.

Other instructions in referenced Bureau airtel will be carefully followed.

RACIAL INTELLIGENCE

Re Bureau letter to Detroit dated 2/9/68 captioned as above.

Referenced Bureau letter contained information indicating that [redacted] was recently approached by [redacted] all of whom are officials of a Detroit militant black nationalist organization, known as the City Wide Citizens Action Committee (CCAC) and requested by them to form a corporation composed of other local businessmen to provide money for rebuilding ghetto areas in Detroit under control of a black power group.

The Bureau requested Detroit to advise the extent to which [redacted] and his associates are known to be friendly towards Chinese Communist philosophy and submit possible recommendations for counter intelligence action.

A review of pertinent Detroit files in this matter discloses no information that could be utilized to indicate that [redacted] and [redacted] are friendly or sympathetic towards the Chinese Communists.

Both [redacted] and the [redacted] are currently under investigation by the Detroit Office and the possibility of utilizing counter intelligence measures to expose them where feasible, [redacted] will be submitted to the Bureau for consideration under captioned program.

Investigation indicates that the activities of Muhammad's Temple of Islam of Dallas has been seriously curtailed since the departure of [redacted]

NOI membership in Dallas-Fort Worth, Texas, has dropped from a previous high of 65 members to approximately 45, of which 25 to 30 are active. This point is illustrated from the fact that 43 MTI members reportedly attended the 1967 Saviour's Day Convention in Chicago, while a group of 22 were established in attendance at the meeting in 1968.

107

On the racial scene, it has been stated that since [redacted] 13 additional NOI Ministers have lost their positions for various reasons of misconduct.

From the above, it appears that the MTI, without local leadership, its members in dissention and its activities seriously curtailed, is not an effective racial militant force in the Dallas,- Fort Worth, Texas area.

DL 157-952
DL 105-524

As no Federal or local arrests resulted from this investigation, it is not felt that any form of publicity is warranted. It is believed that selective intensified interviews of NOI members could result in possible informant development by using allegations regarding [redacted] as arguments to show them the fallacies of the NOI operation and how it exploits its members. UACB, the Dallas Office is not contemplating specific counterintelligence action against the Muhammad's Temple of Islam in Dallas.

If local police make any arrests, you should submit counterintelligence recommendations for publicity for the purpose of discrediting the NOI to the public. As you note, the temple is already disrupted internally over this situation so no counterintelligence action is warranted from this angle.

Reference is made to Bureau airtel to Albany, 3/4/68.

[redacted] has been designated to coordinate this program in the Mobile Division.

As the Bureau has been separately advised, investigation has not been developed that any militant Black Nationalist group has been in existence in the Mobile territory. There has been no activity of The Revolutionary Action Movement (RAM), Congress of Racial Equality (CORE), or Nation of Islam (NOI). The Southern Christian Leadership Conference (SCLC) has representatives in this division, but no organizational headquarters or office. The Student Nonviolent Coordinating Committee (SNCC) has representatives coming to the Mobile Division periodically, particularly coming to Selma, Tuskegee or Montgomery, Ala, but investigation has not shown that SNCC has any office in this territory.

The Lowndes County Freedom Organization (LCFO), which is also known as the Lowndes County Freedom Party and the Black Panther Party, is a Negro civil rights organization established in Alabama November, 1965. It is a political party, designed to run candidates for public office. It has received publicity as the Black Panther Party, but is not affiliated with the Black Panther Party established in New York City during 1966. In the organization of LCFO, assistance was granted by STOKELY CARMICHAEL of SNCC. [redacted]

There is only one person on the agitator index who might be the subject of future counterintelligence by this office. This individual is [redacted]

Investigation is being conducted at the present time to determine if SNCC reopens an office at Selma, Ala., which was maintained by SNCC in the past. If this office is reopened to direct SNCC activities, then that office would be a logical target for counterintelligence activities.

Concerning suggestions for the over all counterintelligence action, it is felt that the Bureau might consider the creation of a paper Negro nationalist group for the purpose of drawing together militant leaders and militant groups in order to plant seeds of dissension among such leaders. It also should be considered that counterintelligence action could be aimed against radical racial leaders in any organization by the use of reliable press contacts being given information which would serve to discredit these leaders. Such information, indicating that leaders are using the civil rights movement for their own gain and are not instituting programs aimed at encouraging a Negro to help himself, could be used through reliable press contacts or responsible national Negro leaders. This type of action might serve to bring about a feeling of distruct among radical Negro leaders.

Specific suggestions, as may be developed for possible use in the counterintelligence field, will be sent to the Bureau by separate letter. Quarterly letters will be submitted as suggested.

1. [redacted] has been assigned to coordinate this program.

2. The Black nationalist movement in the New Orleans Division is limited at this time. There are NOI chapters located at New Orleans with 32 members and at Monroe, La., with 24 members. Activity of each group is limited and no information has been received that either group is engaged in the Black nationalist movement, on the contrary, members have been instructed not to become so engaged.

An attempt was made to establish a SNCC chapter near Southern University, Baton Rouge, La. However, recent information reveals that this attempt has failed. Since H. RAP BROWN has been incarcerated at New Orleans since 2/21/68, several SNCC leaders, such as [redacted] at various times. [redacted] has spent the most time in New Orleans and presently is in New Orleans. Information received from sources indicates that [redacted] is attempting to establish a SNCC-controlled united front among the Negro community. Because of the past history of [redacted] as a rabble rouser and SNCC in general, New Orleans believes that, in the event SNCC is successful, this represents a definite factor in possible violence. In addition to the above, the Bogalusa Voters League (BVL), which was originally a civil rights organization in the Bogalusa area, is still active. Based upon statements of its leaders, it has definitely taken a militant attitude. The BVL consists of 15 to 20 members who recently picketed the Orleans Parish Jail at New Orleans in support of RAp BROWN.

New Orleans feels that the following five individuals should be considered for counterintelligence action:

4. It has been the experience of the New Orleans Office in its extensive and highly successful counterintelligence program regarding the KKK that the best disruptive tactic utilized is in regard to accusations that members and leaders have been stealing money collected and have converted this money to their own use. It would appear that this same type of program can be utilized as far as Black Nationalist groups are concerned.

5. In regard to item 4 above, New Orleans will submit, by separate, communication, a recommendation of a specific target in regard to monies collected by SNCC.

All agent personnel assigned to the New Orleans Office are being solicited for any suggestions in regard to captioned matter and any suggestions received, believed to have merit, will be submitted to the Bureau for consideration.

Chicago has carefully reviewed the Nation of Islam (NOI) file concerning the suggestion in referenced airtel concerning publicity circulated to possibly embarrass Washington Spring Project (WSP) efforts in Baltimore through a suggested alliance between forces of MARTIN LUTHER KING and the NOI. Additionally, [redacted]

By way of background, as the Bureau is aware, KING and ELIJAH MUHAMMAD, head of the NOI, met briefly in Chicago during 2/66 under amicable circumstances, primarily as a result of MARTIN LUTHER KING's then recent entry onto the Chicago civil rights scene. The meeting produced no tangible results insofar as cooperation, unity or program was concerned, however, did receive considerable local publicity. The meeting was basically for the purpose of showing unity within the Negro community.

KING suffered no adverse publicity as a result of this meeting although within several days MUHAMMAD, at an annual NOI Convention, made remarks critical of KING for being too close to

the white man. In reaction to these remarks publicly, KING glossed over this criticism and to some degree capitalized on it, indicating that in his efforts to build unified support for the cause of the Negro, he was in contact with all segments of Negro opinion. Indeed, as recently as 8/67, MUHAMMAD indicated a desire to again meet with KING to discuss the unity of the Negro.

As the Bureau and Atlanta are aware, KING and CASSIUS CLAY were in personal contact in Louisville, Kentucky, in 5/67, in the course of open housing demonstrations held under SCLC auspices. [redacted]

In subsequent newspaper publicity concerning this meeting, KING was quoted as having praised CLAY for his refusal to be inducted into the armed forces, coupling this reference to attacks on our policy in Vietnam. The NOI publication "Muhammad Speaks" was one of the papers which contained KING's favorable remarks, including a comment that CLAY had given up $1,000,000 in order to stand up for what his conscience dictated as right.

In short it would appear generally to be true that contact between KING and the NOI is not a heretofore unknown happeni and it would appear that any effort to utilize this situation in Baltimore must indicate more than casual associations or contacts, but in order to embarrass or inhibit WSP efforts should indicate a close working relationship or partnership between the two groups.

It should be kept in mind also, however, that as the above sources note, although CLAY is nationally known for his adherance to the NOI, he is also somewhat universally acclaimed and embraced by most groups within the Black Nationalist Movement, CORE and SNCC as examples, as well as the black community generally and has achieved somewhat the status of a martyred black folk hero.

Baltimore's suggestion of utilizing a cartoon to depict the apparent alliance between SCLC and the NOI has, as the Bureau noted, definite merit. However, Atlanta is of the opinion the Bureau's suggestion of a pertinent newspaper article is more appropriate under the circumstances and might lend itself to wider circulation than a cartoon. The impact on KING of printed matter is apt to be greater than material presented in a cartoon no matter how skillfully it may be presented.

On 2/23/66 KING met with ELIJAH MUHAMMAD in the latter's residence in Chicago for the purpose of enlisting MUHAMMAD's aid in fighting Chicago slum conditions. Atlanta's highly confidential sources at that time never developed any pertinent information describing KING's reaction to or evaluation of this meeting. Chicago sources reported the meeting was not successful in developing any mutuality or cooperation mainly because of religious and philosophical differences between KING and MUHAMMAD [redacted]

It is noted that during an SCLC retreat held in Atlanta in the middle of January 1968 regarding the WSP KING stressed that obtaining jobs or income for Negroes would represent a mere fraction of that which America owes

the Negro throughout its history. He declared America owes an incalculable sum to the Negro who throughout his long years of involuntary servitude labored to build this country. This language almost suggests some degree of adherence to teachings of ELIJAH MUHAMMAD.

It is suggested the proposed publicity might be slanted to convey the thought that the apparent alliance between SCLC and the NOI possibly grew out of the former meeting between KING and MUHAMMAD; that in connection with the WSP SCLC is "pushing" the NOI in Baltimore. This, of course, would raise a question as to the sincerity of KING's current statements that the WSP is to be based on nonviolent techniques because the position of the NOI toward the white man is basically one of annihilation.

While KING is currently seeking the cooperation of other organizations to assist with SCLC's WSP he has shown no willingness to use SCLC to assist any other organization.

In effort to finance the WSP, SCLC plans to seek financial contributions from Negro churches. Establishing the thought of an alliance with the NOI which is opposed to Christianity may well discourage a favorable reaction on the part of some Negro churches.

It is felt KING's reaction to the proposed technique would be positive for counterintelligence purposes. KING considers himself a devotee of the nonviolent philosophies of the late MAHATMA GANDHI. To publicly align him and/or SCLC with the NOI should trouble him on this basis. It is further conceivable that MUHAMMAD may see fit to respond to this publicly which should embarrass KING further.

The following specific suggestion under captioned program is being submitted for the Bureau's consideration in regard to SNCC:

This suggestion is being submitted by New Orleans and, if implemented, it is believed it would tend to cast suspicion on SNCC and its leaders among the Negro population throughout the US.

As the Bureau is aware, RAP BROWN has been incarcerated in the Orleans Parish Jail, at New Orleans, La., since 2/21/68. A review of information received from New Orleans sources and information received by New Orleans from other field offices, reveals that SNCC has been attempting to raise the $30,000.00 bond money for BROWN among the Negro communities in these areas.

As a disruptive tactic, it would appear that the Bureau might desire to contact a trusted source in one of the national wire services such as AP or UPI and have this individual write an article for national distribution to the effect that SNCC and its leaders have been soliciting funds in various areas of the country to raise the $30,000.00 bond money for BROWN. This article could allege that contributions were collected which exceeded the $30,000.00 needed. However, when a final accounting was made, only approximately $10,000.00 was turned in. As a result, SNCC leaders and members are accusing each other of stealing the money collected.

The Bureau appreciates your suggestion to cause dissension within the Student Nonviolent Coordinating Committee (SNCC) over the disposition of bond money collected for H. Rap Brown, SNCC leader. Information received at the Bureau, however, indicates that SNCC has been successful in raising the required bond money. Brown is in jail at present because his bond was revoked and no new bond has been set.

This type of counterintelligence suggestion, creating discord within militant black nationalist groups, is the purpose of this program and New Orleans should be alert for further ways to accomplish this objective. Your suggestion involved giving a news story to a cooperative news source. If possible, in the future you should suggest a source in your office if one is available. This is often most effective in handling counterintelligence.

NOTE:
New Orleans had suggested a news story to the effect that leaders of SNCC had raised bond money for Brown but the money had mysteriously disappeared. Since Brown and all the other SNCC leaders know that this did not actually happen this counterintelligence would not be effective.

Re Denver letter to Bureau dated 4/3/68, bearing Counterintelligence Program caption.

Denver does not feel the Nation of Islam (NOI) should be a target for counterintelligence action at this time. There has been no evidence any NOI members joined in the activities of the young people who caused minor racial disturbances in Denver during the summer of 1967. These disturbances were spontaneous and were caused by young Negro people who wanted more recreation facilities for the young Negro population of Denver.

The Denver group of the NOI, with its 20 members, does not have a large enough membership to discredit its leaders by mailing leaflets or letters to the membership..

It cannot be stated as to what reaction would result from harassment of the NOI members, whether it would cause them to lose membership and disband or cause them to become more militant.

If the Bureau, with above facts in mind, feels the Denver NOI group should be a target for counterintelligence action, the following are suggestions:

1. Ask Denver Fire Department to inspect building housing NOI mosque for possible condemnation as fire hazard. If done, this request would be made to [redacted] who is personally known to several Agents of the Denver Office.

Activities of Temple No. 22 have been limited to their own meetings and the sale of their publication. Members of Temple No. 22 have not participated in demonstrations or collaborated with any other organizations activities. In regard to the propensity for violence of members of Temple No. 22, [redacted] hat Muslims believe in non-violence and do not carry guns or believe in or sanction the fomentation of racial unrest; however, from statements made by [redacted] it is apparent these individuals fully support ELIJAH MUHAMMAD, national leader of the NOI, and would be likely to follow ELIJAH MUHAMMAD if he advocated violence. On the basis of the current situation, it is not believed Temple No. 22 presents any potential for racial violence and in fact the opinion has been expressed that Temple No. 22 acts as somewhat of a stabilizing influence in the Negro community.

The Afro-American Institute (AAI), a Pittsburgh organization, is described as a secret, militant organization whose purpose is to overthrow the existing social order through violence. Membership is estimated at between 12 and 20 persons. Activities consist of meetings on an irregular basis at its headquarters with clandestine meetings also held in private residences. It has been reported the AAI is a study group whose purpose is to promote an interest in black culture; however, it has also been reported the AAI is a militant organization which believes in violence. It has also been reported the AAI may be an affiliate of the Revolutionary Action Movement (RAM), a revolutionary, nationalist organization. It is believed the AAI has a very real propensity for violence.

The Organizers is a Pittsburgh organization of Negro teen-agers whose stated purpose was to share a concern to end the draft and "all the other things that are a drag to young black people." No exact figures have been reported relative to membership, but it is estimated to be in the neighborhood of 75 individuals. Activities have been limited to issuance of public letters protesting ghetto conditions and protesting the solicitation of Negro girls in ghetto areas by white males. [redacted] to the Organizers, has recently made statements indicating desired activity for the organization was to acquire white businesses in Negro areas. [redacted] as also indicated advocacy of violence. Regarding the propensity for violence of this organization, there is no present indication of such, except from the statements made by [redacted]

There are no reported black nationalist organizations within the territory of the Pittsburgh Office, other than as reported above in Pittsburgh, itself.

4. Suggestions for overall counterintelligence action or the administration of this program.

It was mentioned by the representative of the Pittsburgh Office at the recent racial conference that it was considered of counterintelligence value to consider foundation

funds being funneled into black nationalist activities. It has been noted in Pittsburgh in the very recent past that requests for foundation funds for black nationalist purposes has very substantially increased. Certain of these requests are accompanied with the threat that if the funds are not forthcoming, racial violence will result. It is considered likely that on a national basis there is a considerable amount of foundation money being directed to black nationalist causes, which, if it were curtailed through counterintelligence, would have a very material effect on the activities of these organizations and their potential for violence.

Suggestions for action against specific targets will be submitted to the Bureau by separate letter.

1. [redacted] has been assigned to coordinate captioned program for the Richmond Division.

2. The only Black Nationalist Movement known to exist in the Richmond territory is the Nation of Islam (NOI). This organization consists of one Mosque (Muhammad Mosque #24) in the City of Richmond, with about 35 hard-core members, 8 of whom are officers. This Mosque holds regular weekly meetings.

It should be pointed out that in 1957, when the NOI was formed in the Richmond area, it had approximately 75 to 80 members. This membership figure remained fairly constant for the next three to five years after which a steady decline in membership began and is continuing today.

It is also noted that the Richmond Office has informant coverage of this organization and through its informants and other sources has determined that the NOI in Richmond is a non-militant black nationalist group. Richmond NOI members are constantly taught to avoid all forms of violence and to use force only to defend oneself and then only when absolutely necessary. Any infraction of this rule results in the guilty member being suspended.

The members of Muhammad Mosque #24 generally have little schooling and hold menial jobs such as porters, etc. About one-third of the current members are unskilled farmers from the suburbs, Richmond. The Richmond Office knows of no member of this Mosque who possesses the potential to be a rabble-rouser.

Accordingly, Richmond believes that the Richmond NOI's propensity for violence is low.

RACIAL MATTERS

The Richmond Division does not have any militant black nationalists on its Agitator Index. The Richmond Division knows of no militant black nationalist leaders within its territory who have a propensity for violence.

3. As set forth in paragraph 2 above, Richmond knows of no organizations and individuals within its territory that should be considered for current counterintelligence action under the present standards of this program.

It is noted that Richmond is constantly on the alert for information regarding militant organizations. Intensive efforts have recently been undertaken to develop Negro racial informants in order to assure Richmond is cognizant of the formation of any militant black groups as well as to develop additional coverage in the NOI and Negro ghetto-type areas.

4. Richmond believes that one of the best ways to thwart the efforts of militant black nationalist groups and individuals is to discredit them. In this regard it is felt that the offices of origin on said groups and individuals should fully develop and furnish to interested offices any derogatory information developed so that this information can be "released" to appropriate news media, informants and sources. By "releasing" derogatory data prior to a speech or appearance of a militant would assist in planting the seed of distrust and thereby diminish the militants' effect.

5. Since Richmond has not been in a position to have first-hand experience in investigating any of the field-wide militant targets of this program, it is not in a position to furnish other than general type suggestions for counterintelligence action. However, inasmuch as the Bureau does not desire general suggestions, none will be submitted herewith.

In view of the information set out above, on a UACB basis, Richmond will not submit a 90-day progress letter summarizing

proposed counterintelligence operations, operations effected and tangible results. In lieu thereof, Richmond will submit a 90-day letter on the dates designated in re Bualrtel, which will advise the Bureau of the results of Richmond's efforts to identify any militant black organizations and/or individuals within the Richmond territory. Should any such organization and/or individuals be identified, Richmond will propose appropriate counterintelligence operations for Bureau approval.

In accordance with Bureau instructions to submit within 30 days a working paper concerning the Counterintelligence Program in the militant Black Nationalist field in the Buffalo Division, the following review is submitted:

(1) [redacted] has been assigned to coordinate this program.

(2) The Black Nationalist movement in the Buffalo Division consists at present of two specific groups. These will be dealt with separately.

NATION OF ISLAM (NOI)

The NOI in the Buffalo Division is made up of members of Muhammad's Mosque #23 (MM #23) and MM #23B, the first located in the city of Buffalo and the second in Rochester, New York.

Members of the Buffalo Mosque number approximately 80 persons and in Rochester membership is approximately 25. Membership in each group is somewhat unstable and the leadership of each Mosque has been recently subjected to a rather severe re-adjustment. Until recently [redacted] During the past winter months, a great deal of dissention has arisen on the part of members of MM #23 [redacted]

The NOI in Buffalo holds its usual weekly public meeting on Sundays. Approximately 100 persons are attracted to these meetings some out of sheer curiosity. Mid-week meetings are held of the Fruit of Islam (FOI) and MGT, for school and training purposes, and informants have reported that the subjects taken up at these meetings are repetitive and lack luster.

The assessment of this office at present as to the NOI's propensity for violence is that it is minimal. [redacted] has reportedly frequently cautioned [redacted] against becoming involved in any public demonstration where integration is an issue. He has told [redacted] it would be better for them to be out of town when trouble breaks out in the ghetto.

SNCC (STUDENT NON-VIOLENT COORDINATING COMMITTEE)

A new Buffalo chapter of SNCC was formed in September, 1967 and is the only one in existence in this Division at this time. [redacted]

The development of this chapter has been slow for several reasons. Namely, the inability of the Chairman to devote much time to organizational activity and secondly, a reluctance on the part of the Negro youth in Buffalo to accept SNCC. The chapter operates out of the apartment of

138

[redacted] and he is endeavoring to obtain an office in the ghetto, a move which may come about this spring. Membership in this chapter is a fluid thing, a number of Negro youth who were first interested in this chapter have dropped out and some new faces have shown up more recently. Actual membership is not a matter of record except [redacted] either from the financial contribution of an individual or his expressed willingness to take part in the SNCC program. Meetings are held at the beck and call of the Chairman at present and are held in [redacted] Very few meetings have been held up to now but should come with more regularity in the future.

At the present time, the SNCC chapter in Buffalo does not have much propensity for violence. [redacted] does not subscribe to the militancy of national SNCC leaders such as H. RAP BROWN and STOKELY CARMICHAEL. He is close to the leaders of the New York State organization and will play the game with them insofar as their militancy is concerned, but is not interested in pursuing that line in Buffalo itself. The SNCC program locally is to jab the conscience of the Negro community and stimulate it to take action on various projects such as urban redevelopment and the job situation. It has taken no positive stand on the Vietnam question.

The comments, as set out in referenced Atlanta and Chicago airtels, have been carefully reviewed by this office. This office does have a completely cooperative and reliable newspaper source who could be contacted to publicize the situation as discussed in referenced communications.

However, at this time Baltimore does not recommend such a contact for the purpose of a newspaper article. The Washington Spring Project has been making little headway here in Baltimore. There is an office that functions, but the office is not being operated very effectively. From our sources, as well as the Police Department in Baltimore, the entire project has simply not been making any headway. For this reason, it is felt that at this time it would not be desirable to give KING and the Washington Spring Project any publicity of any kind which might reflect reaction in his favor. Baltimore, therefore, recommends that this possibility be kept in mind and if at a later date, the Washington Spring Project does get off the ground, then consideration would be given to the suggestions as set out in these referenced communications.

Sources of this office connected with the Washington Spring Project (WSP) in Baltimore have indicated that the WSP has not gotten off the ground yet. These sources have reported in general terms that it was their impression that one of the reasons for this failure to make adequate progress is the lack of assurance of MARTIN LUTHER KING in particular, that if any arrests are made during the project, bail, money and attorneys will be promptly furnished. This was confirmed by the Intelligence Unit of the Baltimore City Police Department.

More specifically, a source reported that the head of the National Association For The Advancement of Colored People here in Baltimore contacted the WSP with this specific question in mind. No adequate assurance was given by the WSP office.

It is not known by Baltimore that this is a unique situation for this office. It is suggested that if a similar situation exists in other divisions that some consideration be given for a counterintelligence operation.

RACIAL INTELLIGENCE

Re Buairtel to Albany dated 3/4/68.

1. IDENTITY OF COORDINATING AGENT

The Agent assigned to coordinate captioned program is [redacted]

2. SUCCINCT SUMMARY OF BLACK NATIONALIST MOVEMENT IN CLEVELAND

There are three known extremist Black Nationalist organizations within the confines of the Cleveland Field Division. These three groups are New Libya, Afro American Set and the Nation of Islam. There follows a brief summary of each of these groups:

1. New Libya

This is a loosely knit, undisciplined band of approximately 25-30 Negro males between the ages of 16 to 30. [redacted] They openly refer to themselves as Black Nationalists and many of them have assumed Afro names and frequently wear Afro type robes. They often express their hatred for the white race and predict its destruction and the world domination of the Black Man. In actuality, they are not motivated by any deep seated philosophy. Most of the members have at one time or another run afoul of the law because of their criminal activities.

The New Libya organization has no discipline, does not hold formal meetings and has no planned program. The membership congregates at an astrology shop located at 11105 Superior Avenue. The members'

principal activities consist of drinking wine, smoking "pot", sexual promiscuity, playing cards, and engaging in various forms of criminal activity. All of the members are known to possess weapons.

2. Afro American Set

The Afro American Set is a disorganized group of approximately 20 to 25 Negro males and females ranging in age from 14 to 25 years of age. [redacted] both of whom are professed Black Nationalists. This group openly professes its Black Nationalist philosophy. [redacted] claims that the purpose of the organization is to remove all white control over the Negro ghettos, to allow only Negroes to operate businesses, police the streets, teach in the schools, and govern the Negro community. The ultimate goal is the takeover of Cleveland and the entire country by black revolution.

The members of this group meet formally once a week, take instructions on karate, and are presently engaged in activities to overthrow the death sentence meted out to [redacted] They have organized demonstrations in his behalf, are collecting money for his benefit, and are planning future demonstrations. Most of the members reportedly have access to weapons. This group is presently attempting to recruit new members. The leaders of this group have been in trouble with the authorities in the past because of their criminal activities.

3. Nation of Islam

This is a national organization which has local chapters in Cleveland, Akron, Toledo and Youngstown. They generally advocate separation of the races and teach that the members of the white race are devils who have oppressed the Negroes. They encourage non-cooperation with white society, a separate state for black people, and allegiance to the Muslim religion rather than the United States Government. Membership is limited to non-whites and those who accept the teachings of ELIJAH MUHAMMAD, the national leader.

148

[redacted] Cleveland membership is approximately 300; Akron's membership consists of 50-55 men; Toledo has approximately 20-25 members, and Youngstown has approximately 18 male members.

NOI members are repeatedly warned by their leadership to refrain from participation in violence, especially in racial disturbances. They are also forbidden to carry weapons. There is no indication that they have participated in racial disturbances in the past.

3. ORGANIZATIONS AND INDIVIDUALS CONSIDERED FOR CURRENT COUNTERINTELLIGENCE ACTION

1. New Libya

This is a small Black Nationalist group made up of criminal types. It is felt this group, based on the type of membership, would be in a position to foment or perpetuate rioting or disturbances in order to achieve their criminal end, i.e., looting, etc.

2. Afro American Set

This organization has as its aims to move all white authority and control out of the ghettos and allow only Negroes to operate businesses, schools, govern and police themselves. The ultimate goal of this group is to take over the city and country by violent black rebellion and revolution.

[redacted]

[redacted]

Estimate of Each Groups Propensity for Violence

New Libya

This band of heavy drinking, drug using criminals, in the opinion of all knowledgeable individuals, possesses great potential for violence. Imbued with irrational hatred for white people generally, and law enforcement officers in particular, this irresponsible group is very alert to cause a racial incident. They are undisciplined, without moral principles, and completely lacking in respect for law and order. Current intelligence information is that this group has no plans at this time to instigate racial disorders; however, there is no question but that they will move swiftly to participate if a disturbance breaks out.

Afro American Set

This organization presents a very real threat to the harmony of the Negro community. This is true especially because of the extremist [redacted] who has participated in previous racial disturbances. The members of this group, for the most part, are immature, shiftless youths who are easily led and prone to violent action. The location of their headquarters on the fringe of a white nationality residential neighborhood makes the possibility of a racial confrontation ever present.

150

Nation of Islam

Because of the hate indoctrinated philosophy taught by this organization, and the highly disciplined control over its membership, the National of Islam presents a threat to the peace of the community. Until this time the NOI leadership has continually instructed its membership not to instigate or participate in racial disturbances. While it is realized that these instructions could be reversed on short notice, there has been no indication that this will be done. In view of this current reluctance on the part of the NOI to encourage participation by the membership, it is felt that the organization does not at this time present an outstanding threat to racial harmony, although the violence potential is there.

Rabble-Rouser Index Subjects Who are Militant Black Nationalists Who Might be Future Targets of Counterintelligence

151

[redacted]

4. Administration of this program might be more effectively handled by routing informant dissemination memos through the coordinator of the Counterintelligence Program on a day-to-day basis. This will allow the coordinator to function thoroughly abreast of pertinent developments in the over-all racial field.

Counterintelligence on an over-all basis can include continued emphasis on utilization of sources and informants to know immediately of any change of location of meeting places or headquarters of these Black Nationalist groups. Experience has shown many of the groups in Cleveland meet in hovels or "pads", which in many cases are places which contain numerous housing and health code violations. Armed with information of this type, it can be furnished to the appropriate city or county agency through confidential established channels with an eye to causing citations for housing violations, possible arrests locally or at least action to cause relocation of a group with a resultant disruptive effect.

- A close check can be maintained concerning the financial status of leaders of the Black Nationalist groups to develop information of acquisition by these leaders of real estate, expensive automobiles, or the like, so that consideration might be given to publicize these facts. The credo of some of these groups, principally the NOI, is not to buy property in white neighborhoods or areas populated by affluent citizenry. By publicizing any acquisition of such property, the demoralizing effect on the followers would be significant.

In those instances where two or more leaders are vying for the position of leadership, it might be possible through careful utilization of informants to spread conflicting rumors about the aspiring leaders to cause dissension within the groups.

Utilization of anonymous mailings of fake literature appearing to be from one group, which criticizes another group. This activity could possibly generate mistrust and dissension precluding a unification of small groups.

Alerting of juvenile authorities concerning the promiscuous activity which takes place at some of the meeting places, where there is drinking, smoking of "pot", and sexual promiscuity. Informants have advised the meeting places are frequented by young teen-age girls and their presence apparently causes a great deal larger attendance at the meetings than would ordinarily attend.

Exploitation of the feasibility of formenting discord and animosity between the NOI and Black Nationalist groups. The doctrines of the two have basic differences and, if animosity could be created by rumor, anonymous fake mailings or a carefully devised plan wherein the NOI newspaper destined for Cleveland would be "lost" and suspicion for the "loss" thrown upon a Black Nationalist.

Maintain a constant vigilance for possible sources of funds so that every step can be taken to stifle such source. It appears the smaller Black Nationalist groups such as are active in Cleveland historically have gone under with the main contributing factor being lack of funds.

153

Distribution of anti-Black Nationalist articles by responsible Negroes so that potential joiners, apathetic citizenry and curious attenders would be dissuaded from attendance or participation in Black Nationalist functions.

Distribution of fake announcements of a meeting sponsored by a small Black Nationalist group with the added inducement of free wine. The resultant effect would be embarrassment and loss of statute within the Negro neighborhoods.

Summary of Goals

The Cleveland Office concurs with the Bureau that an effective counterintelligence program in this field could be an effective tool in minimizing the divisive effect of extremist Black Nationalists. In analyzing the Black Nationalist movement in our division, we have noted that there are deep seated animosities dividing the leaders of the various Black Nationalist groups, e.g., [redacted] While it is true that they will unite on some occasions, they are basically distrustful of each other and jealous of the leadership of each other. Intensified efforts will be made to capitalize on this animosity and keep their organizations divided. There has been no evidence of any cooperation between the NOI and other Black Nationalist groups in Cleveland.

Regarding a Messiah whose personality could coalesce the various Black Nationalists into a strong united front, the Cleveland Office does not feel that such a personality exists in this area at this time. [redacted] because of his personal weaknesses, [redacted] because of an unattractive personality, do not possess the qualities of personal magnetism so necessary for a "Messiah". At this time there is no evidence that a potential national leader exists in the local movement.

Preventing the Black Nationalists from causing or engaging in racial disturbances is, of course, a primary aim of our work in the racial field. Since we do not have any primary investigative jurisdiction insofar as violations of

154

Federal laws are concerned, we have cooperated with the local Police Department and other authorities to gather evidence of local violations against these individuals. We feel that by harassing and imprisoning these lawless hoodlums and closing their hang-outs, much can be accomplished in the way of preventing violence. In this regard, our liaison with [redacted] Cleveland Police Department, has been most effective.

Local authorities in the past have been able to close the JFK House, a center of Black Nationalism in Cleveland; close [redacted] for a time, and conduct several raids on various "pads" where members of these groups have cached weapons, incendiary devices, and other materials. Practically all the leaders of the local Black Nationalists, including [redacted] have been arrested and brought upon local charges. This type of enforcement, we feel, has been an effective curb on the activities of these individuals. It is anticipated that this type of activity will be continued, where feasible, against these individuals.

The Cleveland Office, through its contacts in the Negro community, has not developed any information indicating that the Black Nationalists have gained any aura of respectability in the Negro community as a whole. They are regarded as hoodlums and troublemakers by most responsible Negroes. They have gained some stature with white "liberals" who have invited them to speak at affairs, and apparently they regard these Black Nationalists as curiosities. The Negro radicals and sympathizers have cooperated in some degree with the Black Nationalists, but they stop short of doing anything that will involve themselves in violation of the law.

The most important goal mentioned in referenced Buairtel is the prevention of the long-range growth of Black Nationalism among youth. The Cleveland Office feels that this is a most serious problem because of the impressionability of youth. The Cleveland Office in the past has undertaken an interview program of young Negro males and females who have

155

shown an interest in attending activities of these groups. During the course of these interviews, Agents pointed out to these young people the fallacies and dangers of Black Nationalism. Positive results, in the form of the disassociation of many of those interviewed from the Black Nationalists, were noted. The Cleveland Office is interested in any suggestions that would effectively curtail recruitment of young people into this movement, as we feel that if large numbers of Negro youth are converted to Black Nationalism, a true black revolution will ensue.

SUMMARY OF BLACK NATIONALIST MOVEMENT
JACKSONVILLE DIVISION

The Black Nationalist Movement in the Jacksonville Division is a relatively new movement and is not clearly defined. Informant and source coverage is under development and it is anticipated that a more definite picture will be provided in the near future.

The main activities are centered in the Gainesville area of Florida where the following organizations exist:

Students For A Democratic Society (SDS)
Gainesville, Florida

SDS was organized in Gainesville, Florida, in 1966. It has operated as an off-campus organization in that the University of Florida has refused to recognize it as a campus organization. At the time of organization, its membership was listed as being 16 members. During February, 1967, SDS in Gainesville affiliated with Southern Student Organizing Committee (SSOC) and the group was then known as SDS-SSOC. Later SDS was dropped from the name of the group.

SSOC has been described as the local branch of SDS. At the University of Florida, the two groups, reportedly, are promoted as different groups to give the impression of yet another "new-left" organization.

During January, 1967, SDS demonstrated in behalf of a University of Florida student who was placed on probation

for posing nude for an off-campus magazine.

During July, 1967, SDS sponsored the "Viet Nam Summer Florida Institute" at Gainesville, Florida, which was a part of the national protest movement against the war in Viet Nam.

Since December, 1967, SDS has participated in a rally against support of the draft, against compulsory ROTC, and against recruitment by the Central Intelligence Agency and Dow Chemical Company on the University of Florida campus.

"The Florida Alligator," daily campus newspaper, University of Florida, Gainesville, Florida, carried an article in its 2/19/68 issue captioned, "New Left Fever Appears Dead." The article pointed out that "despite their recent efforts SDS has found it nearly impossible to arouse significant student interest." There is, however, a potential for violence by an organization such as SDS, especially if it gains sufficient support in the future from students at the University of Florida, Gainesville, Florida.

Southern Student Organizing Committee (SSOC)
Gainesville, Florida

The SSOC at Gainesville, Florida, has been described as the local branch of SDS and is supposedly promoted as a different group to give the impression of yet another "new-left" organization.

A letter released by the "Viet Nam Summer (Florida Project)," Gainesville, Florida, sponsored by SSOC-SDS, during July, 1967, stated that SSOC will open a Florida regional office in Gainesville. This office will help any peace and freedom group with literature, films, speakers, and will try to arrange conferences on movement issues for the State of Florida.

[redacted]

158

JK 157-1523

On 1/12/68, SDS-SSOC, Gainesville, had a meeting to discuss what action should be taken against future military and private industry recruiters on the campus of the University of Florida. A protest against Central Intelligence Agency(CIA) recruitment on 1/15/68 proved ineffective.

On 1/27/68, SSOC sponsored the "Florida Conference for Peace and Freedom" on the campus of the University of Florida. [redacted] made a statement at this meeting to the effect that black people in the restaurants could poison all the food for "whitey." If a black man can kill five whites, then he can die knowing that he tried to overthrow the white system.

[redacted] stated at this meeting that he would be willing to personally lead a black army through the residential streets of white America.

SSOC organized demonstrations against Dow Chemical Company recruitment on the University of Florida campus on 2/8 and 2/9/68.

SSOC is closely associated with SDS and may be one and the same organization. If it could gain a following and support to carry out its objective, it could present a definite potential for violence.

Student Non-Violent Coordinating Committee (SNCC)
Gainesville, Florida

[redacted]

159

[redacted]

Florida Black Fund (FBF)

A leaflet recently distributed by the above group came to the attention of this office. It states that the FBF was formed in Gainesville, Florida, out of a meeting of Black Activists representing twelve Florida cities, including Jacksonville, Gainesville, and Tallahassee. It was established in an effort to unify the black community in Florida.

Its objective is to cut across party, philosophic, social, economic, and education lines, to bring black

160

[redacted]eople together to work on common problems.

A Florida Black Power Conference is scheduled to be held in Jacksonville, Florida, on April 5, 6, and 7, 1968.

[redacted] to date have been unsuccessful in organizing a chapter of the Southern Christian Leadership Conference in the Jacksonville area. More recently they have attempted to exert their influence in the Black Power movement in Gainesville, Florida. Their following has been limited and success as leaders questionable. The results of the forthcoming Florida Black Power Conference in Jacksonville, if held as scheduled, could be of great concern. This matter is being closely followed.

Nation of Islam (NOI)
Jacksonville, Florida

This organization has been in existence for a number of years and is estimated to currently consist of from 25 to 30 members.

The minister has always cautioned the members not to take part in any racial issues or demonstrations in Jacksonville. His teachings have, however, stressed the supremacy of the black race, hatred toward the white man and his religion, and an objection toward the war in Viet Nam and Negro participation in this war. While the NOI, to date, has not taken an active part in any public racial matters or demonstrations, because of its principals and objectives it does present a potential danger to the community.

The following connected with the Black Nationalist Movement in the Jacksonville Division have been recommended for inclusion in the "Agitator Index:"

[redacted]

161

[redacted]

Each Agent in the Jacksonville Office, working this type of case, is aware of the effectiveness of the Counterintelligence Program and is alert for possible action in this regard. It is realized that each of the organizations mentioned above are possible targets. As additional information and source coverage is developed, it is anticipated that the organizations in Gainesville, Florida, will be more clearly defined and should uncover possible counterintelligence against the groups or individuals associated therewith.

This matter will be closely followed by the Jacksonville Office.

This group called themselves the Baltimore Target City Project. As a result of their activity, the great bulk of the local CORE chapter severed their connection with CORE and formed a new organization which they called the Activists for Fair Housing. They are now known as the Activists, Incorporated. Persons associated with the CORE Target City Project have directed or participated in practically all civil rights activities in the Baltimore area, and they were also connected with the activities in Cambridge which resulted in riots there. A number of the activities of the CORE Target City Project in Baltimore have resulted in arrests and in some cases of persons associated with the CORE Target City Project being charged with inciting to riot. 3. SCLC

SCLC in Miami is also a relatively small group, with attendance at their weekly meetings ranging from six to twenty persons. Their main interest and activities appear to center around Miami's EOP program and they have apparently little national direction. [redacted]

1. NOI

[redacted]

172

The teachings and philosophies expounded by the NOI are such that they should always be considered as having a propensity for violence and therefore, the Miami Division is considering counterintelligence activities which might be taken against that organization within the Miami territory.

2. SCLC

Inasmuch as the SCLC is a loosely disciplined outfit whose membership is open to any Negro in the area, with very little discipline or self-sacrifice required, this organization appears to be the only organization within the Miami territory which could constitute a rallying point for Black Nationalists who do not desire or are unable to accept the discipline of the NOI. This, together with the assumption that SCLC will be the focal point for people from the Miami area desirous of participating in MARTIN LUTHER KING's march on Washington, would mark them as potentially dangerous. The current criminal investigations being conducted on the leadership of this group would make them apparent easy prey for counterintelligence activities.

B. Individuals

No individuals are being considered for action under this program at the present time.

IV. Suggestions

Miami suggests that former members of Black Nationalist groups, particularly the NOI, not be overlooked in this intelligence program. Former NOI members who have been exposed to the hate teachings of that organization but are no longer subjected to its discipline should often be considered as potentially dangerous with regard to racial matters.

V. Miami is submitting a separate letter with suggestions for counterintelligence actions to be taken against the NOI and SCLC.

to the problems inherent in traveling to support this organization can be clandestinely promulgated. For example, the Washington Spring Project is attempting to enlist the aid of Negroes from the Cleveland area to travel to Washington, D.C. with no provisions for housing, food, or other essential necessities. Many of these people who are not financially able to travel and stay for extended periods away from home have not reflected on these problems and by bringing this information to the fore by careful use of informants and sources, it might deter a number of prospective followers from going to the function in Washington or others which might come up. It is felt if the number could be appreciably cut, it would serve as a method of detracting from the effectiveness of this operation.

In areas where field-wide targets appear as speakers or observers, a check could be made to determine if any credit cards are utilized for food, hotels, or vehicles. Thereafter, a determination could be made as to the party billed. This information or that concerning registered owners of vehicles being operated could develop information as to a possible source of funds. This method could be further implemented by publicizing this source through established news sources on a confidential basis.

The use of this method would, of course, depend on whether the funds could be traced to a group wishing to covertly disburse funds with the aim of ultimate control or direction of a particular group.

The organization is not influential nor well regarded by the Negro people in the Minneapolis-St. Paul area, and we have every indication that the number of sympathizers is quite small. Activity of the group is quite limited. There has been no violent statement made by members and no information that they have weapons. They have not been involved in racial disturbance or acts of violence, and there are no known plans by the organization to commit violence. The only publication circulated in the Minneapolis Division is "Muhammad Speaks," the official newspaper published weekly at Chicago, Illinois.

There is only one individual in the Minneapolis Division listed on the Rabble Rouser Index. He is not a militant Black Nationalist. [redacted]

(3) There are no organizations or individuals considered to be of such potential danger that they qualify as a target under the current counterintelligence program.

[redacted]

(4) In regard to overall counterintelligence action, the only suggestion offered would be the Bureau give consideration to the fact that in many instances an opportunity presents itself and must be acted on immediately, precluding the possibility of clearance with the Bureau for approval; it is suggested, therefore, common sense and good judgment with SAC approval be sufficient authority to take such action when opportunities demanding immediate action present themselves.

For the information of the Bureau the Negro population in the metropolitan Minneapolis-St. Paul Twin City area is less than three per cent. Minneapolis and St. Paul police estimate that as for Negro "troublemakers," the figure would be less than 200, and these include no organized groups other than a few two to four person burglary gangs. Estimates by the police department of potential violence as well as information received from sources available in the Minneapolis Division including informants and racial sources indicate if there is going to be any "trouble" characterized as racial in nature, it will probably come as a result of independent action, spontaneous, not organized, and initiated by a few young Negro hoodlums who could touch off "trouble" for want of something else to do.

Per instructions in relet, a separate letter is being submitted under captioned title setting forth suggestions for counterintelligence action against the targets previously listed as field-wide.

Re Bureau airtel to Albany, cc Minneapolis, dated 3/4/68 and Minneapolis letter captioned and dated as above in response to Bureau airtel dated 3/4/68.

In relet the Bureau instructed that a separate letter setting forth suggestions for counterintelligence against targets previously listed as field wide be submitted. As pointed out in re Minneapolis letter, the only organization in the Minneapolis Division that could be considered a target for counterintelligence activity would be the NOI which is limited in its operations, scope of endeavor, membership, funds, and overall significance.

Minneapolis has had some success in opening lines of communication between the FBI and the Negro community by virtue of person-to-person contact on the part of agents with various responsible, interested, and/or controversial individuals in the Negro community. Through this "community - relations" approach explaining our jurisdiction, we have developed criminal informants in the Negro community who also furnish information on racial matters and it is felt that through direction of such informants by offices having specific targets under their program of field-wide interest, these targets could be compromised and their activities subjected to suspicion and ridicule by their members.

As the Bureau is aware, at one time criminal records were considered to be detrimental to public life and were used as an indication of an individual's intent, voiding in many instances programs such individuals might advocate. However, of late, analysis of comments by those in the Negro movement, sympathizers with legitimate as well as militant and racist factions would indicate that a criminal record, rather than being a thing of shame to be hidden from public view, has become more or less a badge of honor; and in some instances it would appear a prerequisite to leadership in this movement among such groups.

- Therefore, perhaps a program indicating such persons with avowed subversive attitudes, implied militant affiliation, or with extensive criminal records, are in fact informants, "white" Negroes, or traitors to the militant and subversive group they avow allegiance to.

It appears the time-tested methods of discrediting and compromise based on religious principles of morality no longer apply to these individuals. Thus, the approach indicated above whereby we portray the "tough" as really not tough, the militant Black Power advocate, possibly a peaceful informant for the white community, is something the leaders of such groups cannot stand if they are to maintain their leadership and/or position in the forefront of such movements.

ReBuairtel to Albany, 3/4/68.

The Phoenix Division believes that many of the black nationalist militant organizations obtain sympathy and public acceptance from many of the minority groups because of the great degree of publicity attendant upon the activities of the likes of STOKELY CARMICHAEL, H. RAP BROWN, ELIJAH MUHAMMAD and the organizations they represent.

It is believed that through an increase in the liaison contacts with the news media, the proposition could be advanced to such media personnel that they in a very real sense share a large part of the responsibility for making national figures out of the above and possibly encourage the rise of "messiah" figures such as people like CARMICHAEL, BROWN and MUHAMMAD.

Many of the minority group people would not concern themselves with the likes of the above if such militants were not forced upon them by widespread radio, TV and newspaper publicity of their antics. The Phoenix Division realizes the disadvantage of the above suggestion is that many of the news media personnel would not exercise sufficient self-restraint in the pursuit of news; and more often than not, news media make, or by their presence encourage, the news rather than report on it.

II. SUCCINCT SUMMARY OF BLACK NATIONALIST MOVEMENT

In the Newark Division, the NATION OF ISLAM (NOI) is the only nationwide Black Nationalist organization which has gained any importance to date. SNCC, the SCLC and RAM have not been factors thus far, most organizations being small local groups.

The NOI has five Mosques in New Jersey, and three locations which have not as yet reached the status of being numbered Mosques. Latest statewide membership is estimated as 350-375 and over the past 10 years its growth could be characterized as slow but steady. The activity of the organization has been consistent. All information indicates the NOI and its membership was not involved in the Newark riots during the summer of 1967.

The UNITED AFRO-AMERICAN ASSOCIATION (UAAA) filed a Certificate of Incorporation in Newark on 8/20/65, with the stated purpose being to increase the ability of those living in the community to participate in the social, economic, educational and political life of the city. The headquarters of this organization is presently located at 402 South Sixth Street, Newark.

The UAAA is a local organization and its membership is unknown. A source has advised that the membership is believed small but recently furnished a list of names which

The UAAA is active in local issues mainly concerning the Central Ward ghetto area of Newark. Pamphlets put out by the organization plus the statements of its leader show a Black Nationalist outlook and indicate a propensity for violence.

IIa. AGITATOR INDEX SUBJECTS WHO ARE MILITANT BLACK NATIONALISTS

1. LE ROI JONES [redacted]

LE ROI JONES, well-known Negro author-playwright who continuously calls for conflict with the white race, was arrested on weapons charges 7/14/67, during the Newark riots. JONES is not known to be a member of any particular Black Nationalist organization and his activity indicates he prefers to be a spokesman for and willing to assist any and all Black Nationalist groups.

ReBuTelCall to me 3/12/68, and BuRad 3/21/68.

I have considered this matter, discussed it with appropriate agent and supervisory personnel of the Mobile Office and the following is proposed as a counterintelligence move on KING's Washington Spring Project.

KING has quite a following in and around the Selma, Ala. area and has appeared recently in Selma on one occasion at the church of [redacted] who, at the time of KING's appearance [redacted] was tentatively endorsed by KING [redacted]

In view of the above, it is felt that if some method can be devised whereby [redacted] can be advised of certain items relative to the Washington Spring Project, he would take action to discourage individuals from participating therein.

It is not believed that [redacted] could be contacted by a Bureau Agent, although he has on occasion furnished us information which has proven to be reliable.

It is, therefore, proposed that an anonymous letter be directed to [redacted] wherein it is called to the attention of [redacted] that KING is merely using the Negroes of the Selma area for his own personal aggrandizement; that he is not genuinely interested in their welfare, but only in their donations; that in all probability the individuals going to Washington for the Spring Project will be left stranded without suitable housing or food. The letter should also play up the possibility of violence, particularly the fact that although CARMICHAEL and BROWN of SNCC have a so-called gentlemens' agreement with KING not to take over this action, there exists a strong possibility that such will occur. There is also the possibility of RAM and NOI taking over the project since it lacks organization and direction. The letter should also point out that KING was in Alabama on about 3/21/68, and did not make his schedule in the Selma and adjoining counties area, which was another indication that KING was talking out of both sides of his mouth.

It is felt that this letter should be mailed from either Washington or Baltimore since, if the letter is mailed from anywhere in the south, [redacted] may feel it is the work of the Klan or some other racist group. It is felt that Baltimore would probably be the best since a letter from Washington would indicate the possibility of the government doing this.

Simultaneous with mailing the letter from Baltimore, it is proposed that a copy of the letter to [redacted] together with a cover letter, be mailed to [redacted] The cover letter should indicate that attached was a letter directed to [redacted] and that he [redacted] might want to contact [redacted] relative to [redacted] receipt of the letter and what it said.

The thought behind this is to give [redacted] a chance to interview [redacted] concerning receipt of the letter and thereby create a news story which could legitimately be published and read by the Negro community in the Selma area. It is known that the [redacted] has a large circulation among the Negro community in Dallas and adjoining counties and has taken a rather liberal attitude in connection with civil-rights movements.

188

By handling as above, we would eliminate the possibility of these rumors being attributed to the FBI.

Consideration has been given to some method of discouraging [redacted] for KING's project, and [redacted] and other portions of Alabama. From our contact with [redacted] who is a liaison source, it is the opinion of contacting agents that he is so sold on the project that it is almost impossible to disillusion him.

It is also felt that some method of getting an article in the "Southern Courier" along the lines of the above would have a discouraging effect on the Negro community in and around Montgomery, Ala., since the Courier is very widely read. Consideration is being given to the method of accomplishing this.

The Bureau is requested to consider the proposal set forth above and advise.

[redacted] STOKELY CARMICHAEL called meeting of WDC Negroes during January, 1968, from moderates to militants, to form a Black United Front to act as an umbrella for the protection of all member organizations. CARMICHAEL named temporary chairman of the Steering Committee, stated he did not want to impose his ideology on the group. [redacted]

in WDC.

Of the organizations named above, SNCC is assessed to have the greatest inclination to violence. Propensity for violence on part of the NOI locally does existin view of the exhortations by officials of MM #4 which create an atmosphere of hatred for the white race. These same officials, however, advise their members not to participate in demonstrations, picket lines or public meetings, since disorder at gatherings of this type could easily be blamed on the followers of ELIJAH MUHAMMAD who might be present. Inclination for violence on part of the New School cannot be discounted in view of its attraction as a center or stopping off place for local militants. For all intents and purposes, however, the New School operates under the facade of an institution of learning for the arts, Negro history and cultural affairs. The Black United Front's propensity for violence could possibly be neutralized by the presence of its moderate participants. Members of the Blackman's Volunteer Army of Liberation, few in number locally, are not known to have any propensity for violence; however, [redacted]

195

[redacted] advocated destruction of the white man's property at a rally in Newark in May, 1967. In the case of ACT, [redacted] is the only individual with this organization who is assessed to have any propensity for violence.

Agitator index subjects within the category of black nationalists are [redacted]

3) Organizations which appear to be of such potential danger for counterintelligence consideration seem to revolve around SNCC and its followers, and/or the organizations which SNCC actively support. Primary individual target would be STOKELY CARMICHAEL.

4) In connection with overall consideration in contemplated action and administration of the counterintelligence program, the following may be noted:

A WFO source recently described SNCC as an organization without local organization and direction. Lack of cohesion is illustrated wherein a Buffalo source described the recently formed National Black Anti-War, Anti-Draft Union (NBAWADU) as a SNCC operated project in New York City; whereas, in regard to that organization's activity in WDC which is supported by the Young Socialist Alliance, [redacted] is reported to have looked upon it askance, and has recently formed his own Black Anti-Draft Union (BADU), and has stated this organization has nothing to do with SNCC.

196

WFO 157-1292

In regard to SNCC, WFO is probing for weaknesses which may be uncovered through sources in endeavoring to ascertain the identity of individuals who may be dissatisfied because of personality clashes and/or those who may be disenchanted with volunteer services for SNCC and have sought a salary; and those who may be suspect of "working for the man", i. e., suspect of being an informer.

In regard to STOKELY CARMICHAEL, WFO has carefully considered him from a counterintelligence standpoint since his arrival in WDC to take up residence in January, 1968. However, no positive program has been developed due to the fact that the sedition investigation has been under active consideration from a prosecutive standpoint, and it was felt that a simultaneous counterintelligence program if operational against CARMICHAEL might tend to aggravate possible future prosecution and possibly lead to embarrassment. WFO feels that a positive counterintelligence program would be warranted against CARMICHAEL, especially in the absence of any prosecutive action against him. In assessing CARMICHAEL for potential counterintelligence, WFO has concluded that to be effective, such a program must discredit him in the Negro community where he enjoys considerable popularity, and would seemingly have to be stronger than alleged immoral or un-American political inclinations.

Concerning the Southern Christian Leadership Conference (SCLC) and the Washington Spring Project (WSP) office in WDC, sources who are familiar with SCLC operations have been instructed to look for opportunities to plant seeds of discontent and dissension between the SCLC and the American Friends Service Committee (AFSC) workers there, particularly in the realm of funds; and to give rise to rumors that KING seems to be getting the lion's share of the funds, whereas the AFSC and the poor people who are to participate are getting little or nothing in the way of financial aid. It has been developed that WSP [redacted] since transferred, was at the center of a controversy concerning dissension in the office. WFO is in the process of developing further plans exploiting this dissension.

197

With regard to MARTIN LUTHER KING, WFO will continue to be alert for all possibilities to secure information of value in counterintelligence and for use in the program. It is felt, however, that the office of origin in this matter is in a better position to fully evaluate and be aware of possibilities to exploit in this program.

There is no organized Revolutionary Action Movement (RAM) activity in the WDC area which has risen to the surface; however, in the event any situation should arise which would lend itself to a counterintelligence move, steps will be taken to fully pursue that matter.

A source has advised that the Congress of Racial Equality (CORE) is not currently active in WDC; that it has no organizational structure or planned program of activity. CORE has held no meetings in the past year.

WFO is also looking for opportunities to develop positive information concerning H. RAP BROWN in this area in order to possibly effect a workable counterintelligence operation.

5) As noted above, WFO will continue to exploit all possibilities and opportunities to institute a successful counterintelligence program on the mentioned targets and upon the formulation of a specific plan on any particular organization or individual, will submit same by separate letter for the Bureau's approval.

With reference to Bulets of 3/18/68 and 4/2/68, in the above caption outlining counterintelligence situations with reference to SNCC and the Black United Front, these matters will be taken up by separate letters to the Bureau.

Exact membership of this group is unknown but has been reported by SNCC [redacted] to be approximately 10 members, with meetings sometimes attended by as many as 15 to 20 teenagers. Activity as a group has been limited; however, individuals identifying themselves as SNCC members have participated in sit-ins and minor incidents with racial overtones. Exact membership of this group is unknown but is reportedly limited to Negro students at the University of Washington and not believed to number over 25 students. The group was formed in December, 1967, and activity to date has been limited to on-campus discussions with white students and faculty members for the purpose of outlining issues of white racism and ghetto problems. While the activities of [redacted] and the Seattle Chapter of SNCC have been negligible to this date, the group could be potentially dangerous during the summer months providing [redacted] is able to attract a large following of militant teenagers.

4. The following suggestions are submitted for consideration of overall counterintelligence action in connection with this program:

A. The program should be brought to the attention of Negro employees of the Bureau, and their suggestions should be solicited.

B. All Negro CI's and SI's should be evaluated; and in those instances where they have a potential to contribute to this program, they should be contacted.

C. All intelligence information received indicating that Black Nationalist groups will be the targets for known subversive groups should be exploited.

D. Efforts should be made to actively enlist support of responsible Negro leaders, returning veterans of Vietnam war, and other Negroes who do not support the aims and activities of Black Nationalist groups.

E. Liaison should be established with responsible news media so that full publicity and support will be given to activities of members of the responsible Negro community. If possible these liaison contacts should be directed toward encouraging a minimum of publicity to activities on behalf of the Black Nationalist groups.

5. Suggestions for counterintelligence actions against the targets previously listed as field wide have been solicited from all Agents in this Division. Organization of Afro-American Unity, Inc. (OAAU)

This group was founded by [redacted] There are approximately 30 members of the OAAU in the NYC area. Due to financial difficulty this organization has been somewhat inactive during the past year. In the past some individual OAAU members have been known to carry firearms. However, in view of the fact that [redacted] has had great trouble in getting members to attend meetings and in light of their poor financial condition it is felt that this group does not appear to constitute a threat at this time.

206

Revolutionary Action Movement (RAM)

RAM was officially organized in 1963 by Afro-Americans who support the revolutionary objectives of [redacted] RAM members from NYC usually attend meetings at the residence of its members or will travel to Philadelphia to meet at the residence of MAX STANFORD. STANFORD, the leader of RAM, controls RAM activities in NY. RAM is active in the Harlem and Jamaica areas of NYC.

STANFORD is presently incarcerated in NYC and charged with taking part in a conspiracy to kill moderate civil rights leaders and for assaulting a prison guard while in prison.

It is estimated that there are approximately 12 RAM members in NYC. However, it is noted that at judicial hearings for RAM subjects on the above charges, about 50 persons, whose dress and hair styles indicated black nationalist sympathies, appeared in the court rooms to demonstrate solidarity with the accused.

NY sources advise that at the present time it appears that RAM activity in NYC area is at a standstill. This is mainly due to the arrests of RAM members which took place in 1967 and the present incarceration of MAX STANFORD.

It is noted that RAM has proposed violence in the past and it is felt that if urged on by the leaders, the members would participate in violence and other acts designed to disrupt the normal activities of the country.

207

NY 100-161140

Student Non-Violent Coordinating Committee (SNCC)

SNCC was formed in 1960 as a national organization to work for the attainment of full citizenship for black Americans. It now appears that the ultimate goal of this organization is Black Power.

The NYO of SNCC is located at 100-5th Ave., NYC, and is [redacted] In 1967, it was estimated that active members in NYC consisted of about a dozen members whowere either officers or staff members.

During the recent past many top SNCC leaders including CARMICHAEL and H. RAP BROWN have been quartered in the NYC area. In September, 1966, SNCC members participated in the demonstration at School 201 in Harlem. Even though SNCC maintains only a small staff in NYC they have been very active in this area circulating revolutionary type literature and being involved in the anti-draft movement. SNCC has a common outlook with the black nationalists and has friends and supporters in the new left movement.

By words and literature SNCC has advocated violence. CARMICHAEL and RAP BROWN have the ability to inflame any racial situation into open violence and riot. Therefore, this organization should be considered as having a high propensity for violence.

Yoruba Temple

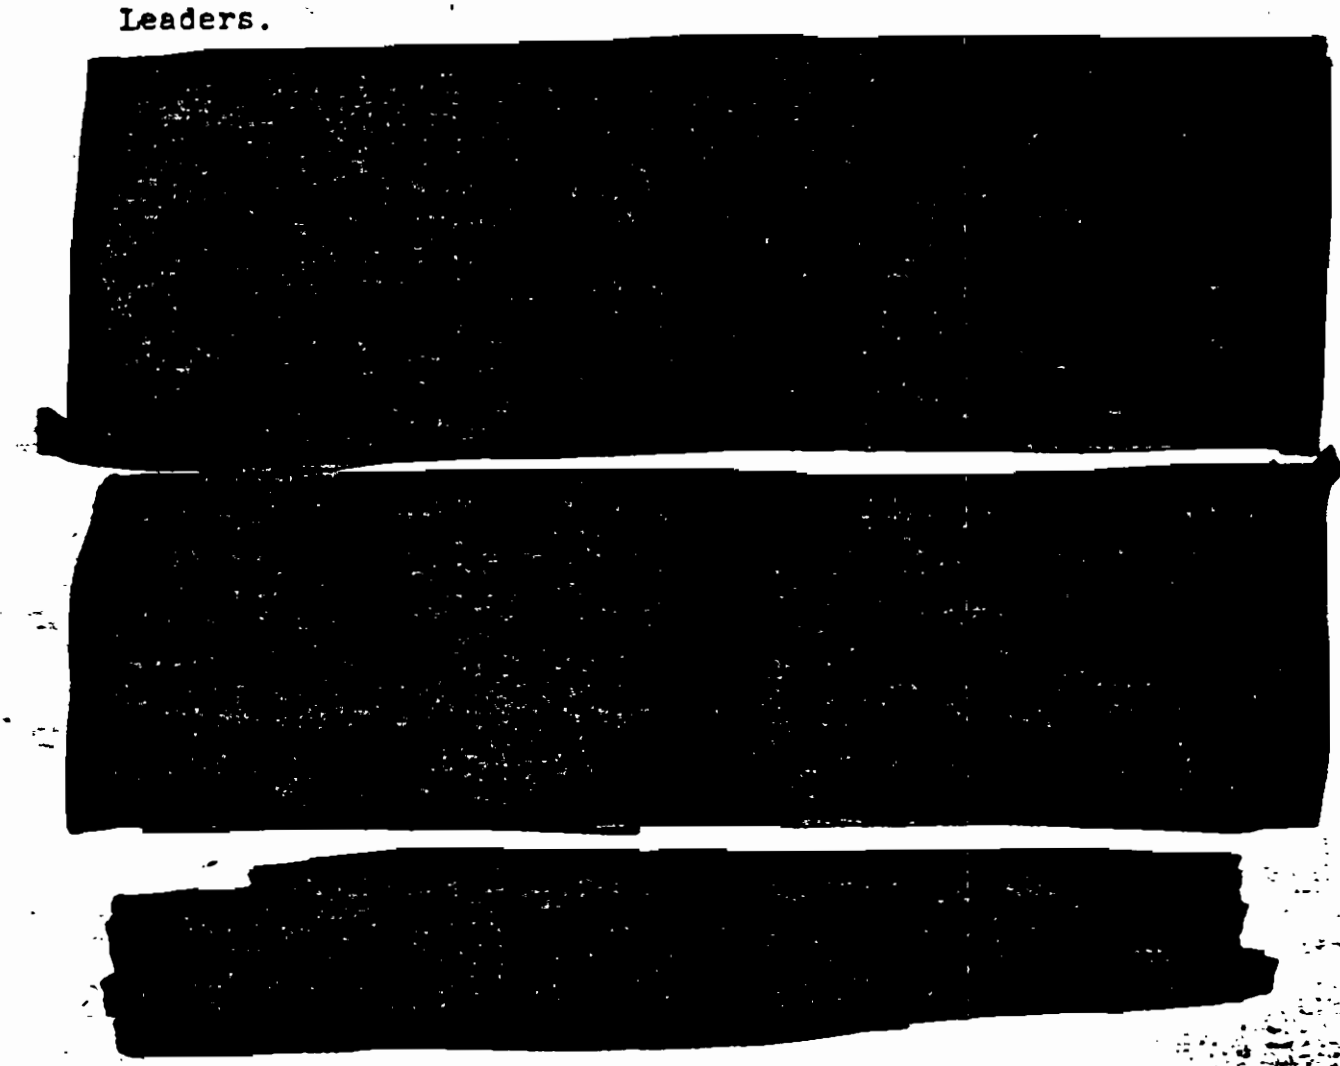
Yoruba Temple first came into existence in NYC in 1959, for the purpose of promoting and teaching African culture to the people of Harlem [redacted] of the Yoruba Temple. [redacted]

Membership is estimated at 20 individuals with another 15-20 individuals attending the functions of the Temple. The Yoruba Temple occasionally takes part in various Harlem functions however, it does not appear that they have been involved in any racial disturbances.

208

As of March, 1968, the Yoruba Temple was not known to have been involved in any acts of violence or in possession of any weapons. Based on past performance, it is felt that the Yoruba Temple could be considered a non-violent group.

RABBLE - Rouser Index and Militant Black Nationalist Leaders.



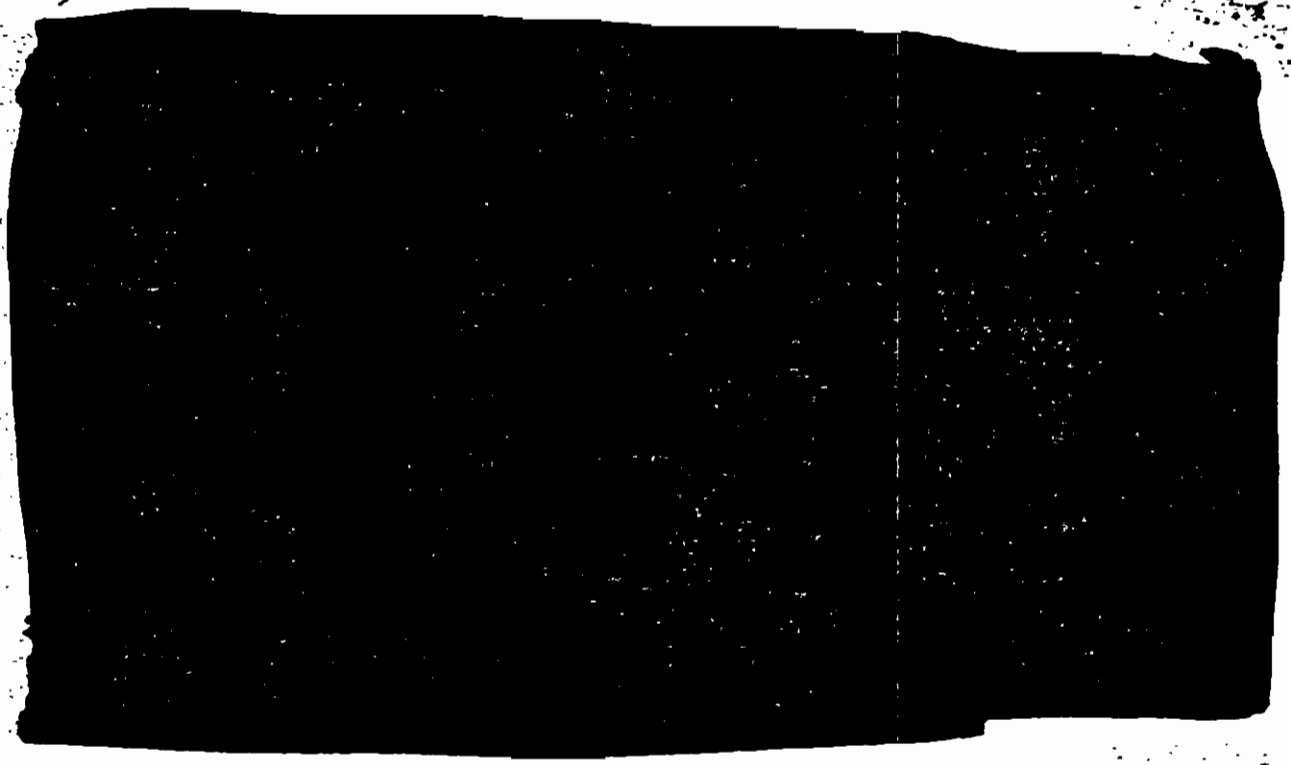
209

[redacted]

ADAM CLAYTON POWELL, male negro, born 11/29/08 in Connecticut now resides in Bimini in the Bahamas. In March, 1967, POWELL was barred from his Congressional Post on basis of charges he misused funds and defied NY courts. He is liable to arrest any time he comes to NY on criminal contempt conviction. In July, 1967, POWELL spoke of Negro violence as being necessary part of the black revolution. In January, 1968, he stated he would join forces with CARMICHAEL and MC KISSICK to form united black leadership to bring together all the forces of black revolution.

[redacted]

210



STOKELY CARMICHAEL and H. RAP BROWN of SNCC should of course be included on the Rabble Rouser list. However since NYO is not the office of origin on either subject we are not including their names on the list of the NYO.

3. Organizations and Individuals to be Considered for Counterintelligence Action

SNCC - This organization appears to have adopted a revolutionary line. Its leaders preach violence and they tell the Negroes to arm themselves.

Nation of Islam - This semi-military type organization appears to have a universal hate for the white man. Because of its one man type control and strict discipline expected of its members, this group could be used in a very disruptive way on the wishes of its leader.

911

Mau Maus - This small group of some 20 individuals is a very militant anti-white organization headquarted in Harlem, NYC. Group is alleged to be armed and is [redacted] who has been described as "emotionally unstable". Group should be considered dangerous even though it is small. If it grew larger in numbers it could pose as a real threat.

RAM - This organization has proposed violence in the past and it is felt that if urged on by the leaders, the individual members would participate in violence and other acts of terrorism designed to disrupt the activities of the United States.

All the above individuals set forth under item #2 should be considered for counterintelligence action. However particular emphasis should be given to the below listed individuals, previously described, who are affiliated with the main target groups.

Individuals:

SNCC -

Mau Maus -

4. Overall Counterintelligence Action

In order to effectively neutralize these groups it appears that current membership must be disenchanted and that future membership must be dissuaded.

Membership in black nationalist and hate groups consists primarily of the intelligensia and the unintelligent. While the technique of ridicule of the leaders, should be the same for both groups, the method of dissemination should be geared to the ability of each to absorb such information. For the first who spend endless hours discussing ways and means to effect their "revolution" a subtle middle class type publication can be used. For the latter a comic book type publication can be utilized.

In both cases light and simple ridicule of leaders should be utilized. While poetry or jingles can dominate the higher level publication plain cartoons and simple ghetto language should be the rule in the publication aimed at the follower and the potential member in his early teens.

The first type publication is envisioned as an adult "coloring book" revealing embarrassing facts about the life of the subject of the book. For example, a coloring book titled "Culla me (H. RAP BROWN)" could contain various data regarding BROWNS early life, his speaking fees, bank account and other facets of his life that show him to be other than a sincere black nationalist. Presentations could concern one piece of data per page with caricatures and appropriate poetry. Factual data is not necessary; the only goal is effect. For example in ridiculing BROWN as a coward

213

among the "revolutionary" groups a series of scenes showing BROWN alighting from an airplane, speaking to a group, then sneaking aboard a plane could be accompanied by a jingle such as:

Ole Rap Brown
Came to town
With his shades
Hanging down

He hollored fight
Take what's right
Then he flew, man
In the night.

It is felt that the humorous approach is the only effective method of securing initial interest. This type publication whether outright comic book, or a more sophisticated "coloring book" appeals to a much wider audience than does the documentary newscast or other serious type publications.

The appeal to children, prospective members of such groups, would be the greatest perhaps. If the youth of the ghetto rejects black nationalism as ludicrous then the neutralization of such attitudes and doctrines can more readily be effected.

5. By separate letters the NYO has made the following recommendations:

Counterintelligence action against the NOI, [redacted] along the lines set out above. The Bureau has approved the NY recommendation and at this time the NYO is awaiting the making up of the suggested comic book type publication by the FBI Lab.

Counterintelligence action against Negro groups from the NY area who might participate in the Washington Spring Project in Washington, D.C. This suggestion was approved by the Bureau and appropriate action has been taken by the NYO.

7/4

Counterintelligence action to be taken against H. RAP BROWN.

The NYO is exploring other counterintelligence possibilit. The Bureau will be kept advised.

II. SUMMARY OF THE BLACK NATIONALIST MOVEMENT IN SOUTH CAROLINA

A. GENERAL INFORMATION

The Black Nationalist Movement (BNM) in South Carolina is relatively new and with the exception of the Nation of Islam (NOI) is taking place primarily on the campuses of educational institutions and/or among student groups. The following are Black Nationalist Groups in South Carolina:

The NOI with groups in Anderson, Charleston, Columbia and Orangeburg, S. C.

The Black Awareness Coordinating Committee (BACC) at the State College of South Carolina and Carver Senior High School, Spartanburg, S. C.

The Afro-American Student Organization at the University of South Carolina, Columbia, S. C.

The Student Nonviolent Coordinating Committee (SNCC) does not have an organization in South Carolina; however, there are two representatives of SNCC in this state. They are [redacted]

1. THE NOI

[redacted] Columbia, S. C. The NOI groups in Anderson, Charleston and Orangeburg do not have a minister and the Orangeburg group does not have a meeting place. Some of the members from Orangeburg travel to Columbia each Sunday to attend Mosque #38. The Anderson membership is composed of 5 members and the Charleston group is unorganized and has a small membership. The Orangeburg group has approximately 15 members and the Columbia Mosque has approximately 25 members.

The NOI in South Carolina is not active in any outside activities. Their part in the BPM in South Carolina is not believed to be an active part. The NOI has taken no part in recent demonstrations or racial incidents in South Carolina and there is no indication that the NOI is planning any activity that would lead to violence.

There are 2 members of the Columbia Mosque who could be considered as believed in favor of violence and who would possibly resort to violence if the proper occasion arises. [redacted]

At this time it is not believed that the NOI in South Carolina is a serious threat so far as violence is concerned and it is not believed that the NOI will engage in any demonstrations in the immediate future.

217

2. BACC

a. At South Carolina State College, Orangeburg, S. C.

This group is composed of approximately 20 members and admittedly promotes black power. The group was organized during the fall of 1967 under the [redacted]. Following the racial incident at Orangeburg from 2/5-8/68 culminating in 2 South Carolina State College students and 1 local high school student being killed, BACC has been active in promoting demonstrations in Columbia, S. C., in which they demanded certain grievances be acted upon by the Governor of South Carolina.

It is believed that this group has a propensity for violence and that their activity will increase in the future. [redacted] may have some influence and will control their activities at least to the extent that no violence will occur. Several members of this group, including [redacted] are definitely black power advocates and have indicated that if violence is necessary to accomplish their rights then they would not hesitate to use violence.

b. At Carver Senior High School, Spartanburg, S. C.

This group of BACC [redacted] Black South Carolina Committee. [redacted] approximately 17. It is believed that this group has a propensity for violence and [redacted] has advised that on or about 4/15/68 violence will occur in Spartanburg, S. C. He made the statement that "we will blow the town and bring whitey around." It has also been alleged that 7 members will take care of the business looting on or about 4/15/68.

3. AFRO-AMERICAN STUDENT GROUP

This is a group of black students at the University of South Carolina which was organized during the fall of 1967.

CO 100-[redacted]

It has been alleged that [redacted] This group participated with South Carolina State College students in the demonstration on the State Capitol Building, Columbia, S. C., on 2/13/68. It is estimated there are 15 to 25 members in this group. Two of the members are considered extremely radical and both are allegedly friends of [redacted] They are [redacted] and allegedly was sent there to cause dissatisfaction among the residents. It is not believed that this group has a propensity for violence as a group; however [redacted] are believed to advocate violence.

B. AGITATOR INDEX SUBJECTS AND OTHER MILITANT BLACK NATIONALIST LEADERS WHO MIGHT BE FUTURE TARGETS OF COUNTERINTELLIGENCE ACTION

[redacted]

219

[redacted]

III. ORGANIZATIONS AND INDIVIDUALS CONSIDERED AS POTENTIALLY DANGEROUS

Columbia feels that all of the above groups and individuals mentioned above are potentially dangerous and should be considered for current counterintelligence action. The reasons have been set forth previously.

IV. SUGGESTIONS FOR THE OVERALL COUNTERINTELLIGENCE PROGRAM

Penetration of the BNM via informants so that prompt, accurate information regarding their plans, activities, and their members is perhaps the most effective counterintelligence operation. This phase is the area of concentration of the Columbia Division at the present time. Complete knowledge of each member of a BNM group is essential to perform effective counterintelligence moves; for example, a complete description of automobiles driven by the members, including the license number, can be furnished to local law enforcement officials so that they will be alert for all traffic violations incurred by these members. The South Carolina Highway Department operates under the point system and when a driver receives a certain number of points as a result of traffic violations, his license is automatically revoked. This automatically

220

raises the insurance premium for the driver in order to get his driver's license re-issued. Columbia feels that this operation has great potential in that it will prevent members from driving and also will cost them money.

Another effective program that can work in educational institutions has already been initiated at Dreher High School in Columbia, S. C. This is a former all white public school that has been integrated for several years. [redacted] This club was formed over [redacted] was worked with this group ever [illegible] and now has the trust and confidence of the great majority of the Negro students. The students come to her with their problems, both in school and in their neighborhood. She in turn will bring these problems to the attention of the group where they are discussed and a solution is found. When one of the Negro students at Dreher becomes a "troublemaker," [redacted] group will contact this "troublemaker" and discuss the situation until the problem has been resolved.

A perfect example of the effectiveness of this program is as follows. During the recent march on the State Capitol, word was passed to all high schools in the Columbia area that the Negro students should participate in the demonstration. [redacted] group hold a meeting, at which time it was decided that no one from Dreher would participate; thereafter, each member contacted all other Negro students at Dreher High School and informed them that they would not participate in the demonstration. As a result of this action, there were no students from Dreher participating in the demonstration even though at the beginning many had stated that they were going to demonstrate.

Columbia is preparing a separate communication [redacted]

Another possibility for counterintelligence operations is through the local offices of the Office of Economic Opportunity (OEO). The Director and Assistant

821

Director of OEO in Columbia are extremely cooperative and have stated they would assist the Bureau in any way they can. Through their work they have close contact with all slum areas and with many of the Negro population in the state. Recently they had an employee, [redacted] who has been submitted for the Agitator Index by the Columbia Division who was fired by the OEO because he was attempting to create trouble among the residents of the slum area in Columbia. [redacted] is constantly on the alert for agitators and will take whatever action is necessary to keep them out of the slum areas in South Carolina.

The NOI in Columbia is at the present time building a new mosque. Their progress is slow and in the immediate future Columbia will submit to the Bureau a letter requesting that the building inspectors in Columbia be contacted in order that they might inspect the construction of the new mosque to see if any violations of the building code have occurred. It is believed that this action will cause a further slowing down of the construction of the mosque and possibly cause them additional financial problems.

Columbia is vigorously following this program and constantly attempting to determine logical and effective counterintelligence moves. A separate communication will be submitted on all counterintelligence moves that Columbia feels will be effective against specific targets. A progress letter will be submitted on 6/1/68.

NOI is active and no propensity for vilence indicated at this time.

At Dayton:

Dayton Alliance for Racial Equality (DARE) with approximate membership of twenty-five.

SNCC with unknown membership.

NOI with approximate active membership of about twelve.

DARE is very active and has strong propensity for violence.

SNCC is very active with very strong propensity for violence.

NOI moderately active with no indicated propensity for violence and presently teaching opposition to violence in the streets.

At Springfield:

NOI Group with approximate membership of ten to twelve. Not very active and no indicated propensity for vidence.

At Steubenville:

Community Organization Members Build Absolute Teamwork (COMBAT). [redacted] has stated he "was going to tear Steubenville wide open until he got what he wanted."

Individuals who are militant black nationalists are listed below. Additional individuals are under consideration for inclusion on the Rabble Rouser index and close check is being made of other individuals who appear to be developing violent black nationalist tendencies:

224

[redacted]

Each racial organization and each individual listed above is considered to be of such potential danger as to be considered for current counterintelligence action. Each has displayed past activities which show their propensity for violence in racial matters. Each has shown they seize such local conditions to foment and augment disorder and violence.

The Counterintelligence Program regarding Black Nationalists and Hate Groups is an excellent program and soundly based. This program has potential for very valuable disruption of this type group. No general suggestions are being made, and there will be concentration on specific recommendations which will be submitted by separate communication.

Progress letters summarizing operations in the Cincinnati Division will be submitted.

Re Bureau airtel to Albany, dated 3/4/68, and Jackson letter to the Bureau, dated 4/4/68.

In accordance with instructions from Item #5 of Page 5 in the first reference above, the following suggestions are forwarded as possible counterintelligence actions against previously determined field wide targets:

I. SOUTHERN CHRISTIAN LEADERSHIP CONFERENCE (SCLC)

MARTIN LUTHER KING

A. KING has changed the date of his Washington Spring Project (WSP) on several occasions; he has, on occasion, announced his anticipated presence at various locations, and then send a top aide instead of appearing himself; he has periodically changed the dates of his appearances in certain geographic areas. Many times, announcements were made when KING was to be at a specific WSP meeting in order to draw a crowd, when actually it was known in advance by KING that he would not attend.

ALL INFORMATION CONTAINED HEREIN IS UNCLASSIFIED EXCEPT WHERE SHOWN OTHERWISE.

Buy U.S. Savings Bonds Regularly on the Payroll Savings Plan

It is felt the above considerations can be exploited to cause confusion in the efforts of KING and his group, and to cause Negro dissatisfaction with his operating procedures. This could be accomplished by the following:

1) When KING is actually to be at a gathering, have informants circulate false information as to time, date and location of KING's appearance, or variations of each, i.e., correct time and place, but different location, correct location, but different date, et cetera.

2) Have informants circulate information that KING is to be at announced local meetings of SCLC groups when, in fact, he will not be present.

3) Announce, through informant, when KING is to be at specific place, that this is only a guise to draw a crowd, and only local leaders will be present, excluding KING.

B. KING and his top aides dress expensively, generally travel via first class means, and stay at first class accommodations usually in predominately white areas of cities he visits. Recently, in Memphis, KING ran from his followers when violence erupted during a march he was leading there. It is felt the above two considerations could be linked to discredit KING and his aides with poor Negroes who he is seeking support from. This could be accomplished by the preparation of a flyer showing photographs of KING and aides dressed well, next to photographs of Negroes poorly clothed; under the photograph would be data concerning his expensive tastes, accommodations, use of private airplane, and related data; with this information would be information concerning

227

KING's deserting his followers during the Memphis riots The key note message would be that KING and his aides are out for their own financial and physical welfare primarily. Flyers could be prepared from newspaper photographs of KING and his aides, or from some photographs available at various field offices. Distribution could be by anonymous mailings to poor Negro leaders, or by placement of copies at Negro meeting places by informants.

II. STUDENT NON-VIOLENT COORDINATING COMMITTEE (SNCC)

This group has discouraged its members from associating with whites. Information has been developed that some leaders and top functionaries, since the establishment of this policy, have periodically maintained close associations, to include residing with white girl friends. Information concerning these associations could be capitalized on by counterintelligence measures to show the hypocrisy of these leaders and to discredit the individuals involved with their new "Black only" oriented associates in the same organization, and to discredit them with leaders of other Black Nationalist organizations withwhom they may be seeking support or rapport.

Specifically, efforts could be undertaken to obtain photographs of the principals involved with their white girl friends. The flyer could then be prepared containing this photograph or photographs. Under the photograph could be information regarding the principals' position with SNCC, followed by quotations of top SNCC leaders regarding associations with whites or Black Separatists statements. The flyers could be mailed anonymously to pertinent National and local leaders of SNCC and/or to leaders of other Black Nationalist organizations advocating Black separatism, rather than simply

228

mailing letters anonymously, these letters could be sent under the guise of Nation of Islam, Revolutionary Action Movement, or other similar groups who could be construed to be criticizing as a group the individuals' activity as a representative of SNCC.

B. Estimate of Propensity for Violence of Above Groups

The NOI group under development in Ocean Springs, Mississippi, is presently not well organized and per informant, group has no current programs to indicate a violence potential.

The Tougaloo College PAC activities have, in the recent past, pertained to the sponsoring of on campus out-of-state militant Negro speakers, voter registration drives, and African culture seminars and lectures. III. ORGANIZATIONS AND INDIVIDUALS CONSIDERED OF SUCH POTENTIAL DANGER AS TO BE CONSIDERED FOR CURRENT COUNTERINTELLIGENCE ACTION

A. Tougaloo College PAC

Justification:

PAC, due to its affiliation with the SNCC, the latter of which is motivated by a revolutionary direct action philosophy that places no faith in normal and democratic procedures.

B. [redacted]

Justification:

Due to his affiliation with SNCC, his association with STOKELY CARMICHAEL, and his past strong anti-white and anti-establishment statements.

C [redacted]

Justification:

Due to position with SNCC [redacted] and his frequent travels to areas of racial unrest when violence breaks out.

D. [redacted]

Justification:

233

Due to his position as member of [redacted] and his recent unauthorized travel to Havana, Cuba with other SNCC functionaries.

IV. SUGGESTIONS FOR OVERALL COUNTER-INTELLIGENCE ACTION FOR THE ADMINISTRATION OF THIS PROGRAM

A. Administrative Suggestions

1) Expeditiously or periodically, as appropriate, advise pertinent field offices of various successful techniques utilized by other field offices generally and specifically in these matters.

2) When successful counterintelligence material determined appropriate to only one specific Black Nationalist organization, that this data be expeditiously forwarded to field offices with units or subunits of same organization so as to maximize utilization and effect of counterintelligence measure.

B. Overall Counterintelligence Action

That in devising overall counterintelligence efforts against Black Nationalist organizations consideration be given to effort of counterintelligence actions if of publicity nature, on white hate groups who may capitalize on data published or publicized to seek, promote, and obtain support or members for their own organizations or use data as basis for violent action.

The Jackson Division is submitting by separate letter suggestions for counterintelligence action against the targets mentioned in reference as field wide. Additionally,

234

Jackson is considering measures against individuals listed under III above and when measures devised, will submit letter with the request for Bureau approval of same.

RACIAL INTELLIGENCE

ReBuairtel to Albany, 3/4/68.

The following information sets forth the Counterintelligence Program for the Albany Division, as requested in referenced Buairtel:

1. [redacted] has been assigned as coordinator of this Program for the Albany Division.

2. "The Brothers" (TB) is presently under investigation by the Albany Office, which investigation was predicated by allegations made against them during the racial disturbance of 7/27/67, at Albany, N. Y., that they had a part in inciting the riot. Informant coverage of this organization has reflected no plans for participation in racial disturbances to date. TB membership is estimated at 25 to 30 members. Activities have been limited and centered around housing conditions and unemployment opportunity. TB are not considered by this office to be in a position to instigate violence in view of the fact few Negroes in the Albany area follow them as a legitimate organization.

The "Nation of Islam" (NOI) has been unsuccessfully attempting to establish themselves in Albany and Syracuse, N. Y. To date, neither location has a self-sustaining mosque which is due to the lack of local support and interest. All NOI activities for Albany are under the direction of Mosque #13, Springfield, Mass., and Syracuse NOI activities are under the direction of Mosque #23, Buffalo N. Y. There are presently six Albany residents who are known members of the NOI. Investigation at Syracuse has revealed

no local residents as members. Investigation at Albany and Syracuse has reflected no participation by the NOI in fomenting racial disturbances or planning of same.

[redacted]

AL 157-231

3. Presently, racial activities in the Albany Division are dormant regarding the existence of a propensity for violence. The organizations and individuals set forth above are not considered to be of such potential danger that they should be considered for current counterintelligence

[redacted]

4. The local police departments are naturally concerned over possibilities for violence and the prevention of violence as is the Bureau. In connection with this mutual concern, the Albany Division is submitting the following plan as a possibility for counterintelligence action. Regarding those individuals who may be designated as a target, discreet liaisons should be maintained with trusted and established sources within the local police departments so that they may designate these individuals as targets also. Through the police departments, a series of traffic tickets can be issued to the target, of which the target's copy will be destroyed, until such a backlog of "unpaid" tickets is accrued that the issuance of an arrest warrant is necessary. The warrant would be held in abeyance until such time as violence may appear imminent and that the target may be engaged in fomenting this violence. The warrant can then be served and the target arrested and incarcerated, thereby preventing his presence on the streets to incite the racial strife.

5. By separate letter, suggestions for counterintelligence action against the Student Nonviolent Coordinating Committee, Southern Christian Leadership Conference, Revolutionary Action Movement, and the KOI will be submitted.

238

AL 157-231

On a 90 day basis, the Albany Division will submit a progress letter summarizing counterintelligence operations proposed during that particular period, as well as the effectiveness of these proposed actions after approval by the Bureau.

Memorandum

TO : DIRECTOR, FBI (100-448006) DATE: 4/5/68

FROM : SAC, ST. LOUIS (157-5818) (P) (NOS)

SUBJECT: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST-HATE GROUPS
RACIAL INTELLIGENCE

Re Bureau airtel dated March 4, 1968.

[redacted] is assigned to co-ordinate the captioned Counterintelligence Program in the St. Louis Division.

The Black Nationalist movement in the St. Louis Field Territory is summarized as follows:

The only active Black Nationalist Extremist Group is the Nation of Islam (NOI), Mosque Number 28. This Mosque has been active since approximately 1954 and has a current membership of approximately one hundred. The fourteen officials of this Mosque are currently on the Security Index of the St. Louis Division and recommendations will shortly be made for inclusion of the top four officials to be placed on the Rabble-Rouser Index.

In the past, all violent activities of the NOI have been directed against current or former members of the organization. In public and in private this group has stated that it is against violence. It is not unlikely, however, that the leaders in the Mosque will not always be able to control the individual activities of the members, some of whom may be prone to agitate local disturbances.

The Rabble-Rouser Index of the St. Louis Division currently includes three individuals who may be considered Black Nationalists. They are as follows:

[redacted]

In spite of its record for avoiding racial disturbances, the NOI Mosque Number 28 must still be considered a potential source of racial agitation. The Mosque is strong in both membership and finances and the discipline of both the National and Local leaders is well evidence. It is felt that the primary area of other intelligence activity against this organization should be concentrated toward discrediting the leaders and the organization as a whole and thus frustrating their attempts to increase their membership and influence.

The above three mentioned individuals, who now appear on the Rabble-Rouser Index are all excellent targets for Counterintelligence action, inasmuch as any one of them, particularly [redacted] might serve as a catalyst for individuals in the area espousing Black Nationalism.

[redacted]

It is felt that other intelligence activity against [redacted] would be particularly effective in preventing any unification or coalition of various individuals in the St. Louis area, who favor Black Nationalism.

Although this Division currently has no active Chapters of SNCC or Revolutionary Action Movement (RAM), any attempts to start such organization in this Division should receive concentrated Counterintelligence activity, in order that these groups potential for violence could be negated.

FROM : [redacted], LOS ANGELES (157-1253) (P)

SUBJECT: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
RACIAL INTELLIGENCE

Re Bureau airtel dated 3/4/68.

1. [redacted] has been designated coordinator of the counterintelligence program against Black Nationalist - Hate Groups for the Los Angeles Division.

2. The following Black Nationalist Hate type groups are active in the Los Angeles area at this time. They are given a priority listing based upon an evaluation of their size, aims , and propensity for violence. It is believed that counterintelligence action should be instituted first against those organizations heading the list. This target evaluation is based upon the opinions of the agents handling these organizations as well as information from informants in contact with these groups.

US

This organization is probably the fastest growing group in the Los Angeles area. It has about 200 members, of which approximately 20 are considered "hard core." The group claims to be culturally oriented, however, its leaders make rabble rousing speeches designed to appeal to the emotions of their listeners with suggestions of revolution and violence. It is rated as having a potential for violence.

STUDENT NON-VIOLENT COORDINATING COMMITTEE (SNCC)

REC-59

This is a newly reorganized and reactivated group with an estimated 30 members. It is rated as having a potential for violence based on the composition of its leadership and membership rather than its size.

BLACK STUDENT UNION (BSU)

This is a collection of college campus black militant organizations operating on several local college campuses with a total membership of about 150. Based on several past acts of violence in the State of California it is felt this organization has a potential for future violence.

MUHAMMAD'S TEMPLE OF ISLAM # 27

This group is a militant black nationalist branch of the followers of ELIJAH MUHAMMED. It has an estimated 550 members of which approximately 100 to 125 are considered hard core.

BLACK CONGRESS

This is a coalition of Negro organizations, both militant and non-militant. It has sponsored little or no activity. It publishes a newspaper featuring articles by various Black Nationalist extremists.

UNITED FRONT

A black nationalist organization composed mostly of young Negro teenagers. It teaches a pro-Mao philosophy. It has a potential for violence, however, it appears it is in the state of collapse due to internal dissension. Membership is estimated at 25, with possibly 4 or 5 hard core members.

BLACK ANTI-DRAFT UNION

This organization is engaged mainly in organizing resistance by Negroes to military service and teaching racial hate. It appears there may be some latent potential for violence. A small collection of individuals, no formal membership requirements.

FELINE DRAFT MOVEMENT

This is believed to be a one man paper organization with no significant membership.

The following black nationalists are included in the Agitator Index (AI).

[redacted]

245

[redacted]

3. It is recommended that the US organization and [redacted] be considered for current counterintelligence action. As noted previously, US is the fastest growing group in the Los Angeles area. The members wear colorful costumes and many have shaved heads, which is almost a trademark of this group. The costumes and dress of this group constitute a fad, and as such are especially attractive of the younger fad-conscious Negroes. To prevent the long range growth of militant black nationalist organizations among youth, as well as the prevention of violence, which are both goals of this program, suggestions for counterintelligence action against this group and its leader are being submitted by separate letter.

Recommendations are being submitted by separate letter for counterintelligence action against the local SNCC group and its leadership because of the nationwide program against this organization, and because it appears it may become a collecting point for various individuals wishing to agitate, but not now affiliated with some other organization.

Suggestions for counterintelligence action are being submitted by separate letter recommending counterintelligence action against the local Nation of Islam group, as a part of the national campaign against this organization.

4. Concerning overall counterintelligence action, there appears to be no effective national coalition of Black Nationalist groups. It appears that some of the leaders fear they might be forced out of their power positions by potential leaders both from within and from outside their organizations. It is suggested that every effort be made during interviews of black nationalists to build on these fears by rumor and innuendo,

246

and otherwise exploit minor frictions and differences. For example, a rank and file member of the Southern Christian Leadership Conference (SCLC), might be asked during an interview if there was anything to the rumor that STOKELY CARMICHAEL plans force MARTIN LUTHER KING out of the SCLC and take it over, or even some more plausible type of rumor. It is felt that such activity might be useful in preventing the formation of a coalition.

Agents assigned to work racial matters have been fully advised of the importance of the counterintelligence program. Any suggestions or ideas will be submitted to the Bureau for approval, in accordance with Bureau instructions.

4. This division feels that the Bureau must strive to eliminate the facade of civil rights and show the American public the true revolutionary plans and spirit of the Black Nationalist movement and its leaders, expose and discredit them in the eyes of responsible individuals and organizations

who contribute financially to their activities as well as pay honorariums for personal appearances. It is felt that by educating state and local officials as well as the general public who are not privy to the knowledge in possession of the Bureau, these leaders could be isolated to influencing the small hard core group of revolutionaries. Charlotte would suggest that this expose could be accomplished through (1) A congressional hearing; (2) Leaks to friendly news media; (3) obtaining the mailing lists and bulk mailing permit numbers of the subversive organizations and counterfeiting literature damaging to the organization; (4) fictitious letters to news media exposing their plans. Counterintelligence should also be directed against the individuals personally in an attempt to disrupt their personal and official activities and plans. The following means are suggested:

(1) Intimate knowledge of the individual's daily activities is vital to implement an effective counterintelligence campaign, and therefore, mail, trash and telephone covers as well as fisurs, should be considered in order to obtain leads for counterintelligence purposes.

(2) Prior to appearance of the individual at a campus or public function, fictitious letters should be circulated calling for extreme violence in the name of the subject speaker.

(3) Physical surveillance of the subject's motel room for immoral conduct. When such is detected, an anonymous phone call to the local Police Department and newspapers.

(4) Anonymous calls to the subject's wife alleging infidelity with his traveling companions and/or female co-workers.

(5) Selected personal appearances could be disrupted by anonymous bomb threats at the auditorium.

(6) When sufficient data is collected regarding subject's income, conferences should be had with IRS.

(7) The regulatory powers of local and state agencies should be utilized to police the minor transgressions of the subjects, such as building codes, permits, traffic violations, etc.

(8) The planting of stories that the subject's close "Lieutenants" are informants.

A separate letter is being submitted regarding suggestions for counterintelligence action against targets listed in referenced airtel.

The US Group under the [redacted] is an anti-white group of Negroes who speak of violence and riots and advocate the killing of whites. Their membership is estimated at from 25 to 35 hard core members. They are allegedly all armed and speak of acquiring more weapons for their eventual struggle against the white community. Muhammad's Mosque No. 8 of the Nation of Islam, located at 2575 Imperial Avenue, San Diego, California, has a membership estimated at between 80 and 100 persons. Currently they are following a docile policy opposed to violence and bearing of arms, although they continue to be anti-white, anti-Christian, and call for separation of the races. Recently the Minister of Mosque No. 8 and the Captain of the Fruit of Islam of this Mosque actually appeared at the San Diego, California Police Department and reported two members of the Mosque who they said were in possession of firearms. They said it was not the policy of the Mosque to bear arms or to participate in riots or violent activity. They said they would not cooperate with other Negroes in such activity. [redacted]

The US Group and the Nation of Islam are the only groups in San Diego considered Black Nationalist in nature.

The following individuals have been placed on the Agitator Index and are considered Black Nationalist leaders who should be targets for Counterintelligence activity:

[redacted]

It is felt that the US Group and its [redacted] as well as other hard core members of this group should be the number one target of counterintelligence activity in San Diego inasmuch as this Group openly advocates violence and is potentially dangerous because all members of this paramilitary group are armed and are violently anti-police and anti-white. It is believed that this group would become involved in planned destruction in the event of a riot in San Diego.

Muhammad's Mosque No. 8 of the Nation of Islam in San Diego is at the present time, a stabilizing influence on the Negro in San Diego. For this reason, it is felt that they should be considered only a secondary target for counterintelligence activities until such time as this situation changes.

[redacted] is an independent racist who attends racist and Black Nationalist activities and is violently anti-white. [redacted] He used this position to further the Black Nationalist cause in San Diego. For the past year, Agents of the San Diego Office have, whenever the opportunity presents itself, discredited [redacted] to his employers and other influential Negroes. As a result of this program and because of statements made by him and because of his associations and activities, [redacted] It is felt that [redacted] should continue to be a target for counterintelligence activity because of the influence he wields over the Negro community and because of his Black Nationalist tendencies.

PURPOSE:

To secure approval for the anonymous mailing of 273 cartoon leaflets to members of the militant Nation of Islam (NOI) in New York City exposing the financial chicanery of the NOI.

BACKGROUND:

The New York Office has determined that members of the highly militant, anti-white race, Nation of Islam are required to contribute $48 a month dues plus sell the group's newspaper, "Muhammed Speaks," in the amount of $[redacted] a month for a total of $144 per month. With 500 people in the NOI in New York this represents a "take" of $72,000 per month in the New York "Mosque," or Temple. Of course, not all members fully comply with the newspaper and dues requirements, but any loss in this area is made up by collections at meetings, the "Saviors Day" collection (Elijah Muhammed's birthday), and the businesses run by the NOI.

Re: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS

New York has prepared a cartoon-type booklet in rough-draft form pointing out how NOI leaders live well off the membership's money. New York recommends this booklet be prepared in final form by the Exhibits Section, 273 copies be made and mailed anonymously to 36 members of the NOI who are on the Security Index and to 237 members who joined the NOI as shown on a 1964 membership list. The mailing would be made in commercially purchased envelopes to protect the Bureau.

Attached for the Exhibits Section is a work order and a sample pamphlet furnished by New York. Minor changes have been made in the pamphlet to conform to NOI terminology. The pamphlet will be reduced in size to facilitate mailing.

ACTION:

That this memorandum be routed to the Exhibits Section for preparation of 273 copies of the pamphlet and thereafter New York be authorized to mail them anonymously to NOI members in New York.

PURPOSE:

To recommend a pamphlet by Stokely Carmichael, militant black nationalist, explaining his theory of revolution, be furnished a cooperative news service by the Crime Records Division.

BACKGROUND:

An informant of our Atlanta Division furnished a pamphlet entitled, "Ndugu Stokely From Africa." "Ndugu" means "the honorable" in Swahili. This eight page booklet (Xerox copy attached) is a succinct outline of Carmichael's revolutionary theory. It shows considerable thought and study of revolutionary planning on his part. Read in its entirety it is a frightening picture of what Carmichael would like to achieve.

Carmichael's call for a united front by black people "from the N.A.A.C.P. (National Association for the Advancement of Colored People) to the Muslims" is set out. He says Negro blood should not be shed in Vietnam, but only "for the Motherland, Africa." He calls for Negro youth "to prepare themselves for paramilitary training" and says the Negro is "prepared to fight, but we will decide when to

fight." Carmichael says the slogan for Negro youth is "The Black Youth is a Revolutionary Youth By Nature."

SUGGESTION:

Atlanta furnished this pamphlet with the suggestion that its dissemination to all Special Agents would underscore the seriousness of Carmichael's threat. We feel the pamphlet should be brought to the attention of the public as a whole to show the extent of the threat. A thoughtful press analysis of the pamphlet, on a nation-wide basis, would demonstrate to Americans that Carmichael is not interested in the plight of the Negro but simply in revolution and the destruction of this country. It would show that Carmichael's loyalties are to Africa and revolution, not to this country and freedom.

Atlanta advised that publicity about this pamphlet would not jeopardize the source who furnished it.

RECOMMENDATION:

That a Xerox copy of this pamphlet be furnished a cooperative news source by the Crime Records Division on a confidential basis to expose Carmichael's overall revolutionary plans.

STOKELY SPEAKS

FROM AFRICA

STOKELY CARMICHAEL'S MESSAGE TO BLACK PEOPLE FROM OUR MOTHERLAND — AFRICA!

Today is November 13, 1967. We are sitting in the Mid[illegible] Africa, Tanzania . . . On this trip we have seen a lot of [illegible] we have come to know a lot of important things and we [illegible] now is the time for us to begin to move as a coordinated unit.

We face a lot of problems today, especially the Afric[illegible] ern, but the first thing that we all must begin to unders[illegible] that we are not isolated. First, we are Africans living in the U[illegible] States, but we are first Africans. Our ancestry and our [illegible] in Africa. The African has been scattered all over the W[illegible] World. We are to be found from South Africa to Nova Scotia [illegible] we must begin to recognize this fact—this is the first thing we [illegible]

understand. It must be crystal clear in our minds that today the African represents 900 million people in the world today. We can be found all over Africa. We can be found all over the West Indies. We can be found all over the Antilles. We can be found in Cuba, where we are 60 per cent. We can be found in Bolivia where we are thirty-five to forty per cent. We can be found in Panama, in Colombia, in Venezuela, in Guyana, in Nicaragua, in Guatemala— all the way up into the United States and into Nova Scotia. Today in Nova Scotia the African-American represents the majority of the people. Once we begin to understand as Brother Marcus Garvey tried time and time again to explain to us and as Brother Malcolm himself understood when he took his trips through South and Central America, how strong we are, then we will begin to stop feeling that we cannot do anything. That is first and foremost!

Secondly, we must begin to understand that wherever the African is oppressed, be it in the United States, be it in Nova Scotia, be it in Puerto Rico, or be it in Africa, WE are oppressed. This is first and foremost in our minds and it must ALWAYS be in our minds and we MUST be crystal clear about that.

Now then, we have to talk about the problems that the African faces in the world today. We must talk about the problems the 900 million Africans face in the world today. The first problem is that we are oppressed wherever we are because of our color. We are *oppressed because of our color* and we must begin to understand that it is *this* that we are going to use to unite us and bring us together. We must begin to talk about this and not make apologies to *anybody*—anybody *at all* for what we have to do.

Number One: We begin to decide inside the United States to form what is called a United Front. That is to say, we will form a United Front with all groups from the N.A.A.C.P. to the Muslims. And this United Front will say very clearly that all of us are the same people and we are fighting for the same things and that publicly we will never attack each other. *We will never publicly attack each other* because the masses of our people need to see us unite.

ferences will be settled in the backrooms; never publicly. [illegible] Malcolm tried time and time again to emphasize this, but since this trip we have come to understand how very important it is because the honkies played that up outside—especially in Africa—where it seems as if we are divided and we don't know where we are going.

The second thing is that we must remember that whenever we talk we must be concerned with our Motherland, Africa. Africa is our Motherland. That is where we were *raped* from. That is where our ancestors are. That is where the blood of our blood and the flesh of our flesh is. We *must* always talk about Africa because United Africa today can become the power in the world that will serve as protection for the Africans; especially the African inside the United States, but also other African's outside of Africa. We must revive the concept of Marcus Garvey and understand what he was talking about when he said "*Africa is our Motherland.*" If our blood is to be shed today we must make is clear it will be shed for three reasons and these three reasons only: Number one, for Black people wherever they are; Number two, for the Motherland, Africa; or Number three, for the oppressed people of the world. Our blood will never be shed for the white man. We have shed our blood too long for the white man with nothing for it. Our people, our Motherland, and the oppressed people of the world.

Now then, since this is addressed to a youth conference, we ought to talk about the role of the youth in our movement. The first thing is that it is very important for the youth of our [illegible] have a meeting by themselves. But it is also important that they do not use age as a criteria to eliminate many of our people, because many of our people who are older are very, very clear and know precisely what must be done and have the experience that we need in order to help us map out a program for our future strategy and to help us form an ideology. I do not need to mention Brother Malcolm X who was over 30 nor do I need to mention [illegible]

DuBois who was in his nineties nor do I need to mention Marcus Garvey or many of the other brothers today who are over 30 and are fighting. So we cannot let age be a criteria to seperate us. The youth need to have a meeting. They must begin to plan and to find out ways in which they can support and supplement the struggle. But they cannot isolate themselves from people over 30. There are too many people today over 30 who can really help us and really must.

The first role, then, of the youth in our race today is, Number One, to begin to organize themselves first. In our countries today our youth are divided by gang structures which fight and murder and plunder and kill each other. The first role of our youth if they're going to be serious is to contact all of these gang leaders and to begin to bring them together and to explain to them that we will not fight each other any more, nor will we wage gang wars among our Puerto Rican brothers because many of them are from Africa and the blood of Africa flows through the veins of Puerto Ricans. Nor will we wage war on our Mexican brothers. We will not wage war on them. That is the first thing that you as youth are supposed to do and if you are to be serious you must, when you leave this conference, go back and contact those gang leaders and begin to bring them together to the first thing to map out a peace strategy so that we will not fight each other.

Number Two: Many of our people today need a pride in themselves so they can begin to feel that they are men, so they can begin to feel they are women, so they will not feel degraded and dehumanized. The job of the youth is to begin to give pride to our older generation. The way they can do that is to set an example of unity and love among our people, outside of words. Those must begin to come about and to begin to show a great deal of respect for our race.

Number Three: Fortunately many of the youth of today in our race are literate. Many of our people are illiterate. We must begin to render services to our people. This is very, very important. Our people will back us and will fight. But they will only fight if they can see that they are getting something concrete from the fight. If the fights are just being wasted in frustration they will refuse to fight. We must begin to get our people to fight but we must give them something concrete in that fight so they can see that they're getting things so they will continue to fight. The role of the youth then is to begin to set set up organizations inside our communities that will love Number One, begin to teach our people who cannot read and write TO read and write. We must first begin to talk about wiping out illiteracy in our community.

Next, the youth must begin to show to the older generation the mistakes that they have made and that we must explain to them carefully so that we do not alienate them from our ranks. We can not alienate them from our ranks. We must begin to show them the mistakes they made and show them that we are willing to move to correct those mistakes and to find the path that is going to lead us to our liberation. The first way, of course, is to show them the mistakes they made in fighting for the wars of the white man. This is a slow and tedious job. But we must slowly begin to do so.

to them that we cannot fight in this war and why it is imp[ortant] for them to back us in a resistance movement to the war in Vi[etnam].

Next, the youth of our country must begin to prepare the[m]selves for paramilitary training. That is clear. There is no need for us to dodge the issue any more. We prepare ourselves for military training and we make it clear we recognize that they are going to move to commit genocide against us and we must be prepared. We are not going to let them provoke us into a mass war now because we are not prepared to wage that war. But we make it clear that every time they touch one of us *all* of us will fight whether we are prepared or not. Any time they touch one of us *all* of us must *fight* and the reason is so that we let them know that when they come to get us they must be prepared to lose some of their people. That is to say we are always prepared to fight, but we will decide when to fight.

There are many of us who frown on the question of reading books and understanding what is going on, but in your cadre you should select a number of people whose job it is to read everything that comes out in the newspaper and begin to analyze those [things] and to produce solutions for the benefit of the masses of our [people]. Never for a few intellectuals or the few bourgeois in our people but for the masses of our people. A clear understanding of the political situation of the United States is necessary before we move.

There are a number of youth in our community today who run around shooting off their mouths about Black Nationalism, etc., etc. Our job is to begin to corral those youths who have the energy and begin to give them precise things to do. I do not want to outline for you your specific program. That is your job. It is your organization. But it is clear that talk is no longer going to fill a program for us—for our people. You must begin to organize precisely and give people things to do; no matter how little those things are. This leads us to the question of organization.

We have to begin concretely and seriously to organize our people in everything they do. We will organize everybody and everything.

the simplest thing, from sewing clubs to political [illegible] the question is organize. Organize our people, organize our [illegible], organize our teenage girls, organize our teenage boys, organize our fathers, organize our poor people, organize our babies, organize, organize, organize! And those organizations *must* be sound. We cannot just talk about organizing. You must have a conference. Your job is to begin to find out what organizations are viable, how they can continue and how they can all hookup into a national structure for our youth. I have many suggestions, but again, I think it is important for you to begin to try and map these out for yourselves.

You must begin to find new ways to try to finance our movement. Our movement is going to be financed by us, Black people. You must concretely work out ways to finance that movement.

The federal government today is pumping a lot of money into our communities. The reason this money is coming in is not to help us. The reason is to divide once again and to conquer us. You should begin to map out a strategy for the youth with what the poverty program is concerned, because you represent the force that they are unable to deal with. You represent the force that is ready to fight for our people anytime, anyplace and anywhere. And it is you they are going to seek to try and divide and distort and whitewash. Therefore you should begin to see how the community *us* can control the poverty program and use it for our benefit. If we cannot control it you should seeks ways to disrupt and destroy it.

The question of culture is very, very important. It is very closely hooked to the question of history. We must begin to reclaim our history and our culture. We must begin to push to our people the need for them to stop imitating the standard of beauty of white society. The wearing of "natural" is a very important political weapon. We must try to convince our people to stop frying their hair. The youth can do this because you represent the beauty of our race. If we are going to participate in the nonsense of beauty queens, etc., etc., we should begin to find people who are black and who represent us from the sense of blackness. That is to say, regardless of the shade of their skins people who appreciate their hair and do not wear a lot of nonsensical makeup and fry their hair. That you can begin to do.

The youth must begin to create an atmosphere of self-[illegible] in our communities. That is to say that we depend upon ourselves, on no one else. And unless the youth in our community is willing to demonstrate that they do not depend on any white people, will not be able to encourage our older generations or our generations to come. Self-sufficiency should be your law number one. We depend on ourselves, Black people, all 200 millions of us wherever we are, we depend on ourselves.

We begin to read books published by black people, written by black people. We can read other books by other revolutionaries, but our first task is to begin to create heroes among ourselves whom we can admire and who can inspire us. Your job is to begin to read Frantz Fanon. Your job is to begin to read Marcus Garvey, Richard Wright, LeRoi Jones. We must begin to read to analyze these people. Then we can read other revolutionaries like Che Guevara [illegible]

must begin to understand that to get an analysis of our problems we read our people and we draw from other revolutionaries around the world. Your slogan should be: "THE BLACK YOUTH IS A REVOLUTIONARY YOUTH BY NATURE." We are revolutionaries, nothing less.

You should establish a cultural department in your conference whose job it is to further Black Culture across the country. You *must* begin to consciously organize a program to further Black Culture. To talk about furthering it without organizing to do it is going to be our downfall. You *must* organize a cultural department.

You cannot be isolated. We cannot be isolated. You should seek then to move to build a national youth organization. A national youth organization, which receives its programs from the bottom, never from the top. That is to say the president or vice-president of the organizations do not decide the programs. The programs will be decided by the local chapters who are working with the masses of our people, then carried out and articulated by the leaders of that national organization.

In our organization we cannot eliminate ANYBODY! We must organize *everybody;* the drunks, the prostitutes, the pimps, the gamblers, the hustlers, the preachers, the sisters in the church, the sisters, mothers——we must seek to organize *EVERYBODY!*

We must begin to learn Swahili. We must begin to learn Swahili. We must spread it all over the country.

In summing up: The youth should try and subjugate itself to a national organization which must be created among our different organizations accepting the political ideology where we can agree with it. If there are to be disagreements, then we meet and try to work out these disagreements behind closed doors and we will try and support these programs to begin to give some continuity to our struggle. We must realize that our struggle did not start in 1930 nor did it start in 1954. Our struggle started four hundred years ago when the first white rapists came to Africa and tried to rape us. We have a continual struggle. Our

struggle does not end in 1970 or 1972. We must be prepared to wage a long struggle and we must recognize that our fight will not even begin to *show* any sort of solutions for at least ten to twenty years and we must be willing to commit and dedicate ourselves to these years of struggle. We must be willing to say that if this entire generation of black youth must fight and be wiped out so that our generation that comes behind us can live like human beings we are willing to commit this generation to that fight.

Finally, the most important thing for the youth is to begin to show love for our people; undying love for our people which we have never been able to find. Love. Love, love, love and we do not and NEVER apologize for hate. If we hate white people we tell them we hate them because we love our people so much and because they try to hurt our people we are willing to die fighting with guns in our hands. Let us not be discouraged. There are going to be many of us who are going to die. But let us tell them it is from the blood of Patrice Lumumba, it is from the blood of Huey Newton, it is from the blood of a hundred and thirty brothers and sisters who have died in the last three years of rebellion, it is from the sweat of twenty-eight thousand of our brothers and sisters who are in jail all over the United States because of rebellions, it is from THEIR blood that we will continue to fight. And if Rap Brown dies it is from his blood that will spring millions more ready to die! Blood and death will not stop us! We must march on! We must move on!

This is the generation of Africans that is going to reclaim the humanity of our people. This is the generation of Africans that is going to reclaim our Motherland. We cannot lose once we begin to struggle. It is a question of liberation or death, that is all. Let us make it crystal clear to the world that *this* generation of Africans are going to have Black Power in the world one way or the other.

Thank you brothers and sisters. Keep on fighting. I'll be home within a month. BLACK POWER!!! And no matter what, we must go to T C B.

SUBJECT: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
RACIAL INTELLIGENCE
(WASHINGTON SPRING PROJECT)

PURPOSE:

To recommend item be furnished cooperative national news media source by Crime Records, designed to [illegible] success of Martin Luther King's fund raising for the Washington Spring Project.

BACKGROUND:

Martin Luther King has now scheduled the Washington Spring Project, his "poor people's march on Washington, D. C.," for the latter part of April, 1968. King's organization, the Southern Christian Leadership Conference (SCLC) has sent out a mailing to 70,000 potential financial contributors. King asked these 70,000 to contribute to the Washington Spring Project for the feeding and housing of the marchers.

At the same time, churches in the Washington, D. C., area have said they will feed and house King's marchers.

SUGGESTION:

That the above facts be given a cooperative news source by the Crime Records Division so that a story could be

given nation-wide circulation that King does not need contributions from the 70,000 people he solicited. Since the churches have offered support, no more money is needed and any contributed would only be used by King for other purposes. This item would need nation-wide circulation in order to reach all the potential contributors and curtail their donations. A sample item is attached.

ACTION:

That the facts about King's solicitation of funds unnecessarily be given a cooperative news source by the Crime Records Division.

15

Martin Luther King, Jr., President of the Southern Christian Leadership Conference (SCLC), today finds himself in the embarrassing position of having too much money, or at least the probability of too much money. The SCLC sent out a huge mailing to its contributors pleading for funds for the Washington Spring Project, the "poor people's march on Washington." Thousands of contributors were urged to support the march financially in order to feed and house the demonstrators. But the churches in the Washington, D. C., area have offered to house and feed the demonstrators.

Now the contributions are beginning to roll in from the mailing and King doesn't need the money. An embarrassment of riches has befallen King, who will only use the money for other purposes. The churches had better come through with all the housing and support the demonstrators need, because there will be little money left for the "poor people" by the time the march rolls around.

Re Bureau airtel to Albany, ET AL, dated 3/4/68, Detroit teletype to Bureau 3/20/68, and Detroit airtel and LHM to Bureau 3/21/68, captioned WASHINGTON SPRING PROJECT, RM.

As a counter intelligence action relating to the Washington Spring Project (WSP), 4/23/68, Washington, D.C., Detroit proposes the utilization of the following technique, which in part, has already been instituted. Background data regarding this matter is hereby set forth:

MARTIN LUTHER KING, JR., on 3/14/68, spoke at Grosse Pointe, Michigan, sponsored by the Grosse Pointe Human Relations Council, at which time he was warmly received and afforded a standing ovation from the over 2,[illegible] spectators who attended his speech. Previous investigation regarding WSP had determined that KING and [redacted] local leader and Detroit organizer for the WSP, would possibly confer for purpose of determining a course of action in connection with Detroit's role in the WSP. In an effort to determine if any plan of action was devised at this time, the following pretext was utilized:

A stenographer of the Detroit Office, at the request of [redacted] placed a telephone call on March 20, 1968, to [redacted] place of employment [redacted] employer, G. L. WHYTE, requesting to speak to [redacted]" When [redacted] answered, the stenographer went through the business routine of advising "Mr. WHYTE" [redacted] was was on the line.

From this point, [redacted] advised [redacted] that he was a local white businessman with the fictitious name of "G. L. WHYTE" who was in complete sympathy with MARTIN LUTHER KING, JR., and his Washington "camp-in." He was further advised thatthe caller had heard Reverend KING's speech at Grosse Pointe and was deeply moved by KING's speech. "G. L. WHYTE" further advised [redacted] that he wanted to assist in the Washington "camp-in" any way possible, especially from the financial end. [redacted] was advised that the caller, under no circumstances, wanted his identity disclosed and any financial assistance offered this project was to be on a strictly confidential basis. He was told that thecaller had colored employees in his company and would make these people available to participate for a brief period in the WSP at the caller's expense.

Further, that it was conceivable the caller would be in a position to help out with the financial end of travel individuals from Detroit in connection with the WSP. [redacted] sounded favorably impressed and stated that he fully understood and appreciated the efforts of the caller to assist in this matter. [redacted] reasurred that no mention would be made of any donations from this source. He expressed a deep feeling of gratitude and described the caller as one "deeply concerned with the under privileged group of humanity." It was mentioned to [redacted] the caller did not want to be publicly identified as it could possibly render harm to his business and bring about retaliatory action from the white extremists involving possible physical harm to his wife and family.

It was at this point that [redacted] volunteered the information set out in re LHM. He offered to furnish the caller with further information regarding WSP after his meeting with KING.

18

Prior to terminating the interview, it was established that [redacted] would be telephonically contacted by the caller following his scheduled conference with KING in Detroit. It is the opinion of the contacting Agent that if KING actually comes to Detroit on 4/4/68, that this return telephonic recontact with [redacted] would be productive and pertinent data regarding WSP could be obtained from him.

In addition to the above, it is suggested that the following action be taken prior to 4/4/68:

1. A plain unmarked envelope with $100.00 in cash, carefully wrapped, in commercial [illegible] stationery, be mailed to [redacted] care of [redacted] Detroit, Michigan, place of employment, registered, special delivery, marked personal on envelope. The stationery covering the money would have typewritten on it "To help the cause of humanity in my own humble manner. G. L. WHYTE."

2. After the scheduled 4/4/68 meeting between KING and [redacted], another personal telephone call to [redacted] will be placed in the same manner as the initial call. Further detailed information regarding WSP will be solicited from [redacted] He will be apprised of the interest the caller has in Dr. KING's Washington "camp-in." Inquiry will be made at this time regarding "the good will gesture sent [redacted] by the caller."

3. Inthe event it appears [redacted] is receptive to what has thus far transpired, another $100.00 in cash will be mailed to [redacted] inthe same manner as described above. The enclosed notation on thisletter would read "To be put to the best use in your good endeavors. G. L. WHYTE."

4. Through 'G. L. WHYTE's" show of good faith by giving [redacted] $200.00 in cash "with no strings attached," he would be receptive to "G. L. WHYTE's" offer of making available to [redacted] two chartered buses to

transport Detroit area people to Washington for the WSP. The availability of these buses will be handled by "G. L. WHYTE" on a strictly confidential basis and that no one other than [redacted] is to be made aware of the deal. [redacted] is to advise any inquiry regarding these buses that they are being sponsored by [redacted] or through Reverend KING. [redacted] will be contacted by "G. L. WHYTE" prior to the date of departure for those traveling to Washington, at which time [redacted] will advise "G. L. WHYTE" of the time and location where he wanted these two buses to be sent.

It is believed that this technique has the potential to achieve the following results:

1. It would create a deep resentment on the part of the people to be transported to Washington against [redacted], Reverend KING, and the WSP when they are all set to go and no buses show up at the designated location, especially since [redacted] and MARTIN LUTHER KING, JR., are supposedly solely responsible for their transportation.

2. The resentment and confusion derived would undoubtedly strike at the heart of [redacted] recruiting since it is [redacted] reasonable to assume he will have his closest followers and friends traveling to Washington at no expense to them personally.

3. Doubt and suspicion would be cast upon further and future efforts of recruiting other individuals not personally involved in this incident, thereby resulting in elimination of some of these individuals planning to participate in the WSP.

All possible precautions will be taken to preclude any embarrassment to the Bureau in the handling of this matter. No further action will be taken without prior Bureau authority and the Bureau will be immediately advised of any tangible results.

Detroit is authorized to continue p[illegible] calls to [redacted] of the Washi[illegible] Spring Project. The Bureau appreciates the ingenuit[illegible] initiativ[illegible] shown in this matter.

However, it is not possible to authorize the expenditure of $200 "earnest money" to convince Ditto that a fictitious businessman will pay for transportation for the Project, transportation that would not materiali[illegible]. Detroit should consider other methods of using this established pretext to disrupt [redacted] plans.

NOTE:

Detroit has established the pretext contact with Ditto of a fictitious businessman, G. L. Whyte, who is purportedly sympathetic to Martin Luther King's March on Washington. [redacted] has been so taken in as to furnish G. L. Whyte with considerable information about the march. Detroit now suggests offering to pay for two buses to bring the marchers to Washington, Whyte would make arrangements and, of course, no buses would show up. Detroit suggested sending [redacted] $200 from Whyte to show Whyte's good faith. This would leave [redacted] with $200 of our money, and he could always arrange for two more buses on his own.

The following is a suggestion from the Albany Division for possible counterintelligence action against RAM:

The Bureau should contact established and trusted sources who are associated with the Associated Press and United Press International and furnish them pertinent and derogatory information regarding this organization and its coordinator, MAXWELL STANFORD. This established source should then make arrangements to confront STANFORD in a debate which could be publicized nationwide. The source, who would be prepared with this pertinent information from the Bureau, could directly confront STANFORD and his organization to expose STANFORD's actions and to also publicly expose his subversive and moral activities.

Re Bureau airtel to Albany, et al, dated 3/4/68, concerning captioned matter.

1. In accordance with instructions in referenced airtel, this is to advise that [redacted] has been assigned to coordinate captioned program in the Detroit Office.

2.

A. The City-Wide Citizens Action Committee (CWAC) under the apparent leadership of [redacted] came into existence shortly after the termination of rioting in the Detroit area during the summer of 1967. The organization has no official membership list as such; however, their meetings to date have been well attended and have been held at [redacted] the Shrine of the Black Madonna, 7625 Linwood Ave., Detroit, Mich.

The organization is continually harassing the Detroit Police Department, accusing that department of police brutality, advocates that businesses and/or residences to be constructed in the areas destroyed by the riots be owned and operated by Negroes and is in favor of the formation of a separate black nation.

Meetings of the group, as indicated above, average an estimated 200 to 250 persons in attendance. At one meeting they encouraged individuals in attendance to purchase firearms, engage in firearms practice and stock food in their basement for the violence which will occur in Detroit this summer.

Another Black Nationalist type organization which recently came into existence in the Detroit area is the Malcolm X Society, the offices of which are also the same [redacted] Recently the Society sponsored a National Convention which was held at Detroit during the latter part of 3/68 during which convention it was decided to form a separate black nation and that in order to achieve this objective, it might be necessary to engage in guerrilla warfare and other forms of violence against the establishment.

Individuals in attendance at the convention from the Detroit area have in the past been identified with the activities of the CCAC and, for the most part, the Malcolm X. Society appears to be nothing more than another organization allied with the CCAC, formed for the specific purpose of attempting to establish a new black nation.

The local chapter of the Student Non-Violent Coordinating Committee (SNCC) has, under the ostensible leadership of [redacted] become increasingly more active in the local racial situation. Although SNCC appears to be poorly organized and does not maintain any list of members as such, the organization recently sponsored a demonstration at the J. L. Hudson Co., Detroit, Mich., at which an estimated 250 individuals participated. The majority of these participants were Negro teenagers from local high schools and were very belligerent in their mannerisms and actions.

B. The following individuals are included on the Agitator Index of the Detroit Office:

25

[redacted] CCAC, described above, and long time militant Black Nationalist in the Detroit area, is constantly advocating black power and making statements designed to inflame the Negro community of Detroit.

[redacted] long active in racial matters and also an advocate of black power and frequent critic of the U.S. Government and state and local governments.

[redacted] also has been active in local militant Black Nationalist organizations for a substantial period of time. [redacted] when questioned relative to the rioting which occurred in Detroit during the summer of 1967, described it as being an insurrection rather than a riot and that the black man was only getting, referring to looting, what he was entitled to.

[redacted] a local militant Black Nationalist newspaper known as the "Inner City Voice". This newspaper came into being shortly after the termination of rioting in Detroit, Mich. and since its inception has contained highly inflammatory articles relative to the racial situation, one recent issue containing a letter on how to make a bomb. [redacted] in the past, has participated in local activities of the Revolutionary Action Movement (RAM) and for a substantial period of time resided with [redacted] the local RAM group; however, the group [redacted] the present time has not engaged or participated in any activities. [redacted] was arrested during the summer of 1966 and 1967 while rioting was in progress in the Detroit area and as a result of his arrest in the summer of 1967, was found guilty and sentenced to five years probation.

26

[redacted] is an associate of [redacted] local militant Black Nationalist who was arrested with [redacted] at the afore-mentioned times.

[redacted] is a leader in the CCAC and has been identified with the activities of the Malcolm X. Society, having recently participated in the Black Nationalist Convention sponsored by the Malcolm X. Society. [redacted] has a lengthy arrest record, having served time for murder and is currently on five years probation as a result of his arrest with [redacted] during the summer of 1966. He was recently arrested by Secret Service Agents of Detroit, Mich., and this charge is currently outstanding against him.

3. The following organizations and individuals are considered of such potential danger as to warrant being the target of current counterintelligence action for the reasons indicated above:

[redacted]

Malcolm X. Society
CCAC
SNCC

4. In connection with the administration of this program, the Detroit Office suggests that successful counterintelligence techniques utilized by other divisions be furnished to the various divisions engaged in this program so that these techniques may be explored and consideration be given to utilizing them in the various other field offices.

27

5. Counterintelligence action against targets listed in the letter as field-wide developed by the Detroit Office will be submitted to the Bureau by separate letter. This matter is being given very careful consideration and any feasible plan of action developed will be submitted to the Bureau.

A. Succinct Summary of Black Nationalist Movement in Indianapolis Division.

1. Nation of Islam (NOI)

The NOI is the largest black nationalist organization within this Division with an approximated total membership of 196 to 222. They have seven groups as follows:

Muhammad's Temple 31, South Bend, Indiana, with between 100 and 125 members, meets regularly, and owns their own building.

Muhammad's Mosque Number 33, Gary, Indiana, maintains approximately 40 members. In addition, holds regular meetings in Gary and also participates in activities of the Chicago Temple.

Muhammad's Mosque, Indianapolis, Indiana, has no number, having only approximately 30 members. This Mosque, until recently, was serviced by a minister from Temple Number 2 in Chicago, but now has its own minister.

Muhammad's Temple, East Chicago, Indiana, only has approximately six to seven members, the minister being sent from Temple Number 2 in Chicago each Sunday, and there are plans to move this temple to Hammond, Indiana.

Muhammad's Temple, Evansville, Indiana, has been in existence since 1950, but has never had over ten members, and is relatively ineffective.

Muhammad's Mosques have recently been started at Muncie, Indiana, where there are approximately six members and at Fort Wayne, Indiana, with only four members. These Mosques to date have engaged in no activities, other than holding meetings on Sunday afternoons.

All of the above NOI groups follow the teachings and doctrines laid down by ELIJAH MUHAMMAD, and although they preach separation of the races and belittlement of the white man, none of them have actually proposed any violence and it is the estimate of this office that although there may be no actual teachings of violence, the hatred theme could affect some members, and under the right circumstances, violence could erupt.

2. Radical Action Project (RAP)
Indianapolis, Indiana

This organization was founded in Indianapolis in the fall of 1967, by several white ministers attached to community houses in the inter-city ghetto area and several black power advocates residing in the ghetto area near 17th and Broadway, Indianapolis, Indiana. Since that time, the black power advocates from the local community have taken over the organization, ousting from positions of leadership, all of the white ministers. At this time, the organization is run by a twelve man Board of Directors, all of whom are Negro,

[redacted]

advocates black power, stating they mean this to be accomplished by legal means, such as negotiation, petition, and obtaining economic and political power for the Negro race. They state they intend to instill self pride in the Negro individual and confidence that they can handle their own affairs in their own community. Certain members of this organization in soliciting funds for their various employment, education and recreational projects, have alarmed some members of the white community by stating that if sufficient funds are not obtained, they cannot be responsible for controlling the more radical members of the community, and that if the town burns, it will be the responsibility of the white power structure for not providing sufficient funds. Although this group has not engaged in any violence, it does have a number of young militant members, who certainly have a propensity for violence if the circumstances for such are right. This group presently has 74 members, of whom approximately 50 are teen-agers.

3. Afro-American Student Association

At Indiana University (IU), Bloomington, Indiana, a group which calls itself the Afro, Afro-American Student Association, was recently formed for the original purpose of collecting funds to aid students at South Carolina State College, where recent riots occurred. This group also, within the past week, held a protest meeting against the United Klans of America, holding a march in Bloomington, Indiana. In addition, they sent a delegation to President SAUR of the University protesting the University's Racial Problem Committee, insisting that Negro students be placed on this committee, which demand was met by President SAUR. This group is composed of Negro students and presently is estimated to have between 15 and 20 members. They have not as yet, proposed any violence, but is clearly a black militant group. Also within the past two weeks, a group without a name, composed of Afro-American students at the University of Notre Dame has been formed, but as of yet, has engaged in no activities.

4. Student Non-Violent Coordinating Committee (SNCC)

There have been no SNCC organizations in Indiana, until February, 1968, when a SNCC organizer from Chicago made a talk at the First Unitarian Church in South Bend, Indiana. They have recruited three or four members, all Negro, who were reportedly sent to a SNCC school in Ohio for training. To date, they have held only two or three meetings, and attendance has not been over ten persons, including about half white. This local group will undoubtedly follow the teachings of STOKELY CARMICHAEL, the national leader of SNCC. however, to date has engaged in no activity.

On 3/24/68, STOKELY CARMICHAEL, national leader in SNCC, made a speech in an empty store, Gary, Indiana, having been brought in by a local Gary man, [redacted] who advised he was planning to organize a SNCC chapter in Gary. CARMICHAEL was approximately one and a half hours late for the meeting, only had between 50 and 65 persons in attendance, and made a rather mild speech, advising the local Negroes they should organize under SNCC to stand up for their rights. To date, there has been no additional meetings: however, it is expected [redacted] will again organize a SNCC chapter in Gary.

The propensity of violence of these SNCC organizations cannot be stated at this time, as they are so new locally: however, propensity of the national organization is well known and it is believed the local groups will eventually follow such directions.

5. Congress of Racial Equality (CORE)

The only CORE chapter in Indiana is in Indianapolis, and [redacted] has advised this office that he only has three or four members, and has not been able to develop this group and cause it to grow. To date, the only activity of this group has been to make some

public endorsements for or against certain programs of the local governments in relation to highway placement or slum clearance.

6. National Black Movement in America, Inc. (NBMIA)

This group, which has never grown beyond three members, although it has attempted to influence more, was organized by [redacted] in East Chicago, Indiana, in 1967. [redacted] who is reported to be a punch drunk former boxer, had numerous run-ins with the East Chicago Police Department, and has proposed burning several buildings in the East Chicago area; however, he has recently been committed to Westville Mental Hospital, and without his presence, it is not believed this organization has any propensity for violence.

B. Rabble Rouser Index
Subjects, Indianapolis Division

The only individual presently on the Rabble Rouser Index is [redacted] who states he is the national and international president of the "National Black Movement in America, Inc." (NBMIA). [redacted] is from East Chicago, Indiana.

The following individuals are presently being recommended by the Indianapolis Office to be included on the Rabble Rouser Index:

[redacted]

[redacted]

some 75 persons.

3. The Indianapolis Office at present, has no known organizations or individuals to be considered potentially dangerous for counterintelligence action.

4. The Indianapolis Office has no suggestions for the overall counterintelligence action or the administration of this program at this point. Any suggestions for any specific target will be submitted to the Bureau by separate letter under the appropriate caption.

King Should Reconsider His March On Washington

MR. WALKER

The old cliche is: "Don't bite off more than you can chew." I was thinking about this as I read that Dr. Martin Luther King was touring down in Alabama trying to recruit participants for his "Poor Peoples Campaign," destined to march on Washington in April.

When I first heard about Dr. King's proposed march on Washington and his plans for camping his followers in the public parks, I felt he had been ill advised to embark on a project that at best, could be only a publicity gimmick.

Dr. King, no matter how much compassion he may have for his fellowman, must look at all the facets of the problem and not be swayed by just one side.

Getting 3,000 poor, unemployed folks to pick up and leave their homes, humble as some of them may be and, for an indefinite period, to live out in the open, requires more than enthusiasm and dedication.

Granting that Dr. King finally succeeds in getting 3,000 people to Washington, since they are poor and without adequate funds for their sustenance, how is he going to feed them every day? Where is he going to house them every night? What about their health problems? Their legal problems? The problems of discipline Where is the money for all of these things going to come from?

If I understand Dr. King's program, he says he is going to keep his followers in Washington indefinitely. Let's take a short period of 14 days. Feeding each person will cost at least $1.00 a day. This then, is $3,000. In April weather even in Washington, these people will have to have some kind of shelter over their heads at night. If he can get this for $1.00 per person per night, he will be lucky. This is another $3,000 per day. To provide

The Call & Post
Cleveland, Ohio

3-2-68

other necessities that people require each day, will cost a minimum of 50¢ per person a day. This adds another $1,500. So, at the lowest possible estimate, each person will cost $2.50 per day. For 3,000 people, this adds up to $105,000 for just 14 days.

Then, there are the expenses of Dr. King's staff and other functionaries. The traveling expense of these people going and coming. The whole thing will add up to a staggering amount of somebody's money.

How does Dr. King propose to raise this money? Moving on faith is one thing, but, 3,000 people, no matter how much faith they have, need food and shelter. Somebody will have to produce this in fact, not theory.

Since most, if not all of the people Dr. King is trying to recruit are poor and unemployed, wouldn't it be better to try to get these people into training programs in their local communities? Granting that some southern communities may not have such federally financed programs, isn't it better to petition the government to provide them rather than taking these people off on a wild goose chase to Washington where, no matter what happens, they will have to go back to their home communities for whatever benefits they are to eventually receive.

Since lobbying for meaningful civil rights legislation is the announced goal of Dr. King's efforts, isn't he really using these unfortunate people who can least afford the time or money, as human pawns. Inspiring them with promises as an inducement to get their participation, is creating a false hope of personal reward before they return home. If they return home disillusioned and empty handed, they become prime examples of futility in their communities.

This must not be permitted to happen. The best way to prevent it, is not to take them to Washington in the first place. If a demonstration of power or force or whatever you want to call it, is deemed necessary in Washington, then let those who can afford it march on Congress and the President. Past efforts have proven that sizeable numbers can be induced to turn out for a just cause.

I am afraid Dr. King's venture is fraught with many dangers and problems. The Negro has a just cause. There is urgent need for putting pressure at every point in our civil rights fight to achieve meaningful results. This pressure should be pushed at the local, state and national levels. Every resource at the Negro's command should be pressed into the fight.

On this, Dr. King or no one else will find any opposition. However, doing something just for the publicity of it and, using unfortunate human beings, is just going to far.

It would be most unfortunate if what happened to the bonus marchers in the late twenties during the Hoover administration, happened to Dr. King's marchers. Unfortunately, the present feeling of a large segment of white people is to use the police force and, even the National Guard and the U.S. Army to supress any riots. You can see from the way the National Guard acted recently in Orangeburg, S.C., what to expect in any future riots. Every law enforcement agency has been in special training during the winter months. They have been given special riot control techniques. Special equipment and supplies have already been purchased for use. There is no reason then for deliberately creating situations that may endanger the lives of innocent Negroes.

I certainly hope Dr. King and his staff will think very carefully about what they do and how they do it. Racial tensions in this country are now at a high pitch. Entirely too many people are of the mind that another bloody summer is in the offing. No matter what anybody says, Negroes have not benefited in any substantial way from any riot. Other than a looters holiday, the riots of the past have been very costly to all Negroes. We must then do all we can to prevent riots. Washington must not become another frustrating, bloody battleground.

SUBJECT: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST-HATE GROUPS
RACIAL INTELLIGENCE

ReBuairtel to Albany dated 3/4/68.

[redacted] has been designated coordinator of captioned program for the Springfield Division.

To date, the black nationalist movement in the Springfield area is not of a widespread nature. There exists one Nation of Islam Temple and this is located in Peoria, Illinois. It was formed on 1/19/68 and is still in the beginning stages. There are various local black action type organizations in some of the cities but these have shown no propensity for violence and deal mostly with local grievances, etc. There is no known SNCC Chapter in the Springfield Division at this time. Of the individuals listed on Springfield's Agitator Index [redacted] CORE, is one who has stated in the past that he is militant in his approach to obtaining civil rights for Negroes. It is felt that at this time [redacted] does not merit consideration for counterintelligence action due to the fact that presently he is not enjoying widespread public sympathy or following and any counterintelligence actions might only tend to bring him more into public focus that he is at this time. Springfield will continue to analyze and follow any possible black nationalist movement in this Division so that in the event the present situation should change, Springfield will be alert to any and all counterintelligence possibilities.

At this time there does not exist in the Springfield Division any groups or individuals of sufficient prominence or militancy to merit consideration for current counterintelligence action. The only possible exceptions perhaps would be those persons on the Springfield Agitator Index and perhaps the recently formed Nation of Islam Temple in Peoria, which as stated above, is still in the formulating stages. Division will remain alert to the development of this group and also the actions of those individuals on the Agitator Index for possible future consideration for counterintelligence action.

Springfield Division at this time has no suggestions for the overall counterintelligence program or the administration of same, but should any suggestions as to new techniques, etc., be developed, the Bureau will be promptly advised.

Regarding counterintelligence targets that might be considered field wide, it is noted that DICK GREGORY, Aka, is scheduled to appear on two (2) different occasions in the Springfield Division during the month of May and various counterintelligence actions are being considered at this time. The Bureau will be advised by separate letter of any pertinent details regarding this matter.

Re Bureau airtel to Albany dated 3/4/68, and Miami letter to Bureau dated 4/2/68.

The following points are being considered for counterintelligence activity in connection with this program within the Miami Division. No action, of course, will be taken without Bureau authority:

NATION OF ISLAM (NOI)

Mosque Number 29, of the NOI in Miami, currently operates a commissary selling canned goods and staples, and they also operate a restaurant. These businesses are both operated at the Temple. It has also been determined that at least one member of Mosque Number 29 is living at the Temple.

Miami will check with local authorities concerning these activities, and if it is determined that any of these activities are in violation of local ordinances, consideration will be given for the use in Miami Counterintelligence Program. Action to be recommended will not, of course, be merely harassment, but will be an attempt to discredit this organization in the eyes of some of the legitimate Negro business people in the Miami area. It is noted that Mosque Number 29 recently has made an effort to promote themselves within this group.

Another situation which appears to have some local counterintelligence potential, is the present suspension from the NOI of [redacted]

[redacted] of Mosque Number 29 for the past several years and is a long time resident of Miami. He was a very close associate of CASSIUS CLAY and [redacted] Information now available indicates [redacted] suspension was in some way connected with a misappropriation of Mosque Number 29's funds. Bureau authority has been received to interview [redacted] and after this interview, further consideration will be given to a counterintelligence activity in connection with this matter.

SCLC

In connection with counterintelligence activity against SCLC, the Agent to whom the coordination of this Program is assigned is going to assist the Agents handling the Fraud Against the Government case involving Miami SCLC Chapter mentioned in referenced Miami letter. Through these interviews it is expected that a counterintelligence plan can be developed.

membership and requests for funds. The organization follows the Nation of Islam (NOI) to a great extent in that it advocates separation, separate states, and reparations for 450 years of slavery. It is revolutionary in its outlook, and though it has never "caught on" [redacted] persists in its development. [redacted] is a believer in violence, but without followers, his organization could be termed insignificant at this time.

B. Afro-American Institute (AAI) is led by the [redacted]

The hard core of AAI is being taught the Swahili language and Karate. Their line is similar to that of the Black Panther Party (BPP), but their propensity for violence is considered less than that of the BPP only because they think they are a secret group and want it kept that way.

C. The Black Panther Party for Self Defense, aka Black Panther Party (BPP), has an active membership averaging between 40 and 50. This organization is growing in influence and is very attractive to militant youths. It openly advocates the use of guns and guerrilla tactics to end the "oppression" of the black race, and many of its members carry guns. Its leader, HUEY NEWTON, is now facing trial for the murder of a policeman and other charges. Several of its members conducted an armed invasion of the California State Legislature in May, 1967. Its propensity for violence is great.

D. Black Students Union, San Francisco State College (BSU, SFSC), reportedly has a membership of about 70. In 1967 leaders of BSU, SFSC were involved in wrecking the student newspaper office on campus, hospitalizing the student editor. BSU, SFSC and another organization organized a demonstration to protest the suspension of BSU, SFSC members from college for their activities in connection with the student newspaper raid. During the demonstration, property was destroyed and stolen. Leaders of BSU, SFSC follow the line of the Student Nonviolent Coordinating Committee (SNCC), which has no organization in San Francisco, and BPP. School officials anticipate further acts of violence.

[redacted]

45

[redacted]

E. Black Students Union, San Jose State College (BSU,SJ), has a membership of about 75. The activity of this group has been mainly centered around Negro athletes both locally and nationally. Last fall, they caused the cancelling of the opening football game of San Jose State College in their drive for better conditions for Negro athletes at the school. [redacted] is currently leading a fairly successful attempt to boycott the Olympic games, and in pursuit of this objective, he is urging Negro athletes to boycott the trials for these games. Propensity for violence is not known, but [redacted] has made some threats of violence.

F. Agitator Index Subjects and Others Who Are Militant Black Nationalists

[redacted] the BSU at SFSC has grown considerably and has become very militant. He has stated that the black nationalist movement does not strive for an integrated society, that he would do anything to bring about a black society, from reading a book to killing, as the white man has so often done. He has purchased an AR-15 .223 caliber rifle and ammunition.

Recently, when arrested by the San Francisco Police Department as a result of indictment based on his activity in connection with the demonstration at San Francisco State College, [redacted] attempted to use a .380 pistol against the uniformed arresting officers.

HUEY PERCY NEWTON, Negro male, born 2/17/[redacted], at Monroe, Louisiana, is Minister of Defense for BPP, and is presently in custody of local authorities.

NEWTON is a leader of the Black Panther Party for Self Defense (BPPSD). He was one of the group who invaded the California State Legislature on 5/2/67, openly bearing rifles and shotguns. He is currently under indictment for killing a policeman and wounding another on 10/28/67. He has openly carried firearms on the streets of Oakland, California, and has an arrest record for assault and battery and resisting arrest.

APC/jr

[redacted] BOBBY GEORGE SEALE, Negro [redacted] born 10/22/36, at Dallas, Texas, is Chairman of BPP.

SEALE is one of the founders of the Black Panther Party for Self Defense, a black militant organization which advocates the use of guns and violence. He has actively engaged in gun-carrying "defense patrols" and other incidents of this group. He has stated that it is the objective of his organization to arm the Negro community to full capacity for the purpose of backing all plays for the Negro community.

[redacted]

[redacted] was active in the Nation of Islam by his own admission from 1958 to 1965, however, the facts indicate that he left the NOI in 1962, at which time he began to promote the above-named organization. His current group varies little from the teachings of the NOI. He has been described as one who advocates violence as the only means for achieving the goal of separation of whites and Negroes into independent nations.

[redacted]

December, 1966, he was paroled from prison after serving eight years for assault with intent to commit murder and assault with a deadly weapon. While in prison he was a member of the NOI, but subsequently became a follower of MALCOLM X. He is listed by "Ramparts" magazine as a staff writer. He is also Minister of Information for the BPPSD. As such, he has been quoted by "The Daily Californian," a publication of the Associated Students of the University of California, Berkeley, as saying, "There will be no more rocks and bottles. Now it's hand grenades, dynamite, and machine guns." According to the article, he was referring to the building confrontation between whites and militant blacks in the nation's ghettos--particularly in Oakland.

[redacted]

[redacted] is the moving force behind the drive to get Negro athletes to boycott the Olympic games in Mexico City later this year.

During March, 1968, three major fires were set off in large downtown Chicago, Illinois, stores. On 3/30/68, [redacted] who was in Chicago, stated, "You know those fires they set downtown? That was beautiful. I hope to see a lot more of it. But they made one mistake. They used something that could be put out. They should have used dynamite."

[redacted] was also quoted by WILLIAM F. BUCKLEY, JR. in the 3/19/68, issue of the "San Francisco Examiner," a daily newspaper with a large general circulation, as follows: "I'm for splitting up in twos and threes, killing the mayor, getting the utilities and poisoning the goddamned water."

These persons are being recommended for inclusion in the Agitator Index.

3. Organizations and Individuals Considered for Current Counterintelligence Action

A. Afro-American Institute and leader [redacted]

[redacted]

48

[redacted] is known to be a militant following the line of BPP and recently his AAI has started to expand and attract attention among Negroes.

B. Black Panther Party for Self Defense, BOBBY GEORGE SEALE, Chairman, and HUEY PERCY NEWTON, Minister of Defense.

This organization and its leaders openly advocate use of firearms against "oppression" by the white race.

C. Black Students Union, San Francisco State College, and [redacted]

This organization appears to follow the line of SNCC and BPP, has been involved in violence on the college campus, [redacted] has stated he would kill to bring about a Black society, and he recently attempted to use a .380 pistol against uniformed police officers who arrested him for his connection with a BSU, SFSC demonstration.

D. Student Nonviolent Coordinating Committee (SNCC).

There is no SNCC organization within the San Francisco Division and no SNCC officials live in or normally operate within this area. "The Movement," a monthly newspaper, which describes itself as "affiliated with SNCC and SDS," is published in San Francisco. However, there are not known to be any Negro staff members on "The Movement." Occasionally a SNCC official will visit the San Francisco area, but other than that, there is no SNCC spokesman in this division.

During a recent visit of STOKELY CARMICHAEL to San Francisco, it was stated that an alliance was being formed between SNCC and BPP. In view of this statement, SNCC must be considered for possible counterintelligence action in the event such an alliance does take place resulting in an active SNCC organization here.

4. Suggestions for Overall Counterintelligence Action or Administration of this Program

A. In seeking effective counterintelligence it should perhaps be borne in mind that the two things foremost in the militant Negro's mind are sex and money. The first is

[redacted]

49

[redacted]

often promiscuous and frequently freely shared. White moral standards do not apply among this type of Negro. You don't embarrass many Negroes by advertising their sexual activity or loose morals. Money is not as freely shared and any Negro organization which attracts the black nationalist revolutionary will fail sooner or later because the members and leaders will as quickly seek power over and steal from each other as they will from Caucasians. The temptation to seize power and thus get control of the money and the other perquisites of leadership will always be strong, and thus offers a continuing opportunity to sow seeds of distrust and suspicion.

B. The Negro wants and needs something to be proud of. The Negro youth and moderate must be made to understand that if they succumb to revolutionary teaching, they will be dead revolutionaries. Is it not better to be a sports hero, a well paid professional athlete or entertainer, a regularly paid white or blue collar worker, a peaceful human being with a family, or a person who at least is being accepted, than a Negro who may have got even with the establishment by burning it down, but who along with this, burned down his own home and gained for him and all his people the hatred and distrust of the whites for years to come?

One way to reach the Negro youth and moderate might be through searching examination and revelation of the true goals of black nationalist organizations presented in a way that Negroes will realize the dangers ahead for them if they do succumb to the appeal, fear or intimidation to which they will be subjected.

C. The militant Negro makes spurious claims and charges, and tends to rewrite history. Wherever this is done it should be counteracted, but must be done in a medium which reaches the entire Negro population. There are papers and magazines which should be used if they will accept this material. If they don't, radio and especially TV should be utilized.

D. Instead of the FBI using what amounts to harassment techniques, often euphemistically called counter-intelligence, the problem facing the country demands a much greater concentration of talent, time and money than one agency,

[redacted]

50

[redacted]

with its efforts already spread so thin, can afford. We can pat ourselves on the backs when we harass a NOI grade school and have local police arrest RAM leaders on "every possible charge," but this is not solving any problems. It is only buying time and building up greater resentment among persons who already hate the system. Shall we contrive to have all black nationalists locked up all summer, every summer, or perhaps all year long? The government should better use its efforts to enforcing laws which protect the government and its people or getting laws which can be enforced, controlling the sale, transportation and possession of guns and explosives, and inhibiting the importation and transportation of seditious and revolutionary literature.

[redacted]

We may through informants have some successes in counterintelligence, but the likelihood is that it will be too little too late and we will win a few battles and lose the war. The Bureau does not have enough Agents, enough concentration of effort, nor enough money to insure foreknowledge of what is likely to follow in the next few years.

5. Suggestions for Counterintelligence Action Against Field-Wide Targets

Of the four field-wide targets listed on page 4 of referenced Bureau airtel, Nation of Islam (NOI) is the only one active within the San Francisco Division and will be covered in a separate letter.

As stated in 3-D above, there is no SNCC organization or SNCC official within the San Francisco Division. However, in view of the recent statement that SNCC and BPP are forming an alliance, close attention will be given any indication that SNCC is becoming active in this area at which time consideration will be given to counterintelligence action.

Other suggestions for counterintelligence action will be forthcoming as experience is gained and knowledge is accumulated.

Re Memphis letter to Bureau 3/14/68 and Bureau airtel to all offices 3/4/68.

The following suggestions are being submitted for counterintelligence action against the Memphis-based black power group known as Black Organizing Force (BOP), aka Afro-American Brotherhood, "Invaders," Black Student Association, LeMoyne Intercollegiate Chapter of NAACP, and City Organizers.

Since this organization has come to the attention of the Memphis Division in the late Summer of 1967, an effort has been made through an extensive interview program to identify all members of this organization. In this interview program, several known members of the BOP have purposely not been interviewed in the hopes that failure to interview a known member of this group would cast suspicion on this individual. Subsequent events have proved the validity of this approach inasmuch as information received from informants indicates that [redacted] is no longer considered trustworthy by other members of the BOP as he was not interviewed by Bureau Agents. In addition, informants have advised that the BOP organization at Memphis is afraid of two other members of this group based on the fact that these two BOP members have not been interviewed by the FBI.

REC 27

Memphis is continuing this interview program and as information is received that a person joins the BOP or is seen in the company of known BOP members, he is interviewed.

This tactic has resulted in frequent calls and visits of the leaders of the BOP to Agents handling racial matters in the Memphis Division and has resulted in the receipt of a great deal of intelligence information re BOP. In addition, it is believed that this tactic may lead to the development of an informant among the leaders of the BOP at Memphis.

UACB, these two counterintelligence programs will be continued by the Memphis Division. It is felt that both of these programs could be successfully utilized in any field division where militant black power groups are established.

The Bureau will be kept advised of all developments in this matter.

PERSONAL ATTENTION

COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST-HATE GROUPS
RACIAL INTELLIGENCE
(RICHARD CLAXTON GREGORY)

Chicago, as office of origin on Richard Claxton Gregory, also known as Dick Gregory, should develop counter-intelligence measures to neutralize him. Gregory has traveled all over the country preaching black nationalist extremism, hatred and violence.

Gregory uses his reputation as a former comedian to insure his vitriolic statements are reported by the press. He has made personal attacks on the President of the United States, the Director of the FBI and on FBI Agents. [redacted]

Chicago should review Gregory's file and his current activities to develop counterintelligence designed to neutralize him. This should not be in the nature of an expose, since he already gets far too much publicity. Instead, sophisticated, completely untraceable means of neutralizing Gregory should be developed. [redacted]

Consider ways to discredit Gregory within the extremist black nationalist movement, or to cause friction between him and other leaders of this movement. In view of past counterintelligence successes by the Chicago office, the Bureau would appreciate your giving this matter personal attention and assigning Agents experienced in counterintelligence operations. No counterintelligence action should be taken without Bureau authority.

Re Buairtel to SAC, Albany and numerous other field offices, including Chicago, dated 3/4/68, under the above caption.

Referenced airtel concerns itself with formation of a Counterintelligence Program directed against Black Nationalist Hate Groups (BNG), setting up the following as goals:

1) Prevention of a coalition of militant BNG

2) Prevention of the rise of a "Messiah" who might be able to unify or electrify a BNG movement

3) Prevent violence on the part of BNG

4) Prevent militant BNG and leaders from gaining respectability by discrediting them to responsible Negro groups, to the white community, to "liberals who may possess vestiges of sympathy for them.

5) Prevention of long range growth of militant BNG organizations, especially among youth.

Among instructions set forth in reairtel, aside from comments concerning an overall counterintelligence program, and its administration, was a request to submit, by separate letter, specific suggestions for counterintelligence against certain field wide targets, among which were the Revolutionary Action Movement (RAM), Southern Christian Leadership Conference (SCLC), and Student Non-Violent Coordinating Committee (SNCC). The Nation of Islam, also listed, will be the subject of a separate communication.

RAM

As the Bureau is aware, Chicago initiated the field wide investigation of this organization, through the development of two confidential sources familiar with its activists on a national level. RAM has always been very clandestine in nature, and nebulous in its organization, with no real membership as such.

The local RAM group, numbering no more than a handful of persons, experienced factional problems, and subsequent to early 1965, four of the group departed Chicago for a variety of reasons. Three have since returned, one from the United States Army, two others from employment in the northeast. Subsequent to this period, however, that is early 1965, there has been no indication of any RAM activity or organization in existence locally.

As the Bureau is also aware, Chicago has interviewed, or is in the process of interviewing all of those individuals who are known former RAM members, or suspected RAM members. The only two exceptions to the above are to be interviewed in connection with the next annual reports, due shortly at the Bureau. Detailed information concerning these interviews is being furnished the Bureau in connection with a separate survey under the RAM caption.

Consequently, in view of the fact that there is no known RAM group as such operating locally, together with the interview program of known former members and suspected members, Chicago is not submitting any specific counterintelligence suggestions directed at this organization at the present time. Chicago enthusiastically endorses the goals set forth above, however, and will be continually alert to the possibility of developing a productive counterintelligence program against RAM, in the event it should emerge as an organization,

62

or grouping, on the local Black Nationalist scene.

Southern Christian Leadership Conference (SCLC)

Chicago is very cognizant of the Bureau's interest in counterintelligence directed at SCLC, headed until his recent death by MARTIN LUTHER KING. The SCLC operation locally has been very minimal, subsequent to the early fall of 1966, when the SCLC led a continuing series of large scale open housing demonstrations here. Until the inauguration of the Poor People Campaign (PPC), in the winter of 1967-68, the SCLC's program here had for all practical purposes fallen apart. The only effective part of the program was its Operation Breadbasket, the only aspect of its operation which received any public attention, or publicity. In fact, after the so-called accommodation between KING and city authorities, in August, 1966, KING and the SCLC lost considerable face and no longer were an effective or respected force.

Most recently, the PPC here was achieving only marginal support and success. A Chicago source on the SCLC payroll here, involved in organizing for the PPC, was in fact responsible for developing the degree of promised participation which is in evidence.

Due to the death of KING, the circumstances surrounding same, and the resulting re-organization and uncertainty concerning its leadership and future direction, it would appear any counterintelligence approach at present might better be held in abeyance until such time as the future program and leadership of SCLC are resolved. Consequently, Chicago is not at present submitting any specific counter-intelligence suggestions. The Bureau is assured, however, that the situation will be continually re-appraised from the standpoint of whether a productive and effective program is advisable, and if so an appropriate specific suggestion will be furnished the Bureau for its approval.

63

CG 157-2209

SNCC

The Chicago SNCC operation might be accurately described as a one man operation, that is in the person of [redacted] It would appear that any counterintelligence action directed at SNCC most profitably should be aimed at [redacted]

Chicago feels that the most effective short term method of countering [redacted] effectiveness, and local SNCC influence, is to remove him from the scene, through some form of legal or police action.

In this connection [redacted] has been contacted over a period of time regarding SNCC since [redacted] operated the space where SNCC maintained an office, 306 East 43rd Street. As the Bureau is aware, SNCC and [redacted] lost this space when [redacted] had SNCC evicted because of the $880 in back rent owed him. [redacted] has since stated his intention of instituting legal action against [redacted] and SNCC, for this non-payment of rent. Whether this will to any extent inhibit or prove a hinderance to the organization or [redacted] remains to be seen, but the situation will be followed closely.

[redacted]

64

It is recognized that this is not counterintelligence in the classic sense of the term, however, it is believed that any arrest, and future incarceration, of [redacted] may well have a sobering and restraining influence on him and his associates. Such action could hardly have an adverse effect, since the animosity of [redacted] and his associates for the government hardly could be intensified. Chicago also does not feel such arrest, if possible, would have the effect of rallying support to [redacted] other than on the level of his already extremely militant followers and supporters.

The Bureau will be advised of developments in this matter.

At this point, due to the extremely limited financial resources of SNCC locally, its somewhat limited following, and its disorganization generally, Chicago is not submitting any additional specific recommendations of a counterintelligence nature to be directed at the organization. Chicago is remaining alert, however, to any additional opportunity to employ counterintelligence methods against SNCC locally which would appear to offer potential for accomplishing any or a combination of the goals set forth above.

(2) The Atlanta Division has two main black nationalist movements. It is estimated that Atlanta SNCC office has very great potential, and that NOI has very little potential, for violence, based on information available to Atlanta at this time.

Twenty-one Cubans have arrived in Miami with a dramatic account of how they hijacked a freight train and braved machine-gun bullets to reach the sanctuary of the U.S. Naval Base at Guantanamo.

The refugees, all Negroes and most in their teens, said one of their number had been killed by gunfire and a second critically wounded in their flight to freedom.

Their escape, however, almost came to a dead end when the train track ran out a mile from the base at the southeastern tip of Cuba.

They leaped from the train they had seized a half-hour earlier, dodging machine-gun bullets and dashing through swampland and an intricate maze of barbwire entanglements erected by Cuba to make their way into the base.

When they reached the U.S. fence at 11 a.m. last Sunday, four hours had elapsed since the group bound and gagged the five-man crew of the battered cargo train to cover the few miles from Caimenera to Guantanamo.

* * *

THE 16 MEN and five girls told of how they engineered their escape from Cuba while awaiting resettlement at the federally operated Freedom House in Miami.

They also had some observations on the life of the Negro in Cuba and how the civil rights strife in the U.S. is being exploited by the Castro regime.

ENCLOSURE

69

"In all fairness I've got to say that Negroes and whites are treated equally in Cuba today. The ones who are treated like animals and lead a life of scarcities and unremunerated labor," said Sandra Gores, 18, who made it over the Guantanamo fence wearing a blue miniskirt.

Sandra, who left her parents behind, admitted she had second thoughts before joining the escape party because of Cuban government propaganda regarding the plight of U.S. Negroes.

The death of Dr. Martin Luther King Jr. and the resulting racial disorders have been squeezed to the limit in propaganda by the Cubans, the group said. El Mundo, a government-controlled paper, headlined: "Nonviolence Died With Luther King."

The group said the Cuban press has been saturated with stories depicting the American Negroes as constant victims of Ku Klux Klan violence and police excesses. The display has included pictures of police dogs attacking Negroes.

★ ★ ★

"I HAVEN'T seen the dogs yet," Sandra said, "or the areas which the Cubans claim are off-limits to Negroes . . . Nobody has insulted me either."

Others said at Cuban schools it is constantly emphasized that those wishing to leave the island — Negroes of otherwise — would be "treated with contempt because of their 'stateless' status."

(There are no statistics available on the number of Cuban Negroes who have come to the U.S. nor on those waiting to leave Cuba via the daily freedom flights to Miami. Between 12 and 13 per cent of Cuba's population is estimated to be Negro. The Cuban government has done its utmost to discourage Negroes from joining the refugee exodus, according to those who have arrived.)

Osiris Vazquez, at 17 among the youngest in the group, saw his 18-year-old brother, Conrado, killed as they tried to reach the base. Conrado panicked at the rattle of the Castro machine guns, turned around with his hands in the air and was dropped by a burst of gunfire, Osiris said.

The boy's father, Conrado Vazquez, a 49-year-old laborer, turned around to help his son and also was hit by a bullet.

"An American soldier had to help my father over the fence," Osiris said. "I was afraid he wouldn't make it. He had told me he was very weak from losing so much blood."

★ ★ ★

THE ELDER Vazquez was taken to the hospital at the base. He's expected in Miami shortly.

Felix Sanchez, 27, who helped mastermind the train hijacking, said the group used a machine gun and an old rifle to subdue the train's crew when it stopped to reroute a switch. Two veteran railroad workers in the escape party took over the throttle.

"The train crew didn't offer any resistance," Sanchez said. "They just told us we were crazy; that we would be killed as well as they."

Sanchez said Cuban guards were caught by surprise when the train sped through the first checkpoint they encountered without making the routine stop. They were met with gunfire at the next checkpoint, and the tracks ended a short distance beyond.

They made their way slowly through the swamp — one of the girls had to be pulled from waist-deep mud — before they were spotted by Cuban sentinels in a camouflaged guard house. It was their fire that killed the Vazquez boy.

"We lay on the ground while the machine guns were firing, and ran while they reloaded," Sanchez said. "This went on until we outdistanced them."

The Bureau appreciates the interest and alertness of Miami in forwarding the newspaper article concerning the escape from Cuba of 21 Cuban Negroes. It would be valuable, as you noted, to prove that Negroes are subject to discrimination in Cuba, contrary to the claims of black nationalist extremists.

However, the Bureau does not feel the article forwarded in reairtel quite meets the need because of the first paragraph on the second page of the article. This notes that Negroes and whites are treated equally in Cuba, both are treated like animals. Miami should continue to be alert for ways to show mistreatment of Negroes in Cuba.

RACIAL INTELLIGENCE

Re Portland letter to Bureau, 4/8/68; and Bureau airtel to Portland, 3/4/68.

(1) [redacted] has been assigned to coordinate the program of the Portland Office.

(2) Black Nationalist Movement

Portland racial informants have advised that the following organizations have no chapters in Oregon at the present time: SNCC, SCLC, RAM, and NOI.

As a result of Portland sources attending a 4/11-14/68 Black Student Conference at San Francisco, California State College, Portland has learned of plans to organize units of the Black Panther Party for Self-Defense (BPP) in Portland and Eugene, Oregon. Black nationalists plan to change Black Student Union groups at several colleges in Portland and at the University of Oregon, Eugene, Oregon into fronts for raising money and for recruiting BPP members. The BPP is not known to have an actual chapter in Oregon but the following are reported to be members at large:

75

BPP as a target since it is a militant group, the truculence of which has led to racial violence and continuing friction in the Oakland, California area. BPP, by its nature, will set back relations between the Negro community and the Portland Police Department.

[redacted] are persons in the Portland area who have the potential for successful BPP organizing and recruiting.

(4) Suggestions for Counterintelligence Action Relative to the BPP Nationally.

It is noted that a number of delegates to the Black Student Conference mentioned above, had their expenses paid through the generosity of White college authorities and students, who believed that they were assisting the cultural and social development of Black students. Unknown to these donors, the conference was more toward preparation for racial warfare. Conference literature clearly indicated this. Portland suggests that the conference literature be made available to a nationally prominent writer, columnist, etc., so that the true nature of the conference would become public knowledge and the attendant newspaper publicity, etc., could be sent anonymously in the future to colleges which might be planning to assist Black Student Union members to attend similar conferences.

(5) Portland will submit the suggestion for the above in a separate letter including description of the literature involved.

COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
RACIAL INTELLIGENCE
(NEGRO NEWS MEDIA)

In considering methods to neutralize black nationalist extremist groups you should consider the use of news media that cater to the Negro community. There are numerous newspapers and radio stations aimed at primarily Negro audience or readership. If a situation arises where publicity about black nationalist extremists appears desirable you should determine whether an Afro-American newspaper or a radio station aimed at a Negro audience might be the best medium for such publicity. This would insure publicity within the Negro community.

When you submit counterintelligence recommendations to the Bureau using the technique of publicity you should advise whether your office has established, reliable, contacts among Negro news media who might be of assistance. Each SAC should be alert to establish such contacts if not already done.

The Bureau would welcome any comments or suggestions along this line.

DATE: March 29, 1968

FROM : G. C. Moore

SUBJECT: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
RACIAL INTELLIGENCE
(MARTIN LUTHER KING)

PURPOSE:

To publicize hypocrisy on the part of Martin Luther King.

BACKGROUND:

Martin Luther King has urged Negroes in Memphis, Tennessee, to boycott white merchants in order to force compliance with Negro demands in the sanitation workers' strike in Memphis.

When violence broke out during the march King led in Memphis on 3-28-68, King disappeared. There is a first class Negro hotel in Memphis, the Hotel Lorraine, but King chose to hide out at the white owned and operated Holiday Inn Motel.

RECOMMENDATION:

The above facts have been included in the attached blind memorandum and it is recommended it be furnished a cooperative news media source by the Crime Records Division for an item showing King is a hypocrite. This will be done on a highly confidential basis.

March 29, 1968

DO AS I SAY, NOT AS I DO

Martin Luther King, during the sanitation workers' strike in Memphis, Tennessee, has urged Negroes to boycott downtown white merchants to achieve Negro demands. On 3-29-68 King led a march for the sanitation workers. Like Judas leading lambs to slaughter King led the marchers to violence, and when the violence broke out, King disappeared.

The fine Hotel Lorraine in Memphis is owned and patronized exclusively by Negroes but King didn't go there from his hasty exit. Instead King decided the plush Holiday Inn Motel, white owned, operated and almost exclusively white patronized, was the place to "cool it." There will be no boycott of white merchants for King, only for his followers.

RACIAL INTELLIGENCE

Reference is made to Bureau airtel to SAC, Albany, and other Offices inclusive of Chicago, dated 3/4/68, captioned as above.

Referenced airtel concerned itself with the formation of an effective counterintelligence program against Black Nationalist - Hate Groups (BNG) setting up general goals as follows:

1. Prevent the coalition of militant black nationalist groups.

2. Prevent the rise of a "messiah" who could unify the militant black nationalist movement.

3. Prevent violence on the part of black nationalist groups.

4. Prevent militant black nationalist groups and their leaders, from gaining respectability.

5. Prevent the long range growth of militant black nationalist organizations, especially among youth.

Chicago has carefully reviewed referenced communication and agrees with the Bureau completely in the necessity of developing such a program to attempt to combat the potential effectiveness of such groups, including in their number some of the most dangerous and violence-prone individuals in this country, who pose the most grave threat to this nation's internal security within recent years.

Set forth below, in numerical order, is information in specific response to requests made in referenced airtel:

1. The Special Agent assigned to coordinate this program in the Chicago Office is [redacted]

2. Set forth below is a succinct summary of the black nationalist movement in the Chicago Division, as requested. In terms of militancy, the Student Non-Violent Coordinating Committee (SNCC) must be considered as representative of the greatest potential for violence as an organization here. Its leader, since [redacted] has made innumerable militant, inflammatory statements and has indicated that SNCC is no longer a protest group, but is a revolutionary movement prepared to bring utter chaos and confusion to the country if necessary. The degree of following enjoyed by SNCC and [redacted] is somewhat questionable since SNCC is not essentially a membership-type organization. He does, however, represent one of the most outspoken and militant black nationalist factions in the city.

An organization which is to some extent defunct at present is ACT, originally formed in 1964, in Chester, Pennsylvania. The organization is inactive at present; however, its leadership included such as [redacted] both still active in the local black nationalist movement. Due to its present state of disorganization, ACT as an organization is considered to have little or no potential for violence.

44

The Chicago CORE chapter maintains offices at 4305 South Park Avenue and has an active membership at present estimated at no more than 15 to 20 persons. It has not been particularly effective under its current leader, [redacted] and has not adopted publicly as radical or militant a tone as ACT, SNCC or the Afro-American Student Association (AASA) described below. CORE as an organization is considered to have little or no potential for fomenting violence. In qualification of this, however, it must be recognized that individual members of this and other less militant groups, certainly must be considered as possessing potential for not only participating in but, given the provocation and opportunity, fomenting dis[illegible].

The Chicago chapter of Deacons of Defense and Justice, Incorporated (DDJ), inactive at present, was headed by [redacted] The Deacons were armed, and represented a small but extremely militant group. [redacted] and his associates had served as bodyguards for various local civil rights people and national civil rights figures when in Chicago. As noted, the DDJ here is inactive at present; however, [redacted] and his associates are currently active in connection with the National Negro Rifle Association. This group appears capable of violence, given opportunity and provocation.

The AASA, above, was founded in Chicago within the past [redacted] and this group are representative primarily of Negro students on the high school and junior college level, and their attitudes and statements are very militant in nature. [redacted] is not believed to have any real significant support, in terms of numbers; however, due to his personal militancy, he represents an undetermined potential for violence.

The local black nationalist movement is characterized as much, if not more so, by outspoken individuals as by organizations. A number have been referred to previously in connection

95

with their organization; however, paramount among those not mentioned are DICK GREGORY, former comedian and now full time civil rights activist, and west side figure [redacted] The following of these individuals is difficult to estimate; however, they are extremely outspoken and prone to make extremely inflammatory and volatile remarks. It would appear that at present the local black nationalist movement is splintered, to some extent suffers from factional problems, enjoys little public support, at least in terms of membership and finances, and there appears to be no cohesive united front approach apparent or under development.

3. The following are organizations and/or individuals considered of such potential danger as to be considered for current counter intelligence action:

A. [redacted]-referred to above in connection with SNCC.

B. [redacted] violence oriented and outspoken Negro nationalist who has urged all Negroes to purchase weapons and continually preaches hatred of whites and the inevitability of a black revolution. [redacted] is known to be armed and to have purchased a large number of weapons.

C. DICK GREGORY--GREGORY is prone to erratic, outspoken and inflammatory remarks, extremely critical of the United States Government, Government officials and United States society in general. He has threatened to disrupt the August, 1968, Democratic National Convention to the point where it cannot be held in Chicago.

D. [redacted]-referred to above. However it might be noted that he was recently arrested on arson charges in connection with disturbances on Chicago's west side and is known to have had in his possession a number of stolen M-1 rifles, taken in theft from a local Chicago high school ROTC unit re

86

E. ELIJAH MUHAMMAD and the Nation of Islam (NOI)--Although not directly involved in racial violence, or disturbance activities, and despite the fact that MUHAMMAD preaches non-involvement in civil rights activities, the NOI is oriented toward separatism from white society and regularly and steadily indoctrinates its followers with hatred for whites. Additionally the NOI, in the person of MUHAMMAD, controls extremely large sums of money, publishes and owns an extremely black nationalist newspaper, which factors appear to present the possibility of some vulnerability from the standpoint of some recent financial manipulations.

4. Suggestions for overall approach to administration of captioned program--Chicago has carefully analyzed our overall racial situation, and the status of various organizations and individuals from the standpoint of developing a positive and effective counterintelligence program. This analysis has involved various Special Agents on Chicago's Racial Matters Squad intimately familiar with these organizations and individuals and the following consensus approach and comments are set forth by way of background:

Although obviously not true in every instance, the great majority of the individuals involved in the local black nationalist movement do not observe, adhere to or respect what could be referred to as a conventional standard of morality. Use of narcotics, sexual license, thievery and a general and wide-spread disrespect for so-called law and order are prevalent to a great degree. Consequently, Chicago feels that any attack on them as individuals, or the organization, from whatever quarter, along these lines, is not believed to represent a productive or effective counterintelligence technique, unless in some isolated or aggravated instance.

Numerous specifics could be cited to this point, where such a technique has been utilized, where charges described as incidents of moral turpitude have been leveled. A case in point

97

s ELIJAH MUHAMMAD, above. For years, Chicago has operated a counterintelligence program against the NOI and MUHAMMAD, along these lines; however, despite these efforts, he continues unchallabged in the leadership of the NOI and the organization itself, in terms of membership and finances has been unaffected. The possibility exists in fact that allegations along these lines, from whatever source, may well serve to enhance the status of these individuals among their peers.

The degree of support of these BNG by the responsible Negro community is diffcult to guage. It is predominantly true, however, that there does not appear to be any appreciable or outspoken support, financial or otherwise, from this segment of the Negro community for the somewhat disreputable element comprising the BNG. The opinions of knowledgeable sources would leave one to believe, however, that this does not indicate disapproval necessarily, so much as disagreement over tactics, methods and the like, with sympathy for the so-called Negro liberation movement running throughot the Negro community. The point being made is that targets within the militant BNG must be very carefully selected, over issues which will not in the final analysis serve to rally support for it in the more conservative Negro community, rather than serving the original purpose of alienating and isolating this group.

Insofar as the liberal white community is concerned, locally there is little or no direct connection between this element and the BNG. The latter have disavowed support by liberal whites and the BNG is, to all intents and purposes, already discredited in the eyes of the responsible white community. There remain very few hard core white liberals who continue to attempt towork with and aid the militant black nationalists as opposed to the more legitimate civil rights groups.

Chicago is in complete agreement with the Bureau that these organizations, as noted above, appear to present a more direct and tangible threat to the internal security of this

88

country, and to offer greater potential for chaos, destruction and disorder, than any element within our society in the recent past. Chicago feels, however, that in order to be successful, a counterintelligence approach must be based on an extremely realistic appraisal of circumstances, local conditions, personalities, attitudes and prevailing conditions. The counterintelligence approach on a moral basis, with white oriented concepts, irrespective of its inherent values, is not believed to be the most valid or productive basis on which to establish a program.

Chicago feels that, on an immediate and short range basis, concentration should be directed to: 1. removing selected individuals and BNG leaders from the scene through arrest, police or court action; 2. compromising certain of these individuals on the basis of allegations or implications that they are in some fashion subservient to or serving the white power structure as informers; and 3. as opportunists who either steal from or otherwise mislead their followers.

Admittedly, the last of the above approaches has been less than totally successful in the case of the NOI, but it continues to appear as a promising technique since few individuals exercise the rigid control and discipline over their organizations as does ELIJAH MUHAMMAD.

Chicago will closely scrutinize the individual cases of selected individuals and organizations, as set forth above, and specific counterintelligence suggestions will be individually forwarded the Bureau where the opportunity appears to present itself.

5. By separate communication, Chicago is forwarding to the Bureau, as requested in referenced airtel, an analysis of counterintelligence possibilities currently existing as concerns the organizations specifically named as field-wide targets; that is, the Revolutionary Action Movement, the Southern Christian Leadership Conference, SNCC and the NOI.

In accordance with instructions contained in re Bureau airtel, hereinafter set forth are the proposed counterintelligence action submitted by the Detroit office with respect to item five on page five of re Bureau airtel.

Re: SNCC

The Detroit Office suggests that established sources in the news media be apprised of the activities of local SNCC leaders such as [redacted] In this connection it is suggested that the news media be apprised of the efforts on the part of these individuals to recruit Detroit Negro secondary students for the purpose of having these individuals participate in demonstrations such as a recent demonstration which was held on behalf of H. RAP BROWN at the J. L. Hudson Company store in downtown Detroit. An estimated fifteen Negro secondary school students participated in this demonstration under the leadership of [redacted] and other cohorts and were encouraged during a rally prior to entering the J. L. Hudson Store to demand weapons and disrupt business of the store. The aforementioned SNCC leaders apparently have utilized or have been given permission by the secondary schools in Detroit to utilize facilities to espouse hate of the white man and advocacy of violence.

It is felt that if the general public in Detroit became aware of this situation that public sentiment would force the Detroit Board of Education and/or school officials to forbid [redacted] and his associates access to school facilities for the above stated purposes.

Additionally, it is suggested that investigation of the activities of [redacted] be intensified so that information relative to their activities can be made known to their associates, employers, and [illegible] civil rights and civic organizations in the community.

It is felt that if the true nature and philosophy espoused by the local SNCC leadership is made publicly known, this will result in a loss of support for SNCC.

Re: SCLC

Detroit feels that counterintelligence action against SCLC should be held in abeyance at this time in view of the widespread favorable publicity generated by SCLC as a result of the recent assassination of the late MARTIN LUTHER KING, JR. Detroit feels that SCLC is held in high esteem by the general public at this time and any counterintelligence action initiated at this time would only achieve a minimum affect and might actually jeopardize the goals of our counterintelligence program.

However, Detroit feels that we should continue to direct our activities at this time in an effort to disrupt and/or discredit the Poor People's Campaign in Washington. The Detroit Office has submitted [illegible] to the Bureau relative to this matter and is making every effort to develop other suitable counterintelligence recommendations.

Re: RAM

The Detroit Office does not feel that any counterintelligence action against RAM is necessary at this time inasmuch as the organization is dormant locally. It is to be noted in this regard that [redacted] local militant black nationalist leaders [redacted] are now concentrating their activities

[redacted] relative to the publication of a militant black nationalist newspaper known as the "Inner-City Voice" (ICV). Detroit feels that counterintelligence action should be directed against the ICV and not against RAM as no benefit would be derived from directing such counterintelligence action.

Re: NOI

As the Bureau is aware, a black government conference was held in Detroit, Michigan, during the latter part of 3/68 as a result of which a new independent black nation was allegedly formed to be known as the Republic of New Africa. [redacted] and his [redacted] both of whom are well known to the Bureau, are the leaders of this organization and the organization is allegedly in the process of obtaining five states in the southern part of the United States as the area for this new nation.

It is suggested in this connection that a letter on the stationery of the Republic of New Africa, which stationery is available to the Detroit Office, be directed to a substantial number of local rank and file members, inviting them to become members of this new nation, pointing out to them that ELIJAH MUHAMMAD, leader of the NOI, has been deceiving them for a number of years with his promise to establish a black nation. The letter would indicate that the Republic of New Africa had already undertaken negotiations to secure the land for the new nation, that bonds were being sold and that a government for the new nation had already been established.

The letter would describe in glowing terms the advantages of membership in the new nation and also indicate that NOI members were being used by ELIJAH MUHAMMAD and NOI leaders to enhance their own financial and self-interests.

It is felt that this letter would create turmoil among the local NOI leadership and also arouse suspicion on the part of rank and file members of ELIJAH MUHAMMAD and the NOI leadership.

93

DE 100-34655

It is additionally suggested that [redacted] subscriptions to the militant black nationalist [redacted] paper the ICV be secured in the names of some of the [redacted] NOI leadership and long time rank and file mem[redacted]. It is felt that the receipt of this publication [redacted] these individuals would create distrust among [redacted] leaders and members and would give the impression that the ICV is attempting to gain control of the local NOI and its membership.

On 5/2/68, ROBERT S. GILLUM, an associate of [redacted] local militant black [redacted] nationalist leader, was found murdered with two other individuals in a Detroit apartment building [redacted]

This matter is being pursued vigorously in mind of submitting a counterintelligence action to the Bureau relative to this split so as to further widen the breach between local militant black nationalist [redacted].

RACIAL INTELLIGENCE

ReBuairtel 3/4/68.

1. [redacted] has been assigned to coordinate this program in the Philadelphia Office.

2. In the Philadelphia Division the best known of racial hate groups is Revolutionary Action Movement (RAM). RAM is not well organized in Philadelphia, but the best guess at membership is approximately 30 members. This is a black nationalist pro-Chinese oriented group with a strong propensity for violence.

[redacted]

Young Militants in the Philadelphia area. [redacted] The Young Militants are an unorganized group at the present time but many of them frequently visit [redacted] and consider [redacted]

The Black People's Unity Movement (BPUM) is headed by [redacted] Informants [redacted] report there is no organized group in BPUM but that [redacted] uses this name to give himself prestige when he speaks at various black nationalist type meetings.

Included in the Rabble Rouser Index of the Philadelphia Office are [redacted] four members who were arrested by the PHPD for [redacted] to start a riot and poison the coffee of PHPD members; also three members of RAM who plotted to assassinate federal officials including President JOHNSON and Director J. EDGAR HOOVER, and local officials.

3. Organizations which it is felt should be considered for current counterintelligence action include [redacted], Young Militants, and RPUM. It is felt these should be considered because of their black nationalist leanings.

Individuals to be considered for counterintelligence action include [redacted]

4. In connection with this program, it is to be noted that many black nationalists have white girl friends such as [redacted] In view of this, it is felt that where possible, publicity should be given to the fact that these individuals have white girl friends. This may lessen their effectiveness in black nationalist areas.

[redacted]

ReBulet 2/9/68 and urlet 3/21/68.

Referenced letters concern the possibility of initiating counterintelligence action against [redacted] nationalist extremist [redacted] according to your interview of [redacted] claimed there is [redacted] among local militant black nationalists because [redacted] reportedly squandered $140,000 on travel and unwise investments. This money was received from an interdenominational group of churches in New York City.

You should determine the identity of this group of churches and submit recommendations for counterintelligence action to alert these churches that [redacted] has wasted their money. This might be done through an anonymous letter or, more effectively, if some element of fraud is involved, through a local investigation of [redacted] by the local prosecuting attorney.

(REPUBLIC OF NEW AFRICA)

Re Detroit overall counterintelligence airtel dated 5/3/68.

Reairtel suggested a counterintelligence operation involving sending letters on the stationery of the black nationalist extremist, Republic of New Africa (RNA), to members of the black nationalist extremist, Nation of Islam (NOI). Since RNA stationery is available to your office, it is suggested a better target than the NOI would be SNCC.

Since the NOI is not aligned with other black nationalist extremist groups, and is not involved in riot situations, Detroit should consider how the use of RNA stationery could foment factionalism with SNCC.

Submit counterintelligence recommendations to the Bureau for approval. The Bureau appreciates the thought put into referenced Detroit airtel and you are encouraged to develop unique counterintelligence operations.

Re your overall counterintelligence airtel 5/3/68.

Reairtel suggested counterintelligence action be undertaken to prevent Student Nonviolent Coordinating Committee (SNCC) leaders from using local high schools to recruit teenagers. This is a good suggestion, however, you should determine exactly how, and through what, SNCC is operating in local high schools. This information should be submitted in a form suitable for dissemination and thereafter specific counterintelligence recommendations to stop this activity should be submitted. In accordance with referenced airtel, the following information is set forth:

1. [redacted] is coordinating the Counterintelligence Program, Black Nationalist-Hate Groups in the New Haven Office.

2. The following organizations are active in the black nationalist movement in the State of Connecticut:

The Nation of Islam (NOI) is active in Hartford, New Haven, and Bridgeport. An auxiliary NOI Mosque currently exists in Waterbury and is considered part of the New Haven Mosque. Activity has recently been instituted to form a new Mosque in the New London area. The largest Mosque in the state is Muhammad's Mosque #14, Hartford, which has a reported membership of 150. Muhammad's Mosque #10 in New Haven has an active membership of 65 and Muhammad's Mosque #41 in Bridgeport has a reported active membership of 50. The Mosque in the Waterbury area is still in the formation stages and reportedly has a membership of approximately 15. NOI activities in the New London area are still in the development stage and there is no known membership figure at this time.

[redacted] made the statement that he was in agreement with the racial riots and violence which have taken place in New Haven, Conn., during August, 1967, but that the NOI was not to take part in any of this violence.

The Hill Parents Association (HPA), [redacted] Congress Avenue, New Haven, Conn., was described by Community Progress, Inc., a local anti-poverty agency, as a resident action group in the Hill Section of New Haven which conducts employment, education and recreation programs in an effort to improve the neighborhood. Ninety per cent of the members of HPA are Negroes and during the Summer of 1967, conducted a summer program financed with funds from the Office of Economic Opportunity.

[redacted] other officers and workers of HPA and/or their affiliate, Operation Breakthrough, have recently been convicted in Connecticut State Court on charges of conspiracy to blow up public buildings in New Haven. [redacted] Both of these individuals are free on appeal bond. The HPA has been a very closely run organization and since the arrest and conviction of the leaders has been virtuely inactive. At the present time there is no reasonable etimate of membership in this near defunct organization.

The Black Caucus is located in Hartford, Conn. and has confined its activities to that city. The Black Caucus reported was created to be a new political power to produce changes in the political life and social life of Hartford Negroes. The Black Caucus has utilized a residence in the apartment building at 30 Auburn Street, Hartford, as their headquarters and has been described as an organization that has no single leader or Board of Directors or executive committee nor membership cards and no bylaws. One member described the key theme of Black Caucus as non-violence. Members are sympathizers of the Black Caucus, which participated in demonstrations in the greater Hartford area for open housing, objections to behavior and tactics of police officers,

105

discrimination and exploitation by Hartford insurance companies, banks and private businesses, equal housing opportunities, improved welfare benefits, equal justice for all and similar complaints.

[redacted]

Members, as well as the leaders of the above mentioned organization, have participated in violence in the past in Conn. and continue to make veiled threats and/or outright statements advocating violence.

Although these leaders are all in considerable difficulty with the local authorities, as long as they are free on appeal bond they represent a threat since they do have some control and influence over members and sympathizers of their respective organizations.

The following individuals are on the agitator index of the New Haven Office:

3. It is believed that all of the above mentioned individuals and organizations warrant consideration under the counterintelligence program in view of their past actions and statements advocating racial violence.

Re Jackson let to the Bureau, 4/4/68.

I. BACKGROUND

The following background information and counterintelligence proposal is being forwarded for Bureau approval:

A. [redacted] of the Political Action Committee (PAC), at this school. Source has advised PAC is an affiliate of SNCC. At meetings of PAC and at various civil rights meetings in Jackson, [redacted] has made several strong anti-white and anti-establishment statements.

B. [redacted] from Jackson, Mississippi, is presently very active in Dayton, Ohio, as Student Non-violent Coordinating Committee (SNCC) [redacted] was in Jackson, Mississippi, for a three-week period in April, 1968, at which time he was observed in a civil disturbance

on April 4, 1968, in the Lynch Street Section of Jackson, Mississippi, and was in attendance at a Black Thought School, Tougaloo College, Mississippi, from April 12-14, 1968.

C. [redacted] is SNCC National Central Committee Member who is active as [redacted] in the South, and who lives at Tougaloo, Mississippi. He made unauthorized trip to Cuba in January, 1968, with three other SNCC functionaries, allegedly to attend cultural conference there.

II. ACTIVITIES OF BLACK NATIONAL LEADERS TO BE UTILIZED IN COUNTERINTELLIGENCE ACTION

A. [redacted] for individuals to attend a Black Thought School, Tougaloo College, Mississippi, which was held April 12-14, 1968, at Tougaloo College. Sources attending Black Thought session obtained the names of individuals participating at Black Thought School. Approximately four sources attended this Black Thought School and obtained typewritten names of individuals participating in separate workshops, such as Committee Organizing, Cultural, Defense, and Campus Organizing.

B. [redacted] was observed by sources in the Lynch Street area of Jackson, Mississippi, on April 4, 1968, participating in a disturbance in connection with the assassination of MARTIN LUTHER KING, JR. As a result of this disturbance, and information disseminated by the FBI regarding participants, the Jackson Police Department made arrests of several individuals.

C. [redacted] in connection with his activity [redacted] in the South, has [redacted] Negro leaders and civil rights activities in the South for approximately three years.

III. RECOMMENDATION

A. It is recommended that three letters be typed on unmarked paper as follows, for forwarding to each of the three above individuals:

1) "To: [redacted]
% SNCC, Atlanta

"Dear [redacted]

"Thanks for furnishing the enclosed list of names that attended Black Thought Conference at Tougaloo, and also, thanks for furnishing other names not on list.

"/s [redacted]

2) "To: [redacted]
% SNCC, Atlanta

"Dear [redacted]

"Thanks again for furnishing the names of people who were actively destroying property and looting on Lynch Street on April 4, in Jackson.

"/s [redacted]

3) "To: [redacted]
% SNCC, Atlanta

JN 100-980

"Dear [redacted]

[redacted] ppreciate photographs you provided of the several SNCC leaders which you discreetly took. Keep in touch.

"/s [redacted]

Information in the above three paragraphs being furnished to the subjects will not compromise any Jackson source as information has been made available to the Jackson Division through many sources.

B. It is recommended that the above three letters be sent to the Atlanta Office of SNCC, 360 Nelson Street, S.W., Atlanta, Georgia, 30313, addressed to these three individuals, however, with the following changes:

1) That the letter to [redacted] be included in the envelope to [redacted]

2) That the letter to [redacted] be included in the envelope address to [redacted]

3) That the letter to [redacted] be included in the envelope directed to [redacted]

IV. OBJECTIVE

It will be obvious to recipients that letters that they received erroneously sent to wrong addressee. This would be sent to Atlanta SNCC Office as possibly all SNCC mail opened there, thereby possibly further publicizing contents of the letters.

Addressee receiving letter will hopefully receive reaction that data in letter indicates that

113

letter's official addressee is an informant of some intelligence law agency in the State of Mississippi.

Accordingly, this could result in discrediting of each of the above three individuals to each other, and possibly in SNCC, if each recipient discusses letter with others.

V. BUREAU APPROVAL

It is recommended that Bureau approve the above measures to be initiated by the Jackson Division, at earliest possible date.

Copies of this letter being furnished Atlanta in that SNCC Headquarters are located that Division, and to Cincinnati in that [redacted] currently active in civil rights division.

COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
RACIAL INTELLIGENCE

ReJacksonlet dated 5/11/68.

Although the suggestion included in referenced letter in regard to the counterintelligence program is appreciated, it is not being approved. The attempt to involve three individuals at one time appears to be attempting too much. It is felt that if all three letters were received at SNCC headquarters as you propose, SNCC officials would suspect a disruption attempt immediately.

The technique of misdirected mail is a useful one, however, it cannot be overdone. To use it as you indicate might preclude its use in regard to individuals mentioned under more favorable circumstances.

It is suggested that you reconsider your proposal and limit it to two of the individuals you have mentioned. These individuals would be the targets in this counter-intelligence situation and they could be played against one another. Under such a plan target #1 would receive the letter meant for target #2 and vice versa. Follow up action would depend on the reaction of the targets. Eventually it could include an anonymous letter to SNCC headquarters alleging that one of the targets had information, that the other was cooperating with a police agency and failed to report matter to SNCC headquarters.

MAILED 4
MAY 29 1968
COMM-FBI

Since success in this type of endeavor would be dependent on individual personalities working at SNCC headquarters in Atlanta, the comments and suggestions of the Atlanta Office in regard to this counterintelligence project are requested. Since [redacted] the comments of the Cincinnati Office are likewise requested.

For your information copies of Federal income tax returns for Herbert C. Mohammed have been requested from Internal Revenue Service (IRS) and will be furnished you when received. This is in line with your recommendation that Herbert Mohammed be targeted to remove him as a possible successor to his father as head of the militant black nationalist Nation of Islam.

The Bureau feels these tax returns should be reviewed by your office to develop any possible line of inquiry for IRS before we suggest to IRS that Mohammed be investigated from a tax standpoint. BACKGROUND:

The Poor People's Campaign (PPC) was initiated by the late Martin Luther King, Jr., as a massive civil disobedience campaign to force passage of legislation favorable to Negroes. We have just received, and disseminated to appropriate interested agencies, a Communist Party, USA, (CPUSA) document concerning the PPC. (Copy attached)

This document is signed by William L. Patterson for the Party's Negro Work Department. It is addressed to all Districts of the Party, all National Committee (NC) members, Heads of all Negro Work Departments, and Chairmen of all commissions. The first heading in the document reads, "All-out Support to the Poor People's March."

The document calls for "mobilization in support" of the PPC. The CPUSA wants to organize the unemployed and the South as a followup to the PPC.

I. All-out Support to the Poor People's March

The Poor People's March on Washington has begun. Evidence of its great power to mobilize for the fight against poverty is emerging. The evidence should be recognized and publicized.

Directed by Rev. Ralph D. Abernathy, leaders of the Southern Christian Leadership Council, local progressive black leaders and far-sighted white supporters have held meetings with President Johnson's Cabinet and Congressional leaders.

These meetings expose the hypocrisy of official governmental leadership and the role of government in maintaining millions, especially black citizens, in poverty and misery.

What becomes obvious is that if poverty is to be abolished the people must become abolitionists.

The Poor People's March can become an instrument for mobilizing and activizing millions against poverty.

Every phase of its development makes for the enlargement of struggle, the unification of the people and the loosing of creative ideas of struggle.

II. Political Significance Vital

The encampment in Washington is of historical significance, politically in awakening the American people, ideologically in revealing the role of government and the relation of forces needed to assure victory for the people organizationally and programmatically in mapping out and projecting the historically necessary follow through

The project in its many ramifications impinges on every crisis problem confronting the country, reveals the power of Negro leadership, the dire need for unity and coordination in struggle. The tragic picture of the polarization of poverty and consequent degradation alongside of unequalled wealth, ruthless rapacity and affluence is presented.

But the dominant factor of it all is: the development shows the limitless potentialities for successful struggle.

(See May Fortune Magazine for details of the polarization of wealth and usurpation of power).

ENCLOSURE

(OVER)

121

III. Impact of March and the Follow Through

Reaction fears the impact of the March on labor, black citizenry, youth, women, all decent people who dare think. The impact can be strengthened by the popularization of the March everywhere, schools, churches, labor bodies, among students - everywhere. That popularization should take the form of mobilization in support. Constructive support demands discussion of the follow-up. This is the essence of the case since the March is not an end in itself.

IV. Our Tasks

The Negro Work Department calls on all district leadership to recognize and through action acknowledge possibilities for deepening and sharpening the struggle against poverty. This can lead logically to the question of the organization of the South, of the unorganized and the unemployed. This step is not only vitally important in relation to a successful fight against poverty but in relation to every major issue before the nation.

The logic of this step as a follow-up flows out of the association of the March with the strike of Memphis garbage workers and the unity of white-black workers in struggle.

Correct steps in publicizing the March and its massive ramifications can help awaken the creative imagination of black and white alike.

The people are in motion. The battle for their clarification, unification and direction is a challenge we can neither evade or avoid.

COUNTERINTELLIGENCE PROGRAM,
BLACK NATIONALIST HATE GROUPS,
RACIAL INTELLIGENCE

Re Bufairtel to SAC, Albany and numerous other field offices including Chicago, dated 3/4/68, titled "COUNTERINTELLIGENCE PROGRAM, BLACK NATIONALIST HATE GROUPS, RACIAL INTELLIGENCE."

Referenced airtel concerns itself with formation of a Counterintelligence Program against Black Nationalist Hate Groups (BNG) setting up as goals:

1) Prevention of a coalition of militant BNG

2) Prevention of the rise of a "messiah" who might be able to utilize and/or charismatrify a BNG movement

3) Prevent violence on the part of BNG

4) Prevent militant BNG and leaders from gaining respectability by discrediting them to responsible Negro groups, to the white community, to "liberals" who may possess vestiges or sympathy for them and

5) Prevention of long range growth of militant BNG organizations, especially among youth

Referenced airtel specifically mentioned ELIJAH MUHAMMAD as one who aspires becoming a "Messiah" but notes he is less of a threat because of his age.

For a number of years Chicago has had in effect Counterintelligence Programs regarding the Nation of Islam (NOI) and ELIJAH MUHAMMAD.

Originally the program was centered around espousing to the public, both white and black, on a nation-wide basis the abhorrent aspects of the organization and its racist, hate type teachings. This was done in such leading magazines as "Time","U.S. News And World Report", "Saturday Evening Post," etc., as well as through newspapers.

The program then instituted the use of anonymous letters to such individuals as MUHAMMAD's wife and daughters as well as other key members regarding MUHAMMAD's extra-curricular activities with a number of his "secretaries" and subsequent children borne by them, apparently fathered by MUHAMMAD. Anonymous letters were also sent to key followers regarding the lavish extravagance practiced by MUHAMMAD and the "royal family" as well as his total lack of regard for his followers. These letters were sent to key NOI members both on a high and low level.

Results of the above three phases of this program were followed closely. It was determined MUHAMMAD and the NOI thrived on publicity. He did not particularly seem concerned whether this publicity was critical or otherwise. He seemed to feel that publicity of any type would attract the Negro out of curiosity to his temples, which would result in donations being made by these individuals and, in some cases, new followers. At one point he stated the white man had given him a million dollars worth of publicity. Subsequent information made available by confidential informants who were in such position as would enable them to know indicated MUHAMMAD's biggest irritation is when he is completely ignored by the news media.

124

It was determined allegations made in the anonymous letters about MUHAMMAD's immoral activities did have a small degree of effect on his family but in the main it was in the form of gossip between MUHAMMAD's wife and his daughters. There was no indication MUHAMMAD's wife or any of his followers made a direct confrontation with him as a result of these letters. The wife did come to hate some of the secretaries but MUHAMMAD continued his activities and probably still is continuing this activity. It appears it was impossible for the wife and the members of his family to take this stand as it would undoubtedly have cost them their station in life and the way of living to which they had become accustomed.

At about this same time an Illinois state representative took it upon himself to cause an investigation to be made of the University of Islam No. 2 in Chicago to determine if the children therein were being taught racist and hate type subjects and to determine if the school was conforming with state regulations for accreditation. This investigation was given extensive coverage in local papers. The end result was that the State Board of Education took no action and several apparently responsible Negroes came out and criticized the investigation. There were also charges of racial persecution.

In this regard it may be well to note that any ruling, be it state or federal, against the University of Islam No. 2-NOI schools being self-styled as "Islamic parochial schools"-could well effect other religious parochial schools and could cause other religious groups to take legal action in the event any action against the NOI school affected their operation.

In late 1962, Chicago instituted a program of counterintelligence against the NOI and MUHAMMAD for the purpose of showing the NOI was basically detrimental to this country and the Negro race. The program was to be, and continues to be, operated on the "highest possible plane" and would not involve racism, name calling or mud slinging. [redacted] The program was highly successful for several years in that [redacted] was able to give the public,

both white and colored, a basic and realistic picture of the inner activities of the NOI and was able to point out the abhorrent effects of the NOI on the Negro race and its image. NOI reaction to some of the statements made by [redacted] was totally unfavorable and they resorted to name calling with the end result their image among the Negro was certainly damaged.

This program was simmered off considerably at about the time of the defection of MALCOLM X LITTLE, WALLACE MUHAMMAD and HASSAN SHARRIEFF, the latter two being MUHAMMAD's son and grandson. Chicago did not feel [redacted] should be in any way involved in the turmoil and struggle within the NOI created by the above defectors.

MALCOLM X, WALLACE MUHAMMAD and HASSAN SHARRIEFF gave extensive exposure through the news media, both locally and nationally, to the immoral activities of ELIJAH MUHAMMAD and to misuse of funds by MUHAMMAD and his royal family, as well as MUHAMMAD's total lack of regard for the welfare of his followers. MALCOLM X and WALLACE MUHAMMAD attempted to form their own groups and exerted considerable pressure to pull NOI members to their side. Results proved they were largely unsuccessful in developing a strong organized following. It is recognized that MALCOLM X was killed before he had the opportunity to prove his ability in this regard. However, at the time of his death, his organization was apparently not too well organized. WALLACE MUHAMMAD dissolved his group and returned to his father.

The results of this exposure left the feeling that MUHAMMAD's extracurricular escapades were accepted by his followers, their belief apparently being motivated by the fact MUHAMMAD as the messenger of Allah was divinely inspired and missioned. The personal extravagance of MUHAMMAD and his family also apparently had little if any effect on the masses of his followers. Apparently they expected him to live lavishly and are willing to make extreme monetary sacrifices in this regard with blind subservience. It is recognized some members have left because of exorbitant financial demands on members in the NOI but there has been no mass exodus.

126

With the advent of CASSIUS CLAY, MUHAMMAD again glorified in CLAY's subservience to him and glorification of him and the resultant publicity given him and the NOI in all phases of the news media.

[redacted] was again utilized to speak out against CLAY's activities and against CLAY's stand against the draft. As recently as 1967, [redacted] criticized CLAY and the NOI, while not naming them directly, for trying to avoid their obligation in defense of this country.

[redacted] continues to speak out against the NOI as opportunity presents itself. It is impossible for this office to know of such instances as [redacted] has an extremely busy schedule and this prevents contacts for the specific purpose of determining if he has spoken out against the NOI and/or MUHAMMAD. [redacted] is furnished weekly copies of the NOI newspaper so he can keep abreast of the NOI and its trends. He has repeatedly assured this office he does read these papers and he assures this office he continues to speak out against the NOI and MUHAMMAD as the opportunity presents itself. Judge [redacted] states he will do this against anyone or any group he feels are detrimental to the well-being of this country and to the Negro race in its struggle.

With the above in mind, Chicago feels ELIJAH MUHAMMAD is a less important target in counterintelligence activities and feels that efforts must be made in all cases to prevent the development of a "martyr" or a "Messiah". Chicago has given careful consideration to this matter and has come to the conclusion that an excellent target for a high level Counterintelligence Program would be:

HERBERT C. MOHAMMED
Bureau File 105-54773

Chicago feels HERBERT would not be suspect for martyrdom nor could charges of persecution of him based on religion or race be used as a publicity gimmick. Chicago further feels that HERBERT as a target would not deeply involve CASSIUS CLAY who has already been seized on by various BNG as the "martyred symbol of black youth."

177

Within the past month HERBERT publicly stated he has been expelled from the NOI for five years and expected to be reinstated during the coming summer. He did, however, appear in a NOI uniform at the annual Muslim Convention held in Chicago on 2/25/63. Confidential informants who are close to MUHAMMAD's Temple No.2, Chicago, report they rarely if ever see HERBERT MUHAMMAD at meetings of that temple. Confidential informants who are in a position to know report HERBERT MUHAMMAD is in daily contact with his father on policy matters and that he apparently exerts considerable influence on MUHAMMAD and on the NOI newspaper.

For several years HERBERT MUHAMMAD has been active as the manager of CASSIUS CLAY. He was at one time President of Main Bout, Inc., at an alleged salary of $48,000 per year. He also has been, or is, involved in Herbert Muhammad Enterprises and Heavyweight Champion Brands, Inc. Reportedly he received 50% of CLAY's gross income. "Sports Illustrated," 2/10/57, reported HERBERT received approximately $500,000 from purses of three of CLAY's title fights. HERBERT has been described as money crazy and as a person who will do anything for money even if it is against the NOI principles. He also reportedly has been involved with several different women.

Chicago sources report that in the event of the demise of ELIJAH MUHAMMAD it would not be beyond the realm of possibility to expect HERBERT MUHAMMAD to emerge as the most formidable individual in the NOI. These sources do not expect that HERBERT would become leader of the religious phases of the NOI but do feel he would exert great influence behind the scenes, especially in the controlling of groups and in financial matters.

Along this same regard, Chicago sources report that HERBERT MUHAMMAD has been the key person instrumental in keeping WALLACE MUHAMMAD, whose identity is known to the Bureau, from regaining close rapport with his father. It is the strong conviction of this office that WALLACE MUHAMMAD is the only son of ELIJAH MUHAMMAD who would have the necessary qualities to guide

128

the NOI after MUHAMMAD's death in such a manner as would eliminate racist teachings and cause the organization to accept the doctrine of brotherhood of all races as is set forth in Moslem Holy Quran.

From all appearances and from all information available HERBERT MUHAMMAD can best be described as merciless, cunning and an ego maniac.

Chicago has long felt HERBERT MUHAMMAD should be considered in a Counterintelligence Program and in this regard Chicago has furnished extra copies of annual reports on him, which are dated 1/16/67 and 2/6/68, to the Bureau for possible dissemination to the Internal Revenue Service (IRS). It is not known if this was done.

Recommendation

Chicago feels strongly that representatives of IRS should be contacted on the highest possible level for the purpose of:

1) Ascertain if there are any irregularities on HERBERT's income tax returns for the past five years.

2) To determine from this review if he might be vulnerable to an exhaustive penetration of his activities in this regard by IRS.

3) To ascertain if IRS can be persuaded to give an expeditious and thorough review of the financial status of HERBERT MUHAMMAD.

Chicago strongly feels this must be done with or through the Director of IRS in Washington, D.C. It is felt an approach at the local Chicago Office would result in stagnation.

Chicago feels that IRS could cause extreme consternation among NOI officials. Positive results could well lead to other individuals in the NOI who might be vulnerable without bringing religious involvements into the investigation.

Chicago feels the one important aspect of this suggestion is that it has selected an individual who will not necessarily involve religion - it being recognized that the NOI is considered a religion and same has been upheld in federal court decisions. Chicago feels that individuals such as HERBERT MUHAMMAD will not necessarily cause charges of racism to be brought out.

BLACK UNITED FRONT
RACIAL MATTERS

This is to advise of Black United Front (BUF) meeting and recommend information about it be furnished news media source on confidential basis to expose violent tendencies of this group.

BACKGROUND:

The BUF is a coalition of both moderate and militant Negro leaders in the Washington, D. C., area. It was formed by Stokely Carmichael, who is currently the temporary chairman. Carmichael has excluded the press from meetings of the BUF and the membership has been told not to discuss its deliberations with the press.

RECENT MEETING:

A general meeting of the BUF was held [redacted]/68. About forty people were present, including three [redacted] sources. Carmichael presided and several of his Student Nonviolent Coordinating Committee people were present. The BUF agreed to support a Black Student Union [redacted] for a school holiday in honor of the birthday of militant black nationalist Malcolm X. BUF also agreed to support a picket of Selective Service headquarters in Washington, D. C., by the Washington Black Antidraft Antiwar Union.

Memorandum to Mr. W. C. Sullivan
RE: BLACK UNITED FRONT

Carmichael proposed, concerning the rebuilding of riot-struck areas of Washington, that BUF present a plan after everyone else has presented theirs. [redacted] with plans would then be invited to a BUF meeting and asked to withdraw their plans in favor of the BUF plan. One person said that if anyone interfered with this his store would go up in flames.

At another point in the meeting [redacted] of the Action Coordinating Committee to End Segregation in the Suburbs, cautioned against starting fires. He said with the Poor People's Campaign (the Washington Project) coming up, if fires were started now there would be nothing left to burn at the time of the Project.

RECOMMENDATION:

It is apparent that Carmichael and other who advocate violence are dominating the BUF. We should expose this fact by furnishing the above information on a confidential basis to a cooperative newspaper source in the Washington, D. C., area. Since the press is excluded from BUF meetings it is important that this talk of violence be brought to the attention of Negro moderates in Washington. We have disseminated the above information to the Internal Security Information Unit, the Internal Security Division, the Civil Rights Division, and the Criminal Division of the Department. Dissemination was also made to the military intelligence agencies, Secret Service, and [redacted].

ACTION:

That attached article, which protects our sources, about Carmichael's domination of the BUF and the militant trend, be furnished a discreet, reliable, newspaper source on a confidential basis by the Crime Records Division.

MODERATES LOSE CONTROL
OF BLACK UNITED FRONT

Moderate Negro leaders are alarmed [illegible] Mr. Stokely Carmichael seizing control of Washington's [illegible] United Front. Talk of "burning down' Washington [illegible] the Poor People's Campaign is a sign that extre[illegible] have taken control of the group that was to represent all of the Negroes in the Nation's Capital.

Although the press has been excluded [illegible] United Front meetings by Carmichael, reports of the [illegible] on April 22, 1968, are circulating amon[illegible] Negro [illegible] that Carmichael had many of his followers strategically placed at the poorly attended meeting. A comment about starting fires to free Capitol demonstrators brought the rejoinder - not now, if you start fires now there will be nothing left to burn when the Poor People's Campaign starts. The promise given the late Dr. Martin [illegible] King by Carmichael and other radicals to "cool it" [illegible] the Washington Spring Project seems to have [illegible] with fire.

"Burning down the town" came up again at this Black United Front meeting during talk of plans to rebuild riot-torn areas of the city. Carmichael said the Front should let everyone present their plans for [illegible], then call those with plans to a Black United [illegible] where they would be "persuaded" to abandon their plans in favor of whatever the Front wanted. Carmichael's [illegible] was adopted and the comment made from the floor that anyone who opposed the Front plan would have his [illegible] up in flames.

Amid talk of burning, Carmichael [illegible] to push through a recommendation that the Front [illegible] demands for a school holiday in honor of the late [illegible] militant black nationalist Malcolm X. The Front also endorsed plans by the Washington Black Antidraft Summer Union to march on Selective Service headquarters. All of these actions are in line with Carmichael's [illegible] goals. HERBERT C. MOHAMMED
RACIAL MATTERS - NATION OF ISLAM

This is to request income tax forms for the past three years concerning Herbert C. Mohammed, Public Relations Director of the black nationalist extremist Nation of Islam (NOI).

BACKGROUND:

Herbert C. Mohammed is the son of the national leader of the NOI, Elijah Muhammad. It is noted that father and son spell their last names differently. The NOI preaches hatred of the white race and advocates a separate nation for American Negroes. Herbert Mohammed is the logical successor to his father as leader of this extremist group.

Herbert Mohammed is involved in several NOI businesses and is the manager of former heavyweight boxing champion Cassius Clay. Herbert Mohammed has been described as money crazy and one who will do anything for money. A review of his income tax returns might indicate he is vulnerable in this area.

If Herbert Mohammed could be removed as successor to the leadership of the NOI, it would place our top level NOI informants in a better position to neutralize this extremist cult. The Chicago Division, where the NOI is headquartered, recommends we develop long-range counterintelligence measures to neutralize Herbert Mohammed. A first step would be to review his tax returns.

RECOMMENDATION:

Attached are original and one copy of a blind memorandum for the Liaison Section to use in requesting Internal Revenue Service to furnish us copies of Herbert Mohammed's Federal income tax returns.

(POOR PEOPLE'S CAMPAIGN)

This is to recommend item about number of teen-agers in the Poor People's Campaign be furnished news media source on confidential basis by Crime Records Division.

BACKGROUND:

The Poor People's Campaign (PPC) is the campaign of massive civil disobedience initiated by the late Martin Luther King, Jr., to force passage of legislation favorable to Negroes. We have learned that at least two of the PPC caravans moving toward Washington, D.C., are composed largely of teen-agers and young men in their early twenties.

This is an unstable element with a real potential for violence. The recent riot in Washington started with looting by teen-agers and young men. This information has been disseminated to appropriate interested agencies and it is felt it should also be publicized by the news media. Attached is a summary of these facts which protects our sources.

ACTION:

That attached summary be given a cooperative news media source by the Crime Records Division on a confidential basis to publicize the number of young people involved in the PPC.

The Poor People's Campaign may be turning into a "children's Crusade" and the number of teen-agers descending on the Nation's Capital reminds officials that the recent riot in Washington began with teen-age looting. Of the 33[illegible] "poor people" in one of the caravans moving [illegible] on Washington, there are 315 of school age. Most of those in the "Midwest Caravan" are teen-agers or young men in their early twenties. Members of a teen-age group called the "Invaders" are in one caravan.

In referenced Tampa letter it was pointed out that [redacted] and it is assumed that he desires a transfer out of Tampa and hopes for an assignment to Chicago.

In order to take advantage of the present discontent in the Tampa Mosque and considering that informants previously advised that one anonymous letter by an unknown woman from the Tampa Mosque has been addressed to ELIJAH MUHAMMAD complaining about [redacted] it is proposed, upon receipt of Bureau authority, to send an anonymous letter from the Tampa, Fla. area as described below. The letter will be handwritten in ink on white, unlined paper. It will be neat, legible, and no misspellings will appear. This method is believed to better impress ELIJAH MUHAMMAD inasmuch as correspondence to ELIJAH regarding membership will be rejected by MUHAMMAD if there are misspellings in the text, and if the writing is not clear and legible.

As the Bureau is aware, the City Council of the City of Chicago on January 30, 1968, passed ordinances calling for the registration of firearms by residents of the City of Chicago.

A Xerox copy of "New Regulations Prescribed Governing Possession of Firearms" is enclosed herewith to the Bureau.

The above ordinances were challenged in Circuit Court by three gun dealers and a sporting goods firm, however, Circuit Court Judge NATHAN COHEN ruled on May 10, 1968, that ordinances passed by the City Council were Constitutional with the exception of one ordinance requiring registration of gun silencers.

The ordinances went into effect on Wednesday, May 15, 1968, and the ordinances provided for a $500 fine for individuals required to register their weapons if same are not registered with the appropriate city agency. The ordinances bar owning of guns by any persons under 18, the mentally retarded, anyone convicted of a felony or released from a prison, reformatory, or mental institution within 5 years.

In accordance with dissemination responsibilities, Chicago disseminates to appropriate local authorities information developed in the course of racial investigations relating to possession of weapons by black nationalists.

Chicago remains alert and is exploring possible counter-intelligence action that might be instituted in connection with the above gun ordinance against militant black nationalists active in the Chicago area. Prior to instituting any action other than dissemination of gun information developed, Bureau authority will be obtained.

Inasmuch as it is considered possible [redacted] may be a member of St. Stephen's Episcopal Church and that his connection with the Organizers is through his church affiliation, having nothing to do with his employment, it is believed this matter must be handled very carefully. (THE ORGANIZERS)

It has been decided that you should not contact anyone at U.S. Steel Corporation in regard to this matter. The Bureau feels that you should send an anonymous letter enclosing public source data about the Organizers, to alert [redacted] to the black nationalist and militant nature of the Organizers.

This would alert [redacted] no matter what the source of his funds, U.S. Steel or a church. Use this technique if it would not jeopardize the original source of the information. Furnish the Bureau a copy of the anonymous letter sent for completion of Bureau files.

TJD:sib

NOTE:

Pittsburgh earlier determined that [redacted] wrote a $164 check for [redacted] used by the Organizers on a field trip. The Organizers are a militant, extremist, black power youth gang in Pittsburgh. On the trip the passengers threatened the driver and he refused to make the return trip. We asked Pittsburgh to consider possible counterintelligence to alert [redacted] to the type of group he is supporting.

Pittsburgh notes [redacted] involvement may be through U.S. Steel or through a local church and recommends contact with an established source at U.S. Steel to determine which is the case. This might reveal the existence of a counterintelligence program to an outsider and thus embarrass the Bureau. An anonymous letter would alert [redacted] without the possibility of embarrassing the Bureau.

90 DAY PROGRESS LETTER

I. COUNTERINTELLIGENCE OPERATIONS UNDER CONSIDERATION

A. The Memphis Office is presently attempting to locate suitable young Negroes who are not presently engaged in Black Power activities at Memphis with a view of developing them as informants and placing them in contact with local cells of the Black Power organization at Memphis, Tenn., known as "Black Organizing Project" (BOP).

B. Consideration is being given to contacting responsible leaders of various Negro organizations at Memphis, including the NAACP, the War on Poverty program, Memphis Interdenominational Ministerial Association, Memphis Community on the Move for Equality (COME), Memphis Women on the Move for Equality Now (WOMEN) and "Memphis Cares" organization.

The purpose of such contacts would be to inform the responsible leaders of the above-mentioned organizations of the real aims and purposes of the Black Power organization at Memphis known as BOP, it being noted that various leaders and members of the BOP at Memphis, Tenn., have worked in and with the above-mentioned organizations. In addition, information has been obtained by the Memphis Office BOP has hopes that funds for their activities may be derived from one or more of these organizations.

C. The Memphis Office has made contact with several young Negro males who are veterans of military service and is giving consideration to attempting to develop these Negroes as informants of the Memphis Office and to have them enroll at Memphis State University. It is noted that indications are that BOP activity at Memphis is becoming more and more centered among the black militants in attendance at Memphis State University. Indications are that the intelligent leadership directing the Black Power activities at Memphis will emanate from Memphis State University.

II. COUNTERINTELLIGENCE OPERATIONS BEING EFFECTED

A. INTERVIEW PROGRAM

The Memphis Office has since the first information was received indicating the existence of a militant Black Power organization at Memphis been interviewing all persons allegedly either a member of such an organization or who have been approached to join such an organization. The initial interview is followed within two weeks by a follow-up interview, and this interview is usually followed by a series of weekly or bi-monthly telephone contacts with those individuals, who have recently joined with Black Power organizations at Memphis, Tenn.

B. PLANNED FAILURE TO INTERVIEW KNOWN MEMBERS OF BLACK POWER ORGANIZATIONS

The Memphis Office has purposely refrained from interviewing certain known members of BOP at Memphis in an effort to cast suspicion on these persons as possibly being FBI informants.

C. The Memphis Office continues to furnish selective information regarding certain BOP leaders at Memphis to the Intelligence Unit of the Memphis Police Department with the request that local authorities keep an eye on these individuals.

D. The Memphis Office has furnished on a very selective basis certain militant statements and aims of BOP leaders to trusted liaison sources in order for the real aims and purposes of the BOP at Memphis to become common knowledge.

153

E. The Memphis Office has furnished to trusted newspaper contacts at Memphis printed material issued by the BOP at Memphis and distributed by the BOP which shows their militant action and aims.

F. The Memphis Office on a highly selective basis has furnished the names of known BOP militants who are enrolled at Memphis State University to [redacted]

In addition to the above, the Memphis Office is working very closely with the Intelligence Unit of the Memphis Police Department in an exchange of information dealing with Black Power movement at Memphis.

III. TANGIBLE RESULTS OF COUNTERINTELLIGENCE OPERATIONS

The interview program has been effective, as it has resulted in development of three informants who are connected with the BOP at Memphis. In addition, it has resulted in the leaders of the BOP at Memphis furnishing a certain amount of information regarding BOP activities to the Memphis Office. It has apparently created difficulties in recruiting on the part of BOP leaders, inasmuch as [redacted] has advised SA [redacted] of the Memphis Office that our interviews have caused many young Negroes to be afraid to join BOP and are creating financial problems for the BOP.

In addition, information has been received from informants that the deliberate failure to interview certain known members of the BOP has resulted in a distrust on the part of the BOP toward those members not interviewed by the FBI.

The program of furnishing selected information re BOP activities and leaders to the Memphis Police Department Intelligence Unit has resulted in the receipt of a great deal of intelligence information and has also disrupted BOP activities and has proven to be a financial burden to the BOP. Information furnished for the most part has been restricted to known violations of laws, such as the failure to have current automobile inspection stickers, failure to have cars properly registered, plans to recruit at local high schools during school hours, etc. This has enabled the Memphis Police

154

Department to effect several arrests of the leaders of the BOP at Memphis, and according to [redacted] has created a financial drain on their resources. In addition, Memphis has an excellent relationship with the newly-formed Intelligence Unit of the Memphis Police Department and furnishes the identity of known BOP members, along with their activities, to this Unit. This also has resulted in several arrests of BOP members. This relationship has resulted in the Memphis Office receiving valuable intelligence information from a police undercover officer who is a member of the BOP at Memphis.

The furnishing of public source information to various newspaper contacts and liaison sources has resulted in various newspaper articles in local newspapers which have to some extent exposed the actual aims and purposes of the BOP.

IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

Since the inception of investigation of militant Black Power organizations at Memphis, one fact stands out. The militant Negro organizations at Memphis have a common need of funding. Interviews with Black Power militants, informants and sources of information indicate that the primary objective of these Black Power groups in obtaining funds for their organizations, and indications are that they are turning to the Federal Government, private foundations and/or local businessmen as a source of these funds.

One method of raising funds currently being used by the organization known as Black Organizing Project (BOP) is to indicate to various established groups in Memphis, Tenn., that this organization (BOP) can control and prevent violence by militant young Negroes provided they are given sufficient funds, but if no funds are forthcoming, the leaders of the BOP claim they will be unable to control the militant Negro youths in Memphis and destruction will result.

It should be noted that information received by the Memphis Office indicates that the BOP actually has no appreciable control over young militant Negroes in Memphis, that there is no organizational control exerted by the BOP and that the only apparent common bond among the militant Negro youths seems to be a hatred of the white race.

155

[redacted] that he expects to receive funding from either the Labor Department, the Health, Education and Welfare Department, the Office of Economic Opportunity, the National Council of Churches and/or one of the various private foundations who furnish money for "worthy causes."

The following changes have been effected in the Black Nationalist Movement in the Memphis Division:

At Memphis, Tenn., a Black Power group which has been in existence for the past several months has recently been known as Black Organizing Power. It has now been determined that the correct name currently being utilized by this group is Black Organizing Project (BOP). This organization consists of five cells which are known as : (1) Afro American Brotherhood (AAB), (2) Black Student Association (BSA), (3) LeMoyne Intercollegiate Chapter of the National Association for the Advancement of Colored People (NAACP), (4) Invaders, and (5) City Organizers.

As recently as 4/18/68 a Confidential Source advised that the AAB is composed of students at Owen Junior College, Memphis, publishes a mimeographed paper periodically, entitled "Afro American Brotherhood Speaks," and has about 12 members on the planning, coordinating and strategy committees.

Informants have advised that the BSA is composed of black students at Memphis State University, is the sponsor of programs aimed at political and cultural awareness as black spokesmen with the administration, and publishes periodically a mimeographed sheet entitled "Black Thesis." The BSA has about 20 members on a steering committee.

The LeMoyne Intercollegiate Chapter of the NAACP is composed of students at LeMoyne College, has about 20 members and promotes political and cultural awareness. Using the campus base for NAACP operations.

The Invaders is compised of high school students throughout the city of Memphis and provides these students with a cultural awareness and knowledge of political importance of youth in Memphis. The Invaders has members that are high school dropouts, and as of 4/18/68, there were approximately 15 members of the group known as the Invaders.

156

The City Organizers is composed of young adults concerned with the problems in the black community and consists of college graduates as well as high school dropouts and people with educational backgrounds in between these two extremes, most of whom are unemployed. As of 4/18/68, this cell had about 20 members.

Proposed counterintelligence operations by the Memphis Office will be set out in a separate letter requesting Bureau permission to institute these proposed operations in the near future. The Bureau will be kept advised of all developments in this matter.

Re Bureau letter to Chicago dated 4/23/68 instructing Chicago to develop counterintelligence measures to neutralize GREGORY noting he has traveled all over the country preaching black nationalist extremism, hatred and violence.

Concerning GREGORY it may be noted that an article appeared in the Tuesday, 5/21/68 edition of the "Chicago Sun-Times" newspaper of general circulation in Chicago, in "Kup's Column" (IRV KUPCINET, Chicago newspaper columnist and TV personality), which states "Dick Gregory calls a temporary halt to his write-in campaign for President next week when he reports to the state of Washington to serve that 90-day sentence for civil disobedience".

It is also noted that the 5/14/68 edition of the "Chicago Daily News", also a daily newspaper of general circulation, reported the Illinois Appellate Court upheld a 1965 conviction of comedian GREGORY on charges of battery and resisting a police officer during a 1965 civil rights demonstration. GREGORY in his appeal charged he was denied a fair trial because of a "systematic exclusion of Negroes from the jury". The Appellate Court in ruling on his appeal, said GREGORY failed to prove the charges.

GREGORY had been fined $200 for each of 2 counts of battery and $500 on each of 2 counts of resisting arrest and was ordered to serve 5 months in the County Jail.

ReBuairtel to Albany, cc Minneapolis, 2/[illegible]/68, Minneapolis airtel to Bureau 4/3/68, and Minneapolis letter to Bureau dated 5/28/68.

In connection with suggestions for counter-intelligence operations, the following, based on recent experience in Minneapolis, is being set forth:

Immediately subsequent to the demise of Dr. MARTIN LUTHER KING, personal on-the-scene liaison with the [redacted] of the Minneapolis Police Department that night resulted in the effective direction of a liaison source in refuting an erroneous proclamation by an unstable Negro leader that a Negro boy had been shot, and had the effect of throwing cold water on a small fire that could have resulted in a minor holocaust.

In detail, as pointed out in referenced Minneapolis letter captioned as above this date summarizing activities in the counterintelligence field, this is what occurred:

A liaison source contacted an agent of this office on duty that night, and advised him that a memorial meeting for Dr. KING was in progress at that time. One Negro leader claimed that a Negro youth had been killed by a white man in the ghetto area of North Minneapolis. The source advised that the mixed white and Negro, but predominantly Negro, group present at this service was becoming highly disturbed. The agent was able to determine because of his on-the-scene liaison that this was a lie, that in fact a Negro had killed a white man, and relayed this information to the liaison source with instructions to immediately make it known to the assembled group that the allegation was not true and that in fact a Negro had killed a white man, rather than the reverse. RACIAL INTELLIGENCE

Re Milwaukee letter to Bureau, 4/3/68, and Milwaukee letter to Bureau, 4/5/68.

As indicated in referenced communications, the Milwaukee Division has not instituted any counter-intelligence program against the Black Nationalist-Organization in Milwaukee, Wisconsin.

Due to the relative inactivity of the Black Nationalist leaders in the Milwaukee Division, no counter-intelligence has been taken against them.

ReBuairtel 3/4/68, and Albany letter to Bureau, 4/2/68.

The following information sets forth the summary of the Counterintelligence Program for the Albany Division as requested in reBuairtel.

1. Operations Under Consideration

Pending Bureau approval, the Albany Division is considering a counterintelligence operation wherein black nationalists designated as targets will be exposed to the local police departments so that they may designate these individuals as targets also. The police departments can then issue a series of traffic tickets to the individual targets, of which the target's copy will be destroyed, until a backlog of "unpaid" tickets is accumulated and the issuance of an arrest warrant is necessary. It is planned that the warrant would be held in abeyance until such time as racial violence may appear imminent and information indicates that the target may be engaged in fomenting this violence. The warrant can then be served and the target arrested and incarcerated, thereby preventing his presence in the streets to incite the racial strife.

2. Operations Being Effected

Inasmuch as no proposed counterintelligence operations have been approved by the Bureau for the Albany Division, there are no operations presently in effect at Albany.

3. Tangible Results

Not applicable at this time.

4. Developments of Counterintelligence Interest

Presently there is only one black nationalist organization in the Albany Division. Investigation to date has revealed that the organization has not fomented racial trouble in the past nor are there plans within the organization to creat any racial violence in the future. As previously reported to the Bureau, the Nation of Islam has unsuccessfully attempted to establish mosques at Albany, N.Y., and Syracuse, N.Y., however, no self-sustaining mosques have been established to date. In view of the absence of black nationalist activities by organization or individual, the counterintelligence program regarding these matters is limited. If black nationalists in this Division become active to the point that the public indicates concern, it is felt that then would be the most appropriate time to more fully exploit the measures made available through this program.

For the information of the Bureau, the Brothers, mentioned in referenced Albany letter to the Bureau, are highly supported by the "Times Union", the local Albany, N.Y., daily newspaper. [redacted]

167

[redacted] are closely associated with the Brothers and support them on a continuing basis through the use of the "Times Union". Contact with the Albany Police Department and the New York State Police has confirmed through their past experience that any attempts to expose the Brothers or any individual members of the Brothers through the newspaper media would undoubtedly result in embarrassment to the FBI.

Membership which is limited to Negroes is unknown, but affairs sponsored by the organization have been attended by approximately 800 - 1,000 persons. STOKELY CARMICHAEL and RON KARENGA are among those who have spoken in Newark under the sponsorship of the United Brothers.

The stated aim of the organization is to obtain black self-government in Newark by 1970.

It is felt that LE ROI JONES and the United Brothers are the prime targets for counterintelligence and Newark will remain alert for opportunities in this regard.

source did this and informed the agent shortly thereafter that what started out as a small fire figuratively speaking, and that could have become a holocaust, was put out entirely by his ability to learn that the allegation was not true and his action of informing the assembled group of this. This source is a responsible, well-regarded individual in the community by both whites and Negroes and by effective direction of his activities at a crucial time proved most effective. It is recommended, therefore, that agents be made aware that merely because an individual is a liaison source does not mean that we must consider him a source for things that have occurred but rather that we can in many instances use him effectively through proper direction in controlling activities in the future on the part of things most susceptible to violent suggestion and reaction.

QUARTERLY PROGRESS LETTER

Changes in Overall Black Nationalist Movement in Jackson Division: No Change.

I. OPERATIONS UNDER CONSIDERATION

By letter forwarded to the Bureau by Jackson on May 11, 1968, the Jackson Division requested approval for a counterintelligence measure against the three main Student Non-violent Coordinating Committee (SNCC) functionaries in Mississippi - ROBERT EARL FLETCHER, JR., HOWARD HERSCHEL SPENCER, and MARVIN LOUIS WILSON, all Negro males.

This measure was designed to discredit these three individuals by implying that each of the three are informants of some Mississippi Law Enforcement Agency.

EX-115 DE-5 REC 11 100-448006-138

The measure was to be initiated by submitting separate anonymous letters to SNCC Headquarters in Atlanta, Georgia, addressed to each of the three individuals. Each letter would thank the addressee for providing certain specified bits of intelligence information regarding SNCC

IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

The Jackson Division has disseminated pertinent information regarding known Mississippi Black Nationalist militants to all appropriate local and State law enforcement officials. They, in turn, carefully scrutinize activities of these individuals for any indications that they may be breaking State or local laws. Any violations result in rapid arrest. In this regard, b7C [redacted] Negro Black Nationalist Militants from Jackson, Mississippi, have each been arrested once by local authorities on minor infractions over the past four months.

Additionally, any information received of out-of-state Black Nationalists traveling to Mississippi, is immediately furnished local and State authorities; these authorities likewise scrutinize activities of these out-of-staters while in Mississippi, for any indications of law-breaking. Recently, two SNCC members from Tennessee, following FBI alert to local authorities, were stopped on traffic violation; their automobile was searched and concealed weapons and drugs were found, resulting in more serious charges; charges are still pending and individuals involved were released on bond and immediately returned to Tennessee.

ReBuairtel to Albany, cc Minneapolis, 3/1/68, and Minneapolis letter to Bureau 4/3/68.

In accordance with instructions contained in reBuairtel, the following is set forth:

As pointed out in referenced Minneapolis letter of 4/3/68, there is only one Black Nationalist group in the Minneapolis divison, the Nation of Islam. Membership has not changed since referenced Minneapolis letter. They have not been influencial nor active in the Minneapolis-St. Paul area. As pointed out, their membership varies from 27 to 34 adults. Penetration of this group has been through approved informant techniques and coverage is effective. In regard to the overall Black Nationalist movement, there have been no significant changes since referenced Minneapolis letter.

(1) OPERATIONS UNDER CONSIDERATION

In a continuing effort to establish lines of communication into the Negro communities in the Minneapolis Division, we are considering utilization of responsible liaison racial matters sources as tools for counter intelligence activity. For example, when information publicly announced alleging certain rights or wrongs on the part of the more vociferous Negro leaders where it is known such information is incorrect and espoused primarily to incite and solidify following of such leaders, wherever possible a liaison source might, through challenging the statements

ith fact confidentially furnished by this office, destroy he effectiveness of such erroneous proclamations.

(2) OPERATIONS BEING EFFECTED

Close periodic all-night liaison during times of suspected stress (such as the ten days immediately following the death of Dr. MARTIN LUTHER KING) places us in a position to secure immediate information on various activities, including minor arsons, burglaries, possibly racially connected, etc. Also, stress on development of ghetto informants is producing great coverage of activities of the Negro hoodlum element that is primarily involved in racial unrest.

(3) TANGIBLE RESULTS

As an example of tangible results effected under one and two above, it is to be pointed out that on the night of Dr. KING's murder, a Negro male in the North Minneapolis ghetto area got drunk in his apartment, told his wife he was going to kill the first white man he saw, proceeded to leave his apartment, and did just that. Shortly thereafter, a meeting was being held in a South Minneapolis church of many Negroes and whites as a quasi-memorial service for Dr. KING. During this meeting, three of the more active Negroes striving for leadership in the Minneapolis North Side community entered the church and one became emotionally upset during his eulogization of Dr. KING and stated, "Where are your young teen-agers tonight? One Negro has just been killed in North Minneapolis by a white man." A liaison source present in the church contacted a special agent and asked about this, stating that the congregation was very uneasy and almost to the boiling point, as a result of this alleged murder of a Negro youth. The agent who was with inspector in charge of the Minneapolis police was aware in fact that the reverse was true in that a Negro had killed a white man. This information was furnished to the liaison source with instructions that he make it known to the assembled group immediately that the charge was a lie and that no Negro boy had been shot but rather a Negro man had killed a white man. The source did this, and as a result, the group quieted

178

down and later orderly dispersed after the ceremony. This is one instance of the value of good liaison [illegible].

(4) DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

During this period, there have been no developments of interest in the counterintelligence field other than that set forth above.

Re Columbia letter to Bureau dated 4/5/6[illegible].

I. SUMMARY OF CHANGES SINCE REFERENCED LETTER

There has been no significant change in the over all Black Nationalist Movement within the Columbia Division, however, a new group of the Black Awareness Coordinating Committee, (BACC), has been formed at Voorhees College, Denmark, S. C. This group is closely associated with the BACC group at South Carolina State College, Orangeburg, S. C., the details of which were set forth in referenced letter.

A subsidiary group of the Association of Afro-American Students, (AAAS), University of S. C., (USC) Columbia, S. C., has recently been formed. This group is called the Black Alliance for Self-Defense, (BAD), and is led by [redacted] whose identity is set forth in referenced letter and who is a member of the AAAS. This group made its appearance on the campus of USC with a publication entitled "The Black Liberator". The purpose of BAD is described in the Black Liberator as follows:

BAD feels the need for the development of a sense of black consciousness among black students in this state. It furthermore contends that it is imperative for black students to organize themselves for reasons which are clearly obvious. BAD intends to bring together blacks who desire to initiate social, economic and political changes not only on the campuses but also in the communities. It also intends to instill

187

in the minds of all blacks the need for taking defensive measures to prevent injustice toward black people.

There are also two individuals not referred to in referenced letter who are militant black nationalist leaders and on whom active investigation has been opened.

[redacted]

[redacted] are known to have attended the conference sponsored by SNCC at Tougaloo College, Tougaloo, Mississippi, in April, 196[illegible].

II. OPERATIONS UNDER CONSIDERATION

1. The NOI is building a new Mosque in Columbia, S. C. They are using the members primarily to construct this building. It is moving along very slowly at this time. Upon completing approximately one half of this building, the city building inspectors will be contacted to inspect this building to insure that all city building codes are being complied with. It is believed that numerous violations will be found during this inspection which will be costly and time consuming.

2. Automobile license numbers of the various militants within the Columbia Division are being obtained and furnished to local law enforcement agencies. The purpose of this operation was explained in referenced letter. This plan has not been put into effect at this time, however, the license numbers of the primary leaders in Columbia have

188

been obtained and will be furnished to the local law enforcement agencies in the near future.

3. As explained in referenced letter, [redacted] has formed a club composed of Negro students at [redacted] high school. She has had good success in controlling the more militant students through this club by having the more conservative students keep the militant students under control. For example, the day following the death of Dr. MARTIN LUTHER KING, JR., the Negro students at [redacted] were extremely upset and very militant. [redacted] had all Negro students excused from classes to attend a conference with her organization. They spent three hours discussing the situation and the leaders of her club talked the militant students into "calming down" and not doing anything that would bring discredit upon the Negro students at [redacted] Following this discussion there were no incidents, but prior to the discussion, the militant students were talking about "beating the white students" and doing anything to retaliate against Dr. KING'S death.

[redacted] is another large high school in Columbia, S. C. [redacted] is working with the Negro students especially the more militant students in an effort to keep them out of trouble. She and [redacted] recently discussed the high school situation in Columbia and both decided to work together as close as possible during the school year of 1968 and 1969 to prevent any violence on the part of the militant Negro students.

[redacted] are both in contact with the FBI and are willing to cooperate with the FBI.

The Bureau will be kept advised of the plans these two high schools make in order to prevent racial problems in these respective high schools.

189

4. Recently it has been learned that black power leaders in S. C. are involved in the misuse of a telephone credit card. Columbia is evaluating this situation to determine if any federal violations exist and also to determine the feasibility of conducting interviews with all of those black power leaders who are involved in this situation. It is felt that this will be an excellent opportunity to develop informants and also an excellent opportunity to prosecute either in the state or federal courts. The telephone number being used on this fictitious credit card is allegedly a telephone number for the CIA. WFO is origin in this investigation and the Bureau will be kept advised of any counterintelligence operations that can be utilized in this investigation.

III. OPERATIONS BEING EFFECTED

Recently [redacted] who has been described in referenced letter, rented an automobile from Avis-Rent-A-Car, Columbia, S. C. Later this automobile was wrecked in Ohio being driven by persons other than [redacted] who rented the car with [redacted]

Information has been discreetly furnished to [redacted] Avis Rent-A-Car, Columbia, who is a excellent friend of the FBI, to the effect that [redacted] were not in the car at the time of the wreck and also that the car was pulling a trailer when wrecked. This was in violation of the Avis Rent-A-Car rules, and as a result of furnishing this information Avis-Rent-A-Car is instituting a suit against [redacted] to recover the damages resulting from the automobile wreck. The damages totaled $1,560. This matter is being followed closely and the Bureau will be kept advised of the results of this suit against [redacted]

IV. TANGIBLE RESULTS

Recently the Columbia Division learned that [redacted] is perhaps the most militant black nationalist leader in S. C. obtained the USC automobile and gasoline credit card to attend the conference at Tougaloo College, mentioned above.

190

It was also learned that [redacted] used her personally owned automobile on this trip and used the USC gasoline credit card to fill her automobile with gas. An anonymous telephone call was made to "Live Wire" which is a column in the Columbia Record, a daily newspaper in Columbia, S. C., which gets the answers to questions submitted to "Live Wire" dealing primarily with problems of interest to the Columbia community. This anonymous call requested that an explanation be given by USC as to why a militant black power group was allowed to use a USC automobile at state expense. This question and the answer by the USC officials was published in "Live Wire". Thereafter individual groups contacted USC demanding an explanation and on 5/23/68, an article appeared in the Columbia Record which stated that USC had restricted their rules on student groups using USC automobiles for trips. It is felt that this operation has stopped the use of college automobiles in S. C. for black power groups to attend meetings in other states.

V. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

In South Carolina, one of the crucial questions among the citizens is the school situation. As a result of federal laws, many students, both black and white, are being transported out of their own neighborhood and away from schools close to their homes to other schools in order to insure that all schools are being integrated. This situation is causing hrsh feelings on the part of both Negro and white people. It is felt that the high school situation for the coming school year will be explosive as many of the young Negro militants are expected to cause trouble in the high schools.

It is believed that high schools will have to form some type of organization such as the one formed by [redacted] to cope with the problems that are expected to arise during the coming school year. There are enough leaders among the young Negro students to control the few militant leaders. This control can only be accepted when a majority of the students let the militant know that they will not tolerate any actions that will bring discredit among them.

191

This situation is so serious that [redacted] refuses to [redacted] Campaign office in Washington because of the presence of AFSC representatives.

Re Buairtel to Albany, 3/4/68, and San Francisco airtel to Bureau, 4/3/68.

1. Summary of Black Nationalist Movement
San Francisco Division (As of 5/15/68)

The organizations at this time attracting the most public attention in the black nationalist field are the Black Panther Party (BPP) and the Black Student Union (BSU). The latter is a recognized student activity at San Francisco State College (SFSC).

At a BSU conference at SFSC, 4/11-14/68, it was announced that henceforth the BSU would serve as a front for the BPP because the latter generally had a poor reputation among the public, while the BSU enjoyed, according to BSU members, a greater measure of respectability. Some members of the BSU are also members of the BPP. However, there may be basic seeds of conflict on an intellectual level here, because the BSU is composed of college students, tutors, and part-time teachers, while the BPP rank and file are the high school dropout, juvenile hoodlum, and unemployable type, who are usually several years younger than the average BSU member.

The BPP is currently under considerable [illegible] attack in Alameda County. Two leaders, ELDRIDGE CLEAVER and HUEY NEWTON, are in jail, and several others who engaged in a shoot-out with the Oakland Police Department are also in jail, held under high bail. BOBBY SEALE, current BPP Chairman, is free on bail, while he appeals a "gun" conviction. Thus, the BPP has received considerable publicity describing their penchant for violence.

At the same time the various leaders of the BPU at SFSC have been suspended from school and face [illegible]sion for demonstrations and acts of violence at SFSC. This likewise received publicity to the extent of drawing unfavorable comments from the Governor of California and influential legislators. The President of SFSC resigned under fire.

One would think that after the above the militants would have suffered some loss of stature among the liberal press and the "respectable" Negro community. Such does not appear to have been the case. The leading Negro newspaper in the area, the "Sun Reporter," has given prominent space to the doings of the BPP and its office was used as the site of a press conference held by the militant leader, HARRY EDWARDS, when he announced his membership in the BPP. EDWARDS considers himself along the STOKELY CARMICHAEL and H. RAP BROWN as the leader of the black militant movement. The Negro community and many segments of the public seem to feel sorry for the BPP, arrayed against the powerful police. Considerable funds are donated from non-Negro sources to the BPP defense budgets.

The "San Francisco Chronicle" in its issue of 5/15/68, began a series of articles on the BPP. These purport to explain the origin, methods and aims of the BPP. The violent side of the group is not overlooked; at the same time conditions in the areas where the BPP is the strongest are described to explain the rapid rise of this organization's popularity.

The Chief of Police in Oakland recently appeared on TV to explain the dangerous side of the BPP and the violence it can engender.

201

SF 157-601
WA /jr

It is not believed that the Negro press will print anything derogatory concerning any militant black group at this time. The above-mentioned "Sun Reporter," where the San Francisco Office has a source, is said to have been threatened by the militants to the effect that the officials would be "offed" if they oppose them. This frightened the staff, who were not planning to write any derogatory material in any event. Thus at the present, any plans to publish what would be considered unfavorable publicity would not hurt the growth of these movements. In fact, the BSU and the BPP agreed to merge, at least on paper, in the midst of seemingly unfavorable publicity. JAMES FORMAN of SNCC, in 1968, spoke of merging SNCC and the BPP. STOKELY CARMICHAEL, of SNCC, is the originator of the idea of black front unity. The publicity given the militants has helped rather than hindered the merger of these people, and the more reckless the statements and actions, the more the press reports same, the more adherents these spokesmen seem to gather to themselves. As they bring in the money from the crowds, the leaders may fall out among themselves in disputes over the spoils. This possibly can be exploited and information along this line is being watched for.

Frictions are developing among the leaders, perhaps due to the eccentric and erratic personalities of those involved. None has reached exploitable proportions.

KATHLEEN CLEAVER and Attorney CHARLES GAR[redacted] (Attorney for BPP Defendants)

There has been some criticism of Mrs. CLEAVER for hiring a white attorney to defend the BPP cases. CLEAVER indicated the opinion that GARRY was more competent than Negro attorneys. Some unnamed Negro attorneys were said to be unhappy with this eventuality.

KATHLEEN CLEAVER and WILLIE BROWN (BROWN is Negro Assemblyman from San Francisco)

CLEAVER has announced to the press that she will oppose BROWN for the Assembly, running on the Peace and Freedom Party ticket. The newspaper of the BPP has called for the defeat of BROWN and pictured him in a highly unflattering cartoon.

Re Bureau airtel to Miami, 3/4/68; Miami letter to Bureau, 4/2/68; and Miami airtel to Bureau, 5/22/68.

Since submission of referenced Miami letter, a new organization has been established which appears to, at the present, have the characteristics of a Black Nationalist organization. This organization of about fifty University of Miami students is called "United Black Students" (UBS) and its aims at this time are to demand new courses at the University on Negro history and culture, etc., as well as increase the number of Negro students, scholarships for Negroes, and the number of Negro professors.

Fourteen persons, including eleven students who are members of this organization, were arrested during a sit-in demonstration at the office of the president of the University of Miami on May 14, 1968. Some of the demands of this group have been met and their initial desires seem to have been satisfied. It has been reported they plan no further activities during this scholastic year. In view of this, this group is not being considered for any immediate counterintelligence activity.

I. OPERATIONS UNDER CONSIDERATION

Succinct Summary of Black Nationalist Movement in Indianapolis Division

A. Nation of Islam (NOI)

The NOI remains the largest black nationalist organization within the Indianapolis Division with an approximated total membership ranging from 196 to 222. The seven groups of the NOI organization still remain at Muhammad's Temple #31, South Bend; Muhammad's Mosque, Indianapolis; Muhammad's Temple, East Chicago; Muhammad's Temple, Evansville; Muhammad's Mosques at Fort Wayne and Muncie, Indiana. The latter two newer groups only engage in holding weekly meetings where very few are in attendance at their Sunday afternoon meetings. All of the groups are led by ministers and they receive their direction from NOI Headquarters at Chicago, Illinois, and they adhere to the teachings of their leader, ELIJAH MUHAMMAD. None of these groups have proposed any violence but they still preach separation of the races and belittle the white man and their hatred theme could propose problems or violence, if taken right by their membership, hence violence could erupt under certain circumstances.

As a result of this arrest [redacted] ents of attache carried by [redacted] as well as some miscellaneous papers were made available to the New Orlean Office. Contained in the attache cases [redacted] four 9mm auto pistols, several books on guerrilla warfare, including diag for preparation of demolition devices, two jump wires, hand instructions on how to obtain a chain reaction explosion, handwritten insturctions on how to prepare napalm type bomb and a large amount of Chinese Communist propaganda. Also found in this material was a U.S. passport [redacted] and [redacted] applications for [redacted] who is [redacted] cor of which are attached hereto. The passport [redacted] was not made available member of SNCC Security in Los Angeles, until after the preparation of the to the New Orleans Office referenced LHM and therefore was not included in it.

The passport application of [redacted] indicates countries to be visited as England, France, Italy, Spain, Germany, Sweden Mexico, Kenya, Nigeria, Israel, Finland, Norway, Tanzania and Ghana, with anticipated departure as 2/10/68, for a duration of from 3 to 12 months.

The passport application of [redacted] lists countries to be visited as France, Tanzania and Germany, with anticipated departure of July for a six month period.

New Orleans considers it of great significance that these three individuals should have passport documents in their possession and that two of the individuals indicate planned travel to Tanzania, a country which is friendly to Communist Cuba and has shown itself to be receptive to the militant black nationalist movement in the United States and whose Ambassador to the United Nations in 1964, Mohammed Ali Foum was a security subject of the New York Office.

NO 100-16890
157-2836

Based on the above information and the possibility that militant black nationalists may be traveling outside the United States for sabotage and espionage training, New Orleans suggests that the Bureau might consider at this time instituting a program at the U.S. Passport Office which would screen the passports applications of Negroes between the ages of 16 and 40.

New Orleans is not familiar with the routing arrangement that exists with the U.S. Passport Office but suggests that the following things might be considered:

1) Background information contained in applications falling within considered criteria would be forwarded to the Division wherein the mailing address on the application is located. In each division, the names would be checked against the office indices. When warranted, where an applicant is identified as a militant, then the appropriate stop with Immigration and Naturalization Service would be placed.

2) Background information contained in applications would be furnished to Bureau where pertinent indexing would be done. This would assist the Bureau in identifying potential sabotagers, should the individual subsequent to the application become involved in militant activity. Bureau record of this background would also facilitate the directing of application background to Bureau office having primary interest where individual's militant activity took place in a city other than the one indicated as a mailing address on his application for passport.

[redacted] under the [redacted] is in dire financial straits and [redacted] facing [redacted] to lose his appeal [redacted] among the young Negro militants.

[redacted] is considered one of the more active Negro militants in the Seattle area at this time and the possibility exists that he will eventually head the resulting coalition of SNCC and Black Panther [redacted] members. [redacted] has been approved for inclusion on the Agitator Index in the Seattle Division.

During the past 30 days, the Black Student Union (BSU) at the University of Washington, [redacted] has received considerable publicity of demands of university officials to further a Black education program under the direction of the Black Student Union [redacted] University of Washington and he has been recommended for inclusion on the Agitator Index of the Seattle Division.

The current situation among young Negro militants is currently in a state of flux; and until such time as an identifiable leader emerges, it does not appear feasible to consider any one individual as a "target" under this program. Within the next 60 days, there is reason to believe that the Black Panther Party and the Seattle Chapter of [redacted] will be combined and the leader of this combined group will then be considering a potential target for future counterintelligence programs.

University officials expect that activities on behalf of the Black Student Union at the University of Washington will diminish somewhat during the summer months since a majority of the Black students are not in attendance because of the summer vacation. The situation at the University of Washington is relatively calm at this time with respect to the BSU and this matter will be closely followed, particularly during the fall term beginning in September, 1968.

In accordance with instructions contained in Bureau airtel, dated 3/4/68, a 90 days progress letter will be submitted on 9/1/68. Specific suggestions for counterintelligence operations will be submitted by separate letter as opportunities present themselves over the next few months.

Re Los Angeles letter, 4/3/68.

Since submission of the referenced letter concerning this program, the following significant developments have occurred among Black Nationalist hate type groups in the Los Angeles area.

The United Front, a militant Black Nationalist organization composed mainly of young teenage Negroes has disbanded due to internal dissension.

About mid-May 1968, [redacted] opened a Southern Christian Leadership Conference (SCIC) office in Los Angeles. It appears this office was opened on a temporary basis for the purpose of raising funds for the Poor People's Campaign. This activity will be closely followed and the Bureau will be advised in the event SCLC continues to operate in the Los Angeles area.

Personnel handling the counterintelligence program, "US" and the Student Non-Violent Coordinating Committee organizations have been assigned to the [redacted] special for extensive periods during the past 45 days. An intensification of the counterintelligence program has recently been initiated and more effective counter measures are expected as a result of this effort.

(STOKELY CARMICHAEL)

As you are aware Stokely Carmichael, militant former chairman of the Student Nonviolent Coordinating Committee, is considering the purchase of a house in Washington, D. C., reportedly worth $70,000. This has received publicity, causing criticism of Carmichael within the black nationalist movement because he has previously acted as a spokesman for the underprivileged.

You should consider the possibility of preparing invitations to a "soul brothers housewarming" when Carmichael moves in. These would be distributed at Resurrection City and to the press. This operation could further discredit Carmichael in the eyes of militant black nationalists by emphasizing the type of house he is buying.

WFO should submit recommendations for preparing and distributing this spurious invitation as soon as possible, so that if approved this operation can be effected as soon as Carmichael moves into his new house. No counterintelligence action should be taken without Bureau authority.

NOTHING PEDESTRIAN ABOUT THE POOR PEOPLE

The Poor People's Campaign is on the march in Washington, D.C., but not on foot. The campaign is now buying cars and buses, twelve cars and three buses so far. The mule train got great publicity for the poor people, but when it comes to the hard work of "turning the Nation's Capital upside down," in the words of Reverend Abernathy, the poor people invest in several thousand dollars worth of automotive equipment.

The three buses are being used to shuttle the demonstrators around Washington on their appointed rounds and the dozen cars do the job of transporting campaign leaders to Resurrection City from their quarters at the Pitts Motor Hotel. Of course, the angry demonstrators who went to the Pitts Motor Hotel to get Reverend Abernathy for a stay in the muddy camp didn't get to use these cars.

The Poor People's Campaign bought two more cars over the Memorial Day weekend, making the fleet as large as some of the car rental agencies in Washington. If the campaign leaders used commercial bus lines for their trips back and forth from their hotel, the thousands spent on cars would feed a lot of children in Resurrection City.

RACIAL INTELLIGENCE

Reurlet 5/29/68.

Relet is the required 90-day summary of counterintelligence operations and should not be used to request Bureau authority for specific counterintelligence operations. Relet and your letter 4/2/68 set out a possible general suggestion for counterintelligence.

This involved local police targeting specific militants, issuing them parking tickets and destroying the target's copy until a backlog of "unpaid" tickets is built up. Then when racial violence threatens these extremists could be arrested for the unpaid tickets so as to remove them from the scene of potential violence.

Your office, of course, has the responsibility of disseminating information about local black nationalist extremists to local authorities. Local police should be kept advised of the identities and activities of these militants when matters of local interest are involved. Any action taken by local police thereafter to prevent violence is the responsibility of local authorities.

Stokely, How Could You!

There is at least one area in the nation's capital that can relax from its fears that it will be a target of the advocates of "burn, baby burn". It is the area surrounding 4331 Blagdon Ave., in one of Washington's better class areas, where fiery Stokely Carmichael and his new bride, African folk singer Miriam Makeba have just purchased, reportedly for cash, a home in the $70,000 class.

Now there will be some who will jump to the conclusion that Stokeley, who advocates the realization of black power goals by "any means necessary," has made his radical movement into a very profitable thing. Not necessarily so. His new bride is a very talented, and extremely well paid concert artist, and such a home as the newlyweds may soon occupy is well within her means.

But, no matter, Stokely is free from the ghetto, regardless of the means that made his accomplishment possible. It remains to be seen if his heart will remain steadfastly with his impoverished brothers, or its solicitude reserved for special occasions.

In recent days, since the publicity appeared concerni STOKELY CARMICHAEL's purchase of a $70,000 residence in a white neighborhood in Washington, D.C., several persons in the Detroit Negro community have commented to source concerning this matter and referred to CARMICHAEL as "a sellout of the Black Activist Movement". This source stated that CARMICHAEL's action in this regard appears to have created considerable discussion among Negroes and has created doubt in the minds of these persons as to the true motives of CARMICHAEL.

Provided WFO has not already done so, Detroit recommends that the above information be used in an effort to discredit CARMICHAEL as a black nationalist leader. For example, through cooperative news media (particularly those directed toward the Negro community) articles could be prepared containing photographs of CARMICHAEL's new residence and his immediate neighborhood and interviews of his white neighbors, all tending to show his high social status among the whites and his financial gains as a result of his participation in SNCC and the racial movement. A series of articles along this line should be extremely effective.

Re Detroit airtel 6/12/68, copy to WFO only.

For the information of other offices, referenced airtel noted a confidential source of the Detroit Office advised that since publicity appeared about militant black nationalist Stokely Carmichael buying a $70,000 house the source has heard local Negroes comment that Carmichael is a "sellout of the black activist movement." Detroit recommended articles be prepared in the news media discrediting Carmichael.

Carmichael did not go through with the purchase of the $70,000 house, but the wide-spread publicity about the matter has already had its effect on his reputation among black militants. The Bureau has also noted the facetious comment in the press that Carmichael must be an FBI agent or informant.

The Bureau would be interested in spreading the rumor among black nationalists that Carmichael is, indeed, a paid agent of a government intelligence or police agency. Due to Carmichael's extensive travel overseas, and black militants' distrust of the Central Intelligence Agency (CIA), it might be appropriate to tag Carmichael with a "CIA label."

Re Detroit overall counterintelligence airtel, dated 5/3/68, and Bureau letter to Detroit, dated 5/10/68.

Detroit in referenced airtel suggested that counterintelligence action be undertaken to prevent Student Non-Violent Coordinating Committee (SNCC) leaders from utilizing local high school facilities to recruit teen-agers.

The Bureau in referenced Bureau letter requested Detroit to determine how, and through whom SNCC is operating in local high schools.

Investigation conducted by the Detroit Office concerning this matter has failed to determine the manner in which SNCC is able to gain access to local high schools. No recent information has been received indicating that SNCC is operating in local high schools and in this regard it should be noted that Detroit high schools will be closed for the summer in the immediate future.

Investigation in this matter is continuing and any counterintelligence action proposed will be submitted to the Bureau prior to being undertaken.

Referenced letter further indicates that the nationalistic spirit among the Negro numbers house operators has risen and many have become followers of [redacted]

However, to date Detroit has been unable to devise any feasible counterintelligence technique which would be susceptible of widening the breach between the La Cosa Nostra and the Negro numbers operators.

Detroit suggests that an anonymous letter containing a black hand and inscribed thereon the notation, "Watch Out!!" be mailed to [redacted] It is felt that if [redacted] receives such a letter he will assume that the Italian hoodlum element was responsible for this letter, report this to the Negro numbers operators, and thereby cause them to further resent the Italian hoodlum element.

SUBJECT: COUNTERINTELLIGENCE PROGRAM

Re Portland letter to Bureau, 4/30/68.

Suggestion for Counterintelligence Operation
Local and Field Wide

(Background)

During 4/11-14/68, a Black Student Union Conference (BSU), attended by BSU members, as well as other non-college Negroes, was held at San Francisco State College, San Francisco, California. A number of delegates or participants received funds from well-intentioned college bodies to attend the conference. Later donors were led to believe the Black Student Conference was a commendable effort to develop Black culture, identity, and pride. In fact, the main conference publication "Black Fire," distributed to participants, during the conference, clearly indicated the conference was held for the purpose of fostering racial violence.

A Xerox copy of the "Black Fire," a multi-page pamphlet received by a Portland informant attending the conference, is attached. The "original" is in Portland files.

(Suggestion)

It is suggested that the attached multi-paged "Black Fire" pamphlet be duplicated by the Bureau on a large scale and mailed anonymously to college administrators, deans, campus editors, and/or libraries of all institutions where there are BSU chapters or incipient chapters.

Possible Effect

Possible dissemination of this pamphlet, through above means, could cause a question of the [illegible] of non-Negro college sources funding travel of delegates to Black Student conferences, thereby, hampering further organization of Black militancy. Another effect could be that of exposing BSU chapters as breeding grounds for racial militancy and possibly cause the BSUs to be more cautious.

Reurlet 6/3/68.

Referenced letter suggested reproducing copies of a pamphlet entitled "Black Fire" which was distributed at a Black Student Union conference at San Francisco State College, San Francisco, California, and thereafter anonymously sending the pamphlet to colleges where there are Black Student Union chapters.

The Bureau appreciates your suggestion. Referenced letter says some delegates to this conference received funds to attend from their colleges. The Bureau feels publicity about this situation might be in order as the best counterintelligence measure. Portland should advise under this caption of any specific information regarding which colleges subsidized conference participation. You should also immediately advise the Bureau whether publication of this pamphlet would jeopardize the security of your source. Also furnish the original copy of this pamphlet so that the best possible reproduction can be made of it. The Bureau will return same to you.

NOTE:

The pamphlet "Black Fire" is revolutionary and violent in tone and publicity about it might prevent colleges from subsidizing future Black Student Union conferences.

Re Bureau airtel to Albany, 3/4/68.
San Diego airtel, 4/3/68.

The US Group under the leadership of [redacted] continues to be the primary target of the Counterintelligence Program in the San Diego Office.

1. Operations under consideration:

The San Diego Office plans to conduct interviews of all of the members of the US Group. In these interviews, questions will be asked in such a manner as to weaken the influence of leaders of this group. The growing internal dissension in the group will be encouraged. Bureau authority will be requested in each case before interview unless an opportunity for interview should present itself in any particular case.

Through contact with the San Diego Police Department, this office is encouraging their making it difficult for the group to hold meetings. Various groups who have control of public meeting places will be contacted in an effort to discourgge cooperation with the US Group.

Informants will be used to plant seeds of dissension whenever possible.

REC-35 JUN 6 1968

Since the US Group is composed of individuals who use drugs of various kinds and become involved in robberies and arson, the San Diego Police Department has arrested a number of the members of the group. Close liaison contact is maintained with the police department and whenever the opportunity presents itself, they are encouraged to continue to enforce the law where this group is concerned. On numerous occasions police officers have indicated that they are discouraged because known Black Nationalists have been released by the courts, sometimes without bail. These officers are praised for their part in enforcing the law and are encouraged to continue to do their duty in this respect. The San Diego Office intends to recommend that letters from the Director of the FBI be written to deserving officers who have done outstanding work in law enforcement in the racial field.

The San Diego Office intends to encourage news coverage of anti-violent statements by Negroes who are prominent in San Diego, such as ARCHIE MOORE, former heavy weight champion of the world. Sources in the news field will also be encouraged to publicize job opportunities and outstanding accomplishments by Negroes in San Diego.

The San Diego Office will be alert to counterintelligence action which can be taken against individuals and will request Bureau authority before taking such action. UACB the operations described above will be conducted.

2. Operations being effected:

[redacted] of the US Group in San Diego has been interviewed by agents of the FBI. He was not cooperative and is completely Black Nationalistic in his thinking. Officers of the San Diego Police Department have advised that a grand jury indictment is being returned against members of the US Group who have been involved in arson attempts against schools in San Diego. They intend to get a grand jury indictment against [redacted] for conspiracy on the same charge. [redacted] recently completed a personnel questionairre at his place of employment. The San Diego office made available to the Security Department [redacted] where he is employed, public source material which reflected that [redacted] was not only a member of organizations which he did not list, but was in fact an officer in the organizations.

Five members of the US Group were recently arrested by the San Diego County Sheriff's Office on a traffic charge. At the time they had in their possession a quantity of arms and ammunition.

248

They also had in their possession a number of names of prominent business men in San Diego. A number of these business men who are personally known to agents working in the racial field have been contacted to determine whether US Group members have contacted them in an effort to obtain financing or contributions. These individuals have not been contacted to date and there is no indication why the names of these individuals were in the possession of those arrested. These individuals have been advised of the nature of the US Group on a confidential basis and will advise the FBI should they be contacted to furnish financial assistance to this group.

Through liaison with the police department and the San Diego County Sheriff's Office, it has been possible to make it more difficult for this group to find a public meeting place. Teen Post Number 1 and a house owned by a woman's club at 2972 Clay Street are now not available as meeting places for this group. They have had to meet at homes of various members and this has cut the attendance at meetings to the hard core members of the group. This is making it more difficult for this group to spread their brand of hatred of the white to the Negro community.

The San Diego Office is making an effort to obtain the license number, make, model and color of cars determined to be available to US Group members. It is believed that should trouble in the Negro area occur, it would be possible to spot and follow activities of this group through information concerning cars available to them.

3. Tangible results:

The US Group is having increasing difficulty in finding places to hold their meetings where they can attract a crowd of Negroes.

Informants report that the US Group is having a problem with dissension among it's members. Some of the members are becoming dissatisfied with the leadership because they want to do all the talking and individual members have little or nothing to say. The leadership has advised members of the group to rob stores to get guns and has told them to take what they want from the white man. As a result of following this policy, several members of the US Group have been arrested. Members of the group are becoming increasingly suspicious of the intentions of RON KARENGA, the leader of the US, Inc. Group in Los Angeles. KARENGA often speaks in San Diego before members of this group.

Re Jackson letter 5/11/68 to Bureau and Bureau letter 5/29/68 to Jackson.

At the present time the Atlanta SNCC Office is practically closed down. Some preparations are being made for the staff meeting and Central Committee meeting reportedly scheduled to begin June 21, 1968, however, at this time it is questionable that the meeting in fact will take place. It is reported a few out-of-towners are in Atlanta, but no particular significance is attached to this as it is not unusual for any SNCC associate, when in the close proximity of Atlanta to stop off here whether or not there is any valid reason for his visiting the SNCC Office.

For all practical purposes, the Atlanta Office has been reduced to five staff members, all identified as long-time SNCC associates and members of the "Inner Circle". There is no question but what free exchange of SNCC activity passes from one of these individuals to the other. Sources have reported that SNCC has become extremely security conscious, almost to the extent of ostracizing anyone in the organization looked upon with suspicion by the "Inner Circle". Such an individual who will continue, however, to be accepted by SNCC, but would be relegated to doing menial tasks and such suspicion directed at him would not by necessity cause any disruption of SNCC activities or really adversely affect their standing in SNCC unless they were one of the "Inner Circle".

The mis-directed mail technique would only serve as a signal for the "Inner Circle" to tighten security.

It is not believed at this time that an anonymous letter would serve any purpose as such a technique would appear too obvious.

For a mis-directed communication to be effective, it is believed one of the "Inner Circle" should be the target. Further the context of the allegation must not be general in nature, but must be based on some specific event, item, or future plan whereby the other members of the "Inner Circle" would have a bona fide reason for looking with suspicion on the target of the counter-intelligence operation.

The above are observations directed by conditions reportedly existing in the National Headquarters of SNCC and, of course, may not be applicable to branches of SNCC located in other cities.

For the mis-directed mail technique to be successful, it is felt it should be confined to a particular location, dealing with local personalities, events, programs, and projects and based on information furnished by sources in that area regarding SNCC and its operations.

ALL FBI INFORMATION CONTAINED HEREIN IS UNCLASSIFIED EXCEPT WHERE SHOWN OTHERWISE

For the information of the New Orleans Office, during the year 1967 the Passport Office processed or renewed 1,505,512 passports, an average of 140,459 per month. This problem would be further complicated by the fact that many large cities such as New York, Boston, Miami, Chicago, Philadelphia, Seattle, San Francisco, Los Angeles, and New Orleans have regional passport offices which process applications and issue passports. In many instances, these applications do not reach the Passport Office, USDS, for approximately a month after the issuance of a passport.

It is known from past contacts that the Passport Office would be reticent to install such a program because it would disrupt the flow of work and cause a delay in the processing of passport applications. There also exists the danger that news media would learn of such a program and print stories unfavorable to the Bureau and USDS.

In this connection, it is noted that should any office believe an individual is travelling outside the United States for subversive purposes, that office can always submit that name to the Passport Office with the request that a stop be placed and the office notified should that individual submit an application for a passport.

ReBuairtel to Albany dated 3/4/68, and Pittsburgh letter to Bureau dated 3/28/68.

The 90-day letter in this matter due 6/1/68, was inadvertently not submitted. Requested information is here set forth and 90-day letters will, in the future, be submitted on scheduled dates.

There are no known changes in the overall Black Nationalist Movement since submission of reLet.

1. Operations Under Consideration

The organization in the Pittsburgh Division considered of primary importance from the standpoint of counterintelligence is the Organizers. [redacted] Organizers, is also considered in this connection. No positive plan has been developed, but the matter is being followed. The Organizers and [redacted] were identified in re Pittsburgh letter.

2. Operations Being Effected

Bureau letter to Pittsburgh dated 6/11/68, in response to a request for Bureau authority, suggested an anonymous letter regarding the Organizers be sent together with public source material to a business executive in Pittsburgh who has been reliably reported to financially the Organizers.

An effort is presently being made to locate appropriate public source material.

3. Tangible Results

The following was not specifically a counter-intelligence operation, but proved of value in this connection.

During background investigation of [redacted] mentioned above, a bank official was contacted who furnished information concerning the probable repossession of an automobile in the possession of [redacted] car was repossessed by the bank and certain personal papers of [redacted] located in the car were made available to this office on a confidential basis.

4. Developments of Counterintelligence Interest

On 6/21/68, a source reported existence of an organization known as Another Side. It was indicated this was an organization of Negroes that did not agree with the small minority of Negroes that hate and say that all white people are no good. It was indicated the organization was interested in any information on burning, looting, or destruction of property. It is considered possible this organization may prove to hae counterintelligence possibilities.

ReBulet, 3/4/68 and NYlet, 4/4/68.

1. Operations Under Consideration

It is noted that information recently received has indicated that the Black Panther organization now occupies desk space in the New York office of SNCC. It would appear that these two groups might be at least organizationally affiliated at this time. During our continued investigation and scrutiny into the SNCC operation, we may be presented an opportunity to learn more concerning the affiliation between these two organizations. In that event, every opportunity will be seized to disrupt their seemingly harmonious relationship.

2. Operations Effected

In accordance with New York request in letter dated 4/17/68, a representative of the NYO has telephonically contacted NOI leaders [redacted] and clearly conveyed the impression to them that several NOI brothers were going to "take care of them" for stealing the dues of the membership.

The NYO has decided not to contact [redacted] because at the present time, he and other members of SNCC are under surveillance by NYO Agents.

[redacted] Additionally no attempt was made to contact [redacted] who is presently out on bail after his recent conviction. It was felt that no contact should be made at this time since he is awaiting court action.

No contact has been made with [redacted] due to his unavailable status. At the present time, the NYO is unaware of his exact place of residence and employment, if any.

3. Tangible Results

In April the NYO mailed 273 copies of a comic book publication to members of the NOI in the New York area. This publication suggested to the membership that the leaders of the NOI in the New York area were stealing dues and paper money contributed by the membership. It was hoped that the dissemination of this publication would result in internal strife, distrust and disorder within the NOI itself.

At a NOI meeting held on [redacted] said that there was talk going around that high officials like [redacted] were not turning in all the money and this information was passed on to the main office in Chicago.

At a NOI meeting held on [redacted] read a letter from Chicago advising all members to get a receipt for money they turn in. If they did not get a receipt from Chicago it indicates that someone did not turn in the money. The fact was made clear that the person who did not turn in the money will be dealt with by ELIJAH MUHAMMAD.

Later it was revealed at an NOI affair that the Supreme Captain from Chicago was coming to New York to investigate the possibility that some high officials of the New York NOI were not turning in all the money to ELIJAH MUHAMMAD.

371

4. Developments of Counterintelligence Interest

As the racial picture appears in constant change and new leaders are brought to the front, the NYO counterintelligence program will be flexible in order to cope with the situation.

Reurlet 6/26/68.

A review of counterintelligence suggestions submitted by the New York Office shows very few suggestions being submitted for an office with the number of black nationalist groups that your office has. New York should immediately review its Counterintelligence Program for the purpose of developing imaginative counterintelligence suggestions.

New York has numerous black nationalist groups that should be the target of concentrated counterintelligence action. The Student Nonviolent Coordinating Committee, the Black Panther organization, the Revolutionary Action Movement and the American Mau Mau, are but four examples of extremist groups that should receive counterintelligence attention on a continuing basis. The leaders of these groups, including [redacted] should all be considered for counterintelligence action whether they are under surveillance or not. Obviously, any counterintelligence action recommended should be such that it cannot be traced to this Bureau. Thus a special status of a person awaiting court action is not usually relevant to this program.

The Bureau is following this matter closely to insure that New York fulfills its responsibilities in this area. It is important to use every possible technique to disrupt and neutralize the extremist black nationalists.

In regard to Items 2 and 3, Portland informants, noted above, advised that students from Pacific University, Forest Grove, Oregon, attended the conference and that among others attending were [redacted] Portland Community College.

Portland has no further information on these and other activities to raise funds for conferees. It is probable that articles similar to Item 2 exist in March and April publications of colleges with BSU chapters.

Portland believes that anonymous distribution of copies of the pamphlet would not jeopardize [redacted] nor would use of items 2 and 3 if items similar to 2 and 3 from California, Washington, or elsewhere were also used.

Lastly, Portland suggests that the pamphlet and accompanying material, if used, might be distributed anonymously from San Francisco since to Portland's knowledge no informant from that area was at that conference and hence no risk to informants involved there.

ReBulet to Chicago, 5/3/68.

At the present time, the NYO has no established, reliable, contacts among Negro news media who might be of assistance.

Several Negro reporters are known by representatives of the NYO, however, to date this office has not developed an Afro-American newspaper or radio station to the point where they would be considered established and reliable. In recognition of the fact that this is an extremely sensitive field and the possibility of embarrassment is ever present, it appears somewhat doubtful whether the results to be gained would justify the continued risks involved.

It would be necessary not only to develop a Negro reporter connected with the Afro-American newspaper but Editor as well in order to guarantee results.

Every effort will be made to the possibility of establishing such contacts in the future.

Re Bureau airtel, 3/4/68; Chicago airtels 4/22/68; Bureau letter 5/15/68 (re HERBERT C. MOHAMMED); Chicago airtel and Chicago letter, both 5/21/68.

Set forth below, under captions as instructed in re Bureau airtel, March 4, 1968, is a current progress letter regarding captioned matter.

1. Operations Under Consideration

In accordance with recent instructions from the Bureau (re Bulet, 5/15/68) Chicago has been directing consideration to DICK GREGORY as a counterintelligence target. As the Bureau is aware GREGORY is currently incarcerated in the State of Washington, serving a 90 day sentence based on his activities in behalf of Indian fishing rights.

The Chicago Office has organized a counterintelligence "team", made up of SA's experienced in RM and SM - C investigations including SA's with lengthy prior counterintelligence experience. This group, together with the RM Supervisor, and the SA [redacted] responsible for the coordination of this program, have devoted considerable effort to methods of inhibiting the effectiveness and credability of GREGORY. His file has been thoroughly and exhaustively reviewed to this end. The possibility has been noted that, in the final analysis, an individual such as GREGORY, so prone to erratic statements and actions, to such wild and obviously ridiculous charges, will in all probability destroy his own influence in his field and serve as a self-neutralizer.

[redacted] however, subsequent investigation, as in Legat, London letter May 28, 1968, did not substantiate, or lend credence to GREGORY's use, or receipt of funds from abroad, primarily to have been utilized against the Democratic Convention, August, 1968, in Chicago.

Chicago is continuing to give the matter of discrediting GREGORY top priority, and Bureau authority will be promptly requested at the earliest opportunity in the event a specific counterintelligence device is formulated. It might also be noted, however, as in Chicago airtel of May 21, 1968, that GREGORY also faces a five month sentence, Cook County Jail, Chicago, as a result of the upholding of criminal charges against him, by the Illinois Appellate Court, of 1965 charges in connection with a local demonstration.

Chicago also has under consideration the review of federal income tax returns of HERBERT C. MOHAMMED, since he was pin-pointed as a counterintelligence target in Chicago airtel April 22, 1968, under the above caption, and that of the Nation of Islam (NOI).

These returns, referred to in Bureau letter May 15, 1968, have not as yet been received by Chicago, however, upon receipt, and subsequent review, a specific recommendation regarding counterintelligence action will be submitted.

In previous Chicago communications under above caption, Chicago has identified [redacted] local Student Non-Violent Coordinating Committee (SNCC) official, as a possible target of counterintelligence action, with reference to his possible removal from an active role as a result of his refusal to cooperate with Selective Service officials over his imminent induction into the Armed Forces.

Although not a counterintelligence measure as such, Chicago has vigorously followed and pursued this situation, both with Selective Service and the Office of the United States Attorney. Recently [redacted] refused to be inducted, his file is in the process of being forwarded by Selective Service to the United States Attorney (USA), who has advised [redacted] case will be brought before the Federal Grand Jury at the earliest possible moment. The USA has advised that a warrant for the arrest of [redacted] on above charges, will in all probability be

shortly forthcoming. Unquestionably this would serve to further inhibit local SNCC activities, and hopefully, would in some measure serve to neutralize [redacted] himself.

Chicago also feels that the Chicago Firearms Registration Ordinance, which went into effect May 15, 1968, has definite potential as a counterintelligence device, to be directed against local militants, as for example [redacted] In addition to the Chicago ordinance, a state law which requires registration of all persons possessing firearms will go into effect September 1, 1968. The penalty for violation of the local ordinance is a $500 fine, for violation of the state law, a $1,000 fine and a year incarceration.

Contact with the local office of gun registration has reflected that it will be approximately another 45-60 days before records are organized and alphabetized. [redacted] is identified as a possible target in this regard, however, there would appear to be a number of militants who may well be vulnerable.

As the Bureau has cautioned, Chicago assures that each specific future counterintelligence operation will be submitted for Bureau approval prior to taking any action.

2. Operations Being Effected

Chicago at present has no counterintelligence operation in progress, however, as noted will develop such, directed toward HERBERT MOHAMMED, upon receipt of his tax returns from the Bureau.

The impetus being provided to the efforts to expedite the handling of [redacted] Selective Service case is not a counterintelligence operation in the normal sense of the term, arising as it does from a substantive violation of federal law. However, the end result, that of reducing the effectiveness and hampering the activities of [redacted] is tantamount to that which might be achieved through any such operation with [redacted] as its target.

38

3. Tangible Results

With the possible exception of the imminent incarceration of [redacted] above, no tangible results have as yet been forthcoming since the inception of this program in the black nationalist field.

4. Developments of Counterintelligence Interest

There have been no significant developments in this field since my airtels of April 22, 1968, which would materially alter programs and approach previously suggested. Chicago appreciates, however, that changing times and developments in the general RM field can have an influence on any counterintelligence operation. Chicago will remain alert to any such development, and when any situation arises, relative to an individual or organization, which offers promise and potential as a counterintelligence operation, an appropriate communication will be promptly submitted.

It might also be noted that in general, the assessment of the local black nationalist movement, as set out in our airtel of April 22, 1968, under the above caption, remains as noted. It was pointed out that GREGORY had threatened to disrupt the Democratic National Convention, in August, 1968, however, as the Bureau is aware, he has cancelled his demonstration plans for before and during this convention, and is currently incarcerated.

Chicago assures the Bureau that full and continuing attention is devoted to this aspect of our operation, its potential value is well appreciated and this office will remain alert and receptive to any opportunity to accomplish and establish a productive counterintelligence operation.

Remylet, 6/3/68, captioned above.

There have been no counterintelligence operations placed into effect in the Buffalo Office during the past month. The racial situation and the organizational development in the militant Black Nationalist field in the Buffalo Division do not suggest any effective counterintelligence device at the present time.

Set forth below is a summary of the situation in the Buffalo Division in which a counterintelligence operation might be considered:

NATION OF ISLAM (NOI)

Racial informants have reported during the past month that Muhammad's Mosque No. 23 (MM No. 23), Buffalo, New York, is in the midst of a membership recruiting drive as announced by Minister JOHN B. X STRICKLAND. Where 80-90 persons were observed in attendance at public meetings on regular Sunday afternoon affairs at MM No. 23, this number has now increased to approximately 120. Minister STRICKLAND has offered a number of prizes to NOI members to bring in new members. He has proposed the doubling of the present NOI membership. It was mentioned at one recent meeting that Minister STRICKLAND was complimented by NOI leaders in Chicago, Illinois, as being the "second best" Minister in the organization. He has dutifully transmitted between $4,000.00 and $5,000.00 per month to the NOI Headquarters in Chicago which undoubtedly prompted the above mentioned compliment.

The MGT now meets on Saturday mornings, and the Fruit of Islam continues to meet on Sunday mornings.

Minister STRICKLAND has been careful to repeatedly point out to the NOI membership that they should not become involved in any way in racial violence nor should they be involved in any public demonstrations wherein integration is at issue. These instructions appear to have been followed religiously by the NOI in the Buffalo Division in the past and, despite some self-serving statements by some local officials who have blamed racial trouble in the past on Muslims, the NOI in the Buffalo Division appears to have separated itself from the rest of the ghetto.

Reurlet 6/14/68.

The Bureau appreciates your suggestion for causing dissension between the Republic of New Africa (RNA) and the City-Wide Citizens Action Committee (CCAC), two black nationalist groups. The Bureau feels, however, this suggestion should be held in abeyance until the position of the CCAC clarifies itself, as this group appears to be moving away from an extremist position.

You should resubmit your recommendation in sixty days, based on an evaluation of the situation at that time. If the suggested letter is still appropriate consider deleting the last paragraph so we will not be [illegible] the position of actually helping the RNA to recruit members.

NOTE:

Detroit suggested sending a recruiting letter on RNA stationery to members of the CCAC to cause friction between the two groups. Since CCAC appears to be changing its position it is not believed advisable to use this unique right now. The last paragraph of the proposed letter, which Detroit should consider deleting, asks the recipient to send one dollar dues to the RNA.

It is suggested that consideration be given to convey the impression that CARMICHAEL is a CIA informant.

One method of accomplishing the above would be to have a carbon copy of informant report reportedly written by CARMICHAEL to the CIA carefully deposited in the automobile of a close Black Nationalist friend. The report should be so placed that it will be readily seen.

It is hoped that when the informant report is read it will help promote distrust between CARMICHAEL and the Black Community. It is suggested that carbon copy of report be used to indicate that CARMICHAEL turned original copy into CIA and kept carbon copy for himself.

It is also suggested that we inform a certain percentage of reliable criminal and racial informants that "we heard from reliable sources that CARMICHAEL is a CIA agent". It is hoped that these informants would spread the rumor in various large Negro communities across the land.

ReBulet dated 7/1/68.

WFO inclined to feel the best way to implement the suggested counter-intelligence program against CARMICHAEL is by inaugurating a "whispering campaign" that he is an agent of the U. S. Government and doing organizational work among Negroes solely for the purpose of helping the government identify racial militants and future racial militants. Further, that after these individuals are identified by the government reprisals may be taken against them by denial of government employment, social security benefits, welfare benefits, pension benefits and intensive screening of tax returns submitted by them. In addition, the impression should be created any person found associating with CARMICHAEL will be suspect. The "whispering campaign" should include overtones that CARMICHAEL is being rewarded greatly by the government for his efforts which permits him to buy a mansion for a house, live lavishly, avoid military service, avoid prosecution for his activities and enjoy a regal life with [illegible], important officials and diplomats.

It is suggested the campaign be inaugurated inferentially by SAs while interviewing sources, informants and other selected contacts and individuals who could be expected to carry the messages back to the Negro community with an aura of officiousness where CARMICHAEL has substantially all his support. This would include selected members of police departments and perhaps other government officials working in alleviating problems of the ghetto. The influence imparted should be timely, clairvoyant but shrouded with restraint so as not to create the definite impression the rumor being passed out is the official word of the FBI.

1. Operations Under Consideration

This Division is constantly probing [redacted] for a weakness on which to capitalize. Attempts are being made to provide informant coverage. His gasoline credit tickets are surveyed to keep track of his State-wide travels. To date, he seems to be his own worst enemy. [redacted] has a penchant for publicity similar to H. RAP BROWN of SNCC. As a result, he is one of the best known black agitators in this State. He again led a violent demonstration in Durham, N.C., in late June, 1968. This received wide publicity. He has been convicted of resisting arrest following a previous demonstration in Durham, N.C., in February, 1968. As a result, [redacted] himself has destroyed his facade of a "neutral community organizer". This would have been the first goal of our counterintelligence program.

With his true revolutionary nature and mission established in the public eye, our next objective is to either neutralize his influence or uncover some illegal act and effect his arrest by appropriate authorities thereby removing him from the scene.

anonymous phone calls to his wife and office will be contemplated. As cited above, his movements around N.C. are traced through gasoline credit purchases.

3. Tangible Results

It is felt that [redacted] influence has declined in the past three months. His charisma affected students and women. However, theemergence of violence in his movement has alienated many heretofore moderate followers.

Six major police departments, as well as N.C. State officials hold regular intelligence conferences on the racial situation and this division attends in an observer status. These local officials are fully aware of [redacted] activities and it is felt this conference could provide a basis for implementing a program against [redacted]

4. Developments of Counterintelligence Interest

There seems to be a lack of interest among Negroes for demonstrations and civil rights programs at this time. Two recent black student conferences held in N.C. were poorly attended. The NOI is faltering in N.C. Attendance at the Charlotte Mosque is down from a high of 100 members several years ago to approximately 15. Thus far, N.C. has experienced one of its calmest summers in recent years.

[redacted] of Paramount Pictures of this company, were in contact with the Cleveland Office relative to a movie named "Betrayal," based on the book "The Informer." This movie, which has been changed in title to "Up Tight," is being filmed in Cleveland and many of the extras have been identified as members and sympathizers of Black Nationalist groups.

The picture itself involves the Negro neighborhood and activities in the Cleveland area and portrays two distinct groups of Negroes, the militant and violent group as compared to the peaceful group, and both groups attempting to obtain civil rights for the Negro through their respective means. The picture starts out with the militant violent group stealing guns and ammunition from gun shops, and the implication in the picture is that this stealing is condoned. The picture ends with the principal character, who is connected with the militant group, walking across a bridge at a steel company, jumping off and committing suicide. The obvious conclusion one draws from the ending, according to [redacted] is that the racial situation in the United States is unsolveable and will result in continued strife in the United States. [redacted] pointed out that the picture could have been ended at a point which would cause the viewer to feel that the racial situation in the United States is being solved in a manner that is entirely acceptable to Negroes and whites. of the people participating in the production, and the change was suggested to [redacted] pro-duction, who refused to go along with [redacted]

[redacted] states that this picture will definitely hurt this country. He stated that [redacted] is already trying to push production so that the completed film can be distributed on the European market where it will be shown this Summer and Fall, at a time when [redacted] contemplates racial troubles in this country.

Meanwhile, one of the other [redacted] telephoned the head of Paramount Studios telling him that he did not want to be connected with this picture which showed this country in such a bad light, and that he was quitting.

[redacted] states that he and many of the other persons participating in this production feel that this picture does a great disservice to the United States and will hurt the image of the U. S. Government abroad.

When [redacted] was asked whether he felt that this picture was such as to possibly incite racial strife in this country, he said he felt the tone of the picture was such that this was possible.

[redacted] made available a script of this picture, asking that his name and that of [redacted] in no way be connected as the source of it or of this information. He said that he would have to account for the script as having been stolen.

The information set forth above and a copy of the script for the movie were furnished to the Bureau and contact is being maintained with [redacted] in the event any information of interest to the Bureau should be developed.

In referenced letter it was noted that consideration was being given to recommendation that [redacted] purchase an expensive home in an affluent, predominantly white neighborhood. Efforts to implement this information by dissemination to

352

a friendly newspaper source, with Bureau approval, have thus far met with no success due to the fact that no established source within the Negro news media field could be convinced that this type publicity would have the desired effect, but rather would stimulate sympathy among the Negro populous. Cleveland is continuing liaison with sources in the position to publicize such information, with Bureau approval.

By airtel dated June 20, 1968, Cleveland furnished the Bureau with ten (10) Xerox copies of an editorial from the "Call and Post," a Cleveland, Ohio, Negro weekly newspaper of general circulation, June 15, 1968, issue, Page 4B, captioned, "STOKELEY, How Could You?" for possible use in captioned program.

Cleveland continues to be on the alert for any such articles eminating from communications media in an effort to furnish them on a timely basis to the Bureau for consideration in this program.

2. Operations Being Effected

The Counterintelligence program in the Cleveland Office is being more smoothly administered by the routing of informant dissemination memos through the coordinator of the Counterintelligence program on a day-to-day basis. This program of dissemination enables the coordinator to remain constantly abreast of any and all developments in the overall racial field.

Previous operations which have been presented to the Bureau are under consideration including publicizing the editorial mentioned above which appeared in the "Call and Post," and the script from the movie "Up Tight."

3. Tangible Results

Cleveland has not utilized any counterintelligence measures which have been under the ideal situation of being devised, approved by the Bureau and implemented by the Cleveland field office; however, in the case of [redacted] as mentioned above, although efforts to publicize this fact met with negative results, contacts with [redacted] or the "Call and Post" appear to have [illegible] a

positive effect. In contacting [redacted] he apparently has been influenced by the inconsistencies apparent in the Black Nationalist philosophy, inasmuch as the editorial policy appears to have changed to the point where these inconsistencies have been pointed up as evidenced by the publication of editorials such as the one mentioned above captioned, "STOKELEY, How Could You?"

4. Developments of Counterintelligence Interest

[redacted] is felt by proper direction and discreet utilization, [redacted] could be utilized in this leadership capacity to exploit and foment discord which is constantly smoldering within this group.

A counterintelligence move appears possible by using [redacted] as a wedge to split the leadership of the Afro-American Set. Animosity exists between the leaders, [redacted] appears to have the potential to further divide this group as he has aspirations to become a leader in one of the Black Nationalist groups and appears to have the beginnings of a fairly good size following.

RACIAL INTELLIGENCE

Re Director airtel to Albany dated 3/1/68 and St. Louis letter to Director dated 4/5/68.

The following information is submitted regarding racial intelligence matters in the St. Louis Division:

1) Operations Under Consideration

[redacted] was arrested in St. Louis on 4/18/68 after burglarizing a store for the purpose of obtaining guns for use in riots and racial disturbances which he hoped to foment. Upon arrest [redacted] claimed he was a representative of CORE and that CORE would "take care of things" relative to his arrest. [redacted] felt that [redacted] was highly influential and would help him. [redacted] to date is in jail awaiting trial but is unable to raise bond and apparently ignored by [redacted]

Since [redacted] had influenced two youths to accompany him on the burglary and appeared to be quite impressed with CORE, some kind of anonymous publicity regarding [redacted] abandonment by CORE has been considered. It is felt that an anonymous mailing to CORE membership reporting his abandonment would tend to amplify [redacted] plight and shake confidence in CORE leadership.

2) Operations Being Effected

There are no racial counterintelligence programs presently being effected in the St. Louis Division.

3) Tangible Results

Since no operations are presently being effected no tangible results can be reported.

4) Development of Counterintelligence Interest

Recently a group of four to six or eight Negro militants, two from East St. Louis, Illinois, have been making demands of local Negro radio stations which would require these stations to participate in black nationalist propaganda. These persons, or those connected with them, have intimidated merchants on a local level. Informants have reported that these individuals have no backing by legitimate organizations or groups, but have used Mid-City Community Congress, a church financed civic organization. In doing so these persons have raised the ire of some prominent Negro leaders. One is [redacted] is considered to be a high caliber person holding several important positions such as [redacted] has been concerned that these persons were using the headquarters of the Mid-City Community Congress, an ostensibly non-militant organization, for the planning of some of their activity of which he disapproves. [redacted] is a liaison source of the St. Louis Division and has cooperated with the FBI for several years. Consideration is being given to enlistment of [redacted] regarding some type of publicity which would tend to discourage or discredit these racial militants.

Black nationalist organizations and hate groups remain as previously described in referenced St. Louis letter. No definable new organizations have developed and leadership in existing organizations remains as it was last outlined. The potential for violence of the Nation of Islam (NOI) does not seem to have been effected by the passage of time since 4/5/68.

The Agitator Index of the St. Louis Division presently includes [redacted] as previously outlined. [redacted] who was briefly described in the prior communication has since been placed on the Agitator Index as has [redacted] who was discussed previously. [redacted] was permitted to travel to St. Louis by the Pennsylvania paroling authority in January, 1968, after conviction and parole on [redacted]/68, resulting

308

from charges of inciting to riot at Pittsburgh, Pennsylvania on 8/25/67. [redacted] was subsequently arrested at St. Louis on 4/28/68 for the previously mentioned burglary.

[redacted] a Negro agitator who was one of the prime movers in demands made on local Negro radio stations and who claims to be a member of the Black Economic Union of East St. Louis, Illinois, appears to be emerging as one against whom counterintelligence activities might be conducted in the future. [redacted] has also claimed membership in the so far non-militant Mid-City Community Congress of St. Louis.

Submission of instant letter is delayed due to extensive investigation required by the Murkin case, and the extended illness of the person exclusively assigned to Blacpro matters and the Racial Intelligence Program.

[redacted] advised that at the NOI MTI No. 32 meeting held on [redacted], opened that week's edition of "Muhammad Speaks" and exhibited to the congregation the picture of Rev. RALPH ABERNATHY, Southern Christian Leadership Conference (SCLC); ELIJAH MUHAMMAD and other Negro leaders joining hands, supposedly at the residence of ELIJAH MUHAMMAD.

[redacted] further stated that [redacted] then stated "This is proof that even the great leader of the SCLC is accepting the Honorable ELIJAH MUHAMMAD's leadership." The Rev. RALPH ABERNATHY knows he has been teaching the white man's bogus religion too long to the black people. [redacted] stated that these statements made a great impression on the MTI 32 congregation.

The above is set out for the information of the Bureau and Chicago as OO regarding the NOI in order to evaluate whether or not such impact as mentioned above is prevalent on the national level at other NOI mosques and, if so, to weigh the possibility of either (1) advising Rev. ABERNATHY that a militant black Negro organization is of the opinion that the SCLC is in sympathy with the NOI separation philosophy and requesting a publicized rebuttal by ABERNATHY; or (2) assuming that ABERNATHY is not cooperative, Bureau and OO are requested to weigh the potential of a friendly news media interviewing ABERNATHY, confronting him with the above picture and asking ABERNATHY if in fact the SCLC is in sympathy with the NOI philosophy.

The Phoenix Division has developed no counter intelligence interests to report and this matter is placed in pending inactive status.

SUBSIDIZING IRRESPONSIBILITY

By George Putnam
September 12, 1968

It is this reporter's opinion that at this moment in our history, when it appears to be open season on our police, the stabbing, shooting, or slaying of at least one policeman every day somewhere in the United States--that at this moment when so many of our public figures are eliminated by assassination--at this moment when the United States is being torn apart by riots in the streets--at this moment when revolutionaries, anarchists, Communists, and other troublemakers appear determined to destroy our way of life--at this moment when permissiveness is breeding a generation of young Americans who have thrown aside responsibility to family, community, law, order, this nation, and to themselves--that at this moment of hypocrisy and lawlessness and complete disregard for those values that made our nation great--it is simply unbelievable that at this moment, we appear determined to support and to subsidize with our hard earned tax dollars, rotten elements determined to bring this nation to its knees.

We've always said things are going to get a lot worse before they get better. And perhaps the latest pronouncement that Black Party official Eldridge Cleaver--admitted revolutionary--an ex-convict, now on probation, facing a charge of engaging in a shootout with police--has been appointed to lecture on the history of racism in America at the University of California's Berkeley campus.

The same Berkeley campus that has given us such gems as the filthy speech movement--Mario Savio--self admitted Communist Bettina Aptheker, violence and riots ad nauseum.

We could challenge Black Panther Eldridge Cleaver's teaching credentials--his absence of any credentials--his right to skim off some good American tax dollars, and all that. Such challenges should be obvious. Eldridge Cleaver is a Black Panther, and I don't mean a pussycat. He is a high ranking official in a paramilitary organization of young, militant racists.

100-448006-287

ENCLOSURE

NEWSEEK MAGAZINE, this week, quotes him as telling 175 attorneys gathered in San Francisco that they could best help the black movement by donating machine guns--that the whole American capitalistic system and its institutions and police need to be assigned to the garbage can of history. He says there are people who are buying guns to kill judges and police and corporation lawyers, and that we need lawyers who have a law book in one hand and a gun in the other so that, as he puts it, "If you go to court and it doesn't come out right, you pull out your gun and start shooting."

He tells the lawyers if he could get two machine guns out of their gathering, he wouldn't care if they applauded him or not.

One of the lawyers asks Cleaver, "What can we whites do to help the black man's cause?" To which Cleaver responds, "Kill some white people."

This same Eldridge Cleaver--high official of the Black Panthers--is also the Peace and Freedom Party candidate for President of the United States. People like Eldridge Cleaver are the enemy of every decent black and white American, because they mean to physically destroy us and our way of life. And yet, the University of California at Berkeley announces that Eldridge Cleaver will lecture on the University of California campus.

And you and I and the rest of the overburdened taxpayers are going to be forced to pay for his brand of subversion of our way of life.

If this ex-convict, who is now on probation--this member of the militant Black Panthers, is allowed to teach students on our tax supported University of California campus, then there is nothing to prevent leaders of the American Nazi Party, leaders of the Ku Klux Klan, leaders of the other paramilitary organizations, recognized Communists, and other hate mongers--to be brought to our campuses and to conduct lectures on such diversified subjects as, for instance--

How to construct and use crematoriums and gas chambers--

How to turn humans into soap--

How to make lampshades out of human skin--

How to torture and make zombies out of human beings--

How to lynch those with whom we disagree--

How to conduct a mass genocide by starving millions to death--

And how to destroy the will to survive of every American.

Yes, and while we're at it, why not bring Mao Tse Tung, Fidel Castro, Kim Il Sung, and Ho Chi Minh right to the University of California campus at Berkeley tactics with which to destroy us.

I say no! The time has come to call an absolute halt to all this damned nonsense. My friend, there is one language the University of California at Berkeley and its left wingers, bleeding hearts, and pseudo-liberals and intellectuals understand. We still hold the purse strings, and it's time that you and I and every every American demand that all moneys assigned to the University of California be immediately cut-off--shut off until this issue is resolved to the satisfaction of every decent American taxpayer.

It is this reporter's opinion that every one of us should now contact by telephone, telegram, letter, postcard, or personally--the President of the University of California at Berkeley.

Governor Ronald Reagan at the State Capitol, Sacramento.

The Board of Regents and the Chairman of the Board of Regents at the University of California at Berkeley.

I repeat--contact Governor Reagan at Sacramento, the President of the University of California at Berkeley, and the Chairman and the Board of Regents, University of California at Berkeley.

Don't ask "What can I do?" Do it!

CLEAVER TELLS IT LIKE HE IS

By George Putnam
September 11, 1968

There is a serious and great question in this reporter's mind whether a newsman should ignore such militant organizations as the Black Panthers--give them no publicity whatsoever--or whether it is the newsman's responsibility to bring to public attention what this paramilitary organization of military racists has in store for the United States of America. It is this reporter's opinion the latter course must--in all good conscience and responsibility--be followed.

NEWSWEEK MAGAZINE, in its September sixteenth issue, offers a word from the Peace and Freedom candidate, ex-convict Eldridge Cleaver, who is the Presidential nominee of the Peace and Freedom Party--and the Black Panthers' Minister of Information.

Last week, Eldridge Cleaver stood before a group of 175 attorneys, all under the age of thirty-six, in a San Francisco dining room--and he told it like he is. Standing there, dressed in black and wearing a tiny pearl earring in his left ear, he told the barristers' club they could best help the black movement by donating machine guns.

It is this reporter's opinion that it is important that all of us listen and understand what this ex-con has to say. "America is up against the wall," says Cleaver. "This whole apparatus--this capitalistic system and its institutions and police--all need to be assigned to the garbage can of history, and I don't give a--blank--who doesn't like it. If we can't have it, nobody's going to have it," says Cleaver. "We'd rather provoke a situation that will disrupt cities and the economy so the enemies of America could come in and pick the gold from the teeth of these Babylonian pigs." This an obvious reference to police officers to whom he always, as the Panthers do, refer as pigs.

At that point, Cleaver shouts at his audience--"Up against the wall, you mother--blanks--! I could go into the White

House and come out--blank--rich. But I'm too young, so I have to say--blank--the White House--blank--the electrcal system--blank--all the pigs--and--blank--the power structure." Now naturally, he didn't say "blank"--he used another verb.

And Cleaver continues his tirade. "You're all chasing dollars, but there are other people who are chasing dollars to buy guns to kill judges and police and corporation lawyers. We need lawyers who have a law book in one hand and a gun in the other, so if he goes to court and that--blank--doesn't come out right, he can pull out his gun and start shooting."

And then Cleaver continued, "If I could get two machine guns out of this crowd, I wouldn't care if you applauded me or threw glasses at me, and then I'd get my black--blank--out of here."

And then, lest anyone mistake his full meaning, Cleaver concluded with these remarks, "I meant all my insults to those who won't choose my side--the right side. You people can take your wallets, credit cards, and cut your mother--blank--neck. You people on the other side, I love you. I hope you'll take your guns and shoot judges and police."

Then Cleaver--ex-convict, Black Panther Minister of Information, and Presidential nominee of the Peace and Freedom Party, gets a polite ovation, if you please, from the 175 lawyers--all under age thirty-six. One of the lawyers asks--"What can we whites do to help the black man's cause?"

Cleaver responds--"Kill some white people."

At that point, the meeting ends, and as the crowd moves toward the elevators, one young lawyer--pink cheeked--turns to a companion and remarks, "Say, his speech certainly reflects the growing polarization between the races, doesn't it?"

This same Eldridge Cleaver, the Peace and Freedom Party candidate, states in his most recent directive, "The Black Panther Party is organizing and arming black people across this country."

At another point he states, "We are very concerned with the development of a strong, radical movement in the white community." And again he states, "We have formed a working coalition with the Peace and Freedom Party in California and a number of other states."

Eldridge Cleaver and the Black Panther Party are busy on many fronts. This revolutionary group has the support of the Free Huey movement--the Afro-American Student Union--the Black Student Union--Honkies for Huey--The Young Socialist Alliance--the Socialist Workers' Party--the Independent Socialist Club--the Students for a Democratic Society--the Progressive Labor Party--and numerous anti-draft and anti-war groups.

But perhaps the most productive affiliation for the Black Panthers have been their merger with SNCC--their coalition with the Peace and Freedom Party--and the recent declaration of the Communist Party of the United States that it supports Huey Newton.

As I said at the outset, the people have a right to know what the Black Panther Party has in store for them. But what a strange spectacle it is to witness 175 American attorneys--officers of the court--crowded into a San Francisco dining room to hear an ex-convict as he rants and rages and insults them--tells them how he plans to destroy them and every other white man--and then give this revolutionary a very polite ovation!

And when one of them asks what whites can do to help the black man's cause, this man of "peace and freedom" responds, "Kill some white people." And these 175 attorneys--officers of the court--give this revolutionary a very polite ovation--after hearing this plan for their own execution!

Re Los Angeles letter dated 6/3/68.

This is to advise that the agent previously assigned to coordinate this program has resigned and that the program will in the future be coordinated by [redacted]

I. OPERATIONS UNDER CONSIDERATION

Information has been received that there is considerable friction between the Black Panther Party (BPP) and the "US" organization headed by RON KARENGA. Several sources have reported that the BPP has "let a contract" on KARENGA because they feel he has sold out to the establishment. Reportedly, this "contract" is being held in abeyance pending the results of the HUEY NEWTON trial, inasmuch as the BPP wishes to retain as much support from the entire black community as possible. Los Angeles is presently analyzing this situation to determine if further disruption can be caused between these two organizations. Appropriate recommendations will be submitted to the Bureau.

Sources have also reported that there is now some friction between the BPP and all other black nationalist organizations including the Student Nonviolent Coordinating Committee (SNCC) and the Black Congress. Information has also been received indicating that there is now friction between the BPP and the Brown Berets and that the Brown Berets have issued instructions to their members not to associate with the black nationalists because such association is antagonizing the Mexican community. Los Angeles is presently analyzing this situation and appropriate recommendations will be made to the Bureau.

Investigation has reflected that although the BPP has received considerable financial and other support from the Peace and Freedom Party (PFP), that the BPP is merely using the PFP as a source of income and other assistance. Reportedly, BPP leaders have stated that when the day comes, Caucasians in the PFP will be stood up against the wall with other whites and eliminated.

Los Angeles will submit appropriate recommendations to the Bureau concerning methods to further this schism.

Contact has been made with the owner of the building wherein the BPP has its headquarters and it has been determined that the owner is cooperative to the Bureau. Consideration is being given to formulating a program to disrupt the BPP through this contact. Appropriate recommendations will be submitted to the Bureau.

Investigation is also being conducted to determine the owners of the buildings wherein SNCC and the "US" organization have their headquarters, and a similar analysis of this situation is being conducted.

In view of the past propensity for violence on the part of the Black Student Union (BSU) at some college campuses in the Los Angeles area, an intensified effort is being made to develop public source information and other data which could be disseminated with Bureau authority to proper governmental and academic officials. The Bureau will be advised of the results of this program.

II. OPERATIONS BEING EFFECTED

Los Angeles is presently conducting a survey of toll calls of various black nationalist leaders and will continue to do so under present Bureau policy. It is felt that results of these reviews may furnish valuable lead information in connection with this program.

Los Angeles is also requesting the Federal income tax records on all black nationalist leaders in the Los Angeles Division and an intensified analysis will be made of these returns to determine if a counterintelligence technique can be utilized in this regard.

17

Los Angeles is also reviewing the Selective Service records of selected black nationalist leaders in the Los Angeles Division to determine if these individuals are guilty of violation of the Selective Serlice Act, 1948.

Los Angeles is continuing to follow closely the arrest records of all black nationalist leaders in this division to determine if these individuals can be prosecuted under State or Federal laws.

Los Angeles is also closely following the acquisition of firearms by black nationalist leaders in this division and dissemination is being made immcdiately to interested agencies.

III. TANGIBLE RESULTS

In June, 1968, information was received that certain members of the "US" organization had purchased a quantity of firearms. This information was immediately made available to the Pasadena Police Department, and on 6/27/68, [redacted], both "US" members, were arrested by the Pasadena Police Department for burglary and attempted arson. They had in their possession the firearms which they had purchased previously.

IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

As stated in paragraph I, information has been received that the BPP has issued instructions that RON KARENGA, Chairman of "US", is to be killed. Further, information from various sources indicates that the BPP is attempting to obtain the over-all leadership of the black nationalist movement and has indicated that individuals or organizations who are not sympathetic to the BPP will be considered an enemy and dealt with as such. Information indicates the BPP recently withdrew from the Black Congress, which is a coalition of various black nationalist groups in the Los Angeles area, because the

WHITNEY YOUNG, Executive Director of the National Urban League, 55 East 52nd Street, New York City, visited Pittsburgh on 9/17/68 to explain his new program entitled, "A New Thrust for the National Urban League," to officials of the Mellon Foundation. He requested a sum of $300,000 a year for two years from this foundation. He believes the Urban League should take a leading role to create leaders among the black middle class through 93 affiliates throughout the United States. He is seeking a total of two million dollars for the first year and three million dollars for the second year from various foundations.

The Pittsburgh Division is in a position to influence the donation of $600,000 to this organization.

New York is requested to review its indices and advise of any derogatory information relating to WHITNEY YOUNG and associate, [redacted]

Depending on the information furnished by the New York Office, Pittsburgh will consider requesting Bureau authority to handle this matter under counterintelligence.

BLACK NATIONALIST-HATE GROUPS
RACIAL INTELLIGENCE
(REPUBLIC OF NEW AFRICA)

Re Bureau letter to Detroit, dated 7/31/68 and Detroit airtel to Bureau, dated 6/14/68, captioned as above.

In view of the fact that it would seem the City-Wide Citizens Action Committee (CCAC) appears to be moving away from an extremist position and rapidly approaching dissolution, it would appear that a counterintelligence tactic other than that originally set forth in Detroit airtel to Bureau 6/14/68 would have maximum impact against the Republic of New Africa (RNA) and the recent overtures of the RNA leadership to obtain publicity and increase membership.

Detroit would, however, suggest the Bureau consider the feasibility of mailing letters over the signature of ROBERT F. WILLIAMS, figure-head president of the RNA in exile in Tanzania, Africa, denouncing the RNA leadership, specifically RICHARD and MILTON HENRY, Minister of Information and First Vice President, respectively, who have recently had audience with WILLIAMS in Tanzania for the purpose of soliciting support.

The letter which would be printed on commercially purchased plain bond paper, would be merely to officers and selected rank and file members of the RNA in plain envelopes postmarked preferably in Tanzania, Africa or secondly Hong Kong, China.

The content of the letters, which would be prepared at Detroit in numbers of not more than 60, would be a verbal chastisement of the HENRYs and would indicate that WILLIAMS feels the extent of his support has been exaggerated and his name misused by the HENRY brothers. Additionally, it would set forth WILLIAMS proposition that any effective black movement must be international rather than national in scope and that Africa, the black homeland, rather than North America, should be the vocal point of Negro self-determination. Finally, the letter would state that WILLIAMS submits his resignation as President of the RNA in that he feels his personal ideologies conflict with RNA policy.

Because only a handful of elite RNA officers have ever had personal contact with WILLIAMS and have been extremely vacillating and vague in informing the general membership regarding the extent of WILLIAMS' support, it is felt this tactic would have a corrosive effect upon the morale of the organization and that the leadership would never be fully able to convince rank and file members contrary to the contents of the letter.

Also, it is believed that should the HENRYs contact WILLIAMS in an attempt to solicit some demonstrative rebuttal, that WILLIAMS would look askance at an organization with so little control over its own membership and may possibly re-evaluate the extent, if any, to which he should lend his support.

All precautions will be taken to preclude embarrassment to the Bureau in the handling of this matter.

No further action will be taken prior to Bureau authority and the Bureau will be immediately advised of any derivative tangible results.

(STOKELY CARMICHAEL)

Re Bureau letter to WFO dated 7/1/68.

Referenced letter requested recommendations as to methods to discredit CARMICHAEL in the Negro community.

It is the opinion of this office that the news media could be interested in information that would exploit CARMICHAEL's reputation through emphasis on the "first class" approach that he has utilized in his travels. It has been the experience of this office that CARMICHAEL has travelled in first class air accommodations when visiting Chicago. This appears to be an indication of a "better than the common man" approach in an era when most people, for either business or pleasure, are extremely conscious of the considerable savings achieved through the use of economy air travel.

During his Chicago visits, CARMICHAEL has, on occasion, rented automobiles. He has utilized the major auto rental agencies making no apparent effort to be concerned about the variation in the cost of automobile rentals available to this area. Such actions are an indication of ample available funds or a complete lack of concern as to the expenses incurred in accommodating his personal tastes.

CARMICHAEL's hotel accommodations have always been over above average quality further indicating an apparent lack of concern as to the amount of funds expended in order to satisfy his personal comfort.

While it is recognized that CARMICHAEL has an income from fees for speaking engagements, it may be possible to accumulate sufficient information concerning his overall costs

of travel, living accommodations and business expenses to indicate that such costs are in excess of what he could possibly accumulate from the fees received for his speaking appearances.

It is public knowledge that the Central Intelligence Agency (CIA) has never been overly concerned about the amount of money expended to achieve an objective. It would be readily accepted by the public that the achievement of recruiting CARMICHAEL as a CIA Agent would be considered of such importance as to make almost unlimited funds available to him to permit him to enjoy as many physical comforts as he may desire.

It could be expected that such information would not be favorably received among the many Negroes in the United States, particularly those whose standard of living is minimal. It could be expected that the majority of the Negro population that might be inclined to accept CARMICHAEL as a leader would conclude that such a person could be expected to exploit his followers for his own personal gain and comfort. Such a reaction would certainly reduce CARMICHAEL's effectiveness as a leader among Negroes in the United States.

Chicago continues to be concerned with the development of programs applicable to captioned matter.

(UNITY INCORPORATED)

PURPOSE:

To advise of counterintelligence results that kept black nationalist extremist group from receiving $150,000 grant.

BACKGROUND:

Unity Incorporated operated a black power center in Pittsburgh, Pennsylvania, which included a proposed target range in the basement. The leader of the group was in possession of several pistols. The group applied for a $150,000 grant from the Mellon Foundation in Pittsburgh.

The Pittsburgh Office has an established source at the Mellon Foundation and recommended advising him of the true nature of Unity Incorporated. This was approved.

RESULTS:

Pittsburgh advised that as a result of this counterintelligence operation Unity Incorporated did not get the $150,000 grant from the Mellon Foundation. In addition, Unity Incorporated is now defunct.

months (less than a year's attendance) at Los Angeles State College, Los Angeles, California, and excepting two years in military service, dates not specified.

[redacted] is opposed to violence excepting self-defense. He has worked continually since [redacted] in Kansas City, Kansas, among other things to reduce racial tension and to dampen any incipient potential for violence; he has established a respectful rapport with many of the Negro community in Kansas City, Kansas, particularly Negro youths in their late teens and 20s. This rapport is such, according to [redacted] that he receives numerous telephone calls or personal contacts daily from various members of the Negro community on their individual problems.

[redacted] is a leader in a youth group of the NAACP Chapter of Kansas City, Kansas, and also works with a small number of committed white people to improve conditions in the Negro community, Kansas City, Kansas. [redacted] claims he has not preached and is opposed to preachments of violence; he is pro-black and believes in total commitment of the black community, along with supporting white commitments, to improve black ghetto conditions now, and not in the future as so often promised in the past.

He has been so busy with his EOF duties and so disappointed with slow progress to improve black conditions under white prejudice that he has had little time for being a husband and father, a situation which he complains does not make for a pleasant family life.

Though he has had little apprenticeship in writing, he has recently speculated on moving with his family to another state and writing a book on his observations of ghetto conditions. He said he has not felt well lately due to severe fatigue from his dedication and continual work to improve the Negroes' lot; that he has thought of going to a hospital for a checkup, though he knows of no serious physical ailment.

He claims first-hand knowledge of most Negroes, their problems and low conditions in Kansas City, Kansas. He has lectured or spoken often to neighborhood Negro and civic-minded groups in Kansas City, Kansas, since 1965, on ghetto problems as well as on the work, ideas and significance of nationally publicized black leaders, including MALCOM X,

38

Dr. MARTIN LUTHER KING, FRANK MC KISSICK, ROY WILKINS, and others. [redacted] claimed he has read widely and collected literature of and about most of these leaders, including RON KARENGA, leader of "US". [redacted] indicated because of his total life and work in the Kansas City, Kansas, Negro community and ghetto, he understands their problems better than any other Negro in that community.

On being shown a copy of the literature, regarding "US", observed 7/25/68 in the EOF Office, Kansas City, Kansas, [redacted] said several copies of this literature, whose contents were gathered from his general collection of Negro literature, referred to above, [redacted] and indicated these copies were for his use in studying and commenting on the black movement in the United States. He indicated no general or specific distribution of this literature was made in Kansas City, Kansas. He said it is his opinion that the copy of literature, referring to "US", is not a preachment of black hatred of whites, or violence.

When asked if he was familiar with public statements of RON KARENGA, who heads "US", that "the only good honkie is a dead honkie", "The white man's book says love thy enemy; US says eliminate him, and if some of our black brothers get in the way, kill them too", [redacted] indicated he was not in agreement with such statements, if made by KARENGA and "US". [redacted] indicated his feelings and observations are that black extremists are small in number nationally, compared with white extremists and those who have practiced prejudice and violence against Negroes for hundreds of years.

He said his grandfather was wrongly hanged in a southern state, that much more prejudice and violence has been practiced by whites against Negroes than by Negroes against whites, a situation that should be of much more concern than alleged black hate and violence. He said he believes salvation for Negro ghettos must come from blacks of ghettos, such as himself, who are not the higher educated but who are dedicated to organizing economically, philosophically, and socially the black ghetto community. He said he hopes to expand with the help of white people "black-operated businesses" in the ghetto, such as "The Brothers" restaurant, into chains or independent ventures.

33

When shown a copy of an article dated 8/19/68 in the Kansas City Times, daily Kansas City, Missouri, newspaper, relating to "The Brothers" restaurant at 1701 North 7th, Kansas City, Kansas, [redacted], which stresses a black community cannot be built without white support and belies a doctrine of black violence or hatred of whites.

[redacted] said there is no militant black extremist group agitating for disorder or violence, including groups such as "US" or SNCC", according to his knowledge, in Kansas City, Kansas.

At this point it was necessary to terminate the interview of [redacted] who felt it necessary to return [redacted] the civil rights complainant, to [redacted] home in Kansas City, Kansas.

Before [redacted] departure from the Kansas City FBI Office, a breakfast interview was arranged with [redacted] at the Hilton Inn, Kansas City, Missouri, for Saturday morning, 9/7/68. However, on the afternoon of 9/6/68, [redacted] telephonically cancelled the scheduled breakfast for 9/7/68, stating he was not feeling well and was considering a hospital checkup over the weekend.

[redacted] future activities will be closely followed through knowledgeable racial sources in Kansas City, Kansas, and particularly [redacted] fidential basis, through [redacted] nd an excellent liaison source of the Kansas City Office.

[redacted] Kansas City, Kansas, [redacted] and [redacted] all liaison sources in Kansas City, Kansas, informed on 9/8/68 that they continue to consider [redacted] basically as a respectable non-violent man, though he has indicated on occasion poor judgment. They said there is no black extremist group in Kansas City, Kansas, or they would know of it through their numerous sources in the Negro community.

[redacted] said [redacted] is not an ill man in his opinion and undoubtedly cancelled his breakfast appointment for 9/7/68 on a pretext of illness as [redacted] is concerned over FBI interest

34

and as [redacted] has probably been doing some thinking about his EOF job [redacted] believes [redacted] could not get another job paying nearly that much money. [redacted] advised against hurrying or pressing future contacts with [redacted] as [redacted] activities are closely followed by [redacted]

It is believed two of the prime objectives set forth in Kansas City letter 8/19/68 to the Bureau (Bufile 100-448006) by interviewing [redacted] were served, in identifying the described black - hate-type literature, and in serving notice upon [redacted] his activities are being closely followed, a situation apparently giving [redacted] some concern.

In view of the above, instant case and the case captioned "UNSUBS; BLACK - HATE-TYPE LITERATURE, etc." are being closed. Future contacts with [redacted] will be considered if andwhen deemed advisable.

letter, it was suggested that a previously submitted letterhead memorandum concerning [redacted] be disseminated to HUD.

[redacted] has a lengthy criminal record, is most recent arrest being in September, 1967. [redacted] activities are being closely observed by the New Haven Office and the [redacted] and every opportunity will be taken to discredit this individual. Such action would only be taken with Bureau approval where there is no possibility of embarrassment to the Bureau.

As previously reported, many of the so-called black militant leaders in Connecticut are presently free on bond on a variety of serious local criminal offenses. One of these individuals is [redacted], former spokesman for the Black Caucus in Hartford, Connecticut. The Black Caucus has been virtually non-existant for the past several months; recently [redacted] returned to his residence in West Haven, Connecticut, and is now affiliated with the HPA.

It is believed that when the local courts pursue the cases pending against the above mentioned Black Nationalist leaders, the activities of these individuals will be dealt a severe blow and without their leadership others affiliated with such organizations as the HPA will be completely inaffective.

In this connection, several black militants in the New Haven area are the subjects of the case entitled, [redacted] Hill Businessmen's Association - VICTIM, AR - HOBBS ACT." These subjects threatened many merchants in the Hill Section of

RE: COUNTERINTELLIGENCE PROGRAM

RACIAL INTELLIGENCE

ReSLlet to Bureau, 7/15/68.

The following information is submitted regarding racial intelligence in this Division:

1) Operations Under Consideration.

In the past 6 weeks 2 Black Militant organizations have become organized and active in this area: the Zulu 1200's and the Black Liberators. Both draw from the ranks of the youth of the Negro ghettos and, in fact, there are many instances of dual membership. The Black Liberators sponsored a rally featuring STOKELY CARMICHAEL, which drew a packed house of about 800 in Sheldon Memorial on 8/29/68. Two days later the Zulu's held an African fashion show in the same hall and barely managed to sell 100 tickets. Some hard feelings have resulted, and the SL Division is considering the best way to exploit the differences and prevent these 2 groups from increasing their respective power by any sort of alliance or affiliation. Specific Bureau authority will be requested when a plan is formulated.

2) Operations Being Effected.

There are no current operations being effected.

3) Tangible Results.

No tangible results in this program have been effected since the date of referenced letter.

4) Development of Counterintelligence Interest.

In addition to the 2 Black Militant organizations previously mentioned, this division has 2 other groups of interest: NOI Mosque #28 and the local chapter of the Association of Black Collegians (ABC). The latter has been dormant during the summer but it anticipated that when the colleges resume their fall terms, attempts will be made to resurrect this group at the two local colleges, Washington University and St. Louis University.

With the exception of the Black Liberators and the Zulu 1200's, no degree of cooperation between the various militant organizations has been noted. It is felt that should any degree of alliance develop, their respective power to cause racial disorder would be greatly increased. This Division will be alert for any plan which would exploit the differences of these groups. Specific Bureau authority will be requested when such a plan is finalized.

Re San Francisco letter, 5/27/68.

1. Summary of Black Nationalist Movement
San Francisco Division (as of 8/15/68)

The Black Student Union (BSU) at San Francisco State College has not been active due to summer vacations.

The Black Panther Party (BPP) has been active on almost a daily basis due to the Huey Newton trial in Oakland. These demonstrations and rallies, while noisy, have been mainly peaceful because the leadership of the BPP is trying to keep things relatively calm pending the outcome of the trial.

One instance of poor publicity for the BPP was in large measure the result of actions of the San Francisco Office. This arose when it was learned that three functionaries of the BPP, GEORGE MASON MURRAY, DAVID HILLIARD, and LANDON WILLIAMS, went to Mexico en route to Cuba. Due to timely intervention by the Mexican authorities, the trio was detained, searched and dispatched to New York, without going to Cuba. This caused the BPP to allege CIA "kidnapping". Investigation disclosed that the tickets for the trip were paid for by checks drawn on the "Huey Newton Defense Fund". [redacted]

this in a San Francisco "Examiner" article. This then required the BPP to hold another press conference to try to explain how they had decided to use the Newton Fund money. It is believed that many of the black community were shocked by the initial disclosure, not only of the misuse of the funds, but also of the attempted trip to Cuba.

2. Summary of Counterintelligence Program (as of 8/15/68)

A. Operations Under Consideration.

It is believed that a natural rivalry exists between ELDRIDGE CLEAVER and BOBBY SEALE for leadership of the BPP. CLEAVER is aided and abetted by his dynamic attractive wife KATHLEEN, who lacks patience in dealing with the more lethargic elements in the black movement. The CLEAVERS are people of more education and possess a degree of "class" when compared to the average BP. It was seen in the recent SNCC - BPP split that leadership problems can cause divisions and this situation is being closely followed.

B. Operations Being Effected.

None.

C. Tangible Results.

It is believed that the BPP suffered some loss of esteem as a result of the Cuban problem described above.

Suggestion.

It is recalled that the Mafia suffered great damage to its reputation as a result of the exposure in "Life" magazine. It is suggested that consideration be given to urging a national magazine to assign a team of competent

writers to study the true situation in the make-up of the BPP, exposing the criminal background of many of the leaders on a national basis. This material is already well known locally, and local exposure would not draw any significant attention; but publicity in areas where the BPP is not known might cause a nation-wide opposition to the party.

RE: Omaha airtel to Bureau 5/31/68;

Since submission of the last quarterly letter two Black Nationalist organizations have become active in the Omaha area, namely the Black Panther Party in Omaha, Nebraska, and Black Panther Organization, Inc. in Des Moines, Iowa. The Omaha group consists of approximately 20 - 25 members and to date, its activity has been limited to twice weekly meetings. The Des Moines group filed Articles of Incorporation with the State of Iowa on July 18, 1968, at which time it listed the identities of twelve directors. To date, this group is not known to have had regular meetings and its major effort to date has been an attempt to obtain anti-poverty funds for the purpose of financing an Afro-American Festival in Des Moines.

The leader of the Des Moines group has been identified as [redacted] organized and heads up the Omaha group.

It is anticipated that in the near future [redacted] and [redacted] might be targets of counter intelligence action as well as the organizations of which they are leaders. The Black Panther Group in Omaha has vaguely discussed in general terms creating violence, however, it has taken no positive action in this regard to date.

EX-114

This matter will be closed followed by Omaha and any future suggestions for counter intelligence action against the Black Panther Party and Black Panther Organization, Inc. will be submitted by separate letter.

Re Los Angeles airtel and letterhead memorandum dated 8/20/68, entitled BLACK STUDENT UNION, CALIFORNIA STATE COLLEGE AT LOS ANGELES, RM-BSU; Los Angeles report of [redacted] dated 8/9/68, entitled BLACK NATIONALIST MOVEMENT, LOS ANGELES DIVISION; and Los Angeles letter dated 6/3/68, entitled COUNTERINTELLIGENCE PROGRAM, BLACK NATIONALIST - HATE GROUPS, RACIAL INTELLIGENCE.

The black nationalist organizations that present the greatest potential danger for violence in and about Los Angeles are the Black Panther Party (BPP), the various Black Student Union (BSU) chapters at several local institutions of higher learning, the Student Non-violent Coordinating Committee (SNCC), and "US". Accordingly, these organizations are the focus of the Black Nationalist Counterintelligence Program at Los Angeles.

It should be noted that personnel handling the Counterintelligence Program have been assigned for periods of varying lengths, to the investigations of at least one of the three major cases being conducted at Los Angeles during this 90-day reporting period.

Informant coverage is not being dealt with in this letter, since it is a separate program and further, it goes without saying that quality informant coverage is necessary in any effective counterintelligence program.

I. OPERATIONS UNDER CONSIDERATION

A. Black Panther Party

Under consideration is a review of toll call records of all long-distance telephone calls made through the use of the telephones at the BPP headquarters and appropriate leaders in the BPP at Los Angeles.

An interview program similar to that in effect with regard to the "US" organization is also being considered for the BPP. A matter of considerable thought is whether or not the information obtained is worth the risks involved of agent personnel due to the extreme militancy of the members of this organization.

B. Black Student Union

Under consideration is the review of student records of all officers of the BSU chapters who advocate violence, to determine if they receive any Federal educational grants, aid, or assistance.

C. Student Non-violent Coordinating Committee

Under consideration is the interview of all recently deposed officers of SNCC at Los Angeles.

D. "US"

Under consideration is the reviewing of toll call records of all long-distance telephone calls made through the telephones at the residence of RONIE MC KINLEY EVERETT, aka Ron Karenga, and those telephones located within "US" headquarters.

II. OPERATIONS BEING EFFECTED

A. Black Panther Party

A program in effect has been the advising of the Immigration and Naturalization Service of the identity of BPP leaders whenever impending foreign travel is involved. The objective of this program is to determine the circumstances, manner, and route of all foreign travel.

52

Also in effect has been the determination of the origin and subsequent transactions involving each firearm found in the possession of any BPP member. The objective of this program is to determine the identity of each BPP firearm purchaser, the manner of purchase, and the type (s) and quantity of firearms purchased.

Efforts have been made to determine the place and manner of banking in an effort to neutralize the source or sources of financial support.

Likewise, efforts are being made to determine the identity of the property owner of the headquarters of the BPP at Los Angeles.

B. Black Student Union

At present, because of the academic summer recess, there is no counterintelligence program in effect concerning the various BSU chapters.

C. Student Non-violent Coordinating Committee

Presently, Bureau authority has been granted for the Los Angeles Office to conduct a preliminary survey to determine the feasibility of a technical surveillance at the SNCC headquarters at 7406 South Western Avenue, Los Angeles, California.

An effort is being made to identify the present landlord or owner of the property at 7406 South Western Avenue, Los Angeles, the present SNCC headquarters.

In effect at this time is the determination of the method of acquisition of any firearm found in the possession of a SNCC member, in an effort to learn whether or not there is any systematic manner of firearms acquisition by SNCC members.

D. "US"

The interview program of members of "US" and its leadership element has been effective in that it has proved a source of intelligence information concerning the organization. Further and perhaps most important, particularly with the younger members, interviews have resulted in parental involvement and subsequent knowledge of such membership. This knowledge has proved a barrier in individual cases to further participation in any "US" activities by some Negro youths.

53

Also in effect has been the review of the Federal income tax returns of RONIE MC KINLEY EVERETT, aka Ron Karenga.

III. TANGIBLE RESULTS

A. Black Panther Party

The Counterintelligence Program has been least effective against the BPP. The BPP is new in Los Angeles and effective counterintelligence measures have not been fully implemented.

B. Black Student Union

The BSU has been inactive during the months of June, July, and August, except for the incident of 7/24/68, at California State College at Los Angeles, as set out in referenced letterhead memorandum dated 8/20/68. This is due to the fact of the summer recess in the academic community.

C. Student Non-violent Coordinating Committee

The Counterintelligence Program has resulted in the neutralization of the growth of membership and the relative financial strength of SNCC.

D. "US"

There has been no detectable change in either the number of members or relative strength of "US" among the Negro youth in Los Angeles during the 90-day period of June, July, and August.

IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

The most significant change and matter of counter-intelligence interest at Los Angeles concerning black nationalist activities is the growth of the BPP and the number of acts of violence perpetrated by its members and/or the number of incidents of violence in which BPP members were involved. This is best evidenced in the shooting on 8/5/68, in which three BPP members were killed and two Los Angeles Police Department officers were wounded.

54

Further interest is the continued criminal involvement of certain members of the leadership element of "US". This is evidenced by the recent arrest of [redacted], aka, in the attempted armed robbery of a Safeway Market on 8/19/68, at Los Angeles.

1. Operations Under Consideration

Since relet various counterintelligence techniques were considered by the NYO and suggested. Some of these techniques are as follows:

a. Convey the impression that CARMICHAEL is a CIA agent.

b. [redacted].

c. The NYO desired to xerox 5000 copies of a circular and distribute throughout NY Negro sections of Harlem and Bedford-Stuyvesant. It was felt that this circular might dissuade future Black Panthers and SNCC membership and cause others interested in the organization to be disillusioned.

Concerning this suggestion the Bureau recommended it be held in abeyance until the results of the dispute between SNCC and the Black Panthers are known.

d. The NYO recommended placing into effect counterintelligence devices in regard to [redacted] BPP leader.

2 - 3. Operations Effected and Tangible Results

In order to increase the friction between SNCC and the Black Panther Party (BPP), NYO suggested the use of pretext telephone calls made to the SNCC office in an

attempt to convey the impression to SNCC, using a Negro dialect, that the Panthers were "out to get them". The thought would be placed with them that the BPP was especially after the SNCC leaders who caused them trouble.

This counterintelligence device was effected and [redacted] has reported that JAMES FORMAN, SNCC leader was recently threatened by BPP members who said they would "get him". FORMAN was making himself scarce with his location known only to his wife and SNCC officials.

On 9/4/68, a pretext phone call was placed to the residence of STOKELY CARMICHAEL and in the absence of CARMICHAEL his mother was told that a friend was calling who was fearful of the future safety of her son. It was explained to Mrs. CARMICHAEL the absolute necessity for CARMICHAEL to "hide out" inasmuch as several BPP members were out to kill him, and it would probably be done sometime this week. Mrs. CARMICHAEL appeared shocked upon hearing the news and stated she would tell STOKELY when he came home.

It is noted STOKELY CARMICHAEL and his wife left the US for Africa on 9/5/68, aboard PAM flight which departed JFK airport at 5:00 PM.

4. Developments of Counterintelligence Interest

As it now appears that the BPP at this time has developed into a violence oriented group, every effort will be made to direct the major counterintelligence thrust against this organization. The NYO is presently conducting many interviews with BPP members which might provide fuel for further counterintelligence action.

to the public. Should such an avenue be discovered, Bureau permission will be requested in accordance with existing instructions.

2. Operation Being Effected

Cleveland continues to follow the practice of routing informant dissemination memos through the Counterintelligence Coordinator to insure that information containing counterintelligence potential is noted on a timely basis.

Previous possible operations presented to the Bureau and under consideration include publicizing an editorial from "The Call and Post," a Cleveland weekly newspaper circulated in the Negro community, entitled, "STOKELEY, How Could You?", which was described in referenced letter. Another operation is some counterintelligence plan which could be effected from the shooting of the movie "Up Tight."

3. Tangible Results

Since the submission of referenced letter, Cleveland has not realized any tangible results from utilization of counterintelligence methods. It was noted in referenced letter that although a counterintelligence move to publicize in a local Negro newspaper were unsuccessful, the reporter contacted was impressed with inconsistencies in black militant programs, and articles written subsequently have reflected a distinct change in thought toward such groups.

4. Developments of Counterintelligence Interest

Re Minneapolis letters to the Director dated 5/28/68.

Minneapolis, during the summer of 1968, has been without racial violence. There have been isolated instances of minor arrest problems, but none that could be designated as racial in nature. There have been no violent outbreaks of any type.

The same holds true for the rest of the Minneapolis Division with the exception of St. Paul when during the nights of August 30 and 31 a minor arrest led to a milling about by some Negroes and some fire bombings in a predominantly Negro area. Informants and sources indicate the fire bombings were not organized nor planned by any Black Nationalist Hate Groups. The arrests and minor disturbance that took place in St. Paul the nights of August 30 and 31 involved Negro hoodlums and was not an organized racial or civil rights type disturbance.

In view of the lack of the existence of any active Black Nationalist Hate Groups in the Minneapolis Division, there has been little room for development of any counter-intelligence program as such. There are a handful of black militants in the Twin Cities area, and we have established comprehensive informant and source coverage of their activities.

Minneapolis will continue to be alert to the possibility of counterintelligence techniques in thwarting the activities of these militants.

RACIAL INTELLIGENCE

ReHOlet, 6/1/68.

1. Operations Under Consideration

Relet indicated counterintelligence operation under consideration as regards [redacted] NOI Minister, Houston. No specific recommendations have been made in this regard as the NOI in Houston is experiencing considerable difficulties because of faulty records and apparent missing funds (See item four below).

2. Operations Being Effected

No specific counterintelligence operation is currently being effected against Black Nationalist-Hate groups in Houston other than all efforts are being made to capitalize on the chaos in the NOI through the close handling of the informants who continue to spread the seed of distrust among the members.

3.Tangible Results

No tangible results to report regarding specific Bureau approved counterintelligence measures.

4. Development of Counterintelligence Interest

The former Secretary of the NOI, [redacted] has been declared persona non grata by the NOI and members have been instructed to have nothing to do with him. This resulted from a determination that considerable NOI funds were missing and unaccounted for. As a result [redacted] who is a Captain of the MGT and who is [redacted] has

[redacted] come into disfavor with the NOI minister and it is expected she will be kicked out of the NOI shortly. Further [redacted] who also functions as an officer in the NOI has become target of the minister's disfavor and she could be expected to lose her position. The disruption in the NOI in Houston started with the missing funds which incident was blamed on [redacted] and has since developed into a continual squabble over money. In this regard, [redacted] has gotten a new car, color TV and has indicated he intends to buy a new house which is not accepted favorably by many members. [redacted] has also instructed all FOI members to contribute one day's pay a week for several months supposedly for the NOI headquarters in Chicago. The record of payment of dues are all fouled up and some members are being accused of not paying their regular dues when actually they have paid them and others who have not paid are carried on the books as current. This situation continues to develop and Houston informants have been instructed to pursue anything along this line which will further develop controversy in the NOI. They have been instructed to be particularly alert for any item which could be used against [redacted] for a specific counterintelligence action.

Re Portland letter to Bureau, 6/3/68.

There has been no significant changes in the Black Nationalist Movement in Oregon since re letter.

(1) Operations Under Consideration:

During August, 1968, information was received from an informant that [redacted], black extremist, used fire bombs to start a fire in a commercial building in Portland and is concerned lest his fingerprints on bottles be identified. Subsequently in an unrelated matter, two black extremist associates of [redacted] were arrested for assault but were released for lack of a complainant. Portland is planning an interview of [redacted] after Bureau authorization, during which the impression will be left with [redacted] that one or both of the arrested associates informed on [redacted] arson guilt in exchange for their release.

Portland believes this operation would cause deep dissension and sow suspicion among black extremists in Portland.

(2) Operations Being Effected:

Above operation will be effective upon approval of Bureau for interview of [redacted] -- now being requested.

Since relet, Bureau has approved a Portland suggestion for publicizing a Black Student Union (BSU) conference in San Francisco, California, April, 1968, which approved racial violence.

(3) Tangible Results:

In the above mentioned suggestion concerning the BSU, pertinent information has been furnished by the Bureau to a news media source for a possible article.

Portland, through furnishing information concerning possible racial violence to the Portland Police Department, has caused a counterintelligence side effect [redacted] with the result that the extremists have delayed some attempts at fire bombing. These individuals now believe they are being watched constantly by police and hence are very cautious in steps toward violence.

(4) Developments of Counterintelligence Interest:

Re Bureau airtel to Albany, 3/4/68; Jackson letters to Bureau 5/29/68, 8/1/68, and 8/27/68.

QUARTERLY PROGRESS LETTER

There have not been any significant changes in the overall Black Nationalist Movement in the Jackson Division as is pertinent to the Counterintelligence Program.

I. OPERATIONS UNDER CONSIDERATION

The Jackson Division is evaluating the Black Nationalist activists in this division to determine if counter-intelligence operation recently mentioned in Bureau letter to Albany, 8/5/68, could be feasible and productive in this division. This operation involves developing source at local television station who would produce news special on Black Nationalists showing them in unfavorable light through interviews and related activity.

At present, Jackson is analyzing Black Nationalist personalities to determine individuals for possible targeting in this regard, due to illiteracy, obnoxious appearance and related points of weakness which could be highlighted and capitalized on by skillful newsman.

alleged Student Non-Violent Coordinating Committee (SNCC) [redacted]: letter, in text, was directed to [redacted] and Central Committee member and was written to imply [redacted] was source or informant of some Miss. law enforcement agency. Steps were taken to give appearance that letter, by error, sent to [redacted] when meant to be sent to [redacted]

Objective of letter was to discredit [redacted] in SNCC by implying he is an informant.

This above letter was prepared and sent to [redacted] on 8/27/68, using necessary precautions to insure letter could not be traced to Bureau.

III. TANGIBLE RESULTS

As of date of this letter, no tangible results yet determined re above letter; matter is being followed with sources to determine if any results evident and any positive results obtained will be reported to Bureau.

IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

The Jackson Division has determined that interviews of Black Nationalists and Black Nationalist sympathizers frequently have a beneficial result which could be considered of counterintelligence interest.

Jackson sources indicate that frequently individuals in the above categories become upset following FBI interviews for various reasons:

1) They did not know FBI had interest in them or knew of their activities;

2) They are not sure if their associates will believe that they told the FBI "nothing about nothing";

74

3) They feel subsequently that they are under a "spotlight" and constantly being surveilled, "finked on", and related self-conscious beliefs;

4) They are interested in knowing if each of their associates has also been interviewed, and if not, why they were singled out;

5) If they are borderline in their Black Nationalist support, the FBI interview frequently "startles" them into severing all Black Nationalist associations.

Whether or not [redacted] is co-operative in such an interview, it is the considered judgement of [redacted] that an adroit interview of [redacted] could serve a prime and most useful counterintelligence purpose by trying to enlist the co-operation of [redacted] by possibly "bringing to heel" or slowing down of any incipient potential of [redacted] or associates to gravitate toward or carry on any type of militant black activity among the Negro youth of Kansas City, Kansas. The Bureau, of course, is aware of developments both nationally and locally in recent months that many Negro adults and particularly Negro youth have indicated distrust or disenchantment with "old line" black and white leadership; this situation has been pointed up by a splintering in "old line" organizations, even the NAACP, and particularly in the development of apparently well intended and legitimate Negro youth groups to improve Negro conditions in various communities.

In any event an interview of [redacted] could imply a serving of notice upon [redacted] that any activities involving [redacted] raising questions in his community are known and followed in connection with [redacted]. In this job [redacted] influence and example to hundreds of Negro youths in Kansas City, Kansas, could be considerable.

It is noted that inquiry and knowledgeable sources to date do not definitely show that [redacted] is a black extremist or nationalist, a purveyor or teacher of hate, that he was responsible for obtaining, duplicating or distributing the specified hate-type literature, though he is indicated as a possible suspect, or at least possessing knowledge concerning the literature. Nor has there been any indication whatsoever that [redacted] has been involved in a racial disturbance, though he has participated in some peaceful demonstrations during the past three years and has undoubtedly felt something of a leadership complex in the Kansas City, Kansas Negro community.

An open inquiry as to the specified black-hate type literature is considered undesirable at this time, such as interviews of Negro employees in the EOF offices, including the principal EOF secretary on whose desk the hate-type literature was momentarily observed. Any open inquiry in all probability would have less productive possibilities than a first interview of [redacted] Such an open inquiry would undoubtedly become known to [redacted] immediately.

77

Moreover, confidential sources, mentioned hereafter, have implied that a careful, discrete inquiry might produce more effective results by discouraging any further questionable activity involving [redacted] and "The Brothers" restaurant.

Confidential source I has observed that his police Negro Community Relations officers work closely in sponsoring and supplying Negro baseball teams in the Kansas City, Kansas Police Community League; t[redacted] and possibly other associates of [redacted] in "The Brothers" restaurant are on these baseball teams, the purpose of the police sponsored league being to improve communication, understanding with Negro community youths of law and order.

[redacted], and a member of the executive board of EOF, Kansas City, Kansas, on 8/12/68, informed that he is well acquainted with [redacted] potential and actual influence in the Negro community, particularly among hundreds of Negro youths, and with [redacted] involvement in a few peaceful, well intended demonstrations during the past three years. [redacted] stated there is no specific indication or proof of any black extremist, hate-monger, agitator or group, in Kansas City, Kansas, including [redacted], and "The Brothers" restaurant.

UNKNOWN SUBJECTS;
BLACK - HATE TYPE LITERATURE,
OBSERVED 7/25/68 - KANSAS
CITY, KANSAS
RM

Confidential source I [redacted] who requested protection of identity) furnished on 8/9/68, a copy of the attached black - hate type literature, which had been observed 7/25/68, in the offices of the EOF, 1707 North 7th Street, Kansas City, Kansas. EOF is a Kansas corporation, funded by the OEO to carry on the poverty program in Kansas City, Kansas. EOF has had several directors, in its few years of operation, the present director being [redacted] a reputable Negro civic leader and [redacted]

78

Source said the literature came to his attention through a Kansas City, Kansas city official who had received a copy from an official of EOF, as the Mayor of Kansas City, Kansas is a member of the EOF board. Source has no information the literature originated in Kansas City, Kansas, and speculated it may possibly have been duplicated on a copy machine in Kansas City, Kansas; nor has source any information such literature was actually distributed in Kansas City, Kansas, or used in a "hate school or program".

Source speculated that [redacted] has knowledge of, or possibly sponsored the duplication and appearance of the literature in EOF offices, as [redacted] interested and involved in most civil rights complaints and protests of Kansas City, Kansas Negroes, particularly youths. Source sai[redacted] has been publicized at several meetings, along with other reputable Negro community leaders. Source has no information or knowledge that [redacted] actually preaches or has a propensity for violence, but states [redacted] has particular influence among the city's Negro youths because of his [redacted] sponsorship with a few [redacted] youths of "The Brothers" restaurant, a small operation adjacent to the EOF office building.

Source said the Kansas City, Kansas mayor, elected with Negro vote support, and EOF and police officials are familiar with [redacted] general activities, [redacted], and with [redacted] influence and apparent involvement with young Negro adults and youths in a few peaceful demonstrations. However, there is no specific evidence to date that [redacted] is a "black extremist", agitator or purveyor of hate with a propensity for violence.

Source understands that "The Brothers" restaurant is operated as a Negro youth self-help project in the Negro community by [redacted] and five or six associates of [redacted] namely [redacted] of the NAACP

79

Youth Council, Kansas City, Kansas, was mentioned in local news items about 6/18/68, according to source, in connection with the council's sponsorship of a press conference, cultural activities and a dance at a Catholic church, at the all Negro Sumner High School Auditorium and at Memorial Hall in Kansas City, Kansas, to celebrate "Black Cultural Revolution" week, 6/15 to 21/68. Source said the above named persons, except [redacted], were arrested 6/19/68, by Kansas City, Kansas Police as they peacefully blocked traffic in a crosswalk on Minnesota Avenue. Source understands the adult NAACP chapter had Negro [redacted] represent those arrested as it appeared the youths blocked traffic to generally protest conditions in the Negro community. [redacted] was reportedly observed, but not a participant in the area at the time of arrest.

Source said that on 8/4/68, [redacted] an EOF Board member, were spokesmen for about 35 young Negro adults who peacefully appeared outside the Wyandotte County, Kansas City, Kansas Court House the night of 8/4/68, from 10:00 p.m. to midnight, raising questions about the incarceration of a Negro male, age 21; that the demonstrators had apparently gathered at "The Brothers" restaurant with [redacted] and [redacted] before departing in automobiles for the Wyandotte County Court House.

Confidential source II [redacted] who requests protection of identity) [redacted], as follows: [redacted] In that employment, [redacted] is well known to the Negro community, particularly young Negro adults. Though [redacted] appears ambitious, with something of a leadership complex, [redacted] as are higher administrative officials of EOF, and would not be considered for a high administrative job with EOF according to source, as EOF's Board knows of [redacted] limitations. Source, who has known [redacted] and his life in the Kansas City, Kansas community since [redacted] elementary school years,

states [redacted] neither preaches nor has any known propensity for violence, but [redacted] feels and purports to represent frustrations of Negro youths, trying to improve their lot through self-help and determinism. Source said [redacted] reportedly has participated or been an observer in a few peaceful public protests.

Source said [redacted] a few weeks ago, [redacted] of "The Brothers" restaurant, adjacent to the EOF building as a Negro youth self-help project. Source named the same probable associates of [redacted] in operation of this restaurant as Source I. Though operation of the restaurant is sanctioned by EOF, EOF does not fund or supervise the restaurant.

Source said three of [redacted] apparent associates in the restaurant were hired three weeks ago by EOF as recreation supervisors on EOF Summer programs for youths in Kansas City, Kansas, namely [redacted]. However, only [redacted] continues to be employed in this Summer [redacted]

Source understands [redacted] is possibly a brother-in-law of [redacted], who was publicized several weeks ago as claiming to be a representative of the Student Non-Violent Coordinating Committee (SNCC) in Kansas City, Kansas.

Source said operators of "The Brothers" restaurant, including [redacted] have wide acquaintanceship and some influence with numerous Negro youths ranging in age from 15 to 24 in the Kansas City, Kansas community. Source speculated that in a crisis, their influence could either increase or decrease tensions in the community, depending on proper handling of these youths and their potential leaders.

With respect to the attached "Black Hate" type literature obtained from Source I, Source II said possibly

81

eight to ten copies of this literature were momentarily observed in a stack by the EOF Director on the desk of [redacted] in EOF offices, about 7/25/68.

After a cursory glance at the literature, the EOF Director observed to the secretary that such literature was not the type that should be in EOF offices. A few minutes later the Director observed the stack had been removed, but found a single copy on another desk and sent it by courier in a sealed envelope without comment to an assistant of the Mayor, Kansas City, Kansas, the Mayor being a member of the EOF Board.

Source indicated the EOF Director did not know the origin, or any detail of duplication or distribution of the literature. Source said the Director is not believed to have discussed his observation of the literature with others, and knows the director will not permit such literature or its duplication in EOF offices. Source said the director has speculated, apparently, that the literature could have been duplicated on one of three copying machines in EOF offices, possibly with knowledge of [redacted]

Source said no extremist or black hate type literature or propaganda has been distributed in Kansas City, Kansas, to source's knowledge, particularly by or through operators of "The Brothers" restaurant, or by anyone else, though a few local protest throw-away sheets have possibly been distributed by "The Brothers".

Source, who is well acquainted with most personalities and problems of the Kansas City, Kansas Negro community, and numerous other knowledgeable racial sources in Kansas City, Kansas, currently know of no black nationalist or extremist person or group in Kansas City, Kansas.

Reliable knowledgeable racial sources in Kansas City, Kansas, have previously informed that [redacted] has the reputation of being a "liar", and there has been no indication whatsoever, other than representations attributable to [redacted] that a SNCC group exists in Kansas City, Kansas.

[redacted], a prominent white businessman in Kansas City, Kansas, informed on 8/12/68, that [redacted] the EOF offices and the adjacent "The Brothers" restaurant. He said that about a month ago he

82

arranged to make available and lease to [redacted] EOF employee, "The Brothers" restaurant because he is interested in assisting young Negro adults to operate the restaurant as a self-help and self-determination project. He said though it was understood [redacted] would pay a rental of $125.00 per month for use of the building, no rental has been paid to date, and he does not intend to hold [redacted] strictly to the rental agreement as he desires to help [redacted] and Negroes within the community with the restaurant project. [redacted] has no information whatsoever adverse to [redacted] or associates

---

Should an interview of [redacted] be unsatisfactory, it is recommended that an inquiry be made among a few key Negro employees in EOF offices in an attempt to identify the source, duplication and any possible distribution of the attached black hate type literature, in either event to be followed by a letterhead memo, if appropriate.

It is noted that the copy of black hate type literature enclosed for the Bureau and Los Angeles contains a reference to "US" (possibly RON KARENGA's group at Los Angeles).

Both the Bureau and Los Angeles are requested to immediately advise the Kansas City Office if the enclosed literature appears identical with or similar to black hate type material distributed by "US".

There is no such thing as individualism, we're all Black. The only thing that saved us from being lynched like Emmett Till or shot down like Medger Evers was not our economics or social status, but our absence.

The white boy is engaged in the worship of technology; we must not sell our souls for money and machines.

A Nationalist has a love of the people and values of his nation.

Cultural background transcends education. Having a scope is different from having a content.

We must address ourselves to needs, not desires. When we fill our concrete need then we will talk about desires.

Membership in the Black community requires more than just physical presence.

In terms of histroy, all we need at this point is heroic images; the white boy got enough dates ofr everybody.

US is a cultural organization dedicated to the creation, recreation and circulation of Afro-American culture.

Perhaps the teachings of US are harsh but it's better to work with hard facts than to play with pleasant but unproductive dreams.

A value system has three functions: it gives some predictability of behavior, it is an ultimate authority and it serves as a means of security.

If we could get a nigger to see how worthless, unimportant, ignorant and weak he is by himself, then we will have made a contribution.

I reject individualism for I am of all Black men. I am Joe the share-cropper, John the janitor and Mose the miner. When they catch hell, I catch hell!

The white man is a conglomeration of the Black man's contradictions.

The only real things Negroes produce are problems and babies.

Nationalism doesn't come in a day, it doesn't come in a week, or a month, not even a year it takes a lifetime.

If by primitive you mean more natural, we need to be more primitive.

The Negro is made and manufactured in American.

Other people's approach to the problem is necessary but not sufficient. Our approach, the cultural approach, is both necessary and sufficient.

All Negroes want to be capitalists-and ain't none of them got any capital.

A Nationalist should be a man who saves his brothers from a leaking boat. But he should also teach them how to save themselves by being good swimmers.

The Negro works on a two-fold economy: he buys what he wants and begs what he needs.

Nationalism demands study. Show me a true Nationalist and I'll show you someone who studies.

The fact that we are Black is our ultimate reality. We were Black before we were born.

The white boy was teaching reverse racism when he taught us to hate ourselves.

Why is it so difficult for Black people to say I got this from Malcom, I got this from Frederick Douglass, I got this from Muhammad? Why is this so difficult? We quote Shakespeare, Sartre, Camus. We quote everybody but Black people.

We're not for isolation but interdependence-but we can't become interdependent unless we have something to offer.

The difference between training and education is that in training you can't do anything by yourself; in education you can take that which you've learned and apply it to concrete needs.

Blacks must develop their own heroic images. To the white boy, Garvey

was a failure-to us he was perfect for [illegible]

boy Malcolm X was a hat[illegible] teacher-to us he was the highest form of Black Manhood in his generation.

We can live with whites interdependently once we have Black Power.

If you know you are Black then your purpose is to build Black.

We say Negroes are suffering from "mass insanity." Any man who burns his hair, bites his lips, or bleaches his skin has got to be insane.

Nationalism is not merely a response to white oppression, but a need for Black people to come together,

We must free ourselves culturally before we succeed politically.

Socially speaking, we want our effects to be collective or more clearly communal rather than collective. For, to be communalistic is to share willingly, but to be collectivistic is to force to share, which is a European concept.

You have to make a distinction between history writers and historians. History writers write what the power structure dicates. Historians create concrete images. Therefore Blacks must be their own historians and develop their own heroic images and heroic deeds.

All Nationalists believe in creativity in opposition to destruction. And a Nationalist must create for the Nation.

The purpose of a Nationalist should be to build and make the Black Nation eternal.

We say Blackness is three things-color, culture and consciousness.

Money is not the answer to the problem unless we have a value for spending it. There are some Negro millionaires but they ain't benefiting us. WHY? No values.

US doctrine is a shield to protect you, a weapon to attack with and a pillow of peace to rest your head on.

The Seven-fold path of Blackness is to Think Black, Talk Black, Act Black, Create Black, Buy Black, Vote Black, and Live Black.

86

To go back to tradition is the first step forward.

Nationalism in its primitive stage uproots people without giving them an alternative. We never take away what we can't replace and improve.

We must institute holidays which speak directly to the needs of Black people.

Nationalism is a belief that Black people in this country make up a cultural nation.

A cultural nation is a people with a common past, a common present and, hopefully, a common future.

Our society may be American, but our values must be Afro-American.

Yesterday we thought we were Negroes. Today we know we are Black men but we still have some Negro hang-ups.

We stress culture because it gives identity, purpose and direction. It tells us who we are, what we must do, and how we can do it.

If we can wear a French beret, a Russian hat and Italian shoes and not feel funny, we should be able to wear an Afro-American Buba.

Man is only man in a philosophy class or a biology lab. In the world he is African, Asian or South American. He is a Chinese making a cultural revolution, or an Afro-American with soul. He lives by bread and butter, enjoys red beans and rice, or watermelon and ice-cream.

No man is any more than the context to which he owes his existence.

Blacks can't be truly creative until they have a cultural context to create out of.

Culture is the basis of all ideas, images and actions. To move is to move culturally, i.e., by a set of values given to you by your culture.

The seven criteria for culture are:

1. Mythology
2. History
3. Social Organization
4. Political Organization
5. Economic Organization

6. Creative Motif
7. Ethos

Negroes have been copying white culture so long and are so mixed-up from doing so, they think it's theirs.

We don't borrow from Africa. We utilize that which was ours to start with.

Culture provides the bases for revolution and recovery.

To talk Black is to start talking "we" instead of "me".

REVOLUTION

The revolution being fought now is a revolution to win the minds of our people. If we fail to win this we cannot wage the violent one.

Sometimes brothers get so hung up in the myth of revolution that they talk about brining America to her knees and can't even wipe out one police station.

A revolt is an attempt to overthrow the system; while the revolution is the complete overthrow of that system.

A lot of brothers play revolutionary; they read a little Fanon, a little Mao and some Marx. Although this information is necessary it is not sufficient for we must develop a new plan of revolution for Black people here in America.

You can't fight a revolution on a local level. It has to be fought through a national struggle.

We must fight for the right of self-determination, race pride and the pursuit of Blackness.

The only thing that will make us invincible is for us to fight-to fight for our freedom and not our personal selves-to fight to get back the freedom we lost in 1565.

Negroes who envy leaders who have an education don't understand revolution. Mao had an education; Nkrumah had an education; all people who have waged revolution have had an education. But the thing that keeps

The more you learn, the more resentful you are of this white man. Then you see how he's tricking your people, emasculating your men, raping your women and using his pwoer to keep you down.

The white boy has been waging a race war ever since he has been here. Now that we plan to retaliate he calls us racists.

Blacks live right in the heart of America. That is why we are best able to cripple this man. And once we understand our role we won't talk revoultion, we'll make it.

The white boy knows if he moves against us he moves against himself. If he drops an A-bomb it's got to get some of them. If he drops poison gas the wind might change and it will go to his neighborhood.

When the word is given we'll see how tough you are. When it's "burn", let's see how much you burn. When it's "kill", let's see how much you kill. When it's "blow up", let's see how much you blow up. And when it's "take that white girl's head too", we'll really see how tough you are.

Whenever Blacks revolt, white people use any issue but racism as the cause.

The sad thing about revolution is that the strong brothers will be moved on first. It will be the dead brother who wakes up who will continue the revolution.

We are revolutionists. We believe in change. We believe in being realistic, but as for reality, we have come to change it.

We cannot have a revolution without direction, and that direction can only come through an ideology developed for our own situation.

To play revolution is to get put down.

We are the last revoluntionaries in America. If we fail to leave a legacy of revolution for our children we have failed our mission and should be dismissed as unimportant.

Revoultion to us is the creation of an alternative.

There must be a cultural revolution before the violent revolution. The cultural revolution gives identity, purpose and direction.

We must gear the money going from the church to the support of the revolution. Revolution cannot succeed without finance.

No revolt is isolated. When Blacks revolt in any section of the country it is an expression of the entire nation of Afro-America.

The American revolution is sacred to whites, and Black revolts are absurd to us.

If we fight we might be killed. But it is better to die a man than to live like a slave.

Black people must understand history and learn how [illegible] we can evolve our own theory or revolution.

There are two kinds of violent movements. The first is [illegible] violence and the second is pre-emptive violence which is [illegible] against the enemy if you know the enemy is going to [illegible] you.

We say with Touré that for us there [illegible] no workers, no teachers; there is only [illegible]

I remember my mother [illegible] to tell me [illegible] you. I didn't know that in all the cops [illegible]

He who convinces others appears to be [illegible] who convinces himself is together.

We have to believe without reservation in our struggle, because there is so much we don't understand.

Failure is not bad in itself, only refusing [illegible] African proverb says "to stumble is not to fall, but to go forward."

We as Black people must assume our "role" and our "place" [illegible] must determine our own destiny and we will not be assigned [illegible]

We say that practice is better than theory, for we do not need any more ideas. If we could just practice the ones we have now we could answer the need of our struggle.

Taking general truisms is necessary but not sufficient. To say the white man is the devil is not enough. What are we going to do about it?

If we can't agree on who we are, then we can't agree on who our opposition is.

Sometimes a man moves by reason, but most of the times he moves by emotion. That's why we say that the first commitment is an emotional one.

Under the tactics of non-violence, politics have not become more moral. On the contrary, morality has become more political.

Violence in itself without consideration for time or circumstances is as inadequate as non-viloence.

Non-violence gives the white man a license to destroy wherever and whenever he wishes.

As for the pacifist-you can't tell me you love your brother if you teach him a philosophy which will ultimately lead to his destruction.

Black people need a revoluntionary school where we can be educated rather than trained.

The Negro is like the rat on a cylinder. The rat is running but he ain't going nowhere. He's got to keep running just in order to stand still!

It was necessary and revolutionary for the Muslims to come saying the white man is the devil because the Negro thought he was "God."

The emphasis on white oppression is no longer sufficient; we must also begin to praise Black achievement.

We must make warriors out of our poets and writers. For if all our writers would speak as warriors our battle would be half won. Literature conditions the mind and the battle for the mind is the first half of the struggle.

We must not be so busy showing our superiority as Nationalists that [illegible] leaves before we do.

We have an advantage in that the white boy doesn't take us seriously.

The problem is neither does this Negro.

We must tell Blacks they are great and then make them so.

We have come to undermine the myth of white superiority.

Only thing non-violence proved was how savage whites were.

Racist minds created racist institutions. Therefore we must move against racism, not institutions. For even if we tear down the institutions, that same mind will build them up again.

The Black pacifist will have to give up his love for philosophy in order to satisfy his people's need for security. For phrases and formulas, quotes, and quips, are poor protection in the street, or even at home, against bombs, bullets and beast-like men.

The white man tricked us into fighting to be given civil rights when all along we should have been fighting to exercise human rights. For human rights cannot be given, they can only be exercised.

If we can anticipate history, then we can make it.

We must not ask anything from the world but take something to it. We are not here to be taught by the world, but to teach the world.

RACIAL INTELLIGENCE

Re Memphis letter to Bureau dated 5/22/68.

90-DAY PROGRESS LETTER

I. COUNTER INTELLIGENCE OPERATIONS UNDER CONSIDERATION

a) Efforts are continuing by the Memphis Office to place in contact with black power groups at Memphis Negro males who have expressed a willingness to infiltrate the local black power organization at Memphis, Tennessee. In addition, existing Negro informants who have previously reported information regarding NOI activities and other ghetto sources have been contacted and efforts are being made to have these individuals infiltrate the local black power organization known as Black Organizing Project (BOP).

b) Consideration is being given to expanding the policy of contacting responsible leaders of various Negro organizations at Memphis and advising them of the activities and dangerous potential of this Black Organizing Project at Memphis, Tennessee. As set forth hereinafter this counterintelligence operation has been highly successful on the limited scale in which it has been employed at Memphis, Tennessee. It is hoped that such a program of contacting responsible Negro leaders in the various Negro organizations at Memphis will result in the discontinuance of funding by various Negro organizations of the Black Organizing Project, a black power group at Memphis, Tennessee.

c) The Memphis Office continues to maintain daily contact with the Intelligence Unit of the Memphis Police Department and is furnishing all information which might be of value to the Memphis Police Department regarding the activities of individual members of the BOP at Memphis, Tennessee, and the aims and activities of the BOP as an organization. This close liaison has resulted in the arrest of over seven members of BOP at Memphis, Tennessee, during the last 90 days. The furnishing of intelligence information of this nature has resulted in a closer cooperation between the Memphis Police Department and the FBI and has enabled the Memphis Police Department to combat black power extremists in a more successful way.

d) Based on the success to date as set forth hereinafter of the limited divulgence of intelligence information regarding black militant activity at Memphis, Tennessee, to a trusted newspaper source of the Memphis Office, this type of counterintelligence activity is contemplated being increased. By the use of this counterintelligence activity of furnishing to local newspaper sources information regarding local black power activities, numerous articles have been written discrediting the BOP at Memphis, Tennessee. In view of the fact that this information has been furnished to local newspaper sources resulting in no embarrassment to the Bureau and no leak as to the source of this information, the Memphis Office contemplates increasing the amount and scope of the information furnished to these newspaper sources.

II. COUNTER INTELLIGENCE OPERATIONS BEING EFFECTED

a) Interview Program

The Memphis Office is continuing the interview program, making an effort to interview all members of or sympathizers with any black power organization at Memphis, Tennessee. While to date, no informants have been developed as a result of this interview program, it is known that numerous sympathizers of the BOP at Memphis, Tennessee, have discontinued their association and support of this organization as a result of this interview program.

94

Information has been received from [redacted] at Memphis, to the effect that the FBI's interview program of his people" has resulted in curtailing of income to the BOP and the curtailing of new recruits into his organization.

b) Planned Failure to Interview Known Members of Black Power Organizations

Several of the minor members of the BOP who would logically be interviewed have not been interviewed and this has resulted in a growing suspicion on the part of the members of BOP against these individuals who have not been interviewed. Information has been received indicating that the BOP membership presently considers two of their members as possible police or FBI informants, based on the fact that these two individuals have not been interviewed by the FBI.

c) Furnishing of Information to the Memphis Police Department

The Memphis Office, as mentioned above, is continuing to furnish information regarding BOP leaders and activities at Memphis, Tennessee, to the Intelligence Unit of the Memphis Police Department. This has resulted not only in increased control and policing of the black militants at Memphis, Tennessee, but has improved the relations between the Memphis Police Department and the local FBI Office and has resulted in the FBI's receiving a great deal of information of value developed by the Memphis Police Department regarding the black nationalist movement at Memphis, Tennessee.

d) Leaking of Information to Trusted Liaison Sources and Newspaper Sources

A great deal of information has been furnished to trusted reporters of the local daily newspapers regarding the militant aims and purposes of the BOP at Memphis. This is being expanded due to the success of this operation.

95

e) The Memphis Office is making known the identity of black militants who are enrolled at the various universities at Memphis, Tennessee, to trusted and reliable sources at these various universities. This has enabled these various universities at Memphis and Nashville, Tennessee, to better control demonstrations on these campuses and has resulted in an increase in information to the FBI regarding these individuals enrolled at these universities.

III. TANGIBLE RESULTS OF COUNTERINTELLIGENCE OPERATIONS

The interview program is effective based on information received and has been a disruptive agent in BOP activities in the Memphis Division. The deliberate planned failure to interview certain members of this militant organization has also proved to be of value inasmuch as information has been received indicating that members of the BOP are suspicious of two of their own people as possibly being FBI informants based on the fact that they have not been interviewed by the FBI.

The furnishing of selective information to the Memphis Police Department has resulted in the arrest of several BOP members at Memphis, Tennessee. It has also corroborated information received by the Memphis Police Department Intelligence Unit through their own informants and has enabled both the Memphis Police Department and the Memphis FBI Office to more effectively control and check on all sources of information in the racial field.

The most notable success in the counterintelligence program in the Memphis Division has been as a result of information furnished to trusted local newspaper sources. A series of articles has been written concerning the Black Organizing Project (BOP) at Memphis, Tennessee. Based on information furnished by the Memphis Office, these articles have been able to point out the true militancy of this organization and has proved to be a discrediting factor of this black power organization.

96

IV. DEVELOPMENTS OF COUNTER INTELLIGENCE INTEREST

There has developed at Memphis, Tennessee, during the past 90 days a new black militant organization known as the Black Knights and investigation of this new militant organization is being conducted by the Memphis Office. At the present time, these investigative efforts have resulted in the development of a highly placed informant on the Executive Board of this new black power organization and will ultimately result in the identity of all members of this organization at Memphis, Tennessee.

The primary black militant organization at Memphis remains the Black Organizing Project (BOP) which is composed of 5 cells, which are known as the Afro-American Brotherhood (AAB), Black Student Association (BSA), LeMoyne Intercollegiate Chapter of the NAACP, Invaders, and City Organizers. This group, which has received Federal funds under the War on Poverty Committee (WOPC), sponsored by the Office of Economic Opportunity (OEO), during this past summer at Memphis, Tennessee, has hopes of continuing funding either by the Federal Government and/or by private foundations. The newspaper publicity afforded this Black Organizing Project (BOP), as a result of information furnished to the local newspapers by the FBI, has resulted in several of the black militants at Memphis, Tennessee, being fired from their positions with this WOPC. It is hoped that enough information can be furnished so that newspaper articles may be written reflecting the militancy of this BOP which will result in the discontinuance of their funding by the Federal Government.

The Memphis Office is remaining alert for any opportunity to disrupt or discredit the black militant organization known as BOP at Memphis, Tennessee, and the Bureau will be kept advised of all developments in this matter.

Re Bureau airtel to Albany 3/4/68 and New Orleans letter to Bureau 7/15/68.

BLACK NATIONALIST ORGANIZATIONS

The only overall change in the Black Nationalist Movement in the New Orleans Division since the submission of referenced New Orleans letter is that the Student Non-violent Coordinating Committee (SNCC), has rented office space at 2203 Dryades, New Orleans. This space is located on the second floor and consists of two rooms at a cost of $60 per month. This office is open on a part-time basis periodically for a few hours every few days. Informants advised that as yet SNCC has not undertaken to recruit members nor to institute a program. Information received indicates that attempts to activate this chapter will possibly begin following the Third National Conference on Black Power to be held 8/29/68 - 9/2/68 at Philadelphia.

I. OPERATIONS UNDER CONSIDERATION

New Orleans has had under consideration for possible submission for Bureau approval suggestions in ways to keep the various Black Nationalist groups and individuals in New Orleans from joining together in a coalition to form a united front. No further action has been taken on these suggestions inasmuch as information from informants indicate

that no attempts to form any type of a coalition are being made by these groups and, in fact, these Black Nationalist groups appear to becoming more and more separated from each other, as each appears to be jealous of the other's "sphere of influence" in the black community.

II. OPERATIONS BEING EFFECTED

At the present time, this office is in the initial stages of its interview program of local Black Nationalist leaders and members.

New Orleans has also instructed its informants to be constantly alert for any information indicating that any Black Nationalists in the New Orleans area are users or in possession of narcotics or in violation of any other local laws. This information when it is received is brought immediately to the attention of the Intelligence Unit of the New Orleans PD, who in turn furnishes it to the New Orleans PD Narcotics Bureau or appropriate division in the department.

III. TANGIBLE RESULTS

It is too early to evaluate the results of our interview program. As this interview program progresses, any tangible results will be furnished to the Bureau.

In regard to the other information under item two above, an informant of the New Orleans Division in 5/68 provided information that several members of SNCC from Los Angeles were in New Orleans to attend the trial of H. RAP BROWN and were in the possession of marijuana. As a result, the New Orleans PD arrested these four individuals and charged them with the possession of narcotics, among other things. These individuals were incarcerated in jail in New Orleans for the greater part of BROWN's trial, and, therefore, their activities in New Orleans were neutralized. Although the charges against these four were subsequently dismissed, these individuals at the time of their release were instructed by local judge to leave New Orleans immediately, which they did.

In the case of [redacted] a local New Orleans Black Nationalist, a source reported in the past that [redacted] was a user of marijuana. As a result, the New Orleans PD arrested [redacted] and he is subsequently out on bond and his case is still pending.

IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

In regard to [redacted] mentioned above, local authorities have been successful in neutralizing this individual to a great extent. This was accomplished through the efforts of the Community Relations Division of the New Orleans PD. This division works among the Negroes primarily in the ghetto areas of New Orleans, and officers of this division have been able to neutralize [redacted] by insinuating that [redacted] is assisting them, thus, giving [redacted] a "taint" of cooperating with the police.

Re Richmond letter to Bureau, 5-31-68 and Bulet to Albany, 8-5-68.

Information has recently been developed to the effect that a group called the Council for Cultural Consciousness is believed to exist in the Richmond, Va. area. It appears that this group is primarily a study group which focuses its attention on the study of black history and culture, and whose members seek to identify themselves with Africa by promoting the wearing of African dress and African bush hair styles.

Richmond is investigating to determine the existance of this group and, if it does exist, whether this group is a militant black organization.

Richmond is continuing its efforts to identify militant black organizations and/or individuals within its territory and should positive results be achieved, Richmond will propose appropriate counterintelligence operations for Bureau approval.

RACIAL INTELLIGENCE

Re Bureau airtel to Albany dated 3/4/68; and Pittsburgh letter to Bureau dated 6/24/68.

There have been no significant changes in the overall Black Nationalist Movement since submission of referenced Pittsburgh letter.

1. Operations Under Consideration

It was learned on 8/23/68, that the University of Pittsburgh, Pittsburgh, Pa., was financing the attendance of ten members of the Black Action Society, a campus approved student organization, to attend the Third National Conference on Black Power to be held at Philadelphia, Pa., 8/29 - 9/1/68. This appears to be an excellent counterintelligence target in view of the fact the University of Pittsburgh is a state related school using state funds and other campus approved organizations are not known to have received similar financial assistance. The propriety of using state funds for such a purpose appears questionable. It is realized that a counterintelligence operation involving this matter will not be in sufficient time to prevent or affect attendance of these individuals at the Black Power Conference; however, it is considered possible for a counterintelligence operation being effective in preventing use of school funds in the future for a similar project.

[redacted] Head of the United Black Front in Pittsburgh, Adult Advisor to the Organizers and an Agitator Index subject, is publicly known as a Black Nationalist [redacted], and it is being considered that an avowed Black Nationalist [redacted] could be a logical target in a counterintelligence operation, probably by use of a "letter to the editor" to a local newspaper.

Bureau authority will be requested by separate communications for any counterintelligence efforts in regard to the above matters.

2. Operations Being Effected

Efforts continue to locate public source data concerning The Organizers to be sent to [redacted], United States Steel Corporation, Pittsburgh, who has been reliably reported to financially aid the Organizers.

Contact is maintained with the source in the Mellon Foundation, Pittsburgh, which receives requests for financial grants from various groups and organizations, including Black Nationalist Groups. Success involved with utilizing this source is set forth under Item 3 in this letter.

A counterintelligence operation aimed at use of Presbyterian Church funds in irresponsible racial projects continues and results of this effort are being set forth under Item 3 in this letter.

3. Tangible Results

In connection with previous Bureau approval to conduct a counterintelligence operation, to attempt to prevent Unity, Inc., from receiving a $150,000 grant from the Mellon Foundation, a source at the Mellon Foundation was utilized. Unity, Inc., did not receive a grant from the Mellon Foundation although [redacted] one of the founders of Unity, Inc., received a Mellon Foundation Grant of $33,000 and it is considered possible that some of this money was utilized by Unity, Inc. It can be stated with certainty that Unity, Inc., did not receive a grant from the Mellon Foundation because of this counterintelligence operation.

Unity, Inc., is now defunct and has been replaced by an organization known as Forever Action Together (FAT). The same individuals are involved with FAT as were involved with Unity, Inc. To date FAT has not requested a grant from the Mellon Foundation, although it is expected it will do so. The source at the Mellon Foundation is aware that FAT is the successor to Unity, Inc., and that the same individuals are involved.

Prior Bureau authority was granted to utilize a Racial Liaison Source in a counterintelligence operation designed to curtail use of Presbyterian Church funds in irresponsible racial projects which are actually worsening racial conditions and possibly contributing to the threat of racial violence. This effort has been moderately successful in that it is known three individual Presbyterian churches have refused to further financially support Pittsburgh Presbytery until some reason is applied to the use of church funds in racial matters. While the number of churches influenced to date is small, it is considered the ultimate effect of this effort will be very beneficial.

4. Developments of Counterintelligence Interest

[redacted] Agitator Index subject, and an unspoken advocate of militant violence in the past, was almost singlehandedly responsible for the removal of a Planned Parenthood Association (PPA) Office in the Homewood-Brushton Section of Pittsburgh, a predominately Negro area. [redacted] accused the PPA of black genocide, referred to PPA efforts as "death in a douche bag" and reportedly threatened riots and bombings if anyone tried to operate a birth control project in the area. A group of about seventy Homewood-Brushton women banded together and publicly opposed [redacted] and his position on the PPA and stated that [redacted] did not speak for the women of the area. Under the female onslaught, [redacted] backed down and the PPA returned to Homewood-Brushton.

I. SUMMARY OF CHANGES SINCE REFERENCED LETTER

The most significant change in the Black Nationalist Movement in South Carolina during June, July and August, 1968, is the almost complete lack of activity on the part of the members of the Black Nationalist Movement. As has been indicated in the past, the Black Nationalist Movement in South Carolina is concerned primarily with students attending colleges and universities in South Carolina. Since the close of schools the first part of June, 1968, there has been very little activity on the part of Black Militants.

There is one exception to the above statement, a new group of the Black Awareness Coordinating Committee, (BACC), has been formed in Greenville, S. C. This group is not connected with an educational institution but was formed by [redacted], a former student and member of BACC at South Carolina State College, Orangeburg, South Carolina. This group has not engaged in violence at the present time. Columbia has infiltrated this group with an informant and is keeping current on the activities of this group of BACC.

II. OPERATIONS UNDER CONSIDERATION

1. The NOI in Columbia continues to build its new Mosque, however, it is being constructed primarily with NOI labor and is moving very slowly. It appears it will be six months or more before it is completed.

Columbia is following this construction very closely and at an appropriate time will recommend that city building inspectors be contacted so that they can inspect this building to insure that all codes are being complied with. Since the building is being constructed primarily with NOI labor it is believed that numerous violations will be found which will be costly and time consuming to the NOI.

2. Automobile license numbers of Black Militants in South Carolina have been obtained and it has been found that only two or three individuals actually have automobiles of their own. In view of the lack of activity during the summer months it is not believed that these license numbers should be turned over to the local law enforcement at this time. This matter is being followed closely and at the appropriate time the Bureau will be requested to approve the plan for furnishing these license numbers to local law enforcement agencies so that the drivers can be harassed when they commit traffic violations.

3. Bureau authority has been requested to approve [redacted] as confidential racial sources. [redacted]

Information has recently been received by the Columbia Division that an effort will be made to form Black Militant Groups at high schools in the Columbia area this coming year. [redacted] and the suggestions will be made to the Bureau to utilize their services in controlling the activities of the militant leaders [redacted]

4. It has been recently learned that [redacted] is heavily in debt to individuals in the Columbia area. She is presently residing in New York City and it has been reported that she may be posing for pornographic pictures in order to obtain funds. Columbia and New York are conducting investigation to locate [redacted] and determine whether or not the above is true. If it is true, Bureau authority will be requested to utilize this information in causing embarrassment to the leaders of the Black Nationalist Group.

III. OPERATIONS BEING EFFECTED

There has been no change in the status of the automobile accident in Ohio involving a car rented by [redacted], the details of which are set forth in referenced letter. The suit is still pending.

The Black Militants in South Carolina have been involved in the use of a fictitious telephone credit card. The Security Unit of the Southern Bell Telephone and Telegraph Company and Agents of the South Carolina Law Enforcement Division have investigated this matter and they feel that they might possibly bring suit against three or four members of the Black Nationalists Movement including [redacted]. One result that has been accomplished by the investigation is that there have been no telephone calls made by the Black Militants using fictitious credit cards since approximately June, 1968, when their investigation began.

IV. TANGIBLE RESULTS

There have been no tangible results since referenced letter. As is indicated under first caption of this letter this is primarily because there has been no activity on the part of the Black Nationalist Movement in South Carolina during the past three months.

V. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

There have been no developments since referenced letter.

Re Miami letter, 5-31-68.

The following is a summary of activities under this program by the Miami Division since relet:

I. OPERATIONS UNDER CONSIDERATION

A. The Miami Office is currently conducting an interview program of local Nation of Islam (NOI) officials and members. Based on these interviews, Miami is considering a program whereby during some interviews indication will be discreetly given to the persons interviewed that other specific individuals previously interviewed had cooperated with the FBI.

B. Information has been developed that the Assistant Captain of Mosque #29 of the NOI has recently married without obtaining a divorce from his previous wife. Investigation is being conducted in an attempt to verify this and if such is verified, Bureau authority will be requested to use this information under this program.

II. OPERATIONS BEING EFFECTED

No current programs are pending within the Miami Division in this matter.

III. TANGIBLE RESULTS

The Bureau has been advised by separate communication of the favorable results received from the TV program which was produced under captioned matter. Tapes of this program have been made available by WCKT-TV, Miami, to local civic organizations for their use.

The Bureau has also been advised of some of the statements made by JAMES RUSSELL AGUT, who was interviewed during this program. AGUT expressed his displeasure in the program as it was shown on TV.

The August, 1968, edition, Volume 1, #6, of "The Libertarian Watchdog", an underground hippy-type newspaper published in Miami, Florida, contained an article by its editor-publisher, ROBERT E. SCHWARTZ, who also was interviewed on this TV program. SCHWARTZ complained he was interviewed in a friendly, relaxed manner by an employee of the TV channel whereas the questions were turned around and the interviews edited to show them in a very unfavorable light. He also complained that the quotations by Director J. EDGAR HOOVER at the end of the program were presented in a much stronger light than were the interviews. SCHWARTZ indicated he desired in the tradition of "fair play" prime TV time so that a program may be presented in rebuttal to this program.

IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

BLACK STUDENT UNION

A conference was sponsored by the Black Student Union at San Francisco State College, San Francisco, California, April 11-14, 1968. It was called the Western Regional Alliance, Black Student Conference and was touted as a method of learning to build the community constructively and improving conditions of living.

In reality, participants discussed revolution and sabotage. An illustration of the true nature of the conference is contained in the publication "Black Fire." Distributed at the conference, this publication urges guerrilla units be formed to act against "white racists pigs." The cover of this publication contains a drawing of a man in African dress carrying a book called "Black Studies," but in the other hand he is carrying an automatic rifle. A copy of the pertinent portions of this publication is attached.

Many of the students who attended this conference were able to do so because of funds furnished by their colleges. They came from numerous colleges on the West Coast. The colleges were apparently unaware of the true extremist nature of this conference.

Re Kansas City letter dated 8/19/68 with above dual caption.

For the completion of Bureau files in this matter, there are attached copies of an article dated 8/19/68 from the Kansas City Times, daily newspaper of Kansas City, Missouri.

Page 6 of referenced Kansas City letter refers to NOEL NEWSOM. NEWSOM is identical with the NOEL NEWSOM mentioned in the attached Kansas City Times article. NEWSOM is identical with the subject of Kansas City letter dated 8/21/68, captioned "NOEL DE FOE NEWSOM, RACIAL MATTERS" submitted with closing letterhead memorandum to the Bureau.

It is noted that GEORGE RICHARDSON III, author of the attached Kansas City Times article, a white male, age about 25, a Times news reporter in Kansas City, Kansas, has written several news articles since 1965 involving NEWSOM; since RICHARDSON has an "ear and voice", both sympathetic to NEWSOM as a source for RICHARDSON's writings, no contact has been had or is contemplated with RICHARDSON.

ONE COPY AND COPY OF ENCLOSURE

[redacted], an established contact, and the "news source" referred to on page 1 of the above-mentioned letterhead memorandum, 8/21/68, on NEWSOM, is skeptical of NEWSOM as a reliable source for RICHARDSON's "news stories". However, [redacted] approves occasional publication of RICHARDSON's stories, based on NEWSOM as a source, though [redacted] realizes and opposes NEWSOM's exploitation of publicity, through RICHARDSON, in the Times (and Star).

RICHARDSON's words, in the attached article, do not reflect a "black nationalism" in an "extremist", "exclusionistic", or "violent" sense, but do suggest that the new approaches, in Kansas City, Kansas by a few young Negro adults, "on their own" with limited experience (and maturity), could under misguided influence take some impetuous or wrong turns (e.g. the arrests and demonstration, mentioned on page 5 of referenced Kansas City letter, 8/19/68).

It is noted that Negro Kansas State Senator GEORGE HALEY, a reputable attorney in Kansas City, Kansas, who is mentioned on page 5 of referenced Kansas City letter dated 8/19/68 to the Bureau in instant matter, is generally known in Kansas City, Kansas as the brother of ALEX HALEY, who actually co-authored the "Autobiography of Malcolm X", whose picture appears in the attached news item.

Black 'Brothers' Share Dream

By George Richardson III
(A Member of The Star's Staff)

A NEW breed of businessman is on the Kansas City area scene. He is new at his trade and without training. But his venture represents something more than profits and margins. It represents a dream of power and more.

The businessmen: Four young Negroes. The venture: The Brothers International, a hamburger, black art, protest-poster and occasional clothing shop at 1701 North Seventh street, Kansas City, Kansas.

Dream of Expansion

Although the operation isn't a month old yet and is barely paying its own way—although the operators don't have three months business experience among them—they are already thinking of expansion: Perhaps 20 or 25 operations ranging from car stereo shops to grocery stores, all owned in interlocking fashion by "young cats society has said can't make it."

Brothers is the brainchild of Fred Johnson, co-ordinator of the Wyandotte County Economic Opportunity Foundation's neighborhood action groups.

Says Johnson: "I decided that the days of meaningless rhetoric about black people's problems was over."

What is meaningful to Johnson and his partners is money. Not just money to line their pockets, but money for financing the business idea of yet another brother.

Appeal to Black Market

For black power economics in its simplest form has replaced meaningless talk for them. Under that philosophy, each business will hire blacks, it will concentrate on first cornering as much of the black trade as possible. As profits materialize, money will be made available for financing still other ventures.

But none of the brothers—neither Johnson, Henry Davis, Neel Newson nor John Doyle—had the several thousand dollars needed to start the first operation.

And Johnson said well-heeled Negroes were reluctant to supply the finances ". . . because they looked upon the participants in the operation as irresponsible agitators."

Rather, the money came from affluent white liberals in Johnson County—a source the brothers made no effort to hide, despite their adherence to the black power and black nationalist concepts.

Neither philosophy, they explain, is exclusionistic.

"As we interpret black nationalism," Johnson said, "black people are in love with a nation. But they also find that this nation is, to a large degree, corrupt and tainted with racism.

"Black people are saying, and these young people are saying, 'We want to engage ourselves in a program to redeem one section of this country and to resurrect the other, resurrect black people and redeem other people by creating the atmosphere where there can be a coalition between the two races.'"

The brothers contend that "it's asinine, it's stupid to think that anyone can build a black nation without the help of white people, because the expertise, the wisdom, the judgment is there in the white community."

That there needs to be a black community, a black nation, is obvious to the young men. For integration—transformation is the term they prefer—cannot take place until a black community has something to offer that the white community wants—namely, economic viability.

And so Jesus is black in the abundance of art lining the walls. A king-sized poster of Malcolm X stares from the back of the room. Rap Brown peers from a poster over which a set of jail bars are superimposed. There is a picture of a Ku Klux Klan billboard. Buba jackets, billowy overshirts in African prints made by young black women, are displayed.

Like the hamburgers and soft drinks that pass continually over the counter, the Buba jackets and many of the posters are for sale. A start, the brothers hope, toward building a kindred feeling among blacks—a prerequisite for building a self-supporting black community.

The organization JOMO is headed by one [redacted] who has been arrested for destroying a mural in the City Hall at St. Petersburg, Florida, and most recently arrested for spitting on a police officer [redacted] has told our Agents that a "black revolution is imminent and all white people will die." [redacted] called the Director "one of the biggest racists in the United States" and claimed the FBI is responsible for the death of Senator Robert Kennedy. [redacted] has said he wants to teach Negro children his philosophy of hating white people. His organization claims it has a secret "Mau Mau" (terror) squad. We concur with Tampa that this organization should be publicly exposed. Recently Miami Division was authorized to assist a television station in exposing black nationalist extremists and excellent results were obtained. This operation should also serve to neutralize the activities of this extremist group.

ReBulet to all offices, 8/5/68.

On 8/20/68 [redacted], an NBC affiliate, advised that as [redacted] he is constantly on the alert for special programs to be presented as a community service at his station. WFLA TV is viewed by over 500,000 persons in the Tampa, St. Petersburg area. He stated that because of the emphasis being placed on racial matters in the area at this time, he is very much interested in preparing a special program of any organizations in the field at this time. He stated that he was aware of the Junta of Militant Organizations (JOMO) and its leader [redacted] of St. Petersburg. He stated that of late there have been many programs, particularly of the news type, where [redacted] has been seen agitating racial situations, particularly in St. Petersburg, Fla. [redacted] further advised that he wondered if there would be some public source material that the FBI could direct him to which would assist him in determining whether such a TV special would be informative and worthwhile for the Tampa - St. Petersburg area.

admiration for the FBI and its Director, Mr. HOOVER, and as a matter of fact, explained on 8/20/68, that when he graduated from college, he had considered applying for the FBI as a Special Agent, but when he found that it required a law degree, he went into the entertainment field instead. He stated, however, he has always been an FBI "buff" and interested in the excellent record compiled by the FBI. It will be noted further that [redacted] is a very respected member of the community and has served actively on many civic organizations in the Tampa area. [redacted]

Tampa believes that [redacted] would be an excellent source to whom to furnish source material for an expose type TV special on JOMO. It would appear that within a reasonable time such a program encompassing interviews together with news clippings that are available to NBC news already, would certainly serve the Counterintelligence Program. It may further be noted that the leaders of JOMO in St. Petersburg, particularly [redacted] have been eager to have the news media cover their activities. It is also believed that [redacted], having an inflated ego, will eagerly consent to interviews and because of his emotional state, it may well be anticipated that he will make wild remarks and present JOMO in a most unfavorable light in the Negro and white communities. It may well be anticipated that since [redacted] followers are mostly teenagers and have been prone to make wild remarks themselves, that they will likewise present themselves in a most unfavorable light. It will be noted further that [redacted] has stated that in dealing with the FBI he at no time will divulge any relationship that he has with the FBI or the fact that they cooperated in any presentation that he might make. He stated that he could not bring himself to do anything to any organization such as the FBI which he has admired for so many years.

Tampa therefore feels that furnishing source material to [redacted] for a special TV program will in no way cause embarrassment to the Bureau and therefore recommends to the Bureau that it authorize the Tampa Office to approach [redacted] with specific information which he might utilize on any program he may prepare. If the Bureau approves

this suggestion, Tampa assures the Bureau that it will not furnish any information to [redacted] which could be traced to the FBI or which will compromise any live informants being operated by the Tampa Division.

I have talked to other members of the City Wide Citizens Action Committee and they know as little about the $85,000 that [redacted] got from you as I do. I worked hard in the City Wide Citizens Action Committee but all we have is a grocery store that is not even making any money and [redacted] never explained where all the money went.

I wish you would investigate this and I think the blacks in the City Wide Citizens Action Committee and Detroit would like to know what happened to our money for self determinatic Some of the leaders too like [redacted] and [redacted] squandered money traveling around and staying in big hotels but didn't do anything.

I don't think I'm wrong about [redacted] because so many people say the same thing but if I am I apoligize.

How can we ever get any where if our money is spent like this?

ReWFOairtel and LHM captioned "Black United Front, Racial Matter," dated 8/10/68.

Referenced LHM noted on page two that an individual spoke against the Black United Front (BUF) proposal for community control of the police department. This individual said that the small attendance at the BUF meeting involved was proof that people were against BUF proposals. The individual condemned violence and asked why Stokely Carmichael did not leave Washington, D.C.

WFO should recontact [redacted] and conduct other necessary investigation to determine the identity of the individual who opposed Carmichael at the BUF meeting. If WFO is able to identify this person, check indices, appropriate informants and do credit and arrest checks. Advise the Bureau of the results of this investigation so that consideration might be given to utilizing this individual under the Counter-intelligence Program.

SUBJECT: COUNTERINTELLIGENCE PROGRAM

RACIAL INTELLIGENCE

This is to advise all counterintelligence offices of excellent technique used by the Miami Division in exposing black nationalist and New Left groups.

BACKGROUND:

The Miami Division was authorized to furnish public source data about black nationalist extremist groups and New Left groups to a cooperative news source at a local television station. As a result the station presented a thirty-minute documentary exposing black nationalist extremist and New Left groups which was well received. The expose ended with quotations from the Director, with excellent results. The Special Agents who handled this matter have been commended by the Director.

SUGGESTION:

REC. 78 EX-100

This television show was so well received and had such an impact that each counterintelligence office should be alerted to the potential of this technique for exposing extremists. Attached letter to Albany and other counterintelligence offices contains a review of this program for the information of each office. This should stimulate thinking in this area so that the field will consider this method of disrupting extremist groups.

ACTION:

That attached letter to all counterintelligence offices reviewing this exposure technique be sent.

Philadelphia is of the opinion that in this matter STOKELY CARMICHAEL is not a commanding figure in the Philadelphia area. There is no indication that CARMICHAEL is considered as strongly in Philadelphia as for instance WFO. His name is mentioned frequently but it is felt he holds no power in Philadelphia.

In view of this, it is felt counter intelligence against CARMICHAEL would not be worthwhile in the Philadelphia area. It is felt better results can be obtained through counter intelligence aimed at local individuals. This information will be furnished in a separate letter.

Attached is a copy of a draft of a letter which it is anticipated will tacitly lead the selected four pro-Chicom recipients in the United States to infer they are being invited by the Communist Party of China to attend a political meeting in China. The letter is worded so the recipient will recognize it as a Chicom invitation phrased in a thinly veiled manner to conceal its political nature.

This letter should be retyped using a typewriter typical of those used in the Hong Kong business community on commercially purchased stationery. The basic content of the letter should not be altered, although the text may be changed only to include colloquialisms typical of the Chinese.

Individual copies of the letters should be posted so they will contain a Kowloon postmark. The return address on the envelope should read "CTS, 27 Nathan Road, Kowloon, Hong Kong."

With each letter a currency certificate in the lowest denominator used in Hong Kong should be enclosed. One/third of the certificate should be torn off before being enclosed. The four letters should be directed to the following:

Two Xerox copies should be made of the original letter to be mailed to Carmichael. The Xerox copies should clearly indicate the creases necessarily made to insert the letter in the envelope. Forward these copies to the Bureau.

The letters should be signed in ink in the handwritten name of LI Chia-ming.

Because of the time limitations incorporated in the alleged invitation, the four letters should be promptly prepared and posted.

NOTE:

[redacted] are leaders of militant pro-Chicom organizations which our investigations have indicated are relatively isolated within the domestic and foreign pro-Chicom movement. Carmichael, militant black nationalist allegedly visited China in the recent past and is considered to be sympathetic to the Chicoms. China Travel Service offices have been used by Chicoms for intelligence purposes, but Kowloon office has not been identified specifically as involved in such use and no Bureau operations involve Kowloon office. This technique may result in the pro-Chicoms traveling abroad at considerable expense and causing embarrassment for Chicoms. Also, if the fictitious invitation is intercepted by an associate or a foe of the pro-Chicoms it could cause disruption and embarrassment. Addresses used are public addresses of organizations of the recipients. Follow-up technique is being considered in Carmichael instance and this would involve leaking a copy of Carmichael's invitation to the Soviets in anticipation the Soviets would brand him as a Government informant. This technique can be accomplished without expenses or embarrassment to the Bureau.

It is felt this office has an excellent opportunity for counterintelligence against both leaders of Black Coalition.

Philadelphia, with authorization of the Bureau, plans to circulate the story concerning leaders of Black Coalition having been bought by "whitey." Further, it is felt that methods used should be obtained in order that businessmen and bankers who had put up this money could be made aware of what is being stolen by officials of Black Coalition. It is felt one method in which this could be handled that would not involve the Bureau in any manner whatsoever would be to furnish this information to [redacted] The information furnished would be such that it would definitely not pinpoint the informant [redacted] would then be able to contact sources and make it appear that [redacted] have information about money being stolen from these groups. SHOW APPEARED 7/7/68

The Bureau authorized furnishing the source data on a confidential basis and the [redacted]. A great deal of research was done by Miami Agents and it resulted in an excellent program. The show, which ended with quotes from the Director on the nature of the New Left, was so well received that the television station received requests for a film of the show by local civic groups.

As you are aware publicity about New Left and black nationalist groups, especially television coverage, sometimes enhances the stature of these groups. At the same time, Miami has demonstrated that a carefully planned television show can be extremely effective in showing these extremists for what they are. Local New Left and black nationalist leaders were interviewed on the show and seemed to have been chosen for either their inability to articulate or their simpering and stupid appearance.

Miami furnished a film of this show for Bureau review and it was apparent that the television source used the very best judgment in editing comments by these extremists. He brought out that they were in favor of violent revolution without their explaining why. But he also brought out that they, personally, would be afraid to lead a violent revolution, making them appear to be cowards. The interview of black nationalist leaders on the show had the leaders seated, ill at ease, in hard chairs. Full-length camera shots showed each movement as they squirmed about in their chairs, resembling rats trapped under scientific observation.

Each counterintelligence office should be alert to exploit this technique both for black nationalists and New Left types. Miami learned from sources that those who appeared on the show realized that it presented them in a most unfavorable light. One even complained to the television station about it. This counterintelligence operation will be of great value in the South Florida area

149

Letter to SAC, Albany
RE: COUNTERINTELLIGENCE PROGRAM

and the Bureau hopes these results can be duplicated in other offices. Success in this case resulted from hard work and acumen on the part of the Agents who handled the matter. Especially important was the choice of individuals interviewed as they did not have the ability to stand up to a professional newsman. The fine job of interviewing and editing done by the news people involved was also most important.

Each office should be alert to the possibility of using this technique. No counterintelligence action should be taken without Bureau authority. For your information operations of this type must be handled through reliable, established sources and must be set up so that the FBI is not revealed as the source.

The "Michigan Chronicle", a Detroit, Michigan, weekly newspaper, issue dated 12/30/67 contained an article entitled, "No Real Split in Black Community". This article noted that at a press conference on 12/27/67, Reverend ALBERT BUFORD CLEAGE, JR., announced that the City-Wide Citizens Action Committee (CCAC) received a $85,000 grant from Reverend LUCIUS WALKER of the Inter-Religious Foundation for Community Organization, Inc. (IFCO), of New York, N.Y. Reverend WALKER said the CCAC exemplified the kind of organization IFCO is committed to promoting and supporting. He said it helped the black community to black power.

According to the "Chronicle" the IFCO began to organize two years ago but only in the past four months have they been operating financially. Although the CCAC grant was the largest to date, others have been given in other cities.

For the information of New York, the CCAC is a local militant Negro organization under the direction of Reverend ALBERT B. CLEAGE, Jr., a black power advocate.

TO : DIRECTOR, FBI (100-448006) DATE: 8/7/68

FROM : SAC, SAN FRANCISCO (157-601) (P)

SUBJECT: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
RACIAL INTELLIGENCE
(BLACK PANTHER PARTY)

ReBulet, 7/30/68, which concerned a growing rift between the Black Panther Party (BPP) and the Student Nonviolent Coordinating Committee (SNCC). It was desired to formulate plans to increase the friction.

San Francisco has no SNCC organization, so the only group available on which to cause the friction would be the BPP.

In view of the action of the national SNCC leadership, as reported by the New York source last week, in expelling STOKELY CARMICHAEL and ordering JAMES FOREMAN and H. RAP BROWN to resign from the BPP, it would appear that the rupture had already taken place. The causes for this are unknown to this office, and therefore, the most appropriate means to further this break are likewise unknown. For instance, it is not known if the above developments are public knowledge and available to the press.

As a suggestion it would seem appropriate to give this information to a syndicated writer such as CARL ROWAN, who might use this material as a responsible Negro, to expose the frailties of the extremists.

In a similar vein STOKELY CARMICHAEL was supposed to come address a BPP rally on July 28, 1968 in Oakland. He never appeared and [redacted] stated it was because he was not paid the necessary funds to induce him to do so. It is suggested that an in interviews with BPP subjects and through informants it be "planted" that STOKELY will only aid the BPP for the sake of money.

SUBJECT: COUNTERINTELLIGENCE PROGRAM

RACIAL INTELLIGENCE
(BLACK PANTHER PARTY)

Reurlet, 7/30/68.

Recent information obtained indicates that the break between SNCC and the Black Panthers appears severe and perhaps final.

There is no working alliance between these two groups in NYC, and information has been received that there has also been a complete disassociation of these two groups nationally as well.

JAMES FORMAN and RAP BROWN, who were honorary members of the Black Panther Party (BPP) have reportedly resigned their BPP membership because they find it difficult to go along with BPP violent schemes.

On 7/25/68 and 8/7/68, the NYO submitted a suggestion for counterintelligence action against SNCC and BPP. This suggestion is presently under consideration by the Bureau.

In order to increase the friction between SNCC and BPP the NYO proposes to make several pretext telephone calls to the office of SNCC and attempt to convey the impression to them, using a Negro dialect and ghetto language, the fact that the Black Panthers are "out to get them". The thought will be placed with them that the BPP is especially after the SNCC leaders who have caused them trouble. The person making the call will be identified as JESSE 8X, a Black Muslim who heard the information at a secret meeting of Black Panthers.

Accordingly, Bureau approval is requested to place above two suggestions into operation.

Re Buairtel to Albany 3/4/68 and Omaha airtel 4/3/68.

As pointed out in referenced Omaha airtel, there is no organized Black Nationalist Movement in the Omaha Division, and this situation has not changed to date.

There continue to be no organizations or individuals in this division currently considered of potential danger as to be considered for counterintelligence action.

In the event organizations or individuals considered appropriate targets of this program are identified as being active in the Omaha Division, appropriate suggestions will be submitted to the Bureau.

Jackson is authorized to send the spurious letter described in relet to [redacted] Use commercially purchased stationery and take all other necessary precautions to insure this letter cannot be traced to the Bureau. Advise the Bureau of any tangible results and be alert for logical follow-up action.

To give more credence to this technique, a 3x5 index card might be clipped to the anonymous letter containing the name and address, [redacted] This would be the same address as appears on the envelope sent Harris. The right-hand side of the index card might say [redacted] The envelope would then also contain this notation on the same right-hand side.

Thus, the impression would be given that this index card was inadvertently clipped to the letter being sent and a stenographer copied the address off the card onto an envelope. The letter and index card were both mailed, then, inadvertently to [redacted] This might make the "misdirected letter" more believable.

NOTE:

Jackson proposes sending a spurious letter to [redacted] in [redacted] The letter is ostensibly addressed to [redacted] member of the National Central Committee of SNCC and [redacted]. The letter thanks [redacted] for information regarding SNCC and for photographs of its members. The letter is phrased to give the impression that [redacted] is an informant of a law enforcement agency. The letter is then misdirected to [redacted] in the above manner.

[redacted] was recently interviewed, and while denying affiliation with SNCC, inquired as to where interviewing agents received information that he was with SNCC. [redacted] admitted knowing [redacted] and noted he does not like him.

The letter proposed by Jackson protects our sources and is well designed to compromise [redacted] an important member of SNCC. Since this is, in effect, an anonymous letter technique that cannot embarrass the Bureau, we concur with Jackson's recommendation that it be sent.

ReBulet to Jackson, 5/29/68; Cincinnati let to Bureau, 6/17/68; Atlanta let to Bureau, 6/19/68.

In view of comments in references, the Jackson Division has reconsidered "anonymous misdirected letter plan" re three Student Non-Violent Coordinating Committee (SNCC) individuals from Miss. Based on this reconsideration, and the present status of certain SNCC activists in Miss., the following background information and counterintelligence proposal is being forwarded for Bureau approval:

I. BACKGROUND

A. [redacted] is a SNCC National Central Committee member and the [redacted] he made an unauthorized trip to Cuba in January, 1968, with other SNCC members, allegedly to attend cultural conference there.

[redacted] left Miss. in March, 1968, and remained away from Miss. until 7/2/68; he maintains his permanent residence in [redacted], who is a former SNCC worker and who is presently six to seven months pregnant and unmarried.

[redacted] upon his recent return to Miss., advised sources he had spent the majority of the past four months in the Atlanta, Ga., vicinity.

Bureau Agents contacted [redacted] away from each other during the past two months. Each was antagonistic and completely uncooperative towards any interview.

B. [redacted]

One [redacted] of Jackson, Miss., during national SNCC staff meeting at Atlanta, Ga., 6/11/68, was appointed [redacted] of SNCC with an office at Jackson, Miss. He was also allegedly appointed alternate delegate to the National Central Committee of SNCC.

[redacted] former Freedom Rider (1961) and former [redacted]) was interviewed 7/24/68. He denied any present association with SNCC as a member or officer.

It is possible that [redacted] may have reactivated himself with SNCC in order to improve his own well-being financially, as he recently opened a hippie-type Negro bar in an area of Jackson frequented by Negro militants and civil rights activists.

[redacted] states he knows [redacted] but does not associate with or personally enjoy the company of [redacted] disenchantment with [redacted] may be due to [redacted] having a white girl friend.)

II. ACTIVITIES OF BLACK NATIONALISTS LEADERS TO BE UTILIZED IN COUNTERINTELLIGENCE ACTION

[redacted] for SNCC has taken numerous [redacted]

164

of Negroes and civil rights leaders in the South. He has been in Atlanta, Ga., frequently over the past four months and probably was at the national SNCC staff meeting held 6/11/68, or in contact with persons who were there. It is noted that [redacted] allegedly was appointed Miss. [redacted] at the above-mentioned staff meeting.

[redacted] during interview by Bureau Agents recently, appeared surprised that the Bureau was inquiring as to his being the new SNCC leader in Miss.; he was interested in knowing sources of information in this regard and denied any SNCC association at present; he admits knowing [redacted] but states he does not enjoy his company.

III. RECOMMENDATION

A. It is recommended that the following letter be handwritten:

[redacted]

Appreciated your timely info regarding new SNCC staff appointed in June--Your candid photographs of persons I was interested in earned me some unexpected praise from the people who want to know.

Hope my gift ($) will assist you and [redacted] with her "new arrival", due soon.

Keep in touch using the same system.

Charlie S."

165

This letter will be mailed from Canton, Miss., which is in Madison County, 22 miles north of Jackson, and the same county in which Tougaloo, Miss., is located.

B. The above letter will be enclosed in an envelope addressed to [redacted]

Information in the above letter will not compromise any Jackson sources.

IV. OBJECTIVE

Will be obvious to [redacted] that the above letter was erroneously sent to him instead of to [redacted] He will hopefully be led to believe [redacted] is an informant of some law enforcement agency in the State of Miss., and will discredit [redacted] in this regard, also possibly highlighting [redacted] residing with a W/F, who is pregnant and unmarried.

V. FOLLOW-UP

Depending on any tangible results obtained from forwarding the above letter, Jackson Division could later send a letter to a national SNCC leader allegedly from [redacted] relating information that [redacted] is an informant for some law enforcement agency.

VI. RECOMMENDATION

It is recommended that the Bureau approve the above measure to be instituted by the Jackson Division at the earliest possible date.

(Copies of this letter are being forwarded to Atlanta as OO in SNCC and to Cincinnati for information due to the reconsideration by the Jackson Division of prior proposal that also involved the Cincinnati Division.)

Reference is made to Springfield airtel 7/5/68, and Bureau letter dated 7/17/68.

No specific detailed information is available to Chicago, from informants and sources, regarding specific areas of distribution in down-state Illinois of the book "Ghetto Rebellion to Black Liberation", authored by CLAUDE LIGHTFOOT.

Available information regarding the Illinois distribution of this book has been set forth in Chicago report dated 7/19/68, of [redacted], entitled Communist Party, USA, Illinois District, Chicago Division, IS - C.

For Springfield's information the material set forth therein reflected that as of 5/28/68, the goal of the Illinois CP was to sell 1,000 copies of this book. As of 5/31/68, the Illinois CP leadership was planning to send [redacted] member, Illinois CP State Board, on a tour of Southern Illinois to promote the sale of this book. It is not known if [redacted] actually made this town, and if not, where he went downstate.

At this time further promotional schemes for the west and south sides of Chicago were under consideration, with readers of/and subscribers to "The Worker" to receive announcements, through the mail, regarding LIGHTFOOT's book.

As of this time, Chicago has no further specific information regarding this matter.

Re Bureau airtel to Albany, 3/4/68.

Bureau authority is requested to institute the following counterintelligence measure in San Diego:

Black Nationalist groups try to intimidate Negroes who would not normally go along with their way of thinking by trying to convince them that if they do not go along with their thinking, they will be in the same category with the "white honkey" and may be burned out or harmed in some other way.

In order to counter propaganda put out by Black Nationalist groups, San Diego requests authority to send pamphlets and letters under the name "Committee for Sense not Shots." Specific Bureau authority will be requested for each such letter or pamphlet to be sent out. Any letters will be typed on stationery and on typewriter not traceable to the Bureau. Unmarked stationery will be used and the letters will have the stamp bearing the American flag on them. They will be mailed from various points away from the vicinity of the San Diego office. The Bureau will be requested to print some of the pamphlets and may be requested to print a letterhead and envelopes for mailing of the letters and pamphlets.

Appeals such as "Join the Committee for Sense not Shots by showing this letter to your neighbors and talking to them about improving the image of the black man." will be used in the letters mailed in this program. It is felt that such a program would do much to counter the effect of the Black Nationalist groups in San Diego.

ReBuairtel 3/4/68 and ATairtel 4/30/68.

As the Bureau is aware the Student Nonviolent Coordinating Committee held its annual staff and Central Committee meeting in Atlanta in June, 1968. STOKELY CARMICHAEL and H. RAP BROWN were specifically invited to attend these sessions. However, CARMICHAEL did not attend. Whether this was by design or choice is an academic question as sources within the organization report that although there is an anti-Carmichael current flowing through SNCC, there definitely are two factions within the organization, one a pro-Carmichael and the other pro-H. Rap Brown.

Since the staff meetings, it has become increasingly evident that CARMICHAEL is being gradually eased out of SNCC and reportedly is assuming a more important role in organizing the Black United Front in the Washington, D. C. area. CARMICHAEL's lack of interest in SNCC was made apparent on Sunday, July 28, 1968 while he was in Atlanta en route to Washington, D. C. from Mobile, Alabama. Although he had several hours at his disposal between planes, sources report that he made no effort to contact SNCC personnel. It is believed that any type of counterintelligence activity planned regarding CARMICHAEL should be held in abeyance until such time his exact status, objectives and plans become known.

H. RAP BROWN has had little if any influence on the operation of SNCC recently. His presence in Atlanta has been extremely limited and his exact status with the organization is somewhat hazy. To further complicate utilizing BROWN as a counterintelligence target is his involvement in Federal Courts, the outcome of which is unknown.

Re Detroit overall counterintelligence airtel, dated 5/3/68, and Bureau letter to Detroit, dated 5/10/68.

The Bureau in referenced letter requested Detroit to consider how the use of Republic of New Africa (RNA) stationery could foment factionalism with the Student Non-Violent Coordinating Committee (SNCC).

Detroit does not feel that such a planned counterintelligence action would be productive inasmuch as the local Detroit SNCC group leaders are friendly with the leaders of the RNA.

However, Detroit feels in view of information recently received to the effect that [redacted] is opposed to the RNA, such a counterintelligence action could be directed against the CCAC which has recently lost some of its membership to the RNA. In this regard Detroit proposes the following letter on RNA stationery be directed to a representative number of rank and file CCAC members and known sympathizers. This stationery is available to the Detroit office, together with applications for RNA membership and CCAC mailing list. These documents will be reproduced on commercially purchased plain bond paper. Brothers and Sisters:

Despite the efforts of self-acclaimed leaders and Messiahs, the black struggle for self-determination continues to exist.

In the Detroit area, brothers and sisters have been both abused and abandoned by collaborators with the establishment such as Reverend Albert Cleage, who has used money for the movement for his personal gain, and Gianton Dowdell who, being disillusioned in the struggle, has quit completely.

Recently, in Detroit, as you may be aware, there has arisen a new, vigorous and realistic approach to take blacks out of enslavement. This approach has been espoused by the Republic of New Afrika, an organization through which blacks can gain for themselves dignity, self-sufficiency and an exclusively black homeland right here in North America.

The far sighted leaders of the Republic are now actively engaged in legal action to realize their goal. Through publications and information, taxes paid by blacks to blacks, and the formation of a standing Army, the new black nation will succeed.

All blacks interested in freedom are invited to become a part of a movement which, in the wake of others failure and ineffectuality, will guarantee us a land of our own.

Enclosed is an application for membership in the Republic of New Afrika. Register with us by mailing the completed form and sending $1 to Brother Imari, 16895 Hairland, Detroit, Michigan, and we will advise you of forthcoming meetings.

Yours for the success of the Revolution,

Brother Imari
Minister of Information

The above tactic can be achieved without jeopardy to Detroit sources.

It is believed that this tactic would serve to discredit the leaders of the CCAC, further alienate the leadership of the RNA and the CCAC, and create confusion among the rank and file members of both militant groups.

All precautions will be taken to preclude embarrassment to the Bureau in the handling of this matter. No further action will be taken without prior Bureau authority and the Bureau will be immediately advised of any tangible results.

RACIAL INTELLIGENCE
(BLACK PANTHER PARTY)

Buded 8/9/68.

Recent communications from New York have noted a growing gulf between the Black Panther Party (BPP) and the Student Nonviolent Coordinating Committee (SNCC). New York and San Francisco should immediately analyze this situation from a counterintelligence viewpoint. Counterintelligence suggestions for increasing friction between these two black nationalist extremist groups should be formulated and submitted to the Bureau by August 9, 1968.

This situation is an excellent opportunity to create lasting and wide-spread dissension and friction among black nationalist extremists. Any and all suggestions for capitalizing on the disagreement between these two groups should be submitted for consideration. No counterintelligence action should be taken without Bureau approval.

DAUG 7 1968

I. Operations Under Consideration:

WFO recently submitted a proposal to the Bureau regarding a "word of mouth" counterintelligence measure among selected sources to be directed against STOKELY CARMICHAEL in an attempt to create the impression within the ghetto community that he is in fact a paid agent of the Government.

In addition, it could be inferred that Government agents are maintaining close tabs on CARMICHAEL's whereabouts at all times in order to afford him protection, not just in WDC, but throughout the U.S.

The above is believed to be one of perhaps a few counterintelligence measures that could be effective against CARMICHAEL. Any allegation of immorality or illegal activity would only enhance his reputation within the ghetto.

CARMICHAEL has not gone through with the purchase of the $70,000 house, but it should not be overlooked that he is already living in a house valued near $50,000, which a source has reported is to be completely refurnished and has already been carpeted throughout. WFO will recommend dissemination to appropriate news media in this respect in the near future.

WFO will continue to remain alert to situations wherein a counterintelligence measure would be timely against the various hate groups and individuals involved therewith.

It should be borne in mind; however, that any counter-intelligence measure against any of these groups or individuals requires a different approach than the usual counterintelligence program. As pointed out above, regarding CARMICHAEL, any immoral or illegal act improves their image within the ghetto community.

In addition, the very nature of some of the individuals which comprise these groups lends to a certain disunity in itself as illustrated within Resurrection City. Perhaps more thought should be given to breeding discontent within the various groups, which if successful, would render a leader "groupless."

183

II. Operations Being Effected:

As pointed out above, WFO has submitted a proposal to the Bureau regarding CARMICHAEL and will implement same upon authorization by the Bureau.

III. Tangible Results:

WFO was in the process of submitting a recommendation regarding the purchase of a $70,000 house by CARMICHAEL, proposing release of this information to appropriate news media for publication upon consummation of the purchase, when news articles regarding this purchase appeared. As the Bureau is aware, CARMICHAEL and MIRIAM MAKEBA thereafter cancelled the contract to buy this property, claiming inability to obtain suitable financing. As the Bureau pointed out, it has had an effect on his reputation among some black militants.

IV. Developments of Counterintelligence Interest:

It is noted that WFO has continuously considered what would be effective counterintelligence measures against various hate groups and certain individuals such as CARMICHAEL. The April, 1968, riots in WDC and the presence of the "Poor Peoples Campaign" has certainly influenced the course of action by some of these groups and has in fact been responsible for the creation of others. The "Black United Front" (BUF), which CARMICHAEL formed, has been more noticeably active as of late and recently, for example, took a definite stand on the shooting of two white policemen by a Negro robbery suspect and his accomplice in the shooting, stating black men have a right to defend themselves against the "honky" policemen.

The news media has been dominated by the above since the assassination of Dr. MARTIN LUTHER KING, JR., and perhaps calls for a different approach to an effective counteringelligence program than prior to the riots. It is further felt that a more effective use of news media could be made in the future in that an article may receive more attention than during the past few months.

WFO will remain alert to situations which can be capitilized on under the counterintelligence program and will ~~also~~ advise Bureau under individual case captions along with appropriate recommendations.

This is to recommend item about the Black Student Union (BSU), an extremist black nationalist group, be furnished a cooperative news source on a confidential basis by the Crime Records Division.

BACKGROUND:

A conference of BSU groups was held April 11-14, 1968, San Francisco State College, San Francisco, California. The conference was touted as a means of learning techniques to build the community constructively, but in reality discussed revolution and sabotage on the part of black nationalist extremists.

Our informants at the conference gained the impression that most of the students present received money to attend the conference from the colleges they attend. Students at the conference came from colleges all over the West Coast.

SUGGESTION:

Since the colleges who apparently financed this conference are probably not aware of the extremist nature of the conference, it is suggested we afford this matter publicity

EDITORIAL

BSU Publication
S.F. STATE APRIL, 1968
Vol. 1 No. II

Non-violence, as a method to obtain black freedom, is dead, dead, dead! Martin Luther King, a brother, and the last fainting cry of the non-violence method, is also dead, violently killed by white racism not a "mad individual". Although he believed in a dead method, the brother died just as Malcolm X and young Bobby Hutton, 17 year old Black Panther; for freedom for black people. This should signal sleeping black people that there is no middle ground. When two extremes are dealt with the same way then the difference between the two is insignificant.

The survival of the black community is rightously at steak and we as black students must function on that level. - while there is still time. The traditional college degrees, bachallor, masters and Phd, are no longer primary, only the revolutionary degrees ranging from dealing with the minds of black children to developing affective gurilleria units to neutralize Police tanks and stomer guns. Dig it. What good did money, fine homes, cars, excutive job position, debutant balls, fraternities and soriorities do for jews in Nazi Germany? And they were hard to recognize.

If we as black students understand that our"physical" survival is at steak then we must move very quickly to do several things. Colleges and universities can no longer function as factories to produce "house Niggers". Therefore we must develop universities of "Timbuctus", wherever there are black students. And this can be done in the best way by the development of Black curriculum such as S.F. States "Black Studies Program". Black History, economics, humanities, psychology, sociology, english, and languages." The end thing would be the knowledged gained from black curriculum,students should funnel that information to serve the needs of the community in which they are foremost responsible to.

Another thing is students should participate in creating acts to change the superman image of the white man in order to give our people more courage and direction that the white man can be beat. For example: Our people are bombarted through massive propaganda through communications of mass media, T.V. magazines, newspapers, that the man always wins, from Mission Impossible to Tarzan on T.V. to newspapers and magazines that print that the viet cong always loses.

At one time Black students feared intellectual debates with so-called super heavy white Phd's until Malcolm X demonstrated that it could be done successively and consistently with simple logic and mother wit. And the consequences of this are that there are young Malcolm X's (in the sense of intellectual bravery) throughout the nation today. And now this same act must be duplicated throughout the nation through effective guerrilla units on the white racists pigs so that our people can see that it can be done wholely, thoroughly, and absolutly.

BLACK PEOPLE WILL SURVIVE.

Ben Stewart

A NEW LEVEL IN THE REVOLUTIONARY STRUGGLE

On April 5, 1968 the death of Dr. Martin Luther King left most of the Black student's in a state of utter shock. Within a matter of hours Black communities across the country reacted in a manner that seemed siniliar to the expressions of past summers. By the next day it was quite clear that the "Movement" had moved to a new level.

The white power structure has defined for Black people a political spectrum of intellectual "bullshit", that ranges from violence to non-violence. With the death of Dr. King, it now seems obvious that the people are 'jolted' into questioning the validity of the concept of non-violence. Many Black people are now left somewhere in the middle and caught in the claws of mass media, having taken the concept of survival to mean violence as expressed or as insinuated by the mass media.

The question of non-violence as a political philosophy has been paralled to the phrase "turn the other cheek." One of its historical references has been Ghandi's non-violent philosophy, as two methods to rid India of the British. But what seems to have been forgotten is that one, the English colonists were in the minority, and two, Ghandi's strategy was one planned step toward the independence of his people. The economic factor, that of cheap labor, played a great part in the British willingness to leave and release the people of India. England saw it as a wise political move in order to retain trade with India, the result being Neo-colonialism.

The moral aspect of non-violence and its historic references have been used by the mass media to direct the beliefs and hopes of oppressed people in this age of expectation. Western morality has always expressed itself in a "double standard", in a manner whereby people are told to be murderers in Vietnam and pacifists at home. Chairman H. Rap Brown has called us "chumps" because we have continually believed this type of rhetoric. Prime Minister Stokely C. Carmichael continually warns us of the growing war of color. And still many of us are concerned about philosophizing the concept of non-violence.

Black people must begin to define what is non-violence and what is survival. A racist commentator stated that "Black people are involved in a petty revolution of looting and burning." What he failed to realize is that black people have reacted mostly to situations that have indirectly affected their lives, and that growing consciousness will soon prepare the people to act rather than to react. We too must understand this.

Now that we are about to embark on a new level of consciousness, it is important that we no longer speak about the abstract success of non-violence, but begin to recognize the importance of race survival. It is important that we begin not only to speak of ways of survival, but also that we begin to prepare our people for a long and bitter struggle against a racist system that has been designed to perpetuate both a physical and psychological genocide against our people.

Black students must begin to understand the importance of research, for it is of prime importance in the revolutionary struggle of our people. The Research Department of the BSU of San Francisco State hopes that this conference will produce some direction awareness and commitment for accepting responsibility in helping to work with the Black people through this new level of the struggle.

The people will define the reality of the new level.

The people will continue to set a pace along the revolutionary road.

We will conquer without a doubt

The Bureau appreciates your counterintelligence suggestion concerning the distribution of circulars indicating the Student Nonviolent Coordinating Committee (SNCC) and the Black Panthers organization are actually front groups established by police agencies.

As New York is aware, there is a dispute between these two groups in New York at present. If this counterintelligence operation was effected, there would be a possibility of uniting the two groups against a "common enemy," the intelligence agency that distributed this document.

Thus, New York should hold this suggestion in abeyance until the results of the dispute between SNCC and the Black Panthers are known.

The following counterintelligence measure is being submitted for the Bureau's consideration:

The NYO desires to xerox 5,000 of the attached circular which will then be distributed throughout the New York Negro sections of Harlem and Bedford Stuyvesant. In the interest of further security it is suggested that the copies be xeroxed at the Bureau.

The copies will be distributed by [redacted] to various "on the spot" local Negro boys (ages 10 through 13), who in turn will be instructed to hand them out on "busy street corners", in the area of Negro youth clubs, neighborhood playgrounds and at main intersections in the Negro areas. Of course, these unknown Negro boys will have to be paid for their efforts. Perhaps $2.00 to $3.00 to each boy will do the trick.

It is felt that in order to do the job satisfactorily it would be necessary to saturate the area with circulars. The figure of 5,000 is considered to be the bare minimum.

It is also felt that by the expenditure of this relatively small amount of money to reproduce and distribute the circular we might be able to dissuade future Black Panther and SNCC membership and cause others interested in the organizations to be disillusioned.

I. [redacted] has been assigned to coordinate this program in the Boston Office.

II. The following Black Nationalist groups are active in the Boston Division:

A. Nation of Islam

a. Muhammad's Mosque of Islam, #11, Dorchester, Mass., has an estimated membership of 200 and holds meetings three times a week.

b. Muhammad's Mosque of Islam (MMI) #13, Springfield, Mass., has an estimated membership of 35, and meetings are held twice a week.

c. MMI, Providence, R.I., has an estimated membership of 20, and meetings are usually held twice a week.

d. MMI of Worcester, Massachusetts, has an estimated membership of 15 and usually holds meetings twice a week.

B. New England Grass Roots Organization (NEGRO), Roxbury, Massachusetts.

This is considered to be a paper organization with approximately a half-dozen members. It controls the Youth Alliance Inc. and Freedom Security Patrol, who have an estimated combined membership of approximately 40.

C. United Front, Roxbury, Massachusetts, which is an umbrella type organization made up of representatives of other Negro groups; it has no formal membership.

D. The Boston Chapter of the Student Non Violent Coordinating Committee (SNCC) located in Roxbury, Massachusetts, has an estimated membership of twelve.

The Nation of Islam (NOI) in the past has had a propensity for violence in the Boston area only between its leadership and individual members or former members. There have been no instances of clashes with police or the white community. NOI members are taught to abide by the law and are subject to suspension from the NOI or other punishment for violation of the law.

NEGRO, which is made up of the Freedom Security Patrol and the Youth Alliance, is operated by [redacted] and is considered to have the greatest propensity for violence of any of the groups mentioned. In the Freedom Security Patrol, it has an organized group of teenage Negroes who patrol the ghetto area, supposedly to assist the Boston Police. However, Boston police believe them to work in opposition, to a large extent, and to be responsible for some of the disorder which occurs from time to time.

The United Front has never been well organized, and only a few Negro groups send representatives to United Front meetings, which are held infrequently. The United Front has come into control of funds reportedly amounting to $150,000, which was donated by the white business community of the Boston area. These funds may make the United Front more attractive and influential than it has been in the past. The two leaders of the United Front, [redacted] of the Congress of Racial Equality, and [redacted] of SNCC, are considered militant Negroes. The United Front, however, is regarded as having little propensity for violence, especially since it is a paper organization with no known membership.

The Boston Chapter of SNCC has never appeared to assert much influence in the Boston area. Its leader is [redacted], who is an extremely militant Black Nationalist. Because of its lack of influence and paucity of membership, SNCC is not believed to have much propensity for violence.

The Agitator Index, subjects who are considered to be militant Black Nationalists, are:

A. [redacted] who is a close associate of STOKELY CAREMICHAEL, and who travels with CARMICHAEL from time to time.

B. [redacted], is considered to be a militant Negro civil rights advocate and is currently in disfavor with the Southern Christian Leadership Conference (SCLC) because of his mishandling of SCLC funds.

C. [redacted] and a member of the Boston Chapter of SNCC, is a graduate of Harvard University and has attempted suicide on two occasions.

D. [redacted], a militant Negro, has an extensive criminal record and is employed in a leadership capacity in one of the city of Boston's local social services organizations.

III. NEGRO, together with its counterparts the Youth Alliance and the Freedom Security Patrol, appear to be the most likely targets for counterintelligence action. These organizations are headquartered in the same building in the Roxbury section of Boston where the Youth Alliance has a license to operate a radio transmitter on the Citizens Broadcast Band. This transmitter is actually located on the premises occupied by NEGRO and is operated under the direction of [redacted] The radio network is used by the Freedom Security Patrol in its several cars which roam the Greater Boston area using mobile transmitters. In June, 1968, a reliable source reported observing about twenty cartons of dynamite caps in a station wagon belonging to NEGRO.

Suggestions for counterintelligence action against these groups will be submitted by separate letter.

on the right track in developing interview-type material for inclusion in this program.

All material utilized in this program was reviewed by the above Agents to assure that the Bureau's interests were fully protected at all times and that nothing was used which could in any way be identified with the Bureau or cause any embarrassment whatsoever.

This program received considerable advance publicity in the Miami area and was shown as a thirty-minute documentary type program by Channel 7 during prime television time, 6:30 PM on Sunday, July 7, 1968. The audience rating for this period is estimated to be near two hundred thousand persons.

The program reflected a great amount of effort and expense on the part of Channel 7 on preparing same and did an outstanding job in exposing the activities of both the "New Left" and the "Black Nationalists" in the Miami Division. The program brought out very vividly, through interview-type dialogue, the dangers groups of this nature project in our society and very clearly pointed out their connections with communistic, leftist groups and the militancy of the Black Nationalist organizations.

The editorial part of the program quoted Mr. HOOVER in connection with current remarks he had made relative to the "New Left" and it should be noted that through interviews conducted by Channel 7, the remarks previously made by Mr. HOOVER were certainly substantiated by "New Left" and "Black Nationalist" members interviewed on this program.

WCKT-TV has indicated that the response to this program has been very gratifying and that in all probability they will go to the expense of reproducing this film in black and white so that it can be made available to civic organizations who have displayed an interest in obtaining such a film for replaying locally.

Through our contacts with Channel 7, it is contemplated that a copy of this film, if reproduced in black and white, will be obtained at no charge and forwarded to the Bureau for intelligence and training purposes.

207

The excellent results obtained in this counter-intelligence undertaking undoubtedly can be attributed to the excellent background material developed by [redacted] and [redacted] and the overall supervision of [redacted] in his contacts with Channel 7.

Many favorable comments have been received by Channel 7 regarding this program and it is very likely that it will be reshown in the Miami area.

The results obtained in such counterintelligence undertakings are far reaching and undoubtedly will go a long way in curtailing the activities of such groups in South Florida. Additionally, this program very vividly displayed the activities of such groups on college campuses located in Florida, which information was not heretofore generally realized by the public.

This counterintelligence undertaking, as conceived and carried out by the Miami Division, is considered to be most outstanding and again demonstrates the excellent results that can be obtained through a properly conceived and executed counterintelligence undertaking. The decisive results obtained and the manner in which these Agents met their responsibilities in this highly sensitive area are most noteworthy and certainly merit recognition.

Accordingly, it is recommended that individual Letters of Commendation by directed to [redacted]

The above Agents are all within the Bureau's desired weight standards.

Referenced communication concerned counter-intelligence activity in cooperation with Channel 7, WCKT-TV (NBC), Miami, Florida, producers of the documentary "The New Left."

Among the individuals who were interviewed on this program were JAMES RUSSELL AGUT, Acting President, Florida Atlantic University Chapter of the Southern Student Organizing Committee; MICHAEL FANWICK MEISELMAN, Staff Member and Florida Traveler for the Southern Student Organizing Committee; and ROBERT SCHWARTZ, editor of the "Libertarian Watchdog," an underground-type newspaper.

The 7/9/68 issue of "The Atlantic Sun," a student publication at Florida Atlantic University, Boca Raton, Florida, contained an article captioned "FAU 'NEW LEFT' ACTIVISTS FAVOR REVOLUTION--VIOLENT OR PEACEFUL." This article concerned the program "The New Left" and contained AGUT's opinion concerning it. (See attached news article)

FAU 'New Left' Activists Favor Revolution--Violent Or Peaceful

Jim Agut, SUN columnist and President of the FAU chapter of Southern Student Organizing Committee (SSOC), stated last Sunday night that he "most definitely" would like to see a revolution in this country, peaceful or violent.

Being interviewed by Miami newscaster Wayne Fariss on a half hour documentary aired Sunday on Channel 7, Agut indicated that he thought the "best organized society would be socialist based, although I don't preclude private enterprise in it."

Agut, 20, a history and economics major in his senior year, was one of a group of four members of the "New Left" introduced by Fariss as "dedicated revolutionaries." A second member of the group was ex-SUN Editor Romeo Rivard who was a student at FAU until the end of the Spring quarter.

Also mentioned during the program was another ex-FAU student, Charles Wright, who later helped organize the Florida Black Front. Wright once served as Attorney General in Student Body President Ken Jenne's cabinet. He's now a Vista volunteer.

Rivard took a somewhat less militant stand than did Agut. "I haven't been planning too much for a revolution, but I would like to see one," Rivard, Editor and Publisher of the Florida Free Press stated. "I personally am too scared to go out and start shooting though," he continued.

Rivard and Agut are both currently awaiting trial in Palm Beach County on obscenity charges in connection with their work on the Florida Free Press. Agut no longer contributes to the newspaper however.

Asked what type of revolution he would advocate, Rivard mentioned one of the "Peaceful" variety. "That'd be groovy, great." he said.

Agut, interviewed at the home of a friend Sunday night following the taped telecast, indicated that his future includes plans for a trip to Canada. Asked if he would renounce his U.S. citizenship, he reported that "would take any citizenship necessary" to avoid the draft. Would he feel guilty? "Certainly not."

The bespectacled student denied that he had any ties with Communism. "For one thing, Marxists have faith in the inevitability of revolution. I do not -- I feel that revolutions are acts created by men, not things that just happen," he noted.

His wife brought up the subject of her brother, Agut's brother-in-law, a West Point graduate who is serving in Viet

Nam. "He's a tool of the capitalist lackeys," stated the six foot, four inch leftist.

Was the program, as aired by Channel 7, edited in such a manner that the real identity of the Florida New Left was presented? "No, Crimes of ommission are greater than crimes of distortion of fact. They left out essential parts, and slanted others."

Like what? "Take the case of Charles Wright, a Vista volunteer. Fariss made it appear as if Wright were trying to subvert Vista. That isn't true," Agut charged.

"They seemed to pick the least significant things we had to say," he continued. "I said some pretty horrible things about FAU, and to my great disappointment they were left out."

"If FAU is so horrible, why are you there?" Agut was asked. "To raise hate and discontent", came the reply. He cites the biggest fault with FAU as the "ineptness and insipidness of Administrators."

Involvement in student politics is an essential part of his university career, he says. A student Senator, he has enjoyed his legislative stint "immensely." His term runs until next April. Agut plans to actively support a candidate for Student Body President in campus elections next October. "Right now, it'll be Bob Burdick, although he's playing the Rockefeller game, saying that he isn't running," Agut revealed.

Moving back to the subject of the televised interviews, Agut reported that the program's bias was "clearly shown" by Fariss' choice of J. Edgar Hoover, FBI Director, for quotes regarding Students for a Democratic Society (SDS), one of the New Left's principal organizations.

"Hoover's all washed up," Agut charged. "He says SDS is organized on a Leninist basis. But Leninist parties are highly centralized and disciplined.

"SDS structure more closely resembles an anarchy."

SUBJECT: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
RACIAL INTELLIGENCE

This is to advise of highly successful results of a counterintelligence operation designed to expose black nationalist extremist groups and New Left groups.

BACKGROUND:

The Miami Division requested authority to furnish public source data concerning black nationalist extremist groups and New Left groups to a cooperative news media source at WCKT-TV, Miami, Florida. Since this source and his television station have been cooperative and reliable in the past, we authorized this operation.

RESULTS:

WCKT-TV presented a 30-minute documentary exposing black nationalist extremist and New Left groups on Sunday evening, July 7, 1968, at 6:30 p.m. The audience for this prime time television show is estimated at 200,000 persons, plus the program received considerable advance publicity and was recommended as one of the "week's best" by a local newspaper.

The program was so excellent and so well received that a number of civic organizations have requested a copy of the film. This expose ended with quotations from the Director, with excellent results. This should be a definite deterrent to the operations of black nationalist extremist groups and New Left groups in Florida, according to the Miami Division.

Re Miami airtel 5/22/68, and Bureau letter 5/31/68.

Channel 7, WCKT-TV, (NBC), Miami presented a 30 minute expose type documentary as mentioned in referenced Miami airtel on prime time at 6:30 PM, Sunday 7/7/68. The audience rating for this period is estimated at near 200,000 persons.

This program received considerable advance publicity through "spot" announcements during the preceding week. It was also recommended in the Sunday, 7/7/68, "Miami Herald's" TV preview as one of the "week's best bets" in a survey of national and local programs for the coming week. This was one of only eight programs so recommended and the only locally produced program listed.

This program was produced in such a way as to avoid propagandizing the organizations and individuals mentioned during the program.

The program did an excellent job in exposing these individuals as being dangerous to our society and bringing out the nature of their militancy for exposure to the general public. Likewise the program exposed the fact that they were extremely active on college campuses in Florida which most of the citizenry fails to recognize or be aware of. The remarks made by a number of the members of the New Left and Black Nationalists certainly substantiated remarks recently made by the Director relative to their aims and purposes.

The first half of the program was devoted mainly to the New Left particularly SSOC as it exists in Florida and mainly in the South Florida area. The second half dealt mainly with Black Nationalist particularly the Florida black front as it exists and operates in Florida. The program concluded with quotes from Director J. EDGAR HOOVER concerning the New Left.

WCKT-TV indicates that the response has been such that in all probability they will go to the extent of reproducing this film in black and white so that it can be made available to a number of civic organizations who have requested use of the film for showing locally. The Miami Division contemplates securing a copy of this film which will be forwarded to the Bureau within the near future, since the contents of the film would undoubtedly be of interest.

The Miami Division feels that excellent results have been obtained in this highly significant counter-intelligence undertaking and should be a definite deterrent to the operations of these organizations not only in South Florida but in other areas in North Florida where their operations were specifically pointed out in the course of this film.

Enclosed for the Bureau and Jacksonville is one copy each of the manuscripts for this program.

NOTE: The Poor People's Campaign (PPC) in Miami chartered a bus for $1400 with a capacity of 38 passengers. Only 14 or 15 people used the bus to travel to Washington. Bus company officials recommended these people travel on a regularly scheduled bus since they could not fill a chartered bus, which would have saved them over $700. Also, $3000 was raised for the campaign in Miami but apparently not used. Since this information has been openly discussed at local meetings of the Southern Christian Leadership Conference and would not jeopardize our sources, Miami recommends, and we concur, that this data be furnished an established news media source.

RE: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
RACIAL INTELLIGENCE

Miami's SCLC Chapter raised approximately $3,000 to send local participants to the Poor Peoples Campaign in Washington, D. C. They decided to charter a bus for their trip to Washington, and when it appeared they would not have sufficient people to fill a chartered bus, Greyhound officials recommended they travel on regularly scheduled bus. These people, however, insisted on chartering a bus with a capacity for 38 persons at a cost of almost $1400 for the round trip.

A total of 14 or 15 people traveled to Washington in this bus departing Miami 5/15/68. Some of these people remained in Washington or went on to New York City on vacation after participating in the program and only nine returned to Miami from Washington on the bus, arriving Miami 6/24/68.

This chartered bus was an obvious waste of money. Had these people traveled to Washington via regularly scheduled bus service, round trip fare for nine persons would have been $50.85 each and one-way fare for six persons would have been $33.35 each for a total cost of $675.75. These people, therefore, wasted over

$800 by travel on chartered bus. If these participants had flown regularly scheduled Eastern Air Lines flights to Washington, their total cost would have been only $1244.25.

It is noted that the money raised in Miami was raised specifically in the name of the Poor Peoples Campaign, and it appears there must be considerable money not used or needed for this program.

Miami's SCLC Chapter already has a poor reputation in connection with handling funds, particularly in view of the fact the former President of Miami SCLC's Chapter is currently under indictment for Grand Larceny in connection with EOPI funds handled through SCLC. This fact, together with the money wasted on the Poor Peoples Campaign, presents an excellent opportunity for action under captioned program.

Most of this information has been discussed openly at SCLC meetings. Bureau authority is requested to furnish this information [redacted] Miami Office has had an excellent relationship with [redacted] and information has been furnished him confidentially in the past without his revealing the Bureau as a source of this information.

If Bureau authority is granted to furnish this information [redacted] he will be impressed with the necessity of not revealing the Bureau's identity as a source of this information. Miami Office feels this action will in no way result in embarrassment to the Bureau.

Re Bureau airtel to Albany, 3/4/68, and New Orleans letter to Bureau, 3/28/68.

NEW BLACK NATIONALIST ORGANIZATIONS

There has been no overall change in the Black Nationalist Movement in the New Orleans Division since submission of referenced New Orleans letter. This movement continues to be fairly limited at this time; however, since the submission of referenced letter, activity primarily in May, 1968, picked up for a two-week period. This was during the time that H. RAP BROWN was on trial in New Orleans, and during this period SNCC leaders and members from Atlanta, Los Angeles, and Houston were in New Orleans. These individuals attended this trial and met with local Black Nationalist individuals. In addition, some of these individuals spoke at Dillard University, a predominately Negro university, as well as at public gatherings. Information has been received that STANLEY WISE, Executive Secretary of SNCC, has indicated he wanted to start a SNCC chapter in New Orleans and that he intended to return to New Orleans to do so. WISE, as yet, has not returned but has sent the money to pay rent on a local office space.

Since referenced letter, information has been developed on two additional local Black Nationalist organizations which have recently been formed.

The first one is the United Liberation Front (ULF) which is headed by [redacted] who has previously been identified in referenced New Orleans letter. [redacted] is being recommended for inclusion on the Agitator Index of the New Orleans Office. The ULF at the present time has an estimated 20 to 35 members, and its purpose is an attempt to unify various Black Militant factions into one group in order to present a united front.

The second organization is called the Black Youth for Progress (BYP) headed by [redacted] This group consists of an estimated 30 persons and is located in the St. Bernard Housing Project, a Negro housing area located in New Orleans.

I. OPERATIONS UNDER CONSIDERATION

It has become apparent from information developed in our investigation of Black Nationalist groups and individuals that each group and its leaders are jealous of one another in their own particular areas in the movement. These leaders are very conscious of their "own little empires" and see in the other groups a threat to their own. As a result, New Orleans has under consideration for probably future submission for Bureau approval plans to keep these various groups in a state of distrust of one another so that it will not be possible for them to consolidate in a united front.

II. OPERATIONS BEING EFFECTED

In our highly successful counterintelligence operations against the Klan in Louisiana we found that one of the best disruptive tactics is the interview program. As a result, New Orleans has submitted the

245

names of approximately thirteen individuals who are considered Black Nationalist leaders for Bureau approval for interview. Upon receipt of Bureau approval, these interviews will be carefully conducted and, during each interview, we will attempt through innuendo and other means to implant in their mines distrust among these individuals against other individuals in the movement.

III. TANGIBLE RESULTS

[redacted]. We were unsuccessful in this endeavor, and [redacted] became extremely militant in his talks before local groups and would attempt to incite his audience to conduct acts of violence. [redacted] was also engaged in attempting to extort money for merchants in a Negro ghetto section of New Orleans. We [redacted] see that, if [redacted] remained in New Orleans, he represented "real trouble" and, as a result, we deemed it advisable to notify the [redacted] of his activities [redacted] stated they believed it would be wise to discredit [redacted] in such a manner that he would leave town, and they indicated they planned to spread the rumor that [redacted] was some kind of an informant.

Subsequently, [redacted] contacted the New Orleans Office and claimed his life was in danger, as someone had spread the word that he was an informant and, as a result, he had to leave town. [redacted] was advised to immediately [redacted] which he did, at which time [redacted] and, subsequently, placed aboard a bus for New York City.

This sudden disappearance of [redacted] has caused a great deal of consternation among Black Nationalists and Leftist circles in New Orleans, as all they know is that [redacted] was walking the streets of New Orleans on one day and disappeared the next.

246

IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

For the information of the Bureau, [redacted] has their own active counterintelligence program against Black Nationalist groups in New Orleans, which appears to be having some success. As an example, the Intelligence Unit had prepared and distributed leaflets in Negro areas over the banner of a local Black Nationalist group. These leaflets accused another organization of not being sincere in the movement and, as a result, has caused friction between these two groups.

1. Operations Under Consideration

Since submission of referenced letter, a new organization has developed at Montgomery, Alabama, which could be a primary target of counterintelligence action. The Young Mens Progressive Committee (the organization is in the process of changing its name to Youth Progressive Committee), was started at Montgomery, with about 15 members at the present time and is reliably reported as an affiliate of SNCC. It is opening a bookstore as a memorial to Dr. MARTIN LUTHER KING and is setting up a bar, both of which are reportedly means to raise money for SNCC. It is contemplated that action against this group can be taken through local police authorities and state liquor authorities concerning the operation of the bar and concerning reported information that some members of this group carry firearms.

SUBJECT: COUNTERINTELLIGENCE PROGRAM

RACIAL INTELLIGENCE
(STAND)

The following concerns the possible prevention of a coalition of three Black Nationalist or black racist groups possibly formed through an illicit financial arrangement involving Federal funds:

1. PROJECT ANTI-RECIDIVISM (PAR)

2. STAND

3. BLACK PANTHER PARTY (BPP)

All of the above are based in Jersey City. AI denotes inclusion in Newark Agitator Index.

1. PAR

This organization is funded by the OEO and sponsored by the Jersey City Council of Churches in the sum of $191,548, principally from the Federal government. PAR is a program to rehabilitate ex-convicts; however, no reports have been made as of the end of May, 1968, as to the effectiveness of the program. It operates a residence in Jersey City for men just released from prison. The program furnishes food, clothing and counseling but very few men have been placed in jobs. ("Hudson Dispatch," morning daily newspaper, 5/27/68)

3. BPP

[redacted] is also, according to local news media, a [redacted] N.J. He might also be channeling OEO funds from PAR to the BPP.

It is Newark's suggestion that the Bureau, through a liaison source with the office of the OEO, suggest that perhaps an accounting is in order for PAR by OEO to determine if the money paid by the government to PAR is being used to finance Black Nationalist groups that seek to foment discord in the black community and stir up racial discontent that may ultimately lead to riots or other forms of civil disorder.

It is conceivable that the Federal government may be contributing, in a round about way, to the possible destruction of private property in urban areas, and the injuring of their police and other law enforcement officers.

A letterhead memorandum on STAND was submitted to Bureau dated 9/11/68.

On their face, PAR and STAND are legitimate, neighborhood groups publicly identified as being for the good and welfare of the black resident; and therefore, cannot be the object of an investigation to determine if funds are being misappropriated. There is no actual evidence of it, but the OEO, through what would appear to be a normal request, may be able to gain some knowledge of the ultimate distribution of its, PAR's, funds.

Letterhead memos have been furnished the Bureau [redacted] and as previously mentioned, STAND.

Dear Brother Joe,

I have been studying the great message in Muhammad Speaks for Sept. 13th which appeals for all to clasp hands on Black brotherhood with Mr. Muhammad. This reminded me that we at the mosque for lack of leadership have not shown true Black brotherhood to one of our own.

I am speaking now of our [redacted] as we all have heard but not talked about, is in the [redacted]. He has been there since being framed arrested in June. I have been told by one who should know that since being placed in jail, [redacted] has for all purposes been treated as if he never existed or came to the mosque.

It does not seem right to me to teach unity and brotherhood and then neglect a brother when he is in trouble. Is this a case of the fathers wrongdoing being visited upon the son? If so, then maybe we had better stick with [redacted] as he at least says a man is innocent until proven guilty.

Shall we ignore our brother when he is in trouble & still teach unity and brotherhood or shall we stand beside him & show true unity and brotherhood. Why dont you say something out loud at the mosque on this question so we all know what is unity in your mind.

RACIAL INTELLIGENCE

Enclosed for the Bureau is one newspaper clipping from the "Arizona Republic", 9/28/68 edition regarding the following matter.

Recently the Phoenix Division has received local publicity regarding the appearance of CASSIUS CLAY, aka Muhammad Ali, at Sacaton, Arizona, to fight ZORA FOLLEY, another heavyweight from Chandler, Arizona, sometime in October, 1968.

[redacted] which encompasses Sacaton, and [redacted] Bureau of Indian Affairs, Gila River Indian Reservation (GRIR), appeared at the office of the SAC, Phoenix. They voiced concern with the fact that CLAY, a known Black Muslim, was to fight on the Indian Reservation. [redacted] indicated that the contingent holding up this proposed boxing match was the necessary approval of the GRIR Tribal Council.

On a confidential basis the SAC, Phoenix, advised [redacted] that such a fight would only be giving money to the Nation of Islam and specifically to ELIJAH MUHAMMAD, since it is a known fact that CLAY donates his purse to ELIJAH MUHAMMAD.

The SAC, Phoenix, also pointed out to [redacted] that CLAY was a convicted draft dodger and the Indians' sanctioning his fight would appear contradictory to the valor, heroism and sacrifice the Gila River Indians

On 9/30/68 [redacted] contacted the SAC, Phoenix, and advised that the Tribal Council had rejected the application to permit the CLAY fight and such refusal was based on [redacted] presentation of the observation of the SAC, Phoenix, to the Tribal Council.

This is being set forth for the information of the Bureau as a possible counterintelligence measure should CLAY attempt to set up a fight on any other Indian reservation.

No Clay Fight at Sacaton

By STEVE BASSETT

SACATON (AP)—The Gila River Indians, citing their military and historical heritage, yesterday denied use of their reservation for a proposed Cassius Clay-Zora Folley heavyweight fight Oct. 26.

"The reason I oppose having this fight here is it would desecrate the land some of our brave boys have walked on," said Mrs. Mary Anna Johnson, member of the tribal council.

Mrs. Johnson and other council members referred repeatedly to Gila River youth who have served in the armed forces, including the legendary Ira Hayes, a Medal of Honor winner as a Marine on Iwo Jima in World War II.

THE VOTE was unanimous against allowing a fight involving Clay, who was stripped of his title after conviction on charges of refusing to be inducted into the U.S. armed forces. He has an appeal pending.

The council's resolution read, in part:

"If this event was staged on the Gila River Indian Reservation, the image that the Pima and Maricopa Indians were in sympathy with militant groups such as the Black Muslims, of which Mr. Cassius Clay is a member, would be projected to other Indians throughout the United States."

Wilfred Catha, a council member, said, "this reservation has a very clean record and I would like to see it kept clean."

Tribal leaders said the first time they had heard of the fight was when they read of it in the newspaper Thursday.

FOLLEY HAD signed a contract with the promoters, and Clay announced in Chicago yesterday that "everything is on" for the fight on this arid, windswept reservation. It covers 1,300 square miles south of Phoenix.

The reservation, which exists primarily from cotton farming and leasing of gravel pits to contractors, could have used the money from the fight. The funds were to go toward a new swimming pool at the Indian agency here.

Bill Rhoades, an Indian official, and Dana Nelson, a tribal councilman, indicated that contacts had been made with the fight promoters without the council's knowledge.

"The fact that they knew about the need for a swiming pool makes us believe that one or two people contacted them without letting us know," said Nelson.

HE AND RHOADES said it was their opinion the contact had been made by some members of the Gila River Youth Recreation, Inc., which had voted 8-1 in favor of the fight.

The only two to speak up for the fight were Mrs. Alice Johnson, a member of the youth organization, and Jay Maraga Jr., a Purple Heart winner who said the fight would show "everyone that we can meet this challenge."

The council's resolution noted the action was not directed at Folley, who lives in nearby Chandler.

Negro-Run Company Goes Into Production

By HARRY STAINER

Hough Mfg. Co. went into production yesterday at 6300 Wade Park Avenue N.E.

The company has only eight employes, seven turret lathes and a product line that consists of small machined parts on a contract basis for bigger manufacturers.

NORMALLY its birth would have gone unnoticed, but:

- It is Negro-operated and eventually will be fully Negro owned.
- It is designed to train the hard-core unemployed in high-skill jobs.
- It is located in an area shunned by manufacturers and is designed to demonstrate to them the advantages of a nearby labor pool—the ghetto residents.
- And it is to do all this at a profit.

Hough Mfg. is being supported by Warner & Swasey Co. to the tune of $300,000, but will not be controlled by W&S or owned by it.

To run Hough Mfg., a ghetto demonstration company, W&S picked Robert L. Coles as president. Hough Mfg. also absorbed Coles' company, Cuyahoga County C&B Machine Co., formerly at 982 Bessemer Avenue S.E.

COLES IS one of the fewer than six Negroes to own and operate industrial-type companies in the Cleveland area.

To get into production quickly, Hough Mfg. absorbed the contracts, tools and employes of C&B in exchange for 200 shares of the 2,000 authorized. W&S received 500 shares on an initial basis for cash supplying operating funds. It also bought the building and leased it to Hough Mfg.

W&S is expected to help in opening the doors for financing and customer acceptance of the firm.

THESE WERE the biggest problems Coles faced in building up his C&B Machine Co. in the past 18 years. Another handicap was that to get machine operators to work for a Negro, he had to train unskilled and unemployed persons to become skilled workers, such as turret lathe operators.

This makes him just about perfect for running a company designed to give skills to the unemployed at work at a profit, associates said.

With W&S help the company is expected to expand to about 50 employes by the end of the year and increase the sales level from about $100,000 to about $250,000.

THE COMPANY also is expected to diversify beyond machine shop operations to other manufacturing work depending on contracts it receives. The purpose is to provide lower-level job skills to those unable to run machine tools.

"The ultimate goal of Hough Mfg. Co. is to become a wholly independent, employe and community owned company," Coles said. He added that provisions for buying back shares are included in the company's articles of incorporation.

W&S SAID the new company was an investment and not charity. Calling it a modest first step for the city, C&W said: "It is our hope that the success of Hough Mfg. Co. will encourage new growth through further business investments in the inner city."

On the board of directors are D. C. Mitchell, associate professor of business at Cuyahoga Community College; A. B. Cummins, professor of industrial management at Case Western Reserve University; N. R. Bliss, Cleveland Electric Illuminating Co.; N. H. Corbin, W&S; J. H. Tinsley, W&S, and Coles. Mitchell also is secretary of the company and Corbin is treasurer.

Two copies of an article from the 8/28/68 issue of the Cleveland "Plain Dealer" are enclosed for the Bureau.

The individual identified as L.C. BOLIN in the photograph appearing with this article is L.C. X (BOLIN), the Assistant Minister of the Cleveland Temple of the NOI (MTI #18). BOLIN has worked for the Robert L. Coles, referred to in this article, for several years when COLES operated the C & B Machine Company in Cleveland. The C & B Machine Company was operated as a small manufacturing company in a residential area of the city of Cleveland with a very limited number of employees.

Investigation in early 1966 developed that L.C. X (BOLIN) had apparently obtained jobs at this small company for rank and file members of the NOI and it was reliably reported in March, 1966 that BOLIN had stated that there were six other members employed by the C & B Machine Company. It was also established that COLES knew that BOLIN was a Black Muslim.

It is believed that the above information should be made available to the executives of the Warner and Swasey Company, primarily to prevent the newly established Hough Manufacturing Company from becoming a financial support to the NOI and possibly a recruiting ground. It is also possible that the NOI may eventually gain control of this enterprise.

The Warner and Swasey Company is a very large manufacturing company with headquarters in Cleveland, Ohio. It is engaged primarily in the manufacture and construction of machine tools, textile testing and control systems with annual sales ranging in the $110,000,000 to $150,000,000 bracket.

Re Buairtel to San Antonio and Chicago, 8/27/68; San Antonio airtel and LHM to Director, cc Chicago, dated 9/18/68 titled "NOI".

Re San Antonio airtel and LHM sets forth data from [redacted] at a meeting of that group on [redacted] commented Communist China by telegram advised ELIJAH MUHAMMAD 80,000 troops were available to him any time he wanted them; that [redacted] received this information directly from MUHAMMAD as [redacted] corresponds directly with MUHAMMAD. Rebuairtel suggested the statements by [redacted] could be utilized to discredit [redacted] in the eyes of MUHAMMAD either for reporting false information or violating a confidential trust through the use of an anonymous letter to MUHAMMAD and/or release of the statements through a cooperative news media.

Chicago is not in a position to evaluate the statement attributed to [redacted] This Office is not in a position to know the respect afforded [redacted] by his followers, reportedly 11, or the impact [redacted] or the NOI has on the Negro community in San Antonio, if any.

[redacted] reliable in the past and who are aware in many instances of MUHAMMAD's plans, policies, visiting Ministers, thinking, etc., were discreetly contacted in this matter. Both advised they doubted if MUHAMMAD would be aware of the identity of [redacted] without being told; that they doubted if any national NOI leader had ever visited [redacted] or the NOI group in San Antonio; and that they seriously doubted if [redacted] was in direct contact with MUHAMMAD other than through whatever routine correspondence [redacted] might have with, in all likelihood, a Secretary of Muhammad's Temple No. 2, Chicago, National Headquarters of the NOI. The sources noted the NOI group in San Antonio would be quite small and MUHAMMAD would have only a passing interest in it and that would center around the money the group donated to NOI headquarters.

It has been the experience of this Office that many Ministers of NOI groups outside Chicago, who have limited contacts with NOI headquarters, have made repeated irresponsible statements not too unlike the one made by [redacted] Without mentioning specifics, the matter was discussed with [redacted] Both agreed that MUHAMMAD would pay little or no attention to such statements if they came to his attention, adding that in many cases he would be amused. They advised MUHAMMAD seeks any publicity he can get for his organization and even if it occurred in a smaller city he would welcome it as it would probably mean more curiousity seekers would go to the local Temple resulting in more money being donated to him.

Based on the above, Chicago does not feel [redacted] statements warrant an anonymous letter to MUHAMMAD or a news release.

Again San Antonio being more aware of the NOI situation in their area may have a plan that would work on a local basis to discredit [redacted]

Your airtel 9-27-68 regarding [redacted] notes that the Association of Black Students (ABS) is again active at Wayne State University and has received a $34,000 grant from the Archdiocesean Development Fund to initiate a new college planned for the university to be called the W.E.B. You should possibly consider ways of alerting the Archdiocesean Development Fund to the nature of ABS. In this connection two copies of a pamphlet exposing the communist nature of the W.E.B. They note that DuBois joined the Communist Party, USA, and the pamphlet is public source material.

In connection with the counterintelligence program of the Seattle Division against the Black Panther Party in Seattle, contact has been had with [redacted] Seattle, Washington. The [redacted] an SAC contact. In conducting this particular project, [redacted] is desirous of doing a series of news programs concerning the illegal and/or subversive activities of the Black Panther Party and other black hate groups. Bureau is to note that [redacted] and his news associates previously conducted a very highly successful Cointelpro operation against the Communist Party at Seattle which brought both national and local awards to the station.

[redacted] will need material along the following lines at their request, but these points are not all inclusive and coverage on some might not be desirable:

1. What influences, if any, from outside the community are affecting the ability of local citizens to maintain law and order in their neighborhoods? Is this influence international in origin?

2. Does information generated at one point in the nation become known immediately to black hate groups in other parts of the country or does it travel by word of mouth? In other words, is there an organized effort to exchange activity and intelligence data among the hate groups?

3. What are the goals of these hate groups? General harassment? Anarchistic? Subversive? Are there target cities and a time table for hitting them in a certain order?

[redacted] is aware of the sensitive nature in broadcasting a series of programs in this regard. From past experience, there is every indication he and his associates will handle any information furnished to them in a very discreet manner.

No identifiable derogatory information on [redacted] was located in Seattle files. His superior, [redacted] is an SAC contact at Seattle, as mentioned previously.

REQUEST OF THE BUREAU

Suggest to your source that the BPP should not just be publicized. Exposure of BPP violence is valuable in alerting the public, but may also help BPP recruiting. A way to offset this possibility is to point out that BPP leaders are living well off contributions from members. Comments about leaders' new cars, new clothes, and living style can effectively neutralize them with the rank and file membership.

It is also valuable to show that BPP leaders are little dictators, interested in power for its own sake and offer nothing constructive to the Negro community. Regarding the questions in relet, the first concerned outside influences. The BPP in Seattle and most other cities has been organized by the BPP in California. Local extremists already present have been recruited and organized by the California group.

The transmittal of information and news about activities of black extremists is primarily through the news media, both legitimate, and the "left" press. In this regard, issues of the left press, such as "People's World," the "Guardian," the "Militant" and "Challenge," plus the New Left and "underground" newspapers with articles about black extremists, may be furnished your source.

The goals of the BPP are covered in the enclosures. Generally they are subversive. Huey Newton, BPP Minister of Defense, said on 10/31/67, "As long as an act is revolutionary, it cannot be regarded as a crime." Eldridge Cleaver, BPP Minister of Information, said on 8/24/68, "We're going to move in harmony with Mao Tse Tung, with Ho Chi Min, with Fidel Castro;" and BPP Prime Minister Stokely Carmichael said on 8/24/68, "The revolutionary is willing to kill... we are going to make revolution." These are public statements and may be furnished your source.

Your last question concerned "shakedowns" by the BPP. The extent of this activity is not yet known, although the Bureau has received allegations to this effect.

RE: Bureau letter to San Francisco, 9/30/68, cc Houston.

In connection with instructions contained in referenced letter, the following is being furnished for the information of the Bureau, as well as San Francisco:

Information has been received through Houston informants, particularly [redacted] to the effect that the Black Panther Party (BPP) may possibly be attempting to organize a Chapter in the Houston area. To date, no known Chapter of the BPP has been organized in Houston, although [redacted] that he had been [redacted]

It is the firm opinion [redacted] that a BPP Chapter will be formed in Houston in the not too distant future as this matter is being "pushed" by [redacted] who is on the Houston Agitator and Security Index, and who reportedly [redacted]

In view of the fact that [redacted] is in a position to be one of the top leaders of the BPP should they organize in Houston, and because of the fact that [redacted] it appears that Houston will be in a position to direct any activities along counter-

There is currently a power struggle developing between persons advocating the formation of the BPP in Houston and this has kept the situation extremely unstable. As far as any specific counterintelligence operation going at this time in Houston, it is felt that [redacted] can keep the situation in turmoil and possibly create so much dissension that the BPP will not establish a Chapter in Houston. Other than the above, no concrete suggestions are being made at this time relative to any Black Panther activity in Houston because of the unstable conditions which exist at this time. It is felt that once the situation in Houston becomes more stable regarding the BPP formation, specific counterintelligence actions will be formulated against not only the local groups, but also the group in California.

This matter is being followed on a continual basis.

PURPOSE:

To obtain authority for the attached letter to those field divisions having Black Panther Party (BPP) activity instructing that the counterintelligence program against this organization be accelerated and that each office submit concrete suggestions as to future action to be taken against the BPP.

The extremist BPP of Oakland, California, is rapidly expanding. It is the most violence-prone organization of all the extremist groups now operating in the United States. This group has a record of violence and connections with foreign revolutionaries. It puts particular emphasis on not only verbal attacks but also physical attacks on police.

OBSERVATIONS:

REC-15

The information we are receiving from our sources concerning activites of the BPP clearly indicates that more violence can be expected from this organization in the immediate future. It therefore, is essential that we not only accelerate our investigations of this organization, and increase our informants in the organization but that we take action under the counterintelligence program to disrupt the group. Our counterintelligence program may bring about results which could lead to prosecution of these violence-prone leaders and active members, thereby thwarting their efforts to perpetrate violence in the United States.

RE: COUNTERINTELLIGENCE PROGRAM

(BLACK PANTHER PARTY)

SCOPE OF PROPOSED COUNTERINTELLIGENCE PROGRAM:

As stated above, the attached letter will instruct the field to submit positive suggestions as to actions to be taken to thwart and disrupt the BPP. Instructions are and will be reiterated that no action is to be taken without prior Bureau authority.

These suggestions are to create factionalism between not only the national leaders but also local leaders, steps to neutralize all organizational efforts of the BPP as well as create suspicion amongst the leaders as to each others sources of finances, suspicion concerning their respective spouses and suspicion as to who may be cooperating with law enforcement. In addition, suspicion should be developed as to who may be attempting to gain control of the organization for their own private betterment, as well as suggestions as to the best method of exploiting the foreign visits made by BPP members. We are also soliciting recommendations as to the best method of creating opposition to the BPP on the part of the majority of the residents of the ghetto areas.

RECOMMENDATION:

That attached letter , in accordance with the above, be approved.

In view of the continued increase of violent activities on the part of the Black Panther Party (BPP), it is mandatory that the counterintelligence program against this party be accelerated. Each division receiving this letter either has an active BPP chapter in its division or according to information received the BPP is either forming or attempting to form a chapter in that division.

By 10/14/68 each division must submit concrete suggestions as to proposed counterintelligence activity to be taken against the BPP in its particular division as well as suggestions as to what action can be taken against the BPP on a national level. In keeping with Bureau policy no action should be taken on these proposals without prior Bureau authority.

In line with the above, consideration should be given as to how factionalism can be created between local leaders as well as national leaders and how BPP organizational efforts can be neutralized. Give consideration to actions which will create suspicion among the leaders with respect to their

RACIAL INTELLIGENCE

ReBulet, 9/30/68.

The following comments are offered by this Office.

Factionalism between leaders of the BPP is a real possibility, arising from personal jealousies and differences of background. Primarily this would seem to be on a regional basis, where BPP leaders from the East see no profit in taking orders from provincial leaders like BOBBY SEALE and ELDRIDGE CLEAVER.

Reference is made to New York letter, 8/21/68, in [redacted] which disclosed East Coast dissatisfaction with West Coast leadership and also disclosed that some Black Panthers in Brooklyn suggested ELDRIDGE CLEAVER be shot. In this connection, New York comments are requested concerning the possibility of having a "brother" from Brooklyn anonymously warn ELDRIDGE CLEAVER that the brethren in New York are planning to eliminate him.

Financial records are possible source of embarrassment to the BPP. Monitoring of the HUEY NEWTON Defense Fund shows that [redacted] that a loan [redacted] is being paid by the same [redacted] regularly receives monies, and [redacted] a check for $100 "cash" on the account.

It is suggested that IRS, San Francisco, be advised of the activity in this account to determine if all taxable

income is being reported by the recipients.

That the BPP is sensitive to unauthorized use of "Defense Fund" monies was seen by the BPP press conference called in August, 1968, to refute charges "Defense Fund" dollars were used to pay for a trip to Mexico for three BPP functionaries.

In connection with this "Defense Fund", the State of California is [redacted]

It is suggested that permission be granted to discuss this matter with Alameda County District Attorney FRANK COAKLEY to ascertain if the State can [redacted]nd BPP leaders to say where the money from the Defense Fund is being dispersed and provide an accounting of same.

It is believed that above suggested actions possess merit.

Set out below are situations where this Office is alert to possibilities, but lacks sufficient basic details to initiate action at this time.

1. Suspicion between spouses.

The principal interest here is between ELDRIDGE and KATHLEEN CLEAVER. KATHLEEN appears to have a genuine feeling for ELDRIDGE and if it could be shown, he was interested in another female, a split might ensue. There have been indications of "spats" between the two, but nothing definite as to the cause is known. Sources in the BPP have said that discussion of such matters around Panther House is forbidden. Instances of zealous Panthers trying to ask embarrassing questions have been reported. The result has been an instruction to "mind your own business". The inner hierarchy does not open to discussion personal relationships between the leaders. These particular matters had to do with Black leaders having white wives.

2. It is realized that the Party is awake to the possibility of "police spies" in their midst. To date they do not seem to be excessively worried about this, and continue to make

48

SF 157-601
WAC:sf

their pronouncements over TV, press and before church and school groups. They also put themselves in print in the "Black Panther", official publication of the BPP. To date, no "leak" of significance to the BPP has come to law enforcement agencies which has aroused the Party's animosity. This Office will be alert to this possibility.

3. There may be rivalry between CLEAVER and SEALE for leadership in the BPP; so far, authority seems to be divided among several persons who do not appear to resent the way the Party is progressing. There does not seem to be a single leader who is trying to take over the organization for his own benefit exclusively.

In this connection many persons share in the plums of travel, such as the CLEAVERs, the SEALEs, [redacted] These spend BPP funds freely and their travels are known to the membership. If there is any animosity aroused by this, it is unknown to this Office. Perhaps the membership takes pride in the publicity the leaders receive as a result of these travels.

4. It is believed true that many older residents of the ghetto fear and dislike the BPP. How true this is among the youth is another matter and the amount of control the middle aged parents have over their children is definitely problematical. The "Black Panther" now prints 60,000 issues and even at this figure sometimes it is difficult to find extra copies. This is cited to indicate that the BPP receives considerable support from the black community.

5. The fate of HUEY NEWTON who may be kept in jail for several years is a factor in the continuance of the BPP. Already sources sense a drop-off in interest among the militant youth who were "trained for action" and then did nothing for HUEY. Whether or not NEWTON was disappointed by a lack of positive revolution as a result of his conviction and sentencing is not known. The fact is that he is in jail and Party leaders are spending money raised for his defense. Perhaps as time goes on and the same situation pertains, NEWTON may tire of his martyr status and voice dissatisfaction. In this connection, this Office will endeavor to create the situation in NEWTON's mind that he is being exploited by the Party leadership.

The various counterintelligence proposals contained in relet have merit and show resourceful thinking on your part.

In connection with information obtained by your office indicating misappropriation of money from the "Huey Newton Defense Fund" [redacted] the Bureau desires to furnish this information to the Internal Revenue Service (IRS) at the Seat of Government by means of liaison. Submit letterhead memorandum to the Bureau setting forth all pertinent available information concerning the Defense Fund and indications that Federal tax may be owing on the disbursement of some of these funds. Make no local dissemination to IRS.

Authority is not granted at this time to discuss this matter with Alameda County District Attorney Frank Coakley. Furnish pertinent information concerning Coakley's relationship to your office. This information should include a review of indices, statement concerning past cooperation with the Bureau, and reason to believe he will not breach Bureau confidence. After receipt of this information and your assurances that Bureau monitoring of the "Huey Newton Defense Fund" will not be publicly disclosed, further consideration will be given to granting authority to discuss this matter with Coakley.

No information has been received from [redacted] nor any of the Ghetto sources that the Black Panther Party is forming or attempting to form a chapter in the Atlanta Division. It has been rumored that Atlanta is one of the cities in which such an attempt would be made.

In the event information is received from any source indicating that the establishment of a BPP Chapter is under way, Atlanta will make a recommendation applicable to the local situation through which counter-intelligence may be implemented.

Atlanta notes that in a recent edition of Ebony Magazine, photographic coverage of the BPP was given which indicated that MARLON BRANDO was endorsing the BPP. The details of BRANDO's sympathies in this regard are unknown to Atlanta, however, it is felt that in his background and pictures in which he has performed some facet or situation exists that runs in counter to the policies of the BPP. Possibly this could be used to embarrass the BPP in allowing publicity indicating BRANDO is in sympathy with its policies. This possibility has probably already been considered by San Francisco but is being offered in accordance with the Bureau's request that suggestions be made as to what action can be taken in the Counterintelligence Program against the BPP on a national level.

Succinct Summary of Black Nationalist Movement in Indianapolis Division

A. Nation of Islam (NOI)

The NOI has an approximate total membership of slightly over 200 in the Indianapolis Division. There is a total of seven temples or mosques that remain active in the Indianapolis Division. The mosque at Gary, Indiana, with about 40 members, the mosque in Indianapolis with approximately 30 members, and the mosque in South Bend, Indiana, with 100 to 125 members are the largest mosques active in Indiana. The two newest mosques at Fort Wayne and Muncie, Indiana, are still struggling with only the initial four or five members with which they started and have a minimum of activity. The other two mosques in Indiana at Evansville and East Chicago, Indiana, remain relatively stable with six to ten members each.

All of the groups in Indiana are led by ministers who receive their instruction from NOI Headquarters in Chicago, Illinois, and adhere to teachings of ELIJAH MUHAMMAD, their leader. None of the groups have proposed violence to date, but their hatred for the white man under the right circumstances could cause violence to erupt.

headquarters located at 2264 North Meridian, Indianapolis, Indiana, and is the most active and the largest black militant influence in Indianapolis. All known activities of RAP to date have been to handle problems within the framework of the existing law and no violence has been attributed to RAP to this date. [redacted] board member of RAP, has separated himself from RAP and now is running his own community center. In addition, [redacted] has gradually had less and less to do with RAP and [redacted], of which he is director.

C. Afro-American Student Association

A group which calls itself the Afro, Afro-American Student Association (AAASA) was formed in the second semester of the 1967-1968 academic year at Indiana University (IU), Bloomington, Indiana. During that semester there was very little activity taking place other than attempting to organize and making a demand to the University president that a Negro be placed on the University's Racial Problem Committee, which demand was met. The group is again organizing on the IU campus and all activities will be followed. A similar group has been formed this fall semester at Notre Dame, in South Bend, Indiana. At this date, there has been minimal activity, but Indianapolis Division will continue to follow their activity.

1. Operations under Consideration

Plans to interview all of the most active members of the Black Nationalist groups are continuing.

2. Operations Being Effected

Contact with [redacted], has been maintained. Through contact with [redacted] in funds being furnished to [redacted] have been cut off. [redacted] has maintained his affiliation with [redacted] and he has helped [redacted] to establish his own community center called Black Unity Development Center (Bud's Center), 2020 North Tacoma, Indianapolis, Indiana.

Though the Negroes have been trying to unite the leaders of RAP, [redacted]

54

[redacted] all now have their own groups and actually are becoming further apart, thereby having the opposite effect of uniting the Negroes in Indianapolis.

Contacts with local black power leaders and keeping them informed of the Bureau's responsibility in civil rights cases has also helped to keep the black power element friendly to the Bureau although they are not with the Indianapolis Police Department

3. Tangible Results

There have been no racial incidents in Indianapolis, Indiana, to date and the splitting up of the black power leaders has had an effect of neutralizing their power and influence on the Negro population of Indianapolis. By being split rather than united, the leaders have been unable to get a large enough following to create any major disturbance.

4. Developments of Counterintelligence Interest

Through conversations with the various leaders of the black power groups it has been evident that there exists a jealousy between the different groups and leaders. Each leader resents any success that another leader or group has. In these conversations these jealousies of the leaders have been fanned in a way such that it has increased the enamosity between the leaders and groups, thereby helping to keep the black power element divided among themselves.

For the information of recipient offices the Philadelphia Division has advised that [redacted] has said that the Black Panther Party was being used by the New Left and because of this the Panthers cannot be trusted. It is noted that Black Panther Party (BPP) leader Eldridge Cleaver is the candidate for President of the Peace and Freedom Party, a white New Left group.

The Bureau feels this would be a possible means of counterintelligence. Black Panther leaders might be neutralized by spreading the story that their cooperation with the Peace and Freedom Party has been purchased by that party. An indication of this might be the fact that the Peace and Freedom Party helps the BPP obtain speaking engagements for large fees.

The source was not able to learn who is offering the price and does not know whether such a price is in truth being offered, but it is being told in the Central Area.

By way of further information, the source also reported that [redacted] does not have any respect for his parents, who would be glad to see him in jail. Further, [redacted], Washington, is afraid of [redacted] (Consideration is being given to interviewing [redacted])

The source further reported that [redacted] a Negro militant in Seattle, is also supposed to be killed, but the source does not know whether [redacted] is included in the price.

Whether this is rumor or fact, this situation could lend itself to a counterintelligence measure in the form of a flyer, which would of necessity have to be couched in simple language. Objections to such a measure would be that, if such a flyer is distributed, [redacted] sense of self importance might be enhanced by the mere fact that a price

has been put on them; also the whites would undoubtedly be blamed for placing the price.

However, if the flyer were couched in simple language, so as to lend an aura of authenticity, and no specific price were named, then this might prove to be a means of causing a chism within the black community of Seattle and the BPP. There definitely is a growing indication that some segments of the black community are becoming more and more disenchanted with the BPP.

The following text for a flyer is suggested:

[redacted] YOUR PEOPLE ARE FED UP WITH YOUR JIVING. WE DON'T NEED YOU. THE WORD IS OUT. GET OUT OF TOWN BABY BEFORE IT'S TOO LATE."

This is being submitted for the consideration of the Bureau and no distribution of any such flyer will be essayed by the Seattle Division without prior Bureau authorization.

The flyer, if authorized, would be prepared on community purchased paper which cannot be traced. If this suggestion is approved every caution will be exercised to protect the Bureau as a source of this activity.

It is contemplated that the flyer would be distributed by an anonymous mailing to the BPP headquarters, 1127½ - 34th Avenue, Seattle, Washington, selected taverns within the Central Area, and hangouts of [redacted] so as to broadcast this situation in the Central Area. If mailed to their hangouts, this might suggest to [redacted] that someone within their own group prepared the flyer.

If the flyer is authorized, the Seattle Division will report any tangible results.

On a national scope, it is suggested that established Bureau contacts, in the news media, both of publications and radio and TV broadcasting networks, be apprised of the history of the BPP, identities of leaders, with accompanying background sketches. They should also be apprised of the locations where the BPP has established branches and where they intend to do so and the overall aims of the BPP and how these aims will be accomplished. These established sources should be requested to decrease the amount of coverage given BPP activities and relegate what coverage is given to the "back pages".

Re Bureau letter to SF, 9/30/68.

The existence of a Black Panther Party Chapter in the El Paso Division has not been established to date nor has any information been received which would indicate that the Black Panther Party (BPP) of California is actively recruiting members at this time in the El Paso Division.

The only information received regarding California BPP persons being involved in El Paso came on 8/1/68 from a liaison source who reported that two individuals had told him that a [redacted] and indicated to them that he had talked with two Black Panthers from California, who were surveying the situation in the El Paso Division.

On 9/7/68, an individual identifying himself as [redacted] called the El Paso Office and advised that he had [redacted], and that meetings were scheduled for the fourth and fifth of 9/68. As a counterintelligence tactic, the alleged meeting place was surveilled by Agents of the El Paso Office, with negative results to indicate any type of meeting.

[redacted] who has furnished reliable information in the [redacted] advised Agents of the El Paso Office that [redacted] loser, a "pillhead with a big mouth",

and an individual who has a very poor record for telling the truth.

On 9/5/68, a member of the Military Intelligence Division of the Texas State Guard, reported that he had received information that there were two tall Negro males in black berets and black clothing in El Paso on 8/31/68, and that they had the initials "BP" on armbands. No other reports of these two individuals were received by any of the intelligence agencies or police departments.

On 9/26/68, an individual believed to be a Negro, called the local radio station indicating that he was a Black Panther, and there were 20 - 27 Black Panthers in El Paso, with more coming in for a demonstration. He was invited by the moderator of the open forum-type program to come to the station on 10/2/68 and/or 10/3/68 to be interviewed.

On 10/2/68, during the program from 4 to 5 p.m., the individual called and stated he was unable to show up because "someone had put sugar in his gas tank".

On 10/3/68, the alternate date, no call was received nor did anyone appear.

The BPP being an open organization and not clandestine in its activities, a grave doubt was raised as to the existence of the organization.

Nevertheless, the El Paso Office covered the alleged meeting spots on successive nights without any information being developed to indicate a meeting taking place, established a surveillance across from the radio station to observe and photograph any Black Panthers who showed up, and in addition, [redacted] have been alerted to him for the purpose of reporting any activity on his part.

Further, [redacted] whose identity is known to the Bureau, has been instructed to [redacted] to determine his current activities. It is to be noted

65

that [redacted] who alleges to be the leader of the organization, is an individual who is generally regarded as being without any friends or associates, and as one who possesses no leadership qualities.

Regarding counterintelligence techniques which can be utilized on a local or national level, the El Paso Office suggests the following for the Bureau's consideration:

1. Interview suspected Black Panther members in an area where the interview by Bureau Agents can be observed by other Black Panther members, thus casting the suspicion that the interviewed individual is a Bureau informant.

2. Call for the member at the BPP Headquarters or other place known to be frequented by them, and leave a fictitious name and the number of the FBI Office with the request that they have the man call. When, if suspicion has already been cast upon this member, a member of the Black Panthers calls to verify the number, the Bureau switchboard operator will, quite naturally, deny the existence of such an Agent, thus creating further suspicion.

3. Have a female call the wife of a Black Panther member or official, asking for the husband by first name.

4. Write a letter or make a telephone call to the wife of the member demanding that her husband stay away from the writer's wife, lest there be trouble.

5. Anonymously send a small contribution to the BPP, stating that this amount is not as large as that contributed previously (stating a large figure if deemed advisable) and since no record of the receipt of such a letter will be at the BPP Headquarters, the inference will be that someone there intercepted the money.

6. A variation of #5 would name a Black Panther member to whom the previous money was allegedly contributed, thus casting the suspicion that the member is holding out money on the organization.

66

7. If applicable, write a letter to the National Headquarters inferring in the letter that the local treasurer of the local BPP Chapter is holding out money on the National Headquarters.

8. Furnish to a cooperative, friendly, trustworthy newspaper or news media man, the criminal, moral, and other pertinent background regarding the leadership of the BPP.

9. An anonymous letter stating that despite what brother [redacted] or as the name may be, says about the leadership of the BPP Chapter, the writer believes that they are doing a fine job.

It is realized that not all of the techniques can be utilized in every situation, and that some have been used in the past, nevertheless, it is believed that the greater the disruption at the time of the organizing of a Black Panther or Black Nationalist Group chapter, the greater the possibilities of neutralizing the chapter and its leadership.

El Paso will remain alert to the counterintelligence problem, and will furnish information and techniques as they develop.

Reurlet 10/11/68.

The various counterintelligence proposals contained in relet have merit and will be considered in the over-all counterintelligence program aimed against the Black Panther Party (BPP).

Suggestion #5 contained on page 3 of relet has considerable merit and could be implemented in the near future, however, the suggestion is irrelevant to your division in view of the fact there is no known organized BPP activity in El Paso. This suggestion is being set forth for the edification of the San Francisco Division which may desire to utilize it against the BPP headquarters.

"Anonymously send a small contribution to the BPP, stating that this amount is not as large as that contributed previously...and since no record of the receipt of such a letter will be at the BPP headquarters, the inference will be that someone there intercepted the money."

Prior to dispatching such a communication to the BPP headquarters, San Francisco should submit the proposed letter to the Bureau for approval along with specific comments relating to the anticipated effectiveness of the letter.

It is not often that a well known Negro condemns a Negro group and the testimony appears in a well read newspaper like the "New York Daily News".

It is felt that we should attempt to take full advantage of this disclosure and a sufficient number of xerox copies of the article should be made up and disseminated nation-wide in areas where the Black Panther Party (BPP) are known to have chapters. It is believed that the article would have national appeal because [redacted]

After the article has been xeroxed it can be mailed in plain white envelopes to Negroes in high offices, Negro Ministers, responsible civil rights leaders, leaders of various youth organizations, people whose names have been found in possession of Black Panther members and other individuals who might be in a position to help destroy the BPP or who might be developed as a source of information on BPP activities.

It is believed that this counterintelligence move will do one of two things: cause persons interested in the BPP to reconsider before joining the group or to leave the group and secondly persons who receive a copy and then are interviewed under the Racial Informant-Ghetto program might be more prone to assist the Bureau under the informant program.

At the present time, there does not appear to be any factionalism in the NY Chapter of the BPP. There are of course individual quarrels but no known dissension against the main group or the objectives of the organization.

71

On a continuing basis the NYO has tried to foster hostile attitudes between the BPP and SNCC. This has mainly been accomplished by pretext phone calls to both organizations. As lately as 10/8/68, [redacted] stated, when telephonically pretexed, that SNCC is constantly guarding their premises against planned attacks by the BPP. On 10/4/68, [redacted] of the BPP, stated when telephonically pretexed, that he heard that SNCC was going to dynamite the office of the BPP, and they were going to get a hot reception when they arrived. He also mentioned they have two live snakes in the basement of their storefront located at 780 Nostrand Ave., Brooklyn, NY, to attack people who might prowl around their headquarters at night.

It is not felt that factionalism between local leaders and National leaders of the BPP will be accomplished while the organization is "riding high" but factionalism within the organization might begin to take place when the Negroes themselves begin to find fault with the group. It is hoped that the suggestion set forth above will help create this distrust by the mainstream of Negroes themselves.

In regard to suspicion among the leaders with respect to financial sources it is noted that [redacted], reportedly [redacted] At this time it is not known where these funds come from, other than the Peace and Freedom Party and various other fund raising ventures. It is not known whether there is any large contributor to the BPP in the NY area.

77

Concerning suspicion about the spouses of BPP members nothing has occurred in the NYO area which would highlight any infidelity upon the part of the members. Although it must be assumed that this group is generally a low moral outfit and general misconduct might be rampant. In this regard the NYO would suggest that when the individual members of the BPP have been investigated and their home addresses, identity of spouses and telephone numbers have been established, consideration can be given to placing discreet pretext phone calls, using a Negro accent, to the spouse suggesting various things concerning her husband. This can be easily accomplished utilizing the minimum of investigation time.

As to suspicion as to who may be cooperating with law enforcement and suspicion as to who may be attempting to gain complete control of the organization for his own private betterment it is felt that in both cases this can best be handled during interviews with BPP members, that is to say that this suspicion can best be placed in the minds of these BPP members when we are talking to them. As the Bureau is aware the NYO is attempting to interview all known BPP members in this areas as well as all other individuals who are known to have contact with these members. As the interviews have progressed all agents assigned to these interviews are cognizant of the value of planting suspicion along the lines set forth above. This is a continuing method which must pay dividends in the long run. In the case of [redacted] he was told that of course he knew he could not trust all those around him as some of them were bound to inform. This disarmed him somewhat and caused him to think. Efforts are continuing in the NYO to make [redacted]

73

[redacted] In the case of foreign visits by BPP members [redacted] was asked if the [redacted] attempted to gain his cooperation [redacted] He was advised of the provisions of the espionage statute and non-registration of foreign agents. He stated that the [redacted] did not seek his cooperation. It is not known if other BPP members have made similar visits.

It is felt that one method of creating opposition to this party on the part of the majority of the residents of the ghetto areas would be to publicize statements made against the BPP by responsible and well known Negroes as previously set forth in this letter. For the most part the residents of the ghetto areas will only listen to their own people especially if they are well known individuals.

It has also been observed, that outside of a small percentage of Negro extremists, as of this date, it does not appear that the BPP has been able to gain widespread support among the residents of the ghetto areas in NYC.

Basie's Wife Tells of Fear

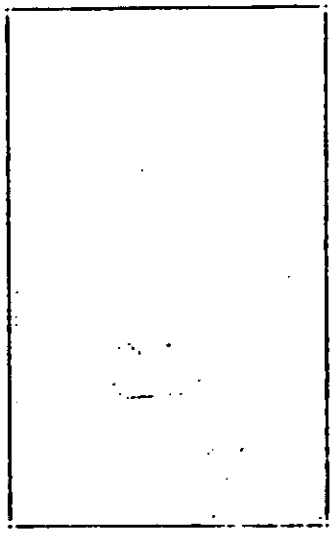
Quits Leadership Role in Civil Rights Group

By THOMAS FOSTER

Fear of the Black Panthers forced her to resign her leadership role in a civil rights organization, Mrs. Catherine Basie, wife of the famed orchestra leader, Count Basie, disclosed yesterday.

Trembling with emotion, the civic leader told the Joint Legislative Committee on Crime and Violence:

"Our own people are attacking us. These Black Panthers, militants and extremists threatened our lives. This is the trend."



Mrs. Catherine Basie
Forced to resign, she says

Assemblyman Arthur O. Eve (D-Buffalo), a leader in that city's Negro community, interrupted Mrs. Basie's testimony to suggest the formation of "a black man's club to stand up to these Panthers and extremists."

"Same Trouble in Buffalo"

"We had the same trouble in Buffalo, but we stood up to them, and when they told me they were going to kill me, I told them that my friends would kill every one of them," Eve said. "You can't back down from them."

The lawmaker, a member of the committee, said that six of the men are members of the Black Man's Club. Some other community meetings in the Negro area to "protect their wives and children from any extremist infiltrators."

Mrs. Basie, near tears, countered: "I'm not in favor of those Black Panthers or their meeting and breaking your local members, infringing their lives. I cannot go along with this new militancy and this intimidation. Even the Negro businessmen are moving out of our neighborhoods."

In Council 16 Years

She told the lawmakers that she resigned as chairman of the South Jamaica Community Council, a post she had held for 16 years.

"Our leaders years ago we feared the white man," she added, "and now we fear our own people, and it's a worse fear."

ReBulet to San Francisco dated 9/30/68 and Newark letter to Bureau dated 10/2/68.

BLACK PANTHER PARTY (BPP) activity in the Newark Division is of recent origin. A chapter began to organize in Newark on or about 6/21/68 followed by chapters in Jersey City and Paterson, N.J.

There has been one incident involving the Jersey City chapter and the Jersey City Police Department; however, the three chapters in New Jersey have not played a significant role to date.

Persons appear to be attracted to this organization mainly due to the name and uniform.

Most individuals in the BPP do not appear to have employments like the average person based on the time they can spend on the streets.

Newark therefore has been concentrating on determining the financial resources of BPP chapters and criminal records of members. In this regard referenced Newark letter dated 10/2/68 set forth suggestions relative to the Jersey City chapter.

It is felt that if funds which support BPP operations can be interrupted or if a criminal check reflects someone in a leadership capacity is on parole, you then have the best opportunity for counterintelligence action which could tend to neutralize BPP activity. It is believed that this approach may have validity in other divisions where, like Newark, activity by the BPP is minor and of recent origin.

No known foreign visits have been made by Black Panthers in this area, and Newark has no suggestions relative to this aspect at this time.

Re Bureau letter to San Francisco, 9/30/68.

This Division proposes that the following suggestions be considered in the counterintelligence program against the Black Panthers:

1. Making available to responsible Bureau sources who are in positions of authority locally in Negro newspapers, copies of The Black Panther newspaper in order that they may publish selected excerpts from it which particularly expose the rabid racist and violence-prone nature of the Panthers, thereby encouraging Negro opposition to the Black Panthers.

2. Utilizing the same sources to publicize Black Panthers who are in disfavor with the Panther leaders and/or other black nationalist leaders and contrasting Black Panther leaders in a less favorable light, thereby creating the climate for factional in-fighting.

3. Have law enforcement agents pick up a Black Panther lesser official at a location away from their headquarters, drive him in a law enforcement vehicle to a location near the headquarters, and then let him out of the vehicle as one of the agents says in a loud enough voice, "Thanks for the information, Willie (or whatever his name is), we'll pay you again next week."

4. Handprint a Black Panther's first name on an FBI embossed envelope (empty) and place it anonymously in the vehicle of another Black Panther while the vehicle is unoccupied. Both this suggestion and number 3 should serve to cast suspicion on the Panther involved.

5. Have a Negro agent or male clerk telephonically contact the residence of a Black Panther during late hours, and ask for the Panther's wife by her first name. In any ensuing conversation, the caller should attempt to leave the impression with the Panther that he is the current lover of the wife.

He is presently free on $10,000 bond on this charge, his trial being scheduled for [redacted] that due to [redacted] being out on bond on this charge, he was unable to attend the GEORGE WALLACE appearance held in Denver on October 11, 1968.

With Bureau approval the Denver Division will conduct its counterintelligence activity against the BPP by immediately furnishing information obtained from Denver's excellent informant in this organization to the Denver Police Department where action can be taken against members of the BPP. The Denver Office feels this is an effective way to neutralize the activities of the BPP, it being noted that they have had difficulty in raising money to make their bonds. [redacted] traveled to Oakland, California, and contacted the BPP there in an attempt to raise money for his bond.

The Denver Division feels the above method would be excellent action to take against BPP on a national level.

ReBulet to San Francisco dated 9/30/68.

It is noted that the status of the Black Panther Party (BPP) in Pittsburgh is not clear at this time. There was a flurry of indicated organizational activity in Pittsburgh during early September, 1968, when [redacted] was in Pittsburgh [redacted] returned to Oakland about 9/16/68, and sources report no activity since then.

Proposed counterintelligence activity to be taken against the BPP in Pittsburgh is as follows:

A contact is planned with [redacted] who is one of the aggressive but rational leaders of the responsible Negro element in Pittsburgh, to ascertain his feelings re the BPP and to sound him out concerning the possibility of organized Negro resistance to the BPP. Bureau authority is not deemed necessary for this contact because [redacted] is an established source and because it is not planned any specific action will be taken other than to discuss the matter. If any specific action develops, Bureau authority will be requested.

Consideration is being given to early interviews with all individuals known to have been involved with the BPP activity in Pittsburgh during early September. It is not believed that Bureau authority will be necessary for these interviews inasmuch as none of these individuals are known to be BPP members. In addition to having a counterintelligence effect, it is considered these interviews will present an opportunity for possible informant development.

It is planned this office will remain alert to the possibility of the BPP, if it becomes active in Pittsburgh, attempting, in one way or another, to obtain funds through charitable foundations. This office, [redacted] has excellent potential to influence the granting of these funds. If it develops the BPP in Pittsburgh is attempting to obtain foundation money, Bureau authority will be requested to appropriately handle the matter.

Regarding action that can be taken against the BPP on a national level, it is believed that any effective opposition to the BPP must come from the Negro community itself. To achieve this, it is believed the possibility should be considered in the various areas of activity of the BPP of contact with responsible Negro sources and contacts for the purpose of discussing the matter and perhaps subtly suggesting action that could be taken. This would be the same idea on an expanded basis of the contact planned with [redacted] above.

This matter will be further considered and any additional ideas developed will be promptly submitted.

In connection with your stated intention to ascertain the views [redacted] concerning the Black Panther Party (BPP), you should be most circumspect in your interview with him so as not to leave [redacted] with the impression that the FBI is urging organized Negro resistance to the BPP.

Such organized resistance by responsible Negro leaders is most desirable, however, it is neither fitting nor proper that the FBI be identified with such a movement.

In your contacts with [redacted] emphasize that the Bureau's investigatory interest in the BPP, among other things, is to learn in advance of any planned acts of violence so that appropriate action can be taken by law enforcement agencies.

PERTINENT CHANGES SINCE DATE OF RELET

As the Bureau is aware, according to information in possession of WFO, STOKELY CARMICHAEL recently severed his relationship with the Student Nonviolent Coordinating Committee (SNCC) and reportedly was becoming more closely aligned with the Black Panther Party (BPP), a California based organization.

Due to internal problems between [redacted] and factions apparently loyal to CARMICHAEL which erupted into violence, the WDC SNCC Office was closed during August, 1968, and has not been reopened.

[redacted] reportedly departed the WDC area following the eruption of violence, but has now reportedly returned to WDC and is continuing to reside in the area.

I. Operations Under Consideration

1. As the Bureau is aware, during a meeting of the Black United Front (BUF) on 10/2/68, at the Lincoln Memorial Congregational Temple, WDC, [redacted] On several occasions during the meeting, [redacted] raised questions regarding the organization of the BUF, involvement of CARMICHAEL in the BUF and at one point, specifically requested CARMICHAEL to explain the aims of the BUF in view of his association with the BPP. Apparently CARMICHAEL was upset by [redacted] questioning and finally refused to recognize him from the floor until the audience orally indicated their desire to hear [redacted]

In addition, as the Bureau is further aware, [redacted] has in the past written numerous letters to various WDC newspapers and many of these letters concerning Negro life, civil rights and black power, have been published.

During recent contacts with WFO, [redacted] has expressed an intent to write letters for publication to various WDC newspapers, which letters would be against CARMICHAEL. In these letters, he intends to question the source of CARMICHAEL's funds, his affluence, why the Negro should follow him, etc.

WFO is interested in further encouraging [redacted] to write such letters and consideration should be given to providing him with selected information which may not otherwise be available to him, for more effective results.

2. Noting the fact that CARMICHAEL apparently did become upset by [redacted] questioning during the above-referred to BUF meeting, WFO is considering attendance

97

at future BUF meetings of selected individuals who could question CARMICHAEL and other panel members regarding issues discussed during the meeting, personal habits of panel members, etc. This would not only raise questions in the minds of the audience present, concerning various BUF proposals and panel members, but may also cause further dissention among the panel members themselves.

3. Since the closing of the WDC SNCC Office, [redacted] advised that [redacted] has been considering opening an Afro information center for Blacks to come for information and messages, etc. CARMICHAEL and [redacted] have indicated a willingness to cooperate in setting up such a center.

Consideration is being given to any possible use such a center would have in a Counterintelligence Program.

4. WFO is considering the potential of lengthy interviews and re-interviews with selected members of the New School for Afro-American Thought (NSAT), BUF, etc., as a counterintelligence measure against these organizations and their members. An interview program of this type should result in suspicion among fellow members and create an air of uncertainty within the target organization. The length of the interview would be important in such a program, inasmuch as during conversation among various members, the time element would most likely be mentioned and should result in associates wondering about the topic of conversation during such a lengthy interview. Especially after the interviewee has most likely stated that he said nothing pertinent during the interview.

5. A WFO source has indicated that a member of the NSAT, while in the presence of fellow NSAT members, was recently addressed by his first name by an individual known to be a law enforcement officer. The addressee was very upset and has continually suffered the barbs of his associates ever since the incident occurred.

98

WFO is of the opinion this would be a very effective counterintelligence measure, particularly with regard to the NSAT and could be employed following interview of a particular individual or without interview.

6. A publicity campaign to discredit CARMICHAEL among BPP members shoud be considered. Although CARMICHAEL was reportedly named as Prime Minister of the BPP, it could be rumored that he intends to become an active national figurehead of the BPP and believes that he can accomplish this aim because of his notoriety. That he plans to use the BPP in the same way he used SNCC to further enhance his reputation among the black people and result in furtherance of his personal affluence.

The Bureau's comments are solicited regarding the above proposals.

II. Operations Being Effected

WFO is not currently effecting any operation under the Counterintelligence Program, but has given limited encourgement to [redacted] previously mentioned above, inasmuch as he does intend to submit letters to various newspapers on his own initiative.

III. Tangible Results

In relet, WFO commented that the very nature of some of the individuals which comprise the various black nationalist hate groups, lends to a certain disunity in itself as illustrated within Resurrection City. This was again borne out by the internal problems between [redacted] WDC SNCC Office, and apparently CARMICHAEL factions, which erupted into violence and the subsequent closing of the WDC SNCC Office.

99

Much of the dissention between the [redacted] and CARMICHAEL forces was brought about through the constant efforts [redacted] to promote discord between SNCC factions. [redacted] was instrumental in causing dissent by [redacted] administration of SNCC. This action by source contributed in large measure in bringing about the dispute that erupted and the subsequent closing of SNCC.

IV. Developments of Counterintelligence Interest

As previously mentioned, the WDC SNCC Office was closed and has not been reopened.

[redacted] sided with [redacted] during the dispute for control of the WDC, SNCC Office.

According to a WFO source, there has been no activity at SNCC Headquarters, WDC, since 9/9/68, and in fact the building has been locked.

CARMICHAEL has apparently severed his relationship with SNCC and reportedly was becoming more closely aligned with the BPP.

RACIAL INTELLIGENCE

Reurlet 10/15/68.

Referenced letter noted six counterintelligence operations under consideration by Washington Field Office (WFO). WFO should submit specific recommendations concerning these for Bureau approval. The Bureau feels these operations have merit.

Item Number Four in referenced letter concerns interviews of selected black nationalists. Authority for these should be handled pursuant to the Manual of Instructions since interviews per se are not strictly a counterintelligence measure, although an interview program does result in some disruption of an organization.

Particularly important is Item Number Six to discredit Stokely Carmichael among Black Panther Party members. Consider methods to show that Carmichael is attempting to enhance his own position for personal aggrandizement. It would be valuable to convince his followers that Carmichael is doing a lot of talking, often for large fees, but is not taking any action. He is, in effect, saying do as I say, not as I do.

(BUded 10/14/68)

Re Bureau letter to San Francisco dated 9/30/68.

The following counterintelligence proposals are being submitted for Bureau consideration.

As the Bureau has previously been advised, Los Angeles has received information indicating that the Black Panther Party (BPP) believes that [redacted] has sold out to the "establishment". Various sources have reported that the BPP has a "contract" out to kill [redacted] but that this "contract" is being held in abeyance until the HUEY NEWTON trial and appeals have been completed in order that the BPP will receive the full support of the black community. In order to capitalize on this situation, it is recommended that Los Angeles be authorized to prepare a letter, utilizing street vernacular and appropriate stationary, which will be sent to the Los Angeles BPP purporting to come from an anonymous member of the "US" organization. The letter will state that the youth group of the "US" organization, the Young Lions, or Simba Wachanga, are aware of the BPP "contract" [redacted] and that they, in retaliation, have made plans to ambush leaders of the BPP in Los Angeles. The text of the letter will indicate that the person is sympathetic toward the BPP but is afraid of the consequences if "US" members should find out about the letter.

Investigation has shown that the Peace and Freedom Party (PFP), a duly constituted political party in California which supports peace candidates, has been supporting some activities of the BPP and is providing the BPP with financial

assistance. It has been determined that the PFP actually made arrangements to lease the building in which the BPP in Los Angeles has its headquarters. It is requested that the Bureau authorize Los Angeles to prepare an anonymous letter, again using street vernacular and appropriate stationary, which will be sent to a selected individual in the PFP, to inform him of statements made by the BPP concerning their association with the PFP. Specifically, the statements will include the fact that the BPP has made the statement in closed Panther meetings, that when the time comes, they will "line up the Caucasians in the PFP against the wall with the rest of the whities". The letter will purport to come from an individual who is associated with Panther members and who has heard Panther members boast of what they will do to Caucasians in the PFP when the Panthers finally launch an armed rebellion. It is felt that a letter of this type could cause considerable disruption of the association between the BPP and the PFP.

It is also recommended that Los Angeles be authorized to prepare a letter, which will be sent to the Oakland BPP Headquarters, stating that the BPP leaders in Los Angeles are using BPP funds for their own benefit and are not really interested in supporting HUEY NEWTON and other Panther leaders. This letter will also be anonymous and will purport to come from a Panther member in Los Angeles who is afraid to reveal his identity.

Information has been received that [redacted] is presently at odds with ELDRIDGE CLEAVER. [redacted] in the past, has reportedly traveled to Tokyo and possibly to Rome, Italy. Information received by the Los Angeles Office indicates that [redacted] presently in New York and may stay in the East because of his disagreement with Panthers on the West Coast. It is recommended that Los Angeles be authorized to prepare a letter, which will be sent to ELDRIDGE CLEAVER, complaining about the high standard of living o[redacted] and criticizing [redacted] for his expenditure of Panther funds. This letter will be anonymous and will purportedly come from a Los Angeles Panther member who is afraid to reveal his identity. It is felt that such a letter could widen the split between leaders of the BPP.

107

If Bureau approval is granted in regard to any of the above suggestions, Los Angeles Division will submit a specific letter for Bureau approval prior to the initiation of any of these proposals. Los Angeles will continue to remain alert for counterintelligence measures against the BPP, and additional recommendations will be submitted to the Bureau in the future.

RACIAL INTELLIGENCE
(BLACK PANTHER PARTY)

Reurlet 10/14/68.

The four specific counterintelligence measures to disrupt the Black Panther Party (BPP) suggested in relet show imagination and insight on your part. For your information, numerous counterintelligence proposals are being considered at the Bureau concerning the BPP, many of which involve the "anonymous letter" technique. Although each recommendation involving anonymous letters made by you has merit, approval for each is not being authorized since the overuse of this technique may reduce its effectiveness.

Your suggestion to capitalize on BPP differences with [redacted] are appealing and could result in an "US" and BPP vendetta.

Submit for Bureau approval your proposed anonymous letter in this regard.

Also submit to the Bureau for approval the anonymous letter you propose to send to a selected individual in the Peace and Freedom Party (PFP). Advise of the identity of the individual in the PFP to whom you intend to send the communication.

RE: COUNTERINTELLIGENCE PROGRAM; BLACK PANTHER PARTY
100-448006

In view of counterintelligence suggestions being considered at the present time which involve the mailing of anonymous letters to Eldridge Cleaver, the Bureau does not desire that you prepare an anonymous letter to Cleaver concerning [redacted]. For the same reason, the Bureau does not desire that additional anonymous letters be sent to the BPP headquarters in Oakland, California.

In order to fully capitalize upon the falling out of Cleaver [redacted] as well as your excellent suggestion that funds being collected in Los Angeles for the defense of Huey Newton are being dissipated by BPP members in Los Angeles, the following variation on your idea is being submitted for your consideration and development.

Prepare an envelope which appears to have been prepared and distributed by the Los Angeles BPP soliciting donations for the defense of Huey Newton. The envelope can appear to be one of many preprinted envelopes directing the donor to place his contribution in the envelope with instructions to mail the envelope to the mailing address of [redacted]name and address or that of the local Los Angeles office of the BPP can be preprinted on the envelope. This envelope with a small financial donation can be forwarded to the Oakland BPP headquarters along with a subscription request to the BPP newspaper. Obtain name and address of Negro donor from obituary column of Los Angeles newspaper. The envelope could inadvertently be sent to the BPP headquarters in Oakland rather than Los Angeles. The desired effect would be to give the BPP headquarters in Oakland the impression that a considerable amount of money was being collected in Los Angeles for Newton but the money was not being forwarded to the defense fund but rather being pocketed by Los Angeles Panthers and [redacted]himself.

Make specific recommendations concerning all of the above discussed counterintelligence actions. Take no positive action without prior Bureau authority.

NOTE:

In relet Los Angeles submits four proposed counter-intelligence techniques aimed against the BPP. Each suggestion involves the mailing of anonymous letters. In those instances where anonymous letters, under captioned program, are not already being considered, Los Angeles is being instructed to go ahead and submit their anonymous letters for Bureau approval. An alternate suggestion intended to obtain the same results is being forwarded to Los Angeles for its consideration to cover the two instances where anonymous letters are not appropriate for the reasons stated above. Upon receipt of specific recommendations for action from Los Angeles, a detailed memorandum will be prepared in order to obtain authority to implement the above counterintelligence measures.

Black Panther Party - Portland Division

Portland racial informants indicate that while there are some self-admitted Black Panther Party (BPP) members in Portland and Eugene, Oregon, there is no actual functioning BPP chapter. If a chapter is formed, it will be in either Eugene or Portland since there is no significant concentration of militant blacks elsewhere in the state.

Portland is following developments closely and should organization appear imminent, Portland will propose to the Bureau that dissension be created through anonymous leaflets appropriately disseminated, demanding that the other city be the site for Oregon's BPP. In the case of Eugene -- points can be made that those blacks forming the chapter are middle class honky-loving students at the University of Oregon (Eugene), (pointing out white girl friends) who have nothing in common with Oregon's Negro concentration in the Portland ghetto; that these students will sell out for good jobs leaving the ghetto brothers holding the bag.

If organization is started in Portland, Portland will suggest that attempts be made to instill discontent among black students at the University of Oregon who might be expected to furnish leadership. Again anonymous leaflets could be used to point out that Portland blacks are too docile and ridden with police informers for it to be the site of a BPP chapter. This alleged docility has been commented upon

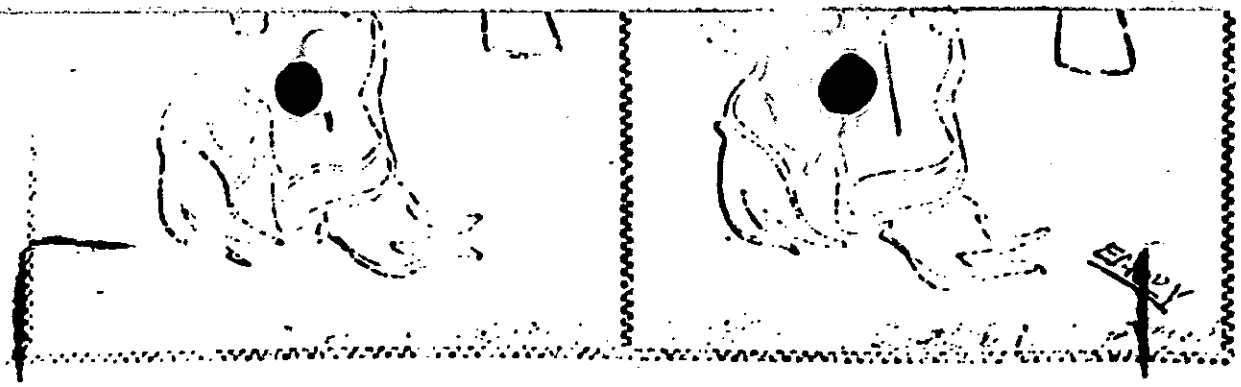
in the past by Eugene blacks. Portland black militants such as [redacted] will be pointed out as untrustworthy because they have accepted jobs and money (factual) from whites and have had white girl friends. Suspicion, of course, could be raised concerning money sources of emerging BPP leaders in either Eugene or Portland.

Re: BPP Nationally

The BPP newspaper from Oakland, California, dated 9/28/68, page 22, contains a notice, "Warning to So-Called 'Paper Panthers,'" a xerox copy of which follows:



Huey Newton realized that an organization can be no stronger than its members, so he chose men who were dedicated to the black liberation movement. The chairman of the Black Panther Party, Bobby Seale, exemplifies the type of men that Huey wants for the Black Panther Party. Bobby has held many decent paying jobs, but he could not be bought off in his attempt to help his black brothers. Bobby joined with Huey and has remained faithful to the cause, in spite of Huey's imprisonment and constant threats against Bobby's life. The threats of death have only served to strengthen Bobby's resolve.

Denmark Vesey chose Peter Poyas as his chief assistant. Peter Poyas has been described as a man with ice water in his veins - one of the coolest operators ever. When a wavering Uncle Tom exposed Vesey's plot to enslave Charleston, Peter was picked up and questioned, but remained so cool that he was released. Later when more wavering informed him, Peter who was considered to be a calculating companion who let scarcely a word fall to gain to "Die like a man!" A word from Peter was enough; his companion ceased to complain. At his execution Peter told his fellow revolutionists when they were asked for additional information, "do not open your lips. Die silent as you shall see me do." A cool customer indeed.

Huey realized that only actively overthrowing the system is not enough. Huey, Bobby, and Lil' Bobby Hutton started their shotgun patrols to discourage police brutality in the ghetto. This effort was very successful in accomplishing its goal, but it turned the full fury of the police force onto the Panthers. The police continued to harass Huey and the Panthers until the shooting incident that resulted in Huey's incarceration. Even the incarceration of Huey did not satisfy the police witnessed by the [illegible] of the Panthers.

Vesey organized his [illegible] to rise around the [illegible] but was [illegible] of the city, [illegible] revolt [illegible] plan and [illegible] Huey Newton realized that an organization can be no stronger than its members, so he chose men who were dedicated to the black liberation movement. Gabriel Prosser fought slavery and was executed. Denmark Vesey fought slavery and was executed. Nat Turner fought slavery and was executed. In each case black people did nothing to aid the men who had fought for freedom. Marcus Garvey fought oppression and was jailed. Malcolm X fought oppression and was assassinated. Martin Luther King fought oppression and was assassinated. Black people did nothing. Huey P. Newton fought oppression and has been jailed. But Huey P. Newton can still succeed in his efforts to liberate black people if black people will give support to his efforts. He is not being tried for any crime that he has committed (there is no evidence to that effect). He is being tried for attempting to stop the criminal acts of the white racist power structure. He is being tried for seeking justice for all black people. If we allow Huey's trial to end in a conviction and then do nothing about it, we would no longer complain about our treatment in America because we deserve no more.

Portland believes that the above notice contains the possibility of exploiting serious factionalism in the BPP. The notice sternly admonishes BPP members to "stop vamping on the hippies." Since the BPP has in the past been strictly anti-white without exception, this notice represents a change, evidently ~~y~~ not wholly accepted by all BPP members. Portland believes that through a paper organization with a title such as "West Coast Committee for a Real Black Panther Party," with leaflets indicating origin in Seattle, Los Angeles, etc. chapters, dissension can be created on this issue. Accusation could be made that Oakland BPP are going soft on honkies because Oakland leaders have white girl friends among the hippies. This accusation could be especially effective among BPP females. Dissemination of such leaflets should be made simultaneously in areas of BPP activities, nationally.

Reurlet 10/14/68.

For the information of San Francisco, the Portland Division in relet suggests a counterintelligence maneuver aimed at exploiting the factionalism existing in the Black Panther Party (BPP). The BPP in the past has been strictly antiwhite. Portland points out a recent change in this policy in which members are admonished to "stop vamping on the hippies." This change in policy first evidenced itself in connection with the publication of the following warning which appeared in the BPP newspaper dated 9/28/68, page 22, set forth below.

"WARNING TO SO-CALLED 'PAPER PANTHERS'"

"Black brothers stop vamping on the hippies. They are not your enemy. You enemy, right now, is the white racist pigs who support this corrupt system. acts endanger the BLACK PANTHER PARTY members and its revolutionary movements. WE HAVE NO QUARREL WITH THE HIPPIES. LEAVE THEM ALONE. Or—the BLACK PANTHER PARTY will deal with you!"

Portland advocates the establishment of a paper organization with a title such as "West Coast Committee for a Real Black Panther Party" (WCPP) with leaflets indicating origin headquartered in Seattle, Los Angeles, or some other West Coast city. The WCPP could publish leaflets claiming the Oakland BPP is going soft on honkies because Oakland leaders have white girl friends among the hippies. This accusation could be especially effective among BPP females.

In connection with the consideration of this probative suggestion, San Francisco and Portland may desire to incorporate material in the bogus publication indicating that the softening of BPP opposition to whites is a result of the influence of Stokely Carmichael on the BPP.

The fact that Stokely Carmichael is light complexioned and not a product of black America coupled with the fact his sister, Judy Carmichael, is married to Marc Hassin, a British Caucasian who resides in London, England, may indicate to many black militants that he is not a true Afro-American black man. It may also be pointed out that Carmichael, who has traveled extensively around the world and violated many United States laws, has never been arrested, charged, indicted, or brought to trial for violation of any Federal laws. The implication is that Carmichael may be working for some Federal agency such as the FBI or Central Intelligence Agency and is immune from prosecution. It may be further suggested that Carmichael has served his white pig

masters well in ratting on friends of the black man in Cuba, North Vietnam, and in America and he is now putting down the Panthers.

Portland, coordinate this matter with San Francisco and make concrete recommendations for Bureau approval. Take no action without prior Bureau authority.

NOTE:

Portland has submitted an excellent counterintelligence proposal. Our thoughts expanding on Portland's idea being incorporated.

Upon receipt of specific and concrete recommendations from Portland, a detailed memorandum will be prepared requesting approval of the counterintelligence measure considered above.

Re Bureau letter to WFO, dated 7/1/68, captioned as above.

The Bureau in referenced letter indicated that it was desirous of spreading a rumor among black nationalists that CARMICHAEL is indeed a paid agent of a government intelligence or police agency. The Bureau further pointed out that due to CARMICHAEL's extensive travel overseas and black militants' distrust of the Central Intelligence Agency (CIA), it might be appropriate to tag CARMICHAEL with a "CIA label".

It is to be noted that CARMICHAEL is currently affiliated with the Black Panther Party (BPP), having recently severed his association with the Student Non-Violent Coordinating Committee (SNCC).

The Detroit Office proposes that when information is received that CARMICHAEL is to appear for a speech or any other activity in the Detroit area or in the territory of any other field office, that a throwaway be prepared and given widespread circulation in the black community of Detroit indicating in the throwaway information relative to the attempted purchase by CARMICHAEL in Washington, D.C. of a $70,000.00 home and further urging people not to attend the affair or give any financial support to CARMICHAEL

inasmuch as he is a traitor to the movement and it could further be implied in this throwaway that CARMICHAEL is a paid informant of a government intelligence agency, namely the CIA.

This throwaway would indicate that it was being distributed by such a fictitious organization as The Black Brotherhood to protect the brothers in Detroit.

In the event CARMICHAEL appears in the Detroit area, Detroit contemplates submitting the above proposed suggestion to the Bureau for Bureau approval.

Re Phoenix letter to Director, cc Chicago, 9/27/68.

Enclosed herewith for Atlanta is one copy of referenced letter.

Referenced letter sets forth statements attributed to [redacted] to the effect Reverend RALPH ABERNATHY of the Southern Christian Leadership Conference had met recently with ELIJAH MUHAMMAD, same being publicized in the Nation of Islam (NOI) newspaper "Muhammad Speaks", and that this was proof ABERNATHY was accepting MUHAMMAD's teachings. According to the Phoenix source this made a great impression on the NOI congregation.

Phoenix suggests the Bureau and Chicago evaluate whether or not the impact of statements such as the above is prevalent in other NOI Mosques and, if so, to weigh possibility of 1) advising ABERNATHY that the NOI is of the opinion his group is in sympathy with them and requesting a publicized rebuttal by ABERNATHY 2) if ABERNATHY is not cooperative consider utilizing a friendly news media to confront ABERNATHY and asking him if he and his organization are in sympathy with the NOI philosophy.

Chicago in the past has furnished the Bureau with full details in form suitable for dissemination of the several visits made by MARTIN LUTHER KING with MUHAMMAD and of the referred to visit of ABERNATHY with MUHAMMAD. As far as could be determined they were, in the main, social in nature and of short duration. In each instance the visits were given full exposure in "Muhammad Speaks" and on at least one occasion KING was questioned by the Chicago news media as to the purpose of the visit by him

with MUHAMMAD. In general the purpose seemingly was to try and promote an appearance of unity among leaders and members of the Negro race. Sources reported that MUHAMMAD is greatly impressed when such individuals come to visit him and highly publicizes same; however, he continues to try and convince these leaders he is the only divinely guided leader of the Negro in America and they should follow him and his plan-separation-for the negro. These sources report the visiting negro leaders generally leave MUHAMMAD in a state of disbelief when they find MUHAMMAD so adamant in his views.

The NOI, of course, would publicize such visits throughout its various Mosques as "Muhammad Speaks" is sent to all. It is well known the NOI ministers utilize these papers as texts for their sermons. It would be natural for a NOI minister to do exactly [redacted] did in their continuing efforts to publicize MUHAMMAD as the only true leader.

Chicago cannot evaluate Phoenix's suggestions as to contact, or confrontation by friendly news media, with ABERNATHY in this regard as Atlanta is office of origin in the matter. It would appear to this office, however, that ABERNATHY would react to same by merely commenting that MUHAMMAD is a black man and unity of all is needed. This could possibly result in the press giving undue publicity to MUHAMMAD again, which he thrives on be it good or bad. There is no reason to believe, as far as this office is concerned, that ABERNATHY would react in a manner desired when advised MUHAMMAD was using his name for publicity or that contact by a news media in this matter would do other than possibly imply the white press was persecuting MUHAMMAD, which is certainly not desireable.

The Bureau in referenced letter requested the Detroit Division to submit suggestions as to proposed counterintelligence activity to be taken against captioned organization in the Detroit Division, as well as suggestions as to what action can be taken against the Black Panther Party (BPP) on a national basis.

Sources of the Detroit Office, including contacts on a frequent basis with the Special Investigations Bureau of the Detroit Police Department and the Intelligence Unit of the Michigan State Police, to date have developed no information to indicate that a BPP Chapter has been established in the Detroit Division. However, it is to be noted in this regard that just recently a rally was held at a local church in Detroit, Michigan, the purpose of which was to support the Presidential candidacy of ELDRIDGE CLEAVER, Minister of Information of the BPP. Speakers exorted those in attendance to support CLEAVER's candidacy and also to contribute financially to the BPP.

Other than the above, no other information has come to the attention of the Detroit Division which would indicate that the BPP was attempting to form a Chapter in the Detroit Division.

In the event a Chapter of the BPP comes into existence in the Detroit area, the Detroit Division plans on creating a dissension between the new Chapter and the local Republic of New Africa (RNA) inasmuch as at the Third Annual Conference of Black Power recently held in Philadelphia, it was indicated that the BPP did not desire to affiliate or be in any way connected with the RNA.

Detroit plans, in the event a Chapter becomes active, on mailing letters to respective BPP members utilizing the stationery of the RNA and pointing out in these letters to the recipients that the BPP is an unsavory organization and does not represent the interests of the black man.

Each Division having a BPP Branch should develop similar counterintelligence plans creating dissension between the BPP and other local black nationalist organizations. If done on a national basis this should be effective in decreasing BPP organizational powers.

Prior to the initiation of the above-mentioned counterintelligence technique, Bureau authority will be requested.

Additionally, in the event a BPP Chapter becomes active in the Detroit area, the local leaders will be immediately identified by the Detroit Office and consideration will be given to actions which will create suspicion among the leaders with respect to their financial sources, suspicions concerning their family life and also an attempt will be made to indicate that these individuals are cooperating with local law enforcement officers.

This matter is being followed closely by the Detroit Division and every effort will be made to develop a proposed counterintelligence action against the BPP on a local or national level.

Since [redacted] already knows the status of the former students and that they are trespassing, it would not appear necessary to suggest they be arrested. The Bureau feels that such an arrest could well make martyrs of the two individuals, possibly provoking student demonstrations.

You should alert established sources to determine the reason for their campus visits since black nationalist activities may be involved. Knowledge of the purpose of the visits might suggest other counterintelligence action and this should be submitted to the Bureau for approval.

RE: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
RACIAL INTELLIGENCE
[redacted]

NOTE:

[redacted] printed highly inflammatory and obscene articles, including articles on guerrilla warfare and how to make a bomb. He has been named [redacted] with a budget of $100,000 a year. He continues to publish a black nationalist extremist line using the drawing of a black panther on the masthead of the paper. The 9/27/68 issue of [redacted] has a front page headline, "Free Huey! The Sky's the Limit," which is a slogan used by the extremist Black Panther Party.

Publication of [redacted] background, [redacted] of both the "Inner City Voice" and "The South End," and the extremists' position he is advancing in a college newspaper would serve to neutralize him. Since "Combat" is specifically designed to expose black nationalist extremists, communists, and other revolutionaries, it is likely they would use this material. Furnishing the material by anonymous letter would protect the Bureau's interest.

COUNTERINTELLIGENCE
BLACK EXTREMISTS
RACIAL MATTERS
(BUDED: 11/7/68)

In connection with the Bureau's continuing efforts to counter violence on the part of black extremists, it appears that there may be some way in which the Chamber of Commerce (and perhaps other socially conscious organizations) can make a positive constructive contribution to society in solving this problem and thereby be of assistance to the FBI and law enforcement generally.

Each recipient must submit a letter to reach the Bureau by 11/7/68 setting forth its observations as to how the Chamber of Commerce (national and state) can make a worthwhile contribution within the law enforcement context through its associations and activities among citizens, both black and white, and through businesses in ghetto areas or otherwise. In substance, how can the facilities and good will of such an organization make its contribution in this field?

Re Bureau letter to Philadelphia, dated 10/11/68, regarding captioned matter.

In referenced communication the Bureau advised that [redacted] said that the Black Panther Party was being used by the New Left and because of that, the Panthers cannot be trusted.

In connection with this, it is felt that the Bureau's suggestion of spreading a story that the Black Panther Party's cooperation with the Peace and Freedom Party was purchased by the Peace and Freedom Party would be of counterintelligence value. In addition, it is believed that this story should reflect that ELDRIDGE CLEAVER's candidacy under the Peace and Freedom Party is of no value whatsoever to the "Black Revolution" and is simply furthering the cause of a "white" New Left organization, suggesting that the Black Panther Party was playing into the hands of and being used by whites of the Peace and Freedom Party. It is believed this could be accomplished most effectively if letters containing the proposed story and bearing [redacted] signature were mailed nationwide from Philadelphia to numerous black militant leaders and figures throughout the country.

If so approved, each concerned field division should submit to Philadelphia their selection of names and addresses of black militant figures to receive the letter.

SUBJECT: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
RACIAL INTELLIGENCE
(BLACK PANTHER PARTY)
(BUDED 10/18/68)

Re Bureau letter dated 9/30/68.

Although it was rumored that the Black Panther Party (BPP) was involved in a disturbance during the latter part of August and the first part of September, 1968, that resulted in the closing of the Washington, D.C. (DC) office of the Student Nonviolent Coordinating Committee (SNCC), it has not been confirmed through investigation to date by WFO sources that the BPP was in any way involved.

Although STOKELY CARMICHAEL, former National Chairman of SNCC and currently, Prime Minister of the BPP recently stated that he could organize a BPP in the WDC area if he so desired, no information has been received by WFO to indicate that he has in fact organized a BPP chapter in this area, or that he is trying to do so.

[redacted] advised a representative of the WFO that they desired to support the BPP, but that since it was determined that there was no local chapter of the BPP in the WDC area, they had sent to Oakland, California for BPP buttons, literature, etc.

[redacted] this area and advised representative [redacted] that he is not in receipt of any information concerning the opening of a BPP chapter in the WDC area. He stated that if such an organization were being formed in this area, he would be aware of it.

Other WFO sources who are familiar with the racial situation in the WDC area have furnished substantially the same information.

From all information to date in possession of WFO, it would appear that BPP activity in the WDC area is virtually non-existent at this time. Because of the connection of STOKELY CARMICHAEL with the BPP, it is likely that if the BPP became active in the WDC area, CARMICHAEL would probably be involved on a leadership level. In view of this, it is believed that a successful counterintelligence program against the BPP in the WDC area would necessarily center on CARMICHAEL. A successful counterintelligence program against CARMICHAEL would be of active against the BPP even though no active BPP chapter exists in WDC.

Since the closing of the WDC SNCC office in August, 1968, [redacted] reported that the militant former members of SNCC have expressed the desire for some place where they would be able to receive messages, telephone calls and have small meetings. Source and [redacted] former staff members of WDC SNCC have discussed the possibility of opening an Afro Information Center to serve this purpose. [redacted] has indicated that CARMICHAEL has expressed interest and approval of the idea of the center, and would cooperate in setting up such a center. Source is of the opinion that CARMICHAEL would utilize the services of this center if he were to try and setup a BPP chapter in the WDC area.

In view of the above, [redacted] would be immediately aware of any BPP activity in this area and would be in position to advise of BPP movements.

[redacted]

2

136

Concerning the counterintelligence program against established BPP groups, it should be noted that members of such organizations generally view with great displeasure any indication that the leaders are profiting financially from their involvement with the movement. In view of this, consideration should be given to the idea of planting rumors that various leaders have large bank accounts in banks outside of the area where the BPP is active. In addition, dummy deposit slips, checking account statements or bank deposit books could be planted by sources.

It might also be effective to spread a rumor through appropriate media, that STOKELY CARMICHAEL, Prime Minister of the BPP, who has been ousted from SNCC, is seeking to become "The" national figurehead for the BPP and take charge of all BPP activities. Also, that in view of his notoriety and backing, he feels he can easily attain his objective and further his reputation as a leader of the Black people. Further, that this is, of course, all for his own personal gain and that this is obvious from the life he is living now and the way in which he used SNCC to fulfill his own wants in the past.

"10 will continue to remain alert for any information indicating the formation of a BPP chapter in the WDC area and will further consider possible counterintelligence measures against the BPP.

The Bureau desires you to expand upon comments contained in relet pertaining to the possible establishment of an Afro Information Center in Washington, D. C., which center could serve as a mailing address, message center and meeting place for those engaged in black extremism. The possibility that such a center could be utilized by Stokely Carmichael as a base for his activities is of particular interest to the Bureau.

[redacted] you could considerably increase your coverage of black extremist activities on the part of the Black Panther Party (BPP) and other extremist groups in the Washington, D. C., area. Experience has shown that Afro-American cultural-type bookstores often serve as a meeting place for black extremists and as a nucleus for their activities.

Explore the possibility of [redacted] such a center under the patronage of Stokely Carmichael. Obtain the views of [redacted] concerning the feasibility of such an operation and [redacted]

Keep in mind that the success of such a venture would wholly depend upon the [redacted] which could serve as a focal point for black extremists.

Specifically comment upon the value you believe such an operation could produce.

Make specific recommendations concerning the foregoing. Take no action in this regard without prior Bureau authority.

PURPOSE:

To recommend attached item be given news media source on confidential basis as counterintelligence measure to help neutralize extremist Black Panthers and foster split between them and Student Nonviolent Coordinating Committee (SNCC).

BACKGROUND:

There is a feud between the two most prominent black nationalist extremist groups, The Black Panthers and SNCC. Attached item notes that the feud is being continued by SNCC circulating the statement that:

"According to zoologists, the main difference between a panther and other large cats is that the panther has the smallest head."

This is biologically true. Publicity to this effect might help neutralize Black Panther recruiting efforts.

ACTION:

That attached item, captioned "Panther Pinheads," be furnished a cooperative news media source by the Crime Records Division on a confidential basis. We will be alert for other ways to exploit this item.

The Student Nonviolent Coordinating Committee (SNCC) and the Black Panthers, two black nationalist extremist groups, are still feuding. Stokely Carmichael has gone over to the Panthers and the Panthers seem to be upstaging the older SNCC group.

Now SNCC is retaliating by circulating, sub rosa, this little item:

This is to recommend we advise established source on confidential basis that no information has been received that Whitney Young, head of the Urban League, is involved in black nationalist extremist activities.

The Pittsburgh Office has an established source at the Mellon Foundation, a charitable trust in Pittsburgh, Pennsylvania. We previously used the source in a highly successful counterintelligence operation to prevent a $150,000 grant from going to a black nationalist extremist group.

The source has now inquired whether the Bureau has any derogatory information regarding Whitney Young, head of the Urban League, a moderate civil rights group. The Urban League has applied for a $600,000 grant from the Mellon Foundation. New York has advised Young is a liaison source and very friendly toward the Bureau.

Thus it is recommended we advise the source, on a confidential basis, that no information has been received that Young is involved in extremist activity. If this grant goes to a moderate group such as the Urban League, the moderate group's influence will be boosted in the Negro community to the detriment of extremist groups.

ACTION:

That attached letter be sent Pittsburgh giving that office authority to advise the established source on a confidential basis that no information has been received that Young is involved in extremist activities.

Re Bureau airtel 3/4/68; and Chicago letter 7/2/68.

Set forth below is the periodic progress letter required; concerning captioned matter, as requested in referenced Bureau airtel under captionsas instructed.

1. Operations Under Consideration

Subsequent to the above referenced Chicago communication, this office has had several counterintelligence operations under consideration. A review of the income tax returns of [redacted] has been completed, having been earlier designated by Chicago as a primary counterintelligence target. It was determined, however, through this review that this individual appears to have submitted accurate income tax returns for the past several years and the anticipated counterintelligence approach on this basis was judged to be inappropriate.

Several additional counterintelligence approaches to the NOI have subsequently be considered, in reference to NOI units in San Antonio and Phoenix; however, for reasons set forth in Chicago communications of October 4, 1968 and October 16, 1968, under the above caption, such activities as considered were deemed to be inadvisable.

In relation to the NOI specifically, Chicago continually monitors closely the activities of this group with the end in view of developing effective counterintelligence techniques directed at either the organization or its leadership. In the event an opportunity arises where a productive counterintelligence measure appears in order, Chicago will immediately submit specifics of such approach for the Bureau's approval.

Reference has been made in the above referred to Chicago communication to the state and local Gun Ownership and Registration Ordinances which appear to render such possession or ownership on the part of black nationalists a vulnerable area in the event information exists that they are in possession of firearms illegally. Chicago is in the process of initiating a file review concerning such selected cases, the results of this review to be utilized in a close check of the records of both state and local law enforcement and regulatory agencies. The records of these agencies have only just recently been determined as having been placed in order for an effective review along these lines to be made.

Many of these militants are known in the past to have been in possession of weapons and where information can be developed reflecting that they are currently in possession of firearms, or are suspected of being in possession of firearms, appropriate liaison will be exploited to utilize these statutes to the extent possible against the militants in question. Such a program will be submitted to the Bureau for approval, prior to any specific such action being taken by Chicago.

Chicago continues to closely follow the activities of [redacted] referred to in referenced letter of July 2, 1968, as a primary counterintelligence target. He was recently turned down for military service and consequently will continue to be active locally. He is the [redacted] and most recently has indicated his conversion to or formation of a local branch of the Black Panther Party, headquartered in Oakland, California. This is a very recent development and the extent of the organization of this group in terms of membership and possible influence locally is as yet difficult to establish. This situation was referred to at some length in a Chicago communication under the above caption, October 14, 1968, and the situation is relatively unchanged from that time.

In addition, however, a Chicago racial source close to [redacted] has advised that he has recently expressed a desire to "take over" the remains of the Chicago Chapter of the Congress of Racial Equality (CORE), this group having been expelled from National CORE in early October, 1968. This expulsion came about as a result of a September, 1968, walkout on the part of the Chicago Chapter from the National CORE Convention held in St. Louis, Missouri.

[redacted] and the head of the local CORE group, [redacted] have never been friendly and [redacted] had stated his desire to remove [redacted] from the leadership of this group and place it under the Black Panther Party banner, meaning by this under his own leadership. To complicate this situation somewhat, however, this former CORE group, under the leadership of [redacted] has only recently organized itself into a new black organization calling itself Black Liberation Alliance, formed at the national meeting held over the weekend of October 18-20, 1968, at Columbus, Ohio. [redacted] did not attend this affair and the position he will take as a result of this development is not yet clear. It is believed, however, that this situation,

due in large measures to the friction among personalities involved, offers some opportunity for exploitation under a counterintelligence approach. At present, the situation appears to be too formative and nebulous for a specific technique to be intelligently developed.

In short regarding the above situation, within a period of little more than a month, the Chicago CORE Chapter, together with a rather limited number of adherents in other cities, has moved from a CORE group in good standing to a new and somewhat organized black group. It would appear that the early stages of the development of this group would offer a good opportunity to exhibit its effectiveness and as soon as Chicago can analyze the situation and develop what appears an effective approach, a specific recommendation for a counterintelligence action will be submitted for Bureau approval.

[redacted] the [redacted] and [redacted] was also referred to in referenced Chicago letter as a likely counterintelligence target. An analysis of his most recent activities would reflect that he is at present in a position where he might well be vulnerable to a well thought out counterintelligence approach. He has, until very recently, engaged in no significant local militant activities; however, within the past month has emerged as a principal "adult advisor" to several individuals and black youth groups instrumental in the organization and implementation of black student boycotts and unrest generally within the Chicago Public School System. [redacted] operates principally out of the [redacted] Chicago's south side and appears to have been a substantial influence on this movement which has been of significant success in terms of its effect on schools in Chicago's ghetto community. In consideration of counterintelligence approaches to [redacted]

attention will be devoted to his travel to Czechoslovakia during 1968, as well as his summer of 1968 travel to Japan where he reportedly was in contact with communist orientated student and youth groups. During 1968 it was also determined that [redacted] in the past has advised his local draft board of [redacted] activities on his part, which activities have served as the basis for his exclusion from military service. It appears possible that the above as well as additional past activities on his part might well be utilized in possibly compromising him and to some extent the black school boycott movement with which he is to some extent involved. Again, prior to the inception of any counterintelligence activities, Chicago will submit a specific recommendation to the Bureau for its approval.

2. Operations Being Effected

No counterintelligence operations are currently in progress in this field in Chicago; however, as the information set forth previously would reflect, Chicago anticipates that very shortly recommendations to initiate such operations will be forthcoming.

3. Tangible Results

No tangible results have as yet been forthcoming since the inception of this program in the black nationalist field.

4. Developments of Counterintelligence Interest

Information reflecting on this captioned subject matter has been referred to in large measure under the first item above. In short, however, the most significant developments locally would appear to be represented in the expulsion of Chicago CORE from the national group with the development of a new black nationalist organization involving these former members of CORE; development of a local Chapter of the Black Panther Party and a possible rivalry between this group and the leader of the new black organization referred to previously;

155

the emergence of the high school age black student groups at the present as the most violent and possibly militant black groups active locally. Attempts to develop an effective counterintelligence approach locally are consequently being directed at these areas of development.

The Chicago black nationalist scene generally continues to be a fragmented one, characterized by a number of small and relatively ineffective groups and individuals, none of whom have indicated a willingness or ability to work together or to polarize these to some extent competitive groups into a united front-type organization or grouping. Chicago feels that through an effective and well thought out counter-intelligence approach, it may be possible to develop programs which will in some measure contribute to the continuation of this situation and prevent the emergence locally of a group or individual who may serve as a unifying force within the black nationalist grouping. Chicago will remain continually alert to explore and exploit every avenue for possible counterintelligence activities directed at the black nationalist field which appears to hold potential for accomplishing this end. Any such development or technique will be immediately made available to the Bureau for its consideration and approval prior to inception by Chicago.

Re Bureau letter to San Francisco dated 9/30/68.

In Chicago at present, a group of about ten young Negro militants have banded together to call themselves the Black Panther Party. To date there activity has consisted of the election of officers. There is no indication that this group has any ties or connections with the Black Panther Party in Oakland, California.

There is every indication that older civil rights activists in the Chicago area have been attempting to use the name Black Panther Party in sponsoring meetings and fund raising events. It is apparent that such utilization is an effort to capitalize on the current wave of national publicity that is being received by the Black Panther Party of Oakland, California.

In light of the recent evolution of a Black Panther Party in the Chicago area there has been insufficient experience with the habits and activities of the individuals involved to determine an appropriate course of action which could have any significance as it would pertain to captioned matter. A lack of developing activity has precluded an intelligent appraisal of the trend development of this group and its members.

RACIAL INTELLIGENCE
(BLACK PANTHER PARTY)

Reurlet 10/14/68.

For the information of San Francisco, relet discloses that a group of approximately ten young Negro militants have banded together in the Chicago area and call themselves the Black Panther Party. There is no indication that this group has any ties or connections with the Black Panther Party (BPP) in Oakland, California. It appears the Chicago group is interested in using the name of the BPP for fund raising events and publicity. If leaders of the BPP in Oakland were aware that a group of militants in Chicago is capitalizing on the BPP name and exploiting BPP national recognition, it is likely they would take action to neutralize the Chicago group and disrupt its activities. This is particularly true if it appeared that the Chicago group was draining financial donations from the Oakland group. Such disruption of the Chicago group by the BPP would inure to the benefit of the Chicago Division by neutralizing and possibly disbanding a local extremist organization.

MAILED 4 COMM-FBI

Chicago and San Francisco consider a counter-intelligence measure whereby the BPP headquarters in Oakland, California, will be in receipt of information that financial donations emanating from the Chicago, Illinois, area for the BPP in Oakland are being diverted to the BPP in Chicago.

Re Charlotte letter to the Bureau dated 9/24/68.

The Bureau is requested to take under consideration and to approve, if deemed advisable, the following counter-intelligence action to be undertaken in the Charlotte Division:

IN RE [redacted]

This individual is on the Agitator Index of the Charlotte Division and [redacted]

Subject in April of this year organized a group of approximately [redacted] He has continued some degree of agitation in Negro high schools throughout the area and has claimed to be associated with the NAACP and the SCLC.

This individual is well known to local authorities as an alcoholic, and information has been received indicating that he may transport and use personally non-tax paid whisky.

Investigation has also reflected that this subject has lost his driver's license on two occasions, once while driving intoxicated and once for driving while his driver's license was under revocation.

Through informants and local police department activities, Charlotte feels that an occasion may arise in the future to know the occasion when [redacted] will have non-tax paid whisky in his automobile or otherwise in his possession, and Charlotte feels that such information properly handled could result in this individual being removed as a source of agitation in the Eastern North Carolina area.

A conviction for possession of non-tax paid whisky or driving while intoxicated, second offense, should result in the immediate loss of his driver's license for probably a year, which would tend to curtail this individual's travel ability, and possession of non-tax paid whisky could result in an active jail sentence, which would remove him completely from the scene of operation.

REQUEST OF THE BUREAU:

The Bureau is requested to consider and approve, if deemed advisable, the furnishing to the appropriate local and State authorities information concerning this individual having in his possession non-tax paid whisky, or while driving under the influence, which it is anticipated would result in his arrest and possibly receiving an active jail sentence.

IN RE [redacted]

This individual is on the Agitator Index of the Charlotte Division and this individual [redacted] operates primarily [redacted] at the present time. As the Bureau is aware, this individual has been a source of considerable agitation and interference in Hyde County of the operation of the public school system. He is [redacted] schools, and this matter has been presented in detail to the Bureau in [redacted] captioned "Desegregation of Hyde County, N. C., Schools, Public Education, CRA-64 (RM) - ARL", Bureau [redacted]

Through [redacted] is allegedly carrying on an illicit affair with a [redacted]. The [redacted] allegedly [redacted] and it is felt that this information can be utilized very effectively and possibly result in criminal charges being brought against [redacted]. It is contemplated that such information relating to [redacted] as his contributing to the delinquency of a minor, as well as possible adultery charges, would severely discredit him and might possibly result in his loss of position with SCLC.

In addition to the above, [redacted] is known to drive at excessive rates of speed in his travels from one location to another, and it is felt that through proper liaison with the N. C. Highway Patrol, [redacted] can more closely be observed in his travels, which will result in his arrest for traffic violations relating to speed.

According to information from [redacted] has had some criticism from SCLC leaders concerning his school boycott operations in Hyde County, N. C.

It is felt that the successful handling of either the first or second operations listed above could likely result in charges or possible conviction and an active jail sentence, which would remove [redacted] from the area as an agitator, and at the same time, further discredit him personally and the [redacted] area. This could lead to his further difficulty with national leaders of the SCLC.

REQUEST OF THE BUREAU:

The Bureau is requested to consider and approve, if deemed advisable, the furnishing of information to the proper authorities concerning [redacted] and the close

165

observation of his [redacted] by N. C. Highway Patrol, both of which operations are calculated to remove [redacted] from the scene of his disruption tactics, and to discredit him, and to possibly have him [redacted]

Charlotte will take no action concerning the above counterintelligence operations pending Bureau approval.

The following suggestions are submitted for consideration for use in Counterintelligence Activity against the Black Panther Party on a Divisional and National level:

Have established sources in news media publish factual information which would tend to embarrass leaders or members, such as, association with the criminal element or expensive mode of living.

Furnish local law enforcement agencies through anonymous telephone calls or through trusted sources regarding violations of local laws members of the Party may be involved in, and insure appropriate publicity is given if arrests are made.

Interview a leader or member within sight of other members and thereafter through established sources circulate the rumor the person interviewed is an informant.

Use anonymous telephone calls to leaders or members with the view of sewing seeds of distrust about another leader or member.

Leaders of the Negro community considered for contact in connection with Item 1 would be chosen on a very selective basis and SAC authority secured prior to contact with each individual.

It is felt that the above suggestions might be implemented by other field offices, particularly those having relatively conservative leadership in a Negro community where radical groups in the past have encountered difficulty in gaining support and as a result have been short-lived.

It should be noted that the Omaha police department has instituted an harassment campaign against the BPP members by stopping vehicles registered to them on every opportunity. This activity has become of great concern to those members involved. In addition, this campaign has resulted in the identification of additional persons associated with the BPP movement and its leadership.

Reurlet 10-8-68.

Proposals for counterintelligence measures against the Black Panther Party (BPP), as contained in relet, have merit and are worthy of more detailed consideration. The Bureau desires that you make specific recommendations to implement your suggestions. In this regard you should be guided by the following.

In those instances where you desire to furnish information from your files concerning background, revolutionary and criminal data of the BPP to individuals outside the Bureau, you must fully identify the proposed recipient of the information and furnish pertinent information concerning him. This information should include an indices review, statement concerning past cooperation with the Bureau and reason you believe he will not breach Bureau confidence. Furthermore, the specific information contained in your files, and the source of that information, which you propose to utilize in this regard, must be submitted to the Bureau for review prior to its dissemination outside the Bureau.

The utilization of your sources and informants to spread gossip in the ghetto area concerning BPP leaders and members must be done on a selective basis so as to preclude tracing the origin of the gossip to the FBI. This is an effective but risky maneuver and you must insure that your informants are not compromised. Prior to undertaking such maneuvers, you must identify the informants you intend to use in this program and the rumors they will spread. Spell out tangible results you expect to obtain from spreading the rumor or rumors you recommend.

You are again reminded that no action should be taken on any specific proposal without prior Bureau authority.

By letter 10-8-68 all offices involved in BPP investigation were directed to submit recommendations to the Bureau concerning counterintelligence against the BPP. In its reply, Omaha made three recommendations, one of which was to furnish derogatory information concerning the BPP to responsible Negro leaders. The second was to furnish the same information to governmental agencies funding the BPP and the third was to have sources and informants start gossip in the ghetto area concerning the extremist nature of the BPP. Although these recommendations have merit, they are so broad and nonspecific that authority is not being granted at this time to implement them. Omaha is being instructed to submit specific recommendations after which an independent decision can be made at the Bureau as to whether or not they should be authorized.

It is felt that the mailing of these copies of the Congressional Record from Pittsburgh to the people suggested in referenced airtel would be more effective than a mailing of the Herald newspaper from South Carolina. There would be less chance the information would be discounted as a Klan trick if the information was received from Pittsburgh in a way to indicate a member of the local community sent it. Also the same page in the Herald contains an article condemning Martin Luther King, Jr., and accusing him of traveling to Puerto Rico with a young girl. SUBJECT: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
RACIAL INTELLIGENCE

Enclosed for the Bureau are five copies of flyer entitled "Black People Choose!"

1. Background

The Black Liberators [redacted] and the Zulu 1200 [redacted] are two of the foremost Black Militant groups in the St. Louis area. The Zulu 1200's have been in existence since 1/68, and are far less militant than the Liberators who originated in latter summer 1968. A degree of friction between the two exists which can be exploited although the two groups do have similar aims and share some dual members. As of this writing, the Liberators, a pseudo-military group who emulate the Black Panthers, appear to garner most of the newspaper publicity locally and are recruiting at a faster rate than the Zulu's.

2. Explanation of Flyer

The enclosed flyer was prepared by the St. Louis Division and its tenor and vocabulary were carefully chosen to give the impression it was written and reproduced by local Black Militants. It is purposely slanted to give the impression that the Zulu's may have had a key role in its preparation although this is not stated. Intentional errors of typing and spelling in the flyer were inserted to add to its "authenticity".

Most of the information in the flyer is relatively true; at least most of the Zulu 1200's have expressed similar complaints. However, the flyer does emphasize and exaggerate the differences of the two groups in degrading the Liberators.

The flyer is designed to spread dissension and increase friction between the two groups as well as hamper

Liberator recruiting efforts among the local Negroes. It is designed to put all militants in a position of having to take a stand on the flyer, i.e. the Zulu's are or are not trying to "back-stab" the Liberators with its distribution. Although the Liberators will logically be very distressed with the appearance of the flyer, it is possible that the Zulu's might not deny that they produced it. In any case, it is felt that the flyer will stir up enough controversy among the militants that just deciding who really produced it, and how to deal with the situation, can be expected to result in time-consuming efforts which will detract from the time and energy the militants ordinarily spend on plotting, recruiting, and fund-raising.

3. Recommendation

St. Louis Division proposes to produce 300 copies of this flyer locally exactly as they appear in the enclosure. These were reproduced on the office duplicating machine, which is not significant from a security standpoint since all of the militant groups in this area have access to similar duplicating machines in churches, colleges, and places of business, and in fact, most of their own literature is produced in this manner.

Flyers will be mailed anonymously in ordinary, inexpensive envelopes which will be purchased from downtown five-and-ten stores. Ordinary stamps will be used and disguised handwriting will address the envelopes which will have no return address although they will be mailed at various mail boxes downtown.

St. Louis proposes to send the flyer to known Black Liberators, other Black Nationalists, offices and officers of various Negro groups; this will include the St. Louis, Missouri and East St. Louis, Illinois area. Copies will not be sent to Zulu 1200 members, so when inquiries are made of their office and leaders, their denial of its existence will serve to increase suspicion that they produced it.

St. Louis, through its racial informants and sources, will be able to determine the effect of this flyer in its proposed intent.

179

Bureau authority is requested to initiate this counterintelligence project as delineated above.

NOTE: The Black Liberators are a black nationalist extremist group in St. Louis. Members of this group have attacked police officers and have threatened to engage in widespread sniping attacks. The group is semi-militant in nature and emulates the Black Panther Party. The Zulu 1200s are a black nationalist group in St. Louis which is less militant than the Black Liberators. St. Louis has composed a flyer comparing the two groups which would appear to be the work of the Zulu 1200s. Mailing this flyer anonymously to members of the Black Liberators, other black nationalists and their sympathizers, would create friction between

Mailing these flyers anonymously will protect the Bureau's interests and St. Louis points out that the flyers can be produced on office equipment similar to that available to local black nationalists groups. The flyers will be mailed anonymously in commercially purchased envelopes.

RACIAL MATTERS
(BLACK PANTHER PARTY)

The Bureau is considering a counterintelligence operation designed to (1) cause friction between the extremist Black Panther Party (BPP) and the extremist Student Nonviolent Coordinating Committee (SNCC) and, (2) ridicule and help neutralize the BPP to its followers and in the ghetto generally. This operation would consist of circulation of the slogan: "According to zoologists, the main difference between a panther and other large cats is that the panther has the smallest head."

Thus, the "Panthers are pinheads." Circulation of this slogan would be attributed to SNCC. Possible methods of distribution of this slogan include printing of cards with the slogan and clandestine distribution by Agents or selected trusted informants. Another method would be through publication of the slogan in the news media through cooperative news media sources.

Re Bureau letters to Detroit, dated 10/9/68 and 10/21/68.

Attached for the Bureau is a copy of a letter written on commercially purchased paper and mailed to "Combat" Communications Distribution, Inc., Box 182, Murray Hill Station, New York, New York 10016, regarding the Bureau's suggestion contained on referenced letter dated 10/21/68.

With regards to suggestions contained on referenced Bureau letter, dated 10/9/68, Detroit requests Bureau authority to mail a letter written on commercially purchased paper with enclosures of pertinent editions of "The South End" and "Inner City Voice" to Governor GEORGE ROMNEY, Capitol Building, Lansing, Michigan; the Department of Education, Higher Education Bureau, Financial Aids, Lansing, Michigan; and to the Board of Trustees at Wayne State University. This letter, anonymously written by a concerned Detroit businessman, will read as follows:

"Dear Sir:

"I write as a concerned Detroit businessman and father of two Wayne State University students concerning the nature of the Wayne State University school newspaper, 'The South End'. Contrary to my usual and preferred way of doing business, I find it necessary to withhold my name and the names of my sons since the group of persons engaged in the publication

"of 'The South End' have reportedly retaliated against outspoken students in the past in order to insure the continued publication of their paper.

"I am enclosing several copies of 'The South End' which have been carried home by my sons. Also enclosed is an edition of a past black revolutionary paper, the 'Inner City Voice', made available by a fellow merchant in the Detroit area.

"A cursory glance at both of these publications shows that they were both [redacted] by a man named [redacted], whom my sons identified as a student at Wayne State University.

"Through an inquiry of a friend in Lansing, Michigan, I have discovered that 'The South End' is supported financially by Wayne State University in an amount in excess of $50,000.00 per year. I find it difficult to believe that taxpayers' dollars allotted for the operation of an educational institution are used to further the purposes of communist revolutionary propaganda as found in 'The Soth End'. I also find it difficult to believe that a state supported student newspaper such as 'The South End' can express the philosophies and viewpoints of what must be an extreme minority of students at Wayne State University, instead of the majority.

"I believe that taxpayers in Michigan deserve the right to know that their taxes are being used to support such a publication and it will be my intentions to inform them of this through contacts with various news media if the content of 'The South End' doesn't reverse itself in the near future. A copy of this letter is also being forwarded to Governor George Romney of Michigan (Department of Education, Higher Education Bureau; Board of Trustees, Wayne State University).

187

"Sincerely Yours,

"A concerned parent"

Further, Bureau authority is requested to mail an anonymous letter, typed on commercially purchased paper, to [redacted] from "A concerned Catholic student" regarding the $34,000 grant from the Archdiocesan Development Fund (ADF) to the Association of Black Students for the establishment of the W.E.B. Du Bois Institute of Black Studies. Enclosed will be a W.E.B. Du Bois pamphlet written by the Catholic War Veterans which was made available by the Bureau in referenced letter, dated 10/9/68. This letter will read as follows:

[redacted]

"As a Catholic and Wayne State University student I was recently disturbed to read in Wayne State University's school newspaper, 'The South End', that the Association of Black Students at Wayne State University had received a grant of $34,000.00 from the Archdiocesan Development Fund for the purpose of establishing a W.E.B. Du Bois Institute of Black Studies at Wayne State University.

"In support of the Church's stand for human dignity and equalization of rights for all people, I believe the grant has been misdirected to a group of students who have other goals in mind; these goals being similar to those espoused by the man whose name was used in naming the institute.

"I am enclosing a pamphlet entitled 'The W.E.B. Du Bois Clubs of America' published by the Catholic War Veterans, which clearly explains the W.E.B. Du Bois philosophy. It is a known fact that members of the Association of

188

"Black Students at Wayne State University have been connected with the Student Non-Violent Coordinating Committee and are known to be black revolutionaries dedicated to the overthrow of our Government and not to the elimination of racism.

"The W.E.B. Du Bois Clubs of America pamphlet published by the Catholic War Veterans and the Archdiocesan Development Fund grant to form a W.E.B. Du Bois Institute appears to be a contradiction which suggests to me that the Archdiocesan Development Fund was unaware of the communist nature of the Association of Black Students and W.E.B. Du Bois Clubs of America. I would hope that there is time for the Archdiocesan Development Fund to further investigate the Association of Black Students and the W.E.B. Du Bois Institute before granting $34,000.00 to further the cause of the communist revolution.

"Sincerely Yours,

"A concerned Catholic student"

Dear Sir:

I write as an interested and concerned student from Wayne State University in Detroit, Michigan, concerning a group of black revolutionaries, in particular a man named [redacted] who are utilizing Wayne State University's official school newspaper, "The South End", to further their goals of revolution as taught by Ernesto Che Guevara and Mao Tse Tung.

I am enclosing one edition of an underground black militant newspaper called the "Inner City Voice" and several editions of Wayne State University's school newspaper, "The South End", all of which were edited by Kenneth John Watson, a Wayne State University student.

I believe it is apparent from articles contained in these papers that Watson, although using the guise of a black nationalist, is in actuality a communist revolutionary.

While I think it is detrimental that Watson is spreading communist revolutionary propaganda, I think it is appalling that his medium of communication, "The South End", is financed by Wayne State University, a Michigan state-supported school.

I believe that Watson's position and the fact that "The South End" is supported by taxpayers money should be brought to the attention of the American public and responsible authorities.

Sincerely,

A Concerned Student

NOTE:

The [redacted] is the student newspaper at Wayne State University. It is supported by school funds and this is a state-supported university. This newspaper has a black extremist viewpoint and is self-described as "revolutionary." It is sympathetic to the Black Panther Party, and carries as its slogan: "The year of the heroic guerrilla." We previously alerted a publication to the nature of this newspaper. Now a Detroit newspaper has published an expose of the "South End" and it is appropriate to send the anonymous letters being approved. These are supposedly from a concerned parent and a concerned student and will be directed to state and university authorities responsible for funding this newspaper, including Governor Romney of Michigan.

A letter is also being sent to the Archbishop of Detroit concerning a Catholic group funding W.E.B. Du Bois Institute of Black Studies. This letter points out the Communist nature of the W.E.B Du Bois Clubs of America and the revolutionary nature of this institute. Since these letters are anonymous there is no possibility of embarrassment to the Bureau and they may help cut off funds being used for black extremist propaganda.

ReBulet to Washington Field Office 7/1/68.

STOKELY CARMICHAEL who is married to MIRIAM MAKEBA, an affluent Negro singer, has been criticized because of his recent aquisition of wealth and his restricted activities in the Black Nationalist Movement. It is suggested that information be released through sources in the Washington, D.C., news media, that CARMICHAEL because of his present status and position in society in Washington D.C., indicates that he is no longer supporting the Black Activists and is only giving token support to these people.

In addition it has been rumored that he is just using his wife, MIRIAM MAKEBA's funds and wealth to satisfy his own desires. He is utilizing his wife as he did the Black Nationalist Movement, to enhance his ego and his notoriety in the Black Community. It has been rumored by sources in Los Angeles that CARMICHAEL has several girl friends in different parts of the United States and has carried on illicit escapades with many of these women.

It is suggested that a letter be written anonymously to CARMICHAEL's spouse indicating that her husband is using her and her funds to travel to different parts of the country under the guise of assisting the Black Activists to carry on these escapades. EX 110 REC 5/ 100-448006-

CARMICHAEL has been criticized in the past for not supporting HUEY P. HEWTON, a leader in the Black Panther Party who has been confined in the Alameda County Jail, Oakland, California, for shooting a policeman, as CARMICHAEL's position being prime minister of Black Panther Party would deem necessary. Information concerning CARMICHAEL indicates his unwillingness to assist and support NEWTON because of CARMICHAEL's recent aquisition of wealth and position, and due to his wife's position in the entertainment world. This information should be rumored by sources in Black Nationalists Groups or through sources in the news media in order to discredit CARMICHAEL in the Black Panther Party and the Black Nationalist Movement.

[redacted] advised [redacted]

New York, by communication dated 10/17/68, verified that [redacted] are residing together at their new residence [redacted]

[redacted] recently advised that [redacted] on 9/2/68, closed down his [redacted] as this venture had been a total financial loss. [redacted] left the Jackson area a few days thereafter and source believed he traveled to the New York or New Jersey area to visit old friends of his from the Civil Rights era in Mississippi.

A strong possibility exists that [redacted] went to New York or New Jersey to consult with SNCC leaders re [redacted] possibly being an informant of some law enforcement agency in Miss., based on [redacted] receiving "misdirected letter".

II. Logical Follow-up Action:

As [redacted] and during recent two-day visit to Canada gave his address to Immigration authorities as [redacted] New York, [redacted] the following follow-up action is recommended:

A. Place long-distance phone call from pay phone at Canton, Miss., to SNCC New York office phone (phone YU9-1313) and ask for [redacted] if he is there, discontinue the phone call; it he is not there, leave a message for him to "call CHARLIE at Canton, Miss. - he knows the number - tell him it's important."

B. One week later, have a phone call made to the same New York SNCC office number from a local New York City pay phone [redacted] and if he

198

is there, discontinue the call; if he is not there, leave the message for him as follows: "Tell him to get in touch with CHARLIE's friend in New York as set up last week."

III. Objective of Follow-up:

Previously mentioned calls to New York SNCC office will possibly be discussed by receiving party with SNCC leaders there who may have heard about "misdirected letter" received by [redacted], these calls will further indicate that [redacted] is still receiving contacts from a "CHARLIE" at Canton, Miss., (the "sender" of "misdirected letter").

The second call will further indicate that [redacted] returned the call of the previous week and "CHARLIE" has set up a New York contact for him, further implicating him as an informant of some law enforcement agency.

Even if the receiving party of above two calls at New York SNCC office is not familiar with the "misdirected letter", received by [redacted] regarding [redacted] and does not discuss the call with anyone who is familiar with the letter, these calls will still tend by their nature to indicate [redacted] is "doing something secretive" and possibly can be discredited as an informant for someone.

IV. Recommendation:

It is recommended that the Bureau approve enactment of the above two phone call measures, one to be made from Mississippi, one to be made from New York, to be effected by Jackson and New York Divisions at the earliest possible date.

Information copy of this letter is forwarded to the Atlanta Division as OO in SNCC.

[redacted] now recommends, and we concur, the letter be followed up with an anonymous call to the SNCC office in New York from Jackson attempting to locate [redacted] The caller will be identified as "Charlie" who is the same individual that wrote the letter. This call will be followed by a second call in a similar nature from New York. The calls will imply that a law enforcement agency is attempting to contact [redacted] and arrangements have been made for him to be contacted in New York. Since these calls are anonymous, there is no possibility of embarrassment to the Bureau.

LEROY ELDRIDGE CLEAVER, aka
RM - BPP

The New York Office with its letter 10/18/68, enclosed a clipping from the "Columbia Spectator," dated 10/15/68, official newspaper of the undergraduate students at Columbia. This article indicated students were disappointed with ELDRIDGE CLEAVER, Minister of Information, Black Panther Party (BPP), after hearing him speak and expressed doubts about his leadership qualities

New York suggested that an attempt be made to compile other news articles similar to this one which would be derogatory to CLEAVER, and they be sent to BPP Headquarters in an effort to hurt his image there.

This suggestion has merit and the receiving offices are requested to furnish any such articles which appear as a result of CLEAVER speaking in their territories. Particularly useful would be reactions of New Left oriented audiences and articles containing any criticism of CLEAVER by black students or organizations.

SUBJECT: CONSIDERATION OF "AMERICANISM AWARD" FOR NEW OLYMPIC HEAVYWEIGHT BOXING CHAMPION, GEORGE EDWARD FOREMAN (COUNTERINTELLIGENCE - RACIAL MATTERS)

This recommends that contact be made with the Freedom's Foundation for the purpose of obtaining an award for Foreman. Memorandum G. C. Moore to Mr. W. C. Sullivan, October 29, 1968, attached, approved by the Director, set out details concerning this recommendation. It was set forth in above memorandum that contact should be made with the Freedom's Foundation after Foreman's background was determined. This background investigation revealed the following:

George Edward Foreman, born January 10, 1949, Marshall, Texas, with residences at 4802 Lyons Avenue and 1617 Simpson Street, Houston, Texas, graduated from elementary school in Houston and attended the E. O. Smith Junior High School at Houston from January, 1962, until March, 1965, when he dropped out. He was employed by Wald Transfer and Storage Company, Houston, Texas, during 1965, exact dates not indicated. He joined the Job Corps, Grant's Pass, Oregon, in August, 1965, and remained there until February, 1966, when he transferred to the Job Corps Center at Camp Parks, Pleasanton, California, where he completed electronics training in May, 1967, and received a high school equivalency diploma. After a period of time at home in Houston, he was employed by the Job Corps at Camp Parks as an avocation assistant on November 7, 1967, where his employment continues at present. Bureau indices negative. [redacted] He is described as quiet, personable, and highly regarded by Job Corps personnel. He received the first "Job Corps Award of Achievement" at Corps Headquarters, Washington, D. C., on October 31, 1968.

ACTION: If approved, that contact be made with appropriate officials of the Freedom's Foundation for the purpose of obtaining an "Americanism Award" for George Edward Foreman.

SUBJECT: CONSIDERATION OF "AMERICANISM AWARD" FOR NEW OLYMPIC HEAVYWEIGHT BOXING CHAMPION, GEORGE FOREMAN (COUNTERINTELLIGENCE - RACIAL MATTERS)
#264-6.9

A Negro, George Foreman, gave every American an emotional lift when immediately after defeating Inoas Chepulis of the Soviet Union for the Olympic heavyweight boxing championship in Mexico City on October 27, 1968, he showed the world that he was proud to be an American by waving a small American flag as he circled the ring publicly thanking all who had helped him reach this pinnacle of success. He also proudly sang the national anthem at the award ceremonies which were viewed on nationwide television. This was in sharp contrast with the earlier despicable black power-black gloved demonstration of Tommie Smith and John Carlos on the Olympic victory stand and the anti-Vietnam stand of Cassius Clay.

[redacted] have come up with an idea which appears to have merit in recommending a justly deserved award for George Foreman, as a counterintelligence technique to refute attempts of the black nationalists to degrade the image of the United States.

In this connection, an award by the American Legion, either nationally or in California, where Foreman resides, the Freedom Foundation at Valley Forge, Pennsylvania, or any other national organization, such as the Chamber of Commerce, would be in order. Attached are two newspaper articles regarding Foreman, a rehabilitated junior high school dropout now associated with the Job Corps. Bureau files contain no identifiable information regarding him.

45 FOR AMERICA — George Foreman, wearing U.S.A. on his chest and waving an American flag, celebrates his victory over Russia's Jonas Chapulis in the Olympic heavyweight boxing final. He won 45th U.S. gold medal of the Games.

Harris Wins Boxing Title

The 19-year-old Foreman's victory over Russia's Jonas Czepulis for the heavyweight boxing title came shortly before midnight Saturday and gave the U.S. its fifth gold medal of the final full day of competition in the Games.

Earlier, Ronnie Harris of Canton, Ohio, decisioned Jozef Grudzien of Poland to take the lightweight title. The third U.S. finalist in boxing, Al Robinson of Oakland, Calif., was disqualified for butting in the second round and Mexico's Antonio Roldan, bleeding from a cut over one eye, was awarded the featherweight gold medal.

Robinson won an appeal today and was awarded the silver medal which had been withheld because of his disqualification.

Gault Files Appeal

Robert (Pappy) Gault of Washington, D.C., the U.S. coach, filed the appeal immediately after the Russian referee stopped the fight.

"Movies of the match," Gault said, "showed there was no contact of their heads. Robbie couldn't have butted him. But the films showed him hanging away, and winning the fight."

U.S. Boxing Winner: *Road to Glory Beckons*

George Foreman throwing a left at Inoas Chepulis of the Soviet Union during the heavyweight final Saturday night.

By JOSEPH M. SHEEHAN
Special to The New York Times

MEXICO CITY, Oct. 27—A United States boxing team described by Robert (Pappy) Gault, its coach, as "the best team ever to represent America," exulted today at last night's record bag of seven medals, including a silver medal for Albert Robinson after an appeal today.

Robinson, of Oakland, Calif., was controversially disqualified, for alleged butting, by a Soviet referee named Georgei Zybalov in the featherweight title match.

The American boxer was given a second-place certificate but the silver medal that normally goes to a runner-up was withheld.

It was a double blow to Robinson. When the bout was stopped midway in the second round, he had a substantial lead over Antonio Roldan, his Mexican foe, and seemed well on the way to scoring a knockout. Even some of the intensely loyal and patriotic Mexicans booed the ruling.

Robinson accepted the crushing decision with smiling good sportsmanship and said afterward, "I have nothing to say. The referee said it all."

3-Hour Meeting Held

But American officials did not let the matter rest. They filed an immediate appeal to the International Boxing Federation and called for a study of the films of the bout.

The Federation, the international ruling body in amateur boxing, met for three hours today to consider the appeal. The appeal was upheld and Robinson, a Navy man stationed at the Alameda (Calif.) Naval Air Station, was given the silver medal.

"I was especially angry because Robbie was winning the fight, easily," Gault said.

"The boy was robbed of the chance of participating in the awards ceremony, but we'll hold our own. History of the 1968 Olympics would've shown there was no silver medal awarded; now Albert Robinson will be given that recognition."

hTe American boxers were pretty much the big hit of a show that aroused wild excitement in a near-capacity crowd of about 16,000 in the Mexico City Arena.

George Foreman, of Pleasanton, Calif., who brought the United States its fourth heavyweight title in the last term Olympics, and Ronald Harris, of Canton, Ohio, who captured the lightweight crown, were perhaps the most impressive victors on the 11-bout program.

Foreman Shows Power

With left jabs that packed trip-hammer power reminiscent of Joe Louis and jolting right crosses, the 6-foot-3½-inch, 218-pound Foreman scored a technical knockout over Ionas Chepulis, an experienced Soviet boxer, who had won his three preceding bouts by knockouts.

A nifty southpaw with lightning moves and a stinging punch, the 20-year-old Harris scored a unanimous decision over Josef Grudzien, a well-seasoned Pole who had won the gold medal at Tokyo in 1964 and is a three-time European titleholder.

Foreman, who had won the hearts of the crowd, not only by his performance but also by presenting to his conquered rival a bunch of roses he had received and by holding aloft an American flag during the victory ceremony, displayed Cassius Clay propensities in a postfight news conference.

At his teammates' urging, the extroverted 19-year-old recited a poem of his own composition:

Many a man has fell and stumbled
when he met big George in that square jungle.

He parried inquiries as to when he would turn pro, saying with a smile, "I don't quite know. I might want to play some basketball first."

Expert opinion is that Foreman is a bright pro prospect but needs considerably more seasoning before being ready to meet top-drawer opponents.

George Foreman

Man in the News

THE newly crowned Olympic heavyweight boxing champion is a sturdily built, handsome, 19-year-old Negro youth who combines within his 6-foot-3½-inch, 218-pound frame one part bruising slugger, one part whimsical poet and one part dedicated social worker. George Foreman, who won his gold medal by scoring a technical knockout over Ionas Chepulis of the Soviet Union in the second round of their bout, admits his next goal is likely to be a quest for the professional championship. Like Olympic gold-medalists Floyd Patterson, Cassius Clay and Joe Frazier, he hopes to go from Olympic glory to professional gold.

He also insists, however, that his interests in life transcend punching a fellow human being around a squared ring.

"Every guy should have the right to learn," he said recently. "If I had known someone like myself in 1964, I'd be a better person today."

Fifth of 7 Children

Foreman, who was born the fifth of seven children of a construction worker on Jan. 10, 1949, in Houston, dropped out of junior high school. He did not drop out because of bad marks, he says now. "Because of bad everything," is the full explanation.

In 1965, he joined the Job Corps and was sent to a conservation center in Grants Pass, Ore.

"I preserved the forest and the trees," he says.

But he also learned bricklaying, carpentry and electronics, and achieved the equivalent of a high school diploma. After fruitlessly trying to find work in Houston, he returned to the Job Corps as an instructor in February, 1967, and started boxing.

"I was always interested in boxing but before last year my fights were outside the ring," he concedes.

Associated Press

His interests transcend punching fellow human.

His progress in the last 20 months has been remarkable. His Olympic triumph was his 22d in 25 bouts, 14 by knockouts.

Robert (Pappy) Gault, the coach of the United States team, says, "He's every bit as far along as Joe Frazier was in 1964."

Cus D'Amato, the former manager of Patterson, is skeptical. "He's got promise, but he's not ready for the pros. He needs seasoning."

Whether or not he turns professional, Foreman intends to continue his Job Corps work in Pleasanton, Calif.

"I still feel I shouldn't have dropped out of school, and I want to help these kids from making that same mistake," he said recently.

Like Clay, Foreman enjoys the composition poetry that describes, in awesome terms, the brilliance and finality of his boxing talents:

"George is nimble and George is quick,
Watch me, folks, 'cause I can really stick."

He has also composed a tribute to his left jab, which is one of the sturdiest since the days of Joe Louis:

"I can move to your right,
Stick all night.
Move to your left,
Cause your death."

He said after defeating his Soviet foe at Mexico City that he had carried him a little bit."

"My mother was watching on television and she doesn't want me to hurt anyone," he explained.

He also proved an apt exponent of the sportsmanship that Olympic champions are supposed to epitomize. He passed a bouquet of roses from his teammates on to the man he defeated.

And, after circling the ring with a small American flag in his hand, he lavished praise on the teammates who had helped him and taught him in training.

"If I did well, I have them to thank," he said.

(STOKELY CARMICHAEL)

The Bureau would be interested in counterintelligence operations to neutralize Stokely Carmichael in the eyes of black nationalist extremists and to neutralize Stokely Carmichael's influence in ghetto areas. Since Stokely Carmichael is married to Miriam Makeba, the African singer, it might be possible to allege that Stokely Carmichael married her to gain a meal ticket. Alleging that Stokely Carmichael is a gigolo might lower his stature in the eyes of the black community, since many Negroes are urging that Negro males assert their manhood and their African heritage.

Each office should be alert for any information that might be used in this regard, specifically during Stokely Carmichael and Miriam Makeba's travels. New York and WFO should undertake discreet inquiries to determine Miriam Makeba's income and whether she pays bills incurred by their travels. New York and WFO should also attempt to monitor Miriam Makeba's checking accounts in this regard.

Any information developed should be submitted under this caption, along with specific recommendations for counterintelligence operations.

In the name of Allah, The Beneficent, The Most Merciful, all Holy Praises are due to Allah. We forever thank Allah for giving us a Leader and Teacher in the person of the Honorable Elijah Muhammad.

Dear Holy Apostle:

We are devoted brothers and sisters in the Norfolk Mosque and send you greatings in the name of Almighty God Allah. We write you now because of our discust over a situation in the Mosque.

We listen to our brother [redacted], who gives us your life giving words, and who insists on the highest standards of morals. But he is a hypocrite and an unbeliever. It is common knowledge that [redacted] is the father of an ilagitimate child born to [redacted] The child was born [redacted], and since that time she has [redacted]

Some of our members have been put out of the Mosque because of their morals. Why hasn't [redacted] been disciplined for this.

[redacted] from New York knows, but has done nothing. We suspect [redacted] is covering up for [redacted] Why is this? O beloved messenger please send someone to us the Mosque find out about this.

We are afraid to give you are names as Captain Sam has threatened to harm any one who would write direct to the Messenger. Please help us.

Reurlet 10/23/68.

Authority is granted to mail anonymous letter enclosed with relet. Use commercially-purchased stationery and take other precautions to insure this letter cannot be traced to the Bureau.

The Bureau feels the wording in your proposed letter should be altered to remove the more difficult words in this letter. The greeting should stay the same, since it is obviously copied from the standard greeting used in the Nation of Islam (NOI) letters. Line two of the first paragraph should spell "greetings" correctly. Line three, substitute "a bad" for "our discust over a." In paragraph two, line three, delete "hypocrite and an." Line five, delete "illagitimate."

Since this letter is allegedly coming from an NOI member, it probably should be handwritten. Advise the Bureau of any results of this counterintelligence action.

For the information of Chicago, Norfolk is sending an anonymous letter to NOI headquarters accusing [redacted] of hypocrisy in that the Minister has suspended several members for immorality but the [redacted]

NOTE:

The anonymous letter is written in typical NOI style, including the NOI greeting. Since the letter is anonymous, there is no possibility of embarrassment to the Bureau.

Informing NOI headquarters that the local NOI minister is the father of an illegitimate child may well cause the NOI to investigate the local minister and perhaps remove him. The removal and replacement of an NOI minister usually results in a loss of membership in the local group.

Pursuant to Bureau request, the following observations are set forth:

The Chamber of Commerce, both national and state, appears to be in an excellent position to publicize the success of both Negro and integrated businesses in each community thereby refuting the claim of Black Nationalists as to lack of participation by the Negro community into business affairs of the community. Through established sources within the Chamber of Commerce, information could be furnished on a confidential basis concerning the activities of Black Nationalists, business dealings, and other pertinent data which they could bring to the attention of their members. This would appear to assist in adverse publicity being disseminated and lower the financial capabilities of Black Extremists.

ReBuairtel 3/4/68.

As the Bureau has previously been advised, the SNCC held its annual staff and Central Committee meetings in Atlanta in June, 1968. Information received regarding these meetings reflects that nothing of an improvement in the operation and/or administration of the organization was accomplished. One of the policies advanced was to restructure the organization by equalization of responsibility by creating ten deputy or vice-chairmanships. The primary purpose of this change was to take law enforcement pressure off any single individual. It does not appear that any material progress of the organization has resulted from the adoption of this policy, as the SNCC office in Chicago has closed, activities of the Washington, D.C. SNCC office have been curtailed and at present it is questionable just how much longer the New York Office of SNCC can continue to function due to dissension among the personnel and an acute shortage of funds.

The national headquarters in Atlanta has completely lost the support o[redacted]

and [redacted] These individuals are known to have disassociated themselves from SNCC and are presently employed in private industry. In spite of their apparent disillusionment with the policies of SNCC, they are believed to continue the exponents of the Black Power theory.

Buy U.S. Savings Bonds Regularly on the Payroll Savings Plan

As for the national headquarters of SNCC at 360 Nelson Street, Atlanta, sources advise that this office continues to operate as such but in an extremely limited capacity. This office appears to have been sort of a "clearing house" for such splinter groups as the National Black Anti-War Anti-Draft Union (which has now folded) and the Black Student Alliance (at Atlanta University) and the Harambee Sisters.

SNCC, Atlanta, does not appear to be focusing its efforts in any one particular direction, and until it does establish some program to actively support, it does not appear an effective counterintelligence program can be established without adversely affecting coverage presently being afforded this organization by the Atlanta Office.

On 10/28-30/68, SNCC reportedly held a Central Committee meeting in Baltimore, Maryland. The decisions, if any, reached at this meeting are not yet fully known.

Atlanta is following the matter of development of counterintelligence measures closely and will continue to evaluate situations so as to take advantage of opportunities as they develop.

Referenced LHM notes that members of the Republic of New Africa (RNA) feel that [redacted] is using the membership to obtain money for his personal use. The Bureau feels this situation should be exploited to neutralize the RNA.

One of the most effective ways to neutralize black nationalist extremist groups is to show the membership that their leaders are interested in personal profit. Detroit should consider this situation and submit counterintelligence recommendations by November 18, 1968.

No counterintelligence action should be taken without Bureau authority. Detroit should submit any and all recommendations no matter how unique. Consider the possibility of circulating flyers allegedly from dissident RNA members urging the formation of a new organization excluding [redacted] or flyers merely attacking [redacted]. Publicity in the news media regarding this situation might help disrupt the RNA. Another technique might be the use of informants or anonymous letters to the leadership of RNA urging that [redacted] be made president of the RNA, thus showing that [redacted] support of his own that is a threat to other RNA leaders.

LEROY ELDRIDGE CLEAVER, aka
RM - BPP

Re San Francisco letter to Bureau dated 11/1/68.

LEROY ELDRIDGE CLEAVER appeared at the Rensselaer Polytechnic Institute,(RPI), Troy, New York, on October 10, 1968. This was CLEAVER's first and only appearance in the Albany Division. This appearance was covered by sources and informants and his speech was taped in its entirety. A debriefing of all the sources and informants in attendance at CLEAVER's speech revealed that he was received enthusiastically by only a relatively small percentage of the approximately 1200 people attending. The sources indicate those in favor of his speech were affiliated with the Peace and Freedom Party and generally not students of RPI.

Write-ups by the local newspaper media and the "Polytechnic", a weekly student newspaper, reflected only the size of the crowd, predominantly students and the context of CLEAVER's speech. No where was there mentioned a disapproval of CLEAVER's appearance, his leadership qualities, or his language, except to describe it as "sometimes earthy".

(BUDED 12/2/68)

For the information of recipient offices a serious struggle is taking place between the Black Panther Party (BPP) and the US organization. The struggle has reached such proportions that it is taking on the aura of gang warfare with attendant threats of murder and reprisals.

In order to fully capitalize upon BPP and US differences as well as to exploit all avenues of creating further dissension in the ranks of the BPP, recipient offices are instructed to submit imaginative and hard-hitting counterintelligence measures aimed at crippling the BPP.

Commencing December 2, 1968, and every two-week period thereafter, each office is instructed to submit a letter under this caption containing counterintelligence measures aimed against the BPP. The bi-weekly letter should also contain accomplishments obtained during the previous two-week period under captioned program.

All counterintelligence actions must be approved at the Bureau prior to taking steps to implement them.

Re Bureau letter, under the above caption, 11/25/68, blockstamped in Chicago 12/2/68, establishing Buded of 12/2/68, for the initial submission of bi-monthly counterintelligence letter on the Black Panther Party (BPP).

Referenced letter referred to the struggle between the BPP and the US organization.

Chicago has no US group and has no information regarding the struggle in question.

Accordingly, Los Angeles and San Francisco are requested to advise Chicago of any information which may be indicative of US attempting to or expressing an interest in establishing a branch in Chicago and data relative to struggle between BPP and US.

As the Bureau has been advised, the Chicago BPP continues in its process of organization and recruiting locally, has been accepted by the BPP in Oakland, and at present is not involved in any organizational struggle with other local black nationalist groups.

Chicago will submit the requested bi-monthly counterintelligence letter regarding the BPP on or prior to December 16, 1968. Los Angeles and San Francisco are requested to advise Chicago before that date of the information requested above.

ReBulet to Baltimore dated 11/25/68, and Denver letter (FD-205) to Bureau dated 12/3/68.

Officers of the Black Panther Party (BPP), Denver Chapter, were just recently elected. [redacted] Our office, which works closely with the [redacted] has been able to create considerable dissension within the ranks of the BPP. [redacted] of the BPP, Denver, has been arrested on several occasions by local authorities and is currently scheduled to go to trial in Denver District Court on [redacted] another BPP member, is scheduled to go to trial [redacted] in U. S. District Court. This action by local authorities has proven to be effective in limiting the actions of the BPP and also to keep the membership down and the treasury depleted. Due to harassment by the local Police Department, BPP members have become suspicious of each other. Recently, one member [redacted] was suspended as a suspected informant, when he was not an informant.

The Denver Division will continue to analyze the BPP activities and will attempt to come up with imaginative and hard hitting counterintelligence measures to cripple BPP. Letters will be sent by 2nd and 16th of each month per instructions in relet.

to receive, under this caption, visual material relating to violence by black extremists. Photographs of scenes of racial violence, sniping attacks on police such as those at the Cleveland, Ohio, riot this year, photographs of arsenals of black extremists, and of black extremists engaged in military-type drill, are needed. Diagrams of explosive and sabotage devices and booby traps that are being circulated among black extremists are also desired.

By return airtel under this caption, each office should furnish any available material not previously furnished the Bureau or advise no such material is available. Photographs furnished should be clear, glossy, 8" X 10" photographs, if available, and only one copy of each item submitted is needed. Material submitted will not be returned so any item that is needed by the field should be copied for submission to the Bureau.

Thereafter, as items of interest are received, they should be submitted to the Bureau under this caption on a continuing basis so that the Bureau can have the benefit of new material that would be useful for visual aid purposes.

NOTE: In connection with briefing of officials of the new administration and briefing of police instructors, In-Service groups, National Academy groups, and new Agents, charts and exhibits have been prepared utilizing material available at Seat of Government. It is desirable to canvass the field for further examples of material now available and to insure that appropriate items are submitted on a continuing basis. This airtel is being directed to all offices participating in the counterintelligence program against black nationalist groups, which are all of the offices where black nationalist extremists are principally active.

Re Bulet 11/25/68.

On 11/19/68, a group of members of the BPP held up a service station in San Francisco and then, when stopped by the San Francisco Police Department, engaged in a shooting fray, in which three police officers were wounded. Participating prominently were two local [redacted] of the BPP, [redacted] Only [redacted] was armed and did all the shooting, which took place close to Police Headquarters. The truck in which the Panthers were riding was clearly marked as a BPP vehicle. ELDRIDGE CLEAVER was reported in the press as being astounded at such an episode, with so little chance of success, and which received very bad publicity for the BPP. It was so illogical, he charged, that there must have been a police plant in the truck, and suspicion centered on [redacted] because he was the man in charge; likewise he had gone "to the men's room" during the holdup, and the BPP suspected he may have gone to phone the police.

[redacted] In order to help this idea, the San Francisco Office arranged through the SFPD to give [redacted] special privileges at City Prison, such as more lenient visiting hours, and to have the guards show him "extra" courtesy in front of other prisoners. Also, with Bureau concurrence, an anonymous letter was sent to BPP Headquarters via Omaha, where [redacted] was in August, 1968, organizing a new BPP branch, and where he had been temporarily detained and interviewed by police, suggesting

that the brothers in Omaha were suspicious of [redacted], who had easily gotten out of jail on a local charge.

The success of this operation is unknown, however, it is certain to have added to the suspicions of the BPP toward [redacted] who is actually an important man in the San Francisco BPP.

The San Francisco Office wishes to point out that opportunities such as the above are rare, and fast action is necessary to successfully implement them. It cannot be expected that a planned disruption in the average case would be of such probable value.

It is believed that the BPP is becoming sensitive to the possibility of informers. This office will try to ascertain those Panthers who have been arrested and who the BPP thinks might start to talk. We would then formulate some plan to cast suspicion on the man. We must bear in mind that if the plan is successful, a gang-type murder may be the result.

Recently, the San Francisco Office ascertained that ELDRIDGE CLEAVER was "dating" teenage girls and neglecting his wife, the dynamic and handsome KATHLEEN CLEAVER. With Bureau permission, the dating information was made available to Mrs. CLEAVER. Results of the above are not known.

Attention will be given to this program on a continuous basis.

GUIDO ST. LAURENT, the deceased director of New England Grass Roots Organization, had built up a tremendous influence for himself and his organization by representing himself as the voice of the black community.

It is believed an article giving publicity to the fact that persons with backgrounds such as these, without any experience and with absence of moral character, are able to be officially regarded as the voice of the community and funded with money from various sources solely because the great majority of the black community remain passive, might have a positive effect on the community.

The article could urge the black community to take over existing civil rights groups and run them for the benefit of the community or to organize new groups and go after funds which might otherwise be misused.

If funds could be diverted from militant civil rights groups, it would disrupt the activities of such groups and possibly put them out of business.

Boston believes an article such as this could be published in the "Boston Herald-Traveler" without the article being connected with the FBI.

[redacted] made the premises available to an Agent of the Springfield Division, without his identity being revealed, and on an inspection tour, in the basement, it was noted that Black Power slogans had been painted on the walls with black spray paint and numerous numerous posters also hung on the walls. These posters read as follows:

"When the President is in the chair shut up"
"No Black Egyptians will be admitted without membership cards"
"Dues must be paid or you will not be allowed in the meeting"

During the inspection, nothing that would indicate weapons or incendiary devices was noticed.

Two young Negro males were observed on the premises [redacted] and they resembled photographs of [redacted] whose names have come to light before in connection with the Black Brothers of Springfield.

[redacted] advised the Springfield Division that the [redacted] had vacated the premises at [redacted] and requested an Agent accompany him on another inspection of the property, in the company of the [redacted] During this inspection, certain items were found which included membership rolls for the Black Egyptians, minutes of past meetings, By-laws, and receipts from local merchants who contributed to the organization. This information is still being analyzed and when completed, the Bureau will be notified in detail, with counterintelligence possibilities set forth.

Another matter in Springfield with counterintelligence value concerns [redacted]. Within the past few weeks, [redacted] has reopened a "car-wash" establishment in Springfield which had been closed for some time. Information from informants and sources have revealed that [redacted] received financial assistance from the Federal Government to undertake this project, the money coming either from Housing and Urban Development, Smaller Business Administration, or Office of Economic Opportunity. Re Los Angeles letter to Bureau dated 9/25/68.

I. OPERATIONS UNDER CONSIDERATION

The Los Angeles Office is currently preparing an anonymous letter for Bureau approval which will be sent to the Los Angeles Black Panther Party (BPP) supposedly from a member of the "US" organization in which it will be stated that the youth group of the "US" organization is aware of the BPP "contract" to kill RON KARENGA, leader of "US", and they, "US" members, in retaliation, have made plans to ambush leaders of the BPP in Los Angeles.

It is hoped this counterintelligence measure will result in an "US" and BPP vendetta.

Investigation has indicated that the Peace and Freedom Party (PFP) has been furnishing the BPP with financial assistance. An anonymous letter is being prepared for Bureau approval to be sent to a leader of PFP in which it is set forth that the BPP has made statements in closed meetings that when the armed rebellion comes the whites in the PFP will be lined up against the wall with the rest of the whites.

It is felt that this type of a letter could cause considerable disruption of the association between the BPP and the PFP.

In order to cause disruption between the BPP of Oakland, California, and the BPP of Los Angeles, an envelope is being prepared for Bureau approval which appears

REC-9

to have been prepared and distributed by the Los Angeles BPP soliciting donations for defense of HUEY NEWTON and to be mailed to the mailing address of [redacted] or Los Angeles BPP headquearters. This envelope, with a small donation, will be inadvertently sent to the BPP in Oakland.

It is hoped that the BPP in Oakland would get the impression that a considerable amount of money was being collected in Los Angeles and not sent to the Oakland headquarters.

II. OPERATIONS BEING EFFECTED

By letter dated 11/12/68, the Los Angeles Office furnished the New York Office with a list of prominent Negro leaders in the Los Angeles area to whom a newspaper article which appeared in the New York Daily News could be mailed. This article portrayed the fear the Black Panther Party instills in the Negro community. The Los Angeles Office will closely follow the reaction of these leaders to the article.

At the request of the New York Office and with Bureau approval, the Los Angeles Office mailed the prepared letter to [redacted] in the hopes of furthering discord between CLEAVER and the New York BPP. The Los Angeles Office will remain alert for any reaction to this letter by the Los Angeles BPP.

A survey of toll calls of various black nationalist leaders is continuing under present Bureau policy with the results of these reviews being considered for action under the counterintelligence program.

An analysis is being made of the income tax returns of various black nationalist leaders to determine if a counter-intelligence technique might be utilized.

The Los Angeles Office is continuing to follow closely the arrest records of all black nationalists to determine if any of these individuals might be prosecuted under State or Federal law.

- The acquisition of firearms by black nationalist leaders in this division is being closely followed and dissemination is being made to interested agencies.

III. TANGIBLE RESULTS

None.

IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

Friction between the BPP and "US" continues in the Los Angeles area with [redacted] another "US" leader, slated to be killed. BPP leaders feel that their new member, [redacted], has been instructed by "US" to infiltrate the BPP and report back to "US". The BPP continues in their efforts to take over the leadership of the black nationalist movement. The Los Angeles Office will utilize every technique to capitalize on this development and hinder the BPP's efforts in this regard.

Re Bureau letter to Baltimore, 11/25/68.

Indianapolis has no US organization but it does have a chapter of the Black Panther Party. In addition to Black Panther Party, Indianapolis has several other black organizations involved in rivalry with the Black Panther Party.

Rivalry at this time has been principally in two areas. The first area is attempting to get the limelight and publicity in news media with the newspaper and television. The other area in which rivalry is the strongest is involving finances. Each organization is attempting to obtain funds from the black community and from white businessmen. Funds have been collected by these groups for certain purposes which supposedly were for the good of the black community. It has been learned from informants that these funds have not been used for the purposes for which they were originally collected. In most instances, these funds disappear into the hands of the leaders for their own desire. This has come to the attention of several informants and the informants have discussed this with other members and this has had an affect of causing dissention among the organizations. This method has helped to cripple several local organizations and now is seemingly having an affect in the Black Panther Party in Indianapolis. Many members are unhappy with the leaders of the Black Panther Party and as a result membership is dropping sharply rather than increasing. One of the most active members, the Minister of Defense of the Indianapolis Chapter of the Black Panther Party, has turned in his resignation as a result of this matter.

Re Minneapolis letter to the Director dated 9/3/68.

Since date of referenced letter the Minneapolis Division has continued to enjoy a lack of racial oriented violence. There have been the usual yet small number of isolated minor arrest problems, but again none that could be characterized as racial in nature. There have been no violent outbreaks of any type.

As of this writing there are no active Black Nationalist Hate Groups operating in the Minneapolis Division, except the Nation of Islam whose membership remains fairly constant and which has not been involved in local racial disturbances. There was an attempt on the night of November 21, 1968, at a community center known as The Way, Incorporated, on Plymouth Avenue in North Minneapolis, to establish a branch of the Black Panther Party. However, from contact with informants and sources present at the meeting, it broke up without such an organization being formed in view of complete disagreement among some of the local militants and others present as to who was to run it and how it was to be organized.

There has been no indication of any further meetings being planned and no information developed indicating that the Black Panther Party will be organized in the Twin City area in the immediate future. Informants have been directed to follow this closely, and additional coverage is being developed on a continuing basis to insure that Minneapolis will be aware of any possible future activity towards development of such an organization.

RACIAL INTELLIGENCE
(BLACK LIBERATORS)

This is to advise of successful counterintelligence operation aimed at black extremist groups in St. Louis, Missouri.

BACKGROUND:

The Black Liberators is a black nationalist extremist group in St. Louis. Members of this group have attacked police officers. The Zulu 1200s, a second black nationalist group in St. Louis, is less militant than the Black Liberators. St. Louis composed a flier comparing the two groups which criticized the Black Liberators. We authorized St. Louis to anonymously mail copies of this flier.

RESULTS:

Sources advised that the flier appears to be the result of a feud between the two groups. A Negro newspaper and a regular daily paper in St. Louis carried news stories regarding the flier as evidence of a dispute between the two black nationalist groups. The articles added to the dissemination of the information in the flier and tended to add credence to the complaints against the Black Liberators made in the flier.

Thus we have been able to achieve wide circulation of the flier's message, that the Black Liberators, an extremist group, is not really interested in the Negro's welfare. This will greatly hamper the group's recruiting efforts.

90-DAY PROGRESS LETTER

I. COUNTERINTELLIGENCE OPERATIONS UNDER CONSIDERATION

The Memphis Office is continuing efforts to develop individuals with suitable informant potential who are willing to join local black power organizations at Memphis, Tennessee.

UACB, the Memphis Office plans to increase the amount of derogatory information obtained through investigations concerning black power militants at Memphis, Tennessee, presently being given to a reliable and trusted newspaper source at Memphis, Tennessee. The purpose of this is to assist this newspaper source in writing articles embarrassing to local black militants. Efforts along these lines have been successful as set forth later in this letter under the caption, "Counterintelligence Operations Being Effected."

II. COUNTERINTELLIGENCE OPERATIONS BEING EFFECTED

Interview Program

The Memphis Office is continuing to interview all newly developed sympathizers with black militant organizations at Memphis, Tennessee. This has resulted in several individuals who for a short period of time were associated with black militant organizations at Memphis who immediately upon being interviewed by Agents of the Memphis Office discontinued their association with these black power groups.

DEC 4 1968

Information is being furnished on a daily basis to the Intelligence Unit of the Memphis, Tennessee, Police Department regarding activities and members of black militant organizations at Memphis. This has been of great assistance to the Memphis Police Department enabling the Intelligence Unit of the Memphis Police Department to identify for officers working in Negro ghetto areas individuals who are actual members of black militant organizations.

Information furnished to trusted reporters of local daily newspapers regarding the militant aims of black militant organizations at Memphis, Tennessee, is continuing and has been quite successful in alerting the general public in the Memphis area through articles written by these trusted newspaper sources as to the actual aims of several black militant groups at Memphis, Tennessee.

III. TANGIBLE RESULTS OF COUNTERINTELLIGENCE OPERATIONS

The furnishing of information to trusted newspaper sources has resulted in considerable embarrassment, according to sources of the Memphis Office, to various leaders of the black militant organizations at Memphis, Tennessee. It has also tended to discredit these organizations in the minds of numerous Negro citizens of Memphis. [redacted] concerning the black militant group at Memphis, Tennessee, known as the Invaders, a cell of the Black Organizing Project (BOP). This article which was based on information obtained through FBI investigations pointed out that the Invaders have set up offices in a building at 1310 Florida Street, the rent for which is paid with Federal, City and County funds by the Memphis-Shelby County War on Poverty (WOP) Committee organizations. [redacted] pointed out that this group headed by [redacted] currently free on bond, on a charge of participating in a riot last spring at Carver High School and recently arrested by the Vice Squad of the Memphis Police Department on a raid at his apartment, charging him with illegal possession of legend drugs. [redacted] emphasized that the NOP is a $20,000.00 WOP Committee project with $17,000.00 of the funds going for salaries. [redacted] pointed out that on the weekend of 8/10-11/68 BOP printed a black position paper entitled, "Liberation Thesis," a 4-page document setting forth the program of BOP, and [redacted] pointed out that it closely followed the outline of the militant Black Panther organization.

In this article, [redacted] pointed out that the aims of this organization are the requirements that this organization and the Negro militants at Memphis, Tennessee, must have their liberation through any means necessary. [redacted] set forth the fact that [redacted] the self-admitted leader of the Black Organizing Project (BOP) at Memphis, Tennessee, is now facing Federal Court charges for refusal to report for induction.

In a previous article based on information furnished by the Memphis Office to this writer, [redacted] discredited the Invaders to the point where several of the leaders were fired from their positions with the NOP.

[redacted] that would tend to discredit and minimize the activities of black militant groups at Memphis, Tennessee.

[redacted]

[redacted] The information so far given t[redacted] has been furnished based on information which has been given out at various meetings where numerous people were in attendance or after this office has ascertained [redacted]

this organization, in causing the invaders to become suspicious of each other and has resulted in them becoming greatly ineffectual during the past two months.

IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

During the past 90 days at Memphis, Tennessee, there has come into existence a Students for a Democratic Society (SDS) Chapter located primarily on the Memphis State University Campus which is composed primarily of white individuals. There are a few Negro members of this organization; however, information being received by the Memphis Office indicates that a close working agreement is in effect between this newly formed SDS chapter and the Black Student Association, a recognized organization on the Memphis State Campus and one of the cells of the over-all black power organization at Memphis known as Black Organizing Project (BOP)

[redacted]

Based on information received, there is some indication that the aims and purposes of the Black Student Association at Memphis, Tennessee, and the newly formed SDS chapter at Memphis, Tennessee, are identical.

The Memphis Office continues to remain alert for any information which might be utilized in disrupting the activities of or embarrassing local black militant individuals or organizations at Memphis, Tennessee.

The Bureau will be kept advised of all developments in this matter.

On 10/18/68, the NYO submitted an article which appeared in the "Columbia Spectator", official newspaper of Columbia University. This article indicated that generally speaking the students were disappointed with ELDRIDGE CLEAVER as a speaker and also doubted his leadership qualities. The NYO suggested that the Bureau and SF attempt to determine if we are able to collect other like articles about CLEAVER and then send them to BPP headquarters to deride CLEAVER. The SF office considered that the above suggestion had merit and requested other offices to furnish like articles concerning the speaking engagements of CLEAVER.

In October, 1968, the NYO suggested that the Chamber of Commerce both national and local use their office to sponsor music festivals, amateur hours, boxing events and other sporting events in the Negro areas.

Efforts are currently being made to monitor the checking accounts of [redacted]

On 11/27/68, the NYO requested permission of Bureau to send letter to the Peace and Freedom Party. It is hoped that this letter might help arrest the flow of funds which might be going from the PFP to the BPP.

On 10/10/68, the NYO suggested that the Bureau give consideration to the xeroxing of a sufficient number of copies of an article which appeared in the "New York Daily News", 9/18/68. Page 36 of this newspaper contained information to the effect [redacted] disclosed that fear of the Black Panthers forced her to resign her leadership role in civil rights organizations. It was recommended that this article be mailed to well known Negro leaders throughout the US, who reside in cities where the BPP have chapters.

On 10/29/68, the Bureau approved the NYO suggestion and as a result letters were sent out to 326 individuals who reside in 21 cities. It is too early to estimate the tangible results of this project.

On a continuing basis the NYO has tried to foster hostile attitudes between the BPP and SNCC. This has mainly been accomplished by pretext phone calls to both organizations. As of 10/8/68 [redacted] SNCC stated, when telephonically pretexed, that SNCC is constantly guarding their premises against attacks by the BPP. On 10/4/68, Brother [redacted] of the BPP stated when pretexed that he heard that SNCC was going to dynamite the BPP office and they were going to get a hot reception as the BPP has two live snakes in the basement.

On 10/22/68, the NYO prepared a letter to be sent to ELDRIDGE CLEAVER pending Bureau approval. This letter suggested that some members of the BPP were planning to kill CLEAVER. The Bureau approved the NY recommendation and as a result the letter was sent out on 11/14/68.

60

On 10/30/68, the NYO prepared a letter to be sent to [redacted], from a soul brother. It was suggested that the letter be sent from the Los Angeles area. This letter indicated that CLEAVER should have turned some of the money he received from speaking engagements in the NY area over to the NY organization. The Bureau approved the suggestion and LA sent out the letter.

On 11/1/68, the Bureau commended the NYO for the effective matter in which Baltimore and NY utilized racial informants to neutralize the BPP efforts in Baltimore, Md.

4. Developments of Counterintelligence Interest

Every effort is being made in the NYO to misdirect the operations of the BPP on a daily basis. The NYO is continuing to conduct interviews with BPP members and friends of members. These interviews might provide fuel for further counterintelligence action.

[redacted] in Omaha and advised he had attended the National BPP Retreat in the San Francisco area from 11/16 through 19/68, which Retreat was held for the purpose of reorganizing the BPP along the lines of a military organization. He indicated that the BPP in Omaha was in the process of reorganizing, which partially explains the fact that, according to informants, regular meetings of the BPP in Omaha have not taken place for the past several weeks.

The Black Panther Organization, Incorporated, Des Moines, Iowa, filed Articles of Incorporation in the State of Iowa in July, 1968, for the purpose of obtaining anti-poverty funds but when unable to do so, this organization two months later filed Articles of Dissolution. Leaders of the defunct BPO, since its dissolution, have continued to operate as a loose-knit group, however, to date the organization and purposes of this group are not known.

In view of the present status of the BPP in the Omaha Division, it is not felt that intelligent recommendations can be made at this time regarding counterintelligence measures aimed at crippling the BPP. This matter will continue to be closely followed by Omaha, and any suggestions for counter-intelligence action against the BPP or its leadership will be submitted by separate letter.

Remylet, 8/30/68.

The captioned program has developed no new effective avenues during the past three month period.

In brief, the black nationalist organization situation in the Buffalo Division can be described as follows. The Nation of Islam (NOI) continues to maintain a mosque in Buffalo, N.Y., and an auxiliary mosque in Rochester, N.Y. Total membership is slightly over 100 for both units. The effectiveness of the NOI in this division is minimal since the stringent regulations imposed on its members and the financial drain to the individual participant do not attract the majority of Negroes in this area. During the past several months, there has been some natural dissatisfaction in the NOI in Buffalo arising out of the purchase by the Minister of a rather expensive home in the white suburb of Buffalo known as Snyder, N.Y. Financial obligations incurred by the Minister, as a result of this purchase, will be felt by him as early as December, 1968, and January, 1969. Informants have reported some rumbles of discontent over the actions of the Minister, this discontent evidencing itself in poor attendance at public meetings held weekly at the mosque. In an attempt to stimulate more public interest in the NOI, two movies were shown at the mosque on 12/1/68 following the regular meeting. One film was a science fiction plot and the other a cowboy movie. It is to be noted in this regard that the mosque is presently located in a former movie theater. The films did attract most of the members of the mosque, and they all stayed to watch the movies after the meeting. Informants do not know if this is going to be a regular format for future meetings, but Buffalo will follow carefully and consider the possibility of approaching the moving picture unions or other theater organizations with the view in mind of demanding that this sort of activity be discontinued by the NOI. The Bureau will be consulted before any positive action is taken.

As previously indicated, a Buffalo Chapter of the Student Non-Violent Coordinating Committee (SNCC) started in Buffalo in the Fall of 1967 [redacted] There is no one in the Buffalo area interested at present in taking over the operation of this chapter.

The Black Panther Party (BPP) established a unit in Rochester, N.Y., in the Fall of 1968. Membership appears to be very limited at the present time, and some of the officers have been identified [redacted] Since this group is yet in its formative stage, the application of a counterintelligence program would seem to be premature. Buffalo does not desire that this chapter be disbanded until such time as the membership and program can be ascertained. [redacted] The only action taken by the Rochester Chapter of the BPP, since its inception, was to solicit a crowd to hear BPP leader, ELDRIDGE CLEAVER, speak at the University of Rochester and at a local high school, and to solicit support for a public demonstration on 11/23/68 on behalf of a BPP member who had been arrested. The latter demonstration was held but was attended only by the New Left groups from University of Rochester, and no BPP members were observed. This indicates that there is some reluctance on the part of alleged BPP members to appear publicly on behalf of this organization.

Re Bulet to Baltimore, dated 10/21/68.

On 11/4/68 [redacted] San Francisco Chamber of Commerce, was contacted and advised that the local programs of the Chamber of Commerce has not changed since he was last contacted by Bureau Agents in April, 1968.

On April 12, 1968, [redacted] that there were three active employee groups functioning with the specific aim of finding jobs for minority individuals.

1. Chamber of Commerce Job Development Program which was founded one year ago upon invitation of the U.S. Department of Labor.

2. Management Council is an association of employers functioning as a non-profit corporation through funds provided by private foundations. The council acts as a coordinating agency to bring together the efforts of various groups working for minorities. This includes working with agencies involved in training - assisting those without adequate skills to obtain employment. The Council works closely with the California State Employment Service.

REC-63

3. National Alliance of Businessmen was formed in response to a request from President LYNDON B. JOHNSON in his manpower message to Congress in January. organization is headed by HENRY FORD II who is the Chairman. The program is based on a direct subsidy from the Federal Government. Local efforts are being made to coordinate these 3 employers' programs for maximum effectiveness and to eliminate duplication of effort.

The Chamber of Commerce and the San Francisco Human Rights Commission have a directory of 26 organizations that have programs for training and placement of members of minority group members. Efforts are being made to coordinate this effort so that training will lead to job opportunities. According to [redacted] at least one national organization with headquarters in San Francisco has been talking about restricting all summer employment to minority groups.

[redacted] pointed out that San Francisco is primarily an office employment center and that entrance - level job opportunities for the unskilled are at a minimum. It is no easy task to match the unemployed with existing job opportunities. He stated that many of them lack education, skills, and motivation. However, business communities will solve the problem because of the urgency of the situation and the caliber of the people actively working and interested in an intelligent solution.

On 10/29/68 [redacted] Anti-Defamation League, Division of the B'nai B'rith, advised that the Anti-Defamation League has launched a national campaign in an effort to combat problems among minority groups.

During the month of October, the National Department of Urban Affairs was set up with headquarters in New York, New York. The purpose of this department, which works closely with the NAACP and the Urban League, is to cope with the problem of unemployment, schools, housing, and other similiar problems.

[redacted]

Accordin[redacted] the problem with the Negros has become increasingly difficult to deal with, because militant Negros have directly attacked Jewish merchants and the Jewish people. [redacted] says he believes that the reason

the Negros have turned against the Jews is because the Negros consider the Arabs "Black Men" and Israel is presently at conflict with the Arab nations.

Another way the Anti-Defamation League is attempting to gain better understanding with the minority groups is by increasing their distribution of printed pamphlets and/or movies.

On 10/24 and 11/4/68, [redacted] Oakland Chamber of Commerce (OCC), 1320 Webster Street, Oakland, California, advised that [redacted] office has offered its full facilities to law enforcement, public organizations, and private enterprises in search for means to alleviate racial tensions and to promote better understanding and relationships between the people and law enforcement agencies. He said that the black militant extremists continue to present serious problems to the entire Oakland community in spite of concentrated efforts of the businessmen, civic minded persons and police administrators to come up with the correct answers and meet the challenges these extremists present.

[redacted] that the OCC has successfully solicited funds and has provided publicity for the employment of hard core unemployed and promotion of better relations between the police and the minority races, with particular emphasis on the Negro race. He specified that the OCC has promoted or worked closely with the Opportunities Industrial Center (OIC), 2510 Grove Street, Oakland, which concentrates on developing a favorable attitude towards work and does not pay trainees while learning a skill. The OIC is mainly funded by the Federal government but receives considerable financial aid from the business establishments of Oakland.

A "work-study" program involving four hours of work and four hours of study each weekday has been recently inaugurated and is operating as an autonomous organization in Oakland with funds provided mainly by Kaiser Industries in Oakland, California.

According [redacted] the OCC has set up a law enforcement and public safety committee which works closely with the Oakland Police Department (OPD) and provides publicity and services which the OPD cannot

itself provide. The OCC has prepared and published a brochure entitled "Oakland Careers in Law Enforcement" for the OPD for the purpose of attracting qualified young mentfrom various colleges and universities for recruitment as policemen.

Other publications provided for the OPD are as follows:

"We Welcome Your Complaint"

"The Citizen's Role in Crime Prevention"

"May We Meet With You?"

"Prevent Home Burglaries"

"Prevent Auto Thefts"

It is noted that the leaflet entitled "May We Meet With You?" in the opening paragraph states as follows:

"We in the Oakland Police Department are most willing and desirous of meeting with individuals and groups for the purpose of exchanging ideas, feelings and information regarding police policies, practices and procedures or any other pertinent subject of concern to you. We are particularly eager to meet with those whose views about the police may be characterized as critical or antagonistic."

The forward in the pamphlet is signed [redacted]

Also, the OCC has utilized the services of business firms having radio equipped vehicles to cooperate with the police in providing any indication of potential or real racial disturbances. At present, twenty companies having a total of 1,380 radio units are cooperating in this program. Companies included in this program represent advertising agencies, public utilities, newspapers, telephone companies, taxi companies, construction firms and trucking companies.

[redacted] said that the OCC particularly through its law enforcement and safety committee, is constantly seeking new ways and means to alleviate racial

tensions and prevent riots and simple disturbances.

As previously noted the only Black Nationalist organization active in this Div., is the Youth Progressive Committee in Montgomery, Ala., which has a reported membership of eight, two of whom are informants. The group has attempted to arrange for the opening of the Apollo Bar as a fund raising proposition for this organization, which is reportedly connected with SNCC. In the event this club is successful in getting this bar operation started, it is contemplated that action against the club could be taken through local State authorities directed towards revocation of the license of the bar.

The average Negro is very likely afraid or reluctant to report in person, by phone or in writing information which he may have regarding black militants. They need to be encouraged to do this, but it has to be made easy and secure for them to do so.

The Malaysian Government has encouraged its citizens to report communist activity and has set up a special address, P.O. Re Bureau airtel to Albany, 3/4/68, and New Orleans letter to Bureau, 8/29/68.

BLACK NATIONALIST ORGANIZATIONS

The only overall change in the Black Nationalist movement in the New Orleans Division since the submission of referenced New Orleans letter, is that a local group at New Orleans, calling themselves the Black Peoples Party For Defense (BPPFD), are holding meetings. Sources report that the leader of this group [redacted] Sources have provided a list containing approximately 20 names, address and telephone numbers of persons alleged to be members of the BPPFD. Sources report that this group partakes in defensive tactics training and as well as other military-type training and is the only Black Nationalist group in New Orleans which might be considered extremist.

Student Non-violent Coordinating Committee (SNCC) continues to maintain an office in New Orleans, however, attempts to form a chapter and recruit members have met with little success. Other local Black Nationalist Organizations have either folded or are engaged in community type projects and have given no indication of extremist nature. The overall Black Nationalist movement in the New Orleans Division lacks leadership, continuity, with no cooperation among groups and is like the proverbial "ship without a rudder." These groups appear to be moving further apart as each group and its leaders continue to be jealous of one another.

I. OPERATIONS UNDER CONSIDERATION

New Orleans has no operations under consideration -

at this time. It appears based on information provided by sources that these groups are doing an excellent job of defeating themselves.

II. OPERATIONS BEING EFFECTED

In regards to the BPPFD previously mentioned, we have opened up individual cases on individuals indicating they are members. As soon as enough background data is obtained Bureau authority is requested to interview these individuals.

It has been our experience in our previous investigation of the Klan and Klan members that one of the best counter-intelligence measures was the interview program and therefore an interview program has been instituted in regards to the BPPFD.

New Orleans continues to be alert for information which would indicate that local Black Nationalists may be in violation of a local law so that this information can be furnished to local authorities for appropriate action.

III. TANGIBLE RESULTS

At the present time, it is too early to evaluate the results of our interview program in relationship to the BPPFD. Any tangible results should be evident in the next three-month period. We anticipate through this interview program to at least "sow the seeds of distrust" of the members for each other.

IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

In regard to [redacted] mentioned in referenced New Orleans letter, [redacted] has been further discredited and neutralized inasmuch as he has been arrested and charged with accessory to armed robbery and is currently in jail.

The black nationalist movement within the Miami Division has changed somewhat since submission of referenced letter. The Southern Christian Leadership Conference (SCLC) whose charter was revoked almost a year ago had been operating officially under the name of "Poor Peoples Campaign Support Group" although they had been accepted in the Miami area as an SCLC chapter. They have become almost completely inactive since the Republican National Convention at Miami Beach in August, 1968. They do not hold regular meetings and have not organized or supported any particular civil rights activity. Their only objective since the Republican National Convention reportedly has been to attempt to collect money to pay telephone bills occurred during the Republican National Convention and the "Poor Peoples Campaign".

He has no known following and is not known presently to be associated with any organization. He is still awaiting trial for grand larceny charges pending against him in local court.

With the commencing of a scholastic year the United Black Students (UBS) has re-established itself at the University of Miami and is attempting to organize on the campuses of Miami Dade Junior College.

I. Operations Under Consideration

Miami is considering resubmitting a request to the Bureau to capitalize on recent allegations that [redacted] of Mosque 29 of the NOI in Miami has been having an affair with a female member of that mosque. Such allegations have been circulating as rumors among members of Mosque 29 and the Miami Office hopes to capitalize on this through the submission of an anonymous letter to NOI Headquarters in Chicago alleging the minister is having such an affair.

II. Operations Being Effected

The counterintelligence program is being considered in connection with Miami's interview program of members of the NOI. Approximately 15 NOI members and leaders have been interviewed since submission of referenced letter and it is anticipated that 9 or 10 members will be interviewed or re-interviewed in the near future.

Re Columbia letter to Bureau, 8/30/68.

I. SUMMARY OF CHANGES SINCE REFERENCED LETTER

Since 9/1/68, the Black Nationalist Movement in S. C. has been relatively inactive. The Black Awareness Coordinating Committee (BACC) has been reactivated at both S. C. State College and Voorhees College. BACC at Greenville, S. C. continues to be active [redacted] The Association of Afro-American Students (AAAS) has been reactivated at the University of South Carolina (USC), Columbia, S. C.

It should be noted, however, that there has been no organizational activity on the part of groups with national reputations such as the Student Nonviolent Coordinating Committee (SNCC) in S. C. One interesting factor should also be noted. The most militant of the black power advocates in South Carolina have either left the state or are completely inactive at the present time. For example, [redacted] have returned to Atlanta, Ga., and are presently residing there. [redacted] of AAAS have completed their work at USC and/or have failed academically and they have either left the state or have been completely inactive during recent months.

Another militant is [redacted] and she has left the Columbia area and her present whereabouts are unknown. There are several local warrants outstanding against [redacted]

It should be further noted that to date no leaders have appeared in South Carolina to take the place of the above militant former leaders of the Black Nationalist Movement in South Carolina.

II. OPERATIONS UNDER CONSIDERATION

1. The NOI in Columbia continues to build its new mosque; however, construction seems to be extremely slow and it appears it will be a number of months before final completion. Columbia continues to follow this construction and at the appropriate time will recommend that City Building Inspectors be contacted so they can inspect this building to insure that all building codes are being complied with.

2. [redacted] This matter is being followed very closely; however, to date there have been no problems in the high schools in Columbia, S. C.

3. [redacted] identified above, [redacted] and the Bureau was requested for permission to contact the Security Officer at [redacted] in order that these individuals might be arrested for trespassing should they be observed on the campus during the late evening hours. This suggestion was not approved by the Bureau and subsequent investigation has determined that [redacted] whereabouts are unknown.

III. OPERATIONS BEING EFFECTED

With regard to the automobile accident in Ohio involving [redacted] the car rental agency has dropped prosecution in this matter on orders of their headquarters since they felt they would be unable to collect in this matter. Information regarding this operation has previously been furnished to the Bureau.

Under this heading it might be noted [redacted] steps will be taken to equalize their effectiveness and possible attractiveness to non-militant students. Columbia feels that this program is an excellent program and that it will keep problems in the high schools at a very minimum.

Investigation is continuing in the matter of the black militants using a fictitious telephone credit card. Investigation is being handled under the Fraud By Wire Statute in this matter. The S. C. Law Enforcement Division and the Security Unit of Southern Bell Telephone Co. have already conducted an investigation in this matter and it is interesting to note that no telephone calls using fictitious credit cards have been made by any of these black militants since that investigation was initiated. No prosecutive action has been taken by S. C. in this matter at the present time.

Re Jackson let to Bureau, 8/30/68.

QUARTERLY PROGRESS LETTER

The following significant changes in the overall black nationalists movement in the Jackson Division have occurred in recent months:

A small Nation of Islam (NOI) cell with ten to twelve members has been meeting in a room at the Negro branch, YMCA, since the early Summer of 1968 [redacted]. The group has been seeking additional membership in the Jackson area; however, has not met with significant success in this endeavor at the present time.

I. OPERATIONS UNDER CONSIDERATION

Jackson Division is still considering the possibility of contacting local television and/or newspaper representatives regarding a story on the black nationalists activists in Miss., attempting to show them in an unfavorable light. As activity in Miss. has not been significant lately, and due to the fact that several key black nationalists in the state have departed the state within the past three to four months, this operation is being held in abeyance, however, is still being considered for pursuing at the pertinent time and when an appropriate target is considered logical.

II. OPERATIONS BEING EFFECTED AND TANGIBLE RESULTS and III.

By letter dated 8/21/68, the Bureau approved the Jackson Division preparing a spurious letter to be sent to alleged [redacted] who at that time, was residing in Jackson. The letter, in its text, was directed t[redacted] who then was residing at [redacted] The letter was written to imply that [redacted] was an informant of some Miss. law enforcement agency. Steps were taken to give the appearance that the letter by error was sent t[redacted] when meant to be sent to [redacted]. This letter was prepared and sent to [redacted] on 8/27/68, using necessary precaution to insure the letter could not be traced to the Bureau.

[redacted] departed Miss. permanently during the last few days in [redacted] departed Miss. the first week of [redacted] allegedly en route to [redacted] new residence in [redacted] was verified

90

Strong possibility exists that [redacted] went to the [redacted] vicinity to consult with SNCC leaders re [redacted] possibly being an informant of some law enforcement agency in Miss., based on [redacted] receiving "misdirected letter".

Based on the above information, the Jackson Division, by letter dated 10/30/68, submitted a counterintelligence follow-up suggestion which involved the following:

A. The placing of a long-distance phone call by pay phone at Canton, Miss., to SNCC [redacted] Office during which conversation would be made asking [redacted] to call one "CHARLIE" at Canton;

B. The week after this call was made, phone call to be made from a pay phone in New York City to the New York SNCC Office wherein reference would be made to the previous call and the caller would say words to the effect that [redacted] should get in touch with CHARLIE's friend in New York as set up during the previous week."

These two calls would have the objective of further indicating that [redacted] was an informant for some law enforcement agency.

By letter dated 11/15/68, the Bureau approved the Jackson Division and New York Division making the above two phone calls.

By letter dated 11/12/68, New York Office advised that the SNCC telephone had been disconnected. SNCC's New York Office had no phone service as of that time.

By letter dated 11/20/68, to the Bureau with copies to Atlanta and New York, Jackson advised Atlanta of the foregoing

91

information and asked them if the two phone calls mentioned above could possibly be made instead to some office or residence in Atlanta, Georgia, frequented by SNCC activists; it being noted tha[redacted] frequents the Atlanta vicinity periodically.

As of the date of this letter, this matter is still pending.

IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

[redacted] graduated from [redacted] Since that time, he has tried to organize one Negro youth group in the Jackson area. The Jackson Division, through informants, determined the identities of leaders of this group and in interviewing these leaders, expressed to them[redacted] background and his true intentions regarding organizing Negro youth groups. As a result of these interviews with these leaders, this group completely severed all connections wit[redacted] and told him he was not welcome at any of their meetings, functions, or activities. The youth group now has reverted back to its original purpose of assisting Negro youths to obtain better employment and educational opportunities on graduation from high school.

During the period since [redacted] graduation from college, he has been residing in the Jackson area. Jackson Agents have contacted each of his landlords and advised them of certain aspects o[redacted] past activities and his reputation in the Jackson vicinity as being a Negro extremist. Following these contacts with three o[redacted] landlords, he was asked to vacate the premises as they did not want any trouble at their properties and felt it would be better if he sought a residence elsewhere.

The Tougaloo College Political Action Committee (PAC) is a SNCC affiliated Negro student group at Tougaloo College.

92

In May, 1968, a Jackson source provided the identities of all members of this student group. A large number of these members were interviewed during the Summer of 1968 while they were home on summer vacations. Sources report that these interviews had a very upsetting effect on the PAC organization and they felt that they had been betrayed by someone at Tougaloo College. Many of the members have limited their participation in PAC affairs since their interview by Agents during the Summer of 1968.

As the Bureau is aware, approval was given for [redacted] a high level counterintelligence program against the NOI by Bureau letter November 11, 1962, entitled, "NATION OF ISLAM IS-NOI." 'WON'T CLEAN UP GHETTO'

Judge Parsons Rips Tax Aid for Gangs

BY MICHAEL COAKLEY

A Negro federal judge criticized the spending of tax funds which even indirectly aid black power groups, saying "this certainly is not the way to clean up the ghetto."

Federal district Judge James B. Parsons said contributing money to these gangs, even if they are the only groups in the area with popular support, can only lead to further lawlessness.

In an apparent criticism of the Woodlawn organization (T.W.O.) which operates in South side neighborhoods, Parsons said: "What we have seen in this area is a great travesty in the use of tax funds."

Leaders of the Blackstone Rangers gang were paid salaries from the Office of Economic Opportunity as workers in a T. W. O. anti-delinquency project. Following a congressional inquiry, the $30. grant was permitted to expire.

One of those paid was Jeff Fort, 21, a Ranger leader, who now is employed as a "youth coordinator" at $8,000 a year by Chuck Stone, executive director of the Kenwood-Oakland Community organization.

Parsons said Fort has "tremendous influence with the younger blacks."

Another Ranger leader on the T. O. C. O. payroll at $7,000 a year is Charles Edward Boy. The funds come from the Community Renewal society, a white Chicago group.

The chief beneficiary of the $3-million-dollar rehabilitation program run by the T. O. C. O. is a man with a criminal record dating back to 1950, which includes larceny, burglary, and narcotics violations: The Rev. Curtis Burrell, 38.)

Parsons' remarks followed a speech he gave last night to an annual fund-raising dinner sponsored by the Chicago area council of the Boy Scouts.

Parsons, a member of the Boy Scouts' national board of directors, had high praise for Scouting's efforts in the inner city.

"Scout leaders have gone into the ghetto areas and are fighting the street gangs," he said.

In emphasizing the need for such efforts, Parsons said Scout leaders try to get to young ghetto youths about 8 or 9 years old.

"At this age they are beginning to feel the influence of the gang," he said. "If the Scouts can reach him first, it can mean the difference between a life of crime and one which will be productive to society."

Parsons had special praise for the efforts of one Scout district leader, Kimmie Davis, who has organized more than 40 Scout troops in Negro neighborhoods in the south side Oakland area.

"He recently recruited more than 200 boys in one night. It is men like Kimmie who make Scouting such a success," he said.

Parsons warned that the former image of the Boy Scouts as a sophisticated organization operating in small towns and suburbs was not suitable for the ghetto.

"I think the Scouting movement realizes the special problems of the urban slum and have adapted very well to the conditions there," he said.

Parsons recalled that when he first became a Scout 40 years ago, it was only for those who didn't need it. "This is not true now. Many of our boys need Scouting very badly," he said.

"WHITE HELP. Some of the most promising new businesses have been initiated by white businessmen, drawn to the ghetto by mixed motives of social activism, self-protection, and profit.

"Warner and Swasey Company, the Cleveland machine-tool firm that has a reputation for conservatism, decided to help rebuild the city's riot-seared Hough section. This year, its executives persuaded ROBERT L. COLES, a Negro machinist and aviation-mechanics teacher, to ally his limping little C & B Machine Company with Warner and Swasey in a joint venture. Together they created the Hough Manufacturing Company, whose ten Negro workers labor over turrent lathes and milling machines. Warner and Swasey invested $250,000 to buy a three-story plant and provide operating capital. COLES got 200 shares (out of 2,000) in the new firm and became its president. Warner and Swasey has agreed to sell its majority interest gradually to Hough employees. Meantime, the big company helps COLES line up customers and has subcontracted some of its work to him."

NOTE: The New York Office was previously requested to submit concrete recommendations to exploit a possible split between the Black Panther Party (BPP) and the PFP. It was suggested to New York, among other things, that rumors to the effect that the BPP has so alienated the white community that whites in the PFP had complained to Cleaver about the New York Panthers. It was also suggested that fear stalks the white ranks of the PFP because of rumors that the New York Panthers threaten to line up PFP white hippies "against the wall with the rest of the whities," when the time comes. To implement this, New York, in relet, requests permission to send the following letter [redacted] New York states the letter will be handprinted on commercially purchased stationery and mailed somewhere in downtown New York. New York assures that every precaution will be taken to prevent the letter being traced to the sender.

As a contributor to the Peace and Freedom Party I wish to state that it was obvious to me and my friends that Eldridge Cleaver of the Black Panther Party was a poor candidate selection for President of the U. S. Perhaps the Black Panthers forced the Peace and Freedom Party to run Cleaver for he was obviously not a suitable candidate for the job. What we need is someone different, butnot someone who is likely to kill "whitey" after he makes it.

After reading some of Cleaver's speeches I am convinced that Cleaver is mainly interested in getting "whities" money and then he will line me and all my friends "up against the wall with the rest of the whities."

Fear stalks the Peace and Freedom Party for Cleaver will kill all us whities if he was in power. Lets not be fooled by the likes of Cleaver.

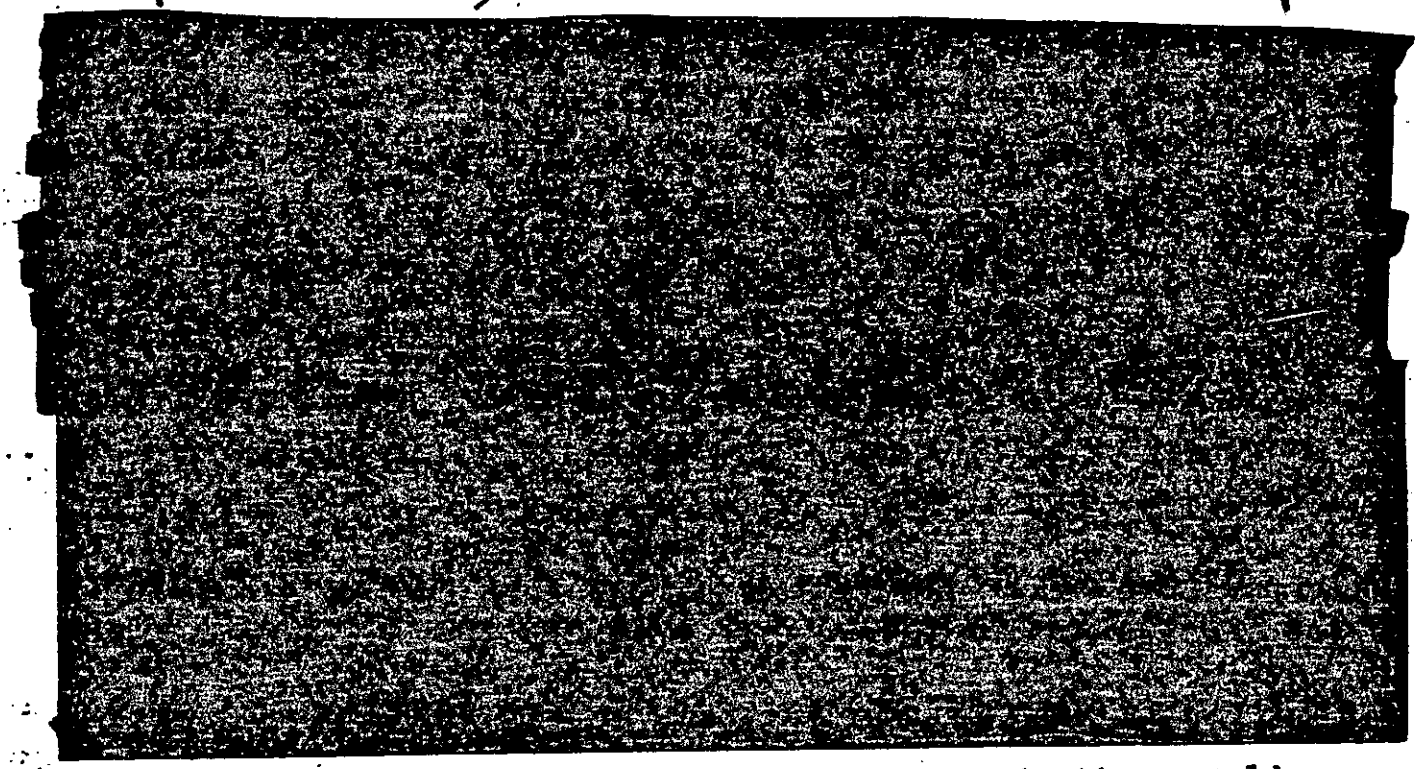
At the end of this letter are sample copies of two separate communications which Chicago is recommending be utilized against [redacted]. The first is to be sent anonymously to four Chicago area newspaper reporters, all of whom have written columns investigative in nature regarding local type demonstration activities and/or the black student boycott itself [redacted] reporter who has written extensively in recent weeks regarding the black student boycott. It is anticipated that the contents of this communication to these reporters would stimulate an interest in [redacted] and possibly result in an interview with him where he could be confronted with portions of this information.

The second letter is to be sent to associates of [redacted] in the hope of compromising him among those individuals with whom he regularly associates in the course of his black nationalist activities. The question of homosexuality which is implied in both these communications is not considered one which normally would be of importance in the circles in which [redacted] moves, however, in view of his leadership role, and increasing emphasis upon black pride and masculinity, a question of public identification of a black leader as a homosexual might represent a considerable reflection on this image. It is also believed that the question of the possible informer status of [redacted] as indicated in the second communication, would be of a particular concern to those individuals who would receive this second communication.

These individuals are:

[redacted]

116



Each copy of both of these communications would be typed as an original.

These two letters, in the order as indicated previously would read as follows:

Dear Sir:

I've read some of your comments and articles about the demonstrations and the Chicago high school boycotts recently and I'm writing to you because of my concern over these things. I'm employed in the school system but no one seems to want to take any action about some of these young blacks who are causing all this turmoil.

--- Some teacher friends who know this [redacted] say he's got an interesting background [redacted] I understand, and just before school started went to [redacted] but the Government can't or won't do anything about him. He's never been in the service and people close to the boycott problem feel his interest in these young kids is no accident.

The papers are the only ones who seem interested. If the public knew who and what some of these people were, maybe it would help. You can ask him. If what I've heard isn't true, le[redacted] deny it. I'd like to sign my name but I'm in the middle in this.

Hopefully, a citizen

Dear black brother,

I know you know [redacted] I've been to his [redacted] and I know why he likes the young Black Brothers down there. We don't need sissies or freaks for leaders. Some brothers on the west side say he's with the man cause he don't work, but he sure gets around. Maybe you can do something.

A Brother

The above are being provided the Bureau for consideration as a counterintelligence approach against [redacted] Chicago will take no action on the above but will await the Bureau's recommendation and comment prior to instituting any counterintelligence activity.

Militant, Radical Student Paper Assailed at WSU

BY GLADYS [illegible]
Free Press Staff Writer

"They can say whatever they please, but they ought to learn to say it well. It'll stink the first couple of years . . ."

Frank Gill, faculty advisor to Wayne State University's student newspaper, puffed on his pipe and shook his head.

He can speak coherently about the paper's past and immediately past editorial staff only by exercising great control over a volcanic Irish temper, heated to boiling.

* * *

"THEY HAVE no integrity, no pride in what they produce, no idea what a newspaper is or how a newspaper functions," he said. "For a year I've felt like a home room teacher in a class for mentally retarded children."

Wayne's Daily Collegian, like hundreds of college newspapers in the past few years, has undergone radical change.

The Collegian was established in 1919.

In October, 1967, its name was changed to The South End, by a 14-13 referendum, after a controversial, four-day campaign. Left Wayne for the West Coast.

* * *

"With [illegible] objective journalism the first South End produced. The Collegian [illegible] was one of its own publications. We have made a radical departure from tradition. We have begun a search for [illegible] even to ethics."

The speech is over a year old.

[illegible] newspaper [illegible] from [illegible] to be [illegible] what the paper [illegible] Wayne's News, [illegible]

[illegible] by the shop[illegible] [illegible] and black pa[illegible] the South End's editorial chief, John Wilson. To those who complain about the paper's bias, he says: "Get [illegible] friends."

120

ACORN's [illegible], the paper has become "[illegible] vicious, personal [illegible] against and [illegible]. A story wrapped in an editorial. It's newspaper at its."

"Who is Hubert H. Humphrey?" is by far the most [illegible] or the day. We know that Humphrey does have [illegible] the problems facing our country. It's just that you have to really squeeze him hard to get any answers."

—South End, Oct. 17, 1968

Recent issues of the South End have [illegible] the [illegible] of the large breach and [illegible] voice a opposition to [illegible] [illegible] [illegible] employed by the university, including criticism of "[illegible]" of the American educational process, editorials for The Graduate and praise for Eldridge Cleaver.

BLACK LINE [illegible] are [illegible] with an exception, [illegible] and editorials on the [illegible] election all the way back to Karl Marx. And they are peppered with four-letter words. That [illegible] elements of the university family and student body.

"Academicians have sat on their scholarly asses for years and talked about the way things SHOULD be, but left the results of the way things ARE, to those intellectual specials in Washington. Whereas, possibly when, have we been pushed because of it? Conditions must be changed now — [illegible] gradually [illegible] — and they must be changed by any means necessary."

—South End, Oct. 15, 1968

At a "second topic forum held to discuss the function of the paper a student complained, "You only print one point of view."

Mike Banks, [illegible] editor of the South End, replied, "there are two points of view, of course. The right and the wrong. You wouldn't want us to print the wrong one, would you?"

That kind of flip reply and the attitude it reflects have become intolerable to many university administrators and other members of the community.

Wayne Cizek, a WSU graduate [illegible] wrote this to say calmly, "The [illegible] the paper exists is more a matter of public relations than [illegible]."

BUT GIRLS [illegible]," You can't talk to them. They don't speak the same [illegible]. The [illegible] and I have [illegible] for Him. I was glad to [illegible] it, but when this [illegible] the Vietcong, walked in, he had the same look of [illegible]."

Watson was unimpressed.

"The paper is [illegible] to the student [illegible]," he said. "If you aren't interested in it, you'd better be [illegible] soon, because [illegible] it is. If you [illegible] want to be [illegible], that's where you've got to go."

V. Spencer Dobbin, chairman of Wayne's Journalism Department, is [illegible] about the [illegible] [illegible], but he's [illegible] from the battle line.

As at most large universities, Wayne's official newspaper is [illegible] and administered as an [illegible] activity. Journalism students may work on the paper, but so can others, and the department of journalism exercises no control over the paper's editorial policies or practices.

The Voice is not dead, but no one has been able to solve the problems of finance and staff to get the paper going again.

The South End is financed through the Student Activities Budget of the university and it would be illegal for the Voice editors to use public funds from the South End as an activity that competes with other campuses.

Another news publication at WSU is the Wayne Report, a newsletter-size weekly that first appeared Sept. 26. It's a successor to W.S.U. Voice, which was a faculty and staff house organ.

Ken Hicks, director of Publications for WSU, said, "At one time [illegible] to use [illegible] a tribal right [illegible] people [illegible] with the South End. There appears as an enclosure to this letter an article which appeared in the "Columbia Spectator" on page 1, dated 10/15/68. The "Columbia Spectator" is the official newspaper of the undergraduate student at Columbia University.

This article indicates that generally speaking the students were disappointed with ELDRIDGE CLEAVER as a speaker and also doubted his leadership qualities.

It might be said that in accepting the invitation to speak at Columbia, CLEAVER felt that he would be addressing a New Left oriented audience who would be sympathetic to his viewpoint.

The NYO suggests that the Bureau and SF attempt to determine if we are able to compile other news articles etc. like this one from other colleges where CLEAVER has made speeches and then send them to the (BPP) headquarters to deride CLEAVER.

The Style of Contempt

by PAUL STARR

Wollman Auditorium was jammed by Columbia students yesterday afternoon well before four o'clock. Soon Hewitt Lounge filled, and shortly after that Lion's Den. Students also crowded into small rooms on the first floor of Ferris Booth Hall where they could be able to hear. Upstairs, on the second floor, still others gathered in the suite belonging to radio station WKCR, which has a direct view into Wollman.

The View From Here

By the time Eldridge Cleaver arrived, there were probably over two thousand students waiting to hear him.

The Minister of Information of the Black Panther Party and Presidential candidate of the Peace and Freedom Party has a reputation for searing rhetoric— a reputation which may have led Columbia officials to assume that the speech yesterday certainly did not exhibit the scalding character some expected. Cleaver did not make his audience roll with anger by eloquently depicting the ugliness and brutality of American society. In fact, he hardly talked politics at all.

There was one theme that dominated Cleaver's speech: the pigs. The pig is the ruler

(Continued on Page 5)

Style of Contempt

(Continued from Page 1)

of American society, and the solution to America's problems is to "kick the" him. The candidates in this year's elections are pigs spending a lot of time at the trough to oink in the face of the people."

It was a speech whose essence was derision. Cleaver had nothing to offer the students who heard him yesterday but ridicule for things they despise and adolescent epithets for things they detest. Students laughed; they were not stirred with rage. At one point, Cleaver challenged Ronald Reagan to a duel with any weapon Reagan chooses, including marshmallows.

For students who have seen powerful and intelligent black radicals like Lesie Jacobson of Chicago, Cleaver must have been a disappointment. As one student said yesterday, he is the black version of Abby Hoffman. Like Hoffman, Cleaver is not the leader of a political movement. He is the leader of the political expression of a cultural phenomenon.

What Cleaver had in common with his audience yesterday was the contempt in which they both hold the existing leadership of this country. Their rapport came not so much from a coincidence of convictions as of emotions. Contempt has often been a powerful social force, but in American politics it has never reached a dominant-riding proportions that it has reached in this election year.

For the emotions which Cleaver crystallizes in the word "pig" go beyond the boundaries of radical politics. The contempt for Hubert Humphrey and Richard Nixon as men is widespread; even more so is the contempt for the institutions of George Wallace. The air of politics in the United States has taken on a noxious odor which not even an end of the Vietnam War can dispel.

In addition to the individuals and groups recommended by your office for inclusion on your mailing list, the Bureau is of the opinion that the efficacy of this counterintelligence action can be augmented by mailing the transcripts to officials of the alumni association of Sacramento State College as well as other colleges in your division where Cleaver or other extremists are scheduled to or likely to appear in the future.

San Francisco is requested to submit its observations concerning similar anonymous mailing of Cleaver's speeches in the San Francisco Division.

Sacramento handle this in such a manner that the mailing is not traced to the FBI. Use commercially purchased envelopes and unwatermarked paper. Advise the Bureau of all tangible results obtained by this counterintelligence action.

Re Bureau letter, 10/24/68.

Enclosed herewith is a transcription of ELDRIDGE CLEAVER's speech on October 2, 1968, at the Symposium on Racism in America held at Sacramento State College, Sacramento, California, from September 27, 1968, to October 4, 1968.

One copy was previously sent the Bureau on October 16, 1968, under the dual caption of "LEROY ELDRIDGE CLEAVER, RM-BPP", and "SYMPOSIUM, Racism in America, Sacramento State College, Sacramento, California, 9/27/68 - 10/4/68, RM".

Sacramento proposes to anonymously send copies of this speech to presidents of local Parent-Teachers Associations (PTAs), members of the local school board, as well as high school principals, presidents, and/or secretarys of the Rotary, Lyons, Kiwanis, Optimists, and #20-30 Clubs.

As the Bureau has pointed out, this mailing could result in bringing pressure to bear upon college administrators to prevent CLEAVER's appearing on campuses. In addition, members of the Rotary, Lions, and other clubs mentioned above, come from all walks of life and Sacramento observes that these clubs could well make CLEAVER a subject of one of their complete programs inasmuch as many of their children could be exposed to his obscenities.

Sacramento feels that getting this mailing out immediately is of utmost importance and is therefore preparing a master so that it can be run off as soon as Bureau authority is received.

Sacramento suggests the following cover page be mailed with this speech:

> Attached hereto is a complete transcription of ELDRIDGE CLEAVER's speech given at Sacramento State College on October 2, 1968. CLEAVER is the Minister of Information of the Black Panther Party, headquartered at Oakland, California. Is this what you want your children exposed to???????

Sacramento will purchase commercial envelopes for this mailing and will post them locally.

Sacramento would like to make one more observation, namely that a similar mailing could well be made in other cities in California, as well as in other states where the Black Panther Party is known to be in existence. This mailing, however, could not be handled by Sacramento because proper facilities for doing so are not available.

Re SL let to Bureau, 10-29-68, and Bulet to SL, 11-6-68.

Enclosed for the Bureau are 3 copies of newspaper clippings.

In accordance with Bureau authority, approximately 200 of the "Black People Choose" flyers were produced and mailed anonymously to various Black Nationalist groups and leaders in the greater St. Louis area during the weekend of 11/8-10/68.

The results of this counterintelligence action were regarded as very satisfactory and are set forth below:

[redacted] the flyer which one of their policemen had been furnished on the street by an unknown Negro male. The Negro male told the officer at the time, "Looks like them Zulu's are asking for trouble."

[redacted] the questioned flyer had been received by several Negro secretaries who are active in various Black groups in the area. Their concensus of opinion was that the flyer was prepared by "white hunkies" in the local chapter of Students for Democratic Society (SDS) and they were going to attempt to secure some sample envelopes from the SDS "hang-outs" to see if they compared with the envelopes in which the flyers were received.

[redacted] tavern on Natural Bridge Ave. frequented by the Zulu 1200's. The Zulu's were giving a skit and one of their members held up a picture of ABRAHAM LINCOLN. A Black Liberator jumped up, tore the picture from his hand, and a very brief scuffle ensued. The Black Liberators immediately left.

While the above incident may not be directly attributed to the flyer mailing it is very likely that it was a contributing factor.

[redacted] while they are satisfied that the actual leadership of the Zulu 1200's did not prepare the flyer they are not certain that some of Zulu members did not do so. [redacted] there has been plenty of "talk on the streets" regarding the flyer and most Negroes are unconvinced that the Black Liberators and the Zulu 1200's are not feuding, despite the protests of their officers in the newspapers.

An article relating to the flyer merited headlines in the St. Louis Sentinel, a weekly Negro newspaper with a large circulation, and it was also referred to in the St. Louis Post-Dispatch. Copies of both articles have been enclosed for the Bureau.

Both articles added greatly to dissemination which the flyer received. Not only was the flyer quoted but also the articles explained some of the points made, and in so doing, tended to add credence to the complaints against the Black Liberators in the flyer.

This division will be alert to logical follow-up action in this matter and if a potential circumstance is noted Bureau authority will be requested for logical action.

(Mount Clipping in Space Below)

The Liberators' apparently softened position toward whites was attacked last week in a blue pamphlet being circulated through Negro areas of the city.

The pamphlet compared the militancy of the Liberators unfavorably with that of the Zulu 1200s, another Negro group that recently severed its ties with the Mid-City Community Congress.

Feud Denied

Members of both the Liberators and the Zulus have denied that the organizations are feuding.

The pamphlet said the Liberators were run by "white honkies" and the Zulus were run "by blacks, for blacks and with blacks." The pamphlet described the leadership of the Liberators as "Illinois Negroes who don't give a damn" and said the uniforms of the Liberators make them look like "honkie truck drivers and motor cycle cats."

Koen is from Cairo, Ill. The Liberators wear black uniform and combat boots.

Liberators, Zulus Say All Is Love

A Black Power war between the Black Liberators and the Zulu 1200's appeared above the surface in the form of unsigned pamphlets last Monday, but both militant groups denied Wednesday that they are at odds.

"It's a plot to keep black people apart and get them to fight each other," a spokesman for the Black Liberators said.

"Both groups are fighting for the same thing, and both work together," a member of the Zulus said Wednesday.

A white minister considered a radical who speaks out for Negro rights also charged there is a plot to keep black people separated.

Black People Choose

The most explosive piece was mailed out through hand-addressed envelopes. It was titled, "Black People Choose," at the top and finished with a shield and "Black Power" at the bottom.

On one side it praised the Zulu 1200's as proud and black with eight points in their favor, and on the other side it denounced the Black Liberators as run by "white honkies" with eight points against them.

The Zulus, it said, are "run by blacks, for blacks, with blacks," born and raised and loyal to St. Louis, helping local black youth, support and upgrade black African culture and dress as "proud black Africans who respect all black men and women." It called the Zulus "black, strong and proud" who "ask nothing from white honkies."

On the other hand it says the Black Liberators are run by "white honkie ministers," has "Illinois Negroes who don't give a damn" as members, are loyal to outside groups, dress like "honkie truck drivers and motorcycle cats" and "cry in honkie federal court that police are harassing them." It also criticised the Liberators for working out of St. Stephens Episcopal church on Park and for working with whites.

White Minister Talks

The Rev. William Matheus, a militant white minister at St. Stephens, called the Liberators a noble group seeking to "create black dignity" and "get their thing together." He said the Liberators are free to "utilize the facilities of the church" because they do not have the finances and staff to do all the work needed from their office at 2810 Easton ave.

Recently Charles (Chuck) Koen, prime minister of the Liberators participated in a public black forum at St. Stephens, which has white ministers. The Liberators also conducted a recruiting drive on the south side from that church.

A Liberator spokesman agreed that the Liberators do use church facilities, but declared that whites have nothing to do with the administration of the Black Liberators.

Matheus added, "I doubt seriously that the Zulus had anything to do with this vicious tract. After all, the Zulus work from the Mid-City Community Congress and worked with Webster college students in campaigns for housing blacks."

Ocie Pastard, executive director of the Mid-City Community Congress, where both militant groups got their start, said the Zulus had nothing to do with the pamphlet. He added:

"Somebody wants these two black groups to start fighting. There have been several attempts to break up the good relationships between the two groups. Both groups were smart enough to take it intelligently."

The pamphlet came out after a big weekend for the Liberators during which Phil Hutchings, national chairman of SNCC (Student Non-Violent Coordinating Committee) announced at a public rally that the Liberators along with other "black" groups such as the Black Panthers were becoming affiliates of SNCC. He also noted that Koen had been named a national official of the affiliated groups.

Re San Diego letter to the Bureau 10/4/68.

ADMINISTRATIVE

The CI Program as it relates to the Black Nationalist - Hate Group activities was temporarily curtailed in the San Diego Division due to conditions which are known to the Bureau. The situation which created this curtailment now appears to be resolved and an increase in counterintelligence action from the San Diego Division can be anticipated at an early date.

I. OPERATIONS UNDER CONSIDERATION

A request to the Bureau is being prepared to capitalize on a situation which appears to be a power struggle between US and the Black Panther Party (BPP). A request for an anonymous letter being sent by an anonymous black businessman in the San Diego area praising the BPP and encouraging the takeover of the US group by the BPP is being prepared. A letter advocating the above takeover will be sent to [redacted] of the BPP in San Diego; and one to [redacted] of the BPP in San Diego. The letters directed to the BPP members will refer to the US members as a bunch of cultural Uncle Toms and indicate that they are in fact hurting the black power struggle movement.

A similar letter will be directed to [redacted] US organization in San Diego. This letter will indicate that the BPP is destroying all of the constructive measures thus far taken by the US group toward racial equality and advocate the taking over of the BPP by US in order to preclude additional harm being done to the black people by the BPP.

II. OPERATIONS BEING EFFECTED

The operations which have previously been authorized telephonically by the Bureau have been effected.

No results, to date, have been realized from them.

A list of names of prominent Negro businessmen in the San Diego area has been prepared and forwarded to the New York Office in conjunction with the mailing of the article written by Mrs. CATHERINE BASIE which appeared in the "New York Times" on 9/18/68. It is anticipated that these businessmen will be receiving the above article in the immediate future.

III. TANGIBLE RESULTS

[redacted] does not appear to be in a leadership capacity of the US group any longer. This might possibly be attributed to the fact that he has been interviewed by the FBI. He still continues to make several speeches and talks throughout the San Diego area but does not appear to have any direct leadership capacity in the US group.

IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

At the present time there appears to be a power struggle going on between the factions of the US Group and the BPP in San Diego, California.

ReBulet, 10/30/68.

During July, 1968, there was a great deal of friction between SNCC and the BPP in the NY area. Much bickering took place and some veiled threats were leveled by members of both groups.

Since September, 1968, the break between SNCC and the BPP appears severe and perhaps final. At the present time, there is absolutely no working agreement between these two groups in NYC. In fact, the entire thought of cooperation between the two groups in NYC is a dead issue. Nobody talks about it at meetings, it is just taken for granted.

In answer to your specific questions as defined in referenced letter it may be pointed out that :

1. As previously stated cooperation between SNCC and the BPP in the NY area is at the present time a "dead issue",therefore, it is not felt that the distribution of a slogan would have any appreciable effect.

2. BPP recruiting has been on the decrease in this area for some time. In fact, they have just closed their Brooklyn office. Such a slogan would probably annoy the Panthers but might have little effect on recruiting.

Authority requested to authorize Sacramento Division to anonymously mail transcripts of speech of Leroy Eldridge Cleaver delivered October 2, 1968, at Sacramento State College, Sacramento, California, to academic related organizations, officials, and fraternal organizations. Objective is to bring pressure to bear upon academic administrators to deny Cleaver a forum for future diatribes of this nature. Cleaver is Minister of Information of the Black Panther Party, a black extremist organization.

The speech in question is similar to a series of lectures delivered by Cleaver at various colleges throughout the country. In these speeches, Cleaver intimates the advocacy of violence and revolution. His ideas are advanced through the medium of obscene and vulgar words that demean the common standard of decency. Some of the educational institutions before which Cleaver spews his demagoguery are small and/or religious affiliated institutions. It is likely that if parents, selected college alumni, and civic minded groups were aware of the contents of Cleaver's speeches, they would bring pressure to bear upon colleges to deny him a platform.

If approved, Sacramento will be instructed in attached letter to anonymously mail copies of this speech to local parent-teacher associations, members of local school boards, high school principals, college alumni officials, and officials of the Rotary, Lions, Kiwanis, Optimists, and similar groups. A cover page will be mailed with the speech which will identify it as a speech of Cleaver's and a statement to the effect that this is what children are exposed to at college. The mailing will be handled in such a manner that it cannot be traced to the Bureau as the source.

RECOMMENDATION:

That attached letter, in accordance with the above, be approved.

Reurlet dated 10/25/68, Chicago report of [redacted] dated 10/31/68, and Chicago airtel dated 11/14/68, both entitled "BLACK PANTHER PARTY, CHICAGO DIVISION, RM".

Inasmuch as the Chicago Black Panther Party (BPP), has since been legimatized and accredited by the BPP of Oakland, the suggested counterintelligence measure is no longer believed to be feasible.

However, if San Francisco Division is in a position to furnish any data regarding BPP Oakland expectations concerning revenue from the Chicago group, the Chicago Division will intensively monitor BPP activities, specifically in connection with fund raising. Should it be established that the Chicago BPP is skimming money from funds destined for BPP at Oakland, the Bureau and San Francisco Division will be promptly apprised in order that appropriate counter-intelligence measures can be considered at that time.

Re Bureau letter to Albany dated 3/12/68, entitled "BLACK NATIONALIST MOVEMENT INTERVIEWS WITH SUBJECTS AFFILIATED THEREWITH, IS - BN, (Bufile 157-8415)".

The Junta of Militant Organizations (JOMO) was organized in St. Petersburg, Fla., on June 22, 1968. Its publication, the "Burning Spear", has become increasingly militant since June, 1968, on occasions imploring members of the Negro community to arm themselves, and directing derogatory, as well as obscene, remarks concerning city officials and in particular, St. Petersburg PD. One edition of the periodical indicates that black people have no responsibility, either moral or legal, to support the framework of American Government. Several individuals reportedly closely associated with this organization, have been arrested during racial strife in St. Petersburg.

The impetus behind JOMO is [redacted]. Subsequently during August, 1968, while St. Petersburg was experiencing a highly volatile racial atmosphere, [redacted]

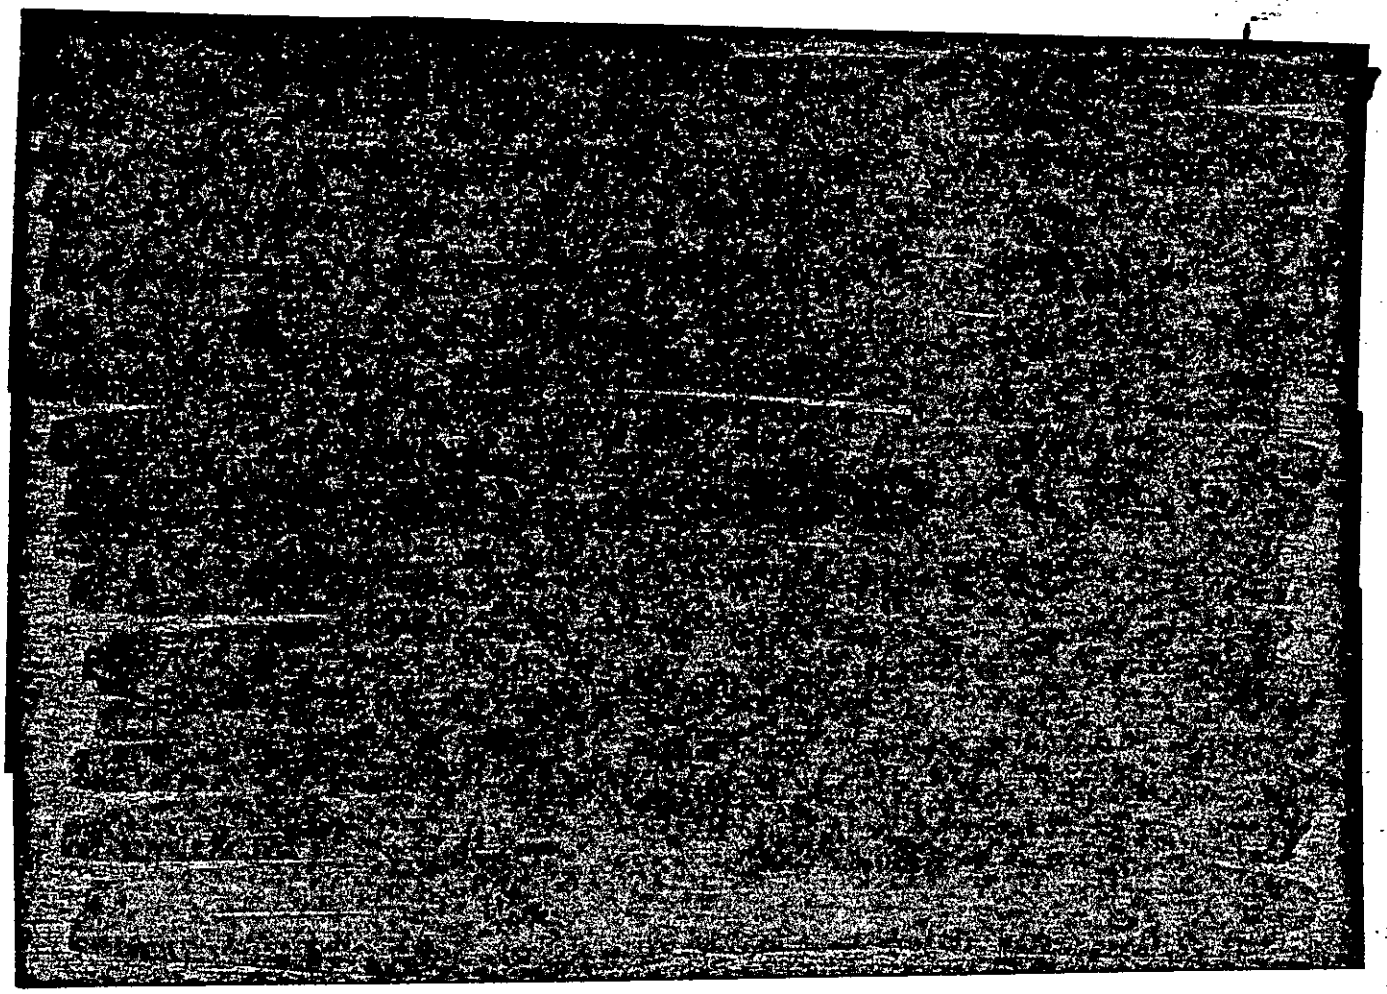
However, Tampa is of the opinion that supplemental coverage of the activities of JOMO is desirable. Reports continue to circulate that [redacted] and it is felt that upon his return to St. Petersburg, the activities and the membership of JOMO will increase.

Thus Tampa concludes that one technique which may offset some of these anticipated increased JOMO activities, would be a series of interviews with selected members and associates. Two objectives would result from these interviews. Tampa will be able to seek additional penetration of JOMO and to evaluate each of the persons being interviewed for his potential as a racial informant. Even if the interviews do not result in recruiting racial informants, it is felt that the interviews will serve to harass and bewilder the other members of JOMO. It should be noted that during the Summer of 1968, when Tampa was interviewing one of the members whose parents had accompanied him to the Resident Agency in St. Petersburg [redacted] the Resident Agency, speaking to a Special Agent with whom he is familiar, and complained bitterly about the Bureau interviewing this member.

Accordingly, Tampa recommends that the following individuals be interviewed and Bureau authority is requested to commence speaking to these individuals:

[redacted]



It should be noted that a local television station, with the knowledge of the Bureau, has prepared a documentary type program in which a number of JOMO members have been interviewed. The program has not been shown as yet, and none of the above individuals appears in the film.

It is not felt that any of the above interviews will result in any embarrassment to the Bureau. Both [redacted] have been spoken to on other occasions without incident. The interviews of all the individuals will be conducted at an auspicious place to avoid any possibility of embarrassment. The interviews will be conducted by two mature and experienced Agents.

TP 157-3213

The Bureau is requested to grant its authority for Tampa to commence interviewing the individuals whose names and biographical sketches appear in this communication.

Since the article "Aftermath of a Riot" appears to be of primary interest to readers in the greater Pittsburgh area, the Bureau is of the opinion that the most effective utilization of this article would be on a local level.

For this reason, the Bureau feels your suggestion to furnish the contents of the article to a local Pittsburgh newspaper contact of your office would be most beneficial.

Identify the newspaper contact to whom you desire to furnish this information. Furnish the Bureau with all pertinent information in your possession concerning him and a statement indicating the degree of past cooperation with your office, and the reason you believe he will not breach Bureau confidence.

The Pittsburgh Office believes that this article offers potential for utilization in captioned program, and it is being forwarded for the Bureau's consideration therewith. As one possibility, offices participating in the Counterintelligence Program could be solicited for the identity of individuals to whom reprints of the article could be sent. This could be handled in a manner similar to the manner in which the article from the 9/18/68 issue of the "New York Daily News," concerning the Black Panther Party, is now being handled as set out in Bureau letter dated 10/29/68.

Another possibility is for the Bureau to furnish the article to an appropriate newspaper columnist of national prominence with the suggestion that it could be utilized in a column concerning racial violence.

A third possible use of the article would be to furnish it to a reliable local Pittsburgh newspaper contact with the suggestion that a wider circulation of the article in the Pittsburgh area would be desirable.

ReHOlet, 9/3/68.

1. Operations Under Consideration

Houston Office previously considering a specific intelligence operation against [redacted] utilizing informants to accuse [redacted] of having other women and misusing NOI funds in connection with his travels to Dallas, Texas to conduct NOI meetings. Recently [redacted] has not been going to Dallas but has been attempting to keep [redacted] under control. [redacted] is currently experiencing many problems within the NOI as well as considerable problems as regards his leaders. It is felt that through the effective handling of NOI informants this unrest and disruption will be continued causing [redacted] considerable problems.

2. Operations Being Effected

No specific counterintelligence operation is currently being effected against the black nationalist-hate groups in Houston other than to continue to capitalize on the chaos currently going on in the NOI organization. Several officers who in the past were considered to be firm NOI members have been demoted as a result of the problems in the NOI and other members are experiencing difficulties with money in that they are accused of not paying their regular dues while others who are known not to be paying dues have been carried on the rolls as being paid up. It is apparent that the bookkeeping system in the NOI currently is in a mixed up state and through the informants it is anticipated that the problems evolving from this mix-up of the records will be brought out more in the future. While this is not a specific Bureau approved counterintelligence operation, it is felt that the proper handling of the NOI informants in this regard is causing disruption and chaos within the NOI.

3. Tangible Results

The results of the counterintelligence action taken against the NOI by the Houston Office has resulted in top officers being demoted and chaos among the members because of various accusations about non-payment of regular dues and assessments by the members. This has caused considerable consternation within the entire NOI organization. It is felt that these problems will continue and increase through appropriate informant handling.

4. Development of Counterintelligence Interest

Other than the fact that several old-time NOI officers were [redacted], and the fact that NOI members are being wrongly accused at this time for non-payment of dues and assessments, nothing of particular interest from a counterintelligence standpoint has been noted in the NOI during the past quarter. It is felt, however, that with the coming Savior's Day Convention in Chicago in February and the fact that ELIJAH MUHAMMAD ha[redacted] instructed each NOI member to contribute $75.00 towards this convention whether he goes to the convention or not appears to present another item which can be attacked by appropriate informant handling.

The entire NOI operation in Houston has developed into a big money collecting operation which apparently benefits [redacted] and the NOI headquarters inChicago and because informants have been appropriately instructed, some members are beginning to realize the benefits gained from being a NOI member are not as they are presented by [redacted] This matter continues to be followed on a daily basis and in the event a specific counterintelligence proposal presents itself, Bureau approval will be requested.

This communication is being directed to the Bureau prior to the Buded of 12/1/68 in view of the fact that case agent will be attending in-service during this period.

The following are suggested ways in which it is felt the Chamber of Commerce or other socially conscious organizations may contribute to counter violence on the part of black extremists. It is felt these suggestions will encourage the disadvantaged in both black and white communities to resist and deny the appeal and advice of extremists that violence is the only means to cure social ills:

1. Make known to people in ghetto areas the Chamber's interest in making, through its industrial development programs, opportunities to encourage the development and establishment of Negro businesses and employment of qualified Negroes.

2. Make known to Negro businesses and social organizations at all responsible levels that the Chamber's liaison service with other agencies are available to them as well as to influential and dominant groups in white communities.

3. Make known to people in ghetto areas the Chamber's interest in promoting, through their liaison with educational institutions, educational programs for both the adults and youths to qualify these persons for better employment with increased pay, resulting in improved standards of living.

The Pittsburgh Chamber of Commerce has for sometime been of the philosophy that it should endeavor to make some constructive effort to improve racial relations and to improve the climate in the ghetto areas. It was felt that crime and law enforcement was, to a considerable extent, directly related to race relations and tensions.

[redacted] during the Pittsburgh Chamber's initial consideration of how best their agency could constructively contribute to the general situation, he expressed the opinion the problem was similar to the efforts of this country to aid underdeveloped countries. The similarity

being that in this case the aid is needed in underdeveloped areas of our country. A substantial factor in the aid to underdeveloped countries has been the private business factor, which [redacted] felt also applied to the underdeveloped areas of our country. Since the Chamber of Commerce is business-oriented, [redacted] that the Chamber make efforts through business to improve the climate of the ghettos and thereby improve race relations which would, in turn, work to the advantage of law enforcement.

[redacted]

The Pittsburgh Chamber formed a Human Resources Development Committee. The purpose of this committee was to provide a means of communication between the Opportunities Industrial Center and the business-industrial sector. For this purpose, the Chamber organized an Industrial Advisory Committee to the Opportunities Industrial Center. Recognizing the need for the business sector's more inclusive interest in the economic developments of the area, as related to the minority group, the Chamber asked the Industrial Advisory Committee to the Opportunities Industrial Center to accept a dual role as also the Chamber's Human Resources Development Committee.

The projects undertaken by the Human Resources Development Committee are as follows:

1. Business Management Advisory Corps

There had been an expressed viewpoint that black-owned and/or operated businesses seemed to lack managerial know-how. The Chamber felt that experienced businessmen could be drawn upon as volunteers to advise and counsel the owners and managers of black stores and firms of accepted management methods and procedures. The use of this resource will depend on the need for the services as expressed by the prospective recipient.

2. Pittsburgh Industrial Show

The sponsors of the Pittsburgh Industrial Show, the Purchasing Management Association of Pittsburgh, traditionally makes a booth available to the Chamber of Commerce free of charge. During the 1968 show, the Chamber felt it could best serve the business interests of the corporate sector by having its booth used by black-owned and/or operated firms which produce articles or supply services of interest to corporate buyers. Difficulty was encountered in locating black-owned businesses; however, some were located and did exhibit with most satisfactory resultes.

3. Special Impact Program

This is a program in which the U. S. Labor Department provides funds to create employment for minority groups by promoting the expansion of existing industry into poverty areas or establishingnew businesses in these areas. The committee has been considering the possibility of using the Black Management Advisory Corps, referred to above, to provide direct, short-term management guidance. In this connection also the committee has considered securing as instructors in a formal educational program to develop black management personnel, those Negroes who have already attained responsible positions in area firms.

4. Survey of experience of area employers regarding various private and Government organizations in the field of minority group employment.

The committee has designed a questionnaire to obtain a reading on a confidential basis of individual experience by large as well as small firms. The questionnaire has been distributed, but only limited returns have been received to date. It is intended that the results will serve to determine the extent to which an information center should be conducted by the Chamber as to subsidies available and application procedures involved. It is planned also that this questionnaire will probably furnish other information of value, the specific nature of which is not yet apparent.

5. Directory of Pittsburgh Agencies Oriented to the Urban Crises

The committee is conducting a survey to determine the interest in a directory of this type.

6. Cooperation of the Chamber with a local television station in a continuous showing of seven urban crises type films to selected community leaders.

A local television station prepared seven one-half hour programs as a public service on the urban situation. It was felt that these films could be additionally used, other than for television time, in that they would provide an opportunity for a meeting of community leaders involved with the racial problems and urban crises. This meeting proved most beneficial.

From the above, it is apparent that the Pittsburgh Chamber has a definite, active program geared to its interests and capabilities. It is not apparent at this time how specifically the Pittsburgh Chamber could successfully be utilized in a counterintelligence effort; however, this possibility is not being ruled out.

RACIAL MATTERS
(BLACK PANTHER PARTY)

Re Bureau letter to Atlanta dated 10/30/68 concerning a counterintelligence operations designed to cause friction between the extremist Black Panther Party (BPP) and the extremist Student Nonviolent Coordinating Committee (SNCC), and to ridicule and help neutralize the BPP to its followers and in the ghetto generally.

Set out below are Boston responses to the five inquiries made in referenced letter.

1. It is believed that the technique suggested would affect BPP-SNCC relations in the Boston Division, since the BPP has appeared to have taken over SNCC operations in Boston. SNCC appeared to become inactive towards the end of June, 1968, at which time the BPP first appeared [redacted] of SNCC [redacted] BPP and SNCC appears to have become a paper organization. There has been no evidence that there has been any friction between the two groups in Boston.

2. It is believed that the slogan "Panthers are pinheads" would probably have some affect in recruitment by the BPP in Boston because of the ridicule it would direct towards the BPP.

3. Boston believes it would be able to have such an item as suggested in referenced letter published in Boston papers through use of this Office's newspaper contacts.

4. As mentioned above, Boston SNCC has been inactive since June, 1968, and as far as can be determined, exists in name only. Therefore, SNCC could be utilized in circularizing the suggested slogan.

5. If this slogan were printed in the form of bumper stickers, it is believed they could be placed on cars in the ghetto area unobstrusively in the early morning hours and such stickers could also be placed in areas of the ghetto where they could be prominently displayed. The slogan might be more effective if worded, "SNCC says 'Panthers are pinheads!'"

RE: PROPOSED COUNTERINTELLIGENCE
REGARDING BLACK PANTHER PARTY
AND PEACE AND FREEDOM PARTY

[redacted]

The PFP is registered in the state of California as a political party in the 1968 national election.

ELDRIDGE CLEAVER is Minister of Information for the BPP.

The Bureau is in possession of a characterization of the BPP.

[redacted] Deputy Chairman in charge of recruiting BPP, in a speech at Oakland in September, 1968, admonished the black brothers of the BPP to be tolerant of white honkies. He said he particularly had in mind the white honkies of the PFP. He said

a coalition of the BPP and the white honkies of the PFP was necessary at that time, but when the BPP gets on top they will drop the white honkies.

Therefore, it does not appear that any effort to promote distrust of the PFP or any other white organization in the eyes of the BPP would be particularly successful since the BPP appears to have a deep distrust, and in fact hatred, of all whites and white organizations.

RE: PROPOSED COUNTERINTELLIGENCE OPERATION TO CAUSE FRICTION BETWEEN BPP AND STUDENT NON-VIOLENT COORDINATING COMMITTEE (SNCC) THROUGH THE USE OF THE SLOGAN, "ACCORDING TO ZOOLOGISTS, THE MAIN DIFFERENCE BETWEEN A PANTHER AND OTHER LARGE CATS IS THAT THE PANTHER HAS THE SMALLEST HEAD". THUS, THE PANTHERS ARE PINHEADS.

Previous investigation has clearly indicated there is no active SNCC organization within the San Francisco Division.

[redacted] there is no SNCC organization whatsoever in the San Francisco-Oakland area, and there is no SNCC activity in the San Francisco Bay area at the present time.

The five points mentioned in Bulet dated 10/30/68 are commented on hereinafter:

(1) There are no BPP-SNCC relations in the San Francisco Division since there is no SNCC organization.

(2) It is doubtful that the use of this slogan would materially decrease BPP recruiting in the San Francisco-Oakland area since there is no militant Black Nationalist organization competing for recruits in this area.

(3) Since there is no active SNCC organization within the San Francisco Division, it is felt that such a slogan should not appear in news media or otherwise during

[redacted]

184

SF 157-601
RNS:bja

the early days of such a program. However, if such a slogan is published or otherwise promulgated in other areas of the country, there are news media sources within the San Francisco Division who will pick it up and report it.

(4) See paragraph 1.

(5) It is suggested that the release of such a slogan in several parts of the country at the same time would look suspicious, however, if the slogan could be presented initially by a recognized writer or reporter and then picked up and reported nation-wide, it would appear more authentic.

Personnel familiar with racial matters within the San Francisco Division are of the opinion that the proposed slogan has merit. It is catchy, easily remembered, humorous to some people, and has a very derogatory connotation as far as the BPP is concerned.

Re Bureau letter, 10/30/68.

The matter of the circularization of the slogan referred to in re Bureau letter, and its possible effect upon the Black Panther Party - SNCC relations in the Atlanta Division were discussed with [redacted]

At the outset [redacted] is no BPP activity in Atlanta, and the fact SNCC is bordering on bankruptcy is so widely known, the distribution of any type literature or slogans which obviously would be expensive, would immediately be received by anyone interested in BPP/SNCC relations as coming from a source outside the SNCC organization.

In view of the absence of a BPP movement in Atlanta, at this time, it is not believed any worthwhile purpose would be served in the circularization of literature as suggested in re Bureau letter in the Atlanta area.

Sources are alert for the possibility of the BPP movement establishing itself in Atlanta, and upon development of positive information, the Bureau and San Francisco Office will be advised.

NOTE:

David Owens is a black nationalist extremist leader of a group which advocates violent revolution. He has been wounded in a shoot-out with Pittsburgh police, was denied entry to England for carrying a gun into that country, and has organized target practice sessions for black extremists. During one such session Owens exhibited a current membership card in the NRA. WFO has close liaison with the NRA and it is believed advisable to alert the NRA to Owens' membership to preclude his being able to buy firearms through this group. Pittsburgh has furnished copies of newspaper articles regarding Owens' activity to furnish NRA on a confidential basis.

[redacted] OWENS had implied that his membership in the NRA gave a legitimate aspect to the firearms practice he was holding on 9/22/68.

As a counterintelligence measure, it is recommended that the Bureau authorize Washington Field Office to contact the NRA, 1600 Rhode Island Avenue, Washington, D.C., and determine if OWENS is in fact, a member of that organization. In the event he is a current member of the NRA, one of the two copies of the enclosed newspaper articles being furnished to Washington Field Office, should be furnished to the NRA with the suggestion that the organization may want to consider whether to continue OWENS as a member of NRA, in view of his propensity for violence as indicated in these newspaper articles.

It is believed desirable for our purposes that OWENS lose his membership in the NRA, since if he holds any future firearms training sessions of any type, he will not be able to impute legitimacy thereto as a result of his NRA membership.

No action should be taken concerning this counterintelligence action until Bureau authority is received.

Homewood Patrolled By Blacks

Unarmed Men Seek to Prevent More Violence

Picture on Page 1, Section 2.

Black leaders in the strife-torn Homewood-Brushton district sent out civilian patrols last night to guard against the recurrence of violence in which two men were wounded Tuesday night.

First reports were that the so-called "vigilante" patrols would be armed. Later it was announced by Thomas Pryor that the civilian groups would be unarmed and would patrol the area as a defensive measure.

Earlier reports that they planned to be armed brought stern warnings from David W. Craig, public safety director, and Police Inspector Iggy Borkowski that persons carrying pistols or loaded rifles and shotguns would be arrested.

FAT Protests Woundings

Meanwhile, Pryor, chairman of the Forever Action Together (FAT) group, which is planning the patrols, lodged strong protests on the wounding of two men by police at the Black Power office at 715 N. Homewood Ave. shortly before midnight Tuesday.

Pryor denied that the wounded men—David Owens, 32, of 7218 Race St., Homewood, and Carl Murphy, 32, of 7741 Fleury Way, Brushton — fired on police.

Borkowski, however, said that when officers found the men on the roof of a building at 716 N. Homewood Ave., Owens and Murphy, armed with a rifle and shotgun, fired at the officers and fled.

According to police, the two were chased to the doorway of the Black Power office where Owens allegedly pointed a rifle at Patrolman Larry Watson. Police said Patrolmen Watson and Earl Stewart then opened fire on Owens and Murphy, wounding them several times.

The shooting was followed by a raid on the Black Power office in which police reported seizing a large amount of ammunition and other equipment and arrested three men.

Huff Urges Calm

The shooting and raid occurred shortly before midnight Tuesday, only a few hours after Constable Clarence (Larry) Huff, chairman of the Citizens Committee for Community Pride, had urged residents of the area to remain calm in face of problems raised by the slaying of a neighborhood grocer on Monday and a bombing which injured 15 Negroes early Tuesday.

At another meeting, reportedly called by the organization known as Together, the plan for vigilante patrols first was proposed. William (Bouie) Haden, one of the chief speakers at the meeting, said however, that the patrol plan had been taken over by the Action Together group.

About 1:25 a.m. yesterday—less than two hours after the wounding of Owens and Murphy—police arrested two men who allegedly were walking along Homewood Avenue carrying loaded shotguns in zipper bags.

In a disturbance last night in the Homewood area two youths were arrested on charges of disorderly conduct and carrying deadly weapons.

Richard Grandstaff, 18, of 611 Seagirt St., Brushton, was held under $1,000 bond pending a hearing and a 16-year-old youth was sent to Juvenile Court. Police said the youths were riding up and down the street shouting at other motorists. A large crowd collected. Officers said they found the youths were carrying knives.

193

Owens and Murphy both are listed in satisfactory condition at Pittsburgh Hospital. Each was ordered placed under $10,000 bond on charges of intent to kill, pointing and carrying deadly weapons and conspiracy.

Magistrate Harry B. Fitzgerald set bond at $10,000 each for the two men arrested for carrying shotguns. They were charged with violation of the firearms act, resisting arrest and disorderly conduct.

Hearing Thursday

They were Calvin C. Skinner, 21, 213 Burrows St., Terrace Village, and Samuel W. Jennings, 21, of 1607 Crestline St., Brushton. Their hearing was set for Thursday.

Bond was set at $1,000 each for the three men seized in the Black Power office. They were charged with conspiracy. James Davis, 37, of 7537 Mulford St., posted $1,000 bond pending a hearing next Monday.

The other two, Curtis Tucker, 23, of 6319 Frankstown Ave., and Roy Wright, 22, of 830 Inwood St., both of Homewood, were committed to the County Jail in default of bond.

Owens and Murphy also are scheduled for a hearing Monday.

Also facing hearing on Monday is Walter Webb, 19, of 7508 Monticello St., arrested with two younger youths on charges of possessing a fire bomb and conspiracy. Webb was jailed in default of $10,000 bond and the younger suspects were sent to Juvenile Court.

Guns seized from alleged Black Power adherents and ammunition and other equipment found in a raid in the Black Power office in Homewood are shown at the East Liberty police station. With the small arsenal are Patrolman Earl Ingold (left) and Inspector Iggy Borkowski, in charge of the Homewood-Brushton area which has been the scene of two days of violence. The Black Power office at 715 N. Homewood Ave. also contained walkie-talkies, a police radio monitor, shells for rifles and automatic pistols and two pairs of binoculars. (Story on Page One.)

Remain Calm, Blacks Urged In Homewood

New Violence Erupts; Haden Bares Plans For Vigilante Units

Despite urgings that residents of the Homewood-Brushton area remain calm following a bombing which wounded 15 Negroes, new violence broke out in the district last night.

Shortly before midnight two men were wounded in a sudden flareup among a group at Homewood Avenue and Bennett Street, not far from the scene of the bombing which occurred early yesterday.

The victims of last night's shooting were David Owens, 32, of 7218 Race St., Homewood, and Carl Murphy, 32, of 7124 Fleury Way, Brushton.

Owens was shot in the left thigh and hip and Murphy in the left shoulder, thigh and heel.

The two accused of the shooting were arrested after they came out of the Black Power office on Homewood Avenue, police said. Police then raided the office and arrested three more men after they found a rifle with a telescopic sight, shotguns, knives, walkie-talkies and other equipment.

Taken to Hospital

The two shooting victims were taken to Pittsburgh Hospital where their condition was reported fair. Two suspects were seized at the scene as eight police cars answered the emergency call. The suspects were taken to East Liberty police station.

Shortly before 10 o'clock, police arrested Walter Webb, 19, of the 7400 block of Monticello Street, and two younger youths on charges of possessing a fire bomb and conspiracy.

Police said the youths were arrested after they allegedly placed a bottle of gasoline with a wick on a stoop at 7711 Frankstown Ave., next to a tavern.

At Night Court Magistrate Fitzgerald ordered Webb held under $10,000 bond and sent the younger youths to Juvenile Court.

At a meeting of Citizens Committee for Community Pride, Clarence (Larry) Huff, chairman, urged calm consideration of the problems caused by the bombing and slaying of a neighborhood grocer on Monday.

Area black residents also attended a hastily called protest rally in the former American Legion Hall at 7127 Kelly St., Homewood, which now is used as an educational and recreational center for the United Movement for Progress.

Huff Sees Night of Tension

Huff, speaking at the CCCP meeting which had been scheduled before this week's incidents, told the audience, "Tonight is a night of tension.

"We must not act in anger but must sit down and try to rationalize what we are going through," he added. "We must endeavor to bring out all the facts so all might know exactly the conditions."

William (Bouie) Haden, head of the United Movement for Progress, appeared to be the chief speaker at the protest rally at 7127 Kelly St. About 100 blacks attended.

Following the meeting Haden said plans were made to form vigilante units to prevent any such incidents in the future. He also said there appeared to be no racial issue in the shooting of the grocer, Michael DeLuca, 65, in his store at 7314 Tioga St., but that there was in the bombing early yesterday.

195

Residents were summoned to the Haden meeting by a circular distributed after the bombing which featured the word "BOOM" in large capital letters, with a sketch of Homewood and Frankstown avenues, near where the bombing occurred.

"If you are concerned about re-called life and liberty come to 7127 Kelly St. tonight," the circular stated, adding, "This is the community where 13 brothers and sisters were dynamited" although the actual number injured was 15.

At another corner of the hand-drawn circular were the words "by whites who smile the smile of death." It listed names of eight of the blast victims — none of whom was injured critically in the explosion in front of the Paradise Bar at 7147 Frankstown Ave.

Police, meanwhile, pressed the search for the persons who tossed the bomb into the crowd standing in front of the bar. Witnesses said it was tossed from a green auto containing three or four men. There was virtually no description of the men.

Police officials said there was "talk in the streets" that the bombing was in reprisal for the slaying Monday of Michael DeLuca, 65, in his store at 7314 Tioga St., but said they found no evidence that the bombing was a reprisal.

Bomb fragments, removed from the victims, were being studied by technicians in an effort to shed further light to the bomb.

Witness who saw it briefly before it went off as the crowd scattered said it appeared to be round, about the size of a baseball, and possibly constructed of a plastic.

Nine of the 15 blast victims remained in Pittsburgh, Columbia and West Penn hospitals last night but none was reported in serious condition. All except three are from the Homewood-Brushton district.

Still in Pittsburgh Hospital were: Thomas Robertson, 21, of 7321 Upland St.; Don Jackson, 38, of 7350 Fletcher Way; William Hinson, 19, of 7744 Tioga St.; Louis Kearney, 38, of 546 Clawson St.; Harold Vaughn, 40, of 7343 Race St.; and Barbara Bey, 37, of 2011 Frankstown Ave.

Miss Bey, the only woman victim, was reported in good condition; the other five, in satisfactory condition. All suffered multiple cuts or puncture wounds from bomb fragments. Kearney also suffered a fractured leg.

Still in Columbia Hospital were Joseph Alston, 25, of 1427 Crescent St., and Gregory Patton, 21, of 2014 Grove Place, Uptown. A third man, John Woodson, 23, of 7229 Hermitage St., was transferred from Columbia to West Penn Hospital where he is employed. All three were reported in satisfactory condition.

Six others were treated for lesser injuries at the three hospitals. They were:

At Pittsburgh Hospital — Gerald Stokes, 25, of 1 New Brighton Road, Ben Avon Heights; and Melvin Martin, 32, of 1333 Liverpool St., Northside.

At Columbia Hospital—Mervin Brown, 22, of 7123 Kedron St.; and Everett Drake, 47, of 332 Renfrew St.

At West Penn Hospital — Lawrence Woodson, 19, of 7225 Kelly St.; and Melvin Johnson, 33, of 813 Hale St.

2 Wounded By Police

By DALE McFEATTERS

In confrontations in Homewood early today, City police shot two armed men, confiscated a small arsenal from the Black Power office and arrested two men carrying loaded shotguns on the street.

It was not immediately determined whether the victims were members of a vigilante group organized last night at a meeting in United Movement for Progress headquarters.

Two Homewood men, armed with a 30-06 caliber rifle and a 12-gauge shotgun, were filled by two police officers after a shooting chase which ended in the doorway of the Black Power office, 715 N. Homewood Ave.

The two men, Harold Owens, 32, of 7215 Race St., and Carl Murphy, 32, of 7721 Fleury Way, were taken to Mercy Hospital.

Owens was listed in satisfactory condition with bullet wounds in the left thigh and hip.

Murphy was listed in fair condition with bullet wounds in the left shoulder, back, thigh and ankle. The hospital said one bullet passed through his lung.

Police said the men were charged with intent to kill, violation of the Uniform Firearms Act, pointing and carrying deadly weapons and conspiracy.

After the shooting, police raided the Black Power office and confiscated two walkie-talkies, a police radio monitor, four rounds of nine-mm. automatic ammunition, 54 rounds of 30-06 ammunition, 37 rounds of .45 caliber automatic ammunition, two clips for a .45 automatic, two boxes of .38-53 caliber shells, two pairs of binoculars, and assorted bags of empty shotgun and rifle shells.

The .30-06 rifle, which had a telescopic sight, and the 12-gauge shotgun, loaded with "pumpkin ball" — 2½-ounce slugs instead of the usual buckshot — were also confiscated.

Police also arrested and charged with conspiracy three men found sitting in the office with the lights off.

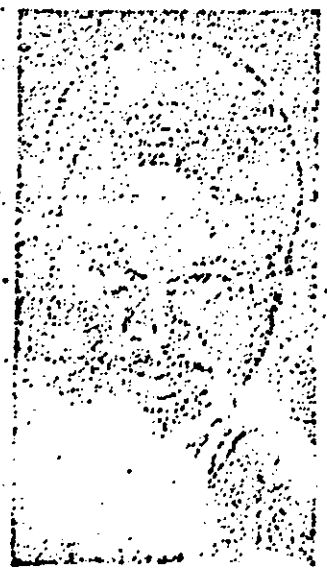
The men were identified as Roy Wright, 22, of 820 Inwood St.; Curtis L. Tucker, 22, of 6919 Frankstown Ave., and James Davis Jr., 27, of 7637 Mulford St., all Homewood.

An hour later at 1:25 a. m., police arrested two men seen walking down Homewood Ave. near Kelly St. carrying gun cases.

Police said both men had the zipper cases open and were carrying the shotguns inside with their fingers on the triggers.

The 12-gauge shotguns inside the cases, one an automatic and the other a bolt action, were found to be loaded with pumpkin balls, police said.

The two men were charged with violation of the Uniform Firearms Act, resisting arrest and disorderly conduct.



DAVID OWENS
Wounded in thigh, hip.

Police identified one as Calvin C. Skinner, 21, of 213 Burrows St., Oakland.

The second man was later identified by police as Samuel Jennings, 21, of 1207 Crestline St., Wilkinsburg.

A can of Chemical Mace was found on one of the men. Police said the serial number on the can tallied with that of a Chemical Mace stolen from a police officer two months ago when he was attacked by a crowd while taking a burglary report in Homewood.

All those arrested were arraigned today before Magistrate Harry Fitzgerald in Police Court, who set bonds and hearing dates for the five men. The two wounded men, Owens and Murphy, will be arraigned later. However, a bond of $25,000 was set on each.

$10,000 Bonds Set

Magistrate Fitzgerald placed $10,000 bonds on both Skinner and Jennings, who police arrested as they walked down Homewood Ave. carrying gun cases. Both face a hearing Oct. 17 on charges of violation of the Uniform Firearms Act, resisting arrest, disorderly conduct, and carrying deadly weapons.

The three men arrested at Black Power headquarters were held on $1000 bonds and charged with conspiracy to commit an unlawful act and violation of the Uniform Firearms Act. A hearing was set for Monday.

Police said Jennings also is charged with burglary and receiving stolen goods in a case not related to this morning's incidents.

Armed Men On Roof

The series of incidents with Owens and Murphy began at midnight when police were called to investigate a report of two armed men on the roof of 716 N. Homewood Ave., a building which houses the Palace Coffee Shop and the Homewood Savings and Loan Ass'n.

191

Officers James Dwyer and Dan Butler in a special services vehicle and Sgts. Jules Dreibhold and Frank Cunningham answered the call.

Sgt. Dreibhold said the men were seen descending from the building at the rear, in Zenith Way alley.

He said Owens and Murphy pointed their guns at the officers and said, "Back up. This is a standoff. If you don't, we'll kill you."

Sgt. Dreibhold said the two men, standing 20 feet away, were ordered to lay down their guns.

"Instead, the two defendants fired and ran," he said.

The officers immediately put out an emergency call which was answered by Larry Watson and Earl Stewart in a prowl car.

The policemen were stopped by a passerby who indicated the two had entered the Black Power office, directly across the street.

Sgt. Dreibhold said officers Watson and Stewart were confronted by Owens and Murphy holding leveled guns in the doorway of the office.

Sgt. Dreibhold said Owens pointed his rifle at Officer Watson and said, "Don't move, Larry."

The two officers opened fire, downing both Owens and Murphy.

None of the police involved was injured.

'Kicked Gun Away'

Sgt. Dreibhold said officers later recovered a box of .357 magnum pistol bullets and thirty-two 12-gauge shotgun shells from the roof of the building where the men had been seen.

Owens is economic development co-ordinator for the Urban League in its special Homewood project.

Officers Thomas Leheny and Orlando Diggs said they had seen Calvin Skinner and his companion walking through Homewood with the gun cases but were unable to approach them.

The officers circled through alley, cut their lights, and cruised into the street until they were alongside the pair.

Officer Leheny said the two men at first refused to lay down their guns and "gave us a bad minute or so."

Finally, he said, the police had to forcibly take the shotgun from one of the men.

The officer said that in addition to the two shotguns and the Chemical Mace they recovered seventy-five 12 gauge shotgun shells from the two men. The shells contained pumpkin balls, he said.

Re Bulet to Portland, cc San Francisco, 10/28/68.

Portland concurs that inclusion of information in the suggested leaflet concerning STOKELY CARMICHAEL's white connections would lend credibility to the accusation of change in the former all-black status of the Black Panther Party (BPP) and that a suspicious point can be raised of CARMICHAEL's apparent invulnerability to prosecution.

For possible value of San Francisco, Portland has learned that BPP members and white female hippies have had the following white-owned locations as their hangouts in Oakland: Sportsmen Club #1 on Telegraph Avenue and Sportsmen Club #2 on Grove Street.

[redacted]

San Francisco might consider attempting to obtain authentic night club type photographs of Panthers and white hippies in the above and other locations. This could conceivably be accomplished through discreet arrangements with professional or free lance photographers if a plausible cover for them could be developed. The needed compromising pictures would, of course, appear to be taken only incidentally to other photographs allegedly for a free lance story for a national Negro magazine or else taken covertly.

Portland believes that actual photographs, if obtainable, rather than fake ones through montage, would be highly desirable for the proposed leaflet. Genuine compromising photographs of even lesser BPP members would tend to support the charge that the Oakland BPP has gone soft on honkies and Panthers need new leadership or a new Party.

San Francisco informants may be able to supply information regarding incidents and relationships of BPP members to support these allegations. Possibly the information concerning STOKELY CARMICHAEL's background could be used in the second follow-up leaflet. The first leaflet could intimate that CARMICHAEL is a fake Panther and promise that the "West Coast Committee for a Real Black Panther Party" is getting the facts to prove it.

Portland believes that since there is no BPP unit in Oregon and that since the counterintelligence effort is directed to BPP leadership in Oakland it is impractical for Portland to obtain the photographs and background information necessary. Portland can assist in arranging the material, possibly printing and dissemination, but San Francisco would appear to be in the best position to decide which BPP figures are most vulnerable to this type of operation and to collect the necessary data.

It is noted for possible use in this operation is the fact tha[redacted] a self-admitted BPP organizer living in [redacted] from [redacted] after conferring with ELDRIDGE CLEAVER and other BPP officers. [redacted] says he has the approval of BPP to begin a Panther unit in Portland. Mailing of the "West Coast Committee, etc." leaflet from Portland would, incidentally, throw suspicion o[redacted] and disrupt his plans here. It would appear tha[redacted] has become one of the sponsors of a new independent BPP, an[redacted] in November, 1968, moved to a new address which could be used on leaflets showing this as the headquarters for the West Coast Committee.

[redacted] He plausibly has East Coast and California connections and is also well known to Seattle Panthers. He is a militant black leader, an opportunist, and conceivably could be among sponsors of a West Coast Committee.

San Francisco observations concerning the above facets of this operation are requested.

Chicago is in agreement with the Bureau that cooperation with the Peace and Freedom Party had been purchased by the BPP is a good possible means of counterintelligence.

It is felt that consideration could be given in the future to utilizing the fact that [redacted] of the Peace and Freedom Party, is white and ELDRIDGE CLEAVER, a member of the BPP, was the Presidential candidate.

Chicago is not aware of any direct contacts between [redacted] and the BPP in the Chicago area. [redacted] was a former Communist Party member and was also active in [redacted] was directly connected with the Students for a Democratic Society.

Re Bureau letter to Baltimore and other offices dated 10/21/68.

Careful thought has been given to Bureau's request concerning the manner in which the Chamber of Commerce might be able to contribute toward law enforcement's efforts to counter violence on the part of black extremists now taking place throughout the nation.

Inasmuch as the Chamber of Commerce is an organization of business establishments in a given community any action on the part of this organization would entail the cooperation of the business places of a given area. It might be possible for such an organization to sponsor an award to the group, including black extremist organizations, which has been most responsible in combating racial violence in the community.

This program would start with the National Chamber of Commerce which would then supervise the program on a state and local level.

Reference is made to Bureau letter dated 10/21/68, under the above caption.

This Bureau communication requested observations as to the manner in which the Chamber of Commerce might make a worthwhile contribution in a law enforcement context through its associations and activities among citizens, both black and white, and through businesses in Ghetto areas and otherwise.

Unquestionably a group such as the Chamber of Commerce, the Jay Cees and the like, could render a great service to law enforcement due in large measure to its functioning within the business community in urban areas. It would appear, however, that in a law enforcement context the application and use of these facilities might be more widespread on a local level, certainly however the potential for exploitation offered by such groups should be explored in the area of counterintelligence against black extremists groups. In Chicago for example, and presumedly in other large cities, there exists a Chamber of Commerce which consists entirely of Negro business representatives and which functions as a Chamber of Commerce, limited however to the Negro community and Negro businessmen. In Chicago, this organization is known as the Cosmopolitan Chamber of Commerce, 840 East 87th Street.

Such a group as this offers particular possibility since it is primarily within the black areas of the city that many militants operate, in terms of extortion type activities, isolated acts of vandalism and the like. Negroes have been victimized in these activities, as well as whites by such elements, both during large scale disturbances and otherwise, although it is true that white owned and operated businesses are primarily targets. Still, however, a Negro

oriented Chamber of Commerce would almost of necessity be aware of conditions within the business community in Ghetto areas and of those groups which are creating problems, making militant demands for employment, and the like. In this regard, it might be well to consider the problems posed to large chain operators such as Jewel Tea, A & P, and the like, which operate within Ghetto areas.

It would appear that the problem presented in any counterintelligence approach would be that the Bureau could not openly or indirectly suggest any such type operation to a group such as this. If such were considered at all, it obviously could only be done after extensive and careful ground work and after the individuals being dealt with had been proved extremely reliable.

It is believed, however, that it might be practical for the Bureau to consider a program of contacting such groups, in order to generally acquaint them with our interest in militant and extremist organizations functioning within the Negro community who because of their past actions have proved of interest to the Bureau in connection with our intelligence gathering function and our responsibilities in the internal security field. Based upon the results of such a liaison arrangement and a number of contacts, a more intelligent appraisal could be made of the fashion in which an indirect approach might be made to representatives of these groups to implant upon their operation the idea of some sort of positive counter approach, such as exposure, more aggressive local prosecution and the like, which would tend to counter the activities of such extremists who have proved to be a problem within the respective communities.

As a side benefit, the liaison established in this might prove beneficial from an intelligence standpoint, apart from any counterintelligence program which might evolve from this.

In short, it is not believed that until contacts are initiated with such groups as this, and after an exploratory period in which the areas of their knowledge and responsibility are identified, can a question of potential for worthwhile counterintelligence activity be weighed. It is also likely

204

that these groups would differ in attitude and composition from city to city and in all likelihood an overall counter-intelligence approach would not be practical.

Basically, however, such an organization as the Chamber of Commerce, representative of business interests, would appear to be a conservatively oriented group which would tend to look with disfavor upon the irresponsibility and damaging activities of black extremists, youth gangs and any other elements such as these, which might in some fashion be subject to a counterintelligence approach. Through an avenue such as suggested previously, together with a thorough understanding of the exact functions of these groups within the community, an effective counterintelligence program might be developed.

Students threaten sit-ins on radical Wayne student paper

By HARRY SALSINGER
Detroit News Education Writer

Students are up in arms over Wayne State University's far-out campus-newspaper, the South End. A movement to silence it is now being led by fraternity men.

The administration, which admits the South End is a thorn under the hide of the university, hopes the conflict will be resolved soon.

The South End, a crossbreed of Black Militant, underground and revolutionary press, prints 15,000 copies which are distributed free five days a week on the campus.

The paper is supported by the Student Activities Fund—part of the general operating budget of the university. This year $94,500 has been allocated for publication, but $65,000 will be recovered in advertising revenue.

THE SOUTH END used to be known as the Daily Collegian when it was a fairly standard campus newspaper. In 1966, a hippie motorcyclist named Art Johnston was named editor and he gave the paper a new name and a psychedelic look.

The editor is chosen each year by the publications committee of the Student-Faculty Council. There are four students and three faculty members on the committee.

Student criticism of the South End has been widespread since the change but this week more than 50 students appeared at the office of Dr. William R. Keast, Wayne president, to protest its publication.

Dr. Keast advised them to "keep loose and cool it for a while."

The students complain that the South End is almost completely Black-oriented, unrepresentative of the ideas of the majority of the students and childishly written.

EVEN A CURSORY reading of almost any edition of the South End will confirm all these charges.

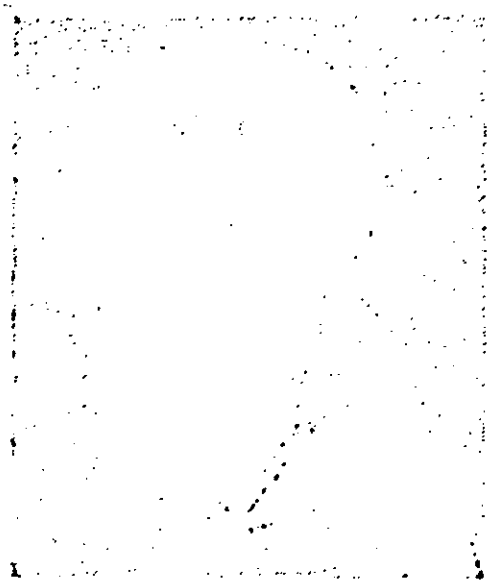
Every issue contains references to the "racist, imperialistic" U.S. government, not only when commenting on its "aggression against the heroic Vietnamese people" but even in local stories.

One article this week described an anti-Viet war demonstration where the "club-carrying pigs" of "gestapo chief" Johannes Spreen were out in force.

It also called the right-wing organization Breakthrough the "fascist civilian auxiliary of the police."

Breakthrough members, the South End reported, had to be protected by the "pigs" when they were faced by "karate-trained Black Panthers."

AFTER DETAILING the activities of the police, Breakthrough and the Black Panthers, the South End contented itself with a brief report that the "speakers at rally really laid a thing on the beastly nature of the American capitalist system."



—News Photo

JOHN WATSON
South End editor

The editor of the South End, John Watson, denies that it is a Black Power publication. He calls it a "revolutionary" newspaper.

The paper now carries under its name on page one the slogan: "The Year of the Heroic Guerilla." It is decorated with two small drawings of black panthers.

Watson does not claim the paper represents the views of the majority of the students. He has said, editorially, that "if the South End were to be representative of the student majority it would not be supporting the struggle for freedom of people all over the world."

About 20 South End staff members receive annual salaries ranging from less than $[illegible] $2,400 for Watson.

One of the casualties of the change in the student newspaper has been Frank P. Gill, faculty adviser for the last 21 years, who recently quit that post to return to teaching journalism.

"I'm fed up," Gill said. "This is not my idea of a newspaper. I'm tired of trying to be an adviser in a romper-room for frustrated adolescents."

GILL SAID HE has been surprised that there was no greater outcry against a paper that is "obscenity, blasphemy and treason all in one edition."

He is being replaced by Stan Putnam, former newspaper reporter. Putnam would not comment on any possible changes in the South End.

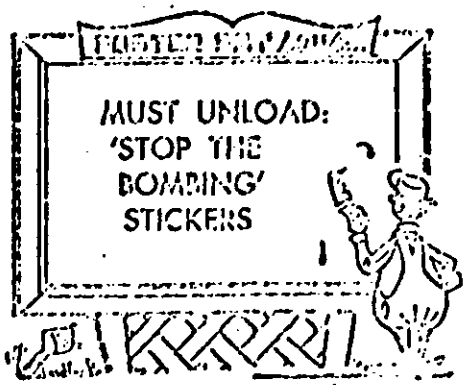
The most recent story to anger students appeared last Wednesday.

It was an account of a disturbance and a fist fight in the student cafeteria in which a black cafeteria worker was arrested when he was accused of threatening a white student with a knife.

The complaint was later withdrawn by the white student.

The incident occurred on the day the Tigers won the World Series, and the South End gave this report in its usual biased fashion:

"The honkies (white students) were celebrating the victory as befits the occasion as the great white hope (the Tigers) triumphed over a black opponent (Bob Gibson of the Cardinals). This type of honkie being silly, the celebration soon got out of hand."



THE ARTICLE also referred to a group of fraternity men as "Greek freaks."

It was the members of the [illegible] Union, a men's club, and the fraternities who asked Dr. Keast to clamp down on the South End.

"The students are really ticked off," said John Lygizos, president of the Student Council. "Everything in the paper is childishly reported and it doesn't represent the feelings of most of the students at all."

Less than 10 percent of Wayne's 31[illegible] students are Negro.

(Concluded on Page 12A)

Detroit News 11/26/68

ENCLOSURE

211

Students blast Wayne paper

Continued from Page 31

Lygizos said the Inter-Fraternity Council, representing 18 fraternities, would complain formally to the Student-Faculty Council and might circulate petitions asking that the present editors be removed. He said Wayne's 12 sororities would be asked to join.

WATSON is undisturbed by the activities of the fraternity men.

"I wouldn't expect them to like the paper," he said. "The element of the student body which they represent is basically reactionary anyway.

"They have never done anything which in a remote sense could be considered progressive. Since black people have taken over the paper, they've gotten all upset about adjectives. We'll discuss our adjectives after we've taken care of their racism."

Despite his disdain, Watson has agreed to give the Greeks — the fraternities — a regular column in the paper.

In a switch from the previous editor's attitude, the South End now runs frequent and unslanted stories on various university activities. It also gives extensive coverage to the Tartars, Wayne's football team.

But Watson still views the paper as an organ of the "revolution" — of the poor against the establishment, of the blacks against their oppressors.

ASKED IF HE thought this was appropriate for a college newspaper, Watson said:

"The paper is published for the university in the context of the overall community. A university surrounded by a black community cannot exist as a privileged little island. It is a tool of the community."

Regarding the frequent use of four-letter words in the South End, Watson said they are "appropriate to get the point across in the most efficient manner."

Despite student protests, and complaints from parents, no immediate action is contemplated against the South End by the administration.

"The position as of now," Dr. Keast said, "is that it is the official newspaper, its editor was appointed in a perfectly regular manner."

10/2/68

Good morning ladies and gentlemen. I want to thank those who are responsible for inviting me here today, and I want to thank Mickey Mouse Ronald Reagan, Donald Duck Rafferty, and Big Mama Unruh for making it possible. I am pleased to be here in the pig pen of Sacramento today. This is the pig pen where the racists, and the oppressors prop their genocide and their crimes against people. Someone told me that when Ronald Reagan entered the capitol here they changed the name of the capitol to the ferry building. I think that's very appropriate and I want to congratulate whoever that was that came up with that thought and I have a special little word for Ronald Reagan in the morning, fuck you Ronnie baby.... It is my belief that Ronald Reagan is a punk, a sissy, and a coward and I challenge him into a duel. I challenge the punk to a duel to the death and he can choose his own weapons, it can be a baseball bat, a gun, a knife, or a marshmallow and I'll beat him to death with a marshmallow.

You know I lived in this area for a number of years, Folsom Prison is about twenty miles from here I understand and I had occasion, I had reason to keep my eye on what was going on in Sacramento the prison system, the adult authority has its headquarters here in Sacramento, appropriately here in the pig pen. I know that my parole officer has his comrades here today his agents here, same thing for Ronald Reagan, same thing for the adult authority, the same thing for all the wardens of all the prisons, all the pigs the hogs who patrol the prisons, fuck you..... I feel it is necessary to say that, it's necessary to say that because they're going around threatening me with prison again, they're telling me that I didn't go along with their program, they warned me when I was released from prison that there were

two things that I was not to do. I was not to say anything or write anything derogatory about the prison system or about any big politician. And what I want to know is how can you say anything irrelevant today without talking about the pigs and the power structure? How can you do that? So that we cannot go along, we cannot go along with their program, we feel that in fact that their prisons, that their oppressive laws must be turned against them because they are the criminals, they are the ones who are out of order and they are the ones who need rehabilitating and they will never stop me whether they put me in prison or not from saying what I want to say because it's none of their business. They are public servants, I'm a tax payer, you dig it, and (not clear, perhaps saying baby) (for approximately 45 seconds, no audible sound)(next two words not clear). Act in a desired manner because they are out of order, they must be brought under control and this is the problem confronting the world today, particularly in Babylon. We have the problem here in Babylon of arrogant public servants. These pigs in uniforms, your local police, gestapo forces are public servants. These racists, demagogic politicians are public servants, yet they have gotten the attitude they become so arrogant that they pretend and they act like they own the people, they act like they own the Government and that there is nothing the people can do about it. I say that that's bullshit, that there is something the people can do about it, there has always been something the people can do about it and that is we can walk into those legislatures, grab them by their ears, by the scruffs of their neck and drag them out and throw them in the gutter where they belong. We can do that. There is nothing they can do to stop us except confuse us, divide us against each other. tell you that the Black Panther Party, Eldridge Cleaver is a racist, that he represents the threat to white people and then tell us that white people are becoming more and more racists. That in fact their second choice for the presidency is the racist pig from Alabama, George Wallace. This is a lie, we know it's a lie because when they made these polls that we see in the paper did they come to you and ask you what you felt about George Wallace? They didn't come to me and ask me what I thought about

the mother fucker, you dig it. So that what they're doing, what they're doing is using propaganda to confuse people and to sway public opinion to make people think that this is the trend so that everybody will want to hop on the pig wagon, you dig it. But that's not what's happening. I believe that Richard Nixon finances all the publicity for George Wallace because what he does is set George Wallace up as some right wing extremist which conveniently places him as the middle of the roader, so that he's a very sly and slippery greasy pig. He's been in that game a long time and he knows how to ease his way through little tight squeezes. He's trying to ease his way into the White House but really the whole election this year is irrelevant isn't it. You have a choice between oink, oink, and oink. That's the choice. That's the choice that the people have. That's not a choice that we can feel comfortable about the next four years because the tensions of the world, the tensions within this country have reached a point to where something has to give, either the people are going to have to cave in under the pressures put upon them by the pigs of the power structure or we're going to have to turn that pressure around and make the pigs cave in.

Today we say that you're either part of the solution or part of the problem, there is no more middle ground. There is no more middle ground because the black liberation struggle in this country which is really the motive force behind all the boat rocking that is going on has reached a point to where it can't turn back, nonviolence was blown away with Martin Luther King. When the racists shot Martin Luther King, the bullet that killed him killed nonviolence, and this only means that black people reached the point where they were saying no more, no more, if you shoot me I'm shooting back, if you put your stick upside my head I'm gonna put something upside your head. Don't come to me talking about you gonna spray mace in my face cause I'm not gonna have it. They will recognize that you are not superman, you're not supetman! that you're just another man, you have a uniform on you have a badge on and this is supposed to frighten people. We have been indoctrinated to fear you, we have been indoctrinated to respect authority no matter whether it has been perverted by pigs or not, but we recognize today that we are not dealing with authority because authority is something that people willingly submit to. They tell us well you have no respect fot authority. That's not

true. Authority comes from something that's authorized. When the people authorize something they submit to it because that's an expression of their will, but we have pigs of the power structure exercising power and misnaming that authority. They have power based upon force, guns in the hands of pigs that they send down to enforce the edicts, the laws, the rules and the regulations for this larger prison outside the walls of Folsom Prison. If it was not for the policeman with his gun and with his club with his gas chamber ultimately backing all that up who would have any terror, who would have any respect for these vicious laws that are written on the books here in the pig pen of Sacramento? Baldheaded faggots in the legislature and the State Senate all of their rules would be nothing but toilet paper if it were not for the fact that they have these racists gestapo police forces to send in to brutalize the public and to force them to go along with those programs, but something has happened to change all of that. The Minister of Defense of the Black Panther Party, brother Huey P. Newton, who was recently railroaded through the courts of Alameda County, now in prison, he was here, he was listening when brother Malcolm X was here writing it down. Brother Malcolm X prophesied that black people have been placed in a position where they have no choice, they have no other alternative but to arm themselves against the aggression of the power structure. While Malcolm X was here talking about that I was laying in Folsom Prison listening. Huey P. Newton, brother Bobby Seale were in Oakland, California, listening. Black people all over this country and also white people were listening. Young white people were listening, with more of an open mind than these old baldheaded reprobated racists who are so, who are so ingrained with racism that even though they recognize that what they are into is evil, what they're into is destructive and chaotic that they ain't gonna change. They're not gonna change and we have to realize they're not gonna change and that the only way the situation can be salvaged is for those who understand that the entire world is sitting on a death row, teetering on the brink of chaos and destruction and that it has to be salvaged by people who are willing to recognize each other as human beings, who are willing to close the books on all of American history up until this point and to write a new history.

Heretofore we've had a history of the pigs, for the pigs, and by the pigs, that's what we've had. We've had a history, we've had a Government, a lying Government that has become so foul, so corrupt, so degenerate that even the President has been repudiated by his own party. They call that a credibility gap. But they're really saying that Lyndon Baines Johnson is a lying mother fucker. That's what they were saying, that's what they were saying, they were saying, they were saying that his, that his reports, his statistics cannot be relied upon by the people. They were saying that the reports put out by his various cabinet officials, ("shutup") cannot be, cannot be relied upon by the people. That's what they're saying, but in accordance with American history where everything disrelevant is glossed over, swept beneath the rug, they say well LBJ baby you got a credibility gap going, and being a stiff necked, arrogant racist, Ku Klux Klan, Nazi pig, I mean he didn't, he didn't try to change his style. He just continued to lie. Oink. Oink. Oink. Dig it. But then the message finally got through his thick head that the streets were in chaos, young white people were out there demonstrating against his war, against his genocide in Vietnam and he finally got it through his thick head that he was foul so he made an announcement to the American people well I'm gonna give you back your Government, I ain't gonna run no more. Dig it. Well he gonna run some more, all the pigs gonna run, they gonna run for their life. They gonna run for their life the way Battista ran for his life out of Cuba, the way Chiang Kai-shek ran for his life out of China, the way all tyrants, all oppressors eventually have to run for their lives because eventually the people will rise up against them put them up against the wall, up against the wall mother fucker, they will do that and they will inflict justice upon them for all of the evil that they have perpetrated upon the hands of the people. They will do that, they will do that.

Now a lot of people tell me, Eldridge, you shouldn't cuss so much. I mean that you wound the tender ears of the people, particularly the gentle middle class American white people but I say this, that the term mother fucker is a legitimate term, every father does that, but that's not the point. That's not the point. See, see. We, we could talk about you dirty mother intercourser. We

220

could say that but it doesn't, it doesn't have the impact, it doesn't have the little pungent punch that I dig, see. But see the term, the term, has a history and I think this needs to be understood. I don't think that black people need to be ashamed when they use the term mother fucker because what that does, that refers to history It means that black people have been subjected because of the experience of slavery to a mediocre (phonetic, possibly mediocre) form of the family. That in the family that we've had here the mother became the central figure because the father was sold here, sold there, run here, run there and often times split because he couldn't deal with the shit. So that the mother became the central figure she became the object of veneration so that the worst thing that a person could do was commit incest and have sex or carnal knowledge o. his own mother. So that this is meant to be a profound put down and when a brother really wants to put another cat down he inflicts that upon him and calls him a practitioner of incest. That's all if means, a dishonor, a dishonor of the head of the family. In European society they say patrocize (phonetic), you dig it. They could have said a father fucker you know, but I mean I don't think that we need to be up tight about those terms, nothing disgraceful about that. I don't feel that, I don't feel disgraced. I like to say those things. O.K.

I have a situation on my hands where I was invited to go to the campus of the University of California, Berkeley, and say mother fucker to a student class there who wanted to hear that. You see. Now this was supposed to be an experimental course and what these students did, they looked out in the community and they saw something happening there. They saw that the Black Panther Party was very actively involved with the question of racism, trying to deal with racism and they wanted to relate to that. We spoke it on the campus at Berkeley many times we visited many classes there. Ready, alright, O K , so that they wanted to bring this into the classroom because they felt that this would be beneficial, that perhaps a series of lectures could be structured around that and maybe something beneficial will come out of it. Well, you have to remember that this is an election year, you have the Democratic Party, the Republican Party fighting over the public trough, fighting over the money bags, fighting over control of the hydrogen bombs, the guns, and they need issues so Max Rafferty, public, what is it, supervisor of Public Instruction, Public Education. The Minister of Education, George Murray told me last night that Max Rafferty has a PhD in physical

121

education. See. See. You know we often hear that he has, that he has a doctor's degree, you know, but what is it in, football, baseball, basketball, and other balls. you dig it. (A few words not clear, clapping going on) But here, here is a man, here is a man who is running for the United States Senate. Here is a man who has built a career maligning and attacking certain aspects of the educational system in California. He attacks textbooks that mention black people in a favorable light. I read a quote in the newspaper this morning when they asked him about law and order (you know he's a law and order candidate) and he said that he would never disobey any law, that if he lived during the days of slavery he would have bided by the fugitive slave law. That if a, if a black slave had sought refuge in his house he would have turned him over to the slave owners because he is dedicated to law and order. Now what kind of a mother fucker is that. I mean what kind of man is that. He's a baldheaded buffoon, he's a criminal, depriving people of their human rights and going around saying that Eldridge Cleaver is definitely qualified to talk about the crises in the cities, he's just as qualified as Attilla the Hun would have been to discuss international mass murder. Here is a man who wants to drop hydrogen bombs on China. Here is a man who wants to increase the occupations of black communities by these gestapo standing armies, police departments and he puts himself forward as Ronald Reagan did, yea, right on. Turn it back on. you gonna turn it on? One, two, three, yea. So that these people needed issues. you dig it, and they found out that I had been offered this particular course, these lectures at the University of California and they proceeded as demagogues (phonetic) in the State of California have done traditionally to use the campus, the university as a whi ping boy to stir up some right wing political sentiment, hoping for their comrades and themselves to ride to victory at the polls in November. This is all it was. This is all it is, and I think that that has to be repudiated since they have usurped the machinery of Government. We can't do it at the ballot box because what do we have, we have a choice between pigs. so that the students on that campus have no choice but to buck the officials, to buck the millionaires. the exploiting interests (phonetic) on the Board of Regents, call for the abolition of the Board of Regents to turning over the administration of the university to students and the faculty members and to hold those lectures to hold that course

whether Ronald Reagan and Max Rafferty and Jesse Unruh, the members of the John Birch Society like it or not. Later for them. See.

The students, the students invited me to deliver ten lectures. -- The Regents say that I can only deliver one. Too many for you mother fucker. That's what it is, but it's my desire now and I'm working with the students on this to deliver twenty whether they like it or not because it's none of their business, and Ronald Reagan and Max Rafferty will not be allowed to audit (phonetic) the class, they will not be allowed to do that, even though they are the ones who need it most. But I think that in some sense we may be a little too hard on Ronald Reagan because the boy is not responsible for the things that he says. The only thing, I mean, the only thing the only thing that he can do is regurgitate the scripts that are placed before him. That's all he can do. So that if you took away the scripts and placed him here before the microphones the only sound that would emanate from his lips would be a series of oinks. Oinks in high soprano, you dig it. We, we have to look behind these puppets and see who is writing their scripts. What do they represent and what impact and what result would their actions and their words have upon the body politic, that should be our interest.

The Black Panther Party, the Peace and Freedom Party is interested as I said, in closing the book on all history here in this country up until this point. We date the closing of the book back to March the fifteenth when the Peace and Freedom Party and the Black Panther Party formed a coalition in Richmond, California, at the founding convention of the Peace and Freedom Party. We want to start a new history. A history of the people, for the people, and by the people. A history that can be taught to black students, black children, and to white students, white children. Not a lying history, not one that falsified, that tries to clean up for the deeds of the past. We say that guilt can be inherited if you persist in the evil deeds of your forefathers, but there's something in congress about blaming those who are here today for things that have been done in the past that they really didn't have any direct control over. The only guilt that can be attributed to white people is the guilt of continuing to run down the oppressive gains instituted by their forefathers. Those who make a firm and unequivocal break with that past are considered as

comrades in the struggle, brothers and sisters of humanity and should be respected, the same respect that we give to each other, there has to be that type of respect across the board, across the various ethnic divisions and around the world because the world today is a community. it is a community. All of this talk about separation and integration is nothing but political propaganda, it's irrelevant when you look at the real situation because the whole world has become a neighborhood. You have a division of labor in the world, you have a division of resources, and we only have political problems left. We have technology that has enabled to enact the basic principle of the Black Panther Party and that is that every man, woman, and child on the fact of the planet Earth today deserves the highest and the best standard of living that human knowledge and technology is capable of producing. Period. We say that every man, woman, and child deserves that. Anything, anything and everything that stands in the way of that has to go by fair means or foul, by any means necessary because the oppressors have no rights which the oppressed are bound to respect. No rights. The exploiting businessmen who control this capitalistic system are criminals. The politicians who defend their interests are criminals, and the racist gestapo occupying armies that back them up are ciminals and they have no rights which the people are bound to respect. The capitalistic system that controls this country is a cheap obstacle to progress in the world today. It's bankrolling oppression all over the world, financing, arming every repressive, oppressive regime on the face of the planet Earth from South Africa to the puppet regime in South Vietnam to the occupying regimes in the black communities right here in Babylon. It's this Government, this economic system that's doing that. It's this Government, this economic system that has to be changed. It has to be changed or the world is gonna go up in flames, because on the one hand you have people in the socialistic world who have liberated themselves from capitalism and who are not gonna return to capitalism no matter what the revisionists in Czechoslovakia try to do, no matter what the CIA tries to do around the world, no matter what the FBI tries to do, no matter what the Marines and the Green Berets try to do, no matter what all of these agencies combined together try to do, the world has to be liberated from an anachronistic (phonetic) system that is not capable of fulfilling the desires and needs of the people.

We need an economic system that functions on the basis and the needs of the people. Not one that struggles along, cripples, rumbling along according to the margin of profit and laws of some fat funky businessman laying up in the white suburbs. That's not what we need. We say that the expropriators must be expropriated, that here in America we're not gonna turn America over to the Soviet Union or to Chairman Mao (phonetic) although they could deal with it, see. But we need a specific application of the universal principles of socialism, a homegrown yankee doodle dandy American version of socialism that can provide a life, a good life politating (phonetic) the good life for the people. The people have a right to that. They have a right to bringing all of the intelligent investigations of the past to beat on their present problems. No longer can we afford to sweep Karl Marx under the rug because the man was heavy. He had a lot to say. The man was a scientist, the man was a genius and he knew what he was talking about. He is yet to be refuted. He cannot be refuted because what he talked about that he had to say can be verified by experience. We know that the capitalistic system based on the institutions of private property is asinine and absurd, particularly for black people. How can black people relate to a world where exploitors have a little piece of paper that tells them that if you want milk, if you want bread, if you want meat, if you want clothing, if you want shelter you've got to dance to the tune of the white racist power structure. The white racist power structure, the pigs who compose that structure from Rockerfeller to Reagan to his mama they came here, they came here naked from the womb like everybody else. They didn't come here from the womb with deeds of trust to the land, to the resources. They came here naked, crying like everybody else. You dig it. They came here that way. They didn't come here with any bluechip stock paying into his naked ass. You see the earth, the earth was here, the earth is still here and since we re- need access to these resources in order to live, we have a right to it and no man is gonna stand up and tell me that I can't eat, that I can't have a place for shelter that I can't have clothes if I want that because if he doesn't provide a way for me to get it through the economic system and if he doesn't want to put me on welfare as Mickey Mouse Reagan doesn't want to do, if he doesn't want to provide me with medical attention. I mean

225

the best medical attention that's available. I mean when they start passing out hearts if I need one, I want one. See, see. I mean if ther're hearts available I don't think that only the rich pigs should have hearts. I think that everybody has an equal right to the hearts. A heart for everybody, a heart for nobody. Dig it, dig it.

I don't want him telling me that. We don't want to hear that and so, it has to be done, whether they want to hear it or not, whether they like it or not because really there is nothing they can do about it because really there are more people in this country than there are pigs. The only way that they can win is through the age old technique of divide and conquer, by making white people think that it's the intention of wild-eyed black radicals, militants, crazy niggers with guns, you dig it, to come through the white suburbs and to kill the babies, you see. That's the only way that they can put us up tight, or as I said, by frightening black people with the spectre of genocide, by telling us that the white people are now letting their racism surface and that they're gonna support George Wallace so therefore, lets support Nixon and saddle ourselves with four more years of this tytanny That's bullshit and we don't have to go for it and we have the eternal resort that's always reserved to the people of having another Boston Tea Party. We can have another tea party. We can take it into the streets, we can build a revolutionary movement that can tell the pigs that you have usurped the machinery of Government, you've perverted the channels of gre... redress of grievances. You leave us no redress. You leave us no avenue for redress so that we are gonna take it into the streets and debate this issue through other means, through other means.

Now the people who supported the late Senator Kennedy, the people who supported the late Senator McCarthy, have had a lesson brought home to them, that they used to criti.., they had a McCarthy faction within the Peace and Freedom Party and they were always criticising us for calling the pigs pigs. They were saying that what you do is alienate the moderate white people but I notice when they went to Chicago to try to support their candidate, the man who had taken a courageous stand within certain limitations against the war in Vietnam, when they went to Chicago to support

him, Mayor Daly, taking his orders from Meathead Humphrey and Lynchin' Baines Johnson, released the dogs with their baseball bats and their chemical mace and their vicious service revolvers and they gave the supporters of Eugene McCarthy a lesson in pigology, and what we saw was that the supporters of McCarthy were calling them pigs, gestapo. The chairman of the delegation from Wisconsin said that he had gone to Chicago thinkin' that he was gonna participate in a Democratic process and he went there to find out that the Democratic Party had turned into the Nazi Party, and I mean we had been saying that all along but he just didn't see it so that those who were criticising us for calling the pigs pigs ended up doin' that themselves. Is there anybody in the audience besides the pigs who get up tight when we call a pig a pig? Alright tender-hearted baby, when they crack your head, when they crack your head, call him law and order, or call him the guardian angel. Call 'em the guardians of the law. Call 'em the guardians of the law. What is that, censorship, huh? How do they go about doin' that? P. G. & E., right? P. G. & E. should be the first company that's nationalized. See. The Telephone Company, the Telephone Company should actually be the first. The means of of communication, the mass media, should be taken out of the hands of the pigs of the mass media and placed into hands of control of the people. Let me give you one example: I don't know anyone who is not up tight about their phone bill. I don't know anybody. What that represents is a tariff for communication because the rich people can afford those phone bills, they have all kinds of sophisticated devices. Sacramento. Sacramento. What cha gonna do? What cha gonna do? Can you hear me? Well, I'm not gonna talk on it. Turn this mother fucker back on and find out where the pig is who's doin' that. Is it on? Alright.

I want to talk about the Phone Company and a very important point because (not audible) is it on? (not audible) Today I want to talk about the Phone Company. I'm gonna do that, alright? You see it's very important, it's very important when you recognize that when you have a country with about two hundred million people in it that one of the key things that hold people together and allows them to have an understanding is communication. Communication and transportation so that when only the people who are affluent, only the people who have big money are able to stay in

227

contact with their graduating class, with their childhood friends, with their neighbors, with their relatives, with their roots, that when you start talking about alienation, you talkin' about people who cannot communicate with each other so that when they have these tariffs on the telephone you can't afford to call your mother in Mississippi, you can't afford to talk to the members of your graduating class, you cannot afford to continue a life long friendship, a relationship with large numbers of people because you just can't afford the price so that they create a situation where only the rich people, the people with money, with means, are able to maintain this communication and this creates alienation, this creates confusion and this dis-unites people from each other so that at a very minimum any self-respecting Government has a duty to see to it that the people are able to communicate and indulge in transportation. I think that's very clear. I think that's very clear that if communication and transportation is essential to civilization that it's the duty of those that we set up to manage the public affairs to provide that, so that the telephone companies in this country should first be nationalized. The telephone service should be made free to the people because the machines, oh, the only thing they require is the cost of maintenance, the paying of a livin' salary for those who work to keep the machinery functioning and we don't need to pay these large inflated dividends to the leisure class. We don't need the leisure class anymore. We never did. We definitely don't need 'em now. We definitely don't need to have a tariff placed on communication in order for them to lay up there fornicate and oink on the Riviera. We don't need that. It's insulting, it's ridiculous when you walk onto an airplane and have to pay two hundred dollars, three hundred dollars to cross this country, to fly across this country because only the people with big money can really afford that. The transportation, the communication very clearly should be made free to the people and the only cost that's legitimate is the cost of producing it. That's the only cost and the only cost that's legitimate in any of the other functions of an economic system, a technological system, is the cost of maintenance, and the cost of continuing to allow it to function, but these inflated profits that go into the pockets of the

rich families, of the four hundred, of the Ronald Reagans, and their backers, of the Nixons and their backers, the Rockefellers and the Fords and the Mellons (phonetic) and all those pigs, that money, and the money that they're wasting on these murderous weapons of war should be used here, domestically to do away with the ills that are being inflicted upon the people. How can you look yourself in the mirror? How could you look at your face when you sit around and allow the Governor of your State to castrate (phonetic) a vital (phonetic) program like medical care for the aged. What kind of man is it who would deny medical treatment to those who need it most? What kind of system is it that here was a girl in San Diego who had an infliction and she needed an iron lung. The iron lungs were available but she didn't have two or three thousand dollars with which to pay for it and the Government took no notice of that and if it hadn't been for som. philanthropic people, not rich people, but ah poor man in New York who had had an iron lung for his wife who had died and was willing to donate that to this young girl, if it was not for that, the Govetrnment wasn't gonna move to provide her with that so how can we live under a system that would deny an iron lung to someone because they don't have the price to pay for it. I say that a system of that type is insupportable, is illegitimate and it has to be changed and what do you say about that? See, see. What do you say? What do you say about a system? Do we have to change a system that would deny medical attention to children. Do we have to change that? Do we have to change a system that denies medical attention to old people? Do we have to change a system that's willing to spend millions and billions of dollars to murder people across the water to murder people here at home and refuses to authorize anything for welfare? Do we have to change that? Do we have to put a stop do we have to put a stop to these pigs brutalizing citizens? Do we have to put a stop to that? Can we do that? Do we have the will. Well, I say that we have a strategic method of doin' that. And I wanna talk now to the ladies in the audience. Some man did that (not audible) I say that we gonna have to do this some other time, some other place (not audible) is it on? No, it's not. see (not audible) Well, who was it? There we go, it's on so (phonetic) wait a minute man, alright.

I want to talk now about pussy power. I wanna say that political power grows out of the lips of a pussy. I wanna break that down, that we said that you either part of the solution or you're part of the problem, and all the ladies in the audience, and I don't give a damn if the men like this or not, I mean the subject, I mean saying this, I know you can relate to that. See, see. But I want to say this, that if you consider yourself to be part of the solution, how can you justify laying up with part of the problem? I'm saying the love, I'm saying that sex can be progressive, can be revolutionary, it either can be conservative, it can be reactionary and it can be counter-revolutionary, I'm saying that you are not justified in laying up and allowing some chump to slobber over you. If he's not willing to stand out and become a warrier in defense of the tribe, to support you, to defend you, to defend the people against all of the evils, against all of the pigs who are putting the people in jeopardy. That if you do that you are giving aid and comfort to the enemy. That's what you're doin'. See, see, see. That's what you're doin'. And you don't have to do that because you have, you have the key to revolution, to success, between your thighs whether you know that or not. See, see. That we have all these males running around here, talking about their men, saying that they're men, actually thinking that they're men but when it comes to defending the requisites for survival and society they start talking about they're nonviolent, they start talking about well they wanna do this by peaceful means, whether those peaceful means will work or not. We say that when they come to you, drive them away. Hang the telephone up in their face. Tell 'em not to come knocking on your door and not to write you any love letters because you gonna use them for toilet paper if they do. Tell them to get themselves together and then come back and if you don't do that, that you talkin' about you wanna have all these babies, well you're not putting any security on the future. You're not, you're not doin' anything to help create a world where your babies can grow up and be human beings. So repudiate the counter revolutionaries and all the revolutionaries. Hang your name and your phone number on the bulletin board and when the chicks get up tight and they need a little help tell them to call you, call doctor feel good. You dig it, dig it, dig (not audible).

(Not audible) One, two, three, ah, we're on, O.K., one more time, hold that one, so I hope that the girls get that message and put it into practice if there's only two or three of you that got the message, put together a little pressure group, get yourself some buttons that say "pussy power". You dig, and do a little agitating, do a little agitating, spread the word around, because it has to be done, otherwise you will limp along, to allow these cats to be faking along, hiding. Was that Ronald Reagan, Oink (not audible). This is, this is a college isn't it? You would think that since this problem began that we would have some enterprising person that would have dealt with that, but this is an attribute, or description of what Max Rafferty has done to education here in California.

I have one more thing I want to talk about. We said that nonviolence died with Martin Luther King, now we may be wrong in saying that, it may be that when we die, it very well may be that when I die, according to the race it's soon, you dig it. According to my desire it's much later you know but whenever that is, if I find myself before the throne, if I find myself before the throne of God with his long hippie beard, and he judges me and condemns me for not following Martin Luther King for not advocating nonviolence in the face of violence, if he condemns me for that and castes me down into the hell fire to burn forever, what I'm gonna do is look around for the advocates of pussy power, for the members of the Black Panther Party, for all the revolutionaries who are sure to be there with me and say lets get a coalition going against the devil and deal with him, see, and deal with the devil, see, and if God, and if God and his wisdom forms a coalition with the devil against us, then we have to deal with him. Huey P. Newton says that the spirit of the people is greater than the mass technology. Dig it. That we have to move beyond the technology, overcome the technology and that the human spirit should never be crushed beneath any octopus, beneath any monstrosity, no matter what that name. I say it's better to have anarchy than to have a system of oppression and I go along with Lucifer who was cast out of heaven and who said it's better to rule in hell than to serve in heaven. That's what Secotore (phonetic) and Ginnie (phonetic) said when DeGaulle asked him to knuckle under to his new constitution. Secotore (phonetic) said that we'd rather

be slaves in our own country, slaves to ourselves, and free to ourselves than to be slaves to the French, slaves to the oppressors, slaves to the imperialists (phonetic). That we'd rather perish in our poverty, die free under our own government, under our own freedom than to bow down and (not audible) to the pigs of the power structure, and that has to be the spirit of the people, it has to be because there are a number of things that we have to do.

The number one thing for the Black Panther Party is freein' our leader, Huey P. Newton. Huey P. Newton must be set free. Now this pig, the pig court in Alameda County, what they did, they decided which judge they wanted to preside over that case so they didn't have a black judge over there to give it to, that they could rely on to bring 'em back the verdict they wanted, so they picked what historically is considered to be next to a black man in this country, they had a Jewish judge, Judge Monroe Friedman. Today is Yom Kippur, is that right? The day of atonement. And unless our plans were aborted there should be a demonstration goin' on before Judge Monroe Friedman's synagogue today in memory of those who perished in the Warsaw ghetto and calling attention to those who presided over the final solution to the Jewish problem, they have picked a Jewish judge (not audible), the gentiles, the racists hiding behind. The Jewish judge because they thought the people would say, well, he's an honest man, he has some knowledge and some history of dealing with oppression and racism so that this man would definitely give a fair verdict. This is what they want us to believe, but I went to that court and I watched that pig preside over that trial. I watched them when evidence was presented when the defense brought forth witnesses with pertinent testimony. I watched him send the jury out so they couldn't hear it and listen to it and then say that that's not relevant and wouldn't allow it to come before the jury. I watched him do that. And I watched them when the attorney discovered that the district attorney had falsified, had falsified a document by an eye witness who had said that he didn't see the man that he couldn't identify the man who had done the shooting. They changed that to read that he did see the man and that he could identify the man who did the shooting. This is what they did. They falsified, that they changed it and that went before the jury and when the attorney discovered it, and tried to bring the new discovery before the jury I

watched this pig, Judge Monroe Friedman, refuse to allow that to go before the jury so he's a murderer, he's a pig and he is a disgrace to the memory of his brothers, his ancestors, his relatives who perished in Nazi Germany in the warsaw ghetto and this is a day of atonement and I have no faith at all that that pig is atoning for anything.

As matter of fact what I'd better be doin' is getting ready to go on trial before him in that same court on charges that I tried to ambush some Oakland pig. Can you imagine that, they had all these weapons, they had guns that they use in Vietnam and they said that we tried to ambush those pigs, but I can shoot straight, you dig, you see. I can shoot straight because I practiced, see, I have long practiced and I know that I can shoot straight and I know that the people that they have charged as my co-defendents, I know that they can shoot straight and if we had tried to ambush those pigs they would have been dead. But what they did, they shot us, they murdered Bobby Hutton, and they shot me, and then charged me for trying to - I got it (apparently talking to another individual on podium) trying to ambush those pigs, so that when you deal with a situation like that when you deal with pigs, drunken pigs on a police department who are so ravenous in their hatred for black people that they drive by our offices and shoot holes through the window and take target practice at pictures of Huey P. Newton, myself, and little Bobby Hutton, whom they've already killed, drunken Oakland pigs, charging us with doin' to them what in fact they've been doin' to us. And the case that you know about where they shot up our office, that wasn't the first time that that happened. I mean that's (did not complete word) they been doin' that all along, we stopped complaining about it because when we complained about it in the past what they said was this was a publicity stunt by the Black Panther Party that we were trying to get our name into the peper but on this particular night they came by and they shot up the office and other people saw it, not the members of the Black Panther Party, although some of them saw it, but they were so stupid that they came by in a convoy and lying chief (phonetic) Gaines (phonetic) of the Oakland Police Department appealed to the people not to condemn the Oakland Police Department as a whole just because there were two bad apples in the barrel. He was lying because there was not just two officers,

there was a convoy of three or four cars and the only reason that these two got caught was some citizen Mexican-American woman, wrote down the number of the car, one car was a black and white car with a number on the side, the rest of 'em was plain cars that you couldn't see the license plate in the dark, but these pigs came down, stopped in front of the office, fired their shots and went down and made a U-turn, and came back and shot some more and when they shot the first shots and the report of the guns brought the people out and when they came back they watched them in amazement shooting up the office and they charged them with firing guns into a building that might possibly have been inhabited by people. They should have charged them with the intent to commit murder because in fact there are apartments above our office and apartments behind our office and these high-powered rifles that they were using penetrated through the walls, went through several walls, and went into the apartments where people were sleeping, men, women, and children, so why aren't they charged with attempt to commit murder? You go down and shoot a hole in the Police Department window and see what they charge you with, they gonna kill you, that's what they gonna do, so why should they get off so lightly and why should this lying Chief of Police Pig (phonetic) Gaines come out and say that not to condemn the entire Oakland Police Department when he knows that there were more than two officers involved, two pigs involved, when he knows that two hundred members of the Oakland Police Department threatened not to show up for work if those two men were disciplined. That's what they did. They threatened to go on strike if they were disciplined after committing this outrageous act. So there's something rotten in the Oakland Police Department, and we say it is the Oakland Policemen. It's not the building, it's not the books, it's not the physical paraphernalia of the Police Department, it's these beasts, these brutes that were recruited.

Stokley Carmichael says that he was going through Big Foot, Alabama, one day he went to the Post Office and he saw a poster on the wall, an advertisement from the Oakland Police Department, calling upon the people in the state to come to Oakland to receive a ten thousand dollar a year job as police officers, so that we have rapists, murderers, lynchers, Minutemen, Ku Klux Klansmen on the police departments, and we see a phenomena

developing all over this country where the police look like they're (not audible, possibly running amuck) and getting out of hand. What you have to understand is that the police have developed a cast (phonetic) cast-consciousness just as the military has a cast-consciousness that they are charged with certain noble duties, they're defenders of the people. There's a mythology (phonetic) and a mystique (phonetic) involved in that. They are the guardian angels, standing guard over the people, against the barbaric horrors from without, they see themselves like the first pig in history, Saint Michael the Archangel, the Chief of the Police at that time, who was sent by the power structure at that time to the Garden of Eden, a city by that name to evict the people there who had decided to exercise a little free will. He went there with his flaming sword, the forefather, ancestor of the policemen's gun and drove the people out of that city and that's how, that's their tradition, their tradition flows from that. In the western world they see themselves as the guardian angeles of civilization. They are motivated by honor, duty, and self-sacrafice and they feel themselves to be misunderstood and so they want to remake society, civilization in their own image. They are united with demagogic politicians. In the bay area we have a politician running for the assembly and he is a candidate of the Oakland Police Department and you talk about a military industrial complex you gotta talk about a police military industrial complex because the police perform domestically what the military does internationally. The same function. This is why the Black Panther Party talk about the police as an occupying army because they're in control of the same people, who control the military, the same people. After Lyndon Johnson placed the problems of the black community on the Pentagon, after the heroic uprisings by freedom fighters in Detroit he didn't place it under the Department of Health, Education, and Welfare, he turned it over to Robert Strange McNamara, who at that time was the Head of the War Department, the Defense Department, and so they have these battle plans that they have drawn up in the Pentagon and every chief of police with a delegation of his top flight crew have been going to the Pentagon and receiving a blueprint and a battle plan to bring back an implement (phonetic) in these cities. Right here in Sacramento, in San Francisco, in Los Angeles, all over this

country they have got that battle plan and the police are becoming militant. They call themselves militant now. The police are the best organized interest groups in this country. They're organized on a military basis. Tight organization from top to bottom, they have an ideology, they have position papers, and they have international machinery. You've heard of the International Association of the Chief of Police. They've got their lobbies, and they've got big money and they cast with all of these motivations and they've combined with politicians and they're moving to consolidate their control and make their power overt and they're goin' to defend their turf and the people must dispute their turf and we must return it to control of the people. It has to be done. I know that black people are saying this, that we recognize that this is the last go round, that we either gonna have freedom for everybody or there's gonna be destruction. We will participate democratically in the destruction of this country or we will participate democratically in the regeneration of this country. It's largely up to white people and I think that like Bobby Dillon says in Mister Jones, talking about keeping up with the Joneses, Bobby Dillon tells Mister Jones that there is somethin' goin' on there is somethin' happening and you don't know what it is do you Mister Jones. Well, we don't know, Mickey Mouse Reagan don't know. That's why we just have to hold that class over there, to get that thing through to him. That's why we have to come here. That's why we must have pussy power. That's why all power must be returned to the people because there has never been Government of the people, for the people, by the people in this country. There has never been that.

We say all power to the people, black power to black people, Eskimo power to the Eskimo people, red power to the red people, yellow power to the yellow people, brown power to the brown people, and white power to the white people. We don't get uptight about that cause white people have never had white power, they've had pig power. That's all they've had, they've had pigs functioning in their name, they've had pigs functioning in their name, telling the white people that they are carrying out the will of white people when they been carrying out the will and interest of a small clique in society that uses racism as a tool to oil and to smooth the operation of their exploiting machine,

and racism comes second, exploitation is primary because when the Europeans, following Marco Polo, and went around, you dig it, investigated the world, calling all of Europe, which was in bad-shape you recall Marco Polo didn't drive into town in a Cadillac, he went there damn near dead and a Chinese lady (not audible) a piece of silk and nursed him. The Pilgrims didn't come to America on the Queen Mary, on the Presidential Lines, they came in some raggedy boats and they fell upon Plymouth rock and the Redmen, you know in the book they teach that the first five years were the hardest, the Redmen taught them corn, taught them turkey, and taught them to survive in the wilderness of North America and we know how they have been paid for that. But you also notice when they were coming out and they encountered other cultures around the world that they didn't have their philosophy of white supremacy, that they found that they had a cultural advantage that when they got gun powder from China (phonetic) they had the idea of putting it together in a boom stick that could defeat the spear and the bow and arrow that could defeat the means of defense that the other cultures had and they found an opportunity to move in, and move in they did, and they started (not audible) a bunch of people with their religion they started thinkin', that wow, this is a groovy game we got goin' and that sanctified this lets (not audible) holy water on this so that the preachers and the popes start elaborating theory and doctrine that could make their holy could make that come from the mouth of God himself so that some of the priests who believe in christianity who went out and taught their religion to the other people around the world, in Africa, Asia and Latin America and in North America and turned them into christians that they start believing well these people are human, these people have souls to and its wrong, it's wrong to enslave these people. So they began to say well we can't enslave 'em, if they're christians, well let's declare them inferior, let's declare them not human, subhuman, beasts of burden, and let's say that we're civilizing them and we're doin' them a favor for all the favors that they're doin' us. You dig it. So they did that and they began to spe-, spin out a philosophy that justified all this and we began to get in the philosophy of white supremacy basis of the whole racism that we're dealing with today until we give today a full blown institutionalized philosophy that forms the very consciousness of

people in this country today white racism, white supremacy and black inferiority that it's based upon the necessity of sanctifying this system and it has to be tooled out, it has to be placed into the garbage can of history because today black people are saying I'm black and I'm proud. I'm black and I'm beautiful and we cannot dig it and I know that Sacramento has a pig pen environment and I notice that all the sisters don't have their naturals yet but they gonna get into that and right on out.

I know you might get up tight about that but pussy power to you, pussy power. But, and everybody, I mean that's the cultural revolution that's goin' on in the black community, the culture revolution is goin' on in the white community this is a source of a decisive break with the past you people who are striking out, assuming the white man's burden, you dig it, and trying to find a way to move into another century, into another world and we can do it because I'm 22 years old you understand, I went to prison when I was 22 and when I got out I was a little older than that and I say the time stopped the day they put me in jail and the day that I walked out the time started again so I'm 22 and I don't care what anybody says about that. So that we have to relate and build a movement of young people. Later (apparently to member of crowd) we have to build a movement that will unite young people that will provide young people with machinery that they need to save the world, to save this country and to save the people and we cannot let governors, presidents, judges, or parole officers stop us from doin' what just has to be done so if you shoot me down today, if you drive me back to prison today, fuck you, you're a pig and it's gonna be done whether I participate in that or not, because wherever I am, I'm gonna be what I've always been, Eldridge Cleaver speaks for himself and later for the pigs.

In closing I'd just like to say all power to the people, all power to the people and down with the pigs of the power structure. Pussy power, student power, young people power, and lets save the world cause the world is ready to help us do that. (not audible)

Re Bureau letter to Baltimore, 10/21/68

WFO is of the opinion that the Chamber of Commerce can make a positive constructive contribution to society by aiding in the solution of the problem of the violence of black extremists.

It is noted that in the past, the Chamber of Commerce has sponsored such programs as an advertising campaign which featured the idea of supporting your local police. A similiar campaign sponsored by the Chamber of Commerce could be used to promote job opportunities for ghetto residents and blacks youths. It could use its influence with member organizations to encourage them to actively recruit and train the hard-core unemployed of the ghetto. Programs of this nature have been sponsored by the Federal Government and by certain individual companies but, to date, the Chamber of Commerce has never lent its support on a large scale to backing these programs.

In as much as one of the functions of local Chambers is to encourage visitors to its city, it would seem that they could sponsor and encourage member organizations to participate in programs which aid in the elimination of slums and ghetto areas.

These suggestions are necessarily vague but they have specific relevance when looked at from the view of the militant who sees the Chamber of Commerce and other similiar organizations as merely extentions of the white establishment. The view of the Chamber of Commerce is that of an organization whose membership consists of the merchants who exploit the black people in the ghetto.

The Chamber of Commerce has no power to force its members to take action in a socially relevant project, however, it can by the use of its money and influence, encourage its members to take part in programs to increase the opportunities for blacks. Of recent note is the program being funded by a number of large insurance companies to provide capital for low cost housing projects. The Chamber of Commerce either national or local can sponsor such programs.

Programs such as those noted above could effectively aid in countering black militants because they would give the residents of the ghetto a part in the economic life of the nation and thereby reduce their dissaffection with their local communities. If they share in the economic life of the community, they would be less likely to support individuals or organizations which tend to disrupt that society.

Re Bureau letter to Baltimore, Et al, dated 10/21/68.

Detroit feels the Michigan State and Detroit Chambers of Commerce could make a significant contribution to the Bureau's efforts to counter violence by black extremists.

It is suggested Detroit could establish liaison with a reliable individual in both the Detroit and Michigan State Chambers of Commerce. This would enable Detroit to furnish public source information to these two groups for release to the news media and businesses within the Detroit area. It is anticipated that a judicious release of this type information would enable Detroit to focus attention on the least attractive aspects of black nationalists in the Detroit area and effectively combat their popular appeal. It is also felt Detroit could substantially quell the spreading of unfounded rumors by releasing pertinent information to the Chambers of Commerce.

ReNYtel to the Bureau dated 10/23/68, captioned "Black Panther Party, Racial Matters," air mail copies of which were furnished to Newark and San Francisco. Contents of retel present counterintelligence possibilities against the Black Panther Party (BPP).

The Bureau requests receiving offices to submit specific and concrete recommendations to exploit this situation.

The Bureau considers significant certain actions taken by the New York Panthers which could be easily misconstrued by militants if conveyed to the proper parties with the following slants.

1. The closing of the BPP office on Nostrand Avenue in Brooklyn, New York, resulted from the Panthers fear of reprisals by other militant Negro groups.

2. The Panthers have become so unpopular that they are afraid to wear their uniforms.

3. The lack of proper security precautions by New York Panthers will open the door for Uncle Toms and "pig" informers to enter membership ranks.

4. The New York Panthers have been so effective in alienating the white community that honkies in the Peace and Freedom Party (PFP) have complained to Cleaver about New York Panthers.

5. Fear stalks the white ranks of the PFP since receipt of rumors that New York Panthers intend to line up PFP white hippies "against the wall with the rest of the whities," when the time comes.

NOTE:

In retel the New York Division advises that the BPP in New York City will ostensibly remain inactive until December 21, 1968. During the period of inactivity, the BPP will concentrate on reorganizing and educating its members. The foregoing has resulted from an inspection of the New York City Panther group by Eldridge Cleaver, who faulted the New York group for poor organization and leadership. Reurlet to Atlanta dated 10/30/68.

After careful consideration and thought regarding points covered in referenced letter, following is submitted to the Bureau concerning the "Panthers are Pinhead" slogan counterintelligence operation under consideration:

1. It is not believed that this technique would effect the SNCC - BPP relations in the Chicago area since the SNCC organization in Chicago is virtually defunct and many of the ex-SNCC members are now BPP members.

2. Any derogatory slogan regarding the BPP should have some deterent on BPP recruiting, but it is noted that the reference to zoologists could be offensive to Negroes in general.

3. In view of point number two, it is questionable as to whether established Chicago Division news media contacts would cooperate.

4. In view of the fact that SNCC is no longer functional in Chicago [redacted]

Re Bureau letter to Atlanta, 10/30/68.

In response to referenced letter concerning Cointelpro involving BPP and SNCC factions, the following comments are offered by the Seattle Division.

1. BPP and SNCC merged in the Summer of 1968, and there is no known SNCC chapter in the State of Washington.

2. If the circulation of this slogan could be attributed to any black group, it could possibly be a hindrance to BPP recruiting.

3. Consideration should be given to mailing the slogan (cards, leaflets, etc.) from the national headquarters of SNCC in plain envelopes to black news media, radio stations, and other logical recipients who may logically assume its origin was someone in SNCC, and who would thereafter publicly identify it as SNCC propaganda.

4. Material (pamphlets, cards, etc.) on which this slogan is printed can be distributed throughout the Seattle Central District by agents, with little possibility of having the source identified.

5. Distribution of such material should be made by agents, rather than informants, since the possibility of identifying the Bureau as the source is held to an absolute minimum.

BUDED 11/7/68

Re Bureau letter to Baltimore, 10/21/68.

The following information is forwarded to the Bureau regarding observations of the Jackson Division as to how the Chamber of Commerce (national and state) can make a worthwhile contribution within the law enforcement context through its associations and activities among citizens, both black and white, and through businesses in ghetto areas or otherwise.

A Chamber of Commerce was primarily an organization organized to favorably improve the image of a particular area or community in order to thereby improve the economic, social, and control well-being of all members of this community or area and to insure that the community grows and develops to its maximum potential.

Black Nationalist extremists seek to show an area in its most unfavorable light and to portray to the Negro the worst aspects of his plight in the ghetto. These extremists continue harping on the areas where the Negro is feeling the poorest and showing the least progress.

By analyzing the preceding two paragraphs, it appears that generally a Chamber of Commerce tries to promote and take advantage of the positive assets and achievements of an area or community whereas Black Nationalist extremists tend to draw attention to and take advantage of negative aspects of various situations.

Accordingly, it would seem that the Chambers of Commerce could help to counteract the negative approach of the Black Extremists by showing some of the gains, progress, and assets being undertaken regarding the Negro elements within the Negro community and present elements within the white community attempting to assist the Negro.

It is noted that Chambers of Commerce possess various means for promoting and portraying accomplishments of various programs in their various areas. It is felt that several of the following points could be pursued through various mediums available to state and national Chambers of Commerce:

1. Disseminating by various means to ghetto occupants of efforts of local police to cope constructively with law enforcement problems peculiar to ghetto areas; publishing police efforts and successes to effect better public relations with ghetto occupants, to staff ghetto areas with Negro policemen, and to seek rapport with Negro youth groups; publicize various true-to-life situations wherein various policemen properly and professionally handled difficult racial situations in ghetto areas with proper authority, respect, and sensitivity.

2. Publish and/or publicize various Negroes who have obtained entrepreneurships in the ghetto area which have assisted the area and the individual economically and professionally.

3. Publicize various Negro servicemen returning from Vietnam who have obtained good jobs commensurate with their experience and training especially any skills

obtained while in service which assisted them in obtaining this employment on their discharge; thereby enabling them to help themselves in the community as well as to reflect favorably on their military service.

4. Publicizing through promotion type advertising the availability and occupancy of better than average housing available for Negroes in various sections of the community; promoting Negro neighborhood improvement programs or contests whereby awards are given to the best improved neighborhood apartment building, housing unit, etc., thereby hoping to improve the ghetto area and accordingly the community. Additionally, the benefit hopefully would be an improvement in the morale and incentive of the occupants of the winning area or areas.

Placing pressure through businessmen on the main community newspapers to give more adequate coverage of Negro activities and accomplishments; this would have a tendency to present Negro elements that are truly a part of the whole community and accepted in this regard.

5. Through various contacts in the white community emphasize to the white community that if a ghetto area exists in their community, it is a throw-back on the community in accordance with the axiom "A chain is as strong as its weakest length"; this could prompt the white community to assist and actively support Negro efforts to improve their areas thereby improving the entire community and further giving evidence to the Negroes that the whites do have an interest in their plight and improvements.

6. Through various contacts in promotional endeavors to periodically press and highlight present, past, and anticipated achievements of various Negroes

and Negro groups in the community; by so doing the Negro again feels a part of the whole community and sees positive actions being taken regarding them in their achievements.

Regarding the matter of the Urban League of Pittsburgh, and its request for funds from a Pittsburgh charitable foundation, discussed in relet, source advised [redacted] funds for the Urban League are actually contributed to the National Urban League and a portion is then returned to the local unit. The National Urban League has been advised that [redacted] funds from the Pittsburgh Foundation, in the amount of $450,000, will be delayed until the local unit submits a satisfactory proposal.

Attached is a prospectus and a letterhead of the newly formed Pittsburgh Communications Foundation (PCF). As indicated in the prospectus, one of the objectives of the PCF will be study and research concerning the mass media and its relation to civil disorders. [redacted]

He is of the opinion that the PCF will probably develop information of interest to this Bureau, and if so, he will promptly make it available. Source also advised [redacted]

As of interest, one of the primary items to be considered by the PCF is the present method of paying news reporters on television by the amount of film footage actually shown on television newscasts. It is realized that this method of payment has resulted in inaccurate reporting and another method of payment will be sought.

The PCF will be considered for possible future counterintelligence measures.

ENCLOSURE

3

PROSPECTUS

Project: a) Establishment of the newly-chartered Pittsburgh Communications Foundation as an effective arm of the mass-communications media and professions here, and

b) Implementation of an initial significant PCF program: the creation of an Institute of Urban Communications as recommended by the National Advisory Commission on Civil Disorders.

I. History & Purpose: Pittsburgh Communications Foundation

The Pittsburgh Communications Foundation was chartered April 22, 1968, by Common Pleas Court of Allegheny County as a non-profit public entity. Broad-based with 46 incorporators, the Foundation is strongly rooted among printed and electronic journalism leaders, educators, government and community heads. Among the founders are editors and publishers of Pittsburgh-area newspapers, general managers of nine radio and television stations here, the Mayor, a County Commissioner, several public relations heads, seven past presidents of Sigma Delta Chi professional journalism society, the national SDX executive, two U.S. Senators, four U.S. Congressmen, and deans of four journalism schools. The Governor is an honorary founder. The idea of a Pittsburgh Communications Foundation was conceived in the Sigma Delta Chi Pittsburgh Chapter in 1963, when a study committee was appointed, and received great impetus in 1966, when the National SDX Convention held in Pittsburgh netted an unprecedented $7,000 profit--turned over to this fledgling Foundation by the convention committee composed largely of the local communications media.

Pittsburgh Communications Foundation officers and directors are listed on the covering letter. They are representative leaders of the mass media and communication in Pittsburgh.

The need to be filled is long-overdue foundation-like attention to, and concern for, the role of journalism and mass communication in our changing society. To this broad aim, the Pittsburgh Communications Foundation is dedicated. The PCF hopes to harness the forces of journalism, mass communication, and education in Pittsburgh and beyond. To translate aims into action, founders and others have come forth with a portfolio of suggested projects including: a) Institute for Urban Communications; b) Pittsburgh Journalism Archives; c) special scholarships in journalism--a neglected field; d) communication benchmark lectures; e) schoolboy development--projects to encourage greater interest of bright young high school students in communications as a career; f) public education--to promote greater awareness and understanding of the function of journalism and mass communications; g) arts and communication; h) journalism library in the Press Club; i) aid to authors; j) pioneer research--using Pittsburgh as a pilot laboratory to explore legal-journ, social-journ, business-journ, cultural-journ problems of national import and impact. And others. Communication is a vital realm of our society that is little understood. Through an independent approach, the PCF aims to create projects, research

problems, employ vision, muster resources, urge action, chronicle trends, chart new paths in public communication attitudes, actions and awareness that may be unprecedented in this nation.

II. The Proposal: Establishment and Implementation

To operate effectively, the Pittsburgh Communications Foundation needs an adequate financial base. To provide this key initial impetus, the PCF respectfully asks that the principal private philanthropic foundations of Pittsburgh consider this proposal: Provide the seed money for a) two years of operation, and b) an initial worthy pilot project. This seed planted by the enlightened local foundations will be the encouragement needed by the PCF officers and directors to prove the premise, build the program, broaden the scope, seek other funds nationally and locally, become successful, become the catalytic agent to create many significant, needed projects. A 2-year budget is included herein.

III. The Pilot Project: Probing Urban Communication in a Volatile So

The PCF wants to set up a Planning Conference to explore the creation of an Institute of Urban Communications. This important project is recommended by the National Advisory Commission on Civil Disorders. "What effect do mass media have on riots?" Research is needed on media coverage of riots, and ghetto reaction to; research on better ways of communication, and on the need for more black journalists. Such an Institute would a) sponsor training and education of journalists in urban affairs, b) recruit, train and place black journalists, c) study police-press relations, d) review media performance on riots and racial issues, e) research the role of media in race relations. The Planning Conference, in Pittsburgh, will draw selected leaders of communication. Seed money will pay for the Planning Conference. This initial project of the PCF can have vast national significance in mass communication and urban problems.

IV. Related Research:

a) Report of the National Advisory Commission on Civil Disorders (Dutton-New York Times, April 1968), particularly Chapter 15;

b) Charter and by-laws, Pittsburgh Communications Foundation;

c) Reports of Pittsburgh civil disorders, Pittsburgh Press & Post-Gazette, Carnegie Library, and in film news libraries of KDKA-TV, WIIC-TV, WTAE-TV.

V. Methodology: What We Plan To Do

Enabling grant from philantropic foundations; establishment of PCF office and executive; pursuit of other worthy projects in journalism, mass communications, education; obtaining of grants from companies, individuals, other foundations; establishment of regular contributing program--individual sponsors, patrons, contributors; im-

mediate call to media leaders nationally or regionally to participate in Planning Conference on the pilot Institute; Planning Conference to be held, and its recommendations made; Institute of Urban Communications to be established as a separate spin-off from the PCF.

VI. Budget:

a) 2-year support for PCF:

1)	Salary of executive @ $500/month	$12,000
2)	Expenses of executive @ $100/month (meetings, lunches, travel, etc.)	2,400

Relet authorized contact with [redacted] Racial Liaison Source, in connection with counterintelligence regarding the Black Panther Party.

As the Bureau has been advised, the Black Panther Party has not been successful in its organizing efforts in Pittsburgh. No activity in this regard has taken place since September, 1968.

[redacted] has not been contacted regarding this matter and it is not believed he should be contacted in view of the failure of the Black Panther Party to organize. If the situation changes, this matter will again be considered. It is known that [redacted] is against violence and it is believed he could be approached without fear of embarassment; however, it does not appear that any purpose would be served.

(3) A publicity campaign to discredit STOKELY CARMICHAEL among Black Panther Party (BPP) members is being considered. However, in view of the fact that CARMICHAEL has apparently moved out of WDC and has indicated that he plans to leave the United States in the near future, it is deemed advisable to hold this consideration in abeyance until such time as the plans of CARMICHAEL become known with more certainty.

II. OPERATIONS BEING EFFECTED

WFO is not currently effecting any operation under the counterintelligence program.

III. TANGIBLE RESULTS

As a result of information received from sources that CARMICHAEL was planning to leave the United States, WFO recommended to the Bureau that this data be made available to appropriate news media contacts. A number of articles appeared in local WDC newspapers indicating CARMICHAEL's plans to leave the United States, and further indicating that CARMICHAEL might, in fact, be running away from the problems of his less fortunate "brothers" who must remain behind to face the new administration which promises sterner measures to effect "law and order".

IV. DEVELOPMENTS OF A COUNTERINTELLIGENCE INTEREST

As the Bureau is aware, according to information in possession of [redacted] STOKELY CARMICHAEL recently arranged for shipment of his household goods and personal possessions to Conakry, Guinea, in care of SEKOU TOURE, the President of the country. Although CARMICHAEL indicated that the possessions were to be given away, [redacted] Sources indicate that CARMICHAEL is now living in New York City.

[redacted]

10

[redacted] is reported by [redacted] sources to be trying to re-establish [redacted] former connections and may be planning to try and reopen the WDC, SNCC office. To date, no action has been taken in this regard.

[redacted]

Colonel HASSAN JERU-AHMED BEY, Commander of the Blackman's Volunteer Army of Liberation, on 11/24/68, announced the establishment of a Moorish Republic provisional government in the U.S. At a press conference, in the organization's newly painted headquarters at 1624 Newton St., N.W., HASSAN said that he would go to the State Department to seek diplomatic recognition for his military regime. HASSAN said that the Moorish Republic to which every black man belongs, owns 2,000 acres in several African countries. WFO sources report that HASSAN's group consists of only himself and about ten to twelve followers.

The New School for Afro-American Thought (NSAT) recently was involved in an internal power struggle for control of the school. Sources of WFO familiar with NSAT indicate that as a result of the struggle, the more militant clique has been put out and the more moderate group which is intent upon stressing and fostering the educational intent of NSAT in the field of black history and culture has taken control.

ReBulet to Atlanta and other offices, 10/30/68.

With regard to the Bureau's plans to circulate a slogan to cause friction between the extremist Black Panther Party (BPP) and the extremist Student NonViolent Coordinating Committee (SNCC), as well as to ridicule and help neutralize the BPP to its followers, the Los Angeles Office advises as follows:

1. This technique would not affect BPP-SNCC relations in the Los Angeles Division, inasmuch as SNCC is a small, ineffective group which is in a state of decline and not considered a threat to the BPP.

2. This technique would not have any affect on BPP recruiting.

3. There are no news media sources available who are in a position to publish such an item.

4. Los Angeles has an informant who could possibly circulate the slogan, however, SNCC is not of sufficient stature in the Negro community to have any influence.

5. Trusted BPP informants could make statements to other BPP members that they heard SNCC members make statements containing the slogan.

No counterintelligence action will be taken by the Los Angeles Office without Bureau authority.

Re Jackson letter 11/20/68, requesting Atlanta to advise of feasibility of making telephone call as outlined in Jackson letter 10/30/68 to the Student Nonviolent Coordinating Committee or a Congregating Spot in the Atlanta Division.

For the information of Jackson and New York, the Atlanta Office of SNCC has been without telephone service for an extended period of time because of non-payment of bill. However, SNCC continues to maintain offices at 360 Nelson St., S.W., and a number of local individuals, subjects of Atlanta investigations, are still closely affiliated with SNCC.

There are several places where SNCC sympathizers congregate in Atlanta, however, telephone service to these locations is non-existence, probably because of financial conditions.

Atlanta agrees with Jackson as to the merits of such a phone call being a disruptive factor, but it is believed that such a call to be effective and not subject to suspicion, it must be directed to a location where it is logical that [redacted] name or habits would be known.

It has been reported in Atlanta that soon after January 1, 1969, SNCC will receive a grant of $34,000 in the name of the Afro-American Society of greater Atlanta from the National Episcopal Church in New York. This will obviously be used by SNCC to pay some of their outstanding obligations and among other things will enable them to have telephone service restored.

REQUEST OF THE BUREAU:

Bureau authority is requested in order to furnish to [redacted] with selected literature and information which is factual and which could be obtained by anyone with the proper sources in the black militant groups at Memphis.

In an effort to counteract and discredit black power activities at Memphis, the Memphis Office is desirous of furnishing on a highly selective basis printed material issued by the Black Organizing Project (BOP), the primary black militant group at Memphis, and distributed by the BOP to a trusted newspaper contact at Memphis and such other information which can be used to embarrass the BOP without possible compromise of the Bureau's interest or sources of information.

[redacted] has been most cooperative with this Bureau in the past. [redacted] is deeply concerned regarding BOP and other militant black power activities at Memphis and has written several articles exposing illegal black power practices in connection with employment of black militants by the War on Poverty Program sponsored by the U. S. Office of Economic Opportunity at Memphis and the use of funds of the War on Poverty by these black militants.

SUBJECT: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
RACIAL INTELLIGENCE (BLACK PANTHER PARTY)

ReBulet to Baltimore dated 11/25/68.

[redacted] advised that he had just received through the mail, [redacted] a letter calling a meeting for "concerned citizens" at 3:00 P.M., Sunday, 12/15/68, at the High Street Parish, 34th and High Streets, Denver. The letter was signed "Core City Ministries". The meeting was to discuss the deteriorating climate of police-community relations, and was to include a visit to the Black Panther Party Headquarters, 3401 Franklin Street, Denver.

In way of background, the Denver Police Department, on 12/7/68, attained a search warrant to search the premises of the Black Panther Party Headquarters in Denver, based on information that weapons were located inside. The premises were searched by thirty police officers. The police did find three weapons and ammunition, but were accused by the Panthers publicly of maliciously destroying the premises in the amount of $9,000.00. [redacted] conducted an investigation to determine if the searching officers went beyond the bounds of the search warrant in destroying the premises maliciously. The findings

acquitted the police officers of being malicious and a city engineer determined the damage to be $450.00, since wall partitions and tile had to be removed during the search. [redacted]

The information furnished [redacted] was immediately furnished to the Intelligence Bureau of the Denver Police Department since it is known by the Denver Office that [redacted] legitimate minister, is also [redacted] and [redacted] although white, is a militant and always espouses the Negro cause. The Intelligence Bureau stated they would advise [redacted] who, in turn, will contact members of the Colorado Council of Churches to show how they are being duped by the Black Panther Party and other militants. [redacted]

[redacted]

UACB Denver will continue these counterintelligence measures aimed against the Black Panther Party when time is of the essence and the Bureau will be advised of the action taken. When there is adequate time, Bureau approval will be requested. [redacted]

ReBuairtel 12/6/68 to Albany and Various Offices.

The Kansas City Division has, and knows of, no "visual material", specifically identifiable as related to violence by "black extremists", as described in referenced Buairtel.

In the racial disturbances at Kansas City, Mo. in April, 1968, during which six Negroes were killed allegedly by Police or National Guard shootings with no white fatalities, damage resulting from night arson was estimated in the hundreds of thousands of dollars. The arson in Negro neighborhoods was attributed over several nights to unknown Negro hoodlums, retaliating against Police and National Guard action, and not to any known or suspected "black extremists".

The following counterintelligence measure is being submitted for the Bureau's consideration:

The NYO desires to xerox or otherwise reproduce 3000 copies of the attached circular which will then be distributed throughout the city of NY.

The original and one xerox copy is being furnished the Bureau. It is noted that Photo No. 2 is not too clear on the xerox copy made in the NYO. Perhaps the Bureau might be in a better position to produce a better copy which will still not look too professional. It is also suggested that these 3000 copies be reproduced at the Bureau in the interest of further security.

When the copies are received from the Bureau they will be distributed as follows:

1. Each agent assigned to the Racial Squad will help distribute some copies at various locations (Apt. houses etc) during the course of their daily work. The agents will be alerted to the necessity of security and discreetness.

2. A good portion of the circulars will be left in subway cars in the various subway lines which travel throughout NYC. People who ride subway cars for any distance will tend to read anything. At this time this would appear to be one of the better means of distribution.

4. Other circulars will be left in restaurants where Negroes are known to frequent. (Chock Full of Nuts etc).

It is felt that this counterintelligence measure will at least cast some doubt as to the loyalty of [redacted] It may cause them great concern, and might even cause them to cease their associations with Black Extremists Groups. The total impact might even prove deeper within the Black Panther Party organization.

Accordingly, Bureau approval is requested to approve this suggestion and have the copies xeroxed or otherwise reproduced.

The NYO will afford the matter the proper security.

Reurlet 12/12/68.

Authority is not being granted to reproduce and distribute the proposed circular concerning Aponte, Collier and Brothers.

Although the widespread distribution of the circular in the New York City area may have the effect of creating suspicion concerning these individuals, the Bureau has reservations concerning the efficacy of the action when the possible benefits are weighed against the risks inherent in having Special Agents distribute the circular.

Furthermore, the photographs and detailed descriptions appearing on the circular give rise to the presumption that the circular was prepared by an intelligence or police agency.

The idea of casting suspicion upon the three extremists mentioned in the circular is a good one. It is suggested that you concentrate on one of the three individuals who you believe is most vulnerable to counterintelligence action involving the charge of being a police informant. If this individual has not been interviewed recently, you should consider requesting Bureau authority to interview him for informant potential prior to making a specific recommendation to impliment counterintelligence measures against him.

Re Bureau airtel 12/6/68.

Enclosed herewith for the Bureau are two 8"x 10" glossy photographs of weapons and ammunition confiscated by the Cincinnati Police Department on 12/2/68.

These items were located at 2600 Euclid Avenue, Cincinnati, at the residence of one ARTHUR TRIERNE CARTER, Negro, male, born 6/26/46. CARTER is also known by the name "Checka". CARTER was arrested along with three companions after they had attempted to purchase weapons using a fraudulent credit card. As a result of the arrest, the Cincinnati Police Department obtained a search warrant for the residence of CARTER and located the cache of weapons and ammunition. CARTER has been identified as a member of the Black Turks, an organization self-described as non-violent, organized into a drilling and marching group, formed to create an image of Negro manhood and to help their neighborhood "cool it" when tensions arise.

Reurairtel 12/9/68.

In accordance with the guidelines furnished you by the Training Division at the Police Training Briefing Session held at the Bureau on 12/9 and 10/68, you should brief Command Officers of the Intelligence Unit of the Boston Police Department concerning the activities of the Black Panther Party (BPP) on the campus of Northeastern University, Boston, Massachusetts. However, confine your briefing concerning the BPP to authorized police officials and do not confer with any college administrators concerning this matter nor suggest that the Boston Police Department so confer with college officials.

In view of the fact political education classes sponsored by the BPP are being held at Northeastern University, you may desire to forcefully bring to the attention of public officials the fact that the BPP is advocating arson, killing, and disruptions of campus life. You may accomplish this under captioned program through an anonymous mailing or other means which will not be traced to the Bureau. Carefully devise a counterintelligence action to effect the desired result and submit same to the Bureau for approval.

In this regard, there is enclosed for your information a cartoon which appeared in the 10/19/68 issue of "The Black Panther," the official publication of the BPP. You may desire to consider identifying the caricatures appearing in the cartoon as public officials in Boston by handprinting their names on top of the caricatures. As an example, the white caricature could be identified as a wealthy Jewish businessman or public official who is involved in the public weal in Boston. The four subservient Negro caricatures could be identified as [redacted] third well-known responsible Negro leader, and a Negro police officer.

The cartoon could then be reproduced and mailed to the individuals identified in the cartoon as well as other prominent Jewish and Negro citizens who are in positions to bring pressure to bear upon Northeastern University officials. The cartoon should be prepared in such a manner that the recipient will believe it was mailed to him by the BPP.

If you believe the above will effectively marshal public opinion among responsible Negroes and the Jewish community against the BPP, you should submit your comments to the Bureau to that effect along with your detailed recommendation and request for approval of this counterintelligence action.

Take no positive action without prior Bureau authority.

Re IP letter to Director, 12/2/68.

The Black Panther Party and other black organizations in Indianapolis continue to battle for publicity and money among the black community. At this time in the Black Panther Party, dissention is continuing over the misuse of funds, and enough members have quit at this time that they are now becoming what appears to be a defeated organization in Indianapolis, Indiana. They at present are facing a rapid decline in the total number of members and also the number of apparent active members is decreasing. At the past two public meetings where they were attempting to draw new members and support they had only ten to fifteen persons present at both meetings and those present were the officers of the Black Panther Party and the only active members. The BPP at present is not enjoying any support from the majority of the black community and the word is spreading of the misuse of the funds as well as the gifts and food collected by the Black Panther Party which never reached the needy for whom they were intended.

Measures taken to increase the speed with which the BPP seems to be declining in Indianapolis have been through interviews with members of the Negro community at which time mention is made of the facts concerning the food and money misused by the leaders of the BPP serving to help the whole Negro community to learn of this. In addition to the above, informants are used in attempts to help maintain dissention within the BPP and the other black organizations.

By letter November 22, 1968, Chicago submitted specific counter intelligence recommendations concerning [redacted] local Black Nationalist personality, who has most recently been an influential advisor to young black students in Chicago who have been involved in student boycotts on the high school level. No response as yet has been forthcoming and Chicago will take no action regarding the recommendations submitted without prior Bureau approval. Chicago is continuing to attempt to isolate instances regarding local Black Nationalists who have been in possession of firearms in the past and who appear to possibly be in violation of local and state firearms provisions. It is anticipated that such a review will be completed shortly and where appropriate, communication will be submitted to the Bureau with specific recommendations contained therein. It appears in some instances however, that action in this regard may be taken locally which is not purely counter intelligence in nature.

An example of such was the recent instance where in connection with a review of background information concerning JEFF FORT, local leader of the Blackstone Rangers, south side Chicago Negro gang it was determined that a warrant was outstanding for FORT for failure to pay a fine of $50.00 on a disorderly conduct conviction. In conversation with the personnel of the Chicago Police Department, Gang Intelligence Unit, this information was made available and it was agreed that if an arrest warrant for FORT was executed at his residence a search could then be made of the premises and contraband such as firearms or narcotics might possibly be located.

This was in fact done, as set forth in Chicago airtel and letterhead memorandum of December 9, 1968, under the caption JEFF FORT, Contempt of Congress, Miscellaneous Information Concerning. When the arrest warrant was served FORT a search was made by Police Department representatives of the premises at his residence and a .22 caliber [redacted] derringer pistol was located. As a result FORT was subsequently charged with having an unregistered weapon in his possession as well as Unlawful Use of a Weapon. He is scheduled to appear

in court on December 18, 1968, to answer to these charges. It might also be noted in passing that Chicago continues to maintain periodic contact with [redacted] approved by the Bureau for counterintelligence usage sometime ago, but primarily against the NOI. These contacts have been amplified recently by virtue primarily of changing times and events to embrace the Black Nationalist field generally. The contacts with [redacted] informal in nature, are considered to have been directly responsible for recent statements by him, widely reported in the Chicago press media, critical of gang influences in the Ghetto as well as Black Nationalist groups, the latter described by him as "glib exploiters of disenfranchised people."

It is felt [redacted] will certainly continue to speak out in such fashion and the contact by Chicago productive of such will continue.

In referenced Chicago letter reference was made to possible friction between [redacted] above, and [redacted]. Since referenced letter no significant developments have taken place in this regard and no further information has been developed reflecting any interest on the part of [redacted] in this group. The BLA holds regular meetings, however, to date less than 10 individuals have actually joined the organization, its activities limited almost exclusively to these meetings and to such activities as literature distribution. At the present time BLA appears to be floundering and to have no real or apparent support within the Negro community or from Black Nationalists in particular. It is felt a counterintelligence interest at this time in the BLA is not warranted.

2) Operations Being Effected

Set forth hereinafter is the periodic progress letter concerning captioned matter, as requested in Bureau airtel dated March 4, 1968, under the captions as instructed:

1) Operations Under Consideration

On a continuing basis Chicago is in the process of analyzing and considering the constantly changing local Black Nationalist situation from the viewpoint of the development of an effective counterintelligence program. At the present time emphasis is being placed upon the developing Black Panther Party (BPP) group which has only recently opened offices on Chicago's west side and which is now actively recruiting and establishing itself as a functional organization locally. This situation remains somewhat fluid and as yet no specific counterintelligence program has been developed for this reason.

As an example, in the initial stages here of the establishment of the BPP group there was conflict between rival factions, one recognized by the parent organization in Oakland, California, the other unsanctioned. The rivalry between such militantly orientated persons briefly threatened to erupt into physical confrontation on several occasions, however, before this situation could be exploited the problem was resolved and the group merged under the leadership of ROBERT BROWN, former local leader of the Student Non Voilent Coordinating Committee. The personalities which have subsequently emerged as dominant within the BPP locally are, in addition to BROWN, ROBERT RUSH, FRED HAMPTON, Maywood, Illinois, and DREW FERGUSON.

In referenced Chicago letter reference was made to possible friction between ROBERT BROWN, above, and ROBERT LUCAS, the latter the National head of the newly formed Black Liberation Alliance (BLA). Chicago also will continue to selectively advise local authorities of instances where local Black Nationalists appear vulnerable to arrest on local charges, in instances where such information is either not available or apparent to them. This is in reference to such instances as that set forth previously involving JEFF FORT. I1

3) Tangible Results

In this regard, the remarks o[redacted] alluded to previously and the arrest of FORT both appear as tangible results of Chicago counterintelligence activity.

4) Developments of Counterintelligence Interest

The principal development locally, subsequent to referenced letter, would appear to be the emergence of the BPP Chapter referred to previously under the leadership of ROBERT BROWN and his associates. The question of the ability of this group to provide a unifying and polarizing influence within the local Black Nationalist community remains to be seen. Chicago will very closely follow the development and activities of this group, through knowledgeable BPP sources, and will submit counterintelligence suggestions in the bi-monthly letter requested by the Bureau as instructed.

RACIAL INTELLIGENCE
BLACK PANTHER PARTY

Re Bureau airtel, 11/25/68, requesting bi-monthly submission of counterintelligence suggestions concerning the Black Panther Party (BPP) and Chicago airtel, 12/5/68.

Chicago advised in the quarterly counterintelligence progress letter of 12/12/68, that an analysis of the local Black Nationalist situation reflected that the most important development recently concerned the organization of the Chicago Branch of the BPP. Set forth below is Chicago's recommendation concerning a counterintelligence action directed against the BPP.

Information has been received only recently which indicates that [redacted] and several of his close associates have expressed interest in enlisting the support of the Blackstone Rangers (BR) for the BPP. Overtures have apparently been made by certain of these BPP people toward the BR; however, these overtures have met with no initial success.

As the Bureau is aware, the BR are one of the largest and most violence-prone Negro street gangs in Chicago. Although accounts differ as to the actual numerical strength of the BR, the gang does appear to number in excess of 1,000 or so Negro youths who owe allegiance to this group. The BR leader is JEFF FORT, well known to the Bureau, recently convicted of contempt of Congress as a result of his refusal to testify when called before a Senate Committee investigating misuse of Government funds granted indirectly to the BR. FORT was recently briefly incarcerated in Washington, D.C., made bond however, and has since returned to Chicago.

(2)

Buy U.S. Savings Bonds Regularly on the Payroll Savings Plan

As noted, information reflects that BPP overtures to the BR were not welcomed, particularly by FORT and others in the BR leadership. This element obviously does not desire that the allegiance of these large numbers of Negro youths fall elsewhere. As a result of the lack of success on the part of the BPP in this direction, [redacted] have reportedly made disparaging remarks concerning FORT personally and for lack of commitment to black people generally.

FORT is reportedly aware that such remarks have been circulated, but is not aware of the identities of the individuals responsible. He has stated that he would "take care of" individuals responsible for the verbal attacks directed against him.

Chicago, consequently, recommends that FORT be made aware that [redacted] together with other BPP members locally, are responsible for the circulation of these remarks concerning him. It is felt that if FORT were to be aware that the BPP was responsible, it would lend impetus to his refusal to accept any BPP overtures to the Rangers and additionally might result in FORT having active steps taken to exact some form of retribution toward the leadership of the BPP.

Since Negro SAs assigned to Chicago have interviewed FORT previously, it is not being recommended that they be utilized in any telephonic or oral fashion in this regard; however, it is believed a letter from a "black brother" advising FORT of a plot on the part of the BPP to take over the Rangers, as well as their responsibility for the verbal attacks against them, would be productive of disunity and possibly prove harmful to persons in the local BPP leadership and to the organization generally.

This letter would be to FORT personally, at his residence, on unmarked stationery and would consist of the above information, from an individual formerly associated with the BPP who is opposed to the BPP effort to try to utilize the BR for its own purposes.

Chicago will take no action in this regard without prior Bureau approval.

Fort is reportedly aware that such remarks concerning him have been circulated, but he is not aware of the identities of the individuals responsible. JEFF FORT

Reference is made to Chicago memorandum dated November 26, 1968, captioned as above.

On December 8, 1968 [redacted] Chicago, Illinois, Police Department, advised that Jeff Fort, Leader of the Blackstone Rangers, a Negro youth gang on Chicago's south side, was arrested on that date on a warrant issued for failure to pay a fine of $50 following a disorderly conduct conviction on March 16, 1967. Fort was arrested in his home at 1534 East 68th Street, Chicago, Illinois. During the search of his apartment at the time of his arrest, a .22 caliber, four shot, Derringer pistol was found and as a result, Fort was charged with having an unregistered gun and unlawful use of a weapon.

Fort paid the $50 fine and was released on a $50 bond on the latter two charges. He is scheduled to appear in court on December 18, 1968, on these charges.

This document contains neither recommendations nor conclusions of the Federal Bureau of Investigation. It is the property of the Federal Bureau of Investigation and is loaned to your agency; it and its contents are not to be distributed outside your agency.

RACIAL INTELLIGENCE (BLACK PANTHER PARTY)

ReBulet to New York 11/7/68 and Bulet to Baltimore 11/25/68.

No counterintelligence measures were aimed against the BPP by the Newark Division during the past two-week period and no accomplishments obtained under the program.

It appears at this time that situations which exist within the various BPP chapters differ from chapter to chapter and that a situation which may offer counterintelligence possibilities in one division has no relationship with conditions in another division.

The main BPP activity in New Jersey consists of the Jersey City and Newark, N.J., chapters. Even though in close proximity, these chapters differ greatly in regard to leadership, finances, tactics, etc. Neither of these chapters appears to fear reprisals by other militant Negro groups, nor are there any known differences with US or PEACE AND FREEDOM PARTY white hippies.

The Newark and Jersey City chapters are under close scrutiny by local authorities.

The recent arrest of Jersey City BPP leader ISAIAH ROWLEY and two associates has seriously crippled this chapter, resulting in meetings not being held and orders being given to stop wearing the BPP uniform.

The recent explosion at the Newark BPP Headquarters in which the BPP Captain was injured has curtailed the activities of this chapter.

The Newark Office in addition to informant coverage in both the Jersey City and Newark BPP chapters has been able

COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
RACIAL INTELLIGENCE
(BLACK PANTHER PARTY)

The August, 1968, issue of "Mojo," official newspaper of the Black Student Congress, (BSC) editorially condemned the Black Panther Party (BPP). The editorial notes that it is not the general policy of "Mojo" to criticize the "liberation efforts of brothers." However, "Mojo" warned the community, "Beware of the Panthers!"

Dissemination of this article on a widespread basis might be appropriate at this time after the National Association for the Advancement of Colored People (NAACP) has editorially criticized black extremists. New York should submit recommendations for counterintelligence use of this editorial, commenting specifically on the degree of influence of the BSC in your area.

Since the BPP is now attempting to make inroads upon the Negro college population, dissemination of this editorial might be directed to Negro college groups. New York should also consider the possibility of making it appear that the editorial is being disseminated by members of the BSC in New York. No counterintelligence action should be taken without Bureau authority.

(STOKELY CARMICHAEL)

ReBureau letter to WFO 11/15/68.

In response to Bureau request, Los Angeles Division suggested that to help neutralize STOKELY CARMICHAEL, a letter be written anonymously to his wife, indicating that CARMICHAEL is using her and her funds to travel for illicit romantic activities and that his black nationalist activities are mostly a cover for these activities.

WFO is of the opinion that this suggestion would not effectively serve to neutralize CARMICHAEL for the following reasons:

1. WFO has learned through sources that MIRIAM MAKEBA, CARMICHAEL's wife has become increasingly annoyed because of the number of phone calls received at their residence from people in the "movement" trying to reach CARMICHAEL. She indicated that she felt his involvement in the movement was taking too much time and that they did not have enough time to themselves. This indicates that MAKEBA is aware of the nature of CARMICHAEL's activities and would be unlikely to believe that they were other than legitimate.

2. Recently, MAKEBA has accompanied CARMICHAEL on most of his speaking engagements and would undoubtedly be aware of or reasonably suspect any current illicit affairs of CARMICHAEL. In the absence of factual information in this regard, a letter indicating CARMICHAEL was using his black extremist activities as a cover for illicit affairs would be highly suspect by MAKEBA and could well have the reverse effect on their relationship and dedication to the movement.

4. CARMICHAEL's marriage has served to divide his time between the "movement" and his personal life, allowing him less time to be actively organizing.

5 [redacted] Such a statement would seem to indicate a moderating of CARMICHAEL's more violent attitude and a more cautious approach to future activities.

6. CARMICHAEL's marriage would seem to be a factor in his apparent decision to leave the United States and if he were to become separated from MAKEBA, it is quite conceivable this would serve as an excuse for his re-dedication to the black extremist movement.

For these reasons it would seem that CARMICHAEL is neutralized more by his marriage to MAKEBA than he would be by attempts to disrupt this marriage and WFO recommends against the suggestion at this time.

FROM : SAC, PITTSBURGH (100-15780) (P)

SUBJECT: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
RACIAL INTELLIGENCE

ReBuairtel to Albany dated 3/4/68, and Pittsburgh letter to the Bureau dated 8/28/68.

There have been no significant changes in the overall Black Nationalist Movement since submission of referenced Pittsburgh letter.

The Black Panther Party (BPP) did have an organizer in the Pittsburgh area during September, 1968, and news publicity during that time indicated an attempt would be made to establish a BPP in Pittsburgh. However, after the organizer left the Pittsburgh area, no organizational success was realized by the BPP and a branch was not organized here and no organizational activity is taking place at this time.

(1) Operations Under Consideration

DAVID OWENS, who is included on the Agitator Index of the Pittsburgh Office and who was involved in a gun fight with Pittsburgh Police officers in October, 1968, is employed by the Urban League of Pittsburgh. This employment lends respectability to his activities because of the respected position of the Urban League. This office is considering counterintelligence action to publicize OWENS' activities and propensity for violence and to remove him from this employment, if possible.

[redacted]

(2) Operations Being Effected

A recently developed racial confidential source is employed by the Mellon Foundation in Pittsburgh. This source

[redacted] is in a position to influence grants made by the Foundation, and this matter is followed closely with him in order to prevent funds from being furnished to any Black Nationalist extremist groups. The matter is also being considered from the standpoint of attempting to determine if source is in a position to influence grants from other foundations, both in the Pittsburgh area and in other areas, to prevent funds from such other foundations from also being furnished to Black Nationalist extremist groups.

The counterintelligence operation aimed at curtailing use of Presbyterian Church funds in irresponsible racial projects has been brought to include a fictitious name letter sent to Presbyterian Churches in this area protesting the use of such funds to finance an agency in the Homewood-Brushton area of Pittsburgh, a predominately black area, which agency is directed by [redacted] an Agitator Index subject of this office [redacted]

(3) Tangible Results

On 11/14/68, the Pittsburgh Urban League submitted a written program to the Mellon Foundation as a result of a previously-submitted request for funds. The written program included a proposal for the creation of a civilian police review board. Public source material containing documentation opposing such civilian review boards was furnished to our source at the Mellon Foundation. As a result, funds for the Urban League were delayed until the Urban League submits a more satisfactory proposal.

(4) Developments of Counterintelligence Interests

Pittsburgh sources have reported recently that racial activities in this area have decreased markedly in recent weeks. Various groups and organizations that had been previously active, now appear to be inactive.

It is noted that the Pittsburgh City Council has recently voted approval of a new disorderly conduct ordinance, which tripled maximum penalties and which was more definite as to the types of actions which could bring arrests. Additionally, the Allegheny County Prosecutor has been requesting, and obtaining, higher bail for persons involved in assaults against police officers. This increased bail has been set in amounts ranging as high as $25,000. [redacted]

66

[redacted] has expressed the opinion that these two factors, combined with the wounding of DAVID OWENS and another individual in the gunfight with Pittsburgh Police officers, which was mentioned above, has been responsible for the decrease in racial activities in the past several weeks.

SUBJECT: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
RACIAL INTELLIGENCE (BLACK PANTHER PARTY)

Re Indianapolis let to Director 12/16/68.

The Black Panther Party in Indianapolis had their headquarters located at 113 West 30th Street raided on 12/13/68 by members of the Indianapolis Police Department and the Alcohol Tobacco Tax Unit of the U. S. Treasury Department. The IPD and ATTU were attempting to put in affect a Federal search warrant based upon information developed by the IPD that one or more machineguns were in BPP headquarters. Two BPP members who were in the building denied officers entrance and guarded the front door with a shotgun. IPD then used teargas to gain entrance to the building and arrested the two Panther members as they came out of the building.

The above search failed to turn up any automatic weapons and has only served to at least temporarily unite the BPP in Indianapolis and to disrupt the measures taken to date to split up the BPP in Indianapolis. Efforts to talk to other Black Nationalist leaders in Indianapolis and to further cause dissension among the black organizations and the BPP will be continued.

In addition, HARRY BLACKWELL, who was assistant deputy chairman, BPP in Indianapolis, was arrested by the IPD on 12/29/68 on warrant for uttering a forged instrument. BLACKWELL, who had been in hiding and previously was unavailable for interview, will be interviewed.

ReBulet to Baltimore dated 10/21/68, and, Pittsburgh letter to Bureau dated 11/6/68.

[redacted] Greater Pittsburgh Chamber of Commerce, has inquired regarding any practical ideas received from Bureau inquiries of other Chamber's of Commerce concerning the matter of countering violence on the part of black extremists.

As the Bureau is probably aware, each Chamber of Commerce is independent and there is little exchange of information between them. [redacted] inquiry was with the view of developing any programs that the Pittsburgh Chamber should consider.

It is suggested that Bureau consideration be given to furnishing all the offices involved the results of inquiries by the other offices. A copy of re Pittsburgh letter was furnished to each office involved.

NOTE: Bulet 10/21/68 to a number of offices including Pittsburgh requested the views of those offices as to how the Chamber of Commerce might be utilized to make a worthwhile contribution to law enforcement. Pittsburgh took it upon itself to contact a local Chamber of Commerce representative concerning this matter to solicit his views. That Chamber of Commerce representative has now requested Pittsburgh to advise whether any practical suggestions have been received from other Chambers of Commerce concerning the matter of countering violence on the part of black extremists. Instant letter points out to Pittsburgh that it was neither authorized nor instructed to contact the Chamber of Commerce and instructs Pittsburgh to recontact the Chamber of Commerce representative to clarify this matter.

Re Chicago airtel dated 12/13/68 and Bureau airtel dated 12/6/68.

Chicago has reviewed the material readily available at the Graphic Art's Section, Chicago Police Department, as indicated in referenced Chicago airtel. This material was somewhat disappointing, and none was believed suitable or appropriate in line with request in referenced Bureau airtel.

Chicago has recently obtained a set of photos, made available by ABC-TV, Chicago, as a result of their coverage of a Black Panther Party meeting at the University of Illinois, Chicago Circle Campus, near the end of November, 1968. These photos are in color, and are numbered 1 through 3 in the enclosed. The individuals in photo numbered 1 is [redacted] Black Panther Party Minister of Defense; photograph number 2 depicts two members of the local Black Students for Defense group, present at the meeting and photo number 3 depicts five local Black Panthers standing against the wall of the meeting room. These photos are being provided for any interest they may have, and Chicago will be most alert for more specific photos of the type desired in the future. No photos of black extremists drilling, or their weapons are available in the Chicago Office or at the Police Department.

Regarding diagrams of explosives and sabotage devices, reference is made to Chicago Letterhead Memorandum, November 26, 1968, under the Black Panther Party caption, which on pages 10 through 16, sets forth the so-called "Black Panther Party Destruction Kit."

Also enclosed for the Bureau's information are photos numbered 4 through 7, representing pictures of a Cincinnati, Ohio, based group known as the Black Turks. These nine Negroes were in Chicago, on August 17, 1968, at a period just prior to the Democratic National Convention. Due to their dress and actions, they aroused the attention of the Chicago Police Department. Their automobile was searched and four machetes were found, causing their subsequent arrest on Unlawful Use of Weapons charges.

The photographs numbered 5 through 7, were taken at the Chicago Police Department's Second District. The photo numbered 4 was made available by the Chicago Police Department; however the location or circumstances of the apparent Karate exhibition is not known.

Chicago will continually be on the alert for all future material received of the type of interest to the Bureau, and it will be provided under this caption.

ReBulet, 12/19/68.

The NYO suggests that xerox copies of the complete newspaper "MOJO" specifically marking the editorial column on page 2 should be mailed to the student newspaper editors at every Negro college in the United States. Pages 487 to 504 of the Negro Almanac lists 117 Negro colleges in the US.

In addition, it is recommended that the complete newspaper specifically marking the editorial column on page 2 should be sent to the following black student organizations in the NYC area who have in the past exhibited evidence of Black militant views in current issues. All these organizations are connected with institutions of higher learning in the NYC area.

1. President-Student Organization for Black Unity, Long Island University, Brooklyn Center, Brooklyn, NY.

2. President-Student Afro-American Society, 116th Street and Broadway, Columbia University, New York City.

7. President-Black Allied Student Association, Downtown Center of New York University, 8th Street, NYC.

The Black Student Congress has no influence in this area. Their only function is to publish and distribute the "MOJO" newspaper.

In order to make it appear that the editorial is being disseminated by members of the Black Student Congress, each envelope containing the "MOJO" xerox copy of the newspaper can be marked with the return address "Black Student Congress, New York, N. Y.".

An examination of the August, 1968 xerox copy of the "MOJO" newspaper available in NY file 157-2043 (Bufile 157-8839) indicates that this is not a clear copy. Therefore, it is felt that the Bureau should either send the original copy of the newspaper back to New York for xeroxing purposes or the xeroxing of 125 copies be done at the Bureau.

The NYO will, of course, afford this operation the proper security measures.

Bureau authority is requested to place above counterintelligence measure into operation.

Enclosed issue of "MOJO," the newspaper of a black student group in New York City, contains an editorial critical of the Black Panther Party and its extremist methods. Since the Black Panther Party is currently attempting to recruit students, New York recommends this editorial be sent to other black student groups in New York to alert them to the true nature of the Black Panther Party. Since this mailing is anonymous, there is no possibility of embarrassment to the Bureau. Re Bureau letter, 11/25/68, requesting bi-monthly submission of counterintelligence suggestions regarding the BPP, and Chicago letter, 12/16/68, setting forth a counterintelligence suggestion regarding the BPP.

In accordance with Bureau instructions, no counterintelligence action has been taken in this matter.

The factional disputes within the BPP locally continue. Chicago LHM of 12/11/68 sets forth information reflecting that [redacted] of the Mau Maus, Chicago Negro youth gang, affiliated with the BPP, is in opposition to the current leadership of the BPP being provided by ROBERT BROWN, BOBBY LEE RUSH and FRED HAMPTON. Information has been developed that the latter three have used the local BPP headquarters for sex parties and have been challenged by [redacted] to act like revolutionists and not lovers. He is also reportedly writing a letter to National Headquarters of the BPP complaining about the present leadership and questioning its loyalty.

Chicago recommends that [redacted] be advised in an anonymous letter from a "disgusted Black Panther" of the many past organizational affiliations of BROWN and to a lesser degree of RUSH and HAMPTON. The writer would indicate an acquaintance of several years with BROWN and RUSH and would characterize them as opportunists and hustlers, out for their own personal gain, who go from one group to another with real allegiance only to themselves. It will also be alleged that BROWN and RUSH are sex perverts, the public knowledge of which could prove embarrassing to the image of the BPP. The letter would be handwritten, addressed to [redacted] and would be in street language, with appropriate use of obscenities.

As instructed, no action will be taken without prior Bureau approval.

NOTE:

In relet, Chicago advises that the BPP and the Mau Maus, Chicago Negro youth gang, under the [redacted] are having a falling out because of [redacted] opposition to current BPP leadership in the persons of Robert Brown, Bobby Lee Rush and Fred Hampton. [redacted] is disturbed over the fact that the three BPP leaders have been using BPP headquarters for sex parties. Chicago recommends that [redacted] be sent an anonymous letter signed by a "disgusted Black Panther" advising [redacted] of the fact that the three BPP leaders are opportunists who are using the BPP for their own personal gain. At the conclusion of the interview [redacted] in the presence of Negro trusties, was thanked for his cooperation. [redacted] is already under suspicion of the Black Panther Party.

2. The KATHLEEN CLEAVER cash withdrawal. An agent of this office, monitoring the CLEAVER account learned that KATHLEEN had withdrawn $33,000 in cash. This was subsequently disclosed in the press, backed up by a statement by the office of the U.S. Attorney verifying the accuracy of the account.

KATHLEEN, in a press conference on 12/23/68, claimed the story was an FBI plot to discredit her husband and the BPP.

Informants have stated this publicity has caused the BPP much difficulty in their continued fund-raising campaigns, as some people who formerly donated now were inclined to let ELDRIDGE CLEAVER defend himself, since he had so much money.

The San Francisco Office also participated in the idea of the State audit of student funds at San Francisco State College, which resulted in the disclosure that one check went to a Black Student Union (BSU) leader, who purchased a high powered rifle with it. This disclosure was widely noted in the press and the news media called on the BSU to explain their policy on money and guns. The next step by the San Francisco State College administration appears to be a curtailment of the right of the Student Council to disburse the student activity money estimated at $400,000 annually.

In view of these factors, it does not appear feasible at this time to set up the Afro Information Center.

With respect to the feasibility of establishing an Afro-American cultural-type bookstore under the control of Bureau informants, WFO is of the opinion that such an operation is not practical at this time for the following reasons:

1) WFO is not currently operating any source in the racial field who is professionally competent to run a business of this nature.

2) Any such bookstore would necessarily be in direct competition with the [redacted] Such competition would undoubtedly be looked upon unfavorably by the black extremist clique in the 14th Street area. Moreover, this would be the only logical area to run such a bookstore inasmuch as the area of 14th and U Streets is the center of extremist activity in Washington, D.C.

3) WFO has no source in the racial field who would be able to logically explain the source of the money necessary to open such a store, [redacted]

The attached LHM seems to indicate that the BPP in San Francisco is in a relatively quiet state at this time; informants have not been able to locate the classes of instruction or the men who formerly taught them. Speculation may indicate that the leaders are engaging in some underground type of work, such as crime, but no verification of this has yet come to light.

This material indicates that the BPP has had problems created for it by the revelation of the amount of money accumulated by ELDRIDGE CLEAVER in such a short time. Perhaps more than in any other field, the money question among the Negroes appears to be the most sensitive, and therefore the most exploitable of the counter-intelligence avenues.

BLACK PANTHER PARTY -
ELDRIDGE CLEAVER DEFENSE FUND

Eldridge Cleaver is the publicly named Minister of Information for the Black Panther Party (BPP).

A characterization of the BPP is attached.

The Oakland Police Department has advised that Cleaver's recent activities were as follows:

In April, 1968, while on parole from a California Prison for another crime, he participated in a shoot-out with the Oakland Police Department. After considerable court activity he was ordered returned to prison as a parole violator. He failed to appear on November 27, 1968 as ordered by the Parole Authority. He was due to appear in Alameda Superior Court on December 23, 1968 to answer the charges arising out of the April case; at that time he was free on $50,000 bail. He failed to appear. Judge Folger Emerson declared the bail forfeit. According to the San Francisco Chronicle of December 24, 1968, Mrs. Kathleen Cleaver, wife of Eldridge, gave a press conference, at which time she announced that the friends of Cleaver would go to the public to raise what she called "ransom" money for him. She also denied that she had

BLACK PANTHER PARTY, aka
Black Panther Party for
Self Defense

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by Bobby George Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton is presently serving a sentence of 2 to 15 years on a conviction of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement, "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman MAO Tse-tung of the People's Republic of China and feature MAO's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3106 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

Re Denver letter 12/13/68.

As was pointed out in referenced letter, the Denver Police Department raided the Black Panther Party (BPP) headquarters on 12/7/68 causing extensive damage and that a meeting was held under the sponsorship of the Colorado Council of Churches on 12/15/68 to discuss the overzealousness of the Police Department.

Before the above incident, [redacted] advised that the Five Points merchants had organized an association and sent a delegation to see the black militants and the militants were told that the merchants would not tolerate any more damage to property or any interference of any type in their businesses. It was made clear to the militants that either they would stop any such activities in the future or the merchants would take whatever measures were necessary to stop them, even to the point of organizing a merchants' police force paid for by the merchants to meet the militants with the force that might be necessary.

This source also advised that in an effort to counter some of the activities of the militants in the high schools and to make youth aware of the public responsibility in the community, they were going to contact the Public Relations Department of the Denver Police Department and attempt to set up some public work shops in Manual and East High Schools where Negro businessmen and the Small Business Administration could meet with students and make them aware of how small businesses aid a community and help build a better community.

It is suggested as a counterintelligence technique that the Bureau make up a leaflet showing the true revolutionary cause of the BPP as established by the BPP leaders in the Oakland and Berkeley areas. This leaflet could be distributed either anonymously by mail or through Denver integration liaison sources to the merchants in the Negro area. This could possibly offset any gains made by the BPP in their recent exchange with the Denver Police Department. This leaflet should point out the criminal records of the leaders and be worded to the effect that it would put fear in the minds of the Negro businessmen to do business with any BPP member.

The Denver Office is open to any further suggestions by the Bureau to further implement this technique.

COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
RACIAL INTELLIGENCE
(NATION OF ISLAM)

Although the Nation of Islam (NOI) does not presently advocate violence by its members, the group does preach hatred of the white race and racial separatism. The membership of the NOI is organized and poses a real racial threat. The NOI is responsible for the largest black nationalist newspaper, which has been used by other black extremists.

The NOI appears to be the personal fiefdom of Elijah Muhammad. When he dies a power struggle can be expected and the NOI could change direction. We should be prepared for this eventuality. We should plan how to change the philosophy of the NOI to one of strictly religious and self-improvement orientation, deleting the race hatred and separate nationhood aspects.

REC 49 100-114500-511

In this connection Chicago should consider what counterintelligence action might be needed now or at the time of Elijah Muhammad's death to bring about such a change in NOI philosophy. Important considerations should include the identity, strengths, and weaknesses, of any contenders for NOI leadership. What are the positions of our [redacted] informants in regard to leadership? How could potential leaders be turned or neutralized?

JAN 7 1969

The alternative to changing the philosophy of the NOI is the destruction of the organization. This might be accomplished through generating factionalism among the contenders for Elijah Muhammad's leadership or through legal action in probate court on his death. Chicago should consider the question of how to generate the factionalism necessary to destroy the NOI by splitting into several groups [redacted]

Legal action against the NOI on the death of its leader depends on the answers to several questions:

1. Does Elijah Muhammad have a will?
2. Is the NOI incorporated?
3. In whose name and where are NOI bank accounts?
4. In whose name are other NOI assets, such as mosque buildings, school buildings, the newspaper, Elijah Muhammad's homes, and NOI businesses?

Depending on the answers to these questions, probate law in Illinois, and whether Chicago might have a confidential source in probate administration, tying up the NOI in probate administration might be possible.

Chicago should examine the NOI from the above counterintelligence angle and advise the Bureau. Consider the possibility of drawing up specific counterintelligence recommendations, to be acted upon when necessary, with various contingencies covered.

SUBJECT: COUNTERINTELLIGENCE PROGRAM
BLACK NATIONALIST - HATE GROUPS
RACIAL INTELLIGENCE

Authority requested to conduct two counterintelligence actions aimed against the flagrantly extremist Black Panther Party (BPP) involving the mailing of two letters in the names of a fictitious and a deceased person.

Letter #1: This letter will be addressed [redacted] Los Angeles, California. The letter will bear the signature of a fictitious, Spanish-sounding name. The writer states that although he is not a member of the BPP, he is a Mexican who is trusted by BPP members. The writer advises that he has learned from BPP members that certain whites in the PFP who get in the way of the Panthers will be dealt with in a violent manner. The objective sought in this letter is to cause a breach between the PFP and the BPP. The former organization has been furnishing money and support to the latter.

Letter #2: A subscription request to the BPP newspaper will be submitted in the name of a deceased Negro formerly residing in Los Angeles. The letter will be addressed to the BPP in San Francisco, California, and will coincidentally contain an envelope purportedly used in soliciting donations for the defense of Huey P. Newton and Leroy Eldridge Cleaver, BPP officials. A dollar bill will be placed in the preprinted envelope for the Newton-Cleaver Defense Fund, making it appear the envelope was inadvertently sent to the BPP in San Francisco, rather than Los Angeles. The desired effect would be to give the BPP in San Francisco the impression that funds are being collected in Los Angeles for Newton but that the money is being pocketed by Los Angeles Panthers. Objective sought is to cause a breach between the BPP headquarters in Oakland, California, and the BPP chapter in Los Angeles.

RACIAL MATTERS - BLACK PANTHER PARTY

This is to recommend item about danger to this country of black extremists preaching violence and anarchy to the youth be furnished a cooperative news source on a confidential basis by the Crime Records Division.

Many individuals in this country have belittled the strength of black extremists. While the number of black extremists may not be large at this time, they can have an incalculable effect on this country by spreading a doctrine of revolution and anarchy primarily to audiences of youth.

Since the Fall of 1966, black extremist, Stokely Carmichael, has spoken to live audiences of well over 1/4 million people in the United States including appearances at over fifty college campuses advocating a black revolution of violence and guerrilla warfare. He has also made frequent appearances on television, held many press interviews and written a book, as well as numerous articles. In addition, during a five-month trip abroad in 1967, Carmichael gave many speeches before large audiences advocating unity of the blacks throughout the world by violent revolution.

Black extremist, Eldridge Cleaver, who is currently a fugitive from justice, has in the past year spoken to over 35,000 people primarily at college campuses. If anything, Cleaver has been more vitriolic than Carmichael.

Some individuals in this country have belittled the strength of black extremists. While the number of black extremists may be small at this time, they can have an incalculable effect on this country by spreading a doctrine of revolution and anarchy in speeches before audiences of college students and other young people.

Since the Fall of 1966, black extremist, Stokely Carmichael, has traveled extensively throughout the United States advocating a black revolution of violence and guerrilla warfare. He has spoken to live audiences of well over 1/4 million people. Carmichael was one of the principal speakers before 125,000 at the Spring Mobilization Committee to End the War in Vietnam held in New York City on April 15, 1967. The remainder of his talks were primarily at over fifty university and college campuses.

This is only part of the story as Carmichael has also made frequent appearances on television, held many press interviews and written a book, as well as numerous articles. His exposure to the public has been formidable. Nor has Carmichael restricted his speech making to the United States. In 1967 he took a five-month trip abroad including Cuba, North Vietnam, China and several countries in Africa and Europe making frequent speeches before large audiences where he advocated unity of the blacks throughout the world by violent revolution.

Another black extremist, Eldridge Cleaver, who is presently a fugitive from justice, during the past year has also been active in giving speeches to over 35,000 people. These were primarily college audiences. If anything, these speeches were more vitriolic than Carmichael's in advocating a black revolution through violence.

from "The Crisis," magazine of the National Association for the Advancement of Colored People. This article condemns black nationalist extremists and is one of the first such condemnations by a responsible civil rights organization. The article received some notice in the regular press when it was published.

The Bureau feels this article may be of use in contacting potential sources, to show how responsible Negroes reject violence in racial matters. The article may also be of counterintelligence use. For example, in cases where we might want to alert an individual or organization to the extremist nature of some black nationalist group, we might also want to use the editorial to justify opposing extremists.

Any suggestions for counterintelligence use of the enclosed article should be submitted to the Bureau for approval. The article may be used as necessary in contacts with racial sources or potential sources.

57

The deep [illegible] within the Negro community over [illegible] goals, gleefully fo[illegible]d distorted by insensitive and irresp[illegible]s media, is headed toward a major internal crisis requiring each of us to stand up and be counted. Differences among black folk in this country are not new, but a new ingredient has been added—the attempt by a small minority of black extremists to force compliance with its views and tactics. This nihilistic minority professes disdain for all "white" values while at the same time invoking and utilizing, as instruments of controversy, the worst practices of the most benighted stratum of white society, to wit, obscene name-calling, threats, intimidation, suppression of opposing views and violence.

The emergence of this swaggering band of black extremists demanding abandonment of democratic methods and goals and a reversal of the trend toward integration must be met head-on by the vast majority of Negroes who reject the minority's tactics and goals. To be sure, the new mood has been generated by white America's historic racism. In turn, the new black mood nurtures further white racism.

Campaigning in New York City last month, Senator Edmund S. Muskie, the Democratic nominee for Vice President, challenged responsible people of both races to speak up. "We must break through the terrible cycle of action and reaction, assault and counter-assault, hatred and response to hatred," he said.

"The only way to break this vicious cycle," Senator Muskie continued, "is for the moderates in both communities to cope with the merchants of hate and violence within their own ranks. To date, the moderates—both black and white—have been too silent."

On our part, as on the part of white folk, there is urgent need for strong and unequivocal re-affirmation of our commitment to the democratic processes as a means of attaining, here in our homeland, full, equal and unfettered rights for America's 22,000,000 black folk. This means a repudiation of the nihilism of the extremists who are shrilly and insistently espousing apartheid; racism, including anti-Semitism; intimidation and violence.

Most fatuous of the extremists' exhortations is the call for "black revolution"—the seizure of power by the Negro minority. Any revolution remotely possible in this country at this time would not be one that advances the position and cause of Negroes. Rather it would be a revolution of the Right suppressing not only the black community but also curtailing the basic liberties of the total society.

Repeated surveys and polls by reputable and impartial opinion testers show that this minority misrepresents the true views and aspirations of the majority of the nation's Negro population. A September, 1968, survey by the Columbia Broadcasting System found that the "great majority of Negroes still want integration and want to achieve equality through legal means. Only a very small minority of Negroes approve of violent tactics, nine out of ten in the survey expressing disapproval of violence to achieve equality."

Notwithstanding the evidence that the Negro masses remain committed to the program and tactics which have brought substantial gains in the struggle for equality, the voices within the Negro community which publicly express this majority view have been few and, often, lonely. Partly this has been because of a tendency on the part of the news media to by-pass spokesmen for the majority and to project the minority spokesmen as the authentic voices of the Negro community. There is the additional factor that responsible leaders who speak out against the extremists have been subjected to threats of violence. Moreover, Negro leaders have traditionally been reluctant to speak out publicly in opposition to other black spokesmen.

But the time has come for speaking out loud and clear lest the entire race be branded as hate-mongers, segregationists, advocates of violence, and worse. The silent majority must let its views be known not merely in polls but also in print, on the rostrum, and via radio and television. The time for silence or muted voices is past. The extremists must be answered promptly and forthrightly in the name of the majority. Their racism and anti-Semitism

expected [illegible] scorned. Their advocacy of Jim Crow [illegible] as retrogressive, [illegible] suicidal call for violence [illegible]

[illegible] challenge to the [illegible] [illegible] National Association for the Advancement of Colored People in 1[illegible] Lloyd Gaston expressed the hope "that the Conference will attain a [illegible] accord on any point affecting the vital subject. No part of it is too delicate for plain speech."

So it is today. Let there be "no uncertain sound" on the issue confronting us. To make the record clear, let us repeat again and again so that none need be unaware of the Truth: Black America rejects and condemns separation, racism, intimidation, suppression of free speech, and violence. Let it be known that the preachers of hate, the defeatists afraid to compete in the open market, the name callers who substitute epithets and slogans for reason, the agitators who summon Negro youth to death in futile shootouts with the police and the military--let it be known that these media-created "leaders" are not our spokesmen.

Dissent, protest and militancy, yes. Intimidation, disruption, suppression of free speech, extremism and violence, no!

The time to speak up in no uncertain terms, to rally the silent black majority to a constructive program of responsible militancy and resistance to extremism, is now. Tomorrow may be too late.

Re Albany letter to Bureau, 10/9/68; and Bureau airtel, dated 3/4/68.

The following information sets forth the summary of the Counterintelligence Program for the Albany Division as requested in re Bureau airtel:

1. Operations Under Consideration

The United Black Brothers of Syracuse has recently been established in Syracuse, N.Y., and investigation has been initiated to determine if the organization is a legitimate civil rights organization or a black nationalist organization. If investigation reveals the organization to be militant, the Albany Division is considering the possibility of sending anonymous memorandums regarding the militancy of the organization and its members to the landlord of their headquarters. It is expected that this may result in close scrutiny of the organization by the landlord and possibly their eviction.

A similar program is being considered for the Albany Chapter of the Black Panther Party. It is noted that the BPP originally obtained the residence at 20 North Lark Street as a headquarters but were ousted when the landlord was informed of their purpose for renting that residence, (the landlord was notified by the Albany Police Department). It is felt that when the BPP locates a head-

RAP TO YOUNG

SAN FRANCISCO -- Juanita Johnson, a black teacher, invited representatives of the Black Panther Party to speak to the students in her 5th grade class at John Swete Elementary School last week.

Panther members alternated handling the speaking engagement. They opened it by allowing the young students full participation. It was related to them who founded the Black Panther Party, when it was founded and why: Huey P. Newton and Bobby Seale, Founders. The rules of the party and the 10 Point Program were also discussed.

The students, who were all third-world, were full of questions but still knowledgeable about the Black Panther Party and its community functions. During a 5-minute "question and answer" session, students asked:

Student Question: What do you think of the politicians Wallace, Humphrey, and Nixon?

Panther Answer: If Brother Eldridge Cleaver, our Minister of Information, doesn't get in it doesn't make any difference which of those three candidates get in because they are all the same -- pigs who want oppression of all black people!

Student Question: Was the Black Panther Party founded with the same ideas that Frederick Douglas, Narriet Tubman, and Marcus Garvey had.

Panther Answer: Yes and no. Douglas, Tubman, Garvey, and Huey P. Newton all had the desire to be free. But the Panther Party was mainly founded to decrease and eventually end the police brutality in the black community.

Student Question: I saw a picture with a lady and her baby in it and the baby was carrying a gun. What was that for?

Panther Answer: The name of that picture is "Hope". The mother represents one generation of freedom fighters. When this generation has either died or is killed, then this mother's child and all the other represented in that child's generation will be educated politically and militarily to pick up the gun; freeing the oppressed people of the world.

Student Question: Do Panthers carry guns? Where do they get their guns from? Do Jr. Panthers learn to shoot guns, too?

Panther Answer: Wait. The gun is a tool. A gun has never killed anyone. It is the person behind the gun that does the killing. The gun is merely a political tool for defense and the liberation of the black people. We can never let the gun rule us. We must rule the gun.

No, Panthers do not carry their guns all the time and Jr. Panthers get the same training as every other Panther. We buy our guns.

Principal

asked: Do you believe what the news media has said pertaining to the Black Panther Party?

Panther Answer: No. The white racist press has distorted all factual news about the Panthers ever since the Panthers organized. They have attempted to present the public with the image of Panthers as a bunch of leather-wearing, gun carrying hoodlums that are out to kill all the pig force and white people within urban areas.

Question: Are Panthers proud of what they are doing.

Answer: Right On, Politically Black and Proud!

The Black Panther members received an enthusiastic response from the young black students. Representing the Black Panther Party were sisters Valerie Bowan and Eunice Wallace, along with Panther Brother George Black - all of the San Francisco Chapter.

Re Bureau airtel, 12/6/68.

The Buffalo Office has no available material along the lines requested in referenced airtel.

The Bureau may be interested in obtaining a copy of a film which was produced by the Los Angeles, California, Fire Department, a copy of which is now possessed by the Buffalo, New York, Fire Department as a training aid. This film was reviewed by the Buffalo Office in the latter part of December, 1968, and has been returned to the Buffalo Fire Department. This film, which runs for approximately 30 minutes, is a 16 mm. color film entitled "Firefighting During Riots." Accompanying it is a sound narration. It highlights the problems faced by the Los Angeles Fire Department during the riot which took place in the Watts area several years ago, which included attacks on the firemen traveling to and from fires, which fires were touched off during the riot, as well as sniping and other assaults on the firemen at the scene during these fires. Part of the film is devoted to the efforts of the Los Angeles Fire Department to cope with these problems.

It is suggested that such a film would be of value to the Bureau, not only for lecture purposes to Agents, but in police training classes. It is believed that the Bureau could obtain a copy of this film through the Los Angeles Office.

Attached are two copies of an article appearing in the "Oakland Post," "California's Largest Negro-Latin Newspaper," of 12/5/68. It represents a responsible position on the part of the Negro element in the San Francisco Bay area. Because it may not have come to the attention of many school administrators, it is recommended that copies of it be mailed to colleges and high schools in the San Francisco Bay area where there has been some activity on the part of black students seeking to gain power on the campus.

The article could be duplicated or reprints could be ordered. Mailing could be anonympus although it could be mailed by some organization such as the "Oakland Post" itself, the NAACP, or the Urban League.

Bureau authority is requested to mail.

EDITORIAL

The Negro's Options

The disorders that continue to plague San Francisco State College give this paper an opportunity to comment on the options that are available to the black students and their counterpart, the Negro man in the streets. Without attempting to make a judgment on whether or not to support any given militant disorder, it has become increasingly clear that the Negro masses are consistently taken advantage of by the treatment given to these disorders by the press and by the aggressiveness of black and white militants, as they pursue what they say are legitimate goals. What is or is not a legitimate goal, in the first instance, must be determined by each individual and one of the most deep-seated precepts of a democracy is that the acts of a party in exercising his rights must take into consideration at all times the acts and feelings of others.

There are approximately 17,000 students attending San Francisco State College. There are probably less than 250 of them who feel keenly about the announced goals of the strikers. There is without question a great mass of black people who do not see the establishment of a black culture department next week at San Francisco State as a goal sufficient to justify grinding the college to a halt. Hundreds of the black students and thousands of the whites who attend that college regard the continuing of their education and the laying of the foundation of their future as the paramount goals of their attendance at college. On this basis they would take a completely different tack in confronting the administration on matters concerning the school's curriculum.

ENCLOSURE

74

It is not inconsistent that a black student might decide that a black curriculum is not the all-important thing in his development. Many Negroes know that a diligent and concerned black student who wishes to get educated as to his cultural heritage and wants to explore the history of the black man's contribution to the world, may do so on his own time outside of school hours, or may, if he wishes, enroll in cultural and history classes on Negro history in any number of colleges and junior colleges that now are giving these courses. To get an excellent review of Negro history one needs only at this point to read a series of articles that are appearing in Life Magazine which, in detail, present to Life's millions of readers, among which may well be any Negro who chooses to buy the magazine, in-depth pictorial and editorial representation of the Negro in America.

Young black students all over are beginning to question the goals of militant black students on our campuses. In close confrontation with these militant leaders, black students conscientiously attempting to get at the bottom of the announced goals of the militants, are not satisfied with the answers to the questions that they receive from these, their contemporaries.

MAJORITY AFTER AN EDUCATION

The majority of the black students in universities and colleges are there to get an education, to lay a foundation for their careers, to meet and converse with other students and with faculty members who have the ability to articulate and pass on to them an informed point of view which may be of great value in the years ahead. Most of these positively oriented students understand that life is not a bed of roses and that there is a necessity at this point for changes to be made in the race relations of this country. In sober judgment, however, they realize that Rome was not built in a day and that only by the constant long-term battling with just and understandable demands will the ultimate triumph of total race equality be realized in this country. These students, exercising reasoned judgment, will, in the final analysis, be the ones who make the greatest contribution to the well-being of this country and to their race.

Many students not participating in the destructive rioting that plagues many school campuses disagree with the action of the militants but are tolerant in taking the position that 'to each his own.' They do not see the justification of their moving to stop the militant activity. The tragedy of this line of reasoning is that those leading the riots on the campus do not reciprocate in their judgment nor do they attempt to see that in their protest they conduct themselves in a way that will not steal valuable hours and teaching from those students who wish to attend classes and to pursue their education as is their right to do.

Because of this faulty judgment, there is sound justification for the use of all the force necessary to allow the campuses of this country to continue functioning so that those students who wish to attend their classes and receive their education may have the right to do so. The question of what is excessive force, whether the police over-react or not, what is justifiable student resistance, are all lost in the necessary immediacies and judgment of men charged with the responsibility of running the

universities, attempting to do what they see at any given time is necessary to do in order to keep the campuses in order.

ERRORS IN JUDGMENT

All men are subject to error in judgment, and young college militants are no exception. The more they push and the greater their demands, the greater their chance for error. As the pendulum of demand swings, it often moves too far to the left or right. In observing the athletes' demands at San Jose State college, one is forced to wonder at their soundness and judgment. Two weeks ago the football players decided not to play against the Sun Devils of Arizona. At the last minute they agreed to do so and suffered a defeat of over 50 points. Last week they refused to play against Brigham Young university in Utah and the white athletes, without their help, won the game while they sat in the stands and looked on. Now the confrontation has spread to the point where all black athletes may very well lose their grants and aid and leave San Jose State as a major college without Negro athletic participation.

Thousands of Negro athletes participate in athletic programs throughout the United States and hundreds of thousands of young high school students look to them as examples of the ultimate opportunity to participate in athletics on the college level and possibly later become professional athletes gaining fame and fortune, to say nothing of later entering the coaching professions. These young athletics must wonder what is the reasoning behind the activity of the athletes at San Jose State.

It is clear to this newspaper, as we reflect upon the total athletic picture, that the Negro athletes at San Jose need direction and guidance. They, like many persons, have misread history. They must understand that there is no free lunch. In order to be successful and to gain the support of men of good judgment, it is first necessary for their goals to be justified and their means of obtaining them understandable, practical and proper.

NOTE:

The editorial in the "Oakland Post," California's largest Negro newspaper, condemns extremist and militant Negro students who have disrupted the educational processes by their actions at San Francisco State College. It stresses the irresponsibility of denying an education to many Negro students by the few who demonstrate and puts the newspaper squarely behind college administrators who use all necessary force to stop disruptions to classes. Mailing this editorial anonymously to other college administrators would protect the Bureau's interest and might suggest to them there is support in the Negro community for standing firm against these agitators.

Re St. Louis let to Bureau, 9/6/68.

The following information is submitted regarding racial intelligence in this Division:

1) Operations Under Consideration.

The Black Liberators have recently been involved in two attacks against Black people. In December they kidnapped, robbed and brutally assaulted [redacted]
Three Black Liberators were subsequently arrested by SLPD in connection with this. On 1/4/69, the business firm of a Black capitalist, [redacted] was fire-bombed, in all probability by the Black Liberators.

St. Louis is presently considering the best way to exploit and publicize the above in a counter-intelligence activity.

There are no current operations being effected.

In November, 1968, 200 flyers were anonymously mailed to various Black leaders and organizations locally which praised Zulu 1200's and criticized the Black Liberators. Informants and sources subsequently advised that the flyers and the resulting publicity in the local newspapers were responsible for all but eliminating the previous good will that existed between the two groups. It also hurt white liberal support of the Black Liberators

Later in November a letter was sent t[redacted], purportedly from some SDS students at Washington University. It praised him and criticized [redacted] a [redacted] and [redacted] "right-hand man". The letter apparently had an adverse effect on the relations between SDS and the Black Liberators. It is also possible that the letter germinated a seed of distrust in the friendship of [redacted] an[redacted]

4) Developments of Counterintelligence Interest.

Since the date of referenced communication, the Zulu 1200's have become almost dormant; the Black Liberators are recruiting younger and younger members to bolster their sagging membership. Conversely, the Association of Black Collegians (ABC), flushed with its relative success during its December sit-in at Washington University, seems to be increasing both its influence and membership. However, this group seems to be legitimately interested in racial pride and community betterment, and not as concerned with adopting a "militant" posture.

ACTION, a local dissident groupof CORE, is apparently drawing a close to the Black Liberators. One of the Black Liberators' favorite meeting place is the residence of [redacted]

St. Louis is attempting to formulate a plan which would frustrate any strong degree of cooperation between ACTION and the Black Liberators.

Re Bureau letter, 1/6/69; Chicago letter, 12/16/68; and Chicago airtel and LHM, 1/7/69.

The first two of the above communications were captioned as above, the latter under the BPP caption.

In the Chicago letter of December 16, 1968, a suggestion was made that an anonymous mailing be sent JEFF FORT, leader of the Blackstone Rangers, advising of BPP efforts to discredit him, and in effect to "take over" the Rangers. As events have subsequently developed, as set forth in referenced Chicago airtel and LHM, the Rangers and the BPP have not only not been able to form any alliance, but enmity and distrust have arisen, to the point where each have been ordered to stay out of the others territory. The BPP has since decided to conduct no activity or attempt to do any recruiting in Ranger territory.

It appears therefore that the letter as originally intended at this point would serve no useful purpose. The end in view appears to have been very quickly arrived at, in great measure by virtue of the inherent inability of two such volatile and power conscious groups to derogate any of their status or assumed authority to the other.

From information recently received, it appears, however, that the BPP has not entirely abandoned all hope of utilizing the Rangers for their own purposes. Some feeling has been evident that FORT may not continue indefinitely in his position of leadership with the Rangers, most probably a reference to various criminal charges facing him. It is clear, however, that so long as he is in this position, any working arrangement between the two groups will be on Ranger terms.

Consequently, Chicago now recommends the following letter be sent FORT, handwritten, on plain paper:

"Brother Jeff:

"I've spent some time with some Panther friends on the west side lately and I know what's been going on. The brothers that run the Panthers blame you for blocking their thing and there's supposed to be a hit out for you. I'm not a Panther, or a Ranger, just black. From what I see these Panthers are out for themselves not black people. I think you ought to know what their up to, I know what I'd do if I was you. You might hear from me again."

"A black brother you don't know"

The above would be sent to FORT in care of the First Presbyterian Church, 6401 South Kimbark, the widely publicized headquarters of the Rangers.

It is believed the above may intensify the degree of animosity between the two groups and occasion FORT to take retaliatory action which could disrupt the BPP or lead to reprisals against its leadership.

Consideration has been given to a similar letter to the BPP, alleging a Ranger plot against the BPP leadership, however, it is not felt this would be productive, principally since the BPP at present is not believed as violence-prone as the Rangers, to whom violent type activity, shooting, and the like, are second nature. There is also the possibility that if a future contact between the two were to take place, and it became apparent that both had received such communications, then an outside interest would be somewhat obvious.

Chicago will take no action regarding the above, pending Bureau authorization.

NOTE:

Jeff Fort is the leader of the Blackstone Rangers, a black extremist organization. Chicago advises that so long as Fort continues as the leader of the Rangers, a working arrangement between the BPP and the Rangers may be effected on Ranger terms. Chicago has recommended the anonymous mailing of the following letter in anticipation that its receipt by Fort will intensify the degree of animosity existing between these two black extremist organizations:

"Brother Jeff:

"I've spent some time with some Panther friends on the west side lately and I know what's been going on. The brothers that run the Panthers blame you for blocking

Re Chicago airtel dated 12/24/68, and Bureau letter dated 1/6/69.

[redacted] was in contact with Agents of this Office who are familiar with certain aspects of the Nation of Islam (NOI).

The interview was cordial and [redacted] appeared to have an awareness of some of the economic aspects of the organization. He was most interested in NOI properties and businesses such as the Salaam Restaurant, Your Supermarket, etc. He was furnished public record material regarding ownership of various NOI business undertakings, incorporation data regarding Progressive Land Developers, Inc., and United Dynamics Corporation, etc. He appeared most interested in slanting his article towards possible exposure of NOI involvements in non-religious matters and the effect this might have on the Negro community and the NOI membership.

[redacted] questions were all answered, where possible, from public source material. It was suggested, and he concurred, that he recheck some of the older data in various county records to be certain the data has not changed.

[redacted] was advised the interest of the FBI in the NOI was not to be implied or inferred in any manner in any article he might write. [redacted] readily agreed to this and seemed totally aware of the necessity for this precaution.

[redacted] advised he had been doing some groundwork on the NOI but of late had been unable to obtain a response

This letter would be forwarded to the Atlanta Division for mailing from that locality as [redacted] is from Atlanta, Ga., and SNCC headquarters has traditionally been in the Atlanta area, all factors having a bearing on the possible creditability of the contents of above letter. Additionally, by mailing this letter from Atlanta, Ga., it tends to distract attention from any local persons as the possible preparers of the letter.

III. OBJECTIVE

The objective of the foregoing anonymous letter would be to discredit [redacted] by inferring he is a police informant; additionally, it would draw attention to his expensive travel to abroad and possible association with white female companions.

None of the data mentioned in letter will compromise any Jackson Division informants.

IV. RECOMMENDATION
